WHAT TEXAS HAS

Texas has 265,780 square miles of land
More wheat land than the Dakotas
More corn land than Illinois
More fruit land than California
More timber land than Michigan
More cotton than any other state
More rice land than Louisiana
More marble than Vermont
More iron than Alabama
More granite than New Hampshire
More coal and more oil than Pennsylvania
More lignite and kaoline than all Europe
Lower Taxes than any other state
More miles of railroad than any other state
in the Union
More cattle and better cattle than any other
state
A law-abiding people who believe in the
destiny of their great state
Texas is the fifth state in the Union in pop-
ulation and the day is not far distant when it
will be first

The South Plains

Corn 25 to 40 bushels per acre
Oats 40 to 60 bushels per acre
Wheat 20 to 40 bushels per acre
Milo Maize 40 to 60 bushels per acre
Kaffir Corn 40 to 60 bushels per acre
Peanuts 100 to 200 bushels per
acre
Millet 2 to 4 tons per acre
Alfalfa 2 to 6 tons per acre
All kinds of fruit
All kinds of vegetables
Melons that surpass the 'Rocky Ford'
Abundance of rainfall
Winters are mild
Ideal climate no extremes
Ideal Stock Country
The best of water. Tests 98% pure
Rich, nutritious grasses for pasture
The promise of being the greatest
sugar belt country on earth
Markets are good, Kansas City, Ft.
Worth and Denver
The South Plains will be the great-
est farming and stock country on earth
