NOTICE TO PRODUCER AND BUYER

1. This card is for the identification of 1956 upland cotton produced on the farm described on the reverse side.
2. When such cotton is marketed by the producer (or his authorized agent) named on the reverse side and identified by this card the buyer may take the cotton as being free of the penalty and lien provided for in section 346 of the Agricultural Adjustment Act of 1938, as amended.
3. The buyer must satisfy himself that the person selling the cotton is the producer (or his authorized agent) named on the card and that the cotton being sold was produced on the farm described on the card.
4. A buyer of cotton is liable for the collection and payment of the penalty on all cotton purchased by him without proper identification by a marketing card, marketing certificate, or loan document, as provided for in regulations issued by the Secretary of Agriculture. He may relieve himself of this liability by deducting the amount of the penalty from the purchase price, or otherwise collecting the penalty, and remitting it to the appropriate county committee.
5. Use of the card for the purpose of identifying cotton not produced on this farm may subject the producer to whom issued, the seller and the buyer to criminal prosecution.
