"Queen of the West"

No. 555—Distinctive and artistic. Hand-carved in masterly style. Animals appear life-like. Hand-made sterling silver. Cheyenne roll cantle. Gold monograms on horn, fork, and stirrups. Special tree and special Mexican horn. A masterpiece for the connoisseur. Built on any style tree. $13\frac{1}{2}$ " to 15" seat. Gullet, $5\frac{3}{4}$ " wide. Fork 10" to 14" (As illustrated, 14"). Cantle $2\frac{1}{2}$ " to 3". Fully equipped with special latigos, cinchas, stirrups, and flank cinchas, as shown.

"Showman's Choice"

No. 600—Another show saddle of great appeal. Mountings of brilliant mirror metal that does not rust or tarnish and requires no polishing. Made on Myres Low Bronc Tree, with Komfort Kantle. 14" fork, from 13½" to 15" seat, 3" cantle, 5¾" gullet. Stirrups as shown, hand-carved billets, angora front cincha, special flank cincha. Breast-collar and head-stall can be had to match.

NOTE: We have made numerous show saddles: The famous \$10,000.00 saddle for the 101 Ranch, saddles for the Madison Square Garden Rodeo, and many others. Write us your requirements.

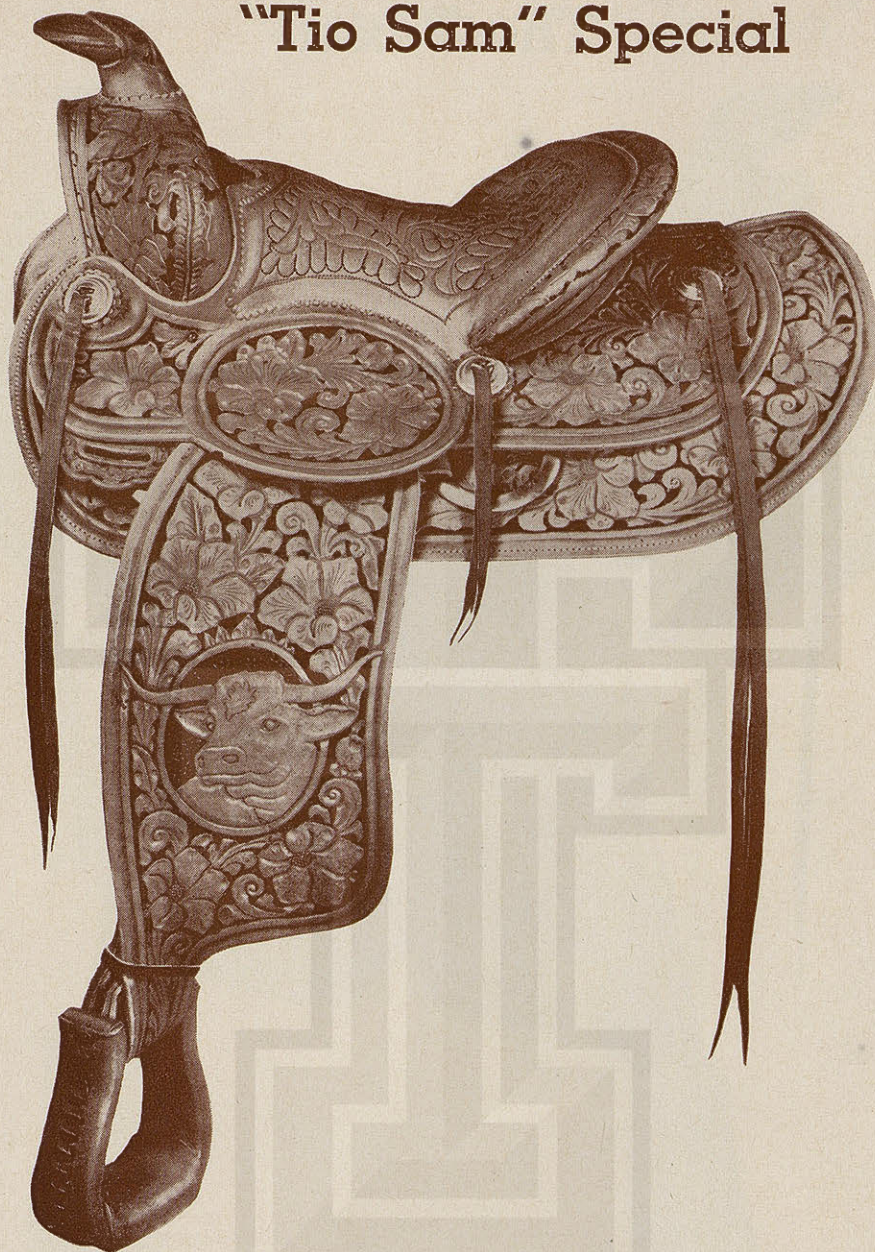

No. 700
effect. M
from 13
and des
with sti

"The Texan"

No. 700-X—Unusual floral design on a saddle of superior quality. Two-tone effect. Made on the famous Crosby tree, with 14" fork, 2½" cantle, and seat from 13½" to 15". Gullet, 5¾". The one-piece fenders are especially shaped and designed for those who like to ride with a forward stirrup. Fully equipped with stirrups as shown, hand-carved flank billet and off billet, mohair front cincha. Specifications of this saddle can be changed to suit.

"Tio Sam" Special

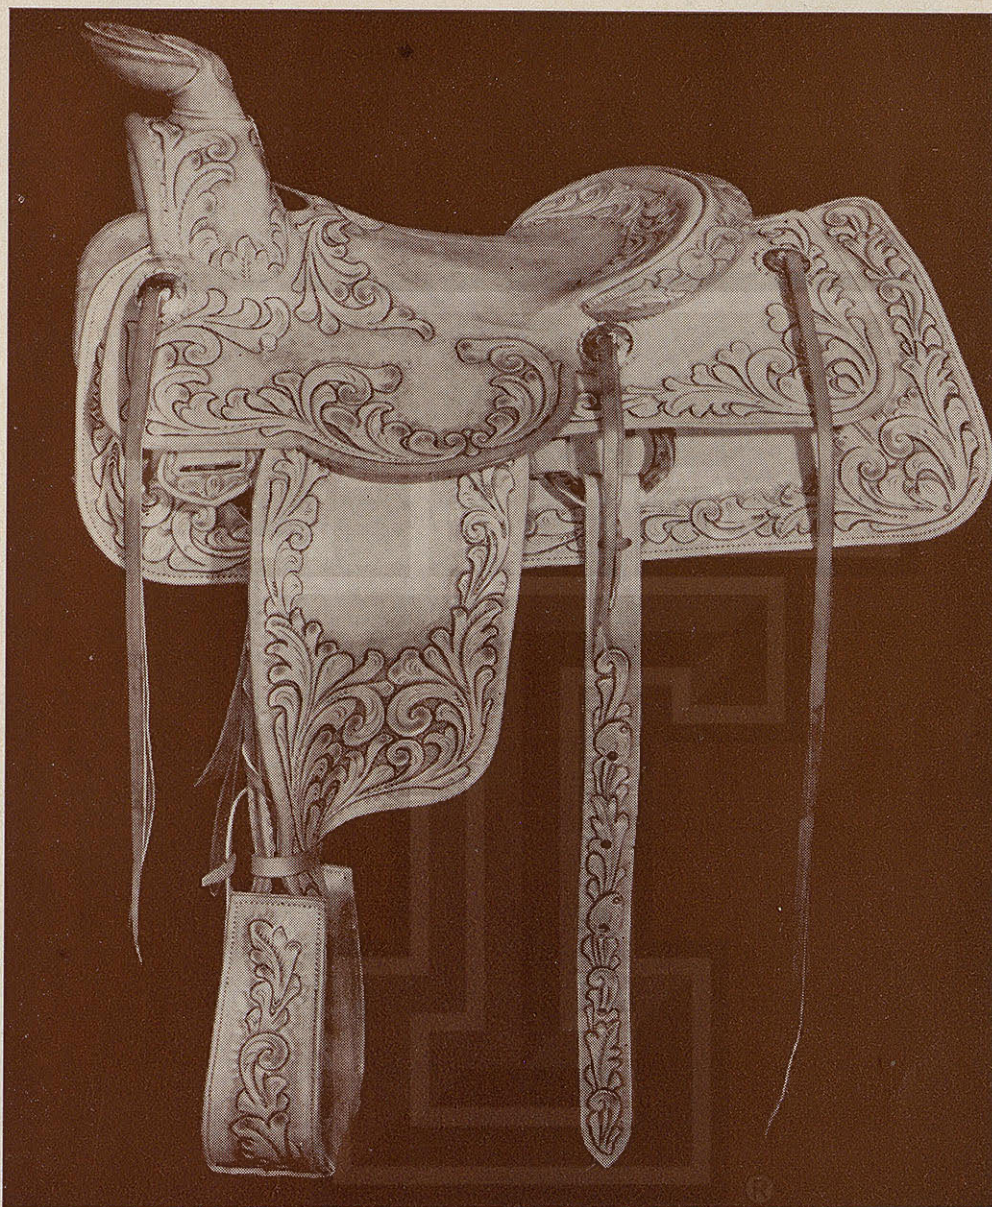

No. 165-X—A favorite of "Tio Sam" Myres, the Founder of our company. This excellent saddle is made on Myres' Low Bronc Tree, with Komfort Kante. 14" fork, with seat from 13½" to 15", and 3" cantle, which is wide and spready and has small dish. Gullet, 5¾". Beautifully hand-carved in two-tone effect. Has Myres' special inlaid quilted seat that assures solid comfort in riding.

EQUIPMENT: No. 15 stirrup, No. 21 flank cincha, No. 11 off billet, No. 21 long latigo, No. 63 mohair front cincha. (To identify these items, see illustrations on pages 27-28.)

NOTE: This equipment is standard on most saddles that follow in the catalog.

"Charles O. Williamson"

No. 1101—Made especially for Charles O. Williamson, author of the well-known book, **Breaking and Training the Stock Horse**. He designed the tree for level and forward posture. Extra low seat in front, slick fork (A-fork), low cantle, large pelican horn. The saddle shown has 15" seat, 9" fork, 2" cantle, 4" pelican horn, and optional $\frac{3}{4}$ or full double rig. Gullet, $5\frac{3}{4}$ ". A longer or shorter tree may be had. **THE WILLIAMSON TREE CAN BE USED ON ANY SADDLE IN THE CATALOG.** Equipped as shown, including mohair front cincha and latigo.

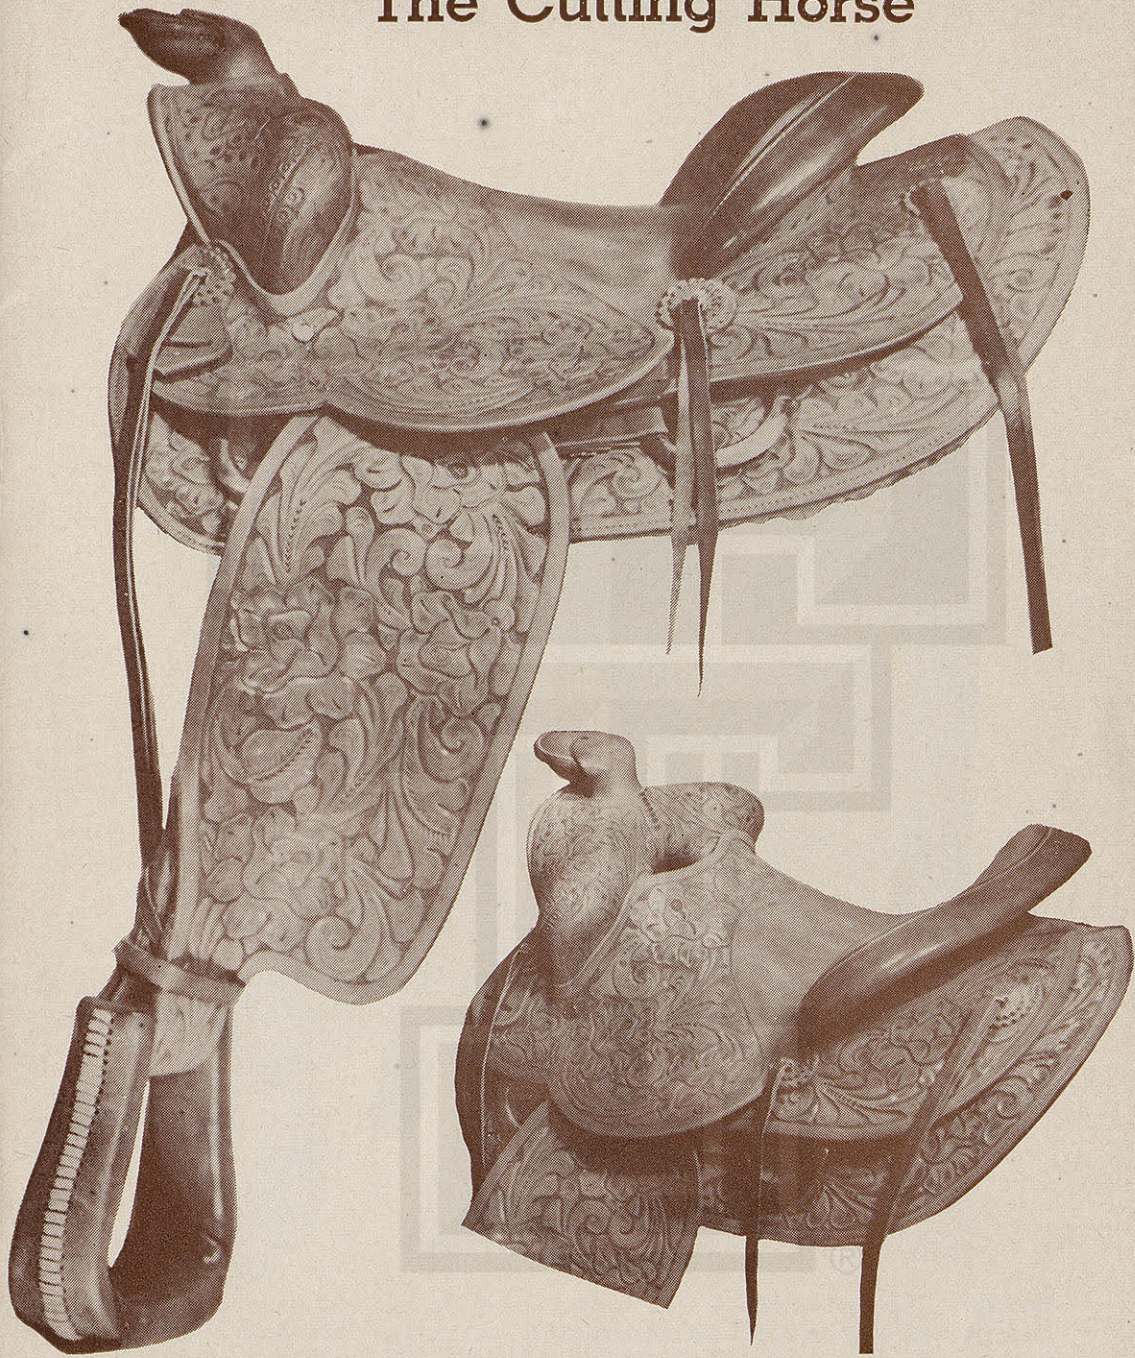

"Curtis Roper"

No. 1002—Features Myres' "Rig on Skirt," special copyrighted design. This exclusive device, which mounts the saddle rigging on the outside of the skirt, insures closer contact of saddle and horse. The saddle thus rides more securely when roping or going up steep hills. Rigging does not go through skirt; so horse retains full protection of skirt. Also the rigging has lifting effect on the saddle, rather than pulling the tree against the withers of the horse. Thoroughly tested and approved by riders. Can be installed on any saddle we make. Saddle illustrated is built on 14" Curtis Roper tree with 13" fork, 2 1/2" cantle. Gullet 5 3/4". No. 8 Mexican horn, 3 1/2" head.

No. 62-E—
of Myres
move
rider ke
ican hor
(See pa

"The Cutting Horse"

No. 62-B—The newest in feature and utility. Has exclusive "Pendulum Stirrup" of Myres' copyrighted design: Special swivel built into tree gives rider free leg movement forward and backward. Note unusual shape of cantle built to help rider keep seat when horse makes quick cuts. Seat is 15", fork, 14". Flat Mexican horn, 3½". Cantle, 3"; gullet, 6". Equipped same as "Tio Sam Special." (See page 4.)

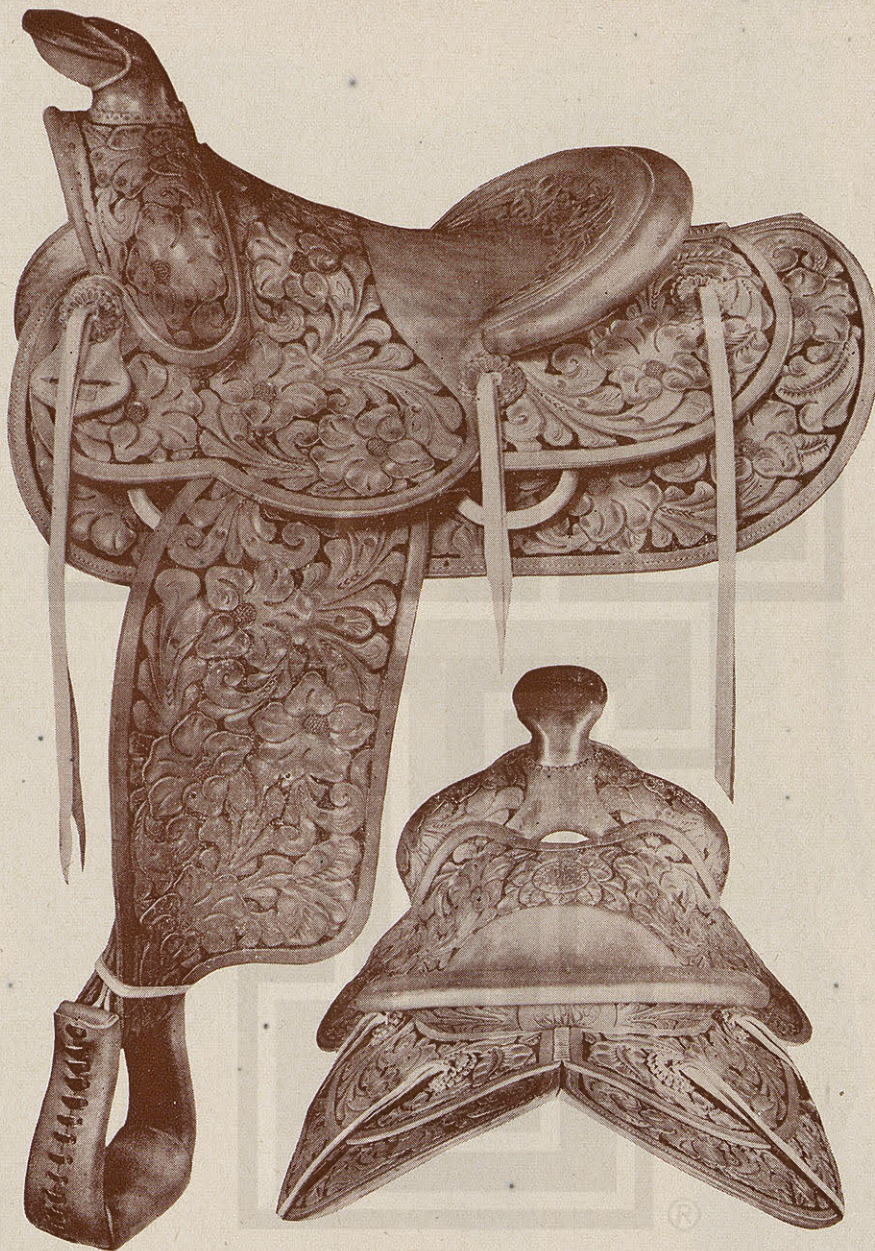

"Low Down Roper"

No. 237—This fine saddle is well named, for it sits low and snug on the horse and permits the body to adjust naturally for roping. The large 3" Sterling horn is a leading feature. Note the well-balanced lines and the superb hand-carving. The tree is ideal for easy riding. The saddle is finished with brass rings. Made on 14" tree with 13" fork. Gullet, 5 $\frac{3}{4}$ ". Larger or smaller tree optional. Equipped same as "Tio Sam Special." (Ssee page 4.)

"Bob Crosby Roper"

No. 75-M—Sturdy—and good to see. Selected top-quality materials, expert workmanship, as in all Myres' Saddles. Built on famous Bob Crosby Roper Tree, designed especially for roping and flat-country ranch work. 14" seat, 14" fork, 2½" low cantle, 3½" Mexican flat horn. Skirts full and round. Rigging is double; flat rings and dees. ¾ rigging furnished on request. One-piece Arizona style fenders, 8½" wide, 3" stirrup leathers, Cheyenne roll. 5¾" gullet. Full leather-covered stirrups, in widths from 1½" to 3". Brass rings. Equipped otherwise as "Tio Sam Special." (See page 4.)

"Quarter Horse Roper"

No. 285-A—This unusual saddle was designed by top ropers for their special use. A new development in saddle making. Built to fit quarter horses with broad withers and short coupled. Saddle has extra-wide side bars in rear under the cantle. Gullet height 8", width 6". Width of fork, 10½", cantle 2". Tree is available in any seat length. Equipped same as "Tio Sam Special." (See page 4.)

No. 65-M—

5¾". You
Equipped

ber"

"Bowman Roper"

No. 65-M—This is an excellent roping saddle, an all-round good work saddle. As shown, it has a 14" tree; however, a longer or shorter tree is available. The swell is 12" and cantle only 2". The flat Mexican horn is 3½". Gullet, 5¾". You cannot go wrong with this saddle — or any other Myres' Saddle. Equipped same as "Tio Sam Special." (See page 4.)

"Mexican Roper"

No. 207—This saddle features a distinctive $3\frac{1}{2}$ " Mexican horn. Built on Low Down Roper Tree. Designed for all practical ranch purposes and especially adapted to roping. Can be made with round skirts, and other changes to suit the rider. 15" tree with 13" fork. Either larger tree or larger swell can be had. Gullet, $5\frac{3}{4}$ ". Equipped as "Tio Sam Special." (See page 4.)

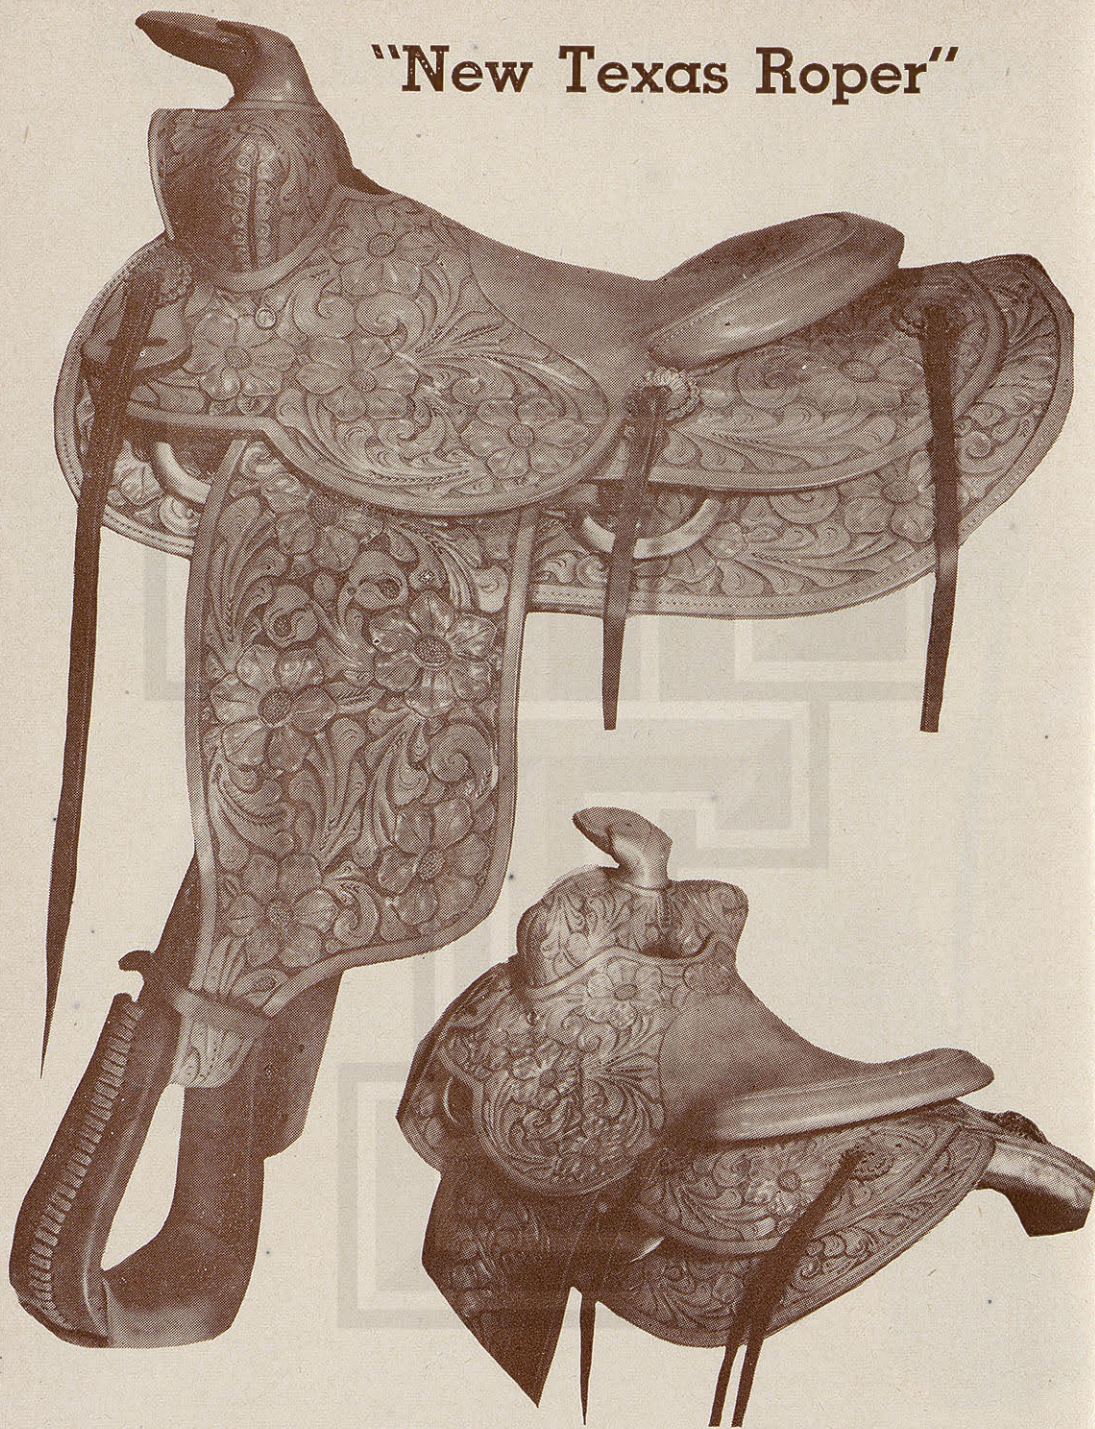

No. 155

"Myres' Special Roper"

No. 155—Unsurpassed as a roping saddle. Rugged construction on Myres' Roping Tree, with 15" seat and 12" fork. Longer or shorter tree optional. Cantle is 2½" with Cheyenne roll. Skirts are 28" x 14"; 3" stirrup leathers, doubled at points. If desired, saddle can be made with round skirts and one-piece fenders. Gullet, 5¾"; equipped same as "Tio Sam Special." (See page 4.)

"New Texas Roper"

No. 85-M—A late creation of our saddle designers. Note low build of cantle and horn. The saddle has a feeling of snugness and ruggedness. Made regular with 15" seat; however, larger or smaller tree optional. 3½" flat-top horn, 12" swell, 2" cantle, 5¾" gullet. One-piece fenders 8½" wide, low and flat Cheyenne roll. Full round skirt. Equipped like "Tio Sam Special." (See page 4.)

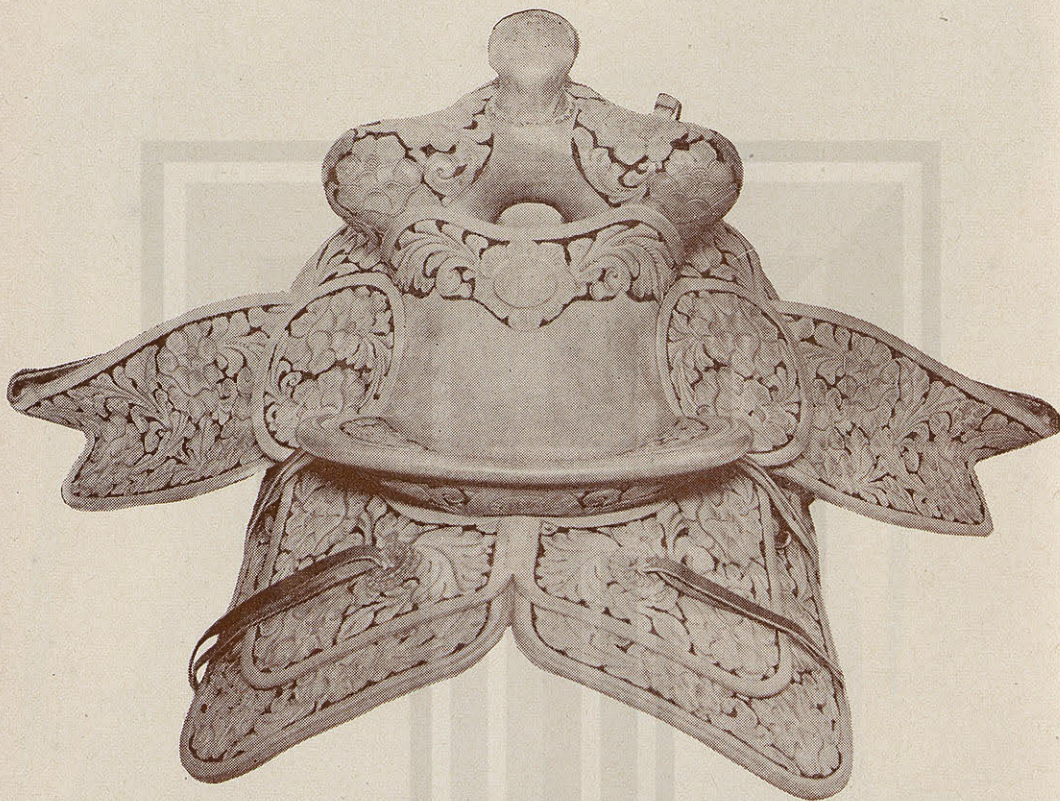

No. 23

cial." (

"All-Round Ranch"

No. 235-D—A wonderful all-purpose saddle. Will stand up to most rigorous use, regardless of where or when. Made on the Myres' Low Bronc Tree with Komfort Kante. The fork is especially shaped to give plenty of leg room. Cantle is wide, with small dish. Tree is noted for easy riding. Made with 14" seat, 14" fork, and 3" cantle. Gullet, 5 $\frac{3}{4}$ ". Equipped same as "Tio Sam Special." (See page 4.)

"El Ranchero"

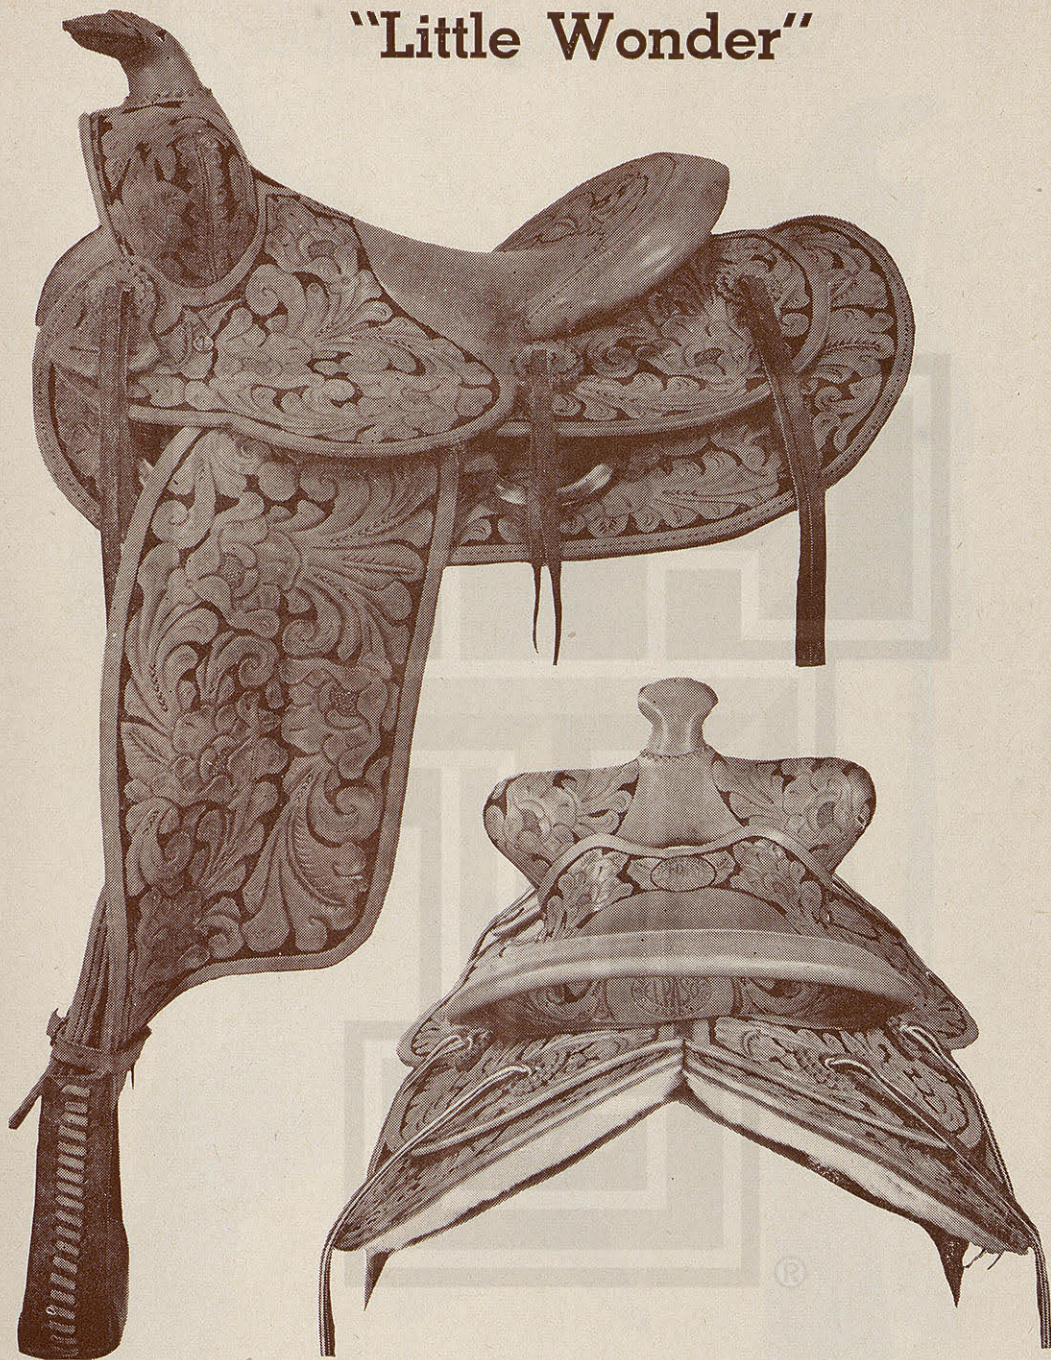

No. 915—The picture above shows a truly remarkable saddle. One of the most popular saddles ever made, it is built on a new type of tree, the famous Myres' Ranchero Tree. It has a wide, concave 3" cantle, ideal for large riders, and the seat is shaped to the contour of the user. Made with 13" to 15" seat, as ordered. Gullet, 5 $\frac{3}{4}$ ". Fork is 14" and horn-head 2 $\frac{1}{2}$ ".

Specifications may be changed as customer prefers. A Mexican horn is optional. Arizona fenders. Round skirts can be furnished if desired. Equipped as "Tio Sam Special." (See page 4.)

and defi
reservati
horn. Gu
roll. Equi

"Little Wonder"

No. 912—Another striking Myres' creation. A saddle that has been fully tested and definitely lives up to its name. We can recommend this saddle without reservation. Made regular with a 13" seat, 14" swell, 3" cantle, 2½" regular horn. Gullet, 5¾". One-piece fenders 8½" wide. Full round skirts. Cheyenne roll. Equipped same as "Tio Sam Special." (See page 4.)

"Myres' Light Roper"

No. 66-B—Unsurpassed riding comfort is built into this Quality Saddle. The special Myres' inlaid seat is cushioned with foam rubber. Especially popular with lady riders. Built on Myres' Light Roping Tree. Has 14" fork, 3" cantle, 2½" horn-head, and seat from 13½" to 15" (optional). Gullet, 5¾". Equipped same as "Tio Sam Special." (See page 4.)

"Western Pride"

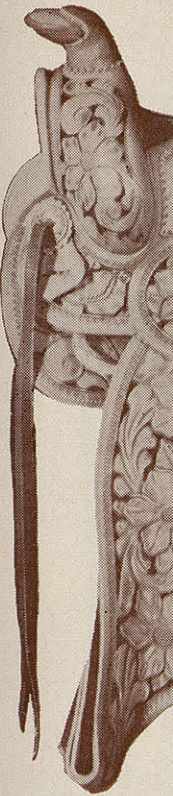

No. 78-X—A saddle you can own and ride with pride. A truly Western saddle for those who want the best. Very popular with both men and women riders. Smart in looks, excellent in built. Made on Myres' Light Roper Tree, which has won approval of hundreds of riders. 14" fork, 3" cantle, seat from 13½" to 15" (optional). Gullet, 5¾". Fork is well shaped to give plenty of leg room. All trimmings of latest style and highest quality. Equipped as "Tio Sam Special." (See page 4.)

"The Bulldogger"

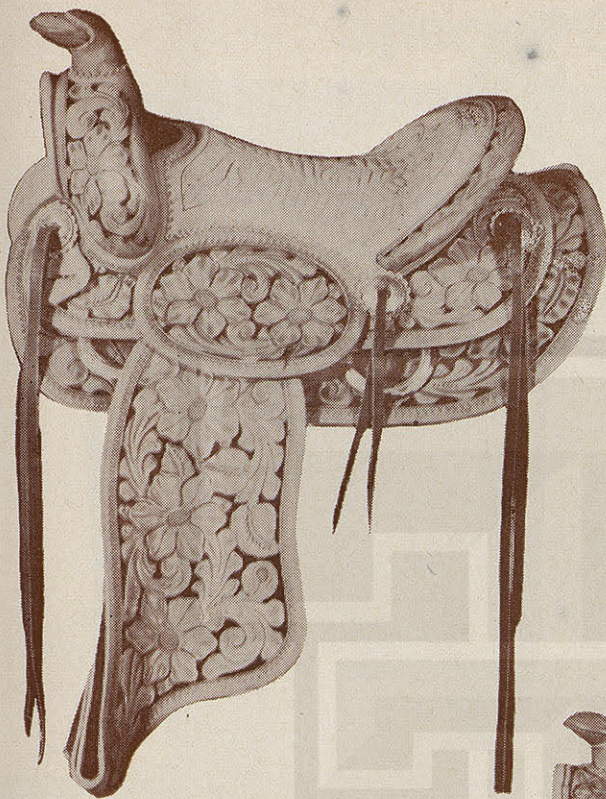

No. 77—Here is a saddle that is as tough and durable as its name. A rough-side-out saddle for outside rough men. A saddle that will take the greatest possible punishment. For the plains, prairie, or brush country, it has no equal. Made on the Bob Crosby Tree with 14" fork, 2½" cantle, 3½" flat Mexican Horn. Seats are from 13½" to 15". Gullet 5¾". Equipped same as "Tio Sam Special" (see page 4) but stirrups and cinchas are made rough side out.

"Boy"

No. 144-B—For to 10 years. the best tree hand carving acquire a n equipped wi billet and tap lbs. When o weight, and made accord

"The Arizona"

No. 375-A—Made especially for the junior cowboy or cowgirl. Same famous Myres' quality materials and workmanship as in grown-up saddles. Arizona one-piece fenders, 3" cantle, 13" fork. Seat 13" or 13½". Popular rubber inlaid seat. Full round skirts. Cheyenne cantle roll, hand carved. Double rigged; flat rings and dees. Equipped same as "Tio Sam Special." (See page 4.)

The "Boy Wonder"

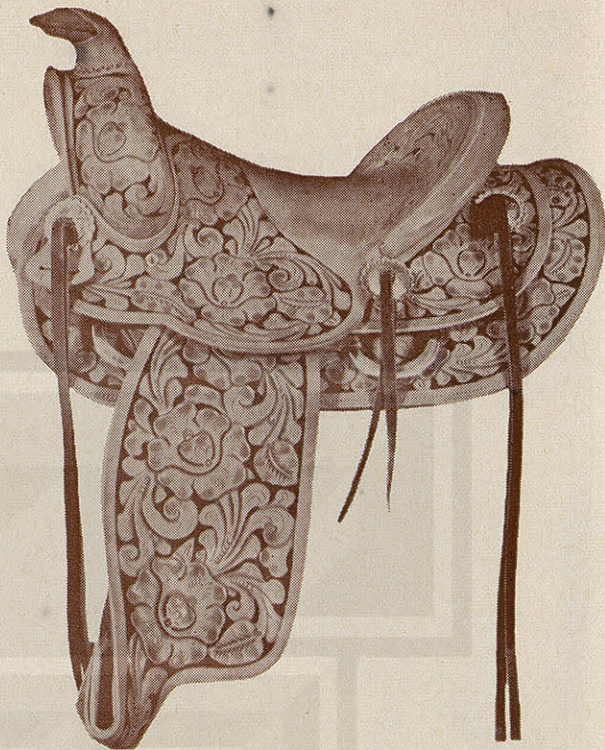

No. 144-B—For young Americans, aged 5 to 10 years. Unmatched for quality, with the best tree, leather, workmanship, and hand carving. Built so the young rider can acquire a natural riding position. Fully equipped with front and back cinchas, billet and tapaderas as shown. Weight 23 lbs. When ordering, give child's age, weight, and height so that saddle may be made accordingly.

A rough-
greatest
o equal.
Mexican
Tio Sam
out.

"The Wyoming"

No. 365-B—Also made for the junior cowboy or cowgirl, but has leather seat rather than foam inlaid seat. Cantle is 3" high and has Cheyenne roll. Flat rings and dees. Other details similar to "The Arizona." Equipped as "Tio Sam Special." (See page 4.)

No. 25-B—CORONA. Made of carpeting, with the under side lined with lamb skin. The Roll is made of 100% wool. The color shown is black and white but any other color combination can be had.

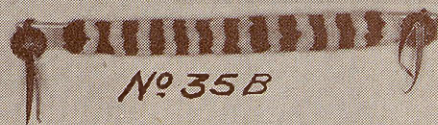

No. 55-B—Martingale to match.

No. 35-B—Brow Band.

No. 45-B—Nose Band.

Special Chaps

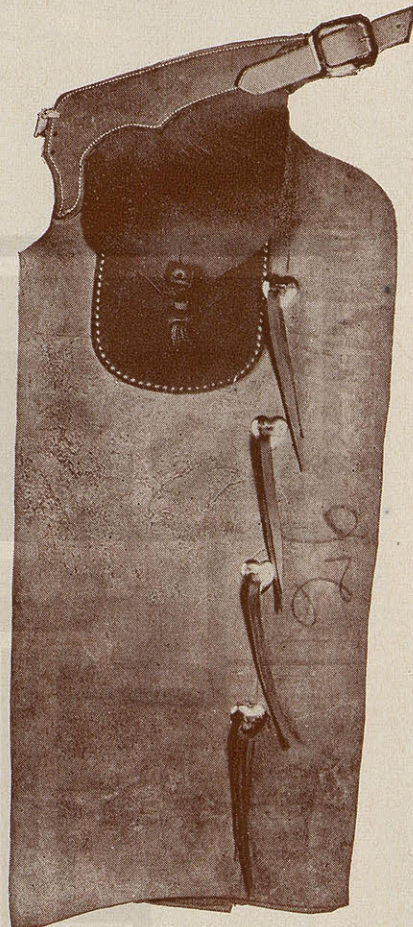

No. 1533—The most beautiful chap made without full silver mounting. We specialize in chaps made to your design or specifications. Our "show" chaps have few, if any, rivals. We carefully select the chap leather to fit your particular needs. The chap above is made of white elk and blue calf in contrasting colors. The words "Casa Manana" are surrounded by an attractive floral design. Although the chap has a large wing, it is not extra heavy. Ideal for show purposes.

Regular Chaps

No. 22—Chap

No. 26—Chap

No. 12—Boy's Chap

No. 22 Chap. — Made of 5 oz. elk skin, flesh side out. Extra-large pocket. Three snap fasteners, with belt of skirting leather. Recommended for any type of ranch work; it will give excellent service.

No. 12 Boy's Chap — For the young rider. Made of select light leather, carefully chosen, with splendid wearing value. Colors available: rose, blue, green. Also made with cream-colored elk skin at small additional charge. Three sizes: 3 to 8 years. Specify age when ordering.

No. 26 Chap — Made of heavy California chap leather, with either grain or flesh side out. Three or four snap fasteners as preferred. Has no equal for rugged work.

No. 1210

The Best in Spurs

No. 207—Personally designed by World Champion Bud Linderman, a man who really knows horses and equipment, and made exact to his specifications by Kelly.

Turned-in $1\frac{1}{8}$ " shank makes it unnecessary to turn toes out when spurring. Hand-forged from tough steel; nickel-plated. Loop tie downs. Two sets of removable and interchangeable rowels. Tie down hole in shank. Bud Linderman Spurs are rugged spurs of top quality and workmanship, designed to win top prize money.

No. 428—Johnnie Mullins Spurs. A top spur for many years. $1\frac{1}{8}$ " band, $2\frac{1}{4}$ " shank, $1\frac{3}{4}$ " rowel.

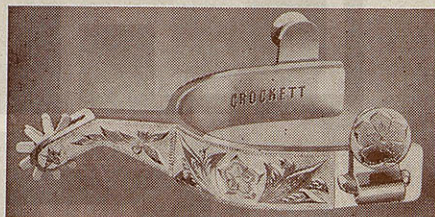

No. 222—Spur. $1\frac{1}{8}$ " tapered band, $2\frac{1}{2}$ " shank, with $2\frac{1}{4}$ " rowel.

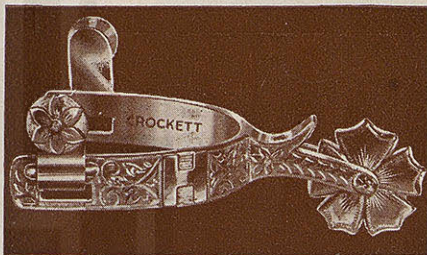

NOTE: Unless otherwise indicated, all bits are nickel-plated. Also all bits are made with $5\frac{1}{8}$ "—wide mouthpiece unless otherwise ordered.

No. 199—An ideal roping spur made for Toots Mansfield, the six times **WORLD'S CHAMPION CALF ROPER**. A well balanced rugged steel spur with $\frac{7}{8}$ " band, 2" shank, and 1" rowel. Swinging buttons that can't turn in. Designed for show and hard riding, this style has rapidly become a leading spur for all around riding. Hand-engraved on silver overlay and bright nickel-plated.

No. 1613—Spurs. Stainless Steel, with Sterling Silver overlaid. $\frac{7}{8}$ " band, 2" shank, 1" rowel.

No. 1616—Stainless Steel with Sterling Silver overlaid. Any One Letter Engraved. $\frac{3}{4}$ " band, 2" shank, $1\frac{3}{4}$ " rowel.

No. 220—Spur. A favorite among cowmen for years. $1\frac{1}{8}$ " band, $2\frac{1}{2}$ " shank and a six-point $2\frac{1}{2}$ " rowel.

The Best in Spurs

No. 440—Spurs for ladies or boys. $\frac{1}{2}$ " band, $1\frac{1}{4}$ " shank, with a five-point 1" rowel.

No. 70—Spurs. Made for either men or women. In ordering, please specify. $\frac{3}{4}$ " band, $1\frac{3}{4}$ " shank, $1\frac{3}{4}$ " rowel.

NOTE: Extra rowels are available for the most popular makes of spurs. Send your old rowel for matching or duplication.

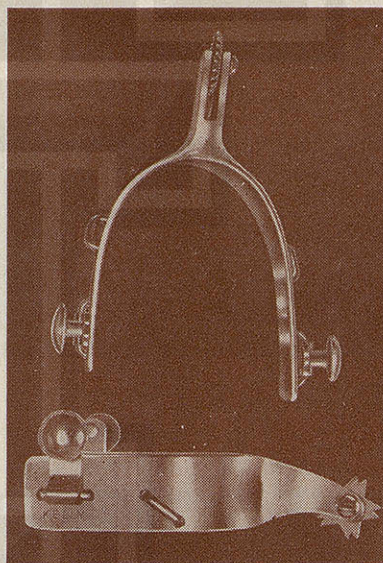

No. 85-AC—The king of duraluminum bits—well balanced—excellent for show or general riding. Embossed and hand-engroved raised conchas in copper. Cheeks are $7\frac{3}{4}$ " long. Curb-strap loops prevent pinching.

If you do not see the spur you want, write us. We will make every effort to get it for you.

No. 424—Spurs. The American Eagle. 1" band, 2" shank with $1\frac{1}{2}$ " five-points star rowel.

No. 422—"Jerry Ambler" Bronc Spurs. Turned-in $1\frac{3}{4}$ " shanks. Two sets rowels—One set 1" twenty-point saw-tooth, the other set 1" notched star.

No. 438—Spurs. $\frac{5}{8}$ " band, $1\frac{1}{2}$ " shank, and a 20-point 1" rowel. For ladies or boys.

No. 35—Bit. Hand f with 8" shank. Nickel-plated.

No. 1069—Walking with $8\frac{1}{4}$ " cheeks. P-1068 Plain.

No. 1049 — Stainless $8\frac{5}{8}$ " cheeks. E-1049 Plain.

The Best in Bits

No. 35—Bit. Hand forged bit, Port $5\frac{1}{8}$ " with 8" shank. Nickel plated.

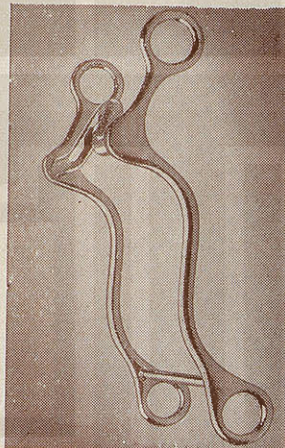

No. 47—Bit. Hand forged steel bit with nickel finish. $5\frac{1}{8}$ " port, shank $6\frac{1}{2}$ " over all.

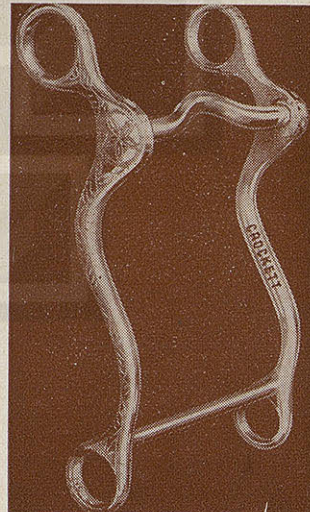

No. 39—Hand forged from tough steel. Shanks 8" with $5\frac{1}{8}$ " port.

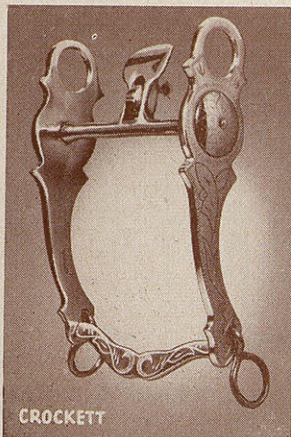

No. 1069—Walking horse aluminum bit with $8\frac{1}{4}$ " cheeks. E-1068 Engraved. P-1068 Plain.

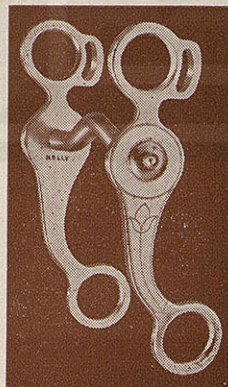

No. 1263—Plain bit with 9" cheeks.

No. 1073 — Hand made special round cheek roping bit. 9" cheek. E-1073 Engraved. P-1073 Plain.

No. 1049 — Stainless Steel Spade Bit. $8\frac{5}{8}$ " cheeks. E-1049 Engraved. P-1049 Plain.

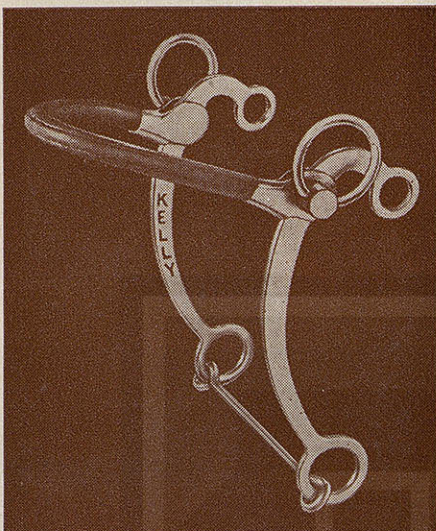

No. 85—Bit. $7\frac{3}{4}$ " cheeks, with loops for curb strap.

No. 1624 — Stainless Steel, with pure white Sterling Silver overlaid $\frac{1}{4}$ " cheeks.

The Best in Bits

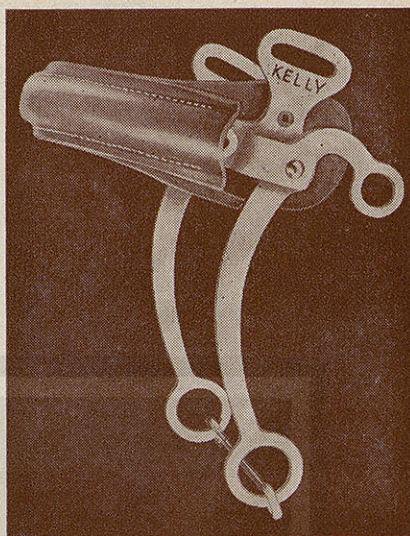

No. 1007—This New Hackamore was developed to meet the exacting demands of today's top horse trainers. The leverage is independent of the headstall rings. The nose band is steel cable covered with leather, and the nose band will not drop over the nose of the horse.

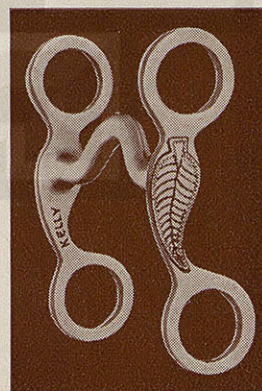

No. 1013—Hackamore Bit. The port bar is removable. $9\frac{1}{4}$ " cheeks. Engraved and Plain.

WHEN IN EL PASO

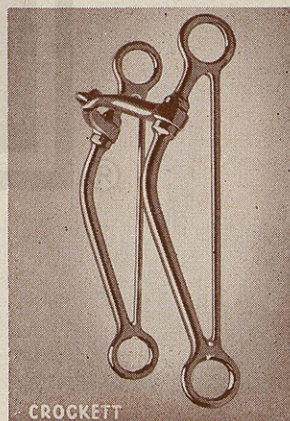

Visit our showrooms and factory at 5030 Alameda Blvd. See the largest and finest selection of saddles and Western wear in the Southwest.

No. 1003—Hackamore Bit. The headstall pieces pivot to prevent headstall slipping forward when pressure is applied to reins.

No. 21—Bit. Overall length is only $4\frac{7}{8}$ ". Port $5\frac{1}{8}$ ".

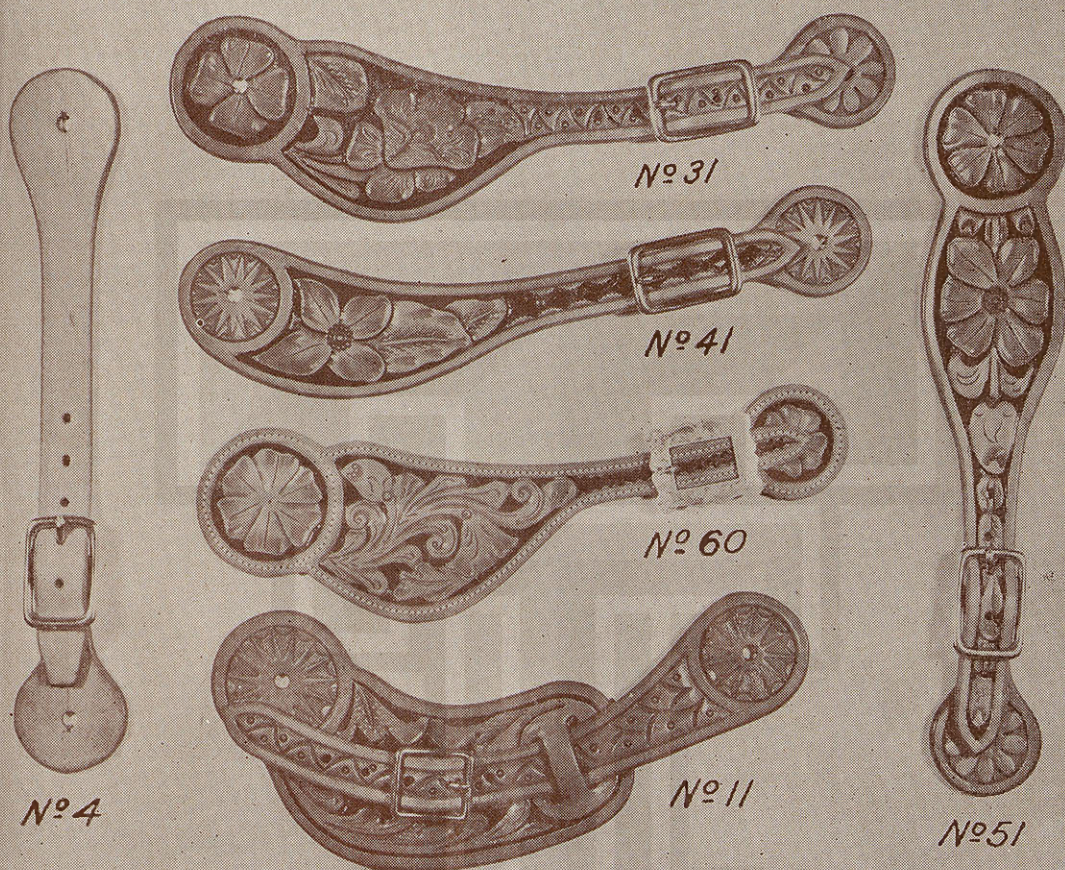

No. 1248—Hand Forged Steel Snaffle.

*To my good friend Sam D. Myres with best wishes
Homer Garrison, Jr.
Director, Texas Dept. of Public Safety*

HOMER GARRISON, JR.

TEXAS DEPARTMENT OF PUBLIC SAFETY
Camp Mabry
AUSTIN, TEXAS

February 9, 1944

Mr. Sam Myres
C/O S. D. Myres Saddle Co.
El Paso, Texas.

Dear "Tio" Sam:

I am attaching herewith the letter I promised you and also the autographed photograph.

I particularly appreciated the hand-carved belt that you carved for me yourself and I will treasure it always. The work you did on the "Buscadero" is certainly excellent and already I have shown it to many of my friends.

With best wishes to you and yours, I am

Sincerely yours,
HOMER GARRISON, JR.
Director.

MAJ. CHARLES ASKINS

Two-time National Champion pistol shot and celebrated writer on pistol shooting. Now a Lt. Col. with U. S. Army—already with several citations for distinguished services, says:

FORT BLISS, TEXAS

Dear Mr. Myres:

I am always considerably flattered when you want me to make a statement about your wonderful leather, I am a most consistent admirer of yourself and your work and it isn't often I get a made-to-order opportunity to tell you how good both are.

"For ten years I carried a Myres holster in the Border Patrol—it never let me down. I packed a Myres specially made holster throughout the entire African campaign and again during the Sicilian show and my gun was always ready. Going overseas again I am taking another Myres scabbard with me. I have every confidence in this superb equipment. For goodness of material, exactness of fit and the most skillful workmanship the Myres belts and holsters are without equal. Myres holsters have no counterpart anywhere leather is sewed, they are distinctive and original in style and type and to choose one of these rigs is to get THE BEST."

Please take the very best of care of yourself until I am home again. I shall write you.

Cordially, as always,
CHARLEY ASKINS.

My c
unexcelled.

ED. McGIVERN

Internationally known firearms authority and expert on quick and fancy shooting and author of a publication on the same.

I consider Myres Holsters, Belts and gun carrying equipment superior to any similar product available for the purpose.

This conclusion is based on the results secured during fifty-four years of active experience and close familiarity with all sorts, sizes and models of pistols and revolvers in general use throughout that period.

During the many years of research and experiment devoted to the close study and development of better and more efficient methods of teaching and demonstrating Fast and Fancy Revolver Shooting and Police Training, with special attention given to "Defense and Offense" combat shooting for the benefit of the members of various law enforcement organizations in general, I had unlimited opportunities to study men, methods and guns, in relation to holsters, belts and various gun carrying equipment of surprisingly large assortment.

My congratulations are extended to Sam D. Myres, leather worker supreme, and holster maker unexcelled.

ED McGIVERN

DETACHABLE HOLSTER — SHOULDER — BELT

This is something new and original, and was created to meet a wartime condition where a shift was required from a shoulder holster to a belt holster—this was one of those demands that had to be met and it has been met. The following cuts describe the new holster in different positions.—MYRES.

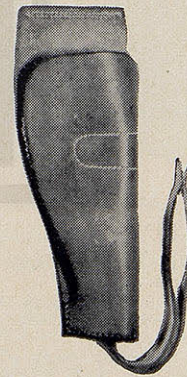

No. 116—Detachable Holster—the shoulder strap swings diagonal across the body. Holster can be quickly removed and placed on the belt.

Price\$10.00
Postage .50

No. 116—Showing diagonal shoulder Strap. Note the slot at the bottom—this is where the holster rides.

No. 116—Holster removed from shoulder strap—this can be easily placed on a belt of width up to 2½ inches.

Clip can
freely and
nicely w
matic.

nicely with Auto-
matic.

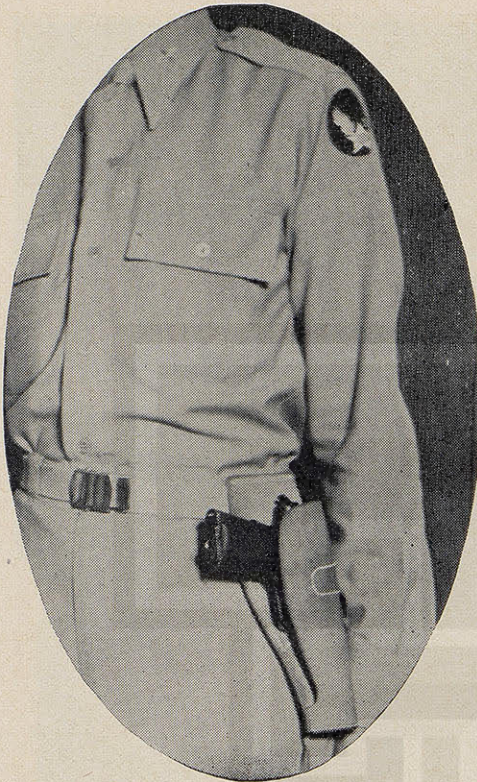

The Automatic
swings freely and
can be quickly
drawn from holster.

No. 114—Detachable holster with Clip Case.

Price Complete with Clip Case	\$15.00	Postage .50
Holster without Clip Case	\$10.00	Postage .50
Clip Case	\$ 5.00	Postage .50

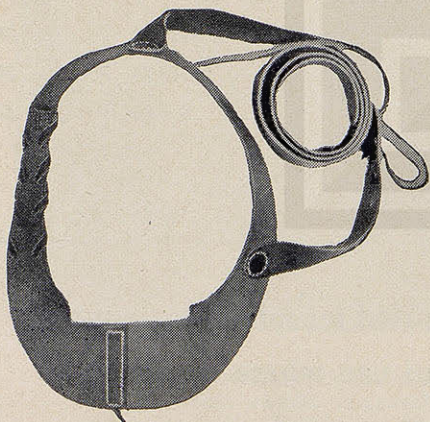

Although this holster was created for military use—
it is a fine holster for civilian use where shoulder
holster is necessary.

This cut shows the detached holster on the belt.

No. 114 Clip Case and Shoulder Strap less the holster. Clip Case can be supplied for No. 116 Shoulder Holster.

No. 114—Shoulder Strap less the holster—this shows the straps that passes around the arm and securely anchors the holster.

May we suggest that after this holster has been properly filled and adjusted, that practice be actively commenced, for this is one of the fastest holsters but it requires practice to get speed—It Automatically Springs out, with practice you will be surprised how quickly you can get the arm in action. This equipment can be supplied for left handed person also.

NATURAL DRAW HOLSTER

Patented—Pat. No. 261595

Patented—Pat. No. 2213472

A new Holster made for plain-clothes men, designed to fill a long felt want. This Holster rides high under arm and is supported from the belt. It is comfortable to wear and places the gun in a natural position for a fast draw, it has proven a revelation to those who have tried it! Made only for 2" barrel revolver—it is quickly snapped on belt.

Made for

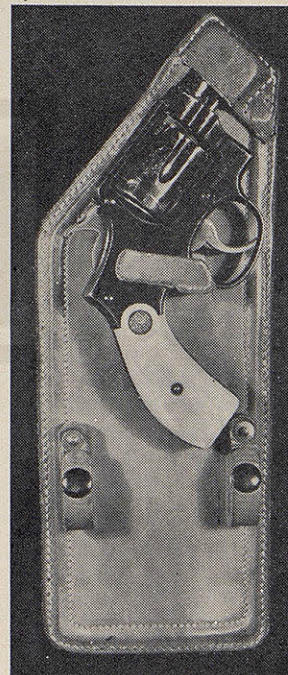

S. & W. 38 Special 2" — Colt Detective 2"

S. & W. Terrier 2" — S. & W. Chief 2"

Notice ease of natural draw.

No. 485 — Price \$12.50

Please draw around gun on paper when ordering.

THE MYRES BORDER PATROL HOLSTER

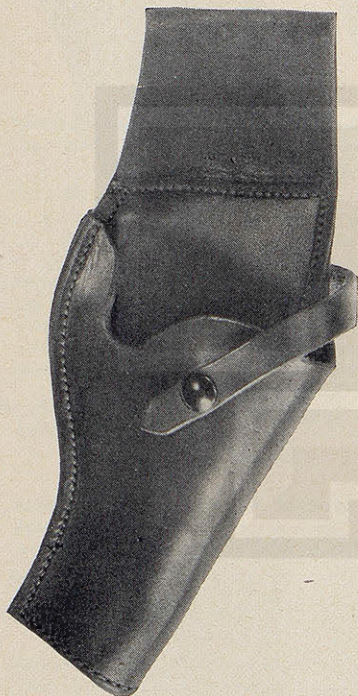

Patented—Pat. No. 2092222

The picture above is a SENIOR BORDER PATROL INSPECTOR in full dress uniform. This inspector was in the service for a number of years, now deceased.

This remarkable arm of the Governments service through training, judgment and courage has made a great contribution to the splendid condition prevailing on the Border, and we are happy that we have been favored by making them much of their equipment and especially the BORDER PATROL HOLSTER, which was especially designed and developed for their use and has proven its merit as the most outstanding holster of the age where quick work is required.

THE MYRES BORDER PATROL AND POLICE HOLSTER

NO. 5 HOLSTER

PATENTED
PAT No. 2092,222.

NO. 7 HOLSTER

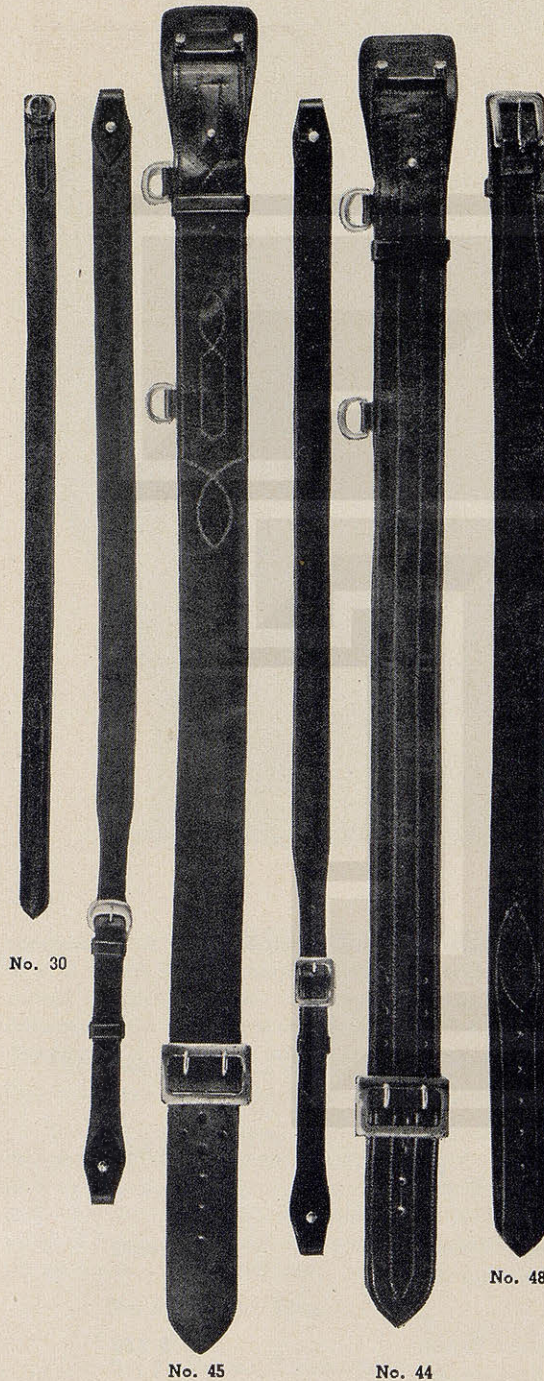

The Myres Border Patrol Holster was originated and designed with the assistance of the Border Patrol Officers by the S. D. Myres Saddle Company of El Paso. It was adopted by the U. S. Department of Justice several years ago as their uniform Border Patrol Service Holster. And, since that time, many cities and many states have adopted it as their uniform holster. For use on a Sam Browne belt, it has no equal. It is dependable, reliable and FAST.

OBSERVATIONS—The one who keeps a cool head, gets his gun the quickest and in a shooting position and is accurate—LIVES.

Shooting at a target is different from shooting at a man—targets don't shoot back.

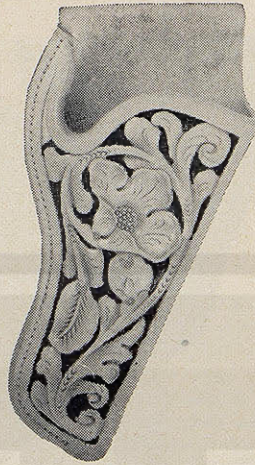

For fast work, a correct draw can be attained by training the arm, the hand, the eyes, and the mind to coordinate. When thus attained, it goes far as a life-saver.

NOTE: For years we have made holsters for the BEST Western Officers—gun experts—who know the value of "A SPLIT SECOND." This knowledge is expressed in the products shown in this catalogue.

OFFICERS' BELTS

This style of belt has proven to be the most satisfactory for the support of guns, the buckle gives a most rigid and permanent effect and there is no sagging from weight of pistol. It has no equal for this purpose.

**A THING OF BEAUTY
A JOY FOREVER**

In 1948 there was published a book, BREAKING AND TRAINING THE STOCK HORSE, the author of which is Charles O. Williamson, a man with a lifetime of experience in handling and training horses. We recommend this publication in the strongest way and especially do we endorse the type of saddle it describes as being correct. Briefly, the saddle is a low roper, the outstanding feature of which is the almost level seat from front to rear; a seat not built up in front. We are prepared to make such a saddle to your specifications.

The book, BREAKING AND TRAINING THE STOCK HORSE, may be obtained direct from Charles O. Williamson whose address is New Plymouth, Idaho, Postoffice Box No. 8. The price is \$7.50.
