

President Paul W. Horn of Texas Tech will participate in a teachers institute at San Angelo Friday and Saturday of this week after being conductor of the institute here the first three days of the week. Dr. A. W. Evans, assistant conductor of the institute at Tech, will speak on Thursday and Friday at the institute at Matador.

Qualauche
9-1-2 Journal

Teachers who attend the institute at Tech College Monday, Tuesday, and Wednesday will have special entertainment the first two nights. An informal social hour under the direction of Miss Florence Parker will be held on the campus Monday night from 7:30 to 8:30. Miss Parker will demonstrate children's games, songs, and other entertainment features including the local magician, Mr. Wiggins.

Tuesday night Prof. W. R. Wagherne will give an organ recital at the First Methodist church complimentary to the visiting teachers. Following the concert Prof. J. B. Edmondson of the University of Michigan will give a general educational address. The public generally is extended an invitation to attend both of these events.

From Texas Technological College Free News Service:--Cecil Horne.

All of the livestock is of a high line of breeding.

A Jersey bull which was accorded grand champion honors at the Panhandle

South Plains fair at Lubbock last fall traces his breeding through sire and dam to Noble of Oaklands, to Gamboge Knight, and to the famous Sybil's Gamboge. Flowerdale Silvia King, who last year won as grand champion Holstein bull at the same fair, is out of a 36-pound cow, and through his sire traces to Echo Silvia Pontiac, one of the greatest sires of the breed.

The poultry plant, which was started last spring, will eventually occupy about 40 acres, according to Professor W. L. Stangel, head of the animal husbandry department. The plant at present contains four laying houses with a capacity of 250 hens each, and eight contest houses with pens enclosing each. It is also equipped with six electric brooders with a total capacity of 2700 chicks, and incubators with a capacity of 3000 eggs. The stock is composed of three breeds, having 100 head each of White Leghorns, Barred Plymouth Rocks, and Rhode Island Reds. Poultry production is being rapidly developed on the South Plains and the Tech poultry plant is expected to be one of the most helpful units in the department of animal husbandry.

LUBBOCK, Texas, Sept. . The opening sermon for Texas Technological College for the current year will be delivered by Dr. L. N. D. Wells, pastor of the East Dallas Christian church. The churches of Lubbock join in this annual service which will be held in the College Gymnasium September 30 at eight o'clock.

LUBBOCK, Texas, Sept. . Dr. Raymond Sidwell who comes from the University of Iowa as an instructor in the department of geology in Texas Technological College has served as a lieutenant in the U. S. army flying corps.

LUBBOCK, Texas, Sept. . Dr. W. T. Read, head of the department of chemistry in Texas Technological College, has returned from Northwestern University where he delivered a four weeks course of lectures on industrial chemistry for the American Institute of Chemistry. These lectures were given before teachers of chemistry and professional chemists.

LUBBOCK, Texas, Sept. . With half a hundred old men in uniform Coach Ewing Y. Freeland has opened his football training camp on the Texas Technological College grid. With Captain Ransom Walker at the helm the coaches will put the boys through two hard weeks of work prior to the opening of school Sept. 24. The absence of first year men in the camp is due to the fact that for the first time Tech is enforcing the freshman rule of the Southwestern Conference.

Among other contenders for places are two ex-captains, "Ox" Reed of last year who will be back at his guard post, and "Red" Carpenter who was Matador captain two years back who will perform in one of the tackle positions. "Chubby" DeWitt and "Red" Smith, both powerful guards, are back and will team with Reed to insure a strong defense against opposing line plungers.

Bill McWilliams and Vaughn Corley will fight it out for the pivot position, Corley playing his third year with the Scarlet and Black. Candidates for the tackle positions include such men as "Tough" Vermillion, Westy Westerfelt, and James Tolson. On ends Doc Barfoot, Dennis Vinzant and Jess Lockhart will compete.

For the backfield places there will be plenty of competition with Captain Walker, Volney Hill, Floyd Wooldridge, and Elson Archibald, all ball toters of ability in past contests. Other backfield men who are expected to make a good showing are Dude Lassiter, Duck Marr, Buddy Brothers, Levi Walker, Tubby Taylor, Clarence Hodges, and Sid Knowles.

LUBBOCK, Texas, Sept. . Concerning a report that Texas Technological College will be overrun with students at the opening of the next session, President Paul W. Horn has given out the following statement:

The College authorities have learned from several sources that there is a rumor in circulation to the effect that the Texas Technological College will this fall be so swamped with students that it will not be possible for the institution properly to take care of them.

I can assure the public that this rumor is absolutely incorrect. It is true that every indication points to the fact that we shall have a record breaking enrolment. Nevertheless, it is also true that both in buildings and in faculty our capacity has been greatly increased over that of last year.

The new Engineering building is equipped and ready for occupancy. This will take care not merely of engineering classes, but will take care of a number of classes for the School of Liberal Arts as well.

The new Chemistry building is well under way and will be ready for occupancy by the first of January. For the time being, all of the major sciences taught in the institution will be housed in this building.

Our facilities in the way of boarding houses are also much more extensive than they have ever been before. The town of Lubbock has been building very rapidly.

There are likewise some twenty or thirty additions to the faculty.

I can assure the public that although there will likely be a much larger number than previously, this increase is merely the healthy growth which we have all along been expecting. The College will be able to take care adequately of every student who may be enrolled during the coming year.

collected during the coming year. . .
will be able to find some indication of every subject who has been
receiving growth which we have been studying. The College
has a much larger number of students than it has in the
past. . . I am sure that you will find it very interesting.

There are likewise some cases of early admission to the
hospital has been making very rapid progress.

With more extensive study we have been before. The form of
our "testimony" is the way of pointing out the
this morning.

of the major scientific results in the institution and of progress in
ready for admission to the study of the subject. For the time being all
the best of the subject is well known and all the
into the world.

but will take care of a number of classes for the study of the subject
concerning. This will take care of the majority of the subject of the subject.

The new building is well known and well known for
the subject of the subject.

LUBBOCK, Texas, Sept.---. Led by Captain "Handsome Ransom" Walker, fourteen lettermen have been heading a squad of fifty husky Matadors for the past week, and this roster of veterans will be enlarged to sixteen when "Westy" Westerfelt, with three years at tackle to his credit, and "Red" Smith with two at guard, line up with their old team mates. There is already at least one letterman back for each position of the eleven. "Doc" Barfoot and Jess Lockhart, one year men, and Dennis Vinzant of two, are back to defend their wing positions against Tadlock of Amarillo, Hempel of Temple, Coppage of Hollis, Oklahoma, Charlie Wooldridge of Dallas and Payne of Lubbock. At tackle "Red" Carpenter, a three year man and former captain, along with "Mule" Fikes, a letterman on Tech's first team, will contest such aspirants as "Sid" Knowles and "Red" Castleberry. Last season's captain, "Ox" Ree from Vernon, "Chubby" DeWitt of Fort Worth, Matadors for three and two years respectively, are scraping it out with Jack Durham, Hico, Jack Camp, Pecos, "Tubby" Viles, Colorado, and Barker and Burns. The remainder of Coach Freeland's linemen are Corley, two year center, and his competitor, Bill McWilliams of San Benito.

In the backfield Coach Payne finds five men out for quarter. Archibald from Indiana and "Dude" Lassiter of Sherman, are former lettermen aspiring to the generalship job, as are Marr, Stephenville, Smythe, Strawn, and "Red" Waller from Pickton, all 1927 squad men. In the Walker brothers, Captain Ransom and "Little" Walker of Levi, two strong half backs return, but are finding plenty stiff

LUBBOCK, Texas, Sept.--. With over 700 freshman present for the first day of a three-day orientation period at Texas Technological College it is expected that the number of first year students will reach 1,000 by the time enrollment is completed.

The feature of the first day was an address by President Paul W. Horn on "The Freshman of To-day." Much time was taken up with faculty consultations for the purpose of enabling the freshmen to decide just what courses they wanted to take. The new students were given every opportunity to familiarize themselves with the work of the College and student activities.

Among the subjects discussed by members of the faculty were "How to Study," "How to Use the Library," "Budgets for Life," "Things Which Eliminate One from College," "Personal Hygiene" and "The Significance of the Church in the Life of a College Student."

"The significance of the question in the title of a college student's thesis which eliminates one from college," "elementary mathematics," and "how to study," "how to use the library," "teachers for this,"

These two concepts discussed by members of the Society
one college and student population.

LUBBOCK, Texas, Sept.--. With a total of 1625 who have completed enrollment at Texas Technological College for the opening of the fourth annual session all former records have been shattered. This represents more than a thirty percent increase over the enrollment for the same period a year ago, and if percentages are maintained will mean that more than 2500 students will enter the doors of the institution during its fourth year.

Housing facilities so far have been entirely adequate due to the great building activity in Lubbock. Even with the new engineering building completed the College is taxed to its capacity to take care of all classes. The completion of the new chemistry building by January first will provide much more room.

Five members of the Texas legislature were present at the first convocation and marveled at the progress made by Texas Technological College, and promised to do all in their power to secure funds for the erection of additional buildings necessary to accommodate the growing student body.

Oct. 4, 1928

From Texas Technological College Free News Service -- Cecil Horne

LUBBOCK, Texas, Oct. --- The first week of registration at Texas Technological College shows an enrollment of 1741 students, 732 women and 1009 men. This is an increase of 433 over the enrollment at the same time one year ago. The liberal arts school has 1068, the engineering school 397, home economics 154, and agriculture 122. The percentage of women in attendance has increased from 38 percent last year to 42 percent this year.

The Lubbock Avalanche-Journal has offered to pay the fees of the two thousandth student to enroll at Tech. Last year more than 300 new students registered at the opening of the winter term and with even an equal enrollment this year student number 2000 will be among those to register at the January term.

Enrollment by classes this term is as follows:

Freshman 805, sophomore 507, junior 276, and seniors 114. Figures show that 75 percent of last year's students have returned this year. There are 871 former students, 870 students that have come to the institution for the first time, 172 of the latter being transfers from other colleges.

LUBBOCK, Texas, Oct. --- President H. Y. Benedict of the University of Texas has accepted an invitation to be the guest of honor at a meeting of the Faculty Club of Texas Technological College October 18 and make an address. President Paul W. Horn has invited several other Texas college executives to attend the meeting.

From Texas Technological College Free News Service -- Cecil Horne

LUBBOCK, Texas, Oct. --- Texas Technological College will run two special trains during the present football season, one to Fort Worth for the Texas Christian University game October 27 and the other to Canyon for the West Texas State Teachers College game on Thanksgiving day November 27. Interest now indicates that Tech will descend on the Cowtown school for the third game in unprecedented numbers. The flaming Tech pep squad and a big band will lend color to the occasion and with a much stronger football team than ever before followers of the Scarlet and Black are expecting to bring T.C.U.'s scalp back to Lubbock.

LUBBOCK, Texas, Oct. --- Five faculty members of Texas Technological College are given a place in the latest edition of "Who's Who in America." The list includes President Paul W. Horn; Dean J.M. Gordon of the liberal arts school; Dr. John C. Granbery, head of the history department; Miss Elizabeth Howard West, librarian; and Dr. Leroy T. Patton, head of the department of geology.

LUBBOCK, Texas, Oct.--- The board of regents of Texas Technological College in a called meeting in Lubbock launched plans for general expansion during the coming year following the record enrolment of more than 1800 students already this term. Plans were also made for an enlarged summer school.

Clifford B. Jones of Spur, chairman of the board, presided. Other members present were John W. Carpenter of Dallas; Frank E. Clarity of Fort Worth; C. G. Comegys of McKinney; E. O. Thompson of Amarillo; Houston Harte of San Angelo; and H. T. Kimbro of Lubbock. Mrs. F. N. Drane of Corsicana and R. A. Underwood of Plainview were absent.

LUBBOCK, Texas, Oct.--- The Student Council of Texas Technological College has completed organization with the following officers: Jack Maddox, president; Vaughn Corley, vice-president; Margaret Trigg, secretary-treasurer. The presidents of the four classes automatically become members. They are: Scott Fikes, senior; Dennis Vin Zant, junior; Mancil Hall, sophomore; James Whitesides, freshman. Other members elected by the classes are: Etheridge Eagan, Anna Belle Collins, John Burroughs, W. E. Street, senior; J. D. Waller, Nora Cocke, Carey Lodol, J. M. Teague, junior; Durwood Dodgin, Mrs. Mildred Speer, J. E. Speer, Hal Yoder, sophomore.

LUBBOCK, Texas, Oct.--- A directory of the faculty and students of Texas Technological College has just been published by two students, Dayle Wallace and Erwin Coleman. The book contains the names and addresses of all faculty members and employes of the College and 1801 students.

LUBBOCK, Texas, Oct.--- A Waco club has been organized by students from that city who are now attending Texas Technological College. The first meeting had an attendance of sixteen. The following officers were elected: W. T. Nettles, president; Katherine Holstead, vice-president; Ernestine Kendrick, secretary-treasurer; and E.A. McCullough, reporter.

LUBBOCK, Texas, Oct.--- At least 500 students of Texas Technological College and football fans from Lubbock will entrain here Friday night on a special for Fort Worth to attend the Tech-T.C.U. game Saturday. The Matadors left Thursday at noon in order to have a few days in which to get acclimated in the lower altitude. A huge bonfire was staged on the campus Thursday night as a big send-off to the delegation.

LUBBOCK, Texas, Nov. ---Six students from the agricultural school of Texas Technological College will constitute a stock judging team which will compete in the International Livestock Judging contest at Chicago December 1. The team will be selected from the following seven contestants: John Burroughs, Vaughn Corley, Bernis Carmichael, Curtis Grimes, J. A. Jackson, Paul Marr, and R. C. Tom. One will be an alternate. The team will be accompanied by Ray C. Mowery, coach.

Five of these boys represented Tech last spring at the Fort Worth Fat Stock Show and carried off premier honors as a team, and R. C. Tom was high man of the entire contest.

LUBBOCK, Texas, Nov.--- W. L. Stangel, head of the department of animal husbandry in Texas Technological College, has just received a fine pair of woolen blankets made from the wool of a blooded Hampshire ram raised by the College. The ram won first honors at the Fort Worth Fat Stock Show last spring and was purchased by L. E. Allen of Marlin. Mr. Allen was so well pleased with the animal that he promised Mr. Stangel that the first clip would be used to make a pair of gift blankets. The wool from the first clip weighed eleven pounds.

LUBBOCK, Texas, Nov.-- Twenty thousand dollars has been left to be used as a student loan fund in Texas Technological College, according to the will of the late George T. Morrow, Lubbock pioneer, who died recently at the age of 73. His funeral was held in the Tech auditorium.

The loan fund is to be administered by the president of the College, the business manager, and the registrar. There were no other provisions in the will as to how the fund should be administered.

Mr. Morrow becomes, according to President Paul E.W. Horn, the first benefactor to remember the College in his will.

LUBBOCK, Texas, Nov.-- Of the 1809 students enrolled in Texas Technological College this term, 1728 are from Texas and 81 from other states. There are 161 counties in Texas represented in the student body, including every section of the state. There is hardly a county in the northern half of the state which has not one or more representatives.

From Texas Technological College Free News Service -- Cecil Horne

LUBBOCK, Texas, Nov.--- A regional meeting of the teachers of home economics will be held at Texas Technological College December 7 and 8 under the direction of Miss Margaret W. Weeks, head of the Tech school of home economics. The object of the meeting is to discuss problems dealing with the teaching of home economics.

Miss Lillian Peek, state superintendent of home economics, will be in Lubbock for the meeting.

LUBBOCK, Texas, Nov.--- With 10 girls and 24 boys out for the debating teams much interest is in evidence in forensics at Texas Technological College this year. William Sewell of Slaton is forensic manager and with Miss Anna Jo Pendleton, director, is arranging a number of intercollegiate debates.

Contests have already been arranged with West Texas State Teachers College at Canyon, Simmons University, Texas Christian University, and Baylor University. Debates for girls will be held with Baylor College at Belton and with Simmons.

From Texas Technological College Free News Service -- Cecil Horne

LUBBOCK, Texas, Nov.---- Backed by a special train load of boosters and a big band, the Texas Tech Matadors will invade the Canyon Buffaloes' Stronghold Thanksgiving with the avowed intention of getting revenge for the 12 to 9 defeat which the Herd administered last season. During three quarters of the game with Simmons the Matadors showed great form and with a full week of training before the Canyon game the Tech gridsters are expected to show their stuff in the final tilt of the season.

With the approach of the end of the football season Coach Victor Payne has gathered his basketball prospects for serious training for the cage schedule. Payne has a promising string of new men with five old men back and is expecting to put out the strongest team in the school's history.

LUBBOCK, Texas, Nov.---- Lubbock, the home of Texas Technological College, is enjoying a steady growth as shown by the building permits. With 635 permits already this year the total is well above the three million mark. This places Lubbock in the lead of such cities as Amarillo, Waco, Abilene, Galveston, Port Arthur, Austin, and many other cities larger in population.

With part of November and all of December yet to go the total will go beyond the 1927 total which amounted to \$3,250,000. According to conservative estimates the present population of Lubbock is nearing the 25,000 mark.

LUBBOCK, Texas, Nov.--- Entrance examinations for the winter term which opens January 2, 1929, Texas Technological College, will be held December 11, 12, 13, and 14 at the College, according to Professor W. P. Clements, chairman of the committee.

Subjects will be given in the following order: December 11-- I and II, biology, economics, botany, American history, algebra I, English history, Old Testament, Algebra II, sociology, New Testament; December 12-- English III, typewriting, manual training, English IV, stenography, German, zoology, commercial geography, drawing, physiology, commercial law; December 13-- plane geometry, solid geometry, trigonometry, ancient history, modern history, Latin, French, Spanish, public speaking, domestic art, domestic science, agriculture; December 14-- advanced arithmetic, general science, physics, chemistry, physiography, civics, bookkeeping.

LUBBOCK, Texas, Nov.--- Foundation stock for the Aberdeen Angus breed of cattle at Texas Technological College has just arrived from Sam H. Hill & Sons Terra Alta ranch. W. L. Stangel, head of the animal husbandry department, spent two days at Terra Alta selecting the animals. Six heifers were purchased and the ranch lent the College two bulls, a steer and a calf, and five steer calves to be used by judging and feeding teams.

From Texas Technological College Free News Service--- Cecil Horne

LUBBOCK, Texas, Nov.--- Students have secured the contract for washing the windows in the new chemistry building at Texas Technological College for which they will receive \$225. Students earned \$275 washing the windows of the new engineering building which has been in use since the beginning of this term.

The chemistry building will be ready for occupancy for the winter term which opens January 1. Laboratories which have been crowded into the uncompleted administration building will then have commodious and well equipped quarters.

LUBBOCK, Texas, Nov.---The Texas Technological College stock judging team, in competition with 15 similar teams from as many agricultural colleges in the United States, at the American Royal Livestock show at Kansas City, Mo., secured two second places in individual judging and finished in fourth place as a team.

Members of the team were B.M. Carmichael, Kenna, N.M.; Vaughn Corley, Wolffarth; Curtis A. Grimes, Acuff; John Burroughs, Carlisle; J.A. Jackson, Pampa; Ronald C. Tom, Stanton. The team was accompanied by Ray C. Mowery, associate professor of agriculture in Tech.

LUBBOCK, Texas, Dec.----. Texas Technological College will dismiss for the Christmas holidays December 22 with the closing of the fall term examinations. The winter term will begin January 2.

School physicians say they have not had more than two cases of flu among the students. Considering that there are registered at the present time 1810, school officials are very much pleased at this health record in view of the flu epidemics in some parts of the country.

LUBBOCK, Texas, Dec.----. The following intercollegiate debates have been announced by the forensics manager of Texas Technological College: Tech vs. Simmons at Lubbock January 14; Tech vs. T.C.U. at Lubbock February 17; Tech vs. Howard Payne at Lubbock April 15. Other debates are on the card for the year but the dates have not been decided upon.

From Texas Technological College Free News Service -- Cecil Horne

LUBBOCK, Texas, Dec.----. Ransome Walker, Texas Tech football captain and ace, will participate in the annual East-West grid classic in San Francisco December 29. The invitation came from Buck Bailey, coach of the Western eleven. Walker will report for training December 20.

With Texas Tech observing Southwestern Conference rules it was necessary to secure the permission of D. A. Penick, president of the organization, for Walker's appearance. The Tech Athletic Council was pleased to give its permission for him to play in this game.

Walker's selection to be one of the stars to represent the southwest in this nation-wide football attraction is a result of a recent demand for football talent from this section after the brilliant performance of Southwestern Conference stars in the same contest last year. While Tech is not a member of the Southwestern Conference, those who are familiar with the brilliant performances of Walker are expecting him to win recognition in the coming classic.

From Texas Technological College Free News Service-- Cecil Horner

LUBBOCK, Texas, Dec.----. Texas Technological College has been elected to membership in the Southern Association of Colleges and Secondary Schools following application made one year ago. This action was taken at the annual meeting held recently in Fort Worth, Tech being represented by President Paul W. Horn, Dean J. M. Gordon, and Dr. A. W. Evans. While Tech's remarkable growth in numbers has been heralded abroad, school officials feel that just as remarkable progress has been made in the organization of the college and in the high grade of work being done in all departments. Election to membership in the Southern Association is regarded as evidence of the already high scholastic standing of the institution.

At a meeting of the Association of Texas Colleges in Fort Worth at the same time, the department of extension of Texas Technological College was placed on the approved list. This rating is based upon a set of standards adopted by the Association. Approximately twenty institutions of higher learning in Texas are doing extension work. J. F. McDonald, director of extension in Tech, attended the meeting.

LUBBOCK, Texas, Jan.-- Dr. M. A. Stainbrook of the department of geology of Texas Technological College, attended the meetings of the Geological Society of America in New York City during the holidays. He also spent several days in the National Museum at Washington working with Dr. Ulrich and Dr. Bassler.

LUBBOCK, Texas, Jan.-- Dean A. H. Leidigh of the agriculture department of Texas Technological College is the senior author of a Texas Experiment Station bukletin describing a perfected variety of wheat produced by a sub-station at Denton, Texas. The bulletin is just off the press.

While agronomist for Texas Experiment Stations, Dean Leidigh began investigations which lead to the development of the strain of wheat produced under the present superintendent of the Denton sub-station.

Qualities of the wheat described in the Leidigh bulletin include its resistance to rust and wind. The milling qualities of the wheat are said to excell those of any other wheat grown in North Texas.

LUBBOCK, Texas, Jan.-- The enrollment for the year at Texas Technological College has reached 1994, and the registrar has received credits already from mid-year high school graduates to run the enrollment above the 2,000 mark. The Avalanche-Journal Publishing Company has agreed to pay the fees of the two-thousandth student.

LUBBOCK, Texas, Jan.-- The complete official basketball schedule of Texas Technological College is as follows:

Jan. 11 -- A. C. C. at Lubbock	Feb. 5 -- Canyon at Lubbock
Jan. 12 -- A. C. C. at Lubbock	Feb. 6 -- Canyon at Lubbock
Jan. 21 -- A. C. C. at Abilene	Feb. 8 -- McMurry at Lubbock
Jan. 22 -- A. C. C. at Abilene	Feb. 9 -- McMurry at Lubbock
Jan. 23 -- Simmons at Abilene	Feb. 12 -- Sul Ross at Lubbock
Jan. 24 -- McMurry at Abilene	Feb. 13 -- Sul Ross at Lubbock
Jan. 25 -- McMurry at Abilene	Feb. 20 -- Canyon at Canyon
Feb. 1 -- Daniel Baker at Lubbock	Feb. 21 -- Canyon at Canyon
Feb. 2 -- Daniel Baker at Lubbock	Feb. 25 -- Simmons at Lubbock

LUBBOCK, Texas, Jan.---. To J. H. Freeland of Lubbock goes the honor and financial reward for being the 2000th student to enroll in Texas Technological College during the session of 1928-29. The Avalanche-Journal Publishing Co. of Lubbock paid the fees of student number 2000.

Exactly three years ago, January 15, 1926, the 1000th student, Eastin Nelson, enrolled in Tech. On February 5, 1927, Eugene Wilson, registered as the 1500th student.

Freeland is a former student of the College but had not enrolled during this session. He is enrolled as a sophomore in the school of engineering and is a candidate for the basketball and track squads.

LUBBOCK, Texas, Jan.---. Draperies for display purposes are now being made by juniors and seniors in the department of textile engineering in Texas Technological College. The seniors are making blue, green, slate, and orange draperies of cotton warp with gold, blue, and rose rayon fillings. The draperies being made by the juniors are of blue, brown, and white cotton, with white rayon fillings; the juniors are also weaving red and black double plain cotton cloth. All yarns are being dyed by the seniors, while both classes are doing the spinning.

LUBBOCK, Texas, Jan.---. Miss Bonnie K. Dysart, a specialist in primary education methods, is a new addition to the faculty of Texas Technological College for the winter term. She is an M. A. graduate of the University of Texas and studied in the University of Chicago. She has been an instructor in both T. C. U. and Southwestern besides having had much experience as a supervisor in various Texas high schools.

LUBBOCK, Texas, Jan.---. To J. H. Freeland of Lubbock goes the honor and financial reward for being the 2000th student to enroll in Texas Technological College during the session of 1928-29. The Avalanche-Journal Publishing Co. of Lubbock paid fees of student number 2000.

Exactly three years ago, January 15, 1926, the 1000th student, Eastin Nelson, enrolled in Tech. On February 5, 1927, Eugene Wilson registered as the 1500th student.

Freeland is a former student of the College but had not enrolled during this session. He is enrolled as a sophomore in the school of engineering and is a candidate for the basketball and track squads.

LUBBOCK, Texas, Jan.---. A drive for a \$7,000 budget for the Y. W. C. A. and Y. M. C. A. at Texas Technological College is being waged among faculty and students and the citizens of Lubbock. This represents an increase of \$2,000 over the amount raised last year.

Claude Nelson of Dallas, regional secretary of the student Y.M.C.A., is at the College assisting in the drive and conferring with Roy McCullough, local secretary.

From Texas Technological College Free News Service -- Cecil Horne

LUBBOCK, Texas, Jan. ---. Hal Lary of Clovis, New Mexico, and Wayne Castleberry of Eastland, representing Texas Technological College, won the intercollegiate debate January 14 with Simmons University of Abilene. Simmons was represented by Joe Sims of Fort Worth and Ralph Grant of Lamesa.

The Tech team had the affirmative side of the question, "Resolved, that a substitute for a trial by jury should be adopted."

LUBBOCK, Texas, Jan.----. Much satisfaction is expressed on the Campus of Texas Technological College following the announcement by Coach E. Y. Freeland that a football game between Tech and T. C. U. has been scheduled for October 26 on the local gridiron. These teams have played three times in Fort Worth and the event has always called for a special train from Lubbock.

While T. C. U. has always triumphed in these clashes, Tech has scored on the powerful conference eleven each year. Matador followers, therefore, are very anxious to see what their scarlet-clad gridsters can do in their own corral against T. C. U.

LUBBOCK, Texas, Jan.---. Ewing Y. Freeland, head coach since the opening of Texas Technological College, becomes head of the department of physical education with the rank of professor, according to an announcement made by the Athletic Council. Grady H. Higginbotham, assistant head coach since the school's opening, becomes head football coach under the reorganization. Victor Payne, member of the Tech coaching staff since 1927, will assist as football coach and becomes varsity basketball and track coach. Rhodes Ingerton, a member of the staff since 1926, will be freshman football coach and assistant track coach.

These assignments, according to President Paul W. Horn, will hold good for the rest of the present school year and for the session of 1929-30. It is further announced that there will be no additions to this coaching staff.

LUBBOCK, Texas, Jan.---. Dean J. M. Gordon of Texas Technological College has been asked to act as toastmaster at a fellowship banquet given by the Convention of Presbyterian Men in Waco February 26. The chief speaker at the banquet will be Dr. Wm. C. Covert of Philadelphia, secretary of the Presbyterian Board of Education of the United States. More than 600 are expected to attend this banquet.

LUBBOCK, Texas, Jan.---. The fourth session of the summer school of Texas Technological College is scheduled to open June 3. The first term will last until July 13 with the second beginning July 15 and lasting until August 23.

Dean J. M. Gordon, chairman of the summer school committee, announces that the faculty will be larger than ever before and will include regular College faculty together with a number of outstanding visiting educators.

The work in the Tech summer school beyond the bachelor's degree is attracting superintendents and high school principals from a very wide area. Last summer graduate students were registered here from the following institutions: Abilene Christian College, Baylor, Baylor College, College of Industrial Arts, Columbia, East Texas Normal, North Texas Normal, Oklahoma City College, Oklahoma College for Women, University of Missouri, University of Denver, Rice Institute, Sam Houston Normal, Simmons, Southwestern State Teachers College, Southern Methodist University, University of Texas.

LUBBOCK, Texas, Jan.---. Dr. Paul W. Horn, president of Texas Technological College, has accepted an invitation to address a Y.M.C.A. conference of older boys at Childress March 9.

From Texas Technological College Free News Service -- Cecil Horne

LUBBOCK, Texas, Feb.----. There are 50 student organizations, listed as extra-curricular activities, in existence on the campus of Texas Technological College. The combined membership of these organizations is 1500. Such organizations are encouraged, but an effort is made to have the membership distributed generally among the student body. According to President Horn, if all the students belong to a few such clubs it is desirable, but if a few students belong to a great many clubs that is undesirable.

One of the most active organizations is the Agricultural club with a membership of 75. The Engineering Society has a large membership. There is much interest also in the Debating club which has a large and active roster of both young men and women. The Press club includes students active in literary and journalistic work. All the classes have organizations, the Band has a membership of 80, and there are social clubs, scholarship organizations, and various sectional groups.

LUBBOCK, Texas, Feb.----. President Paul W. Horn of Texas Technological College will deliver the principal address at the dedication of the new high school building at Odessa Friday night, February 13. He is also scheduled to make an address on the night preceding at the father and son banquet at Floydada. The main topic to be discussed at this meeting is the future farmer of the country.

LUBBOCK, Texas, Feb.---. The Building committee of the board of regents of Texas Technological College will meet at the College February 13 for the purpose of accepting the new chemistry building. The committee consists of F. E. Clarity, Houston Harte, and C. C. Comegys.

This building is regarded as one of the most beautiful on the campus from an architectural standpoint, and it embodies the most modern arrangement in every particular. The department of physics has been in the new building since the first of the year, and it is expected that the chemistry and other science departments will move in by the opening of the spring term.

LUBBOCK, Texas, Feb.---. Nineteen members of the 1928 freshman football squad received sweaters. The men who made numerals were: Basil Hill, Lamesa; T. H. Hickey, Hillsboro; Jack Buckler, Waco; Ben High, Dallas; C. D. Chenowith, Panhandle; N. M. Stanhiser, Clifton; Garlan Carr, Weslaco; Walton Nixon, Waco; Calvin Swift, Osage; Edwin Hutcherson, Memphis; Mac. E. Atchison, Brandon; King J. Sides, Estancia, N. Mex; Clifford Simmons, Santa Anna; Freeman Edmunds, Spur; and Harold Crites, Luther Williams, Ross Ayers, T. L. Strickel and James Whiteside of Lubbock.

From Texas Technological College Free News Service -- Cecil Horne

LUBBOCK, Texas, Feb.---. The debating team of Texas Technological College will meet the team of Texas Christian University on February 19 at Lubbock in the biggest debate of the year. Hal Lary of Clovis, N.Mex, and J. W. Jackson of Lubbock will represent Tech with the affirmative side of the question: Resolved, that the parliamentary system of government is superior to the presidential system. On February 5 Bid Knowles, Jackson, and ~~Will Wren~~ Edelman defeated West Texas State Teachers' College at Canyon on the affirmative side of the same question. Other Men's varsity debates for this year are with Baylor University at Waco, and with Howard Payne College at Lubbock on April 15.

LUBBOCK, Texas, Feb.---. The application of Texas Technological College to the federal government for Reserve Officers Training Corps aid under section 550 National Defense Act has been approved by the War Department, according to a letter received here by Lieutenant H. E. Killin, commandant of the present military corps at the College.

With the enrollment of 300 cadets in the work at the College, a senior R. O. T. C. unit may be secured which will provide full equipment and officers together with regular pay of 70 cents per day to all juniors and seniors taking the work.

From Texas Technological College Free News Service -- Cecil Horne

LUBBOCK, Texas, Feb.---. The Texas Technological College Chamber of Commerce is offering a \$25 award for a suitable song for the institution. The rules of the contest are as follows:

1. Any person or persons are eligible to make entries.
2. The final date for entries is April 1, 1929. Songs are to be presented on or about April 15, 1929; they shall be presented in any manner as the contestant may choose.
3. Music and words must be submitted together; they may be by different authors. They must be free from any copyright restrictions.
4. The judges of the contest shall be the Texas Tech Chamber of Commerce and the Student Council sitting together as one body. From the number of songs submitted this body shall select the five best. These will be given to the student body in convocation, where the students may accept one.
5. The Texas Tech Chamber of Commerce reserves the right to reject any or all songs submitted.
6. Preference shall be given to those songs of a distinctive or original nature, and which is inspirational and designed to arouse an aggressive school spirit.
7. For the first presentation to the Chamber of Commerce and Student Council the author may select any method of presentation but the Tech Chamber of Commerce will request the Glee Club to present any author's song at the request of the author. The final presentation to the student body shall be made by the College Glee Club.
8. Address all entries to The Toreador, c/o Texas Tech, Lubbock, Texas.

LUBBOCK, Texas, Feb.---. Fourteen students of Texas Technological College have submitted papers in the Eaglerock airplane contest conducted by the Alexander Aircraft Company. Students of 183 colleges and universities are competing for the four-year university scholarship in aeronautics. The contest closed May 1. The names of the Tech students entering are: Louise Conner, James L. Ayers, Wilson Drake, W.D. Cope, Richard Cavett, Joe M. Stubblefield, Wendall Connolly, J. C. Bralley, V.N. Hughes, C.P. Liston, I.E. Irion, J. Sanders, Wilburn Edelman and S. T. Love.

LUBBOCK, Texas, Feb.---. Tech's basketeers started training for their final pair of games this season with West Texas Teachers, after a couple of hectic victories over Sul Ross. The Matadors have won all four games played since they dropped two to Canyon's Buffaloes two weeks ago. This raised their standing to .667, with 12 games won and 6 lost; Tech's total score being 605 to the opponents 486.

Vic Payne started the season with a lot of unseasoned material, but out of it he has developed a five capable of making this impressive record. He will not say how the season will be ended at Canyon, but with Walker, who rested during the Sul Ross games, and Fisher, who has been out of the line-up since the trip to Abilene the first week of February, back, the Buffaloes will confront a stronger club than they met when they invaded the Matadors' arena. Hodges, Fisher, Hunter and Tadlock all showed renewed scoring power against the Loboes which they may be using next Wednesday and Thursday.

LUBBOCK, Texas, Feb.----. Basketball champions of eighteen counties will meet in Lubbock at Texas Technological College on Friday and Saturday, February 22 and 23, to participate in the district two cage tournament of the Interscholastic League. Ewing Y. Freeland, Tech athletic director, is the district chairman and will be in charge of the meet. All entries for the meet have not yet arrived but are expected within the next few days.

The following counties will be represented: Andrews, Failey, Borden, Cochran, Crosby, Dawson, Dickens, Floyd, Gaines, Garza, Hale, Hockley, Lamb, Lubbock, Lynn, Martin, Perry and Yoakum.

In the majority of the counties in this district, the finals were played off last week, but in some instances, a playoff was necessary. These will be held during the early part of this week in order that the champion will be known before the district tournament begins here Friday.

The winner of the tournament held here will meet the champion of district one of which the center is Canyon. District one meet is to be held on the same days as the district two tournament here.

LUBBOCK, Texas, Feb.----. Coach Vic Payne looks forward to another undefeated track season when twenty-five prospects, fourteen of whom are letter men, reported for the initial workout at Texas Technological College.

Vaughn Corley, Lubbock, captain of the Scarlet and Black thinclad, is one of the main stays in the dashes. He will be assisted by Dallas, R. Walker, Fisher, L. Walker, and Wooldridge, all letter men, and several other squad men who will furnish much competition for the veterans. Hill, Neall, Freeland, Moore, Rollins and Aldridge are the most promising men out for the distance races.

Though nothing definite has been decided, Coach Payne is expecting Tadlock, Fisher, Payne, Pace, Gimes, and Wilkins to take care of the hurdles.

Basing their hopes upon eight men who have earned their letters in previous seasons and several other last year squadmen the Tech followers are looking forward to one of the strongest field event teams in the state. Tadlock, Davis, L. Walker, R. Walker, Fisher, Payne, Reed, Taylor, Claunch, Pace, and Lee are the veterans.

Coach Payne has Corley, L. Walker, Lawrence, Dallas, Wooldridge, Fisher, and Vinzant from which to pick his relay team. The schedule

for the season is as follows: Texas Relays at Austin; S.M.U. Relays at Dallas; April 6, Canyon at Lubbock; April 15, Daniel Baker at Lubbock; April 20, McMurry, A.C.C. and Simmons at Abilene; April 26 and 27, Great Plains Meet at Canyon; May 4, A.C.C. at Lubbock.

From Texas Technological College Free News Service -- Cecil Horne

LUBBOCK, Texas, Feb.---. If the emergency appropriation as agreed upon by the free conference committee at Austin is finally passed, as officials of Texas Technological College believe it will, teachers who taught in the last summer session will receive back pay amounting to forty percent of their wages, the coming summer session will be amply cared for, and \$50,000 will be available for equipment for the engineering and chemistry buildings.

Officials say that the above amount for the coming summer session, in addition to the money received for fees from students, will make it possible for an ample teaching staff to be employed and an adequate number of courses to be offered. A number of visiting specialists will be on the faculty in addition to regular members.

Equipment for both the engineering and chemistry buildings is badly needed. While \$100,000 was asked for, the \$50,000 will greatly relieve the present situation and enable the work to go forward until funds for additional equipment may be obtained.

Several other smaller items for Tech were included in the report of the committee.

From Texas Technological College Free News Service -- Cecil Horne

LUBBOCK, Texas, Feb.---. Of the 132 graduates of Texas Technological College thus far, 86 are now teaching school according to a report of the Teacher's Placement bureau of the College. Most of these places were secured through the aid of the bureau. The positions held by students vary from grade positions in rural schools to principalships and superintendencies in high schools. More than 150 teachers have been placed by the bureau this school year, according to Dr. A. W. Evans director, and the records indicate that that number will be greatly increased this fall.

LUBBOCK, Texas, Feb.---. "It just isn't so," said Charles Deere Wyman of Moline, Ill., president of the John Deere Implement company, upon seeing Texas Technological College for the first time when visiting Lubbock recently. He had heard about the big new school on the South Plains of Texas, he said, but he could not believe that a great section of the once open prairie had been dotted with great buildings, that in so short a space of time thousands of trees had been planted, and that a student body in excess of 2,000 had already crowded into the school.

From Texas Technological College -- Free News Service -- Cecil Horne

LUBBOCK, Texas, Feb.----. Dr. A. W. Evans, head of the department of education at Texas Technological College, will attend the meeting of the Department of Superintendence of the National Education Association which convenes in Cleveland February 24-28. While there he will attend meetings of the National Society for the Study of Education, the National Society of College Teachers of Education, and the National Association of Secondary Schools Principals. On his way to Cleveland he will stop in Saint Louis for a meeting of the Progressive Education Association, a newly organized society of national schools sponsored by such men as Dr. John Dewey of Columbia and Dr. Paul W. Horn.

LUBBOCK, Texas, Feb.----. Mrs. Mary Dale Buckner, graduate student and secretary for the English department, was recently elected to represent Texas Technological College at the eighth annual session of the Southern Scholarship Society. The Southern Scholarship Society, which includes all Southern colleges, will meet with North Texas State Teachers' College in Denton Feb. 22. Mrs. Buckner was honor student of the first graduating class of Texas Technological College and won the Hendricks scholarship for that year.

From Texas Technological College Free News Service -- Cecil Horne

LUBBOCK, Texas, Feb.---. A trip for the purpose of studying archaeology, ethnology, and anthropology will be made to Santa Fe, New Mex., during the Washington's Birthday holiday under the direction of Dr. John C. Granbery, head of the departments of history and sociology in Texas Technological College. In addition to twenty-one students in these two departments two other Tech instructors will attend, Mrs. Mary W. Doak, dean of women, and H. Bailey Carroll, instructor in history.

The party will be under the direction of Dr. Hewett, a member of the faculty of the University of New Mexico at Albuquerque and curator of the New Mexico State Museum at Santa Fe. The purpose of the trip is to get an idea in a general way of the resources of the State but more especially to study the Museum with reference to archaeology, anthropology, and ethnology.

LUBBOCK, Texas, Feb.---. Part of the 2,000-acre campus of Texas Technological College is now being used for a polo ground, a club having recently been formed. The organization consists of both students and faculty members. With a good ground and the open weather of the Plains much interest is being displayed in the game. Following are the members: Professors B.F. Condray, Jr.; Rhodes Ingerton, C.H. Mahoney, Fred C. Harbauer, H.C. Pender; students, Jack Camp, Ross Owens, and Jess Lockhart.

LUBBOCK, Texas, Feb. 28. With the closing of the basketball season here this week students of Texas Technological College will see no more of their scarlet and black athletes in action until April 9 when the Matador thinly clads will meet the athletes of Sam Houston Teachers College in a track meet in Lubbock.

Tech will send a squad to enter the track events at the Fort Worth Exposition and Fat Stock Show March 17. Following the Fort Worth contest the Tech track team will go to Austin to participate in the University of Texas relay meet March 24.

Other track events in which Tech will participate are W. T. S. T. C. at Lubbock April 14, Simmons University at Lubbock April 21, Great Plains Meet at Canyon April 28, and Abilene Christian College at Lubbock May 5.

Last year Tech finished second in the Great Plains Meet at Canyon with Percy Walker losing high point man by only one-half point.

LUBBOCK, Texas, Feb. 28. In the intercollegiate debate between Baylor University of Waco and Texas Technological College held in Lubbock the decision was given to Tech. The question discussed was "That the United States should cease to protect by armed force capital invested in foreign countries", the negative side being defended by William Sewell and J. W. Jackson of Tech. Phillip Hyatt and Frank Guittard were the Baylor representatives. They were accompanied by Dr. L. W. Courtney, coach.

Feb. 27, 1929

From Texas Technological College Free News Service -- Cecil Horne

LUBBOCK, Texas, March ---. Le Figaro, influential French newspaper of Paris, recently published a long article featuring a letter by Dr. John C. Granbery, head of the departments of history and sociology in Texas Technological College. Special reference was made to "Texas Technological College in the imperial State of Texas."

LUBBOCK, Texas, March---. The senior class of Texas Technological College will give a large oil painting of President Paul W. Horn as a parting gift to the institution. Final plans have not been made but negotiations are under way to have the work done by Peter Plotkin who has just completed a portrait of President J. D. Standefer of Simmons University, Abilene.

LUBBOCK, Texas, March---. More than \$1,500 was raised for the Y.M.-Y.W.C.A. in the form of pledges and cash in a 19-hour campaign among students a few days ago. Over \$500 of the minimum budget was obtained by special gifts and loans. The work of solicitation was done by students, and the minimum goal of \$1,500 was reached and passed by pledges from fewer than 300 students. Over 1,000 students are yet to be seen.

LUBBOCK, Texas, ~~March~~.. Texas Technological College is not limiting its teaching activities to the daily routine of the campus but is serving a large constituency, who cannot attend the regular classes, through the Department of Extension.

The extension service includes correspondence instruction, class instruction in centers away from the campus, night classes on the campus, and group study work with clubs and societies. Correspondence courses are given in certain subjects in the fields of agriculture, biology, chemistry, economics and business administration, education, English, business English, Journalism, French, German, government, history, home economics, Latin, mathematics, music, physics, and Spanish. Extension courses offered away from the campus include most any subject excepting the laboratory sciences. Night classes offered on the campus include both lecture and laboratory courses. Group study is offered especially in English, education, psychology, home economics, government, history, and agriculture.

The extension service of the College was organized 1927-28 in response to an insistent demand on the part of the public which the College serves for this character of service. The results of the first year of the service as an organized department has shown the need of the service, 613 having enrolled during the twelve months. During the first five months of 1928-29, 673 have already enrolled for extension work.

The extension work is designed to meet the needs of the following classes of students: those who desire to work toward a degree or a teacher's certificate; those who do not have access to an affiliated high school to prepare for college entrance; those who have been admitted to college on the basis of individual approval and who desire to remove deficiencies of college entrance; resident students who cannot otherwise secure certain subjects; and any individual who can profit by college instruction, for purely cultural purposes, whether he can meet the college entrance requirements or not.

From Texas Technological College Free News Service -- Cecil Horne

LUBBOCK, Texas, March---. Dean J. M. Gordon of Texas Technological College is attending a meeting of Presbyterian men in Waco where he served as toastmaster at a banquet. In the party from this section were the Presbyterian pastors from the following towns: Rev. L. Burney Shell, Plainview; Rev. Charles Rayburn, Slaton; Rev. J. Wood Parker, Post; and Rev. J. A. Owen, Albany.

LUBBOCK, Texas, March---. An analysis of the enrollment for the school year at Texas Technological College shows out of a total attendance of 2,025 there are 1,229 men and 796 women. These are distributed by schools as follows: agriculture 148, engineering 420, home economics 171, liberal arts 1,286. This represents an increase of twenty percent over the attendance at the same time last year.

LUBBOCK, Texas, March---. The physical education department for women at Texas Technological College is offering classes in riding to the women of the College under the instruction of Captain Rhodes Ingerton, instructor in military training, according to Miss Zella E. Riegel, director of that department. Three classes have been organized to meet twice a week. Captain Ingerton expects to organize classes for men within a few weeks.

LUBBOCK, Texas, March ---. Students from eighteen counties will gather at Texas Technological College April 19 and 20 for the district meet of the Interscholastic League. Faculty and students of the institution for these two days join in entertaining the many visiting students and teachers on these and in officiating for the hundreds of different scholastic and athletic events. Rooms without cost are furnished all official contestants while in Lubbock.

Dr. A. W. Evans, director general of this district, is expecting a total attendance of probably 2,000. Following are the counties comprising the district: Andrews, Gaines, Yoakum, Cochran, Bailey, Lamb, Hockley, Terry, Martin, Dawson, Lynn, Lubbock, Hale, Floyd, Crosby, Garza, Borden, and Dickens.

One day of the meet a typewriter tournament will be held, according to Dr. Evans.

Among the entertainment features offered for the visitors will be a carnival put on by the agricultural students of the College. It will be held in the afternoons after the regular program is over and will partake of the nature of a carnival.

From Texas Technological College Free News Service -- Cecil Horne

LUBBOCK, Texas, March-7-. Texas Technological College has been designated by the directors of the Interscholastic League as a one-act play center, this section being number 16. The event will be held at the College March 30, and the following schools are eligible to enter: Justiceburg, Southland, Meadow, Levelland, Olton, Plainview, Floydada, Slaton, Lubbock, Littlefield, Fairview(Sudan), Spring Lake, Seminole.

Miss Anna Jo Pendleton, member of the public speaking department at Tech, has been appointed tournament manager. Schools wishing to enter the tournament are requested to notify her.

LUBBOCK, Texas, March ---. Farm Bureau leaders from 53 counties in the Panhandle and South Plains will gather at Texas Technological College March 8 for general discussion of problems under consideration by the organization. Mrs. M. S. Hudson of Hale Center, the only woman of the executive board of the Texas Farm Bureau, has called the meeting and will preside at its sessions. This meeting at Tech is to follow up interest aroused in the Farmers' Short Course held here recently.

LUBBOCK, Texas, March---. The commencement sermon for Texas Technological College will be delivered this year by Dr. Thomas W. Currie, president of the Presbyterian Theological Seminary of Austin. The services will be held in the College Gymnasium at 11:00 Sunday morning, May 26. Dr. Currie is well known to a number of Lubbock people. He is considered a very able preacher, with a special message for college people. It is the usual practice for all the churches of Lubbock to hold union services on the occasion of the commencement exercises of the College.

The commencement address for the graduating class of the College will be delivered this year by Dr. Edgar Odell Lovett, president of the William M. Rice Institute of Houston. Dr. Lovett is a man of very high reputation, both as an executive and as a scholar. The faculty, student body, and citizenship of Lubbock are expected to make a very large audience. The graduating exercises will be held in the College Gymnasium at 10:30 1'clock on Monday morning, May 27.

LUBBOCK, Texas, March---. Examinations for the winter term at Texas Technological College will be held March 11 to 16, and the spring term will open March 18. Only one day will be occupied with registration. The enrollment for the term to date has been 2,025.

LUBBOCK, Texas, March ---. With the signing of a contract for a football game between Baylor University and Texas Technological College for November 2 at Waco during Cotton Palace week renewed interest in the Matador schedule has been aroused in this section. A game with the Bears will give a distinct thrill to football followers of Tech in western Texas and since the annual trek to Fort Worth for the T. C. U. game will not be made this year it may be expected that a large delegation will accompany the Scarlet and Black gridsters to the lair of the Bruins.

Another event of outstanding importance will be the game with the Horned Frogs on the Tech campus October 26. For three years the stalwarts of the great open spaces have journeyed to Fort Worth only to leave their scalps hanging to dry in the wigwams at T. C. U. But this year it is to be different. The Matadors will be at home for the first time in a contest which has always proved a thriller. Tech has never failed to cross T. C. U.'s last marker. This game is expected to attract people from all over western Texas.

Tech opens with the Wayland College Jackrabbits of Plainview, a light aggregation but game scrappers, always. The Matadors will journey to Alpine Oct. 5 for a tilt with the Sull Ross Loboes, known as a hard playing outfit. Daniel Baker of Brownwood will come to Lubbock for a game October 12. Tech will endeavor to unknot the tie resulting in this

SPORT NEWS

FROM TEXAS TECH.

Page 2

game last season at Brownwood. October 19 the Scarlet and Red will go to McMurry at Abilene. Abilene Christian College comes to Lubbock Nov. 11 for the first game of a three-year contract, all games to be played on this date in Lubbock. Nov. 19 Howard Payne plays in Lubbock.

It will be noted that the game comes with A. C. C. on Monday and the game with Howard Payne falls on Tuesday, somewhat of a variation from the usual Saturday schedules. The event with Simmons is expected to develop into the Thanksgiving classic. Revenge for the defeat which the Simmons Cowboys administered to the Matadors here last season will be sought with a vengeance when Tech journeys to Abilene.

LUBBOCK, Texas, March ---. Immediately after the opening of the spring term March 18, candidates for Texas Tech baseball squad will be called out for practice by Coach Grady Higginbotham. Work is under way at the present time on the diamond.

Higginbotham will take his team to College Station for games with A. & M. May 6 and 7 before the East Texas Chamber of Commerce gathering. On the same trip two games will be played with St. Edwards May 8 and 9 at Austin. Other games are arranged for but the schedule is not complete.

March 14, 1929

From Texas Technological College Free News Service -- Cecil Horne

LUBBOCK, Texas, March ---. The accusation that colleges are operated for the benefit of the rich is not borne out by an analysis of the occupations of the patrons of Texas Technological College. Registration statistics of the 2,025 students enrolled this year show that 43.5 percent of the patrons of the institution are engaged in rural pursuits. Of 886 such occupations there are 714 farmers, 119 ranchers, 25 stock farmers, 10 cattlemen, nine dairymen, five landowners, one planter, one irrigation farmer, one agricultural engineer, and one farm executive.

These figures indicate that a large number of Tech's students are products of rural life and that they come to college with strong healthy bodies and from a wholesome environment, even though such environment is often surrounded by hardships and privations.

If history repeats itself much may be expected of some of these boys and girls who come in from the broad open spaces with a vision and a desire for an education.

In the list are 35 ginnermen and 13 cotton buyers, an indication that king cotton has extended his reign over the great prairies where once the cattle baron held undisputed sway. Eight grain dealers are shown.

As an indication that the western part of the state is building and that carpenters' wages are good, there are 41 students who give this as their parents' occupations. There are 46 contractors who have children in Tech, which is a further indication of the great building activity in progress in a new country. Twenty lumbermen in the list gives additional proof of great building activity.

There are 135 merchants who are sending their children to the big new school at Lubbock, 12 automobile dealers, 34 bankers, 10 barbers, 16 druggists, 8 garage men, 6 hotel proprietors, and many other business classifications where a small number are represented.

Children of only 46 teachers are seeking to make Tech their alma mater, closely paralleled by 48 doctors. Insurance agents are keeping up their average with 25 in the list, and the real estate business is represented by 45 students.

If tradition holds good there are 38 "bad preachers' boys" adding their influence to the composite whole in Texas Technological College. Eleven republican postmasters are sending their children to what is probably the most democratic school in the country.

As an indication that the old order has not entirely changed six blacksmiths are still in the land and making enough with their strong right arms to keep the children in college. They are far outnumbered, however, by automobile dealers and mechanics.

The man who told the story that it was so healthy in a certain western Texas town that they had to kill a tramp to start a cemetery would find some argument on his side from the fact that in all of the state only one undertaker is sending his boy to Texas Tech.

Page 3

Salesmen are evidently finding the land flowing with milk and honey since 53 of them are able to send their children to college. Only one editor is supporting the school, just one capitalist, one collector, one credit manager, and many other trades and professions are represented by only one student.

Two students refer to their parents as invalids, and ten say their parents are retired. A large group of parents are in the railroad business, and 28 are classified in the oil business.

Two janitors are able to send their children to college, while only one judge has selected Texas Tech. One mayor, one miller, two miners, one city marshall, one city secretary, and two caretakers are sending their children to the institution. Also one game warden, one United States marshal, and one junk dealer are sending their boys and girls to the same place.

Numerous other classifications might be made which would go to show that the student body of Texas Technological College is made up of boys and girls coming from homes that are touched by every business, professional, and industrial activity of Texas.

LUBBOCK, Texas, March 21, ¹⁹²⁹-- Dr. T. D. Brooks, head of the department of education in Baylor University and mayor of the city of Waco, will be on the faculty of Texas Technological College for the second term of the summer session. Dr. Brooks, who is considered one of the outstanding educators of the country, will conduct courses in the school curriculum, public school business administration, and will be counsellor on theses for the master's degree.

LUBBOCK, Texas, March---. Teachers may now renew temporary certificates by completing nine hours work of college grade during a summer term, according to State Superintendent of Public Instruction Marrs who was a visitor at Texas Technological College this week. The 41st legislature modified the law bearing upon the extension of teachers' certificates to the extent of making nine hours work necessary instead of twelve hours as formerly.

Nine hours work of college grade may normally be completed in one term of six weeks, so that under the new provisions teachers may renew their certificates by attending only six weeks during the summer where formerly it was often necessary to attend twelve weeks. It was further stated that the work taken may be elected and is not prescribed.

A further advantage of the new law is that teachers may renew temporary certificates from year to year by doing nine hours work in a college recognized by the State Department of Education, whereas under the old law the privilege of such extension was limited to one year.

From Texas Technological College Free News Service -- Cecil Horne

LUBBOCK, Texas, March ---. Appropriations as finally granted and approved by Governor Dan Moody for the 1929 ~~sum~~ summer session of Texas Technological College, when supplemented by funds derived from College fees, will be sufficient for the summer session work to be given in accordance with the enlarged plans already outlined, according to President Paul W. Horn.

"In addition to the comprehensive list of courses offered last summer, including a large percent of advanced work, other valuable courses will be offered this summer," said Dr. Horn. The enrollment of 965 during the 1928 summer session represented a very substantial increase over the preceding summer, and President Horn is expecting and preparing for a material increase during the coming session.

"The demand for summer work," he said, "has been so pronounced and the attendance at Texas Technological College has been increasing at such a great rate that provisions will be made to take care of this demand in so far as it is possible with funds available from summer to summer. The work offered in the summer session is on a par with that done during the regular session, and it is the policy of the College to supplement the regular faculty by men of outstanding ability and reputation in certain fields."

"While the vacation possibilities of attending Tech has no doubt added considerably to the enrollment, this does not in any way affect the amount or quality of work done," Dr. Horn added. "We expect," he continued, "to maintain the high standards which has been the policy of the institution since its opening."

From Texas Technological College Free News Service -- Cecil Horne

LUBBOCK, Texas, March---. Interest from the permanent trust fund of \$20,000 bequeathed to Texas Technological College as a student loan fund by the late George T. Morrow of Lubbock will become available for loans to students September 1, 1929, according to President Paul W. Horn. The president, business manager, and registrar of the institution were named in the will as the administrators of the fund. The interest only will be available for student loans.

LUBBOCK, Texas, March---. Fifty members of the Senate Finance and House Appropriations committees will visit and inspect Texas Technological College April 8, according to Senator Pink L. Parrish of Lubbock who has just returned from Austin during the legislative vacation. The local Chamber of Commerce will cooperate with College authorities in entertaining the law-makers while in Lubbock.

LUBBOCK, Texas, March---. The first girls' debate in the history of Texas Technological College will be held some time in April with the girls' debating team of Simmons University, according to Miss Anna Jo Pendleton, debate coach. Three other contests are scheduled before the close of the season: Howard Payne will come to Lubbock April 15 for the first annual varsity debate between the two schools; the freshmen team will go to Canyon to meet the West Texas State Teachers' College freshmen; and the final contest of the season will be with Baylor University at Waco.

LUBBOCK, Texas, March---. Deaconess Newell, past president of the Hooker School for Girls in Mexico City, is visiting Texas Technological College for a few days. She has been appointed by the Episcopal Church to visit different colleges over the state in an effort to get the trend of college thinking and to apply her methods of Christian education to the needs of the students.

LUBBOCK, Texas, March 22-- Dr. A. C. Trowbridge, professor of geology in the state university of Iowa, will address an assembly of students of geology Monday, May 25 at 4:00 p.m. in the auditorium of the chemistry building. His subject will be "Research in Sedimentation". Geology students are required to attend and others are welcome.

At eight o'clock that night Dr. Trowbridge will speak to the Faculty Science Club on "A Geologist in Iraque." This meeting will be held in the auditorium of the engineering building.

Doris Sayer, the smallest and youngest student in Texas Technological College, is in no sense bashful about being "mother's baby girl," Doris graduated from the Hamlin high school at the age of 13 and entered Tech soon after passing her fourteenth birthday.

"Maybe some day I'll get a little bigger," Doris says. She weighs 88 pounds and is 4 feet 9 inches in height. Her mother, Mrs. Bess Sayer, and her sister, Miss Bonnie Sayer, are also attending Tech.

March 28, 1929

From Texas Technological College Free News Service -- Cecil Horne

LUBBOCK, Texas, March--- There are nine loan funds available for students of Texas Technological College, the total amounting to about \$27,000. More than 100 students have already borrowed from these funds, and reports are to the effect that no student has yet failed to repay a loan.

The largest of these funds is the George T. Morrow Student Loan Fund, a permanent bequest created by the will of the donor. The interest only of this amount will be used for loans, the capital sum being invested. Some \$800 interest will become subject to loan by Sept. 1, 1929. The terms of the will specified that the President, Business Manager, and Registrar of the College should administer the fund.

Early after the organization of the institution the Rotary Club of Lubbock started a loan fund which now amounts to \$5,000. It is administered by a committee appointed by the Rotary Club. Dean J.M. Gordon is now chairman of this committee. He reports that 91 students have borrowed from the fund, and that there are now outstanding 60 loans. Of this large number of students borrowing not one has been considered a bad risk. This fund is available in small amounts to students who have attended the College a year or more and demonstrated their worthiness and ability.

The Twentieth Century Club Tech Students' Loan Fund was originated in 1925, \$200 being raised the first year by an assessment of \$5 per member. Six students have borrowed from this fund which now amounts to \$415.90. Interest rate is four percent and loans are made to either men or women.

The Home Economics Club Loan Fund was established the first year of the school by the Home Economics Club. This organization holds a sale about Thanksgiving each year. The first sale netted \$87, and \$80 to \$100 has been similarly raised each year. Money is loaned on the recommendation of the Home Economics Council and with the approval of Dean Margaret Weeks. Four percent interest is charged and it is open to home economics students who need the money. Often loans are made to help students over registration, one girl having been assisted twice in this manner. Two girls who are teaching this year have just repaid \$50 loans. Seven loans are now outstanding.

The Athenaeum Club Student Loan Fund was started in 1926 and amounts now to \$250. It is available to any worthy woman student. Five students have participated in this loan with two loans of \$100 each now outstanding.

The American Association of University Women last year raised \$100 and are planning to secure another \$100 which will provide a rotating fund to be loaned \$100 each year to some girl graduate of the Lubbock High school who wishes to attend Tech or some other approved institution.

The Business Women's Loan Fund amounts to \$200 with most of this now loaned out. It is available to any unmarried girl at 5 percent interest. The fund was started the year the school opened and is loaned on the basis of scholarship and character, and upon the recommendation of Dean Mary W. Doak. Four students have participated in this fund.

The Engineering Society Loan Fund is not yet operative, but \$200 has been raised and is now drawing interest. When the amount reaches \$500 it will become available, according to Dean Wm. J. Miller, and it is hoped that it will reach this amount by the opening of the fall term. Members of the Society pay \$1 annual dues, part of this being applied to the fund which will be loaned to engineering students. It is hoped to increase materially the fund this year by getting freshman engineers to sign over their chemistry deposits to the fund.

The Agricultural Club Loan Fund for agricultural students now amounts to \$150. No loans are outstanding but money will become available in the near future. The purpose of the fund is to furnish temporary funds to students who have previously contributed to the fund. It is supervised by Dean A. H. Leidigh and the officers of the Society. In order to increase the amount, freshmen are asked to sign over science deposits, sophomores and upper-classmen during 1928-29 are asked to contribute \$2.00 each, and other means will be used. Six percent is charged and, for the present, loans will be limited to \$25 each.

LUBBOCK, Texas, March---. Dr. S. S. McKay, professor of History at Texas Technological College, is writing a biography of Ex-Governor E. J. Davis, which is to be published by the Dictionary of American Biography.

Governor Davis, native of Florida and Union general in the Civil War, was the only Republican ever elected Governor of Texas. He served from 1870 to 1874, following an election in which the freed negroes participated and from which ex-Confederates were barred. During his term there were two negro senators and ten negro members of the Lower House of the Texas Legislature.

The Davis administration, according to Dr. McKay, is well known as a period of high taxes, wholesale graft, and oppressive legislation. Davis was defeated by Richard Coke for re-election, but refused to give up the office. He and his radical Legislature held the first floor of the Capitol at Austin for a week, guarded by negro troops, while Governor Coke and the Democratic Legislature were administering the State Government from the second floor of the Capitol. There was constant danger of an armed clash between the rival factions, but Davis gave way when President Grant refused to intervene.

The administration of Davis was the subject of Dr. McKay's master's thesis at the University of Texas.

LUBBOCK, Texas, March---. A rectangular block of pine wood which was taken from timbers in the roof of the White House while the structure was being remodeled in 1927 has just been received by Professor R. A. Studhalter of Texas Technological College. For 112 years these longleaf pine beams held the roof of one wing of the executive mansion safely over the heads of twenty-six presidents of the United States.

The wood was originally built into the mansion during the administration of President James Madison in 1815. Year before last when the supporting timbers of the roof were taken down the wood was found to be in perfect state of preservation, although no treatment had been given to lengthen the life of the wood.

In 1814, after the Battle of Bladensburg, the British soldiers with their flaming torches, came thronging up Pennsylvania Avenue and burned the White House, the fire destroying the interior and seriously damaging some of the masonry. President Madison and his famous wife, Dolly, made a dramatic departure from the executive mansion, fleeing up Pennsylvania Avenue just ahead of the British.

Reconstruction was begun shortly after the fire, the new roof being held in place by sturdy wooden trusses. And these are the same trusses which were taken out in 1927 and found to be in an almost perfect state of preservation, and are an interesting example of early workmanship. The timbers, all hand sawn, are held together not only by hand mortising but with dowels and heavy wrought iron straps pounded out by hand.

Incidentally it is of interest that President Ulysses S. Grant, who occupied the White House in 1873, and to whom the condition of the roof was first reported, was the grandfather of Lt. Col. U. S. Grant, III, under whose direction, as Chief of the Office of Public Buildings and Parks in Washington, the recent remodeling and renovation has been carried out.

Mr. Studhalter is very proud of this relic and will see that it gets a prominent place in the proposed museum for Texas Technological College.

LUBBOCK, Texas, March----. A meeting to sponsor a movement for a museum at Texas Technological College has just been held. The geology department of the College has already begun a collection of objects of interest in its own field, and it is the hope of the committee to create and sponsor similar action in every department and to help encourage donations of all kinds, but particularly all those whose origin is in the South Plains country.

A temporary organization was made with the following officers: Mr. R. A. Studhalter, president; Miss Vivian Johnson, first vice-president; Dr. John C. Granbery, second vice-president; Mrs. Mary Dale Buckner, secretary-treasurer; Dr. M. A. Stainbrook, curator.

The plan is to promote collection of materials by schools and departments. Each department will have cases for its own collections placed in the science building with the objects already on exhibit by the geology department. The home economics school will center its activities on the collection of costumes and patterns.

LUBBOCK, Texas, March---. The ^{sixth} ~~fourth~~ graduating class of Texas Technological College numbers ²⁹³ ~~168~~, according to the present list of candidates, ¹⁶⁴ ~~94~~ of these being men and ¹²⁹ ~~74~~ women. Last year's class numbered ²⁷⁷ ~~103~~. At the close of the spring term June 1, ¹⁶⁴ ~~119~~ expect to get their diplomas and the other ¹²⁹ ~~49~~ plan to graduate at the end of the summer term in August.

The candidates for graduation by schools are as follows: agriculture ²⁷ ~~11~~, engineering ³² ~~23~~, home economics ²⁶ ~~14~~, liberal arts ²⁰⁸ ~~120~~, ^{of these 33 are candidates for degree of m. of arts.}

Following is the list by schools of the June candidates:

School of agriculture: R. A. Alexander, Breckenridge; J. H. Burroughs, Lubbock; B. Carmichael, Lubbock; T. P. Chapman, Lubbock; L. C. Dalton, Happy; Paul Griffith, Salado; Claude Hope, Sweetwater; Ogden King, Lubbock; R. C. Middleton, Lubbock; R. C. Tom, Lubbock.

School of engineering: Andrew Allen, Lubbock; Roger Allison, Level-land; Robert L. Burns, Dallas; J. T. Gist, Colorado; Neville Graham, Guion; Rudd Hardesty, Abernathy; June Hewett, Plainview; Louis Lahm, Amarillo; Paul Lefforge, Amarillo; Will Leslie, Lubbock; Jule Love, Marshall; Ross McDonald, Lamesa; D. T. McGehee, Wayside; Jack Maddox, Menard; J. H. Osborne, White Deer; Jerome Sanders, Haskell; Bernard Schmidt, Pampa; Ray Thomas, Tehuacana; Will M. Tucker, Ovalo.

School of home economics: Lila Allred, Chillicothe; Floy Anglin, Tahoka; Anna Belle Collins, Channing; Frances Ferguson, Haskell; Auvana Hufstedler, Lubbock; Mary Hazel Hurn, Clarendon; Oueda Middleton, Lubbock; Pauline Roach, Clarendon; Marian Sansom, Lubbock; Mildred Hines Street, Lubbock.

School of liberal arts: James Alldredge, Lubbock; Ceril Batton, Spearman; Mrs. Marion Binnion, Lubbock; T. M. Binnion, Lubbock; Mrs. Jewel G. Bond, Lubbock; Agnes K. Brown, Clovis, N. Mex; Jack Camp, Pecos; T. R. Carpenter, Lubbock; Richard Cavett, Lubbock; Mrs. Mabel Coleman, Lubbock; T. S. Comer, Lubbock; Iris Crawford, Lubbock; Loy Cross, Lubbock; Mamie Crump, Shallowater; Lynn Dougherty, Levelland; Jo Dunman, Coleman; Wilburn Edelman, Plainview; Rue Eubank, Seminole; Charles Fagg, Eastland; Dimple Ford, Lubbock; Owen Murle Fowler, Lubbock; Vada Mae Garrison, Lubbock; Faye George, Lubbock; Lucie Gregory, Lubbock; Anna Belle Guffin, Lubbock; T. W. Harber, Munday; Wade J. Hartrick, Butler, Mo; Catherine Heierman, Imperial; Mrs. A. R. Hendricks, Lubbock; H. C. Hervey, Corsicana; Charles Volney Hill, Lubbock; Clarence Holeman, Lubbock; Floyd Honey, Lubbock; Edna Houghton, Lubbock; Hughett, Pauline, Lubbock; J. W. Jackson, Lubbock; Verna Johnson, Eastland; Billie Jones, Abernathy; Z. B. Lee, Sudan; Louise Long, Abernathy; Tommy Lyle, Ralls; Ione McClellan, Lubbock; Inez Marshall, Santa Anna; Raymond Marshall, Lubbock; Jane Mast, Lubbock; Inez Medlock, Lubbock; Mrs. Leona Metcalf, Lubbock; Pauline Miller, Lubbock; Clyde Neeley, Olney; Ross Owens, Lubbock; Lillian Pass, Rogers; Mrs. George D. Payne, Lubbock; Erika Peters, Galveston; Violetmae Pickett, Lubbock; Albert A. Pierce, Carbon; Z. B. Pirtle, Levelland; Mrs. R. C. Reed, Lubbock; Ora Mae Robbins, Lubbock; Helen Robertson, Lubbock; Elizabeth Rodgers, Lubbock; Fred Rollins, Seminole; D'Aun Sammons, Lubbock; Ludie Nell Sawyer, Evant; John P. Searles, Athens; Ruth Smith, Lubbock; Weldon Snodgrass, Acuff; Bennie R. Taylor, McGregor; Margaret Turner, Lubbock; S. Denton Underwood, Hale Center; Lee Vardy, Estelline; Prentiss Viles, Lubbock; Kenneth C. Ward, Amarillo; Grace Watkins, Lubbock; J. E. Watson, Jr, Lubbock; Esther Grace Wheeler, Lorenz; Clarence Whiteside, Lubbock; John E. Wisdom, Claude; Sam Womack, Colorado; Edna Yonge, Post.; Wayne Burkhart, Lubbock.

Following is the list by schools of the August candidates:

School of agriculture: T. V. Weaver, Levelland.

School of engineering: John Hunter, Woodville; Melvern Hunter, Plainview; Nat B. King, Laredo; K. T. Miller, Lubbock.

School of home economics: Blanche Brown, Cisco; Iva Burleson, Sipe Springs; Bonnie Lee Cook, Levelland; Willie Hawkins, Abilene.

School of liberal arts: Troy Olene Baker, Lubbock; Mrs. Rosa Mae Burford, Lubbock; Gordon Cook, Post; Harold A. Cooper, Coleman; Durell Davidson, Mineral Wells; Anna Jo DeWald, Lubbock; Wilma Dyer, Sudan; Ethridge Eagan, Littlefield; Velma Eubank, Putnam; Scott Fikes, Granger; Annie Gehring, Longworth; Naomi Halsell, Lubbock; Oberia Hamblen, Stamford; Annie Hammons, Gordon; Hugh E. Killen, Lubbock; Ottis Koen, Lubbock; Gladys Leary, Estelline; Jess Lockhart, Lubbock; Mrs. Ethel McCauley, Lubbock; Lucia McIlvain, Lubbock; Ruth McKee, Lubbock; Hazel C. Martin, Lubbock; Edgar Mae Mongole, Clarendon; Elmer J. Moore, Lubbock; Horace Grady Moore, Floydada; J. H. Morgan, Mission; Raymond Painter, Lubbock; Helena Peters, Lubbock; Carl Peterson, Hamesa; Florence E. Pickett, Lubbock; Lloyd Pyeatt, Amarillo; Hazel Reeves, Lubbock; Harold Roberts, Lubbock; Walter Schenck, Lubbock; Eugene Smith, Vernon; Roy Taylor, Russellville; Mrs. Sue Alice Tubbs, Lubbock; George Wilkins, Lubbock; Cecil Williams, Lubbock; Ivo Wilson, Quanah.

LUBBOCK, Texas, April---. Professor R. A. Studhalter, recently elected temporary president of the Plains Museum Society, has called a general meeting for Thursday, May 2, at 5 p.m. in the auditorium of the chemistry building at the college to perfect the organization. A constitution and by-laws will be presented for ratification and permanent officers will be elected.

According to Professor Studhalter it is hoped to reach people who are interested within a radius of several hundred miles, including eastern New Mexico. An invitation is extended to those who will cooperate in the work to attend the meeting May 2.

The object of the organization is to foster, increase, and diffuse knowledge and appreciation of history, science, and art, and to encourage the collection, study, and exhibition of objects of scientific, historic, and artistic value in a museum.

While no room is available at Texas Technological College at the present time any collections will be taken care of temporarily by the various departments.

A good nucleus for a museum is already on hand, including branding irons, cooking utensils, firearms, old saddles, archaeological specimens, rocks and minerals, fossils, plants, and animals. Contributions are solicited.

From Texas Technological College Free News Service -- Cecil Horne

LUBBOCK, Texas, April ---. Professors A. W. Evans, R. A. Studhalter, E. L. Reed, and M. A. Stainbrook of Tech attended a meeting of the Southwestern Division of the American Association for the Advancement of Science at Albuquerque. Papers were read by Evans, Studhalter, and Reed.

LUBBOCK, Texas, April---. A recent analysis of the 2,088 students enrolled at Texas Technological College this term indicates that 46.3 percent are from towns under 2,500 in population. Cities from 2,500 to 5,000 are given as the homes of only 8.2, while places with a population of from 5,000 to 20,000 send 5.6 percent. The local enrollment from Lubbock is responsible for 37.9 percent coming from towns between 20,000 and 50,000, and only two percent are from towns of over 50,000.

The analysis further shows that the average size of the annual incoming class has been 884. The average number of years the individual student stays in college is shown as 1.92, or nearly two years each.

From Texas Technological College Free News Service -- Cecil Horne

LUBBOCK, Texas, April---. The geology department of Texas Technological College is offering two field courses this summer. Each of the courses gives nine hours academic credit and one term's credit in physical training.

Beginning Monday, June 3, a trip will be made through northern New Mexico and Arizona to the Grand Canyon, and the return trip will be made through Utah and Colorado via Salt Lake City, Gunnison Canyon, Monarch Pass, Royal Gorge, Pueblo, and Trinidad.

The advanced course, which is limited to ten students, is scheduled for July 15, and will be an intensive study of a limited area in central Texas. The work will consist of detailed mappings, and stratigraphic and structural studies in that area.

LUBBOCK, Texas, April---. Dean J. M. Gordon of Texas Technological College is to attend the meeting of the Association of Texas Colleges at Dallas April 26 and 27. From Dallas he will go to Plainview where he will speak at the Presbyterian church Sunday morning, April 28.

LUBBOCK, Texas, April---. Two of the three seniors in the department of electrical engineering at Texas Technological College, Bernard Schmidt of Pampa and Andrew Allen of Lubbock, will go to Schenectady, N. Y., to take a student training course with the General Electric Company. The course runs for about 20 months and during that time the students are to be given an opportunity to work in all parts of the factory, which employs about 20,000; at the end of this period the company in which they will be placed is determined.

The other electrical engineering graduate, W. M. Tucker of Ovalo, has been given a position with the Westinghouse Electrical Company of Pittsburgh, Pa. He is to be in their electrical testing department.

LUBBOCK, Texas, April---. Texas Technological College was admitted to membership in the Intercollegiate Association of Women Students at their recent meeting held at the University of Oklahoma, where colleges and universities from twenty-one states were represented. Miss Sylva Wilson of Lubbock was a delegate from Tech. Campus problems and women's self-government questions were discussed.

LUBBOCK, Texas, April---. The fourth annual pageant to be held at Texas Technological College will be given on the green in front of the administration building Friday evening, May 17. About 600 persons will participate.

The pageant, which will represent scenes from an English fair, is being arranged by Miss Ruth Pirtle, head of the department of speech. Students in choruses and folk dances will be trained by Miss Zella Riegel of the department of physical education.

LUBBOCK, Texas, April---. Faculty members of Texas Technological College and their families have been invited to an old-fashioned barbecue to be given by former Senator and Mrs. W. H. Bledsoe at the Stock Judging Pavilion May 9. This is to be the second barbecue given by Judge and Mrs. Bledsoe, the first having been given two years ago.

LUBBOCK, Texas, April---. The first women's inter-collegiate debate in the history of Texas Technological College was held in Abilene recently, when Gladys Leary and Lizzie Belle Clements debated the affirmative of the jury question with Simmons University. A second team will take the negative of the same question against Simmons at Lubbock in the near future.

Boys plans include a debate with Baylor University on Monday, April 29, at Waco, and a freshman debate with West Texas State Teachers College in Canyon April 26.

LUBBOCK, Texas, April---. Dean J. M. Gordon, of the school of liberal arts of Texas Technological College, who is president of the South Plains ex-students association of Trinity University at Waxahachie, will be toastmaster at their banquet to be held in Lubbock soon. Out of town reservations have been made to the banquet from Lamesa, Hereford, Ralls, and Dickens.

LUBBOCK, Texas, May---. Hogue Williams of Hamilton was elected president of the student association of Texas Technological College at a recent mass meeting of the student body. Williams is a junior in the liberal arts school.

Charles Wooldridge of Shawnee, Okla., junior engineering student, was elected vice president. Miss Margaret Trigg of Lubbock was re-elected secretary. Jack Camp, Pecos, was selected student representative of the athletic council and Jake Schober of Fort Worth was chosen yell leader.

LUBBOCK, Texas, May---. A portrait of President Paul W. Horn of Texas Technological College will be given to the school by the senior class of 1929. Formal presentation of the painting, which is nearing completion, will be made on May 25.

From Texas Technological College Free News Service -- Cecil Horne

LUBBOCK, Texas, May---. The Protestant Episcopal Church will hold a summer training school in Lubbock from June 17 to 28 and one of the private dormitories of Texas Technological College will be used to house the 75 or 100 who are expected to attend. Rt. Rev. Bishop E. C. Seaman, D.D., of Amarillo, of the North Texas district, will be in charge of the school. Rev. L. G. H. Williams of Lubbock, director of religious education in the district, is completing details of arrangement for the school.

LUBBOCK, Texas, May---. Coach Grady Higginbotham is taking the Tech Matadors for a week's trip with six games scheduled. Two games will be played with Texas A. & M. on May 6 and 7 during the East Texas Fair. On the 8 and 9 games are scheduled with St. Edwards at Austin, and on the homeward lap of the journey a stop will be made at Brownwood for two games with Daniel Baker May 10 and 11.

From Texas Technological College Free News Service -- Cecil Horne

LUBBOCK, Texas, May---. Texas Technological College debaters won a unanimous decision of the judges in their ^{contest} with Baylor University at Waco in the last debate scheduled for the College this year. Tech was represented by Hal B. Lary of Clovis, N. M., and J. W. Jackson of Lubbock.

The girls' debating team, composed of Miss Lois Harkey of Jayton and Miss Gladys Leary of Estelline, defeated the Simmons University girls here, defending the negative side of the question, "Resolved, that a substitute for trial by jury be adopted."

LUBBOCK, Texas, May---. Two professors in the school of agriculture at Texas Technological College will be away for the summer working on their doctor's degrees. Professor C. H. Mahoney, head of the horticulture department, will do postgraduate work in Michigan A. & M., and Professor Ray C. Mowery, of the animal husbandry department, will study in Iowa State College at Ames.

Professor H. J. Bower, of the agronomy department, will be connected with the Texas Wheat Grower's association for the summer months in the educational division.

From Texas Technological College Free News Service -- Cecil Horne

LUBBOCK, Texas, June----The cotton school, a feature of the summer session at Texas Technological College, will be held July 15 to August 10. The work will be given in the well lighted and spacious textile engineering building under the direct supervision of Prof. E. W. Camp, head of the textile department. Harry E. Blocker of Lubbock, president of the Blocker Cotton Company, will assist in the school as instructor. The complete equipment of the textile department is at the disposal of cotton school students for inspection and study.

Instruction covers all principal points and fundamentals of the cotton business, including grading white and colored cottons, stapling, marketing, street buying and selling, f.o.b. buying and selling, list buying and selling, and the relation between interior buying and selling and export buying and selling. Also a study is made of cotton office practice covering all of the basic principles of book work, and clerical detail such as the making of invoices, figuring grade and staple differences and the opening and closing of a set of books especially designed for the cotton business.

There are no scholastic entrance requirements necessary for enrollment.

June 1929

LUBBOCK, Texas, June----.Beginning with the fall term of 1929 freshman women students at Texas Technological College will be required to live in two privately owned dormitories, College Inn and Annex A. These two buildings with a capacity of 120 have been designated by the regents as dormitories for freshman women and they will be operated under the direct supervision of the dean of women, Mrs. Mary W. Doak. The buildings are stucco and tile and are located on College Avenue opposite the campus.

Mrs. Ellen Doak from the University of Oklahoma will be in charge of College Inn, and Mrs. C. W. Conley who has had dormitory experience at the University of Texas will be in charge of Annex A. The cost of room and board will be \$35 per month. Housekeeping accommodations for a limited number are available in Annex A. Women who live in Lubbock and those who find it necessary to earn part of their expenses will be exempt from residing in these two dormitories.

If the enrollment makes it necessary other buildings near the campus will be designated as dormitories for freshman women and will be operated upon the same plan. The purpose of the plan is to make possible closer supervision over first year students pending the erection of dormitories on the campus which was recently authorized in a bill passed by the legislature.

Texas Technological College

LUBBOCK, Texas, June----. The five graduates of the textile department who received their diplomas May 27 have all secured good paying positions with large companies, according to Professor E. W. Camp, head of the department. Professor Camp said he had never known textile graduate students to secure jobs with such uniformly large salaries. He ascribes this to the increased growth in textile manufacturing and to the movement of the textile industry southward.

College officials are also very much pleased that the first graduates of the textile department have been able to secure places with nationally known concerns, thus giving evidence of the high standing which this department of the institution has already achieved in the textile world. And it is further seen as proof that the school is fulfilling its mission to stimulate the textile industry as was intended by the founders of Texas Technological College.

Jack Maddox of Mission has accepted a place with the Goodrich Rubber Company, of Akron, Ohio, and has already commenced his duties. He is in the company's textile laboratories.

Rudd Hardesty of Abernathy will be in the knitting department of the Davemport Silk Hosiery Mills of Chattanooga, Tenn. He will begin work July 1.

DeWitt McGehee of Wayside has been offered a position with the American Chatillon Corporation of Rome, Ga., a five million dollar concern engaged in the manufacture of Rayon.

Jule Love of Marshall and Ray Thomas of Tehuacana have both accepted positions with the Goodyear Tire and Rubber Co. of Akron, Ohio. They will begin work July 1.

From Texas Technological College Free News Service -- Cecil Horne

LUBBOCK, Texas, June----. Summer school enrollment at Texas Technological College has reached 1,085, a gain of more than 30 percent over the enrollment at the same date last summer session. Many classes are swelled to undue proportions and additional sections in many cases had to be arranged for. More than 1100 will be enrolled before the end of the second week.

Several hundred additional new students will be expected to enroll at the beginning of the second summer term July 13, making the total attendance for the summer probably 1,400. The enrollment for both summer terms last year was 965. One of the features of the present summer enrollment is the large number of students who have come to Tech to do their graduate work.

LUBBOCK, Texas, June----. The third annual summer field trip of the department of Geology in Texas Technological College is now under way with Dr. L. T. Patton, head of the department, in charge. Twelve boys are making the trip in a motor bus, and the itinerary will include points in New Mexico, Arizona, Utah, and California.

From Texas Technological College Free News Service-- Cecil Horne

Lubbock, Texas, July-³---. The second term of the summer session at Texas Technological College opens July 15 and runs to August 23. A number of new students are expected for the second half since it is now necessary to attend only six weeks and carry nine hours of work of collegiate grade in order to renew a certificate expiring this summer.

In addition to the regular faculty several specialists are to teach during this period. Prof. W. A. Stigler, assistant superintendent of the schools in El Paso and in charge of research work, will teach in the department of education. In this department also Dr. T. D. Brooks, head of the education department in Baylor University, will teach. Prof. L. M. Rogers of the Amarillo high school will be a faculty addition.

Nearly 100 students and teachers are scheduled to make the annual trek to the Carlsbad Caverns immediately after July Fourth. This is one of the special attractions of the summer session.

Final enrollment for the first summer term has been announced as 1,118. The next term will probably increase this to 1,500.

From Texas Technological College Free News Service-- Cecil Horne

LUBBOCK, Texas, July--³---. The coaching staff at Texas Technological College announces that football practice for the fall term will begin on the campus September 10. Since Tech is enforcing to the letter all Southwestern Conference rules no first year men will be eligible to attend the camp. Invitations will be issued to all men.

With a sizeable squad of old and some brilliant recruits from the last year's freshman class the best team that ever donned the scarlet and black is expected to be developed. The redoubtable Walker is scheduled to be here for the opening day. Some of the veteran linemen are expected to have their hands full holding their places against some of the stalwarts from last year's freshman aggregation.

LUBBOCK, Texas, July----. Paul Lefforge of Amarillo and Jerome Sanders of Haskell, June graduates of the engineering school of Texas Technological College, are connected with the Standard Oil Company for the summer. They are working in the plant at Elizabeth, New Jersey doing research and development work. Both specialized in chemistry and were student assistants in that department at Tech. They plan to enter Yale this fall and work toward the Ph. D. degree.

From Texas Technological College Free News Service--> Cecil Horne

LUBBOCK, Texas, July----. The Texas Tech Coaches ended their coaching school July 13, with the conclusion of the first term of summer school. Since then Coach Payne has left on a visit to his home in Abilene and a fishing trip to Devil's river. Director Freeland plans to spend his vacation in the mountains of New Mexico. Coach Higginbotham will remain in Lubbock for the time being, but both he and Coach Payne expect to attend some coaching school in August.

LUBBOCK, Texas, July----. The total number of summer school students enrolled in Texas Technological College, as given out by the Registrar's office July 17, is 1,258, which shows an increase of 140 students over the first term which had an enrollment of 1118 students.

LUBBOCK, Texas, July----. Dr. L. T. Patton, head of the department of geology of Texas Technological College, and nine students of geology who left Lubbock June 3, on the annual summer geology tour, returned July 15 after an extended trip of 4,500 miles covering important places of geological interest in New Mexico, Arizona, California, Utah, Nevada, and Colorado.

Dr. Patton and the students did special research work in the Great Basin, the Royal Gorge, the Mohave desert and other places of geological interest and visited the more important art galleries and museums in the west.

LUBBOCK, Texas, July----. A large collection of articles which are reminiscent of the old days of the west were received recently by Prof. R. A. Studhalter, head of the department of biology of Texas Technological College, for addition to the collection of the Plains Museum Society. Prof. Studhalter is president of the Plains Museum Society and the collection is a gift from Clifford B. Jones, who is chairman of the board of regents of the college.

The gift to the museum includes parts of Indian skeletons, some knives, corn grinders and other implements used by the West Texas Indians. Mr. Jones also included in the collection a number of branding irons which were collected from the Swenson ranch and other historic ranches of the west, and lent the College Library some old records of the Swenson ranch to be used in the class of advanced students who are studying the history of the South Plains.

LUBBOCK, Texas, July----. The progeny of the West Texas pioneers knows how to shoot too! The rifle team of Texas Technological College composed of W. S. Galloway, Landrum Chapman, Hugh Russell, and Holly Cross has just returned from a Texas rifle contest held at Ft. Sam Houston where the members of the Tech team won the first four places in the order named.

This team will go to Camp Perry, Ohio, where it will compete with other teams over the United States.

LUBBOCK, Texas, July----. A recent survey of the success of athletics at Texas Technological College shows that out of 195 athletic events including football, basketball, tennis, track, and baseball, 102 events or .523 have been won.

In football 37 games have been played and 21 of them won, 72 games of basketball have been played and 34 won, 17 track events have been staged and 10 of them won, 50 games of baseball have been played 23 being won, and 3 tied, and 19 tennis tournaments show 9 wins.

Although a great many of the athletic events in which Tech has taken part in have been lost, Tech's success and improvement has been remarkable.

LUBBOCK, Texas, July----. Dr. R. L. Olson, of the American Museum of Natural History has just made a visit to Texas Technological College to investigate some of the places of natural historical interest over West Texas. In company with Dr. W. L. Holden, of the department of history, and Dr. L. T. Patton, of the department of geology, of the college, Dr. Olson visited the Tule and Palo Duro canyons and he thinks it quite possible that the American Museum of Natural History will send an expedition into West Texas for an extended study in the near future.

LUBBOCK, Texas, July----. The annual summer cotton school of Texas Technological College which is now in progress under the supervision of Prof. E. W. Camp, head of the department of textile engineering, has twenty students enrolled.

Among those enrolled are merchants, teachers, farmers, and prospective cotton buyers from all over West Texas. All people who are interested in any phase of the cotton industry are invited by the college to attend this summer course which trains the student thoroughly in classing and grading, all phases of buying, and the keeping of cotton books.

LUBBOCK, Texas, July----. Plans for freshman orientation for the opening of the fall term at Texas Technological college have been worked out by the deans of the college and Roy McCullough, Y. M. C. A. secretary.

Orientation will begin September 20 and last through Sunday, September 22, during which time new students will be given practical suggestions as to their registration and general information that will be of help to them in starting their college work.

LUBBOCK, Texas, July----. The Mid-summer Homesick edition of the Toreador, Texas Technological college newspaper, was released July 30, and is being mailed out to all students of the 1928-29 session of the college. It was published under the supervision of Hal Lary, editor-in-chief, and Alvin Allison, business manager of the publication for next year.

LUBBOCK, Texas, July----. Predictions for the Texas Tech gridiron warriors are that the Matador aggregation will be full of aggression in the 1929 season, under the guidance of Coach Grady Higginbotham. The Matadors have scheduled games with two of the most powerful Southwestern Conference elevens--Baylor university and T. C. U., and intensive training for Tech's stiffest schedule will begin early this fall.

LUBBOCK, Texas, July----. A fifty page illustrated bulletin giving complete information of the work given by the School of Home Economics of Texas Technological college will be ready for distribution August 1. The bulletin contains about thirty pictures and illustrations of the work that is given in the various departments of the school such as foods, clothing, etc. The bulletin will be mailed out to students who are interested in this school and may be had by writing to Dean Margaret W. Weeks.

LUBBOCK, Texas, August----. Coaches Grady Higginbotham and Vic Payne of Texas Technological College have announced that the fall football training camp will begin September 10. At this time intensive training will be begun for the 1929 football squad which is expected to far outclass the previous squads of the college. Some forty-five men will attend the camp, twenty-two of whom will be from the last year's squad, eighteen from the last year's freshman squad and five from the squads of previous years.

LUBBOCK, Texas, August----. Members of the Home Economics club of Texas Technological college have announced that they will meet freshman girls at the trains who arrive for freshman orientation, which begins September 20, and will help them in getting acquainted with the campus. Upon their arrival freshman girls are asked to look for the club members who will be dressed in white uniforms.

LUBBOCK, Texas, August----. Announcement was received August 14 from Governor Moody that Roscoe Wilson of Lubbock, and Riley Strickland of Amarillo had been appointed as members of the board of directors of the college to fill the vacancies created by the resignations of H. T. Kimbro of Lubbock, and Mayor Ernest Thompson of Amarillo. Mr. Wilson is active in the civic affairs of Lubbock and Mr. Strickland is a well known lawyer of Amarillo.

Announcement has also been received here of the election of W. T. Gaston as business manager of the college, by a meeting of the board of directors, in Fort Worth July 25. Mr. Gaston is now chief clerk of the board of control at Austin.

LUBBOCK, Texas, August----. Between 2,200 and 2,500 students are expected to enroll at Texas Technological college during the 1929-30 session according to a report from the registrar's office. Although it is very difficult to make an estimate of the number of students at this time of the year, the report is considered as conservative.

There were 1,298 students enrolled in the summer session which will close August 23.

LUBBOCK, Texas, August----. The class in Indian cultures of the Southwest under Dr. W. C. Holden, of the history department of Texas Technological college, will leave August 9 on a field trip to Santa Fe and other points of historical interest in New Mexico. Twenty students will make the trip and the museums at Santa Fe will be inspected. Trips will be made to the cliff dwellings at El Roto de los Frijoles and Puye and a number of the modern pueblos of New Mexico will be visited.

LUBBOCK, Texas, August----. Graduation exercises for the summer session of Texas Technological college will be held from 10 to 12 o'clock August 23, with Dr. T. D. Brooks, Dean of School of Education of Baylor University, delivering the address. Sixty-five candidates will receive bachelor of arts degrees and ten candidates will receive master of arts degrees, making a total of 171 bachelor's degrees and eleven master's degrees conferred by the college this year.

LUBBOCK, Texas, August----. With the nearing of the fair season, students and members of the faculty of the School of Agriculture of Texas Technological college have made a number of engagements to act as judges of South Plains fairs. The school is urging that the fair associations place their applications for judges with Dean A. H. Leidigh as early as possible on account of the opening of the fall term of school September 23.

Figure 6. The effect of the number of iterations on the accuracy of the proposed algorithm. The results are shown for different values of α and β . The x-axis represents the number of iterations, ranging from 0 to 100. The y-axis represents the accuracy, ranging from 0.8 to 1.0. The legend indicates four cases: $(\alpha=0.9, \beta=0.9)$, $(\alpha=0.9, \beta=0.7)$, $(\alpha=0.7, \beta=0.9)$, and $(\alpha=0.7, \beta=0.7)$.

1. The first step in the process is to identify the problem or issue that needs to be addressed. This involves gathering information and understanding the context of the problem.

LUBBOCK, Texas, August----. Nothing but optimism prevails with the coaching staff at Texas Tech as forty invitations which have been issued for the football training camp are expected to bring that many men together for training September 10. Coach Vic Payne attended the D. X. Bible-Schmidt coaching school at Corpus Christi and head football coach G. H. Higginbotham is attending the Rockne-Warner-Morrison school at Dallas. With the opening of the season Higginbotham will assume his duties as chief football mentor with Payne as assistant.

The following old men are expected to report for training: J. C. Alexander, Orville Brothers, Glenn Coppage, H. C. DeWitt, Frank Emison, Jack Durham, Clarence Hodges, Sidney Knowles, Jess Lockhart, Bill McWilliams, Ameral Payne, J. H. Tadlock, Dennis Vinzant, Levi Walker, Ransom Walker, J. D. Waller, Chas Wooldridge, and Julius Bergfeld.

Nine men from intramural and other squads were invited: Edgar Cappleman, James Dallas, Dick Green, Kenneth Henry, W. O. Jones, George Langford, Don Maddox, and Floyd Wooldridge.

Some useful additions to the squad are from these fourteen men from last year's freshman team: Ross Ayers, C. D. Chenoweth, K. F. Edmonds, Thos. H. Hickey, Ben High, Walton Nixon, Basil Hill, King Sides, E. C. Simmons, Monroe Stanhiser, T. L. Strickel, James Whiteside, Luther Williams, and Jim O Hill.

LUBBOCK, Texas, August-----. Dr. Albert Cunningham of Cambridge, Ohio, is an addition to the English staff at Texas Technological College beginning with the fall term which opens September 23. He is a Ph. D. graduate of New York University and was dean of Lebanon University and the College of Puget Sound in addition to holding several English professorships. He is a successful author, having published a number of books and stories. In 1918 he published "The Manse of Barren Rocks", followed the next year by "The Chronicle of an Old Town", and "Singing Mountains", and in 1922 "Old Black Bass" was issued. Following his outdoor bent in 1925 he wrote "Animal Tales of the Rockies". He has contributed many educational articles to various publications.

LUBBOCK, Texas, August-----. W. T. Gaston, newly elected business manager of Texas Technological College, has arrived in Lubbock preparatory to assuming his duties September 1. For the past five years Mr. Gaston has been chief of estimates and appropriations of the state board of control and prior to that he was chief clerk in the comptroller's office for three years.

From Texas Technological College Free News Service--

LUBBOCK, Texas, August---.Registration for the fifth annual session of Texas Technological College will begin September 23. This will be preceded by freshman orientation September 20, 21, and 22. Dr. L. H. Hubbard, president of the College of Industrial Arts, Denton, and former dean of freshman men at the University of Texas, has been selected to deliver the annual address to the incoming first year students.

The freshman class last year numbered 1004, and a substantial increase over this number is expected for the coming school year. Statistics for the four years show that an average of 70 percent of the freshman class returns to school the following year. Based on this percentage the next sophomore class will number something over 700. And it is further estimated on past figures that there will be a minimum of 450 juniors and 240 seniors. These figures would indicate a minimum total enrollment for the year, not including the summer session, of at least 2500.

LUBBOCK, Texas, August---. Dr. John C. Granbery, head of the history department in Texas Technological College, and Dr. W. C. Holden, of the history department, have just returned from a meeting of archeologists of the southwest which was held at Santa Fe, New Mexico.
