REQUEST for League of Women Voters of Texas Education Fund Sponsorship

To: LWV of TEXAS EDUCATION FUND, [REDACTED]

From: LWV of the Bay Area, [REDACTED]

Nancy Di Bella, Voter Service Co-chairman

1. General Nature of Project

A voter information flip chart, e.g., "Voter Key".

2. Project Purpose

The purpose of the flip chart is to provide government-  
al educational information to the citizens in our area. It  
will include a listing of various elected officials, election  
dates, boundaries and voting information.

3. Need

The Bay Area is made up of various governmental entities  
(8) and a transient population. Our League has provided a  
booklet called, "Know Your Area", which has been well accepted.  
In our fragmented governmental structure there was a great  
need for information on the taxing structure of localities,  
and the educational, cultural and social activities of the  
area. Now we feel there is a great need for voter information  
in an abbreviated flip chart form.

Dear Mrs. Di Bella:

The Trustees of the Texas Education Fund are pleased to announce approval of your proposed project to publish a voter information flip chart. I apologize for the delay in reporting this action to you but my summer has been completely out of my control.

The Trustees hope you understand that approval is granted on the contingency that the funds for the project will be raised in your local community. There is no money in the TEF for such local projects unless it is raised locally. You should seek a donor or donors, have the check(s) made payable to the LWV of Texas Education Fund, send them to me for deposit to an account for your League, and then the amount needed for the project will be forwarded to you. Trustees were most impressed with the complete budget that accompanied your request and hope that you will be able to raise the necessary \$351.02 so that the project may be completed.

Under a new procedure adopted by the Trustees, Mrs. Carl Herman Jr. of Houston will serve as a regional supervisor for local League projects in the Gulf Coast region and will thus be the person to whom you should report progress on the project. She will bring reports back to the Trustees and provide whatever assistance you may need from the TEF.

Good luck in your local fund-raising for the project.

Sincerely yours,

Mrs. Maurice H. Brown  
Chairman
