Dear Sister:

Your letter rec'd this morn.
and tho it makes us sad
to think of Little Mother being
gone we can't help but be
thankful for we know it is
her wish and she is happy
with her loved ones who
have gone before.

I will think of you
often in the coming months
trying to readjust your life.
I know how hard it is and
mine has been one of many
changes. I had hoped to get
into something by the first
of the year but do not know

My health isn't as good as I had hoped but I may snap out of it yet. Right now I have a bad cold and no one feels good there.

Auly wanted so much to visit his Grandmother and he will be very sad. I rec'd a card from him Friday and he is on a job about fifteen miles from here so I hope to see him before he goes back, said it was a short job and he left his car in L. A. but was working until seven and eight at night.

I had a very nice dinner with Mama and family Thanksgiving. Halbert and her

little girl and Mamma's sister
came up from Long Beach.
Halbeil's wife is married again
I had hoped to go to L. C. for
Christmas and be with Ruth
and Bettie but it doesn't look
very favorable.

I have my new teeth and
they look fine but I don't think
I'll ever enjoy eating again

Thank you for writing me
so soon, you have been on my
mind constantly. and I wish
I had an apt so you could come
and stay with me for awhile.
perhaps I shall have one before
long.

Remember me to Vada & family
and let me know what you do
With Love: Florence.
