WHO AM

I ?

WELL NOW THAT IS A LONG STORY! YOU SEE I
AM HOMER THE HOME MANAGER, AND I LIVE IN THE HOME
MANAGEMENT HOUSE AT TEXAS TECH. I HAVE COME TO TELL
YOU ABOUT MY FAMILY. WE ARE NOT AN ORDINARY
FAMILY; WE ARE GREAT -- AS TO NUMBER AND OTHERWISE.
WHAT WE CAN'T DO -- CAN'T BE DONE! THERE ARE NINE
MEMBERS OF OUR FAMILY, NOT COUNTING ME OF COURSE. I
HAVE SEEN SOME WONDERFUL THINGS HAPPEN IN THE HOUSE
AND TO "THE KIDS", AND THIS HAPPENS TO BE THE INSIDE STORY
BEHIND THE SCREEN.

MARINES. (DON OF COURSE!) THE
THREE GIRL ROOM ALSO HOUSED
MARY ANN FROM TAHOKA.

CLAUDYNE YOUNG IS A NATIVE
LUBBOCK GIRL. I MIGHT ADD THAT
SHE GOES IN FOR NAVY LIFE. SHE
LIVED WITH PAT IN THE EAST

JANE FOSTER, THE FOOD MAJOR,

NOW LET ME TELL YOU ABOUT THE
FIRST DUTIES IN THE HOUSE. THE
"KIDS" LIVED A COMPLETELY DIFFERENT
LIFE EVERY FOUR DAYS, AND THIS IS
HOW IT STARTED.

CLAUDYNE WAS THE FIRST TO
PLAN AND COOK FOR OUR FAMILY.

BEE MA HELPED HER AND TOOK
CHARGE OF THE DINING ROOM.

ELIZABETH WAS THE CHILD DIRECTOR
BUT THIS IS THE CHILD SHE LIKED TO
DIRECT MOST.

MARY ANN WAS TO HELP ELIZABETH
AND KEEP OUR BABY IN CLEAN
CLOTHES.

FLOORS CLEAN , WINDOWS BRIGHT, TEMPER-
ATURE RIGHT — — ANN DID THIS.

PAT WAS OUR LAUNDRESS.
SHE ALSO ANSWERED DOOR AND PHONE.

AS YOU CAN SEE , JANE KEPT
THE UPSTAIRS SPICK AND SPAN.

HOUSE PROJECTS WERE CHOSEN
BY OUR FAMILY MEMBERS AS A
LEARNING EXPERIENCE AND ALSO
TO IMPROVE THE HOUSE.

SECTION II

Red-Haired, Shy Young Lady Was First Of 18 Children Residing In HE House

Red hair in tiny ringlets, a rather quiet and shy manner and a tendency to call all the home economic girls "mama"—that was Barbara, the first long-term practice baby in Tech's Home Management house.

Barbara Hinsley, the first of 18 babies to be kept in the house, was brought to Sannie Callan, present head of the department of child development and family relations, in 1935, when Miss Callan was in charge of the Home Management house. The baby was only two weeks old, but already had a winning smile that was to make everyone in the house love her.

Barbara, whose mother died in child-birth, stayed in the house for two years, longer than any other home management baby, and was then given a home by a distant relative, Mrs. J. N. Bryan of Bledsoe. She later went to live with her father, and attended Lubbock High school. Today, she is a happily married young woman, living in Lubbock.

Free Medical Service

Originally, Barbara found her way to the Home Management house through Dr. M. C. Overton, retired Lubbock physician. Doctor Overton offered to give Barbara free medical service if the house would keep her. This offer began a life-long job for Doctor Overton, for he still gives complimentary medical service to home management babies.

The present baby is quite a contrast to Barbara; he is a husky young man three-months-old. He is Floyd Hollis Riley, son of Mr. and Mrs. Dub Riley of Lubbock. The baby's father is an animal husbandry major and his mother is a former Tech student.

Child Of Techsians

For a number of years the Home Management house has kept a baby of Tech students who need financial assistance to finish school. The parents are allowed and urged to come to see their baby each day, according to Lola

Drew, present head of the house. In addition, the parents keep the baby on each weekend and during official holidays.

"We just try to get a normal healthy baby," said Miss Drew, "and evidence of this fact is that the Home Management house has never had a sick baby."

Through this course, the baby gets a good home and seven young coeds taking the course get valuable practice in taking child of a child.

FRESHMAN WOMEN HONORED—Freshman women home economics students were honored Thursday with a tea given Clewell, associate professor of home economics education. Above, left to right are Kate Leatherwood, freshman from McKinney; Marie Lewis, senior from Anton; Miss Geraldine by Phi Upsilon Omicron, honorary home economics society, and Rebecca Coales, freshman from Colorado City.

But They Love It!

Male Tyrannizes Tech Women; Is Treated As Honored Guest

By PAT EDWARDS
Toreador Society Editor

A male tyrant has gained control of seven Tech women. The women report that he has moved in with them and refuses to leave.

He pays no board but expects to be treated like the highest paying guest. The girls say the little man is a pitiful case, since he is unable to walk and they must roll him or carry him in their arms from place to place. However, they feel that the demands he makes upon their time are not unreasonable.

Hysterical Fear

Because of his almost hysterical fear of being left alone, he insists that someone be within calling distance of him at all times, and even demands that one woman sleep in the room with him at night. He expects his breakfast to be served to him promptly at 6 a.m. each day with not one, but two mid-day snacks, one at 10 a.m. and one at 2 p.m.; with dinner promptly at 6 p.m. Then he orders another meal to tide him through the night on the stroke of 10 p.m. He refuses to eat the same food as the girls and insists on having a specially prepared menu.

Since he is unable to do it himself, he orders one of the girls to bathe him twice a day. Fortunately, the girls say, he sleeps a lot;

but when he awakens, he wants someone with him to keep him amused at all times. If the girls displease him, he flies into such a towering rage that they are willing to do anything he wants in order to stop his completely uncivilized screams of anger.

Blue Eyes

However, the girls say they don't mind too much, for this tyrant has brown hair and blue eyes, weighs eleven pounds and is almost three months old. This tiny monarch is Floyd Hollis Riley, and he is the baby who is staying in the home management house. The girls he rules are seven senior home economics students, who are living in the house for eight weeks. They are Elizabeth Schovajsa from Littlefield, Ann Covington from Crosbyton, Mary Ann Jones from Tahoka, Velma Ruth Howell from Tahoka, Jane Foster from Bowie, Pat Finley from Hale Center and Claudyne Young from Lubbock.

Floyd is the son of Mr. and Mrs. Dub Riley, 4903 22nd. Riley is a senior Tech agricultural student who will graduate this January.

Drew, Supervisor

A baby is kept at the home management house every semester under the supervision of Miss Lola Marie Dr w, home management house advisor. Parents contact the house and request to have their baby kept. The baby chosen is usually the child of Tech students who don't mind help in caring for the infant. The parents see their baby every night for about an hour and they take him home on weekends.

See MALE TYRANNIZES, Page 5

Male Tyrannizes —

(Continued from page 2)

The girls in the house take turns caring for the baby. Each girl is in complete charge of him for eight days during the eight weeks she lives in the house. Floyd, they say, already has developed very definite likes and dislikes; one of his big likes is attention. However, they add, he is a very good baby, who has learned to recognize their voices and greets each girl with a big smile. Evidently, in Floyd's opinion, having seven mothers is "no bad deal."

I MUST SAY SO LONG.
I HAVE COME TO THE
END OF MY STORY. IT WAS SO
NICE TO MEET YOU!
