STADIUM SERVICES: CLIFFORD B. AND AUDREY JONES STADIUM TEXAS TECHNOLOGICAL COLLEGE

Stadium Capacity, 41,500; opened in September, 1947; Press Box and Special Option Seat Air Conditioned Booth opened in 1959.

EMERGENCY CALLS: The Public Address System will be used for emergency calls only. These may be placed by calling PO2-0296. Incoming calls for Doctors are accepted at PO2-9814 and PO2-9694. Doctor's "numbers" will be called on the PA system, and may be answered at telephone at elevator entrance west stand.

PUBLIC TELEPHONES: Several booths are located on the ground level concourse in both east and west stands.

REST ROOMS: These are located on the ground level concourse at north and south ends of each of the stands.

LOST AND FOUND ARTICLES: These are taken to the Athletic Department offices immediately following the game. Persons should check here at that time and no later than Monday following a game. Offices are in building at south end of stadium on 6th Street.

CONCESSIONS: Refreshment service is provided on ground level concourse in both stands and throughout the stadium by professional concessionaires under contract with Texas Technological College. Only products of outstanding quality are offered. Official prices of these products are posted in the concession stands.

SAFETY PRECAUTIONS: A sizable contingent of Lubbock and Campus police officers, assisted by parking lot attendants and stadium ushers are on duty to assist in parking cars and seating fans. Your cooperation in following their directions will be beneficial to all. Aisles and concourses in the stadium are to be kept clear at all times. A carefully studied parking and traffic flow plan allows easy entry and exit from parking areas.

"SUPPORTING TEXAS TECH ATHLETICS"

Red Raider Club

1964-1965 EDUCATIONAL AND ATHLETIC SCHOLARSHIP PROGRAM

Instituted in 1958, this scholarship program provides each year to more than 99 young men with athletic and academic abilities the opportunity for a college education. Through the program, which is supervised by

the faculty sub-committee on athletic scholarships and supported by the Red Raider Club, many deserving athletes have been prepared as leaders in the civic and business life of West Texas and the nation upon their graduation.

Enthusiastically welcomed by business leaders over the Southwest and other friends of the college, the program carries the endorsement of athletic governing bodies and provides a stabilizing athletic program for Texas Technological College.

Two handsome plaques are displayed on the campus—in the Athletic Department's lobby located at Jones Stadium and at the main entrance of Lubbock Municipal Coliseum. Each plaque, 44"x60" in size, presents the names of 72 sponsors.

your support is recognized in Bronze Plaques

A separate engraved name plate for each sponsored scholarship appears on each of the Appreciation Plaques in recognition of the valued support of Texas Tech's athletic program by individuals, community Red Raider Clubs and business enterprises.

OFFICERS OF THE RED RAIDER CLUB FOR 1964-1965

LEETE JACKSON
Executive Vice President

RED RAIDER FUNDS ARE USED TO FURNISH QUALIFYING ATHLETES WITH ROOM, BOARD, TUITION FEES AND BOOKS

Red Raider Club members have the satisfaction of knowing they are helping worthy young men obtain a college education and helping build an athletic program which the college deserves. For you to participate, you may request details from the club's executive vice president, Leete Jackson, Box 456, Lubbock, Texas or call POster 2-8680. As a member you will receive each week during football season, and at intervals throughout the year, a letter, reporting on Tech's athletic program. Only distribution of the pressbook, published by the Athletic Department for sports editors of press, radio and television, is made to members of the club. Red Raider Club members have game ticket priorities, attend "quarterback" luncheons each Monday during football season and the All-Sports Banquet held in the spring to honor all Tech athletes.

Join the Red Raider Club... we want and need your support regardless of the amount of your contribution... any in excess of \$10 are tax deductible.

...a salute to a leader!

This is Becky Parker, ambitious re-tailing major who resides in Weeks Hall on the campus. Becky, of Sabinal, Texas, belongs to the Tech Retailing Association and is the Membership Chairman for Pi Beta Phi. She is an Associate Editor for LA VENTANA for 1964 and Co-Editor for 1965.

Last spring she was chosen as one of two Tech students to represent the Southwest Region for Sears' "Tote Board," a panel of four students from the Southwest to report on campus trends in fashion and to make merchandising and advertising suggestions. The panel was held in Chicago.

After graduation Becky hopes to work in merchandising or buying in a department store.

Best wishes to Becky Parker, student leader on the campus!

Student Council

Everything from finance to personnel and schedules to Tech's participation in SWC decisions falls under the jurisdiction of the Texas Tech Athletic Council. The eight-man council is composed of six faculty members appointed by the President, a representative from the Ex-Students As-

sociation, and a representative from the Student Council.

In addition to their many duties, council members report to the President and the Board of Directors on subjects concerning lettermen and NCAA matters. Dr. J. William Davis heads the council.

Athletic Director

Less than four months after he was named athletic director, Robison coached Texas Tech to its first Southwest Conference basketball championship and third place in the NCAA Midwest Regional tournament, earning "Coach of the Year" honors for the Southwest from Coach and Athlete Magazine.

Assistant athletic director for five years, Robison was named athletic director

in 1960. He has been associated with Texas Tech for 24 of the school's 34 years of athletics.

In the fall of 1961, in order to devote adequate attention to his new duties as athletic business manager as well as the athletic directorship, Robison turned the basketball coaching over to his assistant, Gene Gibson.

Scholarship System—The NCAA Way

by WILES HALLOCK

National Collegiate Athletic Association

IN AN ERA of amazing physical and intellectual accomplishment on the part of our college-age young men (and women), specialization seems almost of necessity the rule. Academic excellence and athletic prowess aren't often enough found in the same person. Or are they?

The answer is a resounding, "Yes, they are, a great many times." And the National Collegiate Athletic Association aims not only to spotlight the nation's outstanding football and basketball players who have demonstrated their classroom superiority, but to reward them in a meaningful way.

The NCAA will award top scholar-athletes graduating during the 1964-65 college year a total of 32 one-thousand dollar grants for post graduate and professional study.

The \$35,000 necessary to finance this new scholarship program (the additional \$3,000 is administrative expense) has been appropriated by the Executive Committee from football television receipts which will accrue to the NCAA this fall from the National Broadcasting Company. Participating

colleges on the NCAA football TV schedule receive 96 per cent of the \$6,522,000 NBC will pay as rights for the 1964 telecasts and the NCAA four per cent.

The 32 grants can only be awarded for post graduate study. Twenty-two of them will go to top football players—11 each in the University and College Division, with the remaining 10 going to stellar cage athlete-scholars—five apiece in the major and college division basketball classifications.

Though no scholar-athletes in other sports are now included in the NCAA scholarship program, the Executive Committee has provided indirect benefit to all athletes in other sports with an appropriation of \$84,088 from the TV revenue source to support instructional clinics and encourage increased participation in those sports.

The remainder of the NCAA's four per cent will go to pay for the entire administrative expense of the football television program—\$81,000—and to the College Division's regional football championship reserve fund—\$60,000.

Administration of the NCAA scholarship program is not established in all its detail, but the grants will be made directly to the universities or professional schools of the recipients' choice.

"A program of scholarship awards for distinguished academic achievement has been discussed from time to time for some years in the NCAA," Executive Director Walter Byers stated at the time the grants were approved last April, and NCAA President Robert F. Ray of the University of Iowa observed:

"Thirty-two scholarships are a good start, but they won't begin to take care of the number of senior football and basketball players in our member institutions who are honor students in all fields of study."

In retrospect the list of great athletes who might have qualified for such an award is legion. The Byron (Whizzer) Whites and Barry Woods of football's past, the Jerry Lucases and John Richters of

basketball's present and annually the Academic All American teams would have qualified as prime candidates.

So too the National Football Foundation and Hall of Fame scholar-athlete award winners annually honored might well be among those considered.

To reemphasize the point, a listing of both 1963 Academic All America and Hall of Fame scholar-athlete winners might well be appropriate in conclusion. Their counterparts of 1964 will be equally distinguished.

Hall of Fame Scholar-Athletes

EVERYTHING FOR THE BUILDER

1300 4th PO 3-4335

Salute To Greatness

Matty Bell ... Builder

Texas Tech is proud that its athletic heritage includes such persons as the men who make up the Athletic Hall of Honor.

This Dads Day marks the formal induction into the Hall of Honor of:

CHARLES WOOLDRIDGE
GEORGE LANGFORD

Certainly these two more than live up to the qualifications as stated by the sponsoring organization, the Texas Tech Dads Association:

"... shall possess or shall have possessed in addition to outstanding ability in a sport or sports, other qualifications such as sportsmanship, character, integrity, and be a person who has brought distinction to Texas Tech or served the school with distinction in its athletic program."

Wooldridge lettered in track at Texas Tech in 1927 and 1928 and in football, at fullback, in 1928 and 1929. He did not play high school or freshman football but was invited out for the varsity after his Engineers' team won the intramural championship. Wooldridge, currently vice president, Texas Power and Light, in Dallas, has served on the Texas Tech Board of Directors and as president of the Cotton Bowl Association.

Langford is another whose first football experience was as an upper-classman at Texas Tech. He enrolled in 1926, dropped out to ranch and earn money to finance the remainder of his education, then returned in 1929. Langford reported for the team that fall and lettered for three seasons at tackle. A farmer and rancher most of the time since graduation (with time out for Army Air Force service), Langford, a Lubbock resident, continued to serve Texas Tech. He was one of the ten members of the 100 Club that organized the Ex-Students Association, was ten years on the Athletic Council, and is a member of the Century Club.

The Southwest Conference owes its reputation to those who were associated with it during the formative years. Tonight's program is respectfully dedicated to one of these—Matty Bell, who concluded more than 40 years of service to the conference when he retired as Southern Methodist's athletic director last June.

Bell, an outstanding athlete at Fort Worth's North Side and Centre College, had coached at Haskell Institute and Carroll College before becoming head coach at Texas Christian University in 1923. He also coached at Texas A&M before joining SMU as line coach in 1934. A year later he succeeded Ray Morrison as head coach and guided the Mustangs to 12 victories and the honor of being the only representative of the Southwest Conference to play in the Rose Bowl. While coaching at SMU Bell always developed colorful teams, four of whom won or shared Southwest Conference titles.

Plymouth roars into '65 with 4 great new sports!

'65 Sport Fury

The biggest, plushest Plymouth ever. A brand-new "ultra-everything" Plymouth that's still solidly in the low-price field.

'65 Valiant Signet

The compact that hasn't forgotten why you buy a compact. Still the best all-around compact, proving that Valiant didn't have to go big-car in price or size to give you big-car performance.

'65 Barracuda Fastback

The fast-moving fastback at a spectacular low price. America's best combination yet of sports-car look, youthful vitality, all-purpose versatility, and all-around economy.

Get your free copy of the NCAA Football Almanac at your nearest participating Plymouth Dealer's.

HOME OFFICE — LUBBOCK, TEXAS

SMU In Fact

Southern Methodist University—located in suburban University Park, an incorporated residential district surrounded by Dallas, Texas—has, in its short lifetime, a record of growth and achievement to match that of the dynamic region in which it was placed only 50 years ago.

With a population of approximately 800,000—and situated in a county of more than 1,100,000 and a metropolitan area of 1,250,000—Dallas is the nation's fourteenth largest city and is one of the fastest growing cities in the United States (in the number of office buildings constructed since the end of World War II, for example, Dallas ranks second only to New York City.) Within the Dallas boundaries lie the ninth largest concentration of million-dollar businesses in the U.S., a burgeoning industrial complex, and a sophistication of cultural endeavor truly cosmopolitan. Dallas is a clean, beautiful, vigorous city of accomplishment sensitive to the intellectual currents of the time.

In this climate of great potential SMU was founded in 1911. First classes were held September 22, 1915.

At its opening session, the University had two buildings, 706 students (characteristically, at that time the largest first-year enrollment of any university in this nation's history), a 35-man faculty, an endowment fund of \$279,178, and a 133-acre campus.

Today, these relatively few years later, the University inventories 80 buildings in its physical plant (60 of these constructed since the close of World War II), a faculty of more than 300 employed on a full-time basis, total assets

of \$60,000,000 (including endowment of \$16,000,000), an enrollment that has averaged approximately 6,000 the past few years, and a 150-acre campus which occupies some of the most valuable land in Texas.

Since SMU is not a state-supported institution, enrollment is not limited to residents of Texas, nor is any distinction made for out-of-state students regarding entrance requirements or tuition and fees. Nearly all the students in SMU's first class came from Dallas County, but now—reflecting the widespread acceptance of its scholastic programs in recent years—more than 40 per cent of the University's student body come from outside of Texas, and the ratio of out-of-state to Texas students is increasing annually.

A Master Plan for the academic future, adopted by the Board of Trustees on May 10, 1963, rededicates Southern Methodist University to its belief and aim as a national private institution of higher learning, pursuing academic quality and the full development of each individual student. It insists upon a program well balanced in the humanities, the social sciences, and the natural sciences, and well balanced in undergraduate, professional, and graduate education.

SMU was established in Dallas by The Methodist Church, and management of the University is vested by SMU's Board of Governors in an Executive Committee of civic, business, and religious leaders.

President of SMU is Willis M. Tate, a 1932 graduate of the University.

5:30 p.m.

PENNY EDWARDS—"MISS TIPARILLO"

What does she mean "cigars...cigarettes...Tiparillos"?

You'll be hearing that chant more and more—now that Tiparillos have arrived. And arrived they have. In all the right places. With all the right people.

The new Tiparillo has a neat, trim shape. It looks young and debonair. And its pearly, pliable tip pays more than lip service to your smoking pleasure.

And never before such mildness! The most careful blending of choicest imported tobaccos has seen to that. So, too, has the exclusive, veinless Ultra Cigar Wrapper* that burns so evenly and smoothly it insures complete mildness.

You can even see the mildness. The

surprisingly whiter ash is visible evidence. Smoker's proof. Here is flavor you don't have to inhale to enjoy.

"Cigars . . . cigarettes . . . ?" Who knows, maybe someday it will be just "Tiparillos!"

Why don't you ask for one today?

*T.M. GENERAL CIGAR CO.

Tiparillos are on sale at this stadium.

DON SPARKS

CLYDE PRESTWOOD

DR. WALLACE I. HESS

BILL HOLMES

MRS. WRIGHT

Valuable Members of Texas Tech Athletic Department

Don Sparks became full-time trainer this season. He was a trainer at Carswell AFB for two years. He coached Little Rock Central to four state titles and coached one year at Tulsa University before joining Tech in 1958.

Academic Counselor Prestwood sees the viewpoint of player, coach and instructor for he has been all three. He supervises study halls four nights a week and confers with athletes and their professors regularly.

Broken bones or simple bruises of Tech athletes receive the careful attention of Dr. Wallace I. Hess, physician and surgeon, who has been physician for Texas Tech athletic teams for the past several years.

Sports News Director Holmes keeps a busy schedule feeding news stories and pictures to press, radio and television sports newsmen. He is the department's statistician on players' accomplishments.

Ticket Seller par excellent! That's Mrs. Mildred Wright who has the all-important job of ticket manager for all athletic events on the campus. She has been satisfying fans since 1954.

RED RAIDERS

GO BUICK...

Shown Above: '65 Buick Wildcat Sport Coupe

The Raiders Move Up! Yes, this year the Raiders are picked to move up in football prowess and at the same time a Buick becomes the official Red Raider Club Automobile. Scoggin-Dickey is happy to provide the '65 Buick and to continue to support Texas Tech activities as they have for over 35 years.
