## INDIAN TERRITORY.

In this map of the Indian Territory that portion proposed to be opened to settlement under the pending bill as Oklahoma is represented in dark, while the area occupied and belonging to the Five Civilized Tribes, and with which the proposed legislation in no way interferes, is represented in light, and the boundary clearly defined. In the southwest corner of the Territory is shown the disputed territory of "Greer County." The bill in no way enters into the controversy concerning the ownership of this disputed tract.
