AUSTIN, TEXAS

February 9, 1944

Mr. Sam Myres
C/O S. D. Myres Saddle Co.
El Paso, Texas.

Dear "Tio" Sam:

I am attaching herewith the letter I promised you and also the autographed photograph.

I particularly appreciated the hand-carved belt that you carved for me yourself and I will treasure it always. The work you did on the "Buscadero" is certainly excellent and already I have shown it to many of my friends.

With best wishes to you and yours, I am

HGjr/gh
encs.

Sincerely yours,
HOMER GARRISON, JR.
Director.

MAJ. CHARLES ASKINS

Two-time National Champion pistol shot and celebrated writer on pistol shooting. Now a Lt. Col. with U. S. Army—already with several citations for distinguished services, says:

FORT BLISS, TEXAS

Dear Mr. Myres:

I am always considerably flattered when you want me to make a statement about your wonderful leather, I am a most consistent admirer of yourself and your work and it isn't often I get a made-to-order opportunity to tell you how good both are.

"For ten years I carried a Myres holster in the Border Patrol—it never let me down. I packed a Myres specially made holster throughout the entire African campaign and again during the Sicilian show and my gun was always ready. Going overseas again I am taking another Myres scabbard with me, I have every confidence in this superb equipment. For goodness of material, exactness of fit and the most skillful workmanship the Myres belts and holsters are without equal. Myres holsters have no counterpart anywhere leather is sewed, they are distinctive and original in style and type and to choose one of these rigs is to get THE BEST."

Please take the very best of care of yourself until I am home again. I shall write you.

Cordially, as always,
CHARLEY ASKINS.

ED. McGIVERN

Internationally known firearms authority and expert on quick and fancy shooting and author of a publication on the same.

I consider Myres Holsters, Belts and gun carrying equipment superior to any similar product available for the purpose.

This conclusion is based on the results secured during fifty-four years of active experience and close familiarity with all sorts, sizes and models of pistols and revolvers in general use throughout that period.

During the many years of research and experiment devoted to the close study and development of better and more efficient methods of teaching and demonstrating Fast and Fancy Revolver Shooting and Police Training, with special attention given to "Defense and Offense" combat shooting for the benefit of the members of various law enforcement organizations in general, I had unlimited opportunities to study men, methods and guns, in relation to holsters, belts and various gun carrying equipment of surprisingly large assortment.

My congratulations are extended to Sam D. Myres, leather worker supreme, and holster maker unexcelled.

ED McGIVERN

THE MYRES BORDER PATROL HOLSTER

Patented—Pat. No. 2092222

The picture above is a SENIOR BORDER PATROL INSPECTOR in full dress uniform. This inspector was in the service for a number of years, now deceased.

This remarkable arm of the Governments service through training, judgment and courage has made a great contribution to the splendid condition prevailing on the Border, and we are happy that we have been favored by making them much of their equipment and especially the BORDER PATROL HOLSTER, which was especially designed and developed for their use and has proven its merit as the most outstanding holster of the age where quick work is required.

NO. 7 HOLSTER

The Myres Border Patrol Holster was originated and designed with the assistance of the Border Patrol Officers by the S. D. Myres Saddle Company of El Paso. It was adopted by the U.S. Department of Justice several years ago as their uniform Border Patrol Service Holster. And, since that time, many cities and many states have adopted it as their uniform holster. For use on a Sam Browne belt, it has no equal. It is dependable, reliable and FAST.

OBSERVATIONS—The one who keeps a cool head, gets his gun the quickest and in a shooting position and is accurate—LIVES.

Shooting at a target is different from shooting at a man—targets don't shoot back.

For fast work, a correct draw can be attained by training the arm, the hand, the eyes, and the mind to coordinate. When thus attained, it goes far as a life-saver.

NOTE: For years we have made holsters for the BEST Western Officers—gun experts—who know the value of "A SPLIT SECOND." This knowledge is expressed in the products shown in this catalogue.

DETACHABLE HOLSTER — SHOULDER — BELT

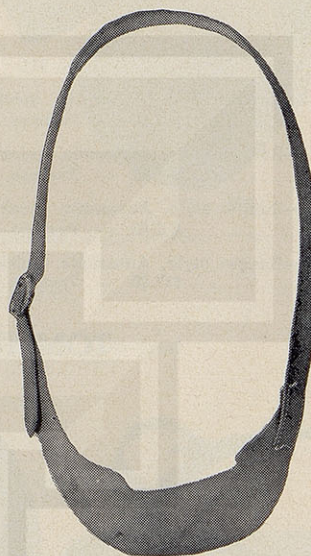

This is something new and original, and was created to meet a wartime condition where a shift was required from a shoulder holster to a belt holster—this was one of those demands that had to be met and it has been met. The following cuts describe the new holster in different positions.—MYRES.

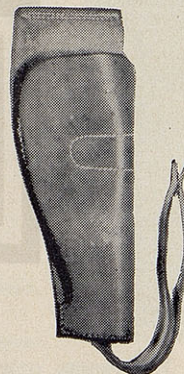

No. 116—Detachable Holster—the shoulder strap swings diagonal across the body. Holster can be quickly removed and placed on the belt.

Price\$10.00

Postage .75

No. 116—Showing diagonal shoulder Strap. Note the slot at the bottom—this is where the holster rides.

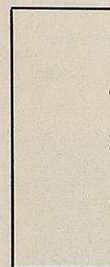

No. 116—Holster removed from shoulder strap—this can be easily placed on a belt of width up to 2½ inches.

**Although this holster was created for military use—
it is a fine holster for civilian use where shoulder
holster is necessary.**

This cut shows the detached holster on the belt.

No. 114 Clip Case and Shoulder Strap less the holster. Clip Case can be supplied for No. 116 Shoulder Holster.

No. 114—Shoulder Strap less the holster—this shows the straps that passes around the arm and securely anchors the holster.

May we suggest that after this holster has been properly filled and adjusted, that practice be actively commenced, for this is one of the fastest holsters but it requires practice to get speed—It Automatically Springs out, with practice you will be surprised how quickly you can get the arm in action. This equipment can be supplied for left handed person also.

We recommend our No. 545 Holster for the finely Carved Belts — Our No. 999 Holster can also be worn on any of the above listed belts.

Give actual waist measurement — We add 3" so Belt can be worn over clothing. Give size of cartridge to be carried in cartridge loops. State whether one or two Holster Drop Loops.

Mr. Sam Myres
C/O S. D. Myres Saddle Co.
El Paso, Texas.

Dear "Tio" Sam:

I am attaching herewith the letter I promised you and also the autographed photograph.

I particularly appreciated the hand-carved belt that you carved for me yourself and I will treasure it always. The work you did on the "Buscadero" is certainly excellent and already I have shown it to many of my friends.

With best wishes to you and yours, I am

Sincerely yours,
HOMER GARRISON, JR.
Director.

MAJ. CHARLES ASKINS

Two-time National Champion pistol shot and celebrated writer on pistol shooting. Now a Lt. Col. with U. S. Army—already with several citations for distinguished services, says:

FORT BLISS, TEXAS

Dear Mr. Myres:

I am always considerably flattered when you want me to make a statement about your wonderful leather. I am a most consistent admirer of yourself and your work and it isn't often I get a made-to-order opportunity to tell you how good both are.

For ten years I carried a Myres holster in the Border Patrol—it never let me down. I packed a Myres specially made holster throughout the entire African campaign and again during the Sicilian show and my gun was always ready. Going overseas again I am taking another Myres scabbard with me. I have every confidence in this superb equipment. For goodness of material, exactness of fit and the most skillful workmanship the Myres belts and holsters are without equal. Myres holsters have no counterpart anywhere leather is sewed, they are distinctive and original in style and type and to choose one of these rigs is to get THE BEST.

Please take the very best of care of yourself until I am home again. I shall write you.

Cordially, as always,
CHARLEY ASKINS.

My c
unexcelled.

ED. McGIVERN

Internationally known firearms authority and expert on quick and fancy shooting and author of a publication on the same.

I consider Myres Holsters, Belts and gun carrying equipment superior to any similar product available for the purpose.

This conclusion is based on the results secured during fifty-four years of active experience and close familiarity with all sorts, sizes and models of pistols and revolvers in general use throughout that period.

During the many years of research and experiment devoted to the close study and development of better and more efficient methods of teaching and demonstrating Fast and Fancy Revolver Shooting and Police Training, with special attention given to "Defense and Offense" combat shooting for the benefit of the members of various law enforcement organizations in general, I had unlimited opportunities to study men, methods and guns, in relation to holsters, belts and various gun carrying equipment of surprisingly large assortment.

My congratulations are extended to Sam D. Myres, leather worker supreme, and holster maker unexcelled.

ED McGIVERN

DETACHABLE HOLSTER — SHOULDER — BELT

This is something new and original, and was created to meet a wartime condition where a shift was required from a shoulder holster to a belt holster—this was one of those demands that had to be met and it has been met. The following cuts describe the new holster in different positions.—MYRES.

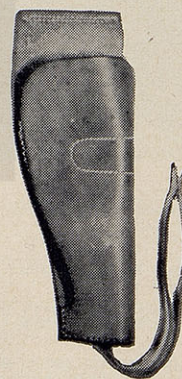

No. 116—Detachable Holster—the shoulder strap swings diagonal across the body. Holster can be quickly removed and placed on the belt.

Price\$10.00
Postage .50

No. 116—Showing diagonal shoulder Strap. Note the slot at the bottom—this is where the holster rides.

No. 116—Holster removed from shoulder strap—this can be easily placed on a belt of width up to 2½ inches.

No. 114—Detachable holster with Clip Case.

Price Complete with Clip Case	\$15.00	Postage .50
Holster without Clip Case	\$10.00	Postage .50
Clip Case	\$ 5.00	Postage .50

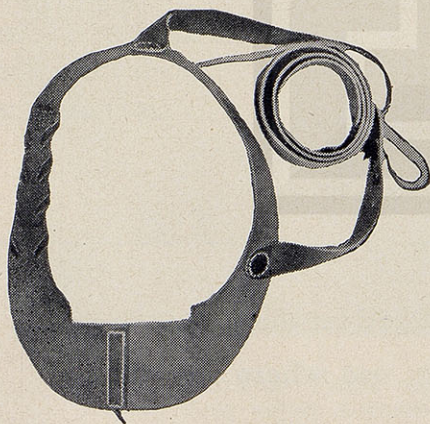

Although this holster was created for military use—
it is a fine holster for civilian use where shoulder
holster is necessary.

This cut shows the detached holster on the belt.

No. 114 Clip Case and Shoulder Strap less the holster. Clip Case can be supplied for No. 116 Shoulder Holster.

No. 114—Shoulder Strap less the holster—this shows the straps that passes around the arm and securely anchors the holster.

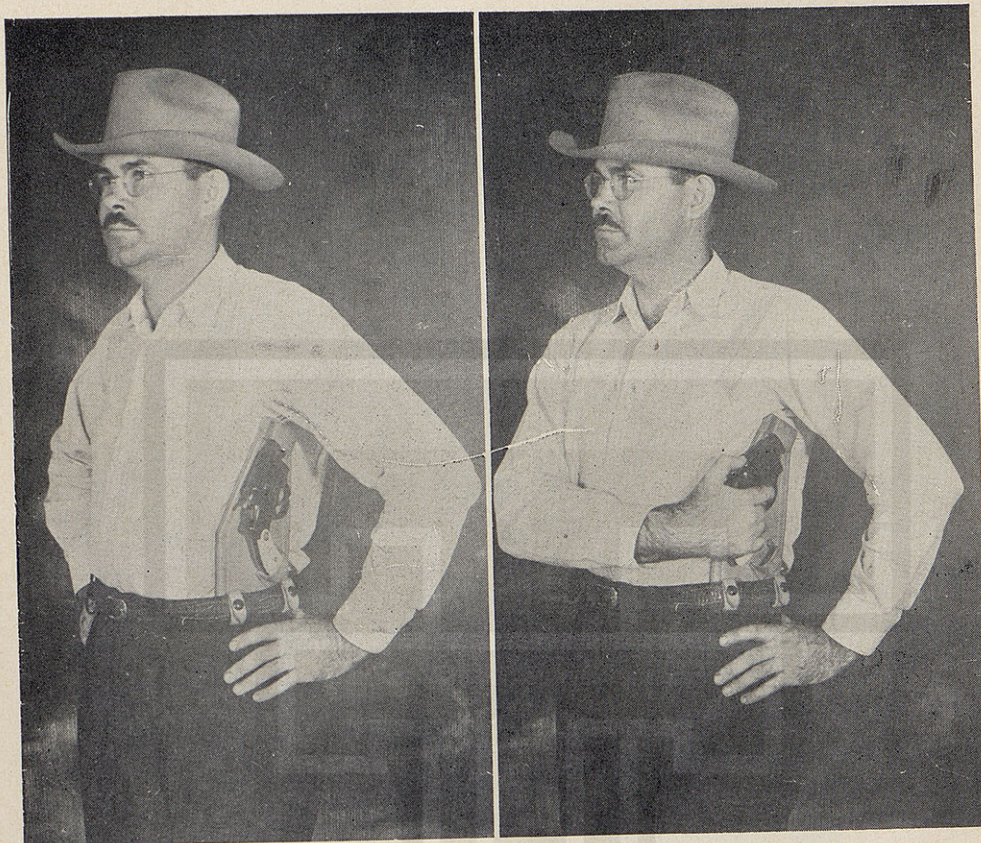

May we suggest that after this holster has been properly filled and adjusted, that practice be actively commenced, for this is one of the fastest holsters but it requires practice to get speed—It Automatically Springs out, with practice you will be surprised how quickly you can get the arm in action. This equipment can be supplied for left handed person also.

NATURAL DRAW HOLSTER

Patented—Pat. No. 261595

Patented—Pat. No. 2213472

A new Holster made for plain-clothes men, designed to fill a long felt want. This Holster rides high under arm and is supported from the belt. It is comfortable to wear and places the gun in a natural position for a fast draw, it has proven a revelation to those who have tried it! Made only for 2" barrel revolver—it is quickly snapped on belt.

Made for

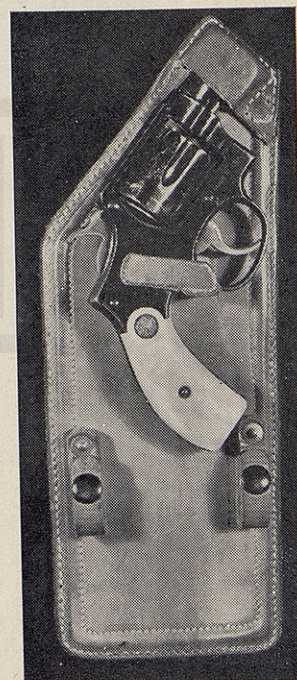

S. & W. 38 Special 2" — Colt Detective 2"

S. & W. Terrier 2" — S. & W. Chief 2"

Notice ease of natural draw.

No. 485 — Price \$12.50

Please draw around gun on paper when ordering.

THE MYRES BORDER PATROL HOLSTER

Patented—Pat. No. 2092222

The picture above is a SENIOR BORDER PATROL INSPECTOR in full dress uniform. This inspector was in the service for a number of years, now deceased.

This remarkable arm of the Governments service through training, judgment and courage has made a great contribution to the splendid condition prevailing on the Border, and we are happy that we have been favored by making them much of their equipment and especially the BORDER PATROL HOLSTER, which was especially designed and developed for their use and has proven its merit as the most outstanding holster of the age where quick work is required.

PATENTED
PAT No. 2092,222.

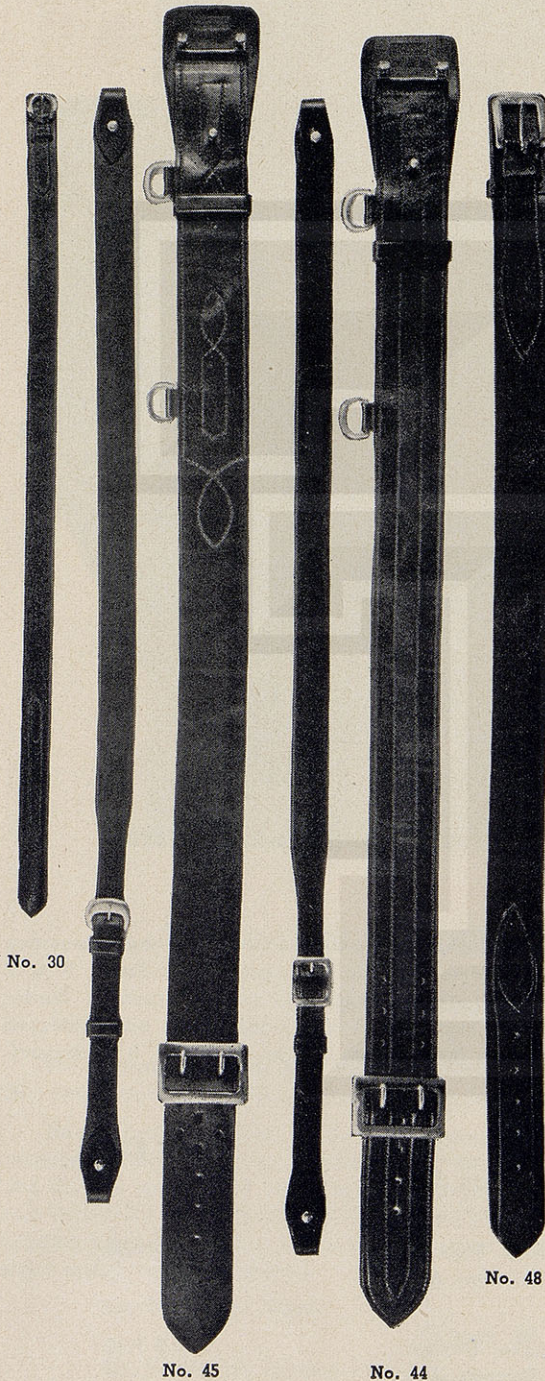

NO. 7 HOLSTER

The Myres Border Patrol Holster was originated and designed with the assistance of the Border Patrol Officers by the S. D. Myres Saddle Company of El Paso. It was adopted by the U. S. Department of Justice several years ago as their uniform Border Patrol Service Holster. And, since that time, many cities and many states have adopted it as their uniform holster. For use on a Sam Browne belt, it has no equal. It is dependable, reliable and FAST.

OBSERVATIONS—The one who keeps a cool head, gets his gun the quickest and in a shooting position and is accurate—LIVES.

Shooting at a target is different from shooting at a man—targets don't shoot back.

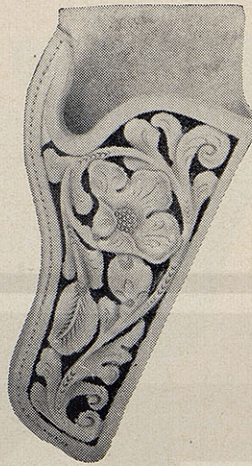

For fast work, a correct draw can be attained by training the arm, the hand, the eyes, and the mind to coordinate. When thus attained, it goes far as a life-saver.

NOTE: For years we have made holsters for the BEST Western Officers—gun experts—who know the value of "A SPLIT SECOND." This knowledge is expressed in the products shown in this catalogue.
