Dear Sir Your favor of the
27th is recd. In regard to olives
we beg to state, that all Sicilian
olive have that peculiar bitter
taste which our people prefer
they do not like the French or Spanish
olives because they have no taste
except salt water - We believe after
little, the salt water will destroy
all the bitter taste - however if you
cannot use them for your self - & you
have any left you will let us know
& we will make matters right
We will ship Bananas by Express -
Yours truly
J. Torre & Bro.
