San Marcos

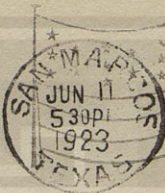

My dear Julia

I was glad to
receive your letter &
know you enjoy being
with Gada I am glad
she and her husband
can be so helpful in
the town they live their
influence will be worth
a great deal there and
there is no greater
missionary work than

service where it is needed
and I know you enjoy
contributing your mite
too. As to the picture
we all got them thru
Aunt Pitts and I would
have thought she would
let you know about them
I asked her about it and
she said B- wrote she
Aunt-Pitts would write
you as soon as she got
your address from
Cam.

I think they are fine and
many thanks to you for letting
me know about them and
I hope Aunt-Pitts understood
you were to come on the
price if not I am willing
to pay on your picture for
if it had not been for you
we could not have gotten
them I think them fine -

The room is all finished
and looks very sweet - I think
the little Oscar Tent-Medic
sent-each-ly fitted the top
of dresser. Loll, Edwin and
Eliza are here visiting Eliza's
baby is cute and sweet-as
can be. I might-possibly see
you in Houston in Aug. as I am
going to Beaumont some time
during that-month and will
pass thru Houston and possibly
spend the night with Aunt-Pitts.
With love to Veda and your self Jennie
