Lieutenant Colonel Carl L. Phinney, QMC

My dear Colonel Phinney:

On the occasion of your return to civil life, I wish to express my appreciation of your valuable services to the Nation in the Second World War, and particularly of your service as an officer of this command.

A review of your record indicates that you have performed faithfully and with ability the military duties assigned to you in this great emergency.

Your devotion and enthusiasm have been the more notable because, in spite of the Service Command's vital role, its many and complex activities lack the sharp stimulus and spectacular settings nearer the enemy. In certain respects, therefore, such service places even greater reliance on the character and patriotism of the individual. Through my personal observations in the European Theater of Operations, I know the essential part played by the Eighth Service Command in winning battles. You have made a direct, substantial contribution to the success which our Army has won in Europe and moved so rapidly to completion in the Pacific.

On behalf of the War Department and of the Commanding General, Army Service Forces, I offer you the thanks of our Government; and, as you lay aside the uniform you have worn with honor, let me extend as one soldier to another my heartfelt wishes for continued success in all your undertakings, and in useful service to our Country.

Faithfully yours,

ALL MESSAGES TAKEN BY THIS COMPANY ARE SUBJECT TO THE FOLLOWING TERMS

To guard against mistakes or delays, the sender of a message should order it repeated, that is, telegraphed back to the originating office for comparison. For this, one unrepeat message rate is charged in addition. Unless otherwise indicated on its face, this is an unrepeat message and paid for as such, in consideration whereof it is agreed by the sender of the message and this Company as follows:

1. The Company shall not be liable for mistakes or delays in the transmission or delivery, or for non-delivery, of any message received for transmission at the unrepeat message rate beyond the sum of five hundred dollars; nor for mistakes or delays in the transmission or delivery, or for non-delivery, of any message received for transmission at the repeat message rate beyond the sum of five thousand dollars, unless specially valued; nor in any case for delays arising from unavoidable interruption in the working of its lines.
2. In any event the Company shall not be liable for damages for mistakes or delays in the transmission or delivery, or for the non-delivery, of any message, whether caused by the negligence of its servants or otherwise, beyond the actual loss, not exceeding in any event the sum of five thousand dollars, at which amount the sender of each message represents the message is valued, unless a greater value is stated in writing by the sender thereof at the time the message is tendered for transmission, and unless the repeat message rate is paid, or agreed to be paid, and an additional charge equal to one-tenth of one per cent of the amount by which such valuation shall exceed five thousand dollars.
3. The Company is hereby made the agent of the sender, without liability, to forward this message over the lines of any other company when necessary to reach its destination.
4. Except as otherwise indicated in connection with the listing of individual places in the filed tariffs of the Company, the amount paid for the transmission of a domestic telegram or an incoming cable or radio message covers its delivery within the following limits: In cities or towns of 5,000 or more inhabitants where the Company has an office which, as shown by the filed tariffs of the Company, is not operated through the agency of a railroad company, within two miles of any open main or branch office of the Company; in cities or towns of 5,000 or more inhabitants where, as shown by the filed tariffs of the Company, the telegraph service is performed through the agency of a railroad company, within one mile of the telegraph office; in cities or towns of less than 5,000 inhabitants in which an office of the Company is located, within one-half mile of the telegraph office. Beyond the limits above specified the Company does not undertake to make delivery, but will endeavor to arrange for delivery as the agent of the sender, with the understanding that the sender authorizes the collection of any additional charge from the addressee and agrees to pay such additional charge if it is not collected from the addressee. There will be no additional charge for deliveries made by telephone within the corporate limits of any city or town in which an office of the Company is located.
5. No responsibility attaches to this Company concerning messages until the same are accepted at one of its transmitting offices; and if a message is sent to such office by one of the Company's messengers, he acts for that purpose as the agent of the sender.
6. The Company will not be liable for damages or statutory penalties in the case of any message except an intrastate message in Texas where the claim is not presented in writing to the Company within sixty days after the message is filed with the Company for transmission, and in the case of an intrastate message in Texas the Company will not be liable for damages or statutory penalties where the claim is not presented in writing to the Company within ninety-five days after the cause of action, if any, shall have accrued; provided, however, that neither of these conditions shall apply to claims for damages or overcharges within the purview of Section 415 of the Communications Act of 1934.
7. It is agreed that in any action by the Company to recover the tolls for any message or messages the prompt and correct transmission and delivery thereof shall be presumed, subject to rebuttal by competent evidence.
8. Special terms governing the transmission of messages according to their classes, as enumerated below, shall apply to messages in each of such respective classes in addition to all the foregoing terms.
9. No employee of the Company is authorized to vary the foregoing.

Dear Colonel:

This will acknowledge receipt of form WD NGB 3d showing record of service as it will appear in the next issue of the National Guard register.

It is noted that there is a skip of three days between the time that I was discharged as a Technical Sgt. of the QMC to accept a commission as 1st Lt. As I recall I was discharged on June 20, 1927 to accept a commission as 1st Lt. on June 21, 1927. My service has been continuous and although this merely shows a break of three days it is recommended that the register be corrected to show that I served as Technical Sgt to 20 June 1927.

Dear General Phinney:

I was very sorry not to be able to attend the ceremonies in Austin on the 2d of March at which time you were promoted to the grade of major general and took over the command of the 36th Division. My inability to be there was occasioned by matters connected with my impending move overseas which I could not postpone.

I wish to congratulate you upon assuming this fine command and to express to you my complete confidence in your ability to discharge the duties and responsibilities of this important assignment.

I have noted from your record, which extends over a period of some twenty-eight years, that you have filled all of the positions from that of an enlisted man to your present grade with credit and distinction. My associations with you during the past year have served to confirm your qualities of leadership and professional ability, and I am sure that the promotion is well chosen and deserved.

It has been a pleasure to be associated with you during the past year and I wish to extend to you, in the name of the Fourth Army and myself, my warmest congratulations and best wishes for your continued success and that of the 36th Division.

With kindest regards,

Sincerely yours,

SUBJECT: Commendation

TO: Major General Carl L. Phinney
Hqs 36th Infantry Division
Camp Mabry
Austin, Texas

1. The report of annual general inspection of your Division by the Fourth United States Army awards a rating of "Superior" and recommends that a letter of commendation be sent to your organization.
2. Comment was made by the Inspector General that officers of this unit were exceptionally well qualified by reason of World War II experience and noteworthy participation in Army Service Schools. Morale was exceptionally high as evidenced by a remarkable esprit de corps, the high drill attendance maintained during the past twelve months, and by the efforts of staff officers to increase the efficiency of subordinate units. During the inspection in ranks, it was observed that the military bearing, appearance, and fit of uniforms, general appearance of individuals including haircuts and shaves, condition of weapons, execution of the manual of arms, and the condition of equipment were noteworthy. Approved methods of instruction were being used and it was evident, from observation and questioning, that members of the unit had been adequately instructed in basic military subjects and had retained excellent knowledge of subjects listed in the recent training schedule.
3. You and your fine staff are especially commended and all members of the command are congratulated on the splendid results achieved.

SUBJECT: Availability of General Officers for Board Duty

TO: The Adjutant General
State of Texas
Austin 31, Texas

1. A board for the purpose of examining the records of applicants for Federal recognition in general officer grades is scheduled to convene in Washington, D. C., on 20 April 1959.

2. It is necessary to determine the availability of each major general of the line, of the Army National Guard, for possible service as a board member in an active duty status. This duty would require one (1) or two (2) days in Washington plus travel time each way.

3. It is requested that the availability of the officer listed below be determined and the National Guard Bureau advised as expeditiously as possible by indorsement hereon. Statement is also requested as to whether the State adjutant general concurs in his active duty.

Major General Carl L. Phinney, CG, 36th Inf Div

4. If the general named in paragraph 3 above is selected for board duty, active duty orders will be issued and your office notified. In the event he is not selected, no notification will be furnished the officer or your office.

1. A board for the purpose of examining the records of applicants for Federal recognition in general officer grades is scheduled to convene in Washington, D. C., on 18 April 1960.

2. It is necessary to determine the availability of each major general of the Line, of the Army National Guard, for possible service as a board member in an active duty status. This duty would require one (1) or two (2) days in Washington plus travel time each way.

3. It is requested that the availability of the officer listed below be determined and the National Guard Bureau advised as expeditiously as possible by indorsement hereon. Statement is also requested as to whether the State adjutant general concurs in his active duty.

Major General Carl L. Phinney, CG, 36th Inf Div

4. If the general named in paragraph 3 above is selected for board duty, active duty orders will be issued and your office notified. In the event he is not selected, no notification will be furnished the officer or your office.

1. Upon completion of the annual general inspection of Headquarters and Headquarters Company, 36th Infantry Division, by the Inspector General, Fourth United States Army, a rating of Superior was awarded and recommendation was made that a letter of commendation be sent to those concerned.

2. From an inspection of records and observation it appeared that all personnel were physically and personally qualified to perform assigned duties. Morale was high as attested by the 100% drill attendance for inspection, the high percentage of attendance for the past year, and the appearance and responsiveness of the personnel both in and out of ranks. The administrative records and supply records were an outstanding example of neatness. The instruction was presented in an outstanding manner and during the inspection in ranks, it was observed that the military bearing, general appearance of individuals, condition of weapons and equipment, and the execution of the manual of arms were noteworthy.

3. Such splendid results could have been achieved only through exercise of the highest degree of leadership and supervision, and you, the members of your Headquarters Staff, Capt Thomason C. Eklund, Commander of Headquarters Company and his Administrative Supply Technicians, CWO Joe Duncum and SFC George K. Hamilton, are all commended for the outstanding accomplishments set forth in the report.

Dear General Phinney:

As your tour of duty as a member of the Reserve Forces Policy Board ends, I congratulate and commend you for your outstanding contributions to the Board's accomplishments.

You were appointed to bring to the Board's deliberations not only experience, intelligence and industry, but also a broad and perceptive understanding of the over-all problems of national defense and the reserve programs. The record bears ample witness that you have demonstrated in every respect the qualities responsible for your appointment.

The importance of adequate reserve forces to the security of the nation is clearly evident, and the Reserve Forces Policy Board contributes in large measure to the store of information and experience essential to the development of effective policies governing the reserve. Your substantial share in that policy development should be a source of great satisfaction. It is acknowledged with deep appreciation.

Please accept my best wishes for your continued success.

Dear

It is with a great deal of regret that I record the termination of your Federal recognition on 21 September 1961 by reason of your resignation from the Texas Army National Guard.

A review of your record of military service shows over thirty-six years of service beginning with your enlistment in the Texas National Guard on 1 April 1925. You were commissioned a first lieutenant on 21 June 1927 and entered active Federal service on 25 November 1940 in the grade of major. You attained the grade of colonel during your World War II service terminating 17 December 1945. In recognition of this service, you were awarded the Silver Star Medal and Legion of Merit.

Your leadership of the 36th Infantry Division, Texas Army National Guard, for the past more than eight years was recognized nationally. Evidence of this recognition is the fact that you were selected as a member of the General Staff Committee on National Guard Policy from 1951 to 1954 and, more recently, as a member of the Reserve Forces Policy Board from 1957 to 1960. Your willingness and enthusiasm to serve on these important panels and other boards and committees appointed from time to time by the Department of Defense reflects much credit upon yourself and the Army National Guard.

In addition, your stature as a Guardsman was evidenced by your election as Vice President of the National Guard Association of the United States, a post which you hold at this time.

Dear General Phinney:

Department of Army records which we received Wednesday credit you with five more days of active duty training than our records revealed. There apparently were duty days in connection with Section 5 and RFPB meetings.

We have informed Chief, National Guard Bureau to include the DA active duty days in your official records.
