Dear sir:

I send by to day back a
trial 2 dozen sections of comb
honey as suggested in your
card recd a day or two since

If this lot can be disposed of
in manner satisfactory to
both of us, I have some more
but don't know as yet how much
as I have not removed all from
the hives and bees have not yet
quit work. In fact there is as
good a honey flow now as we
have had this year

Next year with ordinary
success, I will have sufficient

surplus to justify shipping, but
I much prefer a home market
and believe one can be made
with little effort as I am
trying to get a good Appear
business started for the benefit
of my wife and four infant
daughters, as I may not be
able to leave them any other
means of livelihood.

If you think a line or two
of locals in your city papers
would be of benefit, have
them inserted at my expense.

I shall leave here for San
Antonio abt Nov 1st - If you meet
with success and can dispose of
more, let me know before then
Very truly yours

F. Vandervoort
