President Johns Sends Open
Letter

We're not running the above pic-
ture on the theory that it is either
pretty or artistic, but merely from
the standpoint that there are prob-
ably many Tech exes who do not
know the Alumni and Ex-Students
Association's new Executive Secre-
tary, Wendell Watson.

GOOD LUCK, CALVIN AND MARY

It is with great regret that we see our good friend, Calvin Hazlewood, leave the Texas Tech Alumni and Ex-Students association in an official capacity, but we appreciate the fact that self-advancement is a person's first concern. We feel that it is the good fortune of the Star Engraving company that they were able to secure the services of Calvin. The alumni and exes will long remember him for his untiring efforts for the association and for goodwill which he has established throughout the country. And so it is with pride that we are allowed to try to fill the place vacated by Calvin Hazlewood. Good luck, always, Calvin, and to you, Mary.

WE TAKE OVER

The tasks and problems confronting the Alumni and Ex-Students association of Texas Tech during the next few years are many and difficult. Only through the combined efforts of both the alumni and the student body on the campus can these tasks and problems be solved. Combined efforts mean that each and every one concerned must do his or her part in helping to carry on the program of both the college and the Alumni and Ex-Students association.

Alumni and ex-students doubtless realize that their memberships in the association are only the beginning. Without question, paid memberships are absolutely essential to carrying on the activities of the organization, but support other than financial is just as important.

Students on the campus must let their needs be known before any organization, alumni or otherwise, can be of any assistance. Students also must cooperate to the best of their ability with any program attempted by the Alumni and Ex-Students association.

The TEXAS TECH MAGAZINE, through its distribution to alumni and to students on the campus, should serve as intermediary between these two groups, mutually concerned in the advancement of Texas Tech.

We urge, therefore, that each and every one of you, either in school or out, aid us in promoting the best possible publication. Suggestions, criticisms and contributions are always appreciated and welcomed. Let's make it 100 per cent cooperation for 1940-41!

Thumbnail Opinions

"Actors speak of things imaginary as if they were real, while you preachers too often speak of things real as if they were imaginary." A famous actor of the seventeenth century made this reply to a preacher who had complained of the dryness of religion.

"It is nothing to her whether her husband be a cobbler or an artist," said Franz Joseph Haydn, Austrian composer, of his wife, who showed no pride in her husband's profession and high reputation.

Coronado and Texas Tech March On 400 Years Later

By **BILL COLVERT**

**Publicity Director, United States
Coronado Commission**

Although there is some question whether or not Francisco Vasquez de Coronado and his sturdy band of warriors walked across what is now the campus of Texas Technological college back in the year 1540, there is no doubt Coronado's spirit will be back in Lubbock September 30 through October 5 when the United States Exposition Commission brings the magnificent \$100,000 Coronado Entrada here as the night feature of the Panhandle-South Plains fair. The Entrada is sponsored by the West Texas Museum association.

As usual, undergraduates and instructors of Tech are co-operating to make the show a success. Over 100 students have been rehearsing for the past two weeks and when the opening takes place at the fair grounds the spirit of the people of the Southwest will be there with that of Coronado.

Francisco Vasquez de Coronado is to be played by Joe Burson, senior at Tech from White Deer. Beatriz, his wife, will be portrayed by Kathleen Webb, also a senior at Tech and president of the women's dormitory association. Miss Webb is from Lamesa and is studying dramatics.

Antonio de Mendoza, governor of New Spain, the man who sent Coronado out for gold, will be played by A. E. Strehli, French and Spanish teacher. Bill Pearce, history teacher, won the important role of Captain Garcia Lopez

JOE BURSON
In Leading Role

Here are a few of the Tech undergraduates dressed in 400-year-old type costumes as brought to Lubbock by the United States Coronado Exposition Commission that will be worn in the Coronado Entrada.

de Cardenas, rough captain who always wanted to fight on the Coronado expedition.

Captain Hernando de Alvarado will be played by John Harding, business administration teacher. Lope de Urrea who roamed about here 400 years ago will be dramatized by Dr. E. F. George, head of the physics department.

Juan Jaramillo, will be played by Jack Coats, freshman student. Villegas will be played by C. M. Stanley, textile engineering professor.

Bruce Patton, 10, son of Dr. LeRoy T. Patton, head of the geology department, will have the role of Alonso Sanchez, bad boy who does not like to carry water for his mother. Dr. Patton will play the role of Victoria.

John Watson, teacher of radio speech, will be Father Padilla, good priest who is killed during the show. Hollis Cross, physics teacher and CAA instructor, will

be Father Marcos de Niza. Juan Aleman, troublesome fighting Indian, will be played by Clifton Sprouts, student.

The Turk, a bad Indian who leads Coronado's forces to ruin, will be portrayed by Eddie Havar, a freshman. Jack Dubberly, a pre-medical student, will take the part of the Hidalgo. Another lawyer will be Leon Harris, senior. Kenneth Duke, freshman, will be the third lawyer.

Don Molando is to be played by Arlen Wages, student, and the court officers who wear fancy costumes of red and black will be Roy Chambliss and Arnold Mathias, both students.

Miss Ruth Pirtle, head of the speech department and casting director for the show, has announced the following ladies-in-waiting to Coronado's wife: Martha Fisk, student from Amarillo; Mesdames A. B. Strehli, Ray Mowery and W. C. Holden, wives of Tech professors.

They Cover The Globe . . .

Mr. and Mrs. Clark Ed Jones are now residing in Hobbs, N. M., where Clark Ed is employed by the Texas Company.

Thomas A. Peays, Tech agriculture graduate, has been approved as a flying cadet, the army recruiting office in Lubbock advises. Peays, a resident of Robert Lee, will go to Santa Maria, Calif.

Winston Pettus, 1940 graduate has accepted a position as cashier of the Bryson First State Bank. He is also engaged in ranching.

Truman Jones, June graduate of the Agricultural Education Department has been elected vocational agriculture teacher at Littlefield for this year. He succeeds Harold Frazier, also a Tech graduate, resigned.

Lester A. Coon, Tech graduate, has been employed as computer with the Western Geophysical company in Pampa. Coon received his bachelor of science degree from Tech in 1938 and his master's degree during the past summer.

Lynn county schools are employing many Tech graduates and ex-students for this year. Among them are the following: O'Donnell; Mrs. Paul Long, Mable Harris, who received her M. A. degree in English the past summer and Mrs. Carl Revis, who received her B. A. degree the past summer.

Wilson: Edith Maston, home economics.

New Home: J. W. Partain, high school principal; Maurycie Giles, Mary Margaret Pickett.

Petty: Beatrice Cromer.

Draw-Redwine: R. K. Green, superintendent, received his M. A. degree during the past summer; Pickens Bowen; Johnnie Fulford.

Dixie: Mr. and Mrs. Archie Sims.

New Moore: Fred Bryant principal, who received his B. A. degree from Tech in August.

Wells: Mr. and Mrs. Hamilton Still.

Tahoka: Leslie (Broadway) Browning, vocational agriculture; John Hamblen, who attended Tech band school during the summer; Willie Pearl Dockray.

Robert Pendleton, '40, is now employed as teller by the Lubbock National Bank.

Eugene Struve now resides at 5050 Stone Avenue, Tucson, Ariz., where he is employed in the marketing division of the Shell Oil Company.

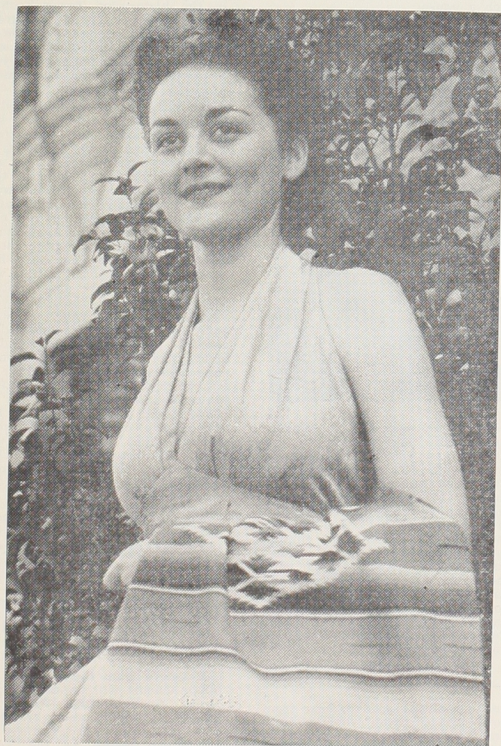

Mr. and Mrs. Raymond Lamb (Betty Bizzell) have been transferred from Hobbs, N. M., to Midland. Raymond is with the Continental Oil company.

Clifton Oliver, who received his B. A. degree in economics in 1937 and his M. A. degree in 1939, has been appointed a member of the economics staff at Texas Christian university.

Warlick Carr '40, will study in Columbia university this year. Waggoner Carr and Wallace Hawkins, both 1940 graduates, will enter law school at Austin.

John Shaver, Tech graduate, who has recently done advanced work in Columbia university, is now teaching in the Texas School for the Deaf in Austin. An article written by John concerning his work there appeared in the September issue of the Texas Outlook, official publication of the Texas State Teachers association.

Continued on Page Eighteen

MISS KATHLEEN WEBB
Given No. 1 Feminine Role

The Texas Tech Alumni Association is to be congratulated on being able to employ a full time secretary. I believe that they are also most fortunate in securing Mr. Wendell Watson for this position. It will be my pleasure to cooperate with him in every possible way.

The Division of Engineering finds itself in need of every bit of help which alumni members, either as individuals, or through the Association, may be able to render in connection with its accrediting program with the Engineers' Council for Professional Development. It is firmly believed that this assistance will be forthcoming.

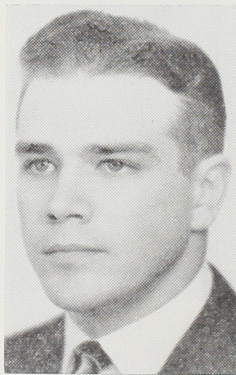

Last May the local Engineering Alumni and Ex-Students perfected an organization known as the Texas Tech Engineering Alumni and Ex-Student Society. Its officers are Mr. Arch King, President, Mr. Fenton Harding, Vice President, and Mr. Garland Nystel, Secretary-Treasurer. Its purpose is to assist in securing donations of equipment or of money which may be used for the purchase of equipment. Donations of cash earmarked for engineering equipment may be made through the Texas Tech Foundation. Lists of needed equipment have been prepared and will be sent to parties requesting them. Persons who wish to help in this matter or who are acquainted with others who may be in a position to help are urged to contact the head of the engineering department in which the equipment would be used. It is entirely possible that equipment otherwise suitable might not fit into the plans which have been already worked out by the head of the department.

It is urged that each of you give serious attention to this matter during the fall months as we expect a visit (the third) from the Inspection Committee of the Engineers' Council for Professional Development in April or May 1941. We will be pleased to have you call at the office at any time

Deans And Student Prexy Send Greetings

The Student Association of Texas Tech is honored and privileged with the feeling of assurance which the Alumni and Ex-Students Association of this school exercises. Because of the purpose for which this organization stands, and on behalf of the Student Association, we wish to say that we are most anxious to cooperate in any manner to further any cause put forth.

In the time of saboteurs and fifth columnists there is a necessity to combat any move which might be made and result as a reflection upon our institution. It is felt that no department is more capable of repelling such action than the Alumni and Ex-Students Association of Texas Tech. There is no anticipation of such an element existing on our campus, but should action arise we wish to say that our aid and cooperation shall be lent to the association which is most efficient to act in such a cause.

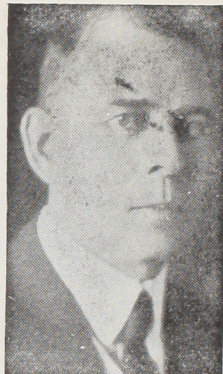

We should also like to express our sincere appreciation to the Alumni and Ex-Students Association for the efficient and progressive work done since its organization. It is hoped that advancing work is in store, for we, the present students of Tech, realize that soon we too shall be eligible for membership to that society, and for that reason, along with the many others with which the association is credited, we give you our whole-hearted support and cooperation in making Texas Tech foremost among colleges and universities of the southwest.

James Snyder

and are always glad to hear from you. Please keep your address and employment record up to date by sending us at least a post card every year.

O. V. ADAMS,
Dean of Engineering.

Texas Technological College Graduates and Ex-Students:

At the beginning of another year in the history of Texas Technological College, I send you greetings and best wishes from the entire group of Agricultural Faculty. We have finished another year of earnest work and have made progress.

Our enrollment has continued to increase and in general our student cooperation and the effectiveness of our work continues to be highly satisfactory. The students are extremely hopeful that the State may recognize our work more completely and adequately by added appropriation for support and for an Agricultural Building. I earnestly urge all of you to contribute your very best efforts in our behalf in the way of political support and personal services; also, I bespeak your contribution of your constant spirit of faithfulness, which gives as its product the outstanding quality of the men and women who have done their work here.

I wish you success and I know that the State of Texas will receive from you the service and the loyalty due this great state from citizens such as you who have been privileged to be helped forward in your educational ideals by Texas Technological College.

We shall look for you Homecoming!

A. H. LEIDIGH, Dean,
Division of Agriculture.

Other Deans Will Write For Subsequent Issues

Messages from the deans of the other schools will appear in later issues. Deans Gordon, Weeks, Allen, Doak, and Goodwin are those who will send you greetings in subsequent issues of the Texas Tech Magazine.

—Editor.

Council of Women Graduates

MRS. LEONARD EARNEST, Editor

Chairman Announces Committee Membership

Committees for 1940-41, announced by Mrs. John Harding, chairman of the Council of Women Graduates of Texas Technological college, are as follows:

Nominating: Mrs. J. B. Prewitt, chairman, Mrs. Emmett Kerr, Misses Mary Louise Douglas, Flossie Burkholder, and Lois Mangum.
Mailing list and Files: Mrs. Winfred Stout, chairman, Mrs. Haskell Taylor, Misses Fay Brown, and Lottie Crosslin.

Social: Mrs. L. M. Hargrave, chairman, Mesdames J. C. Bateman, J. T. Hutchinson, Misses Glenys Honey and Josephine Powell.

Membership: Mrs. Harmon Jenkins, chairman, Mrs. Kinsey Miller, Misses Magdalen Dederick, Rosemary Duff, and Emmajean Douglas.

Program: Miss Dorothy Rylander, chairman, Miss Geraldine Clewell, and Mrs. Leonard Earnest.

Telephone: Mrs. Yancy Price, chairman, Mesdames M. G. Pederson, W. M. Pearce, Misses Genevieve Bragg, Irene Malone, and Marion Bray.

Invitation: Miss Pauline Hooser, chairman; Mrs. W. C. Holden, Misses Maude Dee Skeen, Genell Wilhite, Murvel Rankin, and Lalla D'Spain.

Officers for the coming year are Mrs. John E. Harding, chairman, Mrs. L. M. Hargrave, vice-chairman; Miss Genevieve Bragg, recording secretary; Mrs. John C. Porter, corresponding secretary; Miss Maude Dee Skeen, treasurer; Miss Pauline Hooser, reporter; and Mrs. Leonard Earnest, editor of page in Alumni magazine.

Council of Women Graduates Program For 1940-41

October 5—Luncheon, 1 p. m., Chimayo Room, Hilton Hotel. November 5—"Who is the Educated Woman?"—Dr. D. D. Jackson.

December 3—Musical program by pupils of Miss Margaret Huff.

January 7—"Domestic Architecture"—Miss Martye Poindester.

February 4—Open forum meeting and discussion of the subject "Effects of the Present War on the Church"—Dr. H. G. Gantz, leader.

March 4—Annual business meeting—"Some Experiences in New York"—Miss Mina Wolf.

April 4—Weaving Project of Lubbock. W. P. A.—Mrs. Harry Hill.

May—Tea honoring women graduates of June and August, date to be announced.

NOTICE TO ALL WOMEN GRADUATES

Luncheon in the Chimayo room, Hilton Hotel at 1 p. m., October 5, will begin the year for the Council of Women Graduates of Texas Technological College.

Council is open to all women who hold bachelors or masters degrees from Texas Tech. All who live in Lubbock or in nearby towns are urged to attend meetings the first Tuesday evening of every month at 7:45 p. m., Hilton Hotel.

Yearly dues are \$1.00.

Women Grads Join Lubbock Faculty

Several women graduates of Tech have been added to the teaching staff of Lubbock public schools this year.

Miss Flora Lena Lovelace, who received an M. S. degree in June, is teaching home economics in Junior High School. Miss Lovelace has been graduate assistant in Child Development and Family Relations at Tech for two years.

Miss Ruth Keeter of Groom is teaching mathematics in Junior high. Miss Keeter, who received a B. A. degree from Tech in 1936 and an M. A. in 1937, has been teaching in Alpine Junior High school for three years, and has done advanced work at the University of Michigan.

Others are Miss Pauline Coe, Dupre, Mrs. Mozelle Dobbs, Bean school; Miss Pauline Hawthorne, Junior High; Mrs. Alma Lockhart, Junior High; Miss Florence Pickett, Dupre; Miss Imogene Webster, K. Carter; Mary Wilson, Junior High; and Mrs. Mozelle Adams, Wilson school.

Graduates Are Placed

Frances Diersing, '36, is teaching English in Pettit High school.

Ruby Nell Smith, '40, will teach seventh grade and high school journalism in Lubbock.

Alma Fern Green will teach in Carey schools this year.

Iris Dunlop will teach high school English in Smyer school this year.

Betty Alice Gordon is teaching English in Crane High school. Annie Faye Miller and Reba Hill, 1940 graduates are teaching in Morton.

Ina Bacon teaches music in Spur.

Verna Norris, former Tech student, has been appointed high school librarian at Hobbs, N. M.

Miss Ivo Wilson, 1929 graduate of Tech, is social adviser at the Mississippi State College for Women.

P.W.H. Governing Board Accepts Recommendations

Recommendations of the financial committee of the Paul Whitfield Horn Memorial Fund were accepted with slight alterations at the last meeting of the governing board in May.

As accepted, recommendations are as follows:

1. That the Paul Whitfield Horn Memorial Fund be used by graduate women from Texas Technological College or any institution of higher rank. Women graduates from other colleges may use the fund for work toward a higher degree at Texas Technological College.

2. That the maximum amount of a loan to one person be \$250.

3. That interest on the loan be five per cent.

4. That two years be the duration of the loan except by extension of loan by the governing board.

5. That the first loan or loans may be made in September, 1940.

6. That the student receiving the loan have an undergraduate record meeting the approval of the governing board.

7. That the person receiving the loan show proof of good health at the time of the loan.

8. That all applications for loans be passed on by the governing board.

9. That two persons sign the note.

10. That application for a loan be made in triplicate form, one copy for the governing board, one copy for the treasurer, and one copy for the applicant.

11. That the holder of a loan be required to take out adequate insurance to cover the amount of the loan, the policy to be made payable to the Paul Whitfield Horn Memorial Fund.

Governing board is composed of representatives from the Quarterly Club, Las Leales, and the Council of Women Graduates, sponsoring organizations, and one member at large.

Members present were Dean Mary W. Doak, chairman, Dean Margaret W. Weeks, Mrs. Roscoe Wilson, Mrs. John Harding, Mrs. Leonard Earnest, Miss Mary Louise McDonald, and Mrs. Harmon Jenkins who acted as secretary in the absence of Mrs. Yancy Price.

According to Flossie Burkholder, treasurer, \$457.80 has been paid in cash, and \$532.20 in addition, has been pledged to the fund.

en, Columbus, Miss. Miss Wilson, who has been with the YWCA in Monroe, La., visited on the campus this summer.

Ferrelline Tucker, '40, is teaching English in Shallowater high school.

"Do or die" is only an expression, Driscoll!"

"THE BEAR FACTS"

ONCE upon a time, in a bare lair, there lived a bear named Pierre. And this bear named Pierre had a girlfriend who was also a bear. And Pierre's fair girlfriend was a bear named Claire. They were a happy pair, Pierre and Claire—and every night Pierre would leave his bare lair to carry on his affair with Claire, who was a very fair bear. It was a rare affair that this fair pair shared, because neither bear—Pierre or Claire—had a single care.

Then, one day Pierre left his bare lair and went to visit Claire, Pierre said, "Claire!"

And Claire said, "Yeah, Pierre?"

"Claire, let's go somewhere!" said Pierre.

"Have we enough fare?" asked Claire, who was a wary bear.

"Yeah," said Pierre. "We have some to spare."

"Enough fare to get us there?" asked Claire.

"Yeah," said Pierre.

"But where, Pierre?" asked Claire.

"To that mountain there!" declared Pierre.

"To what mountain where, Pierre?" asked Claire.

"Bear," said Pierre.

"Bare?" asked Claire.

"Yeah, Claire," said Pierre. "Bear."

"How can a mountain be bare?" asked Claire of Pierre.

"Not bare, Claire. Bear!" explained Pierre.

"I said bare, Pierre!" answered Claire.

"Yeah, Claire, you did say bare," said Pierre, "but not that bare, Claire! I mean Bear—not bare!"

"But Pierre," said Claire, "you declare that the mountain

is Bear, but when I ask how a mountain can be bare, you say that you didn't say bare—you said Bear! Now, Pierre, is that fair?"

"Look, Claire," said Pierre. "There is a difference between bare and Bear. That mountain there is Bear, not bare. A mountain can't be bare, Claire. That mountain is Bear—not bare! Now do you understand, Claire?" asked Pierre.

"Yeah," answered Claire.

"Yeah, Pierre. But Pierre, now that I know that mountain there is Bear, will you please tell me how a mountain that isn't bare can be Bear, after you admit it can't be bare—but it can be Bear? As bear to bear, Pierre, it's only fair."

Pierre tore his hair in despair! After all, a bear is just a bear. And that was just what Pierre was. A bear. But this was too much for even a bear to bear!

So the bear named Pierre gave the bear named Claire the air.

And no longer are Pierre and Claire a happy pair, because the fair bear named Claire didn't know the difference between Bear and bare, and when a bear doesn't

know the difference between bear and bare—it is more than even a bear like Pierre can bear!

So there!

"Would you be a bigamist if there were no law against it?"

"Would I? I'd just love two."

THE ALEXANDER TWINS...Dorothy
and Grace, Famous Drum Majorettes
for American Legion Post 42, Martins-
ville, Virginia

SALUTE YOU

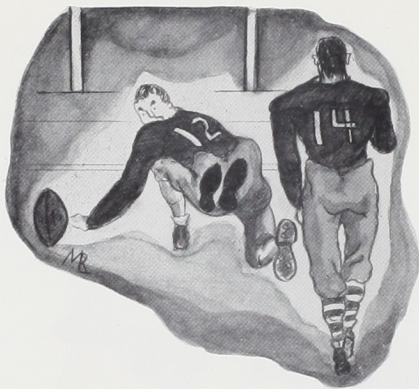

AND SALUTE

Chesterfield

***FOR REAL MILDNESS
AND BETTER TASTE***

These are the twin pleasures you look for in a cigarette. You'll find them in every Chesterfield you smoke...and it takes the right combination of the world's best cigarette tobaccos united in Chesterfields to give you the added pleasure of a cooler smoke... Make your next pack Chesterfield and join the millions of smokers who say

They Satisfy

"Are you sure you're trying to kick the ball?"

"Do you know the difference between a popular girl and an unpopular one?"

"Yes, and no."

"She sings just like Kate Smith."

"Do you really mean it?"

"Well, the words are the same."

IT'LL COME OUT IN THE WASH

Joe looked at his sweatshirt. It was pretty dirty. He didn't mind the wise cracks from his friends or his roommate, (about how filthy it was) but when his instructor mistook his sweatshirt for the blackboard, Joe felt he'd better do something about it. If it had to be washed, it had to be washed.

For the rest of the day, Joe debated with himself about sending it to the laundry. At long last he decided to wash it himself, and save the few cents. So he went out and bought a wash board and some laundry soap.

He filled the basin with hot water and burned his hand testing it. He then pushed in the washboard and splashed all the soapy water over his clean pair of pants—the only clean pair he had left. He forgot to shut the water off and the next thing he knew the place was practically flooded.

Finally, he had the job finished and he hung the sweatshirt up to dry. He went to sleep that night with pains in his back and arms from washing. In the morning he got up without once turning over to see how his handiwork had come out. The sweatshirt did look different, there was no doubt about that, but it certainly didn't look any better than before.

Joe didn't know what to do. He hadn't the strength to wash it over again, and he hadn't the money left to send it to the laundry, and he hadn't the nerve to wear it like that in the classroom again. So he decided to become one of those fellows he'd always read about—he borrowed his roommate's clean sweatshirt.

MYSTIC SECRETS EXPLAINED FOR FRESHMEN

To make a Sophomore Leave you Alone: Pound into a salve the guts of a dead mouse that had been trapped on the second floor. Add to this the salt of the earth and shake well. Grind into powder two doe's buck teeth and wrap the three ingredients into a leaf of cabbage discarded by a black rabbit. Tie this leaf together with a hair from a zebra's tail and mix well in a Maxwell. Tie the results on your undershirt and the next time you disobey a sophomore, look him square in the eye.

To Cast a Spell on a Borrowing Roommate: Take the battery out of your portable radio and place it in a dry cell. Expectorate all over it with the juice of Apple Chewing Tobacco. Then add to this John Barrymore's raised eyebrow, Ann Sheridan's oomph, the spread of an eagle, a dose of castor oil, and a dash of bitters. Drop the contents into a bed made of a parched udder and spread the leftovers on the wings of a purple butterfly. Take the bag and drop it in the nearest sewer on the first night you hear a dog bark at the moon. Make sure you do this exactly at twelve midnight. Whisper the magic words abba cadabra and then return home. The next time your roommate wants to borrow your best suit, see what happens.

To Make the Most Violent Professor Stop Plotting to Flunk You: For this you need two voo-doo potions. (Etiquette demands that you keep the small potion for yourself). Drain an ink bottle, leaving the blue-black coloring on the sides of the bottle. Dip your wrist watch into this bottle, and then melt two marshmallows over the whole works. In a few seconds, two small or minute hands will spring out. Drop these hands into potion number two which consists of one cent's worth of jellybeans, an unopened text book, and the legs of three frogs. Mix this up with a bar of swing music and place under your pillow. The next time your Professor springs an exam tell him, point blank, that you think he's unfair and that you don't intend to take it.

(If you will have this article with you at the time, we'll be glad to autograph it for you. We're bound to meet outside the dean's office where we've been ever since we used the *Mystic Secrets*.)

"I owed the taxidermist some money when he mounted this one."

LOCAL CHAPTER NEWS

PARMER COUNTY

Out on the far western edge of Texas, near the New Mexico line, a very active and progressive group of Tech alumni and exes have begun a preliminary organization which promises to become one of the outstanding local units of the Alumni and Ex-Students association. Jason O. Gordon, county agent of Parmer County, is president of the club.

Among the exes attending a recent meeting were Alton Farr, high school principal in Bovina, Mike Whitefield of Friona, Faye Thompson Bovina, Otho Whitefield, Friona, Justin Danna, Farwell, Jason O. Gordon and wife, Farwell, Hazel Anglin, Farwell, Donna Lee Rushing, Farwell, Charles Y. Sneed, Clovis, N. M., W. O. Cherry, Bovina, and W. L. Edleman, Friona. Edleman was a member of the first four-year class of Texas Tech.

MIDLAND

From Mrs. Raymond Lamb (Betty Bizzell), reporter for the Midland Tech club, comes the following report:

Midland Tech exes are encouraged by the large increase in membership since the club was organized in May, 1940, with four persons present at the first meeting. The group now boasts of 22 members.

Although organized on a social basis, the organization hopes to be able to assist in any arrangements made by the Alumni association. Plans are in progress to cooperate in the All-State Night as suggested by Calvin Hazlewood. The Midland exes hope to be able to serve a banquet for Tech students of this community on the date set aside by the Alumni association for such a statewide celebration.

President Elton Settle suggests that the group may be able to assist in an established loan fund or contribute to some organization selected by the association as soon as membership expands.

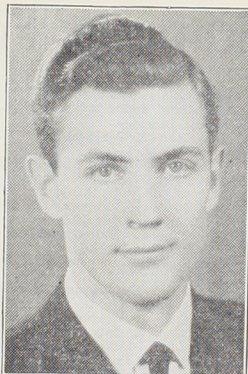

Heading the group besides Settle are Calvin Holcomb, vice-president, Claude Brown, secretary-treasurer, and Mrs. Raymond Lamb, reporter. Directors are Winfred Holcomb, Mary Perkins, and Raymond Lamb. Membership list includes Messrs. and Mesdames Harold Huffman, Fred Vandenberg, Kenneth Webb, Calvin Holcomb, Claude Brown, Raymond Lamb, Emerson McGee, Misses Joyce Gill, Mary Perkins, Messrs. Lowell Webb, Fred Stout, Bill Hamms, Elton Settle, James Hensley, and Jack Noyes.

HOUSTON

Following is an excerpt from a recent letter from Garland Smith of Houston:

"R. E. Old has been president of our local club here for the past year. However, the club has been operated more or less by a regency for the past few months to permit R. E. to become papa to a fine young daughter born on August 1st."

PRESIDENT JOHNS

• • •

This being my first opportunity to address you through the official publication of the Alumni & Ex-Students Association, it is my desire that through so doing we may become more closely acquainted with each other, and mainly I want to tell you how happy I am that our organization has obtained the services of a very active and able man, whom many of you already know, as Executive Secretary of the Association. Wendell Watson is a 1937 graduate of the college and a graduate of Lubbock High school. Since 1937 he has been teaching in Benjamin High school. Not only is Watson highly qualified for his new work with the Association, but the splendid recommendations that have come in from exes and graduates of the college and others prominent in various fields of endeavor give him the assurance that he will have the cooperation of many hundreds of men and women who realize the mission of the Association in behalf of Texas Tech.

It has been a pleasure for me to have met three times with the Executive Committee of the Association during the past two months, once since the election of Watson as Executive Secretary. I am glad to tell you that every member of the committee is interested and eager to see carried out during 1940-41 an active, constructive program designed to further the objectives the Association is pledged to support. Watson has begun his work with a zeal and a determination to carry this program to success. He needs and the Executive Committee needs the support and cooperation of each ex-student and graduate of Texas Tech as never before. We all believe that this year we are going to have this cooperation.

There are many organized auxiliary groups of Tech exes and graduates in Texas as well as in other States. There should be many

A Busy Summer For Cupid

Maybe you had a vacation this summer. Lots of people did. Cupid was one of the ones who didn't. Usually June is the month for brides but this year the marriages were as frequent in July and August. September promises to equal the records of the other three months.

Listed below are the names of graduates or former students who were married this summer.

Miss Hazel Pollard and Melvin Carpenter, June 23.

Miss Ruth Elma Spruill and Raymond Jones of Lamesa, June 25.

Miss Carlie Louise Barnes and James A. McKnight, both of Amarillo, June 28.

Miss Donna Horney and Ed Golithly, June 12.

Miss Pauline Buchenau and John R. Sanderson, June 23.

Miss Doris Sneed and Aubrey Morgan, June 20.

Miss Billie Voca Brickley and Walter Wayne Williams, June 20.

Miss Neweta Cleveland and Hylton B. Loyd, June 24.

Miss Henrietta Bowlin and Orville McElroy, June 22.

Miss Margaret Ann McGlasson and Jim Norman, June 22.

Miss Lurline Tarleton and Murray Venable, June 9.

Miss Melva Ramsel and George T. Huff, June 17.

Miss Bunney Lois Dow and Jay Edmond Gordon, June 16.

Miss Virginia Stevall and Tucker Teutsch, June 16.

Miss Louise Todd and Edgar Neal, June 29.

Miss Wilma Milburn and Harold Gaines, June 30.

Miss Brunette Beard and Lieut. Shelby Harper, June 30.

Miss Lea Beth Drewry and Harmon Thompson, July 7.

Miss Alvino Caldwell and Roy King, July 6.

Miss Georgia Mae Lamb and Malcolm Smith, July 14.

Miss Fayrene Booker and C. J. Griggs, December 8, 1939. Announcement made July 7.

Miss Pearl Baird and Robert Lee Ragdale, July 7.

Miss Regna Jenkins and Roy A. Pryor, July 6.

Miss Mildred Knox and Joe Stanley, July 28.

Miss Anna Mae Pruett and Thomas Johnson, July 14.

Miss Edith Stubbs and John L. Rankin, July 15.

Miss Virginia Norman and David D. Humphries, July 14.

Miss Tarsey Singley and Wynton (Cowboy) Kyle, July 14.

Miss Juanita Gowin and Charles Ferguson, March 3. Announcement made in July.

Miss Eloise Knykendall and Jim Bob Pool, July 13.

Miss Mary June Walter and Alfred Holton, July 6.

Miss Exie Creekmore and Clayburn Harrell, July 7.

Miss Margaret Clare Jesse and

Robert L. Mason, July 7.

Miss Neta Tudor and Albert L. Keenum, July 4.

Miss Jean McGee and Bert R. Bumby, July 4.

Miss Lucille Brown and Bill Shook, July 24, 1939. Announcement made in July this summer.

Miss Eileene Suiter and Kenneth H. Woods, July 20.

Miss Frances Walter and Bonner Cummings, July 21.

Miss Eleanor Jungman and Leonard Earnest, July 21.

Miss Mary Knight and Marvin J. Harvey, July 14.

Miss Anna Bass Arnett and Elmer D. Godwin, July 14.

Miss Linda Chappell and Eugene Alderson, July 14.

Miss Eileen Booker and William H. Tinney, April 13. Announcement made in July.

Miss Lois Sheehan and Walter Thompson, July 26.

Miss Doris Huddleston and Melvin Rathel, July 31.

Miss Tommie Davenport and Alton B. Hankins, July 24.

Miss Jean DeLane and Willard E. Golithly, August 4.

Miss Mary DeLane and James Alexander, August 4.

Miss Doris Florene Miller and Fiser Middleton, August 4.

Miss Louise Weil and Joe V. Witkowski, August 7.

Miss Mary Lois Johnson and Aubrey McNeely, August 13.

Miss Dorothy Violet Stephens and Milton Earl Young, August 13.

Miss Ruth Allen and A. T. Fowler, August 11.

Miss Mary Frances Standefer and Howard Hurnace, August 11.

Miss Katherine Leigh and Henry H. Meredith, August 12.

Miss Grace Morgan and Paul Priest, August 16.

Miss Anna Ruth Marks and John R. Hall, jr., August 18.

Miss Betty Lee Lindsey and James Baker, August 18.

Miss Glenna Fae Sadler and J. Ed Crawford, August 17.

Miss Bertha Proctor and Allison Gainey, August 19.

Miss Evelyn Sowell and E. J. Howard, August 19.

Miss Betty Pack and Neal Hallmark, August 25.

Miss Geraldine Conner and Raybon Lam, August 12.

Miss Marjorie Burdette and Frank N. Craven, jr., August 4.

Miss Jorga Barkham and Weldon George, August 3.

Miss LaWanda Sherrod and J. Louis Murfee, jr., August 3.

Miss Frances Emery and Joe Leonard, August 25.

Miss Bobbie Louise Bland and Willis Herman Knight, August 22.

Miss Mary June Schultz and Warren Fulton, August 31.

Miss Oleta Shelton and M. W. Horne were married last fall. Announcement made this summer.

Miss Katherine Kersh and Gaston Harbour, August 31.

Miss Goldie Henkhaus and

Marion Royalty, August 24.

Miss Ruthal Cash and Dodson James, jr., August 31.

Miss Hazle Richerson and Ervin W. Beal, August 30.

Miss Dollie Clements and Clayton Harris, August 25.

Miss Mary Ruth Hutstiedler and Carl C. Woodson, jr., August 25.

Miss Opal Ellison and Walter Bond, August 12.

Miss Delilah Gail Padgett and Dosh T. McCreary, August 24.

Miss Oleta Kelley and Willard McSpadden, August 21.

Miss Maxine Fry and Hugh D. McCullough, August 21.

Miss Billie Weatherby and Talbat Ledbetter, August 17.

Miss Dixie Reynolds and R. Merle Jones, August 17.

Miss Gladys Simmons and Harold Cromer, August 14.

Miss Marie Gordon and Boyd Gregory, August 14.

Miss Marilyn Parkinson and Lauren Davies, September 1.

Miss Bessie Lee Ford and Argo Peek, September 1.

Miss Lucile Rose and Robert Maeker, September 1.

Miss Fredrika Boswell and Felix Ankele, September 14.

Miss Fleda Harrell and John E. Blackwell, September 1.

Miss Joni Bundy and Clarence S. Maat, September 12.

Mrs. Bennett C. Benson and Joe Harter, September 7.

Miss Virginia Corbell and Ivan Zickafosse, September 1.

Miss Dorris Kirk and Herschel Maxey, September 14.

Miss Gladys Hall and Elton Plowman, September 2.

Miss Olga Davis and H. Clifton (Pinky) Crawford, August 31.

Mrs. Thelma Brown and Harold Crites, September 14.

Miss Evelyn Lucile Lewis and Edwin Forrest, September 14.

Homecoming Plans Begun

Final plans for Tech's annual homecoming program November 16 have not yet been completed, but a tentative schedule of activities has been arranged. The program as set up will consist of registration from 9:30 a. m. to 12 noon in one of the men's dormitories, a luncheon, the Wake Forest-Tech football game in the afternoon and a dance that night.

Athletic officials promise us that the Wake Forest-Tech game will be one of the outstanding football exhibitions of the nation. Wake Forest boasts one of the top-ranking teams in America, having played Duke a 6-0 game last season.

The Student Council is cooperating admirably with the alumni in an effort to make this homecoming a real "coming home." Watch for the special Homecoming edition of the TEXAS TECH MAGAZINE, in which the final program will appear.

It's All Over Now—Until Next Semester

By LOIS MARIE DANIEL
News Editor

Don't worry little freshman, you still have another chance this year. The girls clubs will rush again the second semester and if you didn't have a round of parties this time then you can "put the pressure" on the club members and show them that you are an unusual freshman.

Under the new plan which was inaugurated last year, rushing for social clubs has been quite successful. Each club had two parties, one from 5 to 7 o'clock and the other from 7:30 to 9:30 o'clock. Every rushee went to the parties without fear of disturbing another club or having to break a rush date.

And speaking of dates, no rushee had one. In years back the boys have helped their "sister club" to show the new girls just how grand and glorious the campus could be by taking them on the Avenue, dancing, and down town. Especially if the boy was good-looking the new girl was induced to join the club he liked. And so it went.

The first party this year was given by Sans Souci club; a barbecue supper at the Arno Dalby residence with plenty of ping-pong, bingo, bridge and supper. Jack York and his orchestra played.

Later during the week they gave their annual gold and white dinner at the Hilton hotel. Corsages of white roses tied with gold ribbon were given to the honorees.

Immediately after the first party the D. F. D. club invited rushees to a round-up party at Hotel Lubbock. No game was discarded and the girls enjoyed dancing and other sports that can be participated in when the ballroom is used.

Their second party was a very different Swedish dinner at the Hotel Lubbock. They placed a huge round table in the center of the room and had it piled high with cheeses, rye breads and all sorts of salads and sweets. The guests and members formed a line to the right and filled their plates and set at smaller tables placed around the room.

The third day of rush week the Ko Shari club gave a ranch party and the club girls dressed in cowboy regalia to greet the rushees. A good ole' ranch supper was served and a sing-song was held. Dances such as "new-shoes," "tuxedo glide" and the "square" were taught the girls.

The second entertainment given by the Ko Shari club was the annual Indian dinner at the Hilton. The history was explained and the purpose of the organization told and the annual Easter trip to Santa Fe, where the club initiation takes place, described.

After the Ko Shari party, Las Vivarachas gave a formal dinner at the Hilton. Programs were favored.

Their second party, which came later in the week, was a steak fry

at the W. L. Bradshaw home. Novelty dances, songs and skits were given for the guests.

Las Chaparritas club members took their guests to a hobo party and food was served from knap-sacks in the backyard of the H. Van Aken home. Jane Hill, club president, was chief "hobo" and directed games and other entertainment.

The last party of rush week was a dinner at the Joe Bowman residence given by Las Chaparritas club. Small brass ash trays were favors and placecards were on them.

After the final party the convocation was held Sunday afternoon and the rushees signed their preference.

West Texas Museum Shows Growth

The West Texas Museum association was organized in 1929 for the purpose of collecting and preserving paleontological, archaeological and historical specimens, of perpetuating the cultural history of West Texas and of encouraging the arts.

In 1936 the first unit of a three story building was constructed from funds secured from the Texas Centennial. The West Texas Museum is under the joint control of the West Texas Museum association and Texas Technological college. The Museum association formulates its policies and sponsors the raising of funds for the purchase of equipment.

The Museum is staffed and maintained by the college and title to all of its physical properties resides in the college.

During the past four years, materials of all kinds have come in to the extent that this first unit is now filled to capacity. The Museum now has 94 exhibit cases in which it is possible to exhibit only a portion of the materials on hand.

The immediate objective of the Museum association is to complete the building by the addition of two stories on top of the present unit. To this end the association is now sponsoring the Coronado Entrada given at the fair grounds night from September 30 to October 5. All of the profits going to local organizations will be given to the Museum. With this initial fund the association plans to launch a building campaign.

Now that the Museum is established and its permanent maintenance assured, materials come in unsolicited from all sources. It is assured when additional exhibit and storage space is afforded by completion of the building that the collections will grow until the newly acquired capacity is reached.

Various collections of the Museum number over 50,000 and have a collector's value of \$75,000.

From President Johns

Continued from Page Thirteen

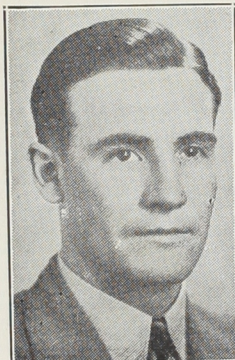

more. It is the hope of the Association that many more will be organized this year.

Getting to the meat of my discussion again, let me say that though our problems here on the ground floor of the college are great, officials of the Association realize that your auxiliary organizations everywhere have definite difficulties in working for the Alumni cause. We are aware all over Texas of the hazards which stand in our way as an Association, not only in Austin but also in other equally well-known parts of the State. This year through our home-coming celebration, our cooperation in the Fort Worth teachers meeting, our spring banquet and other activities we hope to become better acquainted with these problems. Please feel as I do that our Senator-Elect Marshall Formby, my immediate predecessor in this organization, and our Representative-Elect Hop Halsey of this district, are going to strain their efforts in behalf of Texas Tech. Let's unite ourselves more staunchly and let our law-making bodies in Austin hear our voices often on matters of vital concern to our institution.

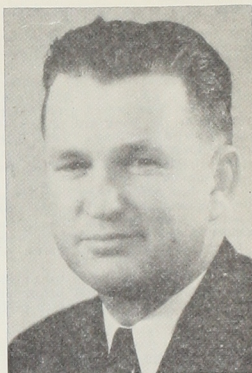

One of our major immediate problems as I see it is getting more exes and graduates to affiliate themselves directly with the Alumni & Ex-Students Association. I don't say this just because it means two dollars to the organization each time we get a new member, but mainly I say it because I firmly believe in the old adage that there is strength in organized numbers, and unless we have numbers of cooperating members, how can we as a group be more powerful than other groups which might not be working in unison with the things we seek for our college? Isn't it thought-provoking that we can have more than 40,000 graduates and ex-students of Texas Technological College and only between 500 and 1,000 bona-fide members of the Alumni & Ex-Students Association.

Friends, the problem is ours. What will we make of it? May I compliment you for any interest you may be showing in a youth dear to all of us—Texas Tech. Let us proceed with extreme care that this youth does not lack anything that may stimulate and inspire his healthy development year after year. You can count on me as I am counting on you, and when we place faith in each other in our common task which can be done toward continued constructive advancement. May I urge again the cooperation of every ex-student and graduate of the college with Wendell Watson and other members of the Association's Executive Committee, Rob O'Hair, first vice-president, Coleman; Jimmie Ellis, second vice-president, Leveland, W. E. Street, athletic representative, Lubbock; Mrs. J. W. Jackson, Lubbock;

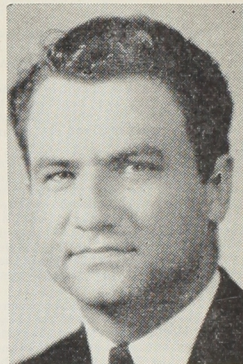

Tech Exes Elected To State Offices

Paul Eubank, newly elected state representative of the 121st district, was graduated from Tech in the spring of 1936 with a B. A. degree in history. Paul was employed as loan desk assistant in the library while he attended Tech. He was active in the Pre-law Club, Young Democrats, and the International Relations club. Since graduation Paul has been in the teaching profession, having spent one year in Benjamin as grammar school principal, one year in South Lockett school as high school principal, and two years as teacher and junior athletic director in Matador, where he is now located. Paul is not married.

Marshall Formby, B.A. in government, graduated from Tech in 1932. Marshall was recently elected state senator from the 30th district, composed of 24 West Texas counties. While on the campus he participated in student activities including the Pre-Law club, Student Council, and student publications. He edited The Toreador one year. Marshall was engaged in farming for a while after leaving college. He worked with the Department of Agriculture in Washington, D.C., and edited a newspaper in Aspermont. For the past four years he has served as county judge of Dickens County. Still a bachelor, he makes his home in Dickens.

Hop Halsey will represent the 119th district of Texas during the next term of the state legislature. While attending Tech Hop was a pre-law student, majoring in history. He was president of the freshman and sophomore classes, manager of the freshman football team and president of the Inter-Club council. He was also affiliated with the Young Democrats and the Wranglers social club for men. After leaving Tech, Hop studied one year in the University of Texas before returning to Lubbock, where he is now engaged in the drug business. He and Mrs. Halsey, the former Harriett Roach and a Tech beauty, are the parents of a five months old boy, Marcus Hopkins, III.

Editor's Note: The Texas Democratic primaries during the past summer resulted in the election of at least three former Tech students to high state offices. There may be others besides those mentioned on this page who were elected to state offices, and if so, we should appreciate information relative to their election.

Arch L. King, three-year director, Lubbock; Joe E. Webb, three-year director, Slaton; J. E. Speer, three-year director, Amarillo; and Marshall Formby, retiring president. Further assuring you of my most serious concern over our many problems, and with the hope that I may make new acquaintances among you and renew friendships among others of you this year, and with friendly personal regards to each of you, I remain—

Yours cooperatively,
Raymond Lee Johns, President
Texas Tech Alumni & Ex-Students Association.

Club Organized

The Sequoia social club for men was organized late last spring. The name was chosen from the famous Sequoia Redwood trees.

Officers of the club are Roger Lindsey, president; Robert Lee Smith, vice-president; Roy Wilkes, business manager; Hughes Fish, corresponding secretary; Koy Neeley, reporter.

Artist Course Numbers Announced

Lansing Hatfield, baritone, will appear on the first program of Tech Artist course in October. R. A. Mills, chairman of the artist course committee announced.

Robert Viroval, 18 year old ex-

child prodigy, will appear on the second program, Nov. 12.

Viroval is making his first transcontinental concert tour of this country with other recital appearances in Cuba and Canada this year.

Only one number has been selected for the spring artist course, to date, Mr. Mills said. The second of the series will be announced shortly. Anna Kaskas, metropolitan opera contralto, will appear sometime in February.

She made her first American debut in 1938 with the New York Philharmonic orchestra.

Miss Kaskas studied in Lithuania where she made her first appearances in "Masked Ball" and "Faust" in Kovno.

Mr. Mills said the Artist course this year will be up to the usual high standard as has been in the past.

Performances will be presented in the Lubbock high school auditorium.

Red Raiders

Continued from Page Seven

who can really toss accurate aerials.

In going against the Oklahoma A. & M. Aggies the Red Raiders will get a severe test in their initial combat. The Aggies are being picked to win 1940 Missouri Valley championship. Only this week famous Williamson's Rating System named the Aggies as the 15th best team in the nation.

When the boys get to feuding the last of this month, there's just one definite thing, the Red Raiders will be going places with a lot of grim determination and grass-burning speed.

Teachers Urged To Attend Association Meeting

The annual Texas State Teachers association meeting will be held in Fort Worth November 21, 22, and 23, at which time the Texas Tech Alumni and Ex-Students association will cooperate with the college and the teachers association in making the convention a success. As usual, Tech college plans to hold an annual convention in connection with the teachers association. It is, therefore, urged that all former Tech students, now teaching, make a special effort to be present in Fort Worth during the Thanksgiving season. Further details of the program will be forthcoming.

LOCAL CHAPTER NEWS

Continued from Page Thirteen

ust 1, 1940. Her name is Donna, and cigars are said to be exhausted, but some of us who were not present at the distribution are asking for an encore.

It is probable that the members of the Houston Club will attempt a pilgrimage to some football game this fall. If you know now which might be the best bet, we could start talking it up right away. We will have a meeting in the near future, and I will try to elicit some news relative to what some of the Tech boys have been doing when they leave home."

AMARILLO

David Rutledge, president of the Amarillo Tech club, sends information that the organization there is clicking. Regular meetings are held, and a definite program for the year is being planned. All readers are invited to look for further stories from this group, since big things are forthcoming. Ward Garrison, of the Amarillo delegation, was on the campus the past week making a few preliminary arrangements for a meeting to be held the latter part of October. Keep tuned in!

LUBBOCK

Tentative plans are being made for a gathering of the Lubbock alumni and exes Sunday afternoon, September 29, at 4 o'clock in the Lubbock hotel. An attempt is being made to contact all exes in the city, and fullest cooperation is urged. The meeting will be for temporary organization.

Editor's Note: Other local chapters over the territory doubtless are functioning, and the editorial staff of TEXAS TECH MAGAZINE is very anxious to hear from each and every local organization. May this suggestion be offered: that each chapter appoint or elect a reporter for the unit, giving that person the responsibility of keeping us informed on your activities. Thanks!

IN MEMORIAM

Pictured above is the late Thomas B. Coker, editor of *La Ventana* for 1938-39, who was killed September 2 when his airplane crashed near Clovis, New Mexico.

Coker attended Tech from 1936 to 1939. He was president of the sophomore class in 1937-38 and a journalism major.

Going to Randolph Field in December, 1939, Coker completed seventy-seven hours of army flying last spring. He later went to Clovis and received his commercial license the day he was killed. He was to have gone to work as a government instructor Sept. 15. He had 232 hours of flying time at the time of his death.

Cause of the crash is unknown but it is assumed that Coker suffered a heart attack and lost control of the plane. He died in a Portales hospital without regaining consciousness. Burial took place Sept. 4 in Cisco.

Coker was the second publications officer to die this year. Reeves Henly, Toreador editor in 1938-39, drowned at Galveston in the spring.

Jess Love, senior engineering student, died at 6:45 p. m. Thursday, September 19, at the home of his father, J. M. Love, of Brownwood. He is survived by his wife, the former Billie Ruth Moore of Henderson, and his parents.

Love was ill several days before his death. His case was diagnosed as typhoid fever. Funeral services were held at 3 p. m. September 21 at the First Presbyterian church in Henderson.

Love was a member of Alpha Chi and was student assistant at the loan desk in the library. He was also a member of Torch and Castle and in 1937-38 was designated as honor military student. In June 1941, he would have received a degree in mechanical engineering and a reserve commission as Second Lieutenant in the United States Army.

The
Indications
are . . .

that we'll have
another
good crop of
Freshmen

... and as we see them about town, we wish that all the "Ex Freshmen" could once again come back to the campus and enjoy with us, the thrill that always comes with the opening of every fall term.

Hemphill-Well Co.

Lubbock's Finest Department Store

Wooldridge Is Promoted

Charles W. Wooldridge, 1930 graduate of Texas Technological college and one of the stellar football players of his days at Tech, has been promoted from the district managership of the Texas Power & Light company at Palestine to assistant commercial manager of the company's general offices at Dallas, according to an announcement in the Palestine Daily Herald.

Wooldridge was a textile engineering graduate from Tech and entered the employ of the light and power company as soon as he finished school. He went to Palestine in 1934.

Quoting the Palestine paper:

Charles W. Wooldridge, since coming to Palestine in 1934, has set a distinguished record, both as a young business executive and as a civic leader. His record, perhaps, is unequalled in East Texas.

"At present he is a member of the board of directors of the Y. M. C. A., board of directors of the Texas Fruit Palace, vice-president and member of the board of directors of the Associated Charities, member of the industrial committee of the Chamber of Commerce, vice-president and member of the board of directors of the Texas Dogwood Trails, Inc., member of the civic committee of the Chamber of Commerce.

"Probably the standout position in the field of civic prominence held by Mr. Wooldridge recently was the term as district governor of Rotary International, a post he filled during the 1939-40 Rotary year. District 128, Rotary, embraces a large area in Texas.

"Other former posts held include president of Rotary club and member of the board of directors for three years, president of the Texas Dogwood Trails for two years, director of the Chamber of Commerce three years, director of Meadowbrook Country club three years, director of Pine Lodge Hunting & Fishing club two years, president of Texas Fruit Palace and member of the board for four years, councillor of the East Texas Chamber of Commerce one year." Wooldridge is married and the father of two children.

Faculty Members Added

Several faculty changes and new positions for the coming year have been announced by President Clifford B. Jones.

In the division of arts and sciences, they are; Arlo I. Smith, instructor in biology; Robert Rowan, Jr., instructor in chemistry; Thomas F. Wiesen, associate professor in department of economics and business administration; L. M. Cecil, Jr., instructor in department of English; T. Earle Hamilton, instructor in department of foreign languages; David Bergin, instructor in department of journalism; Paul V. Gilbert, instructor in department of mathematics; and Fred D. Rigby, instructor in department of mathematics;

Benjamin Bock, instructor in government; Lloyd Croslin, secretary to Congressman George Mahon, part-time instructor in government; and Eugene Benton, part-time instructor in government.

In the division of engineering faculty changes are: Leo B. Nothstine, instructor in civil engineering; Audra Wood Reger, instructor in mechanical engineering; Clifford R. Horn, instructor in petroleum engineering; R. L. Lee, Jr., head department of textile engineering; Lewis B. Thomas, instructor and mechanic in the department of textile engineering; and Captain Bruce D. Rindlaub, professor of military science and tactics.

New instructors in the division of home economics are: Miss John Bowles, instructor in department of home economics education and Miss Doris Hittle, assistant professor in home management.

George O. Elle, instructor in horticulture, graduate assistant in the Tech plant industry department last year, holds a B. S. degree from Oregon Agricultural college. He is the only addition to the faculty in the division of agriculture.

Classes Elect Officers

Following a general convocation in the gym Wednesday morning, September 25, each of the four classes met for the purpose of electing officers for 1940-41 long session.

Class presidents are Hart Shoemaker from Abilene, senior; Raymond Goodrich from Amarillo, junior; Hershel Lamb from Fort Worth; sophomore, and Linn Cooper from Houston, freshman.

Class officers and representatives, other than presidents, are: Senior—Vice president, Raybon Lam, Denver City; secretary, Kathleen Webb, Lamesa; arts and sciences representative to student council, Dexy Sudduth, Eden; engineering representative, Clarence Kelly, Lubbock; home economics representative, Betty Savage, Lubbock; agricultural representative, Jack Wheeler, Mart.

Junior—Vice president, James Allen, Hale Center; secretary, Polly Price, Childress.

Sophomore—Vice president, Kenneth Robbins, Dallas; secretary, Louise Jones, Tulia; home economics representative to student council, Dorothy Stovall, Floydada; engineering representative, Billy Akers, Lubbock; arts and sciences representative, Phyllis Bowen, San Angelo; agricultural representative, Hubert Moseley, Rochelle.

Freshman—Vice president, Norman Harp, Matador; secretary, Betty O'Mara, Lubbock.

MARK ED JONES TEACHES

Mark Jones, Jr., August graduate with a government major is teaching in Morton elementary school. Mark also has charge of a Boy Scout troop and is active in civic affairs.

Work Starts On New Dorm

Excavation has begun on the new women's dormitory, which will be finished in time for occupation at the beginning of the 1941-1942 school session. The building, to be identical with the new men's dormitory, constructed last year, is located south of Doak hall, facing east on College Avenue. It will house 320 women.

In discussing plans for the new dormitory, officials of the college pointed out that congested housing conditions have in the past caused many women students to seek accommodations in town. Many have preferred to go to other schools where they were able to find room in dormitories. The new building will at least partially remedy these conditions.

Personals

Continued from Page Five

H. C. (Pinky) Crawford is in Austin with the Texas Railroad Commission.

Paul Jones, '37, is now with the Texas Game Commission with headquarters in Lubbock.

Cy LaMaster, '36, is teacher in the George M. Hunt school and assistant coach at Junior High school in Lubbock.

Elmo Smith, former student, and Marym Watson, 1938 journalism graduate, are both teaching in the Morton schools.

Van Earl Sams and wife (Wanda Butler) are now making their home in Childress where Van Earl is engineer for the Texas Highway Department.

Dr. John Hinchey, '36, who received his M. D. degree from Baylor Medical School in June, is intern in Robert Green Memorial Hospital in San Antonio.

Wetly Wright, employed by the Tech library for several years is teaching history and government in the Barstow High school.

Among the Knox county teachers this year is W. C. Cunningham, B. A. and M. A. from Tech, superintendent at Benjamin. Mrs. Cunningham, B. S., Tech, and Voyle Vaughn, B. A., M. A., Tech, are also on the Benjamin teaching staff. Three other superintendents in the county have been enrolled in Tech also. They are A. M. Whitis, Knox City; Jesse Thompson, Vera; and S. Vidal Colley, Munday. James H. Bardwell, high school principal of Goree, received his Master's degree in the summer of 1938.

Wayne Sellers is in Austin enrolled in the University of Texas

for advanced work. He is employed by the university press.

Ruby Lee Gray, graduate, will teach sixth grade in Wells school near O'Donnell.

Mr. and Mrs. Lanis Gross will both teach in Shallowater, where he is principal of the elementary school.

Vestel Askew, who was graduated from Tech in 1939, has been employed as head of the new department of agriculture at Lake Charles Junior College, a branch of the Louisiana State university. Askew was president of the Block and Bridle Club his senior year and was a member of the junior livestock team and American Royal judging team.

Jimmie Toothaker and wife (Pauline Edgett) are living in San Diego, Calif. Jimmie is a member of the law firm of Gray, Cary, Ames and Driscoll, with offices in the Bank of America building.

Collins Moorhouse, one of the earlier students of Tech, owns and operates a Sovereign Service Station in Benjamin. Collins sends an invitation for all Tech exes traveling highways 82 or 283 to stop for a session (not necessarily trade).

J. B. Calvert, 1930 chemical engineering graduate who for the past ten years has been with the Sun Oil company in Norwood, Penn., visited on the campus last week. He reports a very ACTIVE interest in Tech among the exes in that vicinity. Originally that group organized a Tech Engineers club, with sixteen members, but more recently those other than engineers have been admitted. Officers of the club are Lloyd Russell, president; Calvert, vice-president; Sam Womack, secretary.

Ralph Brock and R. C. (Bob) Marshall, both former pre-law students on the campus, were elected county attorneys in Lubbock and Cochran Counties, respectively, during the past summer. Howard Tra-week, also an ex-student, was re-elected county attorney of Motley county.

Lieut Jack Jenkins and Lieut. Harold Cocanougher, both graduates of Randolph Field and ex-students of Tech are at Hamilton Field, Calif., with the United States Army Air Corps.

John O. Miller, 1940 engineering graduate and president of Kemas Club, is with an airplane manufacturing concern in California.

Travis Martin, 1937 graduate, visited in the alumni office during the past week. Travis owns and operates an implement business in Seymour.

Ansell Thomas, formerly of Pampa and Fort Worth, is now with the Texas Company in Midland.

Luckies' finer tobaccos mean less nicotine

Authoritative tests reveal that Luckies' finer tobaccos contain less nicotine than any other leading brand!

Here's the natural result of buying finer, selected cigarette tobacco for Lucky Strike. The average nicotine content of Luckies, for over two years, has been 12% less than the average of the four other leading brands*—less than any one of them.

This fact is proven by authoritative tests which have been confirmed from time to time by independent laboratories.

You see, each year we exhaustively analyze tobaccos before purchase. Thus our buyers can select the leaf that is ripe and mellow, yet mild and low in nic-

otine content—then buy it up.

The result—a cigarette of finer tobaccos—mild and mellow, with a naturally lower nicotine content. Have you tried a Lucky lately?

* NICOTINE CONTENT OF LEADING BRANDS

From January 1938 through June 1940
Lucky Strike has averaged

- 9.46% less nicotine than Brand A
- 20.55% less nicotine than Brand B
- 15.55% less nicotine than Brand C
- 4.74% less nicotine than Brand D

For this period Lucky Strike has had an average nicotine content of 2.01 parts per hundred.
