Request

Refer to the attached drawing / show up of the area east of Dock A of the middle entrance.

This form is intended for the landscape grading plan and the Dock drawings do not match. See the landscape for accurate elevations in the area. This area does not appear to read steps and handrails. Please advise.

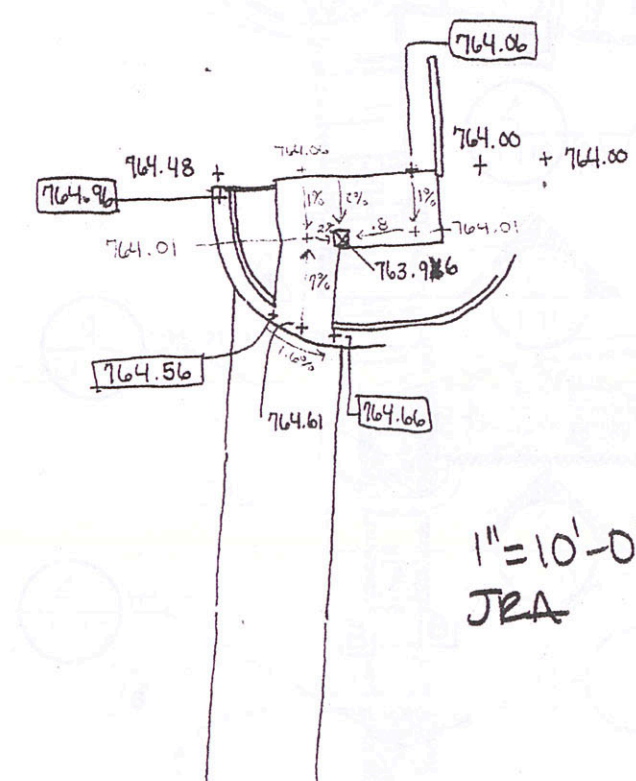

Suggestion

Answer: ☐ Amend Request

Handwritten notes and suggestions are provided. See attached drawing. Note TO changes. JBA assumes a consistent elevation across the building of 744.00. We also assume there is no topographic information on the building as this RFI states that the existing elevation is 1.0' higher than the existing existing RFI of 743.00.
