LUBBOCK--The Texas Tech University College of Agricultural Sciences has recognized the two top students in the college for 1983-84, and three faculty members for teaching and research.

Named Outstanding Student in the College was Jane Humble, agricultural communications/education senior. She also was recognized as the outstanding student in the Department of Agricultural Education and as Aggie of the Month for September. She is the daughter of Mr. and Mrs. Bill Humble of San Angelo Route, Sterling City.

The student attaining Highest Academic Achievement in the college was Russell H. Maenius, agricultural economics major. He also was recognized for having the highest grade-point average in the Department of Agricultural Economics. He is the son of Mr. and Mrs. Hugo H. Maenius, Route 1, Blanco.

The college also recognized Dr. B. Frank Craddock of the Animal Science Department as Outstanding Teacher for Fall 1983 and Dr. Norman W. Hopper of the Department of Plant and Soil Science as Outstanding Teacher for Spring 1984. Craddock has been with Texas Tech since 1981 and Hopper since 1976.

Outstanding Researcher was Dr. Fred S. Guthery, adjunct professor of range and wildlife management. He has joined the research staff of the Kleberg Wildlife Research Institute at Texas A&I University.

The students and faculty were honored at the college's April 7 banquet.

4-5-7-84

TOP RESEARCHER--Texas Tech University's College of Agriculture has recognized Dr. Fred S. Guthery as the college's outstanding researcher for 1983-84. Guthery, left, receives his award from Dr. Robert C. Albin, associate dean for research during the spring honors banquet. Guthery, adjunct professor of range and wildlife management, has joined the reasearch staff of the Kleberg Wildlife Research Institute at Texas A&I University.

(TECH PHOTO)

caption-----

5-5-7-84

HIGHEST ACADEMIC ACHIEVEMENT--Texas Tech University's College of Agricultural Sciences has recognized Russell H. Maenius of Blanco for attaining the highest academic achievement in both the college and the Department of Agricultural Economics. Maenius, left, receives his award from agricultural education Professor Marvin Cepica during the college's spring honors banquet. An agricultural economics senior, Maenius is the son of Mr. and Mrs. Hugo H. Maenius, Route 1, Blanco. (TECH PHOTO)

caption-----

6-5-7-84

TOP AG STUDENT--Texas Tech University's College of Agricultural Sciences recognized June Humble of Sterling City as the college's top student. Humble, left, agricultural communications/education senior, receives her plaque from agricultural education Professor Marvin Cepica. Humble also was honored as the outstanding student in the Department of Agricultural Education and the September Aggie of the Month. She is the daughter of Mr. and Mrs. Bill Humble, San Angelo Route, Sterling City. (TECH PHOTO)

caption-----

7-5-7-84

TOP ENTOMOLOGY STUDENT--Texas Tech University's College of Agricultural Sciences recognized Paula Verden of Earth during the spring honors banquet as the outstanding student in the Department of Entomology. Verden, left, receives her certificate from agricultural education Professor Marvin Cepica. Verden, daughter of Mr. and Mrs. Bill Verden of Earth, is an entomology senior. (TECH PHOTO)

caption-----

8-5-7-84

TOP ANIMAL SCIENCE STUDENT--Texas Tech University's College of Agricultural Sciences recognized Dean Hawkins of Clarendon during the spring honors banquet as the outstanding student in the Department of Animal Science. Hawkins, left, receives his certificate from agricultural education Professor Marvin Cepica. Hawkins is a senior and the son of Mr. and Mrs. Jerry Hawkins of Clarendon. (TECH PHOTO)

caption-----

9-5-7-84

OUTSTANDING STUDENT--Texas Tech University's College of Agricultural Sciences recognized Kim Ile of Kingwood during the spring honors banquet as the outstanding student in the Department of Park Administration. Ile, left, receives her certificate from agricultural education Professor Marvin Cepica. A senior, Ile is the daughter of Mr. and Mrs. John Stock, 4915 Golden Pond Drive, Kingwood. (TECH PHOTO)

caption-----

10-5-7-84

HIGH ACADEMIC ACHIEVEMENT--Texas Tech University's College of Agricultural Sciences recognized senior David Becker of Post during the spring honors banquet for having the high grade-point average in the Plant and Soil Sciences Department. Becker, left, receives his certificate from college Dean Sam E. Curl. Becker is the son of Mr. and Mrs. William Becker Jr., Route 2, Post. (TECH PHOTO)

caption-----

11-5-7-84

HIGH GPA--Texas Tech University's College of Agricultural Sciences recognized senior Kenneth Ghormley of Dallas at the spring honors banquet for having the highest grade-point average in the Department of Park Administration and Landscape Architecture. Ghormley, left, receives his award from college Dean Sam E. Curl. Ghormley is the son of Mr. and Mrs. Hugh Ghormley Jr., 5270 Ponderosa Circle, Dallas. (TECH PHOTO)

LUBBOCK--An "Afternoon of Ballet" will be presented by Lubbock Civic Ballet at 3 p.m. Sunday (May 13) in The Museum of Texas Tech University.

The program of modern and classical ballet and character folk dancing is open free to the public in The Museum's Main Gallery. The program is the final performance in The Museum's spring series of "Music in the Gallery."

The performance will include "Composition on Folk Dance," choreographed by company artistic director Leonid Lubarsky and set to Russian folk music. Also to be performed will be "Allegro Piquant," a modern ballet danced to music by Vivaldi and choreographed by Kansas State University dance chairman Luke Kahlich, a former Lubbock resident. "Spring Concert by Shostakovich" with choreography by Lubarsky also is planned.

Mayor Alan Henry is scheduled to attend the performance and to issue a proclamation for May 13 as "Dance Appreciation Day" in Lubbock.

Dancers participating in the performance will include Lubbock Civic Ballet company members Karla Barron, Shelley Cummins, Rachel English, Alison Harvey, Jennifer Lamberts, Yvonne Racz, Kristi Schultz, Tamara Slease and Carolyn Thomas.

Junior company members performing will be Susannah Brown, Colette Cadenhead, Chantel Crews, Mimi Morris, Christina Shamburger, Stacy Stripling, Marie Kathrine Trammel, Tracy Watts, David Jensen, Cainya Leftwich, Misty Hillin, Rhonda Lisauckis and Yvette Hernandez.

13-5-7-84

LUBBOCK--Texas Tech regents will meet in regular session Friday (May 11) and take under consideration new degree programs in biochemistry, geography and nursing; revision of undergraduate admission standards; a revision of the university tenure policy; and student fee schedules.

Other business of the regents will be consideration of construction contract awards for: a laboratory theater addition to the University Theatre; completion of the second level of the Amarillo Regional Academic Health Center; a new parking lot for the Texas Tech University Health Sciences Center in Lubbock; a new sewage effluent storage reservoir on the western portion of the Lubbock campus; and replacement of air washer units in the Bledsoe-Gordon Residence Halls kitchen.

The board will consider a contract with Odessa's Medical Center Hospital providing for a maximum of seven residency training positions, five first year and two second year positions. These would be the first residency positions in the Permian Basin for the Texas Tech Health Sciences Center.

Degree programs the regents will consider include a proposed doctor of nursing science and master of science in nursing; a master of arts with a major in geography; and bachelor of science and bachelor of arts degrees each with a major in biochemistry.

Undergraduate admission standards provide for both unconditional and conditional admissions. In addition to acceptable scores on either the Scholastic Aptitude Test (SAT) or the American College Test (ACT), students would be required to have four units of high school English, three of mathematics, 2.5 of social science, two of science --biology, chemistry, geology or physics, and 3.5 units of electives. -more-

REGENTS/ADD ONE

Colleges of Engineering and Business Administration require additional units in some areas. The standards "strongly recommend" at least two elective units chosen from computer science, economics, foreign language, mathematics beyond the beginning algebra course, public speaking and debate, science and social science.

Students admitted conditionally may be expected to take specific courses during the first two semesters of enrollment, must follow prescribed advising procedures and seek counseling assistance from academic deans. Summer sessions for these students, preceding enrollment in a regular semester, are recommended.

The proposed admission standards would not, if approved, go into effect until fall 1985.

The tenure policy to be considered was developed by an ad hoc committee of the Board of Regents, working with Texas Tech President Lauro F. Cavazos.

Regents will review a student fee schedule that calls for a decrease in the maximum student service fee from \$60 to \$51; creation of a medical service fee of \$20 per semester; and a 6.4 percent increase in residence hall rates. The proposed housing fee scale seeks the lowest increase in five years and would leave Texas Tech at the lower end of the scale among Southwestern universities of comparable size.

LUBBOCK--Six Texas Tech University students have been honored by the English Department for their academic achievements or for their writing during the 1983-84 academic year.

Arch Mayfield of Plainview, Katherine R. Lemon of Dallas and Deborah Ann Harper Lewis of Wolfforth received scholarships; G. Dale Coleman of Lubbock was named outstanding graduate student instructor; and Kipy Trowbridge of Petersburg and Douglas M. Wendel of Honolulu received writing awards.

Mayfield, the son of Mr. and Mrs. John A. Mayfield of Weinert, was presented the Allan L. Carter and Olga Meloy Carter Graduate Award in English. The award carries with it a \$1,000 stipend. Mayfield is an English major working on his doctoral degree.

Lemon, a sophomore English major, was presented the \$250 Truman and Virginia Camp English Scholarship. She is the daughter of Mr. and Mrs. Robert D. Lemon, 9418 Northpoint Drive, Dallas.

Lewis, the daughter of Mr. and Mrs. R.S. Harper Jr., 7012 Priscilla Drive, Austin, received the \$150 Lenore M. Tunnell Memorial Scholarship. She is a sophomore English major.

Coleman, a doctoral student in the department, was named outstanding graduate student instructor. Coleman is the son of Mr. and Mrs. Glen A. Coleman Sr. of Memphis, Texas.

-more-

Awards for the outstanding freshman essays in the department's initial college rhetoric course went to Trowbridge for the 1983 spring semester and Wendel for the 1983 fall semester. Trowbridge, a sophomore elementary education major, is the daughter of Mr. and Mrs. Steve Trowbridge of Petersburg. Wendel, a sophomore computer science major, is the son of Mr. and Mrs. Robert S. Wendel, 923 22nd, Honolulu.

SUGGESTED FOR RELEASE SUNDAY, MAY 13

LUBBOCK--About 200 governmental finance officers and administrators from as far away as Alaska and Maine will meet at Texas Tech University for the seventh annual Southwest School of Governmental Finance May 20-24.

The school is sponsored by Texas Tech's Center for Professional Development (CPD).

CPD Associate Director Jay Lutz said, "This year will mark the largest enrollment we have had since the school's inception in 1977. Most of the participants will be from Texas, but we'll also have representatives from Alaska, Maine, Massachusetts, South Dakota, Michigan, Florida, Washington, Alabama and 11 other states."

The school enhances participants' knowledge in legal, governmental and financial areas. The program is designed for managers, administrators, professional staff and employees of both financial and non-financial departments in city, county and state governments, as well as independent school districts, water districts and similar agencies.

The school also is applicable to independent auditors and certified public accountants, financial advisers and commercial/investment bankers involved in underwriting, resale and analysis of municipal bonds.

-more-

The curriculum includes intermediate programs for new employees or persons in non-financial positions; advanced programs for experienced professionals interested in updating their knowledge or who have attended previous sessions; and school, securities and accounting tracks for accountants, auditors, CPAs, investment bankers, financial advisers and school district personnel and administrators.

The sessions will include core and elective courses, including a three-hour computer lab. Core courses will be offered mornings and electives afternoons. All classes will be in the College of Business Administration Building.

The faculty for the seminars will include Texas Tech Distinguished Professor of Accounting Robert J. Freeman; Ronald W. Forbes of State University of New York, Albany, N.Y.; David S. Kidwell, University of Tennessee, Knoxville, Tenn.; Phil Barnes, partner, Peat, Marwick, Mitchell and Co., Dallas; James Fountain Jr., assistant city manager, Dallas; Bill W. Phipps, assistant superintendent of business, Conroe ISD; James L. Williams, partner, Deloitte Haskins and Sells, Houston; and Robert B. Nolan, senior vice president, Blyth Eastman Paine Webber Inc.

The program director is Michael D. Joehnk, professor of finance, Arizona State University. The advisory board includes Freeman, CPD Director Thomas A. Ratcliffe and Robert Massengale, director of finance, City of Lubbock.

The school will begin with a get-acquainted dinner sponsored by Blythe Eastman Paine Webber Inc. at 6:30 p.m. Sunday (May 20) at LakeRidge Country Club. Dinner at 6:30 p.m. Monday (May 21) at Jug Little's will be sponsored by Peat, Marwick, Mitchell and Co., Dallas.

A reception at 7 p.m. Wednesday (May 23) at the University-City Club will be sponsored by First Southwest Company, Dallas.

The 3½-day school will conclude with an awards luncheon at 12:15 p.m. Thursday (May 24) in the Texas Tech Wiggins Complex cafeteria. The host company will be Shearson/American Express.

For more information, contact Jay Lutz at (806) 742-3170.

LUBBOCK--A Texas Tech University student, previously recognized for the highest academic achievement in the College of Agricultural Sciences in 1983-84, has been named the outstanding agricultural economics student in Texas.

Texas Tech Agricultural Economics Department Chairman Kary Mathis said senior Russell H. Maenius of Blanco has been honored by the Western Agricultural Economics Association as the outstanding student in Texas.

The association recognizes one college student per state in the Western and Great Plains states, Mathis said.

Maenius was recognized by the college at the spring honors banquet for attaining the highest academic achievement in the department and in the college. He also has been recognized by the department as the outstanding senior for 1983-84 and outstanding junior for 1982-83.

He is holder of a Houston Livestock Show and Rodeo Scholarship.

Maenius is the son of Mr. and Mrs. Hugo H. Maenius, Route 1, Blanco.

29-5-9-84

LUBBOCK--A 15-member team from the Texas Tech University Mass Communications Department will compete for the national title in the annual American Advertising Federation Competition June 2 in Denver, Colo.

The team won first place over 10 other universities in the southwest regional competition April 12. In the competition teams develop an advertising campaign based on the actual needs of a national company. This year's competition was based on a case study of Tandy/Radio Shack computers.

Team members, their parents and addresses are: Peggy Knutson, Mr. and Mrs. Herb Knutson, 2808 Robin, Plano; Kimber Smith, Mrs. Aubrey Smith, 2801 Parker, Amarillo; Rose DeAngelo, Mr. and Mrs. Ed DeAngelo, 805 Charter Oak, Arlington; Kim Buechley, Mr. and Mrs. John Buechley, 1712 Versailles, Fort Worth; Gregg Carson, Mr. and Mrs. James Carson, 3908 Driskell, Fort Worth; Christine Isaac, Mr. and Mrs. Charles Isaac, 706 W. 20th, Muleshoe; Mike Klein, Mr. and Mrs. Elgin Klein, 4401 27th St., Lubbock; and Tracey Evans, Mr. and Mrs. James Evans, 3011 Yellowstone, Arlington.

Also, Robert Sparkman, Mr. and Mrs. Bobby Sparkman, 3609 Plaza Park, Garland; Greg Ward, Mr. and Mrs. Jim Ward, 223 Fir, Hereford; Beverly Blair, Jim Clark, 7979 Westheimer 2632, Houston; Nancy Feichter, Mrs. Jeneane Feichter, 7353 La Bolsa, Dallas; David McClure, Mr. and Mrs. Charles McClure, 105 Polly's Lane, Uncasville, Conn.; Shannon Spining, Sara Spining, 8472 Valley View, and Richard Spining, both of Buena Park, Calif.; and Michelle Jackson, Jim Bob Jackson, 8432 Wayne and Joyce Jackson, 2811 35th, Lubbock.

-more-

Faculty sponsor for the team was James L. Marra of mass communications.

Team members researched the case then developed a creative strategy, a sales promotion and a coordinated media plan. Members then organized their objectives, strategies and tactics into a 49-page plans book, a 12-page creative supplement and a 20-minute audio-video presentation for the competition.

30-5-9-84

LUBBOCK--Two Texas Tech University petroleum engineering majors have been awarded \$2,500 scholarships funded by Gulf Oil.

Wallace Van Gravitt of Midland and Allen Harp of Lubbock received the scholarships, based upon academic achievement. The scholarships, for \$2,500 during each recipient's junior and senior years, cover 80 percent of the cost of tuition, fees, books, room and board.

Petroleum Engineering Department Chairman Robert E. Carlile said the Gulf scholarship is the largest offered in the department and the most academically competitive.

Representing Gulf at the presentation was B.J. Gallagher, manager engineering, Western Division, Gulf Oil Exploration and Production Co.

Gallagher also presented Carlile with a \$1,000 departmental assistance grant which is included in the scholarship program.

Gravitt, a junior, will receive the scholarship for two years. Harp, a senior, is in the second year of his scholarship.

Gravitt is the son of Mr. and Mrs. Wallie Gravitt of 2808 Auburn, Midland. Harp is the son of Mr. and Mrs. Robert A. Harp, 4601 29th St., Lubbock.

LUBBOCK--Two Texas Tech University agricultural economics students have received internships to work in the U.S. Department of Agriculture in Washington, D.C.

Junior Lynn Tate of Samnorwood and junior Janet Boyd of Throckmorton were notified at the end of the spring semester that they had won the internships competition, said Dr. Kary Mathis, Agricultural Economics Department chairman.

Mathis said other College of Agricultural Sciences students have received past USDA internships, but this is the first time two from the college and the same department have received them the same year.

Both students will start their internships this fall, he said.

Boyd is the daughter of Mr. and Mrs. Tommy Boyd of Throckmorton. She was recognized at the college's spring honors banquet as April Aggie of the Month.

Tate, outstanding junior in the department for 1983-84, is the son of Mr. and Mrs. Rudolph Tate, Quail Route, Samnorwood.

33-5-9-84

LUBBOCK--Texas Tech University's horse judging teams have scored a double victory by placing first and third overall in the Southwest Regional Intercollegiate Horse Judging Contest at College Station.

Animal science Professor and coach Jim Heird said, "This is the sixth straight year we've won the Southwest Regional, but this is the first time we placed two teams in the top five."

Out of the past 11 national-level collegiate horse judging contests, Texas Tech has placed first seven times, second twice and third twice.

"We've been no lower than third in the past three years," Heird said.

Squad "A" members and their parents were: Becky Terrell, animal science sophomore, Mr. and Mrs. M.P. Terrell, 522 Skyline Lane, Stillwater, Okla.; Kristi Hancock, animal production freshman, Mr. and Mrs. Donald Hancock, Route 2, Brownfield; Mark Thomas, agricultural education junior, Mr. and Mrs. Maynard Thomas, Wolfforth; and J.W. Neuhaus, agricultural education/animal production junior, Mr. and Mrs. John W. Neuhaus, Shamrock.

Squad "B" members and their parents were: Sam Jackson, animal science sophomore, Dr. and Mrs. Bill G. Jackson, Route 4, Stephenville; Casey Cobb, animal production sophomore, Mr. and Mrs. Charles Cobb, Star Route, Hereford; Dean Hawkins, animal science senior, Mr. and Mrs. Jerry Hawkins, Clarendon; Trish McElmuray, pre-vet/animal science junior, Mr. and Mrs. Ned T. McElmuray, Route 4, Bowie; and alternate, Paul Stanley, animal production junior, Mr. and Mrs. Andrew J. Stanley Sr., 1000 Morningside Circle, Savannah, Tenn.

-more-

Heird said Texas Tech's Squad "A" accumulated 2,026 points out of a possible 2,250 to win first in the April 20 contest. Squad "B" garnered 2,013 points, just three points shy of second place which was taken by Oklahoma State University "B" Team. Cal-Poly at Pomona was fourth with 1,988 points and Oklahoma State University "A" Team was fifth with a score of 1,968.

In the performance division, Texas Tech placed first and second. Squad "A" tied for first in the halter category. In reasons, Squad "B" took first and Squad "A" placed fourth.

Heird said nine universities participated with 15 teams.

Individual winners were:

* Halter -- Thomas, high individual; Jackson, fifth; Hancock, eithth; and Hawkins, 10th.

* Performance -- Hawkins, third; Hancock, fifth; and Thomas, 10th.

* Reasons -- Jackson, second; Hawkins, third; Thomas, sixth; and Hancock, ninth.

* Overall -- Thomas, second; Hawkins, third; Hancock, fourth; and Jackson, fifth.

"This was one of our best showings at a contest in taking two of the top five team spots and four of the five overall individual places," Heird said.

The university horse judging team's next competition will be in October at the All-American Quarter Horse Congress in Columbus, Ohio.

LUBBOCK--Thirteen students in Texas Tech University's Department of Mathematics have been recognized for their scholastic achievements.

The department and the honorary society Kappa Mu Epsilon also honored Dr. Benjamin S. Duran as the outstanding teacher of 1983-84.

The outstanding undergraduate student was senior Weldon Patterson, a three-time Emmett Hazlewood Scholar in the department. He is the son of Mr. and Mrs. W.L. Patterson, 505 Second Place, Abernathy.

Outstanding graduate student was doctoral candidate Rosihan Mohamed-Ali, the son of Mr. and Mrs. Mohamed-Ali Shariff of Malaysia.

Named 1984-85 Emmett Hazlewood Mathematics Scholars were Victor Akin of Manchester, Mo., Rick Bustos of Amarillo, David Cato of San Antonio, Denise Kellogg of Lubbock Warren Koepp of Salt Flat, Kim Locke of Ropesville, Carla Nugent of Levelland, Lisa Taylor of Plainview and Kami Jo Tomberlain of Omaha.

The 1984-85 Mildred and Lonnie Langston Scholar was Shawna Hellman of Lindsay.

The first Kenneth L. Sterne Astronomy Scholar is Cathy Norwood of Alamogordo, N.M.

Students named to these honors will receive scholarships ranging from \$500 to \$1,000.

The Hazlewood scholarships honor a professor who headed the Texas Tech Department of Mathematics from 1946-66 and who taught at the university for 34 years.

-more-

Akin, a sophomore, is the son of Mr. and Mrs. Johnnie D. Akin, 1418 Gervas Drive, Manchester, Mo. He has previously received the Texas Tech University Scholarship and Westlake Scholarship.

Bustos, a junior, is the son of Mr. and Mrs. Eduardo D. Bustos, 2410 N. Seminole, Amarillo. He previously has received the Gabriel Rivera LULAC Scholarship, E. Richard Heineman Scholarship, Hazlewood Scholarship, Hattie Mae Bush Scholarship and Eldon Durret Scholarship.

Cato, a sophomore, is the son of Mr. and Mrs. Paul L. Cato, 6331 Cypress Creek, San Antonio.

Kellogg, a junior, is the daughter of Dr. and Mrs. Charles N. Kellogg, 3424 56th St., Lubbock. She previously has received the President's Scholarship and National Merit Scholarship.

Koepp, a freshman, is the son of Mr. and Mrs. W. Philip Koepp of Salt Flat. He previously has received the 1983-84 Heineman Freshman Mathematics Scholarship, McFadden University Scholarship and TILF Clark Foundation Scholarship.

Locke, a junior, is the daughter of Mr. and Mrs. Duane Locke of Ropesville. She previously has received the 1983-84 Hazlewood Scholarship, Texas Tech University Scholarship and 1984-85 ARCS Scholarship.

Nugent, a sophomore, is the daughter of Mr. and Mrs. Eugene Nugent, Route 5, Levelland. She previously has received the Sid Richardson Memorial Scholarship, Heineman Scholarship and Langston Scholarship.

Taylor, a junior, is the daughter of Mr. and Mrs. Wayne Taylor, 1111 Holiday, Plainview. She received the Hazlewood Scholarship in 1982-83 and 1983-84 and the AAUW Scholarship-Plainview.

Tomberlain, a sophomore, is the daughter of Mr. and Mrs. James Tomberlain. She previously has received a University Scholarship.

Hellman, a sophomore, is the daughter of Mr. and Mrs. C.J. Hellman of Lindsay. She received a 1983-84 Heineman Scholarship.

Norwood, a master's level graduate student, is the daughter of Lt. Col. and Mrs. Charles Norwood, 3022 Del Cerro, Alamogordo, N.M.

Another 1983-84 Heineman Scholar recognized at the April 12 honors banquet was freshman Mary K. Arthur, the daughter of Dr. and Mrs. J.C. Arthur, 1601 S. Austin, Amarillo. She previously has received a University Scholarship.

Outstanding teacher Duran is coordinator of the statistics faculty in the department. On the Texas Tech faculty since September 1971, Duran is the son of Mrs. Telesfora Duran of Tularosa.

Duran received his bachelor of science degree at the University of Albuquerque and his master's and doctoral degrees from Colorado State University at Fort Collins.

LUBBOCK--Texas Tech regents Friday (May 11) approved new degree programs in biochemistry, geography and nursing; stiffer standards for unconditional admission to the university, and changes in student fee schedules.

In regard to a proposed tenure policy, originally on the board's agenda, regents acquiesced in a request of its ad hoc Committee on Tenure Policy to delay consideration until fall. The committee's suggestion was based on a request of the university's Academic Counsel -- comprised of deans of colleges and schools, which was forwarded to the committee with the recommendation for acceptance by Texas Tech President Lauro F. Cavazos.

The board approved a contract with the Medical Center Hospital in Odessa, providing for a maximum of seven residency training positions -- the first in the Permian Basin for the Texas Tech University Health Sciences Center. The resident physicians are specializing in family practice.

Degree programs approved by the requests include doctor of nursing science and master of science in nursing; a master of arts with a major in geography, and bachelor of science and bachelor of arts degrees, each with a major in biochemistry. The programs will be submitted to the Coordinating Board, Texas College and University System, for its approval.

-more-

New admission standards, to go into effect in the fall of 1985, provide for both unconditional and conditional admissions. Students conditionally admitted would be required to take certain courses and accept counseling services to help assure their academic success at the university.

In regard to student fees, the addition of a medical service fee of \$20 allowed reduction in regular student fees. University students, however, will pay a total of \$11 more in fees, used to pay for student services. The fee schedule was recommended to the regents by a student advisory group.

HONORED--Dr. Marilyn E. Phelan, left, was honored Friday (May 11) by a Texas Tech University Board of Regents resolution presented by Regent J. Fred Bucy, right. Dr. Phelan has announced that she will resign her office as general counsel for the university and the Texas Tech University Health Sciences Center in August. She will return to full-time teaching in law and museum science. A member of the faculty for 17 years, she has served as an administrator 11 years. She has been general counsel since 1977. PRACTICE FACILITY--Texas Tech University regents Thursday (May 10) were presented for their consideration preliminary designs and a model for an indoor practice facility for students in physical education and varsity athletes. The design by Spencer and Associates, Architects, Austin, would be large enough for half a football field. When that field is "rolled back" there would be room for tennis, basketball and other sports. A track encircles an upper level. Describing the model is Ralph Spencer, a Texas Tech graduate and president of the Austin firm, and his associate, right, Jose L. Tovar, a Spencer staff architect. (TECH PHOTO)
