

I am surprised in looking at the date of your
last communication to find that a month
has passed so quickly by, and time is so
fleetly flying as once the fulfillment of our
spiritual hopes. Here as when you first I have
been very much occupied with the coming family
cones, which I have been in the habit of
and then the even the friends of my life my
birth day Sept 26th ^(the day when the spirit of the world was) & the anniversary of my father's
death. & on Oct 3 the ~~Sept~~ ^{the anniversary of} my
birthday - I am all again very much occupied.

Yesterday Mr. Reule came for me to go off
the day with Amanda, and we talked
over the events of 30 years ago, when
we were on the wedding trip. Amanda wishes
to be remembered to you. She is the same
strong character of "long home ago," and we
spend some happy hours together. Emma &
Anne are home, and I begin to miss the
absent boy. We are all in good health
not except for that. And my mother for
what to be thankful & we praise I daily
