

CHECKS

For Your Protection

against Check Alterations —

your checks are lithographed on

Special

SAFETY PAPER

that prevents tampering

ERASURES, CHEMICALS or INK ERADICATORS—REMOVES THE BACKGROUND COLOR ON FACE OF CHECK.

Lithographed by Stafford-Lowdon Company, Fort Worth, Texas on special safety paper bearing a built-in protective design—made in accordance with Stafford-Lowdon's strict specifications by Geo. LaMonte & Son, makers of quality safety paper since 1871.

In offering these checks—your bank has availed itself of the best safeguarding methods known to modern banking. Your checks have a special background design that is made into the paper in compliance with the strict specifications of our lithographer. Any tampering is nipped in the bud by the glaring white spot left on the check. Your bank offers you this protection—plus the added bonuses of pride and prestige which all of us feel when we're using a high-quality product.

PRECAUTIONS TO OBSERVE IN WRITING CHECKS

1. Begin at the left of every line.
2. Fill in blank spaces by drawing lines through them.
3. Avoid flourishes in your handwriting; simple writing is the hardest to forge.
4. Destroy all checks erased or marred in drawing, marking the stubs VOID.
5. Never make out checks to "cash" or "bearer."
6. Never sign blank checks.
7. Keep unused checks under lock and key.
8. Guard cancelled checks carefully—they carry your signature, make perfect "copy" for forgers.
