his box was \$2.10.

Sat 24 We fenced the wheat and stalk field
Finished about 6 P.M. put the mules
out on wheat. Bud went to Sudan
for some tobacco. Looks like nice snow
before morning. A Mr Clendenon

shack. I am to pay him 75¢ per
C.W.T. Cold all day.

Sun 25 The girls and Billy went to S.D.

Sunday Dec. 23, 1928.

Sun 23. The people that lives in my house will move to Testermans place. They picked the best of my cotton and now they are going to leave. It seems that a man cant get any more trust in any body. They said when I let them move in that they would stay till the last bale was snafled. I hate to lose the confidence that I had in them. No use of one treating strangers any other way. Only as dead beats and grand rascals. Then if they prove ather wise, one feels better and then if they do not grow up to ones expectation one is not disappointed. we went to I. S. a bunch of young girls came home with the girls. Miss Ray, Galy, Miller and a Miss Thompson? I took bus to town, to catch the East bound train for Libeck. He will go to see his sweetie.

Mon 24 I went up to the Back before it closed at 11 AM. Back home took folks in for the drawings. we did not get any of it. The bed room suit went to a lady in town, with no place to put it. The Lindy Cor or ship went to a widow lady with no kids or little ones. The little auto went to the name of Lane. we all went to the Christmas tree had a fine time, or the kids did. Dorothy is sick. I love & guess. fine weather.

Tuesday Dec. 25, 1928.

Tues 25 Another Christmas day. All feel bad. We had to take Dot to the Dr in afternoon. He prescribed for her. Could not get it filled. The drug store did not open up. The young people seem to not enjoy this fellow now, as they did when I was a kid at Christmas. Fine day.

Wed 26 I went to town in A.M. to get medicine for Dorothy. Came home with Dick. Tore down some garden fence. Sallie and I went to Jeff Webb in afternoon. Mrs Webb is sick. We also went to Mr Moniece. They are all down with the flu. Lots of it now. Hope we do not take it like we did in 1918 (See Dec 1918 in Book 3).

Thurs 27.
We called on Jeff Webb. Mrs Webb had the flu. We went to see Moniece. They have the flu also.

Thurs 27 Did not do any in for noon. Pulled some cotton. The cotton that belongs to Sallie. We all feel bad. Colds & Coughs (bus).

Sat 30 I shaved and we all went to S.D. Not much of a crowd. Lots of 'flu' in the homes. Mr & Mrs Singary came home with us for dinner. We all called on Mr Moniece's folks. They have the flu.

Fri 15 I took one of the Fife saws to Amherst with Mr Bluseys load of hogs. Sold her for 7.5 ¢ per lb. She weighed 345#, Amount \$25.87. 10 ¢ for weighing leaves a bal. of \$25.77. I put \$20.00 in Bank for Mr Fife. Had to get some more coal. And I did not have the money of my own. So I used \$5.00 of Mr Fife's money. Sun did look like it would be another bad spell this Am. began to sleet and snow about 10 o'clock Am. But cleared off about 1 P.M. Bud did not plow but two rounds. He came to Sudan brought the Cream. awful hard rain about 2 p.m.
Things are all water to 'nite'. Miss
Griffith Bussay spent day here. No S. S.
No B. Y. P. V. No Mother's day program, too
wet and muddy. Bud had to take the car
out and get it muddy. I sure do not
like this partnership being in a car.
If it had of been necessary that would
have been different. But just to go out
in the mud, sure does get my 'Nanny'.
Report is that the ^{best} house will stay
at Alton for the next two yrs.
Have not heard how the water stands.

Mon 13 The ground sure is wet, I planted watermelons
and cantaloupes. Planted about 1 acre.
We tore out the center fence. Will have
to keep the stock up now. But will not be
long, till I can turn out on the Sudan
pasture.

Tues 14 The Red cow that I bought at Littlefield
some time ago, found a bull calf.
Calf. was in hopes it would be a heifer calf.
But Nature takes care of that.

I went up to town for some coffee. We
had no coffee for breakfast. Don't have any
breakfast, when I have no coffee. They
put the hot chocolate to me. But I
did not drink any of it.

Cotton I started Bud to planting cotton, the
ground is in fine shape. It ought to
come up in 4 or 5 days.

The county agent called to see the circle Bull.

of tomato plants & pepper plants. A North wind.

Bud and Marvie started for
Ralls in for noon. They went about.
He has to make a trip once a
month. Well that is natural.

Sat 25 Caught a few fish out of the tank, put them
in the drinking trough. We all went
up town in P.M. The folks went to
the show. (Woo free!) We went back
at night. That was not free by
any means. Caught me \$3.20 and I
sure did not have the money to
spend that way. But seems like
that is all the amusement we
can get out here. Had letter
from Fife to meet him in
Lubbock if I could.

Sun 26 Started for Lubbock before
breakfast. Arriving at Lubbock about
9 A.M. Found Fife as soon as
I got there. We had a bite of
breakfast. Then we waited
a while thinking maybe Bud
would come through from
Ralls. He did not show up.
So we started out for Ralls.

He is planting higria. Fife came down he and I went up to Sudan. He had a qt. of red whiskey. A treat. We took a short in the raft at the bank. was good.

Tues 28 The people that Fife came to Lubbock with called for him this morning before he ate breakfast. He came by to tell us good bye. He stayed at Bessie's. I worked on tank near all day. Rained a little shower last night sometime. a cloud came up from S.E. about 3 or 4 P.M. Rained some and fell a hail storm. Don't think it hurt any thing much. Raining now 8:30 P.M.

Wed 29 We pulled some weeds out of Sudan patch. I told Bud to help us. He told me he would not do it. The first time any of my boys told me he would not do a thing. I sure did get my goat. I kept down a fuss I let it go. planted higria in P.M. will have to scratch every thing. I think the cotton seed stayed in the cold ground so long they have rot. seems I can't get a stand of cotton any more.

Thurs 30 Bud scratched feet in for noon. I went up to Sudan. Came a big rain fall after noon. Just too bad. Can't get any thing up. I went to the Council Bluffs headquarters to see Doc Bent. He told me he had some Jersey Cows, he would trade for my red cows.

seems to be a fine man and a
very good preacher. I do not belong
to the church, but I thought it was
as much my duty to pay him
some, as if I were a member.

cotton seed. Got 14.5 lbs. of Mr
Carruth. The old Bull. Took a fall
out of my Jack mule, we will
have to do something with him.
He will kill some one or some
of the mules. I do not want to
keep him any longer. He did not
hurt the mule much, only a
deep skin cut. But it was the
way he hit him. Or he would have
killed him.

Sun 4 I "scratched" some cotton and
Sudan this Am. Bud cultivated
the corn. Mr Buesy came down and
told me to come and get his horse
if the mule was not able to work.
I think he will be ok.
