Statement of Luis Herrera

On the 30 of Oct. I went to Adrian
Muñoz's House he asked me to come
in and I went in and we had a
conversation and he told me that
there was a good place to kill
beef and that he had a good friend
named Mauricio and that the
best way to kill there is to roof
them because a shot could be
heard long distance and that
E.S.P. was always around and
might get on to them "then I said
friend I am going it is quite
late" he said don't go yet
get your slucker, I want to
give you a little bit of good
I smuggled, I went and got my
slucker and we both went to
the kitchen and out of a box
he got about 20 lbs. of beef

and put it in my sicks
it was a part of the ruck I
Rabbs and then I went home
and took the beef with me
and I give it to Juvenio
Guerra's wiff and told her
to do what she pleased with
it when she was cutting the
meat she found the bullet
then she said look here ~~see~~
Luis here is a bullet then
I took it and put it in my
pocket then Davino Guerra
said is that stolen beef
My God Friend I don't like
to have stolen beef I had
rather eat nothing else but
beans than eat stolen beef
Don't fear if it is stolen
beef you can say I brought
it here that's all that ~~happens~~
happens and here is the bullet
Eugorio Barru said to me
just as soon as my god Father
Fernando Barra goes away

to Santa Fe we can kill beef
right here in this fence at
Herrera's place that they were
afraid to kill while he is
there & as soon as he is
gone all they have to do is to
open the fence gates early
and let the cattle come in
and can kill all they want
to

I went to Adrian Munoz's house he asked me to come in and I went in and we had a conversation and he told me that there was a good place to kill beef and that he had a good friend named Mauricio and that the best way to kill there is to rope them, because a shot could be heard long distance and that Ed Tevas was always around and might get on to them "then I said friend I am going ti is quite late" he saw don't go yet get your slicker. I want to give you a little bit of goods I smuggled, I went and got my slicker and we both went to the kitchen and out of a box he got about 20 lbs of beef and put it in my slicker it was a part of the neck, ribs, and then I went home and took the beef with me and I gave it to Iavino Guerras wife and told her to dot what she pleased with it. When she was cutting the neck she found the bullet , then she said look here Luis here is a bullet, then I took it and put it in my pocket - then Iavino Guerra said is that stolen beef my god friend I don't like to have stolen beef I have rather eat nothing else but buns then eat stolen beef. Don't fear if it is stolen beef you can say I brought it here, that is all that happens and here is the bullet. Gregorio Barra said to me just as soon as my god father Fernando Herrera goes away to Santa Fe we can kill beef right here in this fence at Herrera's place that they were afraid to kill while he is there. As soon as he is gone all they have to do is to open the fence gates early and let the cattle come in and can kill all they want to.
