

Dearest Margaret

Your invitation to visit Amador
with Clean coocar was received by Benjamin
I shall of course be there but not to
tea, you must not therefore wait tea for
me as I will not be there before you're part

I am very ^{glad} you have improved the day
as I wished myself that you would go
somewhere to spend the evening. I had half
a notion to send you word to go to Pop's but
your note saved me the trouble
