To the Sweetest Girl in the World: -

Another disappointment. I had planned to go to ranch with Shirley & Evelyn if they were not too crowded and return on train to-morrow, but have a case I can't leave. It disappoints me so much for darling girl, I do want to see you so badly.

I have just a minute to drop a line to send by Evelyn and so many things I want to tell you & no time to write on acct of sick people calling.

Your letters were so sweet & good but dear girl I want to talk to you about this House proposition and many other things. The boys get home Sunday. Write me if possible just when you are convenient. Hastily but with a world of love.
yours M.C.
