Cecil Horne Announces Resignation After 25 Years Of Service To Tech

After nearly 25 years of continuous service at Tech, Professor Cecil Horne has announced his resignation, which became effective December 31.

Coming to the college in the fall of 1926 as information and publicity director, Horne also taught classes in journalism, which was then under the English department.

He was appointed head of Tech's newly formed journalism department in 1936. He held this position until the fall of 1950, when he became professor of photography.

Horne was instrumental in the formation of Tech's press, and under his guidance it expanded into a well-equipped plant, large enough to handle most of the college's printing.

Horne completed his undergraduate work at Baylor university and attended Yale university for a year of additional study. He has retired to Arkansas where he has extensive property interests.

Directors Order Bids On Student Union Building

Texas Tech board of directors has ordered its building committee to complete plans and issue a request for bids on the new Student Union building.

Bids will be opened at the next meeting of the board on February 10. Architects have been told to alter the original plans to stay within the cost limitations on the building, which will be built at a cost of $500,000.

Directors had approved plans for the building in August, but had delayed any action because of the Korean War.

Board Member —

Tech and to help maintain the division's high enrollment. Most of the 5,000 brochures were sent to high school seniors who expressed an interest in Tech and engineering.

At an early summer meeting of the Foundation Board, the group branched off into another field which needs outside support—athletics. Board Member Obie Bristow of Big Spring was named chairman of an athletic committee which will aid the college in its athletic program, particularly football.

McLaughlin has also appointed other committees to keep the Foundation program rolling, including agriculture and public relations groups. Latest project of the Board is the publication of a 20-page booklet, "Your Share in the Future." The booklet, which carries illustrations of Tech and a statement of the Foundation's purposes, has been widely distributed throughout Texas by Board members and other friends of Tech.

In addition to McLaughlin, Bristow and Baugh, the complete Foundation Board of Directors includes Dr. Clifford B. Jones, Lubbock; Tech Ex O. B. Ratliff, Lubbock; Robert Bass, Kilgore; Sam Young, El Paso; Eddie Chiles, Midland; Raymond Buck, Fort Worth; Jack Frost, Dallas; Don Harrington, Amarillo; Ray Willoughby, San Angelo; J. E. Cunningham, Amarillo, and Spencer Wells, Lubbock.

Over 200 Tech Men Volunteer For Armed Forces

One hundred ninety-four Tech students volunteered for service in the Air Force, Navy and Marines during the two days following the Christmas vacation. This number represents 4.8 per cent of 4,007 men enrolled in Tech at the opening of the fall semester.

About 15 additional Tech men had previously joined the Air Force to bring the overall total to about 210. Other students are in the process of withdrawing from school and enlisting in the various services.

Seven of the men were members of the 1950 Red Raider football team. They were Jimmy Williams, James Clark, Pete Edwards, Rex Pinson, Sandy Welton, Buddy Barron and Eural Ramsey.

Barron and Williams were regulars on last season's Raider team and were expected to form the nucleus of Tech lines for two more years.

Welton had shown flashes of brilliance in several games this year and had been expected to solve Tech's fullback problems in years to come.

The total does not include students who have been inducted into the armed forces through the draft or the reserve.

Despite the war, registration figures in September, 1942, showed there were 1,637 men and only 1,213 women enrolled.

TEX TALKS

Published by Texas Tech Ex-Students Association

Lubbock, Texas January, 1951 Volume II, Number 1

Sammy Baugh Is New Tech Foundation Board Member

Sammy Baugh, college and professional football star and successful West Texas rancher, is the newest addition to the Texas Technological College Foundation Board of Directors, according to a recent announcement by Chairman C. T. McLaughlin.

The addition of Baugh to the membership of the Foundation Board brings to fourteen the number of outstanding Texans who are devoting their time and knowledge for the betterment of Tech.

The Tech Foundation, inactive since the completion of Jones Stadium in the fall of 1947, was revived early in 1950. It was originally established in 1939 as an agency to receive gifts to the college and to promote research and other college functions.

Since its rejuvenation in March, when C. T. McLaughlin, Snyder oil man and regular Tech Board member, was named chairman, prominent Texans from El Paso to Kilgore have become members of the Board of Directors.

The Foundation Board is an agency for accepting gifts for the college's development from friends of Tech. These gifts may be "earmarked" by the donors for such specific use as may be indicated by them.

They may be unrestricted gifts which leave the Board and the college a free hand to apportion these funds where legislative grants are insufficient or totally lacking. Such gifts are an extremely important part of the Foundation's program, inasmuch as their disposition is left in the hands of men constantly in touch with the needs of the college.

The Board members, men engaged in many fields of endeavor, act in an advisory capacity in pointing out shortcomings of industry and agriculture which the college can remedy. As a liaison between the public and the college, the board members are broadening the public relations program of the college and are making a distinct contribution to the welfare of the Southwest.

One of the first acts of the new Foundation was the publication of an illustrated brochure, "Careers in Engineering." This booklet was published to stimulate interest in the Division of Engineering at

OBIE BRISTOW

Morgan Resigns; No Coach Named

No successor to Dell Morgan, Tech's head football coach who has announced his resignation effective August 31 at the termination of his present contract, has been named as yet.

Dr. J. William Davis, chairman of the Tech athletic council, said that several candidates are being considered for the job, but that nothing definite can be reported at this time.

Coach Morgan's resignation came in the form of a letter to Gordon Thompson, manager of radio station KFYO in Lubbock. His letter was read over this station in the waning moments of the Tech-Hardin-Simmons football game.

Morgan first came to Tech in 1930 as assistant football coach. In 1934 he shifted to Auburn as line coach and in 1940 took over line duties at Rice. He returned to Tech in 1941 to become head coach and he has held that position since that time.

Since Morgan took over the duties of head football coach, the Red Raiders have won 55, lost 47 and tied three games, winning the Border title five times.

Morgan's best seasons were in '41 and '48. The team won nine and lost two, while the '48 Raiders won seven and lost only three.

To date, Morgan has not announced any definite plans for his future, except that he does plan to rest a while.

Bill Stalls, agriculture graduate of 1950, is working on his Masters degree in animal husbandry at Kansas State college, and is a student assistant there.

Thala Foster, 1950 Tech graduate, is teaching the second grade at Marfa, Texas.

Tech's first official Western day was October 18, 1940.

Tech 1950 Loyalty Fund HONOR ROLL

Results Show Gain For 1950 Loyalty Fund

Results of the 1950 Texas Tech Loyalty Fund campaign show that this year has been the Fund's most successful one since its inception in 1948.

A substantial gain over the 1949 Loyalty Fund is shown, with nearly twice as many former students contributing 60 per cent more than in 1949 and almost twice the amount given in 1948.

In 1949 1200 exes gave $10,173.75 to the Loyalty Fund, while in 1950 $16,013.57 was contributed to the Fund by 2332 ex-students.

For the first time, in 1950 the Loyalty Fund was able to pay all expenses of the Association, and in addition, made it possible to present the silver punch bowl to Tech on its Silver Anniversary.

The Executive Board of the Ex-Students' Association has expressed great satisfaction with the results, which they feel are a good indication that Tech's former students want to do their part in helping the Association assume its responsibilities and obligations to the college.

Since the Loyalty Fund was begun in 1948, each year has seen an increase of at least 50 per cent in both the number of former students participating and the amount contributed.

The maintenance of this steady increase is the most important single factor in the continued growth of the Ex-Students' Association. Another increase of 50 per cent or more in 1951 will boost the Association even nearer its rightful place in the organization of Texas Tech college.

Glenna Winston, former Tech cheer leader and La Ventana beauty, is teaching fourth grade in Meadow.

CLASS OF '49 LEADS

The class of '49 leads the 1950 Loyalty Fund Honor Roll with the largest number of contributors and the greatest amount contributed. The class of '50 is a close second, with the class of '32 maintaining its usually good record but falling beneath the superior numbers representing the two recent classes. The class of '32 has the highest gift average for 1950, with '28 and '35 close behind.

The average amount received from each former student was $6.87. Figures in the list below are based not on the number of separate gifts but by the number of former students represented.

Class	Number of Contributors	Amount Contributed	Average Gift
1926	3	$ 12.00	$ 4.00
1927	17	121.50	7.14
1928	21	268.50	12.79
1929	37	417.00	11.27
1930	37	425.00	11.49
1931	50	628.00	12.56
1932	62	1,084.50	17.49
1933	63	553.00	8.78
1934	72	718.00	9.97
1935	72	912.46	12.67
1936	81	552.00	6.81
1937	93	641.50	6.90
1938	88	502.50	5.71
1939	98	514.50	5.25
1940	99	641.00	6.47

1942	106	683.00	6.44
1943	93	507.50	5.46
1944	59	277.50	4.69
1945	37	345.00	9.32
1946	82	318.50	3.88
1947	149	667.00	4.48
1948	201	889.05	4.42
1949	301	1,671.65	5.57
1950	277	1,647.50	5.94
No class	4	35.00	8.75
Friends of Tech	5	115.41	23.08
Totals	2,332	$16,013.57	*$ 6.87

*Average amount per ex student.

GIFTS AVERAGE $8.33

The Texas Tech Loyalty Fund for 1950 received 1922 separate gifts totaling $16,013.57. The gifts actually represent 2332 former students since many checks were from couples or business partners.

The average gift to the fund during the year was $8.33. Below is an individual breakdown of the contributions received during 1950.

Exes	Gave	Amount
98	$ 1.00	$ 98.00
1	1.41	1.41
3	1.50	4.50
80	2.00	160.00
19	2.50	47.50
1	2.75	2.75
275	3.00	825.00
2	3.50	7.00
20	4.00	80.00
2	4.50	9.00
807	5.00	4,035.00
1	5.05	5.05
24	6.00	144.00
1	6.50	6.50
1	6.90	6.90
6	7.00	42.00
17	7.50	127.50
22	8.00	176.00
314	10.00	3,140.00
2	12.00	24.00
10	13.00	130.00
33	15.00	495.00
12	20.00	240.00
132	25.00	3.300.00
1	27.80	27.80
4	28.00	112.00
1	28.33	28.33
1	45.00	45.00
12	50.00	600.00
5	55.55	277.75
1	55.58	55.58
1	60.00	60.00
12	100.00	1,200.00
1	500.00	500.00
1922	$16,013.57	$ 8.33*

Honor Roll

The 1950 Texas Tech Loyalty Fund Honor Roll is listed below. Contributors are grouped according to their class years.

Husbands and wives are listed as Mr. and Mrs. except where separate checks were received from each. Class years of the wives are in parentheses.

The Ex-Students' Association assumes all responsibility for any mistakes made in the following list.

Class of 1926
Mrs. F. G. Collier
Mr. H. Moon
Mrs. N. B. McCullough

Class of 1927
Mr. & Mrs. Claude S. Denham
Mr. Pope Gibner
Mr. & Mrs. R. T. Groves
Mrs. W. L. Harris
Dr. E. L. Hunt
Miss Kathleen Ingram
Mr. Rex Keys
Mr. & Mrs. J. P. Kilgore (38)
Mr. & Mrs. Robert O. Martin
Miss Annie Wood Saner
Mr. & Mrs. C. W. Ratliff (29)
Mr. & Mrs. W. D. Watkins (30)
Mrs. George H. Wesendonk
Mr. E. W. Camp, Jr., M. D.

Class of 1928
Mr. & Mrs. Hurley Carpenter (36)
Mr. S. T. Cummings
Mrs. G. P. Cunningham
Mrs. Claire T. Doak
Mr. Houston B. Eggen
Mr. & Mrs. Tom T. Graham (29)
Mr. G. B. Hallmark
Mr. Marlin R. Hayhurst
Mr. Paul C. McWilliams
Mr. W. W. Nicklaus
Mr. & Mrs. T. A. Rogers
Mr. & Mrs. O. M. Stewart
Mr. & Mrs. C. W. Tatum
Mr. & Mrs. C. A. Tubbs (29)
Mrs. R. S. Underwood

Class of 1929
Mr. P. C. Callaway
Mr. Jim Cloud
Mrs. P. E. Collette
Mrs. W. B. Cox
Miss Mamie Crump

Journalism Prof Kept Busy With Housework, Column

The name Mrs. Louise C. Allen is not only familiar to students in the journalism department at Tech, but also to readers of farm journals all over the state.

Mrs. Allen, who majored in English at SMU, found ample time to study journalism and start writing while working with the Tech publicity department.

Holding the title of South Plains correspondent for the Progressive Farmer and writing a syndicated column of her own, Mrs. Allen still has time to keep house and serve as assistant professor of journalism.

Sudan To Sorghum

It all started in 1945, when the state prohibited a married woman from teaching in the same school with her husband. Mrs. Allen decided to start free lancing in her spare time and the idea soon developed into a paying proposition. Using agricultural subjects, she soon learned that feature writing was nothing more than good reporting.

"Most of the men I talked to in those days would look at me with a helpless expression, then settle down and patiently explain their subject to me," she said. By taking good notes, listening carefully and then following through with necessary questions, Mrs. Allen would leave an interview ready to write on sweet sudan or a specially improved sorghum.

"You don't have to be an expert in the field to write an intelligent article. I learned as I went along," she explained.

Worked Sundays

The idea for a syndicated woman's column came out of the May 1947 Writer's Digest. After having thoroughly digested all the information she could find on the subject, Mrs. Allen proceeded to write such a column herself. The 300 word column now appears in six country newspapers. "My Sunday afternoons are spent working on this feature," she said, "but my husband is so understanding. He learned a long time ago that I had to be busy in order to be happy."

Mrs. Allen's biggest accomplishment, to date, is having two articles published in Country Gentleman, a national farm magazine. When she started free lancing, she intended to do it only as long as she was not teaching, but found she couldn't give it up after returning to her job.

"My favorite course," Mrs. Allen added, "is magazine article writing. In this course I can have all the fun without doing all the work."

Rushing, McElroy Attend Alumni Council Meeting

W. B. "Dub" Rushing, president of the Ex-Students' Association, and D. M. McElroy, executive secretary, attended the District IV Conference of the American Alumni Council held at Rice Institute, Houston, January 18 through January 20.

Some 45 delegates representing the alumni and alumnae of colleges and universities from three southwestern states, Arkansas, Louisiana and Texas, were present for the meeting.

Among the principal speakers were Dr. W. V. Houston, president of Rice Institute; Dr. C. Clement French, dean of Texas A & M college, and T. Hawley Tapping, alumni secretary of the University of Michigan and national president of the American Alumni Council. Another national director of the Council, E. E. McQuillen, Texas A&M director for funds, was also on the program. Dick Hervey, executive secretary of the Texas A&M Ex-Students' Association, was chairman.

Brownfield Student Given Scholarship

Victor R. Herring, Brownfield, has received the Ex-Students' Association scholarship for 1950-51.

The senior agriculture major was awarded the $200 scholarship in the agriculture division for work done last year. Herring had better than a "B" average for the past academic year.

In addition to the scholastic requirements, the winner's father or mother must have been a resident student at Tech. Herring is the son of former student Beulah Arnald Herring, who attended summer school at Tech from 1926 to 1936.

HERE'S WHERE YOUR MONEY GOES

Ex-Students Association 1950 Financial Statement

In line with the Ex-Students Association's policy of informing its former students about operations of the Association, the following summary of current expenditures is presented:

Expenses for 1950	
Salaries	$ 6280.00
Texas Techsan	3099.65
Tex Talks	1107.10
Postage & Office Supplies	469.26
Texas Tech Loyalty Fund Expense	1422.82
Communications	65.96
Mailing List Maintenance	357.68
Travel & Personal Expense	816.55
Miscellaneous Expense	475.25
Homecoming Expense	890.72
Silver Punch Bowl*	766.28
Student Union Fund	105.00
Business Administration Reading Room	222.23
Total Expenses	$16,078.50

*Cups to be paid for in 1951.

CONTRIBUTIONS TO 1950 LOYALTY FUND, $16,013.57

Expenses for 1950 exceeded the Loyalty Fund income again this year. If this Association is to move forward and begin its program of aid to the college, the Loyalty Fund MUST do more that just hold its own. How much the ex-students of Tech can do for the college is up to YOU.

Survey To Improve Campus Social Life

In an effort to improve the social and recreational program at Tech, a survey is being made to determine what changes are necessary in the program.

Questionnaires have been distributed to all single students. Information on the questionnaires will be compiled into a report and made available to any group on the campus.

In this inventory students are asked to give their dating problems, to offer any criticism of college activities as they are at present, give suggestions for improvements and activities they would like to see developed.

By using the tabulated information obtained from the inventory, Rec hall programs, Artist course programs, departmental club affairs, eventually the Student Union building planning and other campus-sponsored activities can be planned to fit the student's interests.

Tech Boasts 36 Foreign Students

Presence of 36 foreign students on Tech's campus this semester attest to the fact that the term, World Brotherhood, is a meaningful one here.

Coming to Tech from 23 foreign countries, these students soon earn the name of "naturalized Techsans" for their enthusiasm for Tech and the American way of doing things.

One newly-arrived student, Peter van Duist of Holland, has praised the friendliness he has found in America. He was especially impressed with the "howdy" custom here at Tech—the way students say "hi" when they meet on the campus. According to Peter, students usually do not speak when they meet on the campuses of his country.

Tech's first displaced person, Leo Paabus of Tartu, Estonia, entered Tech for the first time this spring. His study here is being made possible by Tech's Student Religious council, who will pay for his schooling and upkeep for a year.

Leo, who worked in a dairy under the Nazis, fled when the Russians overwhelmed his country. He has previously studied at the University of Bonn, Germany.

Tech's foreign students come from the following countries: Mexico, Canal Zone, Brazil, Africa, Honduras (Central America), Philippines, India, Iran, Hawaii, Holland, Burma, Panama, China, Peru, Switzerland, Bavaria, Westgermany, Estonia, Columbia, Lebanon, Germany, Puerto Rico and Greece.

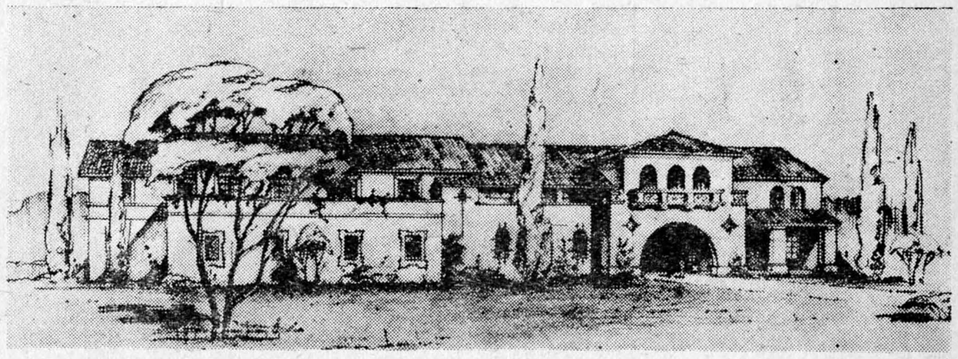
TEX TALKS

Published by Texas Tech Ex-Students Association

Lubbock, Texas April, 1951 Volume II, Number II



FIRST PHASE—Revised plans for the Student Union building are approved and will be executed pending removal of the Rec hall. Shown above is the architect's sketch of the first phase of the building project.

Governor Appoints Board Members

New members of Tech's Board of Directors have been appointed by Governor Allen Shivers.

They are George Benson, president of Lubbock's Citizen's National Bank, and Tom F. Abbott, jr., Fort Worth stockman and automobile dealer. Charles C. Thompson, chairman of the Board, was retained in his present capacity.

Benson, a Lubbock citizen for 40 years, has been president of the Citizens National bank for three years. He is also co-owner of the V-8 ranch southeast of Lubbock, one of the showplaces of the Lubbock area.

Abbott is a rancher and president of the Frontier Pontiac company. His son, Tom Abbott III, is a former student of Tech now serving in the air corps.

Thompson has served on the board one term and was named chairman soon after his appointment. He is a prominent rancher, banker and attorney of Colorado City.

Contract Let On Union Building; Ex-Students To Donate $25,000

Texas Tech is going to have its long-awaited Student Union building—that fact was assured when, in answer to an appeal from the Board of Directors, the Ex-Students Association agreed to raise $25,000 toward the cost of the building.

The decision to accept the raising of this money as the Association project for 1951 was made jointly by the Association Board of Directors and Loyalty Fund Trustees. Eighteen of the 19 members of these two groups were polled before a definite answer was given.

In announcing this decision, D. M. McElroy, executive secretary of the Association, said that no separate solicitation for Student Union funds would be made among the ex-students, but that this money would be taken in through the Loyalty Fund. Those who have already contributed to the 1951 Loyalty Fund will not be asked for additional funds, he said. However, any ex-student may give additional money for the Student Union fund.

With the assumption of the duty of raising such a sum of money, the Ex-Students Association will

See CONTRACT Page 2

Following a recent dance of the College Club, the Student Union building fund is $100 richer.

The club was able to make this donation to the building fund by cutting decoration costs for their dance to a minimum.

Pictures of the Student Union building and a large photographic mural of the campus were featured in the decorations.

Weaver Assumes Coaching Duty

DeWitt Thompson Weaver, 38-year old associate coach at Tulsa University, has taken over duties as Tech's new head coach and athletic director.

Weaver's appointment as successor to Dell Morgan came as a complete surprise and ended two months of coach hunting which had spread to most of the colleges and universities in the nation.

The new head mentor played every minute of every game while attending Florida Military Institute, then went to Tennessee where he played freshman ball in 1933. He was a varsity guard for the next three years and captained the Vols in 1936. That year he made the All-Southeastern conference team

The next year he remained as freshman coach at Tennessee, moving to Centre College as line mentor in 1938. In 1941 he refused a job at Tenessee to go into the Navy where he served as Lt. Cmdr., in charge of a troop ship.

After his discharge in 1945, Weaver became line coach at Mississippi State where he stayed until moving to Tulsa in 1948.

Tech's fifth coach in 25 years, Weaver is reported to have accepted a five-year contract at a salary of $10 to $12 thousand per year.

In an interview with Associated Press soon after his appointment, Weaver said, "I look forward to my new association as a challenge. We can win with the right **help from the people."**

"Certainly if they want hard work they'll get that, and I believe that the results will be shown by winning games. It looks like it is up to me, and I like to win."

Weaver has named five assistants to his coaching staff, and he has announced that Polk Robison, basketball coach and chief scout, will be retained in his current position.

Jack Mitchell, former backfield coach at Tulsa University, has been named offensive backfield coach. A native of Kansas, Mitchell was an all-state football player for two years. He was also an outstanding basketball, track and tennis man.

He played freshman football at the University of Texas, but the war interrupted his football career there. After his release from the Army, he entered the University of Oklahoma where grid honors were heaped upon him.

In 1947 he was named Oklahoma "Player of the Year." He was named most valuable player in the Big Seven in 1948 and made the All-Big Seven team in 1947 and 1948. For his sensational play in the 1949 Sugar Bowl game, Mitchell was named outstanding player.

Bobby Goad, new end coach, was an outstanding end for the Oklahoma Sooners for four seasons, 1946-1949. In 1947 he was named All Big Seven end, and made the second team in 1948 and 1949.

He received his B.S. and Master of Education degrees from O.U. and maintained a 2.6 scholastic average throughout his college career.

Defensive backfield coach is 37-year old W. A. Woods who has been serving as backfield coach at Wake Forrest. He played college football at Oklahoma in 1934 and at Tennessee 1936-39. He was selected All-Southern conference back in 1938.

He has held coaching jobs at North Carolina State, Maryland, Pensacola Naval base, and he coached the famed Hawaii Clippers during the war.

Rounding out the staff are Wade Walker and J. W. Posey, line coaches. Posey will handle the defensive line, while Walker will be in charge of the offensive forward wall.

Walker is a former All-American tackle from Oklahoma. He was freshman line coach at North Carolina State last spring. Walker, along with Goad and Mitchell, was a member of the undefeated 1949 Sooner team.

A former star tackle at the University of Georgia, Posey comes to Tech from Yale, where he served as line coach for Herman Hickman, famous Bulldog head coach. He was head coach at South Georgia college for three years, his team losing only three games during that time and winning three straight conference championships.

Raider Basketball Squad Ties For Second Place In Border Conference

This year's Border conference basketball race ended with Tech's cagers in a tie with New Mexico A&M for the second place slot. Arizona came out on top again to win its sixth consecutive Border conference championship.

Over the 28 game route, the Raiders scored a total of 1,723 points to their opponents' 1,638. They won 14 and lost 14 for a .500 average. Points per game average showed the Raiders with 61.5 to their opponents' 58.5.

Big Paul Nolen, 6-10 Raider center, was high scorer in the conference. He totaled 538 points in the 28 games for an average of 19.2. Nolen hit .448 per cent of his field goal tries and .583 of his free throw attempts. The towering sophomore hit his peak in the last Arizona State of Tempe game when he scored 38 points.

Nolen received honorable mention on three All-American teams. He was named by the Sporting News, United Press and Collier's magazine.

Also mentioned in Collier's was Jack Alderson, 6-2 Raider forward who scored 368 points during the season for a 13.1 game average.

Other high scorers ranked in order through the first five include Virgil Johnson in third place with 255 points for an average of 9.4; Verdell Turner, 216 points for a 7.7 average, and Jim Eddins averaged 4.3 on 120 points.

Veterans who claimed they couldn't pay the rent in a Danburg housing project, were found with television sets in their houses.

Contract —

for the first time embark on a definite program of aid to the college. The occasion is a fortunate one in that it furnishes an important role for the Association to play, and at the same time, a real need of the school will be fulfilled.

Prior to the decision to raise $25,000 by the Ex-Students Association, the fate of the Union building had hung in the balance while school officials attempted to cut construction costs without substantially reducing facilities to students.

The $515,281 contract was awarded to W. G. McMillan of Lubbock. Construction plans are still indefinite pending disposition of the Recreation Hall which now stands on the future Student Union site.

Consisting of a part basement and two floors, the Spanish type structure will be approximately 60 by 200 feet in dimensions. Excepting the elimination of a portion of the west wing and several interior features, the building corresponds to the original plan of the architects, Atchison and Atkinson of Lubbock.

Provisions will be made during construction for the later addition of the omitted features, but the present building will fill every student's needs, according to college officials.

The main floor will contain an information and concession booth, office for the director, assistant director and receptionist, telephone booths and a check room, a kitchen and snack bar, rooms for billiards and table tennis, a small meeting room and the large lobby and lounge.

A cove lighting system is to be installed throughout the building with a curved stairway leading to the second floor which will feature the Anniversary room. The Silver Anniversary punch bowl and cups given by ex-students will be displayed in this room.

Several meeting rooms, students organization offices, women's and men's lounges, a stage and dressing rooms, and the main ballroom will also be on this floor. An open terrace will lead off the ballroom which will have maple flooring.

Interior planting boxes and acoustically treated ceilings are other features planned for the building.

Dr. C. C. Rister Named Tech's First Distinguished Professor

Dr. Carl Coke Rister, nationally-known scholar and author, has been appointed to the first distinguished professorship at Tech.

The fifty-first Texas legislature authorized Tech to appoint distinguished professorships in 1949. Previously, such authorization had been given only to Texas A&M and the University of Texas.

This position combines an emphasis upon both research and teaching by an authority who has merited national recognition. Rister has specialized in Southwest history, and within that area has given special emphasis to the development of the petroleum industry.

Rister's duties at Tech will include teaching two courses designed for advanced and graduate students in the history department each semester and one summer term, and he will carry on research in the field of Southwestern history.

He will also devote part of his time and energy to increasing the Southwest collection in the Library.

Rister has written 11 books, is listed in Who's Who in America, Who Knows What and Dictionary of American Scholars. He received his B.A. in history from Hardin-Simmons university in 1915, M.A. and Ph.D. from George Washington university in 1919 and 1925, respectively.

Raiders Lose In NAIB Playoff

Tech's Red Raider basketball squad ended the 1950-51 season March 9 with a heartbreaking loss to Southwest Texas of San Marcos.

In a playoff game for an NAIB Kansas City tournament berth, the speedy and deadly accurate boys from Southwest Texas bested the Raiders by a 54-53 score in a game that was nip and tuck all the way.

Southwest Texas, champs of the Lone Star conference, beat North Texas State, Gulf Coast league champs, to reach the playoffs with Tech.

Annual Engineering Show To Be Held April 20-21

Theme of the nineteenth annual engineering show, to be held April 20-21, will be a comparison of engineering principles today with those of 25 years ago.

Highlighting the show will be an elaborate electrical display, provided materials can be obtained. The show is expected to attract 12,000 to 15,000 visitors.

This year a plaque, donated by the Ex-Students' Association, will be presented to the best display. Tech Ex Chick McElya '34, consulting engineer of Dallas, will award the plaque.

When Dr. L. M. Chokla, Southern Methodist's only professor of Russian, became ill, his students immediately set up a messenger service so they could continue their studies.

Chapter Chatter

Officers of the Midland chapter for 1951 were installed at a dinner held in the Ranchland Hill Country Club.

They are Bill Lyle '40, president; Jimmie Velvin, vice president; Mrs. K. E. McFarland '43, secretary-treasurer, and Jack Blake '49, reporter.

Activities for the new year were discussed with emphasis on more social activities and a larger membership.

* * *

The newly-organized chapter of '49-'50 exes living in Lubbock will have a barbecue for eligible members April 5 at Mackenzie Park.

Permanent officers will be elected and a constitution will be adopted at the meeting. Temporary officers of the chapter are Alice Hix Parsley '50, president; Dan Pursel '50, vice president; Jackie Mueller '50, secretary; Amos Howard, Jr., treasurer and Franklin Grant '49, reporter.

Exes who graduated or planned to graduate in '49 or '50 and their families are being invited to attend.

* * *

An organizational meeting to establish a Terry-Yoakum county chapter was held March 27 at the Brownfield Country club.

Dewitt Weaver, new head coach, was the principal speaker. President Wiggins and other members of the coaching staff were expected to attend.

W. T. (Bill) McKinney '32 has been named temporary chairman. The following committee chairmen, who will name their own committemen, have been appointed: R. J. Clements '37, personal contacts and constitution and by-laws; George O'Neal '38, Sam Teague '37 and Jim Murdough, barbecue; Oscar Allen '49 and Curtis Sterling '50, letters; Teague and Kenneth Purtell '41, nominations; Purtell, activities, and Jerry Stoltz '48, publicity.

Around the Campus

Tech's 1951 Varsity Show will be presented April 2, 3 and 4. Titled "Rec Hall Echoes," the script for this year's show was written by sophomore student Harry Parker of Tulia.

John McAleer, junior journalism major from Lubbock, is director of the show.

Often the test of courage is not to die but to live.—Alfieri.

Officers, Directors For Red Raider Clubs, Inc. Named At Recent Meeting

Alvin R. Allison, Levelland attorney, was elected president of the Red Raider Clubs, Inc., at a meeting held in the athletic offices of Jones Stadium on the campus recently.

Allison, who helped set up the idea of the Red Raiders clubs at an organizational meeting of Hockley-Cochran county exes and boosters a week earlier, is one of eight charter member-directors of the club.

Elected as vice president was Walter "Bull" Rankin, former Texas Tech and Chicago Cardinal football star, now a resident of Midland. First vice president will be Tom Abraham of Canadian, second vice president will be Trent Campbell of San Antonio and third vice president, Lallah Wright of Fort Worth. All were elected by the charter members.

Jimmie Wilson, business manager of athletics at Tech, was elected permanent treasurer and assistant secretary, and Bill Holmes, Tech sports publicity director, was elected permanent secretary and assistant treasurer.

Ten persons, chosen at large throughout the state and New Mexico, were elected by the charter members to serve on the board of directors. They are Abraham, Miss Wright, Campbell, Jack Maddox of Hobbs, New Mexico, John Priddy of Odessa, Floyd Woolridge of Houston, T. W. Nicklaus of Amarillo, Guy Carter of Dallas and Bill McMurry of Kermit.

The original eight charter members are Allison, Holmes, Rankin, Wilson, George O'Neal and Burton Hackney of Brownfield and Ed and Hugh McCullough of Midland.

In the drawing for terms of office, the following were chosen for one year terms as directors: Rankin, Wilson, Holmes, Hackney, Williams and Nicklaus; two-year terms, Ed McCullough, Abraham, Maddox, Woolridge, Priddy and Miss Wright; three-year terms, O'Neal, Hugh McCullough, Allison, Campbell, Carter and McMurry.

The Red Raider Clubs, Inc., is an organization designed to further athletic aims of Texas Tech. Gradually, it is the intent of the organization to spread throughout the state, with Red Raider clubs in all cities and towns of importance, or where a group of interested Texas Tech exes and boosters desire to incorporate.

Also attending the meeting were DeWitt Weaver, Coaches Polk Robison, Jack Mitchell, Wyatt Posey and George Scott, Jerry Stoltz of Brownfield, Hackney, Allison, Wilson, Holmes, and Hugh and Ed McCullough.

SECOND LT. RICHARD A. PETERSON has been assigned to the 3500th Pilot Training Wing at Reese Air Force base, Lubbock. He is a graduate of Tech and was district representative for General Motors Acceptance corporation in Lubbock before his recall to active duty.

JIM JOE RIEGER, '50 education graduate, has been named Athletic Director and Assistant Superintendent of the City Recreation department of Lubbock. He has been band director at Slaton the past year.

Textile Department Featured In July Trade Publication

The rapid growth of the Textile Engineering department at Tech has been depicted both in pictures and print in the July issue of the magazine, "Textile Age."

The article is one of a series being run by the publication on textile engineering schools of the nation. Information for the story was provided by L. E. Parsons, head of the Textile Engineering department. Rick Jay, public information director, rounded the material into shape.

About the textile department, the trade magazine had this to say: "Texas Technological college has provided an education miracle in the relatively short twenty-five years of its existence . . . Throughout its development, the textile engineering department has played a major role."

Tech's favorable location for textile engineering, and the future of Texas in the field is summed up by the magazine in the following manner:

"The textile school at Texas Tech has a world wide mission. Other schools have adequate machinery, instructors, and curricula for training students for the industry, but here at Tech is found the ideal year-round climate, in the center of the cotton growing area, where textiles and the new generation meet and clasp hands.

"Expert textile men now consider Texas as the most fertile field for expansion of the industry."

Tech graduates teaching in the Tulsa, Oklahoma, public schools are SUE M. JOHNSON B.S. '35 and M.S. '37; JOAN TOMLINSON, B.A. '46, and LANELLE WEBBER, B.S. 1948.

TEX TALKS

Published by Texas Tech Ex-Students Association

LUBBOCK, TEXAS AUGUST, 1951 VOLUME II, NUMBER III

Exes Chosen As Representatives

On page 2 is a ballot listing exes who have been nominated as representatives to the Association Council from each of the thirty-six association districts in Texas and the United States.

These exes were appointed by a nominating committee made up of Curtis Sterling, Brownfield, chairman; Cary Lodal, Crosbyton; Wilmot Eaton, Plainview; Hurley Carpenter, Lubbock, and Bill Lyle, Midland.

Three exes in each district were written by the committee and were asked to submit the name of another ex within that particular district for nomination. From the three names submitted the committee made its nominations.

You are asked to vote for your district representative. If you do not choose to vote for the ex listed you are free to write in the name of another ex provided he or she lives within that district.

Please be certain to sign your ballot or your vote will be void. All ballots must be in the Ex-Students office on the campus by August 27.

District representatives, along with representatives of each local chapter, members of the Association executive board, immediate past president of the Association, officers of Tech's senior class and the president of the junior class serve as members of the Council, which is the governing body of the Association and meets Homecoming to elect officers for the Association and transact other business for the organization.

Freedom of the press is the staff of life for any vital democracy.—Wendel L. Wilkie.

Olaf Lodal Nominated To Association Presidency

Olaf Lodal '32, San Antonio, has been nominated for president of the Ex-Students Association for the 1952 term. Lodal and the four other Association officers were nominated by a committee composed of Curtis Sterling, Brownfield, chairman; Cary Lodal, Crosbyton; Wilmot Eaton, Plainview; Hurley Carpenter, Lubbock, and Bill Lyle, Midland.

John Hiner Wilson, '38, Lubbock, was nominated for the vice-president position, while Lallah Wright '33, Fort Worth, was nominated for second vice-president. Other nominations were Ralph Blodgett '41, director, and George Langford '32, representative to the Athletic Council.

Lodal, owner of the engineering firm Lodal & Associates in San Antonio, has been an Association officer for the past two years. He was a director for 1950 and for 1951 he served as vice-president.

Wilson, a salesman for the Star Engraving company in Lubbock, has been active in Association work since its revival following the war.

Lallah Wright, who is secretary-treasurer for the National Farm Life Insurance company of Fort Worth, is secretary for the Fort Worth Ex-Students chapter.

Blodgett is a farmer in Spearman. Langford, Lubbock farmer and partner in a farm equipment store, has been representative to the Athletic Council for the past three years.

Officers will be elected when the Association council holds its regular meeting during Homecoming. At that time nominations for officers may also be made from the floor.

Connecticut Group Pays Visit To Tech

Conservation-conscious University of Connecticut students, 32 in number, paid a visit to Tech recently, Neil C. Fine, associate professor of animal husbandry, reports.

The students, under the supervision of Raymond Kienholz, professor of forestry at the University of Connecticut, are making a nationwide trip by bus to study at first hand the natural resources of the United States. While in New Mexico, where the group planned to visit after leaving Tech, the college unit will visit the Lincoln National Forest.

The students and Kienholz left Connecticut university on June 27, approximately two weeks before their stop at Tech. The schedule for the remainder of the trip includes the West coast, and a return journey through the Northern states.

A traveling kitchen, sleeping bags, rubber mattresses, and tents are some of the camping conveniences of the conservation researchers.

OFFICIAL BALLOT

ELECTION OF EX-STUDENTS ASSOCIATION COUNCIL REPRESENTATIVES

Note: One representative from each of the association districts shall be elected from the ballot below. Vote only for the representative in your association district. Only one person has been nominated by the nomination committee in each district, but a write-in ballot is provided at the bottom of the page so that you may vote otherwise if you wish. State clearly your name, address and year of graduation, or year you were scheduled to graduate, if you did not do so. If you use the write-in ballot, place no other mark by his or her name. The name of the candidate appears beside the number of his district.

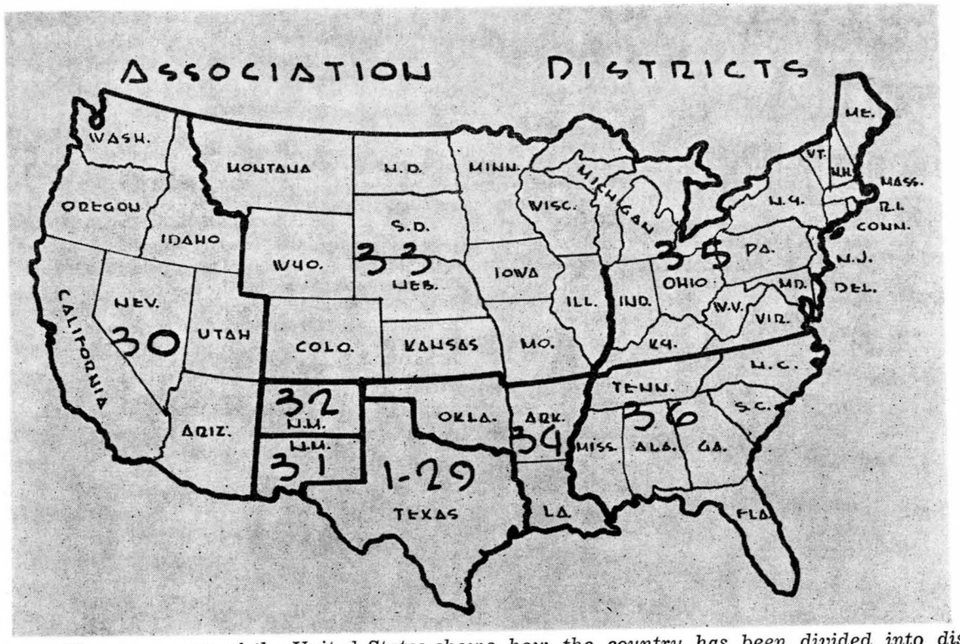
RETURN BALLOT TO BOX 96, TECH STATION, LUBBOCK, TEXAS BY AUGUST 27, 1951



The above map of the United States shows how the country has been divided into districts for use by the Ex-Students Association. Districts 1-29 are in Texas, and districts 30-36 are made up of various states in the Union. Districts 31 and 32, both in New Mexico, are divided at the 34th parallel. A map of Texas showing counties making up districts 1-29 is on page 4.

McElroy Attends Alumni Meeting

D.M. McElroy, executive secretary of the Ex-Students Association, attended the annual national conference of the American Alumni council held in French Lick, Indiana, July 9-12.

Among the outstanding national speakers appearing on the program were Major General Lewis B. Hershey, director of Selective Service, and Kenneth McFarland, educational consultant for General Motors.

Highlight of the conference, according to McElroy, was on July 10 when T. Hawley Tapping ACC president from the University of Michigan, awarded to Judge Harold R. Medina, New York, a plaque for being selected as outstanding alumnus of 1950 by the ACC membership.

The ACC is an association of men and women professionally engaged in alumni work of the colleges and secondary schools of the United States, Alaska and Canada.

The annual meeting is held to exchange ideas on alumni and educational problems, to study practices and policies of organized alumni work and to appraise alumni achievement.

Exes Form New Chapters In Several Towns As Ex-Student Interest Grows

Chapters are in the news more and more lately as interest in banding together becomes greater among Tech's exes.

This new interest in chapter activity may be evidenced by the number of new chapters that have been formed during the spring and summer.

Four new chapters, at Borger, Levelland, Brownfield and Lubbock, have been organized. The chapters at Levelland and Brownfield were organized as booster clubs for the athletic program at Tech, with both exes and persons interested in Tech being eligible for membership. The new Lubbock chapter is made up of members of the classes of '49 and '50.

In each case, these chapters have been started, not by the Association office, but by a group of exes in the various towns who felt that they could benefit both themselves and their school by organizing.

There are probably a great many exes in towns where chapters do not exist who would enjoy seeing such a chapter formed, but they are waiting for this office to start a chapter for them.

D. M. McElroy, executive secretary, has emphasized the fact that the desire to form a chapter must come from the exes themselves before that organization can be successful. He urges anyone who wishes to start a chapter to call on him for help in getting the movement underway.

In addition to the new chapters that have been organized, the San Antonio and El Paso chapters have been reorganized after periods of inactivity.

D. M. McElroy, Dub Rushing, president of the Ex-Students Association, and members of Tech's coaching staff, DeWitt Weaver, Polk Robison, Jack Mitchell, W. A. Wood, Wyatt Posey, Wade Walker and Bobby Goad, have visited some of the chapters at various times and have spoken to the members on various phases of activities at Tech.

World's Fastest Typist Gives Demonstration

To look at him you wouldn't think he was the type to be the world's fastest typist.

George L. Hossfield, who gave a typing demonstration at Tech recently, looks more like a wrestler. He is 6 feet 4 inches tall, weighs 225 pounds and can type 144 words a minute.

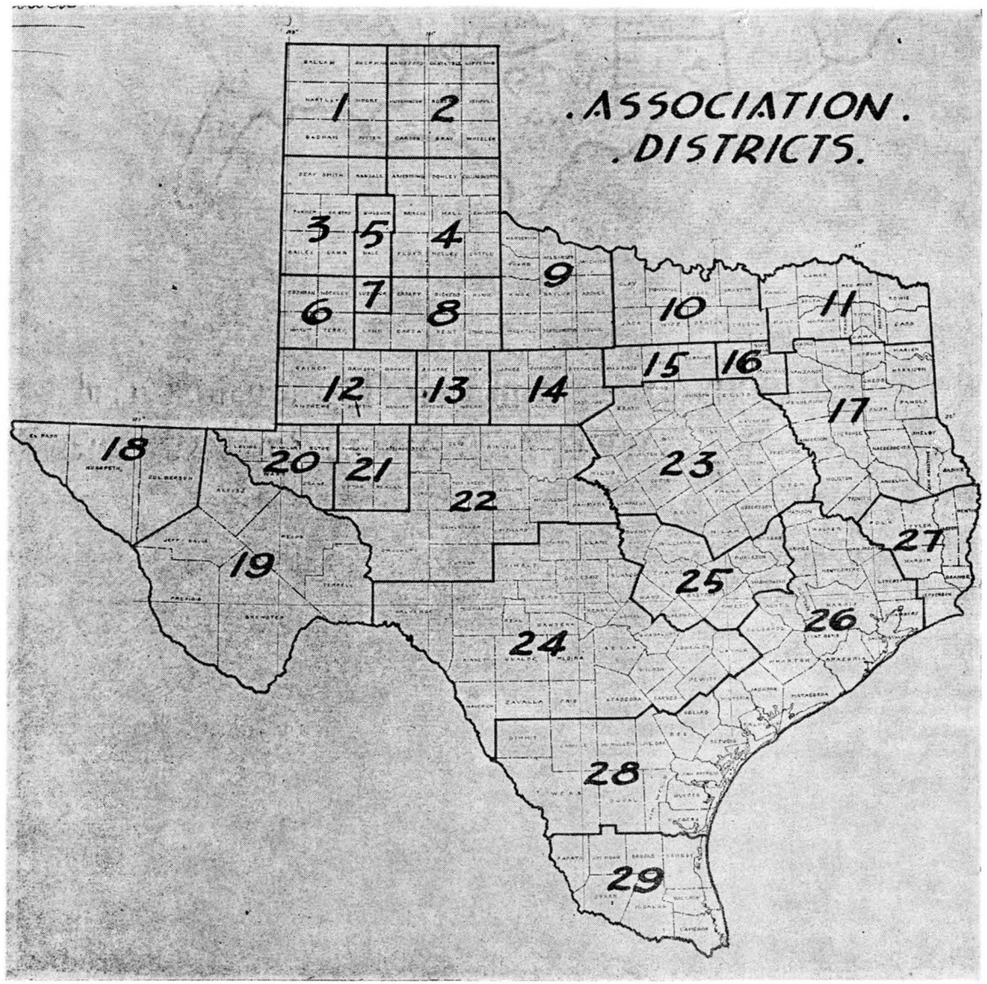
The stubby-fingered typist has 10 times been the world's champion speed typist. Out of about 15 tries for the 55-year-old native of Patterson, New Jersey, that is a good average.

Hossfield, who is on a national tour, was brought to Lubbock by the business education and secretarial administration department of Tech.

The main purpose of his visit was to demonstrate techniques to graduate division business teachers who work in the surrounding area.

As he lectured Hossfield demonstrated each of the points in his talk, which covered correct posture, the elimination of lost motion and when not to use metronomic rhythm in teaching.

Attending the lecture were more than 75 persons, who learned that contrary to popular belief the transition from an electric typewriter to a manually operated one is less difficult that the transition from manuel to electric. Hossfield also pointed out that according to the results of a recently conducted survey, the average secretary's efficiency increases 20 per cent weekly with an electric machine.



Counties in Texas which comprise Association districts 1-29 *are shown in the above map. The boundary between districts* 26 *and* 28 *has been omitted. It should follow the line between Jackson and Matagorda counties on the east and Victoria and Calhoun counties on the west.*

Let's Go, Red Raiders!

Ex-Student Application for 1951
Football Tickets

FOOTBALL TICKET POLICY

1. Applications for season tickets will be accepted by the Athletic Department beginning on date of this announcement, and closing August 10, 1951.
2. 1950 Season ticket holders will have until August 10, 1951, to reserve the same seats held last season.
3. 1950 Season tickets not claimed for 1951 by August 10, will be reissued to the earliest applicants.
4. Do not send checks with this application. This form is for reservations only. Checks covering the requested reservations should be mailed after August 15, and your tickets will in turn be mailed to you approximately September 1.
5. Checks covering season tickets must be received by September 13, and checks covering tickets to individual games must be received 10 days prior to that particular game.

HOMECOMING
UNIVERSITY OF ARIZONA, OCT. 27

6. Application by former students for the Homecoming game must be made not later than October 13, 1951. All seats not sold as season tickets, will be held until October 13 for the ex-students.
7. To assure the best seats available, place your orders early.
8. Indicate the number of tickets desired for each game in the space provided. Ex-Students using this form will receive priority.

Clip at line above and use this application now!

Coach Robison Announces Tough Cage Schedule

The farthest trip East in Texas Tech's basketball history will be made by the Red Raiders this winter.

An opponent—still to be picked will be played in Philadelphia's Convention Hall December 15, Coach Polk Robison has announced. En route, the Red Raiders will meet North Carolina State at Raleigh, December 13. Vanderbilt will be encountered in Nashville, December 17.

Other non-Border conference games will be with the Southern Methodist University, Texas Christian University, McMurry College, Abilene Christian College and New Mexico University.

Playing in the South and East should give 6 foot 10 inch Paul Nolen, All-Border conference center as a sophomore, an opportunity to perform before more All American selectors.

Robison has seven returning lettermen from the 1950-51 team that compiled a 14-14 record and finished in a second place Border conference tie with a 10-6 mark. Tech and New Mexico A&M were deadlocked behind Arizona University.

Nolen, who led Border scorers with a 19.8 average in conference play, amassed 538 points for the entire season.

Texas Tech's 1951-52 basketball schedule—McMurry, Lubbock, Dec. 3; Abilene Christian, Brownwood, Dec. 7; North Carolina State, Raleigh, Dec. 13; to be named, Philadelphia, Dec. 15; Vanderbilt, Nashville, Dec. 17;

Texas Christian, Dallas, Dec. 19; Southern Methodist, Dallas, Dec. 20; New Mexico, Lubbock, Dec. 31; Arizona (Flagstaff) State, Lubbock, Jan. 4*; New Mexico A&M, Lubbock, Jan. 8; Texas Western, Lubbock, Jan. 11*;

Arizona, Tucson, Jan. 17*; Arizona (Tempe) State, Tempe, Jan. 8*; Arizona (Flagstaff) State, Flagstaff, Jan. 19*; West Texas State, Canyon, Jan. 24*; Texas Western, El Paso, Feb. 4*; New Mexico A&M, Las Cruces, Feb. 5*;

Hardin-Simmons, Abilene, Feb. 12*; Arizona, Lubbock, Feb. 15*; New Mexico, Albuquerque, Feb. 18; Arizona (Tempe) State, Lubbock, Feb. 22*; Hardin-Simmons, Lubbock, Feb. 26*; and West Texas State, Lubbock, March 4*.

* denotes Border Conference games

Tech's Dean Of Women Resigns Job To Accept New York City Position

Mrs. Margaret Twyman, Tech Dean of Women, has resigned her job with the college to assume the top professional post with the Association of Junior Leagues of America in New York City on September 1.

Resignation of Dean Twyman, who will leave Lubbock August 15, was announced by President Wiggins. No successor has been chosen, he said.

"We are quite sorry to see Mrs. Twyman leave, but we are happy for her concerning this recognition," Wiggins said. "She has done an excellent job at Tech."

As administrator for the association, Mrs. Twyman will have executive authority over a volunteer community service organization including 55,000 women in 175 local leagues. Besides the 167 leagues in the continental United States, there are six in Canada, one in Mexico City and one in Honolulu.

From her office in the Waldorf-Astoria hotel, Mrs. Twyman will co-ordinate efforts of 13 professional consultants as well as the business and office staffs. She will work with the editor of the Junior League magazines, direct specialized publications, supply local leagues with consultants, and help the board of directors carry out association policies.

Mrs. Twyman came to Tech last September after being assistant dean of women at Ohio university.

Inspired by a remark by Earl Wilson, Broadway columnist, a national magazine recently interviewed Mrs. Twyman.

Following his lecture visit to Lubbock last spring, Wilson wrote that Tech had the "prettiest dean of women in the country."

Mrs. Twyman's son, Charles, 10, has received a scholarship to Eaglebrook school in Deerfield, Massachusetts.

Around The Campus

If you exes have been learning more and more about sports activities at Tech from your local newspapers, it's probably becouse for the first time Tech has a fulltime sports publicity director.

He is Bill Holmes, who assumed duties as director of sports publicity at Tech in May. Holmes came to Tech from McMurry college, Abilene, where he served a year and a half as publicity director and associate professor of journalism.

Holmes is 29, unmarried, and a graduate of Texas A&I college, Kingsville.

★ ★ ★

Still on the subject of sports, Tech's football prospects have brightened as two All-American high school grid stars have announced their intentions of attending Tech next year.

Buddy Jones, All-State, All-Southern, All-American halfback from Hot Springs, Arkansas, came to the Tech campus in June for summer school and is planning to enter Tech again in the fall.

Mack Taylor, All-State and All-American Lubbock high school star, decided early in July to report with the Raiders for fall training September 1. Previously, he had been wavering between two choices, Tech and the University of Oklahoma.

Taylor, one of the greatest backs in the history of Lubbock high school Westerners, topped all records for individual rushing last season with a 7.2 average for the 143 times he carried the ball.

★ ★ ★

Dr. J. William Davis, head of the government department, acted as doorkeeper at the House of Representatives during the first part of the semester.

Arranged by Representative George Mahon, the post gave Dr. Davis an "inside" view of the debates from the floor of the House, as well as affording him first hand experience in government operations.

Dr. Davis has resumed his teaching duties at Tech for the second semester of summer school.

LAW STUDENT HONORED

James T. Bowman, '49 government graduate who will be graduated in 1953 from the University of Texas Law school, has been selected to be a candidate for membership on the editorial board of The Texas Law Review.

The Review is a legal magazine which is published seven times a year by the staff in conjunction with the law school.

GEORGE EDWARDS, a '51 graduate, will enroll in Northwestern University Medical school in Chicago in the fall. Former student WAYNE KUYKENDALL has just completed his freshman year there.

Walker Appointed College Auditor, Bowden Resigns To Enter Business

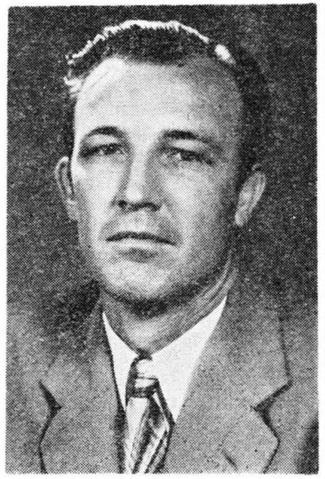
Donald Everitt Walker has replaced John Ehle Bowden, auditor for Tech since June 1, 1946. Bowden resigned his position to enter private business.

Walker comes to Tech from Sam Houston State College where he held the position of auditor. He received his B.S. degree from Sam Houston in 1948 and has his master of business administration degree from the University of Texas.

Bowden, before accepting his position at Tech, had served as chief bookkeeper and chief disbursing officer for different private firms from 1941 until 1944. In 1944 he was appointed to the position of assistant state auditor and served in that capacity until he came to Tech.

Walker is a former athlete for Sam Houston where he lettered in basketball three years and was named to the all-conference team in 1940 and 1948. He is a former associate professor of accounting at Sam Houston.

★ ★ ★ ★ ★



DONALD WALKER

JOHN EHLE BOWDEN

First Husband-Wife Team Graduates Of SMU School of Law

Two graduates of Texas Tech made history at Southern Methodist University this spring as the first husband-wife team to graduate together from the law school.

John R. and Barbara Culver received their law degrees as their 16-month-old son, Larry, watched from the audience.

The couple met when Barbara was editor of the Toreador in 1945 and tried to interview John, a returning Army veteran. Although he refused to give her the interview, they were married August, 1947, after she had graduated.

The couple moved to Dallas later that year where John attended law school and Barbara worked for one of the newspapers. The following summer Mrs. Culver joined her husband in law school and since then both have been working for their law degrees.

Between semesters 16 months ago Larry was born.

While at Tech, John was a member of Silver Key social club. Barbara was a journalism major and worked on the newspaper and yearbook. She was a member of DFD social club. She was the former Barbara Green.

TINKER MILLER, a Tech graduate, is employed as a laboratory technician at Good Samaritan hospital in Palm Beach, Florida. She has been in Florida since last May.

'51 Homecoming Set For October 27

The 1951 Homecoming date has been set for October 27, according to D. M. McElroy, executive secretary of the Ex-Students Association.

The date has been selected to coincide with the football game between Tech and University of Arizona. Hopes are high this year for a Homecoming victory for Tech, since Tech has never been beaten on its own football field by Arizona.

The class reunions which were begun last year are to be featured again this year.

Two Tech Faculty Members Die

Funeral services for two veteran Tech faculty members were conducted recently.

George Smallwood, 67, a member of Tech's original faculty, died April 8 in Lubbock. He was a member of the original Tech English department and had served with the college for more than 25 years.

With the exception of one year's study at Columbia University in New York City, his work at the college was continuous.

Dr. James Marcus Gordon, 75, Dean of Arts and Sciences for 20 years and dean emeritus the past several years, died in Amarillo where he had been living with a son.

Dr. Gordon was made dean emeritus about five years ago, but he continued to teach in the foreign language department until 1947.

Tech Will Not Have State Fair Booth

Tech will not have a booth at the State Fair of Texas in Dallas this year, it has been announced by Tech's fair booth commitee.

The decision not to have the booth this year was made because unfavorable conditions and location would make the booth less advantageous to Tech than in year's past. It was felt by the committee that the trouble and expenses of the booth was more than the benefit derived warranted.

Several hundred exes registered at Tech's booth for the 1951 fair.

1,059 Students In Training

ROTC Program Hits New All-Time High

An all-time high, 1,059 men are training under the Reserve Officers Training Corps, under a new system and with new commanding officers this fall at Tech.

According to Maj. Melvin Burnett, Assistant Professor of Air Science and tactics, the enrollment of 694 men in the Air Forces and 365 in the Army marks a record high for the Tech ROTC program.

Five new assistant professors and seven new instructors were added to the ROTC department at the fall semester. The Air Force has added a flight operation option which offers the same training cadet pilots receive in ground school. Students completing this course are eligible to enter flight training upon graduation and receive their flight training in the grade of second lieutenants.

The Army branch is pushing participation in the rifle team.

24 Members —

M. Rogers are new dorm supervisors. Counselor and program director for a woman's dormitory is Maurine Sullenger.

E. F. George, former head of the department of physics at Tech from 1925 to 1941, assumed duties as director of the seismologic laboratory. Everitt Donald Walker is the new auditor of Tech.

Five new members were added to the library staff. They are J. Norman Heard, order librarian; Miss Lillian Norwood, head cataloguer; Mrs. Charlotte Brand, assistant cataloguer; Frank Temple, assistant circulation librarian; Miss Dorothy Walters, reserve librarian.

Tech Building —

funds were combined for the Student Union building, including $6,300 in senior class gifts, interest on building bonds, and profits from campus concessions.

The board felt certain it would be safe to issue contracts on the Student Union Building with this much cash posted.

W. R. Hedrick, campus architect and construction supervisor, would only hazard a guess of "something in 1952" on the completion of the new student building.

The 15-odd war-surplus X buildings will be used as long as they have to be, according to Comptroller M. L. Pennington, but they are not in the college's future plans. Several are not in use at present, and the college is wondering how it is going to get rid of them.

TNM&O —

ing student, campus lighting; Nancy Davis, arts and sciences, registration; Jane Foster, home economics, luncheon planning.

Kickoff At 2:30

Climax of the Homecoming day will be the football game between Tech and Arizona University, the school boomed for conference championship in pre-season polls. Kickoff time is 2:30 p.m. at Jones Stadium. A spectacular halftime show is being planned by the Tech band and director, D. O. Wiley.

The athletic department business manager has announced good news for persons not holding season tickets. Section N, in the east stands, ordinarily reserved for the visiting team fans, will be available to Tech rooters at the Homecoming game as Arizona has not requested a reserved section.

A dance for Exes will be held at 9 p.m. Saturday in the gym. Music will be provided by Burl Hubbard's Orchestra, courtesy of Radio Station KFYO.

H.E. Exes Will Present Portrait of Dean Weeks

At a special Homecoming ceremony, Home Economics Exes will present a portrait of Dean Margaret Weeks to the college at a coffee set for 9:15 a.m., Saturday, October 27.

All H.E. Exes, board members and wives, college administrative oficials and home economics faculty members have been invited to the presentation ceremony to be held in the dining room of the new home economics building, according to Mrs. Clarence Whiteside, program chairman.

Chapter Roundup —

Exes was planned at the Student Union Building, according to Lallah Wright, our ever-faithful chapter correspondent.

Schenectady (N. Y.) Chapter. "The Schenectady Chapter of Tech Exes met September 24 in the home of the R. Edward Turrentines' to get acquainted with new members and to visit with Holice G. Pruett, '45, who spent three years here with General Electric before returning to Lubbock with GE Supply," writes Mrs. Elwanda Turrentine, chapter secretary.

Among those present at the meeting of Exes at the "northern outpost" were Walter and Jenita Dugan, John and Juanita Craig, George and Velene Compton, all newcomers to the Tech-GE family in Schenectady, and chapter members Sam and Maurine Hamilton, Robert and Margie Slater, William and Lorene Walker and the Turrentines'.

(The Ex-Student's Office would like to have reports direct from each club folowing the meetings. A more informal and interesting report can be presented in the publications if a club official supplies the information.—The Ed.)

TEX TALKS

Published by Texas Tech Ex-Students Association

LUBBOCK, TEXAS OCTOBER, 1951 VOLUME II, NUMBER IV

Final Enrollment Totals 4,865

Tech's enrollment for this semester has been completed with 4,865 students in the final count, according to Miss Eveleyn Clewell, assistant registrar. This is a drop of 610 from the fall semester of 1950 when 5,475 students were enrolled.

Arts and sciences enrollment leads with 1,330 students. The engineering division follows with 990. There are 917 students enrolled in business administration and the agriculture division is fourth with 707.

The graduate division places fifth with 596, while home economics enrollment is 325.

Men again head the enrollment with 3,409, while only 1,456 women are listed. Approximately 550 students have signed for the evening program. In contrast to last fall's total of 1,070, veteran enrollment has dropped to 610.

Series Of Class Reunions Planned

A series of four class reunions will be held again this year at Homecoming, according to D. M. McElroy, Executive-Secretary of Ex-Students Association.

The "oldtimers" group, members of the classes 1925 through 1939 will hold their get-together at Hotel Lubbock. Katheryne Weaver, '39, and Dorothy Vandagriff Cone, '35, are co-chairmen.

Classes of '39 through '44 will hold a reunion at Sneed Hall on the Campus. Elmer Tarbox, '46, is in charge of arrangements. Members of classes '45 through '48 will meet at Doak Hall. Bill Anthony, '45, is chairman.

Classes '49 through '51 will meet in Drane Hall with the Lubbock Chapter, '49 and '50 Tech Exes, as hosts.

HOMECOMING PLANS LAID

TNM&O Coaches, Furr Food To Sponsor Exes Luncheon

Tech's 1951 Homecoming is expected to bring approximately 5,000 Exes hundreds of miles for a week end of food, fun and football and for visits with fellow classmates of years gone by.

The two-day affair opens with the Association Council meeting at 2:30 p.m. Friday, October 26, and officially closes with the last tune of the orchestra at the Homecoming dance late Saturday.

Highlights of this year's celebration includes the big buffet luncheon, the annual Homecoming parade, class reunions and what may be the game-of-the-season against Arizona University.

Officers To Be Named

The Exes buffet luncheon, to be held at the gym at noon Saturday, is given again this year by Texas, New Mexico and Oklahoma Coaches, Inc. and Furr Foods of Lubbock. The informal get-to-gether was attended by approximately 2,500 last year.

Following the luncheon, new officers of the Ex-Students Association will be introduced. Officers for 1951-52 will be elected at the meeting of the Association Council Friday afternoon.

Olaf Lodal, '32, of San Antonio was nominated for the presidency of the Association by a five-member nominating committee during the summer. Others nominated for office were John Hiner Wilson, '38, of Lubbock, first vice president, and Lallah Wright, '33, Fort Worth, second vice president.

Programs Available

A complete program schedule of Saturday morning breakfasts, coffees and receptions by clubs, sororities and fraternities will be available at registration booths. The registration booths will be set up at key campus buildings and at the Lubbock, Hilton and Plainsman hotels.

Also on tap for Friday are a gigantic bonfire and pep rally on the campus and four class reunion sessions for Exes.

The annual Homecoming parade is slated for 10 a.m. Saturday. Approximately 50 floats are expected to enter. The parade will be divided into three categories and judged for beauty, description and humor.

The Thomas Jewelry Co. of Lubbock will again present plaques for the floats judged best in each category.

Students Brian Boyett, agriculture, and Rodney Balke, engineering, are in charge of parade planning.

Other members of this year's Homecoming committee are Harold Bannam, pre-med student, chairman; Melvin Brock, engineer-

See TNM&O, Page 4

Out-of-state Exes planning to attend Homecoming are requested to drop us a card in order that proxy appointments may be made and all areas represented at the Association Council meeting, Friday, October 26.

Exes in some out-of-state areas, who are unable to be present for Homecoming, are reportedly having a hard time finding a proxy. A note from you, if you plan to attend, will help in getting representatives appointed from all districts and chapters.

CHAPTER ROUNDUP

Edited by D. M. McELROY, '35
Executive-Secretary

Ex-Students Chapters picked up steam all over the state with the coming of fall and the Red Raiders' sound trouncing of their first football foe of the season.

In early October several chapter meetings over the state were scheduled and the Lubbock Exes were already hard at work on plans for the annual Homecoming class reunions to be held Friday, October 26.

Several chapters are attending Tech home games in full force this fall. Brownfield Exes reserved 119 season tickets. The Midland Chapter has requested a block of 115 seats for the Homecoming game and the Roswell Chapter has also reserved a block of seats for the game against Arizona U.

The Amarillo Chapter was the first to notify us they plan to enter a float in the Homecoming parade. Other chapters planning entries are urged to let us know.

Exes in the Big Spring area recently organized a Red Raider Club and are making plans to organize an Ex-Students Chapter, according to Shelby Read, '33, Red Raider Club prexy. Our mailing list shows there are 105 exes in Big Spring alone, not counting those in surrounding towns such as Garden City, Sterling City and Stanton.

Dallas Chapter. The "Lusty Techsans of Dallas" (pardon us for plagiarizing) started the ball rolling for a series of receptions for Exes attending Tech out-of-town games, with a marvelous openhouse at the Baker Hotel before the Tech-A&M game there September 29.

Exes from all over the state showed up at the party and minor class reunions were held in virtually every corner of the room. Hosts at the gala affair included Joe Alford, '39; Chick McElya, '34; Mrs. Anna Belle Collier, '29; Marshall Gettys, '50, and Mrs. Gettys (the former Mary Nell Bailey, '49).

President Earl Fuson, '31, estimates approximately 750 Exes attended.

Members of the Fort Worth Chapter proved folks from that town CAN cooperate with Dallas people on a "worthwhile" project. President Charles McNeese, '40, Secretary Lallah Wright, "33, and Jack Walker, '49, assisted with the reception.

"What a Day! What a Party! What a Ballgame! . . . Thanks, Big D Exes, for the best party yet"—(excerpts from Fort Worth Texas Tech Ex Reporter).

San Antonio Chapter. "Remember those Tech-A&M game parties we used to have here?" wrote President Robert Huff, '32, to members of the San Antonio Exes chapter.

"Of course, we will all be listening to the game broadcast from Dallas . . . and Daisy and Olaf Lodal, '32, and Jo (the former Johnnie Jo Whitley, '35) and me are inviting all of you to 'come on a Lodal's house' and enjoy a substitute for our part football parties . . . bring the kids, too."

A 10-minute business session was held between halves.

Houston Chapter. Proving further that Tech Exes don't loose the old school spirit amid big-city sophistication, the big Houston Chapter staged an informal openhouse for "all Exes, students, and others" in town for the Tech-University of Houston game on October 6.

Chapter President James Huffman, '39, wired that 150 Exes, students and others, were entertained with a buffet supper and openhouse in the home of Mr. ('36) and Mrs. Leon Ince.

El Paso Chapter. Another reception for grid fan Exes will be held before the Tech-Texas Western game there on November 3.

Chapter President R. Turner Kimmel, '48, writes they plan to have an openhouse in one of the local hotels for visiting Texas Tech Exes who are in El Paso for the game.

The Chapter had as guests 14 Tech students and Dr. G. A. Whetstone, civil engineering prof, at a dinner meeting October 4 in the banquet room of the Sky Chef Restaurant. The film, "Futures Unlimited," was shown the 60 members and student guests. The students were in town for an American Society of Civil Engineers convention.

Fort Worth Chapter. "Save October 12 for the President!" read the chapter's News sheet mailed all Exes of that area.

Dr. D. M. Wiggins, Tech president, was scheduled to address the chapter Friday the 12th, on the campus of Texas Wesleyan College. Mrs. Reg Jarvis, (the former Mildred Patterson, '34), was in charge of arrangements. Dr. Law Sone, President of TWC, was to introduce Dr. Wiggins. Following the address, a reception for

See CHAPTER ROUNDUP, P. 4

24 Members Added To Faculty

Twenty-four new faculty members, including a noted professor of Southwestern history and a new dean of women, assumed duties at Tech with the opening of the fall semester.

Mrs. Marjorie M. Neely, Dean of Women, was formerly associate dean of students at Pacific University. She holds an M.S. degree in human relations from Ohio University. Jean Ewing, graduate of the University of Ohio, is her new assistant.

Dr. Carl Coke Rister, formerly a research professor of history at the University of Oklahoma, assumed duties at Tech's first distinguished professor. Until this fall, distinguished professorships were authorized in the state only for Texas University and A&M College. A noted author, Dr. Rister is a graduate of Hardin-Simmons University and holds MA and PhD. degrees from George Washington University.

Aubrey L. Shouse, former Tech student, replaced Rick Jay as director of public information. Shouse, who attended Tech first in 1943, returned in 1946 after serving with the Air Force. He had been employed by Abilene and San Angelo newspapers since 1948.

Another Ex Student, Dan E. Pursel, class of '50, assumed duties as director of the Rec Hall.

Additions to the department of arts and sciences include: Samuel Hurt Lee Jr., assistant professor of chemistry; Roy E. Thoma Jr., assistant professor of chemistry; George K. Estok, assistant professor of Chemistry; William Clifton Hayes Jr., assistant professor of geology; Dorothy B. Hoyle, instructor in physical education; James E. Kuntz, assistant professor of psychology; Wallace R. Jackson, instructor in speech; Robert Henry Dean Jr., instructor in music; Lloyd Allen Whitfield, assistant professor of journalism; Katherine Evans, associate professor of education.

New members of the business administration faculty include Harrison James Cameron Jr., assistant professor and Roy T. Shaw, associate professor.

Additions to the agriculture division include Charles R. Rouse, instructor in horticulture and park management, and George Oliver Elle, assistant professor in the same field.

Jules Renard is a new assistant professor of chemical engineering. Robert A. Frederick, and George

SCIENCE BUILDING NEARING COMPLETION—Tech's new modern Science Building, located due west of the Broadway entrance to the campus, is due completed by the first of the year.

Tech's Building Program Nearing End

By AUBREY SHOUSE
Director of Public Information

The echo of Texas Tech's building boom is fading out. Except for the polish work on the new state-financed buildings, the $4½ million building program is about spent.

At one time, construction workmen almost out-numbered students.

The seven-figured face-lifting greatly altered the skyline on the Tech campus since the building spree started in 1949. The financing of the program was possible through Tech's slice of a state 5 per cent ad valorem tax. Another slice will be cut off in 1957 when Tech will take another step toward the completion of its master campus plan.

$4½ Million Project

Tech's board of directors has let contracts on $4,004,000 in the ultra, campus beautification project. This excludes the Student Union building, financed on the campus, which brings the total expenditure to over $4½ million.

The Administration Building's capacity was practically tripled when two new wings, running north and south from the east and west ends of the old building, were added. The new additions make room for more classrooms and offices, a student council office, offices for the Dean of Women, the Dean of Student Life and his assistant, a large branch post office, a presidential suite, a big mailing and mimographing room, the auditor's workshop, the purchasing office, and an office for the comptroller.

Planned In 1924

The two wings were in the original 1924 plans. They are expected to be completed by Nov. 1, 1951.

A duplicate of the old Engineering Building is being constructed east of the old building. The new structure will house several of the many engineering departments now in the old building. A Dec. 1 completion date has been set—with several provisions attached.

A second floor and a north wing is being added to the Petroleum Engineering Building, west of the present Engineering Building. W. L. Ducker, head of the department, said the addition would permit the department to have three new laboratories (reservoir, natural gas, and natural gasoline), a stock room upstairs with a dumb waiter to the first floor, offices, utility rooms, and general offices. He said the new building addition would be completed soon.

Music Building Ready

The Music Building, Dr. Gene L. Hemmle's pride and joy, will be ready for occupancy by Dec. 1, according to present estimates. The growing department will have two large rehearsal halls band and orchestra, and choral and recital), three libraries (choral, instrumental, and general), six private studios, 12 practice rooms, and room for 12 more, three record listening rooms, a recording studio, and general offices.

The Music Department is using X-3, a war surplus building.

The Science Building, due to be completed Jan. 1, will double Tech's science facilities. The new structure, between the Library and the Chemistry Building, will house several of the science departments, excluding the Chemistry Department. Biology, Zoology, Geology, and Physics Departments are in the Chemistry Building now.

Room for expansion and room for breathing space was made when a new wing was added to the Home Economics Building. The new addition runs east and west from the south end of the old building.

Student Union

Workmen are "above ground" on Tech's super Student Union Building, a $542,000 structure south of the Administration Building and west of the women's dorms.

This new campus building is a good example of on-the-campus financing. The Bookstore, Infirmary, and the Texas Tech Ex-Students Association pooled resources to make it possible.

The board of directors took $150,000 accumulated cash balance from the Bookstore fund; $100,000 from the Infirmary building fund; sold $250,000 in bonds on future receipts from the Bookstore for a total of $500,000. (The building of an Infirmary is allowed from the 5 per cent tax money).

Then the Texas Tech Ex-Students Association came through with a pledge of $25,000, and almost all the other money has been collected or pledged. Several small

See TECH BUILDING, Page 4
