SID W. RICHARDSON FT. WORTH NAT'L BANK BLDG. J. R. Sharp - J. J. Stallings "B" Hockley County, Texas I have received a letter from Mr. Kilgore stating that the litigation involving the minerals under Tract 34, Bob Slaughter Block, Hockley County, Texas was terminated in favor of the Slaughters, therefore, we enclose herewith in duplicate Division Order showing Mrs. Slaughter's interest as 1/4 of 1/2 of 1/8 and Mr. Slaughter's as 3/4 of 1/2 of 1/8. Will you please secure their signatures to the original of this Division Order and return same to us at your convenience. Upon receipt of signed Division Order we will make the payment to the Slaughters for the amount which we have been holding in suspense pending the outcome of this litigation. With kind personal regards, I am Sincerely,

M. B. IBIG

SID W. RICHARDSON INC. 2105 FORT WORTH NATIONAL BANK BLDG. FORT WORTH 2, TEXAS April 21, 1945 #1070 - R. L. Slaughter, Jr. Hockley County, Texas Mr. Ira Wills P. O. Box 525 Levelland, Texas Dear Ira: On February 15 I wrote Mr. Slaughter in your care enclosing release covering payment of the \$15,000.00 oil payment under the Geo. T. and Minnie Slaughter Veal lease. We have not received the duly executed release and shall appreciate your calling this to Mr. Slaughter's attention the first time you have an opportunity, as we would very much like to secure this release and have it placed of record. Yours very truly

SID W. RICHARDSON

FT. WORTH NAT'L BANK BLDG. FORT WORTH, TEXAS

February 15, 1945

#1070 - R. L. Slaughter, Jr. Hockley County, Texas

Mr. R. L. Slaughter, Jr. c/o Mr. Ira Wills
P. O. Box 525
Levelland, Texas

Dear Mr. Slaughter:

It has been called to our attention that there is no release of record showing payment of the \$15,000.00 out of 1/4 of 7/8 of the oil and gas produced under the Geo. T. and Minnie Slaughter Veal lease of date July 2, 1937.

Accordingly, we have had Mr. Tarlton prepare for signature of you and Mrs. Slaughter the enclosed instrument of release and if same meets with your approval we ask that it be signed and acknowledged before a Notary Public and returned to us at your early convenience. The duplicate of this instrument is for your files.

With kind regards, I am

Sincerely,

M. E. PERRY

P.S. Mr. Richardson left today for the Westward-Ho at Phoenix, Arizona - I thought you might be interested.

STATE OF TEXAS X KNOW ALL MEN BY THESE PRESENTS:

Whereas, in that certain oil and gas mineral lease of date July 2,1937, recorded in Volume 6 page 493 of the Oil and Gas Lease Records of Hockley County, Texas, from Geo. T. Veal and wife, Minnie Slaughter Veal, as Lessors, to S.W. Richardson, as Lessee, said Lessors reserved a Fifteen Thousand (\$15,000.00) Dollar oil payment payable out of one-fourth(1/4) of seven-eighths(7/8) of the oil and gas produced under said lease from the land covered by said lease; reference to which lease is here made, and,

Whereas, by written instrument of date August 28,1941, recorded in Volume 60 pages 537 to 539 of the Deed Records of Hockley County, Texas, said Geo.T. Veal and wife, Minnie Slaughter Veal, transferred and conveyed said oil payment, above referred to, to the Undersigned, R.L. Slaughter Jr., and wife, Sue Alice Slaughter; reference to which instrument is here made.

Now, therefore, the undersigned, R.L. Slaughter Jr., and wife, Sue Alice Slaughter, the owners and holders of said oil payment, above referred to, for and in consideration of the payment in full of same to them by said S.W.Richardson, receipt of which is hereby acknowledged, do hereby declare said oil payment fully paid, satisfied and discharged, and do hereby release all rights, title, interest and liens on said 1/4 of said 7/8ths.of said oil and gas securing the payment of said oil payment; and do hereby transfer, assign and convey unto said S.W.Richardson all rights, title and interest reserved in said oil and gas mineral lease of date July 2,1937, above referred to, in connection with said oil payment.

February, 1945. Witness our hands this theday of
State of
County of
Before me, the undersigned authority, a notary public in and for said County and State, on this day personally appeared R.L. Slaughter Jr. and wife, Sue Alice Slaughter, both known to me to be the persons whose names are subscribed to the foregoing instrument, and acknowledged to me that they executed the same for the purposes and consideration therein expressed, and the said Sue Alice Slaughter, wife of the said R.L. Slaughter Jr., having been examined by me privily and apart from her husband, and having the same fully explained to her, she, the said Sue Alice Slaughter, acknowledged such instrument to be her act and deed, and she declared that she had willingly signed the same for the purposes and consideration therein expressed, and that she did not wish to retract it.
office this the day of February, 1945.

September 9, 1943

Mr. Ira Wills Levelland, Texas

Dear Ira:

Your letter of September 2 has not been answered sooner because I have been doing a little plain and fancy fishing on St. Joseph Island.

You are correct in your statement that we made the deduction of .05% per barrel before figuring the value of the oil, however, since some of the companies prefer to have this deduction made separately, as we have been doing in the past, we will return to that method effective with statements for the month of August. The net amount, as you know, is the same as heretofore, except that the 1% deduction for shrinkage has been eliminated.

With best regards, I am

Sincerely,

M. E. PERRY

Roy H, King Company 1308 First National Bank Bldg. Dallas, Texas

Gentlemens

As requested by you in our telephone conversation today, I enclose herewith our check No. 2657 made payable to the order of Collector of Internal Revenue, in the amount of \$1029.65, being balance due on the gift tax deficiency of Sue Alice Slaughter. This amount will be deducted from proceeds due R. L. Slaughter, Jr. covering oil run to his credit for the month of March, 1943.

It is understood that you will ask the Collector to write us a letter stating that this account has been paid in full and releasing us from making any further deductions therefor.

Very truly yours,

M. E. PERRY

February 19, 1943

Mr. Ira Wills Levelland, Texas

Dear Ira:

Enclosed herewith are the two copies of Form 1099 which you mailed to us along with your letter of February 16, 1943, and also your adding machine tape showing money paid to R. L. Slaughter, Jr. and Sue Alice Slaughter for their interest in leases operated by S. W. Richardson and for the year 1942.

We believe the difference you speak of in your letter to be money paid to R. L. Slaughter, Jr. and Sue Alice Slaughter for their interest in oil run from the Delta Drilling Co. - R. L. Slaughter "A", "B", "C" and "D" leases and also from the Uscan Drilling Co. - F. M. Watkins lease. We hope that this information will enable you to balance your records against ours.

Best personal regards.

Very truly yours

M. E. PERRY

Re: Purchases Uscan Drilling Company
F. G. Watkins Lease
Hockley County, Texas

Mr. Ira Wills Levelland, Texas

Dear Ira:

At Mr. Slaughter's request I hand you herewith
Division Order and Oil Purchase Agreement covering the Uscan
Drilling Company F. G. Watkins lease, described as the

East 80 acres of Tract 6, Bob Slaughter Block.

These are for your files.

Have you got any of my Scotch left?

Sincerely yours,

M. E. PERRY

SID W. RICHARDSON

FT. WORTH NAT'L BANK BLDG. FORT WORTH, TEXAS

December 3, 1941

Mr. Ira Wills Levelland, Texas

Dear Ira:

Your letter of December 1 in connection with dates of tax payments made for Mr. and Mrs. Slaughter.

These dates and amounts are as follows:

1/3/41	\$ 500.00
1/ 3/41 5/ 5/41 5/28/41	500.00
5/28/41	500.00
/ 3/41	500.00
3/21/41	750.00
8/41	750.75
	\$ 3500.75

Credit 11/15 1000.00

Balance Due \$ 2500.75

The .75¢ represents a bank collection charge on the draft given by Roy King, therefore, is a proper charge to this account.

I agree with you that we did have one swell trip to College Station but unlike you I have no money with which to purchase Scotch.

Yours very truly,

M. F. FERRY

COUNTY OF HOCKLEY

OK fers 40 rods

That for and in consideration of the sum of Nine Hundred Sixty-nine and 88/100(\$969.88)Dollars to the Undersigned, R.L. Slaughter Jr., and wife, Sue Alice Slaughter (herein styled Grantor, whether one or more) cash in hand paid, receipt of which is hereby acknowledged, the said Grantor does hereby grant, sell and convey unto Richardson Pipe Line Company, a corporation, (herein styled Grantee), its successors and assigns, the right of way and easement to construct, maintain and operate pipe lines and appurtenances thereto, and to construct, maintain and operate telegraph and telephone lines in connection therewith, together with the necessary poles, guy wires and anchors, over and through the following described lands situated in Hock-ley County, Texas, towit:

The following Tracts out of the Maverick County School Lands and out of the Zavalla County School Land, all being in the Bob Slaughter Block in Hockley County, Texas, namely:

1	TRACT		RODS
	7 8 19 20 21 South 1/2 of 23 24 25 27 West 1/2 of 29 33 40		92.5 116. 68. 179. 7. 25. 88.5 236. 92. 93. 181.

Mr. Ira Wills Box 525 Levelland, Texas

Dear Ira:

For pipe line purposes, it becomes necessary for Richardson's office to get a statement out of the Federal Land Bank as to the status of the following leans:

Tracts 19 and 20 Tract 52 Also Tracts 40, 53 and the W/2 of 54,

so please check your records and write me whether or not the Federal Land Bank is sending statements in my name, as owner of these tracts, or in whose name the Federal Land Bank does carry these tracts at present.

It is necessary for the owner to instruct the Bank to give out any information concerning these loans, therefore, I presume I shall have to write these instructions myself.

Please get this to me by return mail in care of the hotel.

Yours very truly,
RhStaughter Jo

SID W. RICHARDSON FT. WORTH NAT'L BANK BLDG. FORT WORTH, TEXAS January 20, 1941 Mr. Ira Wills Levelland, Texas Dear Ira: I seem to remember having called the Union Bank & Trust Company with reference to the \$15.58 check covering Mrs. Slaughter's runs for the month of March, 1940, but do not now recall just what disposition was made of the matter. Since we find that this check has never been cashed by anyone, we are forwarding to you a duplicate thereof, and are today instructing the Fert Worth National Bank to stop payment on the original check which was dated April 15, 1940. We want to thank you very kindly for calling this matter to our attention so that your records may be in agreement with ours, and if your audit discloses any further items of this or any other nature which we may help you clear up, please do not hesitate to call on use With kind regards, I am Sincerely yours,

Mr. Ira Wills Levelland, Texas

Dear Mr. Wills:

We return herewith Lubbock National Bank oil rental account check No. 296 in the sum of \$60.50, being annual lease rental on 121.5 acres out of Tract 10 of the Bob Slaughter Block, Hockley County, Texas, same having been deposited by the Tidewater Associated Oil Company. You will note Mr. Richardson has endorsed this check to Mrs. Slaughter.

I am sorry that this matter has been delayed, however, Mr. Richardson has been out of the city and the check and your letter have been held on my desk pending his return.

Yours very truly,

M. E. PERRY

Richardson Oils, Inc. Leases #127 Sue Alice Slaughter (Tr.#59) (Tr.#58) #120 " n nan #122 A. E. Coe

Mr. Ira Wills Levelland, Texas

Dear Sir:

I talked with Mr. Slaughter on the telephone here yesterday regarding division orders which we were preparing for signature covering oil being sold to Motor Fuels Corporation from the subject leases, and, since he expected to leave Fort Worth this morning for Lubbock, he asked that when the division orders had been completed they be mailed to you.

Accordingly we enclose division orders in duplicate covering each of the captioned leases and ask that, if their respective interests are correctly shown, you kindly secure the signatures of both Mr. and Mrs. Slaughter to the original of each of these instruments and return same to us, retaining the duplicates of our division orders so that you may have same for ready reference if they are ever needed.

After it has been signed by both Mr. and Mrs. Slaughter it will be very much appreciated if you will also secure the signatures of J. P. Cole and the Sundown Independent School District to the division order covering Tract #58.

Thanking you and with best regards, I am

GENERAL OFFICES - FORT WORTH E. W. SAMPSON S. J. SCARBOROUGH SID W. RICHARDSON, INC. SUPERINTENDENT CHIEF CLERK DISTRICT OFFICE MONAHANS, TEXAS December 9, 1947 Mr. Ira Wills Hilton Hotel Lubbock, Texas Dear Ira:-I hope you will be thinking about the road situation, in the event we do drill more wells in the Slaughter Area. Thats why I told Eddie to call you, also suggested that he see Mr. Lee, which he said he did. If you should see Eddie I wish you would talk with him about what you think the best arrangement. I don't know what the plans are, we did however stake one location on Tract No. 27. I'll see you as soon as I get to Lubbock. Yours very truly, E.W. Sampson EWS/sis

SERVICE

THE STATE OF TEXAS)

Whereas, by deed dated November 13, 1937, filed on November 20, 1937, and recorded in Volume 46, page 119, of the Deed Records of Hockley County, Texas, Mrs. L. B. Todd, a widow, of Marion County, sold and conveyed to Geo. S. Berry, of Lubbock County, a one-sixteenth (1/16th) undivided royalty interest in and to all the oil, gas and other minerals in and under, and that may be produced from the hereinafter described land, situated in Hockley County, Texas.

And whereas, it was agreed in said deed that the interest thereby conveyed to the grantee consists of one-half (1/2) of the royalty asually retained in the standard Texas form Lease Contract to which deed and the record thereof, reference is here made, for the terms and conditions contained in it.

above named was then and still is a licensed practicing attorney at law, and at such time and long prior thereto was the attorney for R. L. Slaughter, Jr., and the title to said property was taken by the said Geo. S. Berry at said time as such attorney to be by him held in trust for the use and benefit of the said R. L. Slaughter, Jr., which property has since the acquisition thereof been at all times so held, and for the services as such trustee the said Geo. S. Berry hereby acknowledges the payment to him in full for his services so performed.

And whereas it is the desire of the said Geo. S. Berry, grantee in the deed above named, to convey such interest as is held by him by virtue of the above described deed to R. L. Slaughter, Jr.

Now, therefore, know all men by these presents that Geo. S. Berry, of Lubbock County, Texas, has granted, bargained, sold and conveyed and does by these presents hereby bargain, grant, sell and convey to R. L. Slaughter, Jr. of Tarrant County, Texas, the equal one-sixteenth (1/16th) royalty on all oil, gas and

other minerals on, in and under, and that may be produced from the following described lands, situated in Hockley County, Texas, to wit:

All of the North 1/2 of Tract 23 of the Bob Slaughter block, as per plat of said block, as the same is of record in the office of the County Clerk of Hockley County, Texas, containing 60.75 acres of land, together with the right of ingress and egress at all times, for the purpose of storing, treating, marketing and removing the same therefrom,

it being understood and agreed that the interest hereby conveyed to grantee consists of a one-half (1/2) of the royalty usually retained in the standard Texas form Lease Contract, and being all and the same interest conveyed to the said Geo. S. Berry by Mrs. L. B. Todd, a widow, in that said deed hereinabove referred to, which is recorded in Volume 46, page 119, Hockley County Deed Records.

The above described lands are now under, embraced in and covered by an oil and gas lease of record in Volume 8, page 45, 0il and Gas Lease Records of Hockley County, Texas, which said lease is now held and owned by the Delta Drilling Company, as is evidenced by an Assignment of record in Volume 53, page 381, of the Deed Records of Hockley County, Texas, and it is understood and agreed that this sale and conveyance is made subject to said lease, but covers and includes the equal one-half (1/2) part of all the royalty on oil, gas and other minerals due and to be paid under the terms of said lease.

In the event the above described lease for any reason becomes terminated, cancelled, or forfeited, the said R. L. Slaughter, Jr. shall nevertheless continue to hold and own the interest herein conveyed.

Oil and gas is now being produced from said land, and the said R. L. Slaughter, Jr. is now, and shall, by virtue of this deed, be at all times in the future entitled to receive a full one-sixteenth (1/16th) portion of all of the oil, gas and other minerals that may be produced from said premises and delivered to the credit

of said vendee herein, free of cost, into the pipe lines or other receptacles into which said minerals are delivered.

This sale is made in consideration of the payment to me heretofore made for services performed as Trustee, and Ten Dollars (\$10.00) cash to me in hand paid by the said R. L. Slaughter, Jr., the receipt of which is hereby acknowledged.

To have and to hold the above described property together with all and singular the rights and appurtenances thereunto in anywise belonging unto the said R. L. Slaughter, Jr., his heirs, successors and assigns forever, and I do hereby bind myself, my heirs and legal representatives to warrant and forever defend all and singular the said property unto the said R. L. Slaughter, Jr., his heirs and assigns forever, against every person whomsoever lawfully claiming, or to claim, the same or any part thereof by, through or under me.

Witness my hand this, the 23rd day of February, 1942.

The State of Texas, County of Lubbock

Before me, the undersigned, a Notary Public in and for said County and State, on this day personally appeared Geo. S. Berry, known to me to be the person whose name is subscribed to the foregoing instrument, and acknowledged to me that he executed the same for the purposes and consideration therein expressed.

Given under my hand and seal of office this the 23rd day of February, A.D. 1942.

Notary Public in and for Lubbock County, Texas

THE STATE OF TEXAS
COUNTY OF HOCKLEY

Whereas, as is evidenced by an Oil and Gas Lease, dated March 25, 1938, of record in Volume 8, page 45, of Oil and Gas Lease Records of Hockley County, Texas, Mrs. L. B. Todd, a widow, did convey unto Geo. S. Berry an Oil and Gas Lease in and upon the hereinafter described land.

and whereas an Assignment of said Oil and Gas Lease was made by the said Geo. S. Berry to Geo. Etz, which said Assignment is of record in Volumes 53, page 379, of the Deed Records of Hockley County, Texas, wherein the said Geo. S. Berry reserved unto himself and excepted from such Assignment an overriding royalty to the extent of one-eighth (1/8th) part of all oil which may be produced and saved from said premises under and by virtue of the lease above mentioned, delivery of such oil to be made free of cost to the credit of assignor, or into pipe lines to which said wells may be connected, and on dry gas or casinghead gas marketed one-eighth (1/8) part of the net proceeds, etc. until there had been paid to him the sum of \$18,225.00 out of the one-eighth (1/8th) part of the oil produced and saved therefrom, to which instrument and record thereof reference is here had.

And whereas, Geo. S. Berry, the grantee in the Oil and Gas Lease above named, was then and still is a licensed practicing attorney-at-law, and at such time and long prior thereto was the attorney for R. L. Slaughter, Jr., and the title to said property was taken by the said Geo. S. Berry at said time as such attorney to be by him held in trust for the use and benefit of the said R. L. Slaughter Jr., which property has since the acquisition thereof been at all times so held, and for the services as such trustee the said Geo. S. Berry hereby acknowledges the payment to him in full for his services so performed.

And whereas it is the desire of the said Geo. S. Berry to transfer and convey all of the said overriding royalty so reserved to him, by virtue of the aforesaid transfer and assignment, to R. L. Slaughter, Jr.

Now, therefore, know all men by these presents, that Geo. S. Berry of the County of Lubbock, Texas, has granted, bargained, sold and conveyed and does by these presents bargain, grant, sell and convey unto the said R. L. Slaughter Jr. of Tarrant County, Texas, the equal one-eighth (1/8th) royalty on all of the oil and gas on, in, under, and that may be produced from the so described land situated in Hockley County, Texas:

Being all of
The North 1/2 of Tract 23 of Bob Slaughter
Block, according to the map or plat thereof
on record in Volume 1, page 5, of the Plat
Records in the office of the County Clerk
of Hockley County, Texas, containing 60.75
acres of land,

until there shall have been paid to the said R. L. Slaughter, Jr. the sum of \$18,225.00, the same being the whole of that royalty reservation contained and made in that Assignment of the Oil and Gas Lease hereinabove described.

This sale is made for and in consideration of the sum of Ten Dollars (\$10.00) cash in hand paid to the vendor herein by the vendee, the receipt of which is hereby acknowledged.

together with all and singular the rights and appurtenances thereunto in anywise belonging unto the said R. L. Slaughter, Jr., his heirs, successor, assigns forever, and I do hereby bind myself, my heirs and legal representatives to warrant and forever defend all and singular the said property unto the said R. L. Slaughter, Jr., his heirs, successors and assigns against every person whomsoever lawfully claiming or to claim the same or any part thereof by, through or under me.

THE STATE OF TEXAS) COUNTY OF LUBBOCK)

Before me, the undersigned, a Notary Public in and for said County and State, on this day personally appeared Geo. S. Berry, known to me to be the person whose name is subscribed to the foregoing instrument, and acknowledged to me that he executed the same for the purposes and consideration therein expressed.

Given under my hand and seal of office this, the 23rd day of February A.D. 1942.

THETEXASCOMPANY TEXACO PETROLEUM PRODUCTS CRUDE OIL PURCHASES AND SALES DIVISION HOUSTON 1, TEXAS J. C. EDWARDS, MANAGER W. L. EWELL, ASSISTANT MANAGER November 21, 1951 8-16 Alewine Lease Hockley County, Texas Mr. R. W. Alewine Hedley. Texas Dear Mr. Alewine: We have your letter of November 9, 1951, with reference to payment for oil run from the subject property. In reviewing our file, we find that you and your wife were credited on our division order with a 1/8 of 1/8 interest, Mrs. Sue Alice Slaughter with a 1/32 of 1/8 interest, and R. L. Slaughter, Jr., with a 3/32 of 1/8 interest. These interests have been retained in suspense because we have never received division order executed by each of you. Various attempts have been made to procure the signatures of you, your wife, Mrs. Sue Alice Slaughter and Mr. R. L. Slaughter, Jr.; however, to date we have not received executed division order. We are enclosing our prescribed form of division order, effective as of December 18, 1941, for execution by each of you, before subscribing witnesses - two for each signature. These accounts have been in suspense for a considerable length of time and it is our desire to pay the funds presently impounded on our books just as soon as we have received the executed division order. THE TEXAS COMPANY

Until further written notice you are authorized, for your own account, to receive such oil into your possession or the possession of any person or corporation designated by you, the oil so received to be run and measured in accordance with customary pipe line rules and regulations including those of the governmental agency having recognized jurisdiction over or control of the production and handling of crude oil in such area. You or your nominee will receive only oil which, in your exclusive opinion or that of your nominee, is merchantable and you may require well owners to treat or steam any unmerchantable oil at well owners' expense, before acceptance hereunder.

The oil run hereunder shall, on the terms herein stated, become your property immediately upon being received into your possession or the possession of your designated nominee; and you agree to receive the oil run hereunder and, subject to the further provisions hereof, to pay the respective owners therefor according to the division of interest herein indicated, at your posted per barrel (42 gallons) field price for similar crude prevailing for the field where produced on the date of each respective run, or, if you do not post a price for such oil, the price to be paid shall be an agreed price, settlements and payments to be made monthly by your check mailed to the respective persons interested at the addresses given herein, provided, however, that you may, at your option, hold without interest, and remit semiannually for the aggregate of six months' accumulation of monthly accruals of amounts less than \$2.00.

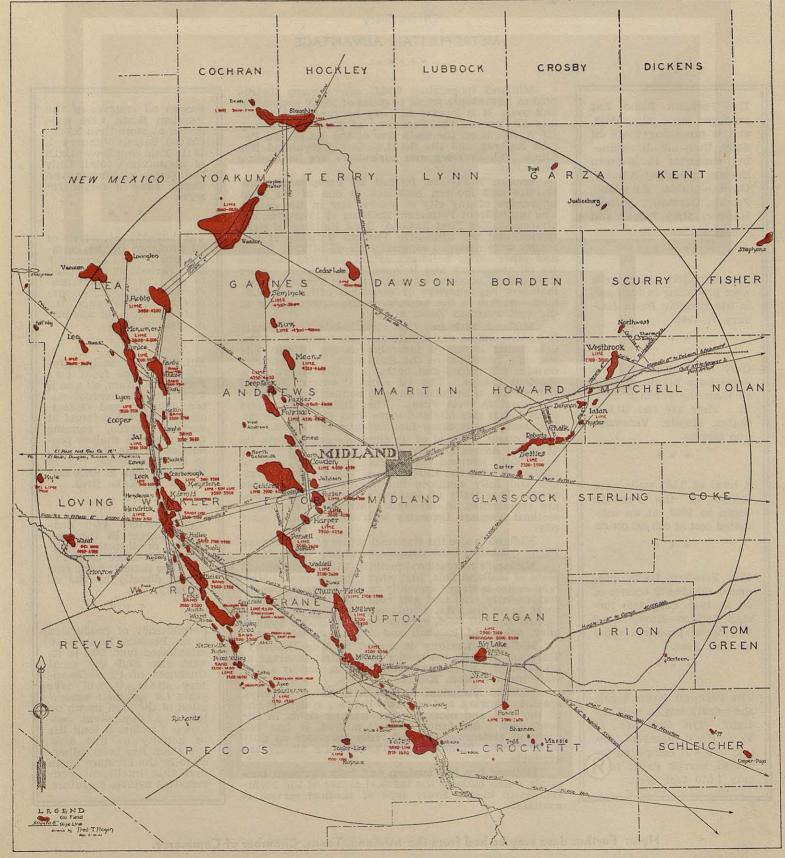

Each of the undersigned hereby (1) warrants and guarantees the title to the oil credited to him according to the division of interest herein indicated as well as all interests in oil produced from said lease or farm hereafter acquired by him, (2) agrees to furnish an abstract of title, and (3) in case of an adverse claim or claims to the oil run to his credit or any part thereof or to the land from which the oil run to his credit is produced, agrees to furnish indemnity satisfactory to you against all adverse claims, and hereby authorizes you to retain the purchase price without any obligation to pay interest on the amount so withheld until the required indemnity shall have been furnished or until the dispute as to the ownership of the oil involved is settled. The Texas Company is hereby relieved of any responsibility for determining when any of the interests herein set forth shall revert to other parties as a result of the completion or discharge of money or other payments from said interests. It is understood that any vendee or assignee of any interest in said wells, or the production thereof, shall take subject to the terms hereof and you shall not be bound by any sale or assignment of any interest in said wells, or the production thereof, until written notice thereof shall be furnished you, in the form of the original or a certified copy of the instrument by which said sale or assignment was made.

The word "OIL" as used herein shall be defined to include all liquid hydrocarbons purchased hereunder. WITNESSES: OWNERS: R. M. Alerine and wife, Minnie

West Texas-New Mexico Permian Basin

As of January 1, 1941

Circle indicates 100-mile radius from Midland

The area shown in the above map is approximately 53,505 square miles, or an area larger than the entire State of Pennsylvania.

The Permian Basin produced over one and a quarter billion (1,372,122,-554) barrels of oil since commercial discovery in 1920 up to Jan. 1, 1941.

MIDLAND, TEXAS

Headquarters of the Permian Basin

Offers Every

METROPOLITAN ADVANTAGE

* * * *

The Permian Basin has produced more oil to date, and is producing more oil daily, than all oil producing countries in Western Europe, including Albania, Czechoslovakia, England, France, Germany, Austria, Hungary, Italy, Poland and Rumania.

Approximately 15,310 wells were producing in 142 pools in the Permian Basin January 1, 1941.

Only four nations of the world have produced more oil than the Permian Basin. They are the United States, Russia, Venezuela and Mexico.

A total of 2,557 wells were drilled in the Permian Basin in 1940, at an estimated cost of \$80,000,000.00.

The Permian Basin produced 121,859,972 barrels of oil in 1940. Only two foreign nations—Russia and Venezuela—produced more oil that year.

* * *

The Permian Basin boasts the world's largest well initially—The Ohio No. 30 Yates. In September, 1929, this well was completed for 204,681 barrels daily. It is only 1,070 feet deep. Midland (population 9,352) offers many metropolitan advantages found in cities of 50,000 population and over. It is located halfway between Fort Worth and El Paso on the Broadway of America Highway (U. S. 80), is on the main line of the Texas and Pacific Railway and the Southwestern Greyhound Bus Lines. Oil, livestock and agriculture are its leading industries.

Midland's skyline, formed by exceptionally attractive and modern buildings, is one of the most impressive of any city of similar size in the nation. The magnificent Petroleum Building of 12-stories, the air-conditioned First National Bank Building of eight stories, and the attractive Thomas Building of six-stories were designed especially for oil offices. These and other office buildings afford excellent facilities for oil companies and independent operators. More than 125 oil concerns operating in the Permian Basin maintain headquarters or divisional offices in Midland—making it the business headquarters center of the vast Permian Basin area.

Midland, with two first class hotels, is fortunate in having ample and excellent hotel facilities. Hotel Scharbauer is known favorably as one of the outstanding hostelries of the Southwest. Its six-stories contain 250 rooms and baths, a coffee shop and a spacious garage. The 100-room Crawford Hotel of four-stories, with coffee shop in connection, is one of the finest in West Texas. The Midland, Haley and other hotels give Midland more than 400 hotel rooms. Excellent tourist camp facilities also are available.

Midland is proud of its churches and schools, its beautiful homes and its civic life. Midland schools rank high, Midland high school having 55 units of affiliation with the University of Texas. Seven modern and fully equipped buildings house the school system. Practically all leading church denominations are represented in Midland. Attractive residential sections compare favorably with those of any other city.

Midland is also the financial center of the Permian Basin, combined bank deposits exceeding \$5,000,000.

Midland's recreational facilities include the \$60,000 plant of Midland Fair, Inc., where the far-famed Midland Rodeo is staged annually on the Labor Day weekend, country club and golf course with grass greens, three large theatres, tennis courts, swimming pools, lighted football field, gymnasium, city parks, bowling alley, polo field, baseball and softball diamonds, etc.

Midland's territory is served by The Reporter-Telegram, a daily newspaper giving first coverage of oil developments in the Permian Basin, and by a 250-watt radio station, KRLH.

Midland Municipal Airport, with paved runways, spacious hangars, and excellent lighting system, is one of the best and most popular landing fields in the Southwest. An Army Airways station, it has full crews of meteorologists and radio operators on duty at all times. Planes for commercial use always are available.

Midland has two modern and fully equipped hospitals which make it the medical center of the Permian Basin area. Every type of medical service is available.

Proven oil reserves of the Permian Basin were estimated at more than 3,375,-000,000 barrels January 1, 1941. This equals one-sixth of the nation's total. Only two states, California and Texas, show a larger reserve.

The 1,372,122,554 barrels of oil produced in the Permian Basin up to January 1 1941, exceeds by more than 15 per cent the total production of 986,631,000 barrels in Pennsylvania, the state in which oil was discovered in 1858.

Although the principal production comes from the Permian stratum, oil also is found in the Pennsylvanian, Silurian and Ordovician strata. Oil is found at various depths, ranging from the very shallow production in the Yates field to the Ellenberger pay of the Ordovician at 9,000 feet in the Big Lake field.

Approximately 450 concerns engage in the production of oil in the Permian Basin—more than 15,000 wage earners being employed directly by the oil industry.

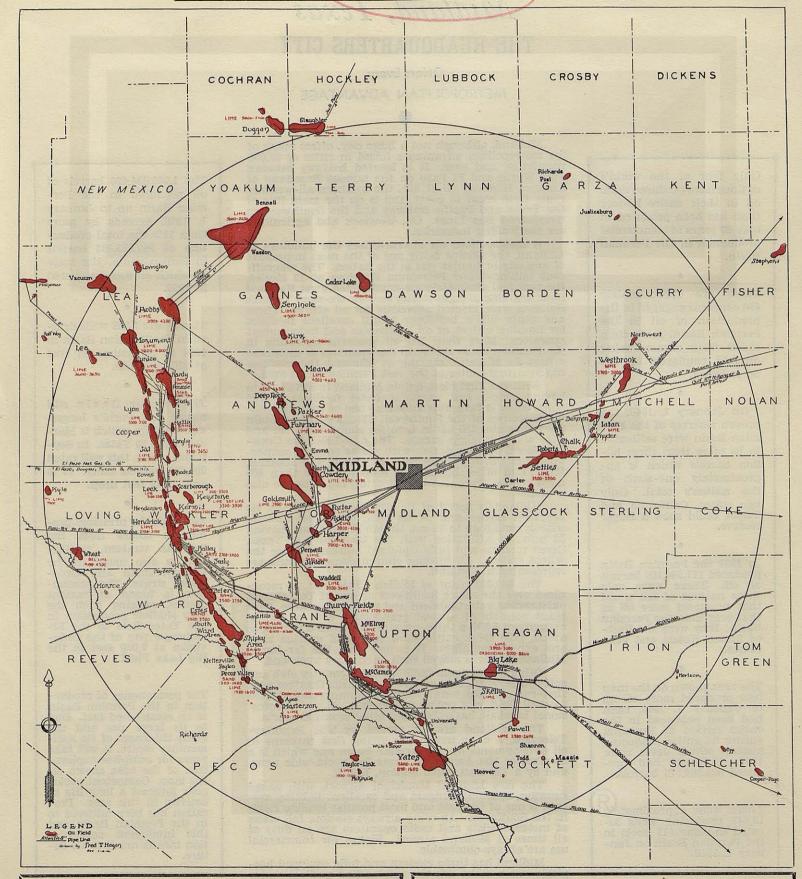

Permanency of production in the Permian Basin is an established fact. Due to its vast size and the great thickness of its sedimentary strata, it will take years for complete exploration of the area shown on the map. Competent geologists forecast a long life of activity in this area. Proration has been adhered to in the Permian Basin and this intelligent conservation assures its future.

Midland, Texas THE HEADQUARTERS CITY

Offers Every
METROPOLITAN ADVANTAGE

Only four of the world's nations have produced more oil in their entire history than has been produced in only 20 years of commercial production in the Permian Basin.

There are approximately 450 concerns engaged in the production of oil in the Permian Basin, more than 12,000 wage earners being directly employed by the oil industry.

On January 1, 1940, the proven reserves of the Permian Basin were estimated to be more than three billion barrels which is approximately one-sixth of the nation's total. Only two states, California and Texas, could show a larger reserve.

In 1939 the Permian Basin produced 117,564,100 barrels of oil. There were only three nations of the world that produced more oil in that year than the Permian Basin; they were the United States, Russia and Venezuela.

The area shown on the map had produced more oil up to January 1, 1940, than had been produced in the entire nation of Rumania during its entire producing history, which dates from 1857. Rumania had produced 874,356,176 barrels.

There were approximately 13,643 producing wells located in some 117 pools in the Permian Basin on January 1, 1940.

Midland, although not a large city, offers many of the metropolitan advantages found in cities of 50,000 population and over. It is located halfway between Fort Worth and El Paso on the famous Broadway of America Highway (U. S. 80), the southern all-weather route from coast to coast, and is on the main line of the Texas and Pacific Railway and the Southwestern Greyhound Bus Lines. Oil, livestock and agriculture are the leading industries.

A metropolitan air characterizes the buildings of Midland, the skyline being one of the most impressive of any city of similar size in the nation. The magnificent million-dollar Petroleum Building of 12 stories, the new and completely air-conditioned First National Bank Building of eight stories and the six-story Thomas Building were erected especially for oil offices. These and other office buildings afford excellent facilities for housing offices of oil companies and independent operators. More than 100 oil concerns operating in the Permian Basin maintain headquarters or divisional offices in Midland, making of Midland the business headquarters center of the vast Permian Basin area.

With two first class hotels, Midland is fortunate in having ample and excellent hotel facilities. Hotel Scharbauer is favorably known as one of the outstanding hostelries of the Southwest. Its six stories contain 250 rooms and 250 baths, a coffee shop known far and wide and a spacious garage. The new 100-room Crawford Hotel of four stories, with coffee shop in connection, is one of the finest in West Texas. The Midland, Haley and other hotels give Midland more than 400 hotel rooms. Excellent tourist camp facilities are also available.

Midland is proud of its churches and schools, its beautiful homes and of its civic life. The Midland schools rank high in Texas, Midland high school having 53 units of affiliation with the University of Texas. Seven modern and fully equipped buildings house the school system. All leading church denominations are represented in Midland.

The \$60,000 plant of Midland Fair, Inc., is recognized over the entire Southwest as one of Texas' most outstanding entertainment and exhibition plants. This plant consists of a steel grandstand with a seating capacity of 5,500, a three-quarter-mile race track, rodeo arena, polo field, cattle show barn and auction ring, and exhibit buildings. It is here that the far-famed Midland Rodeo is staged each Labor Day week-end.

Other recreational facilities are a country club and golf course with grass greens, three large theatres with first-run pictures, tennis courts, swimming pool, lighted football field, city parks, gymnasium, Class D professional baseball, basketball and other seasonal sports.

The Midland area is served by The Reporter-Telegram, a daily newspaper giving first coverage of oil developments in the Permian Basin and which is a member of the Associated Press for world-wide news, and by a 100-watt radio station, KRLH.

The new Midland Municipal Airport, with paved runways, spacious hangars and excellent lighting system, is one of the best and most popular landing fields in the Southwest. An army airways station, full crews of meteorologists and radio operators are on duty at all times at Midland airport. Planes for commercial use are always obtainable.

Midland has three modern and fully equipped hospitals which make this the outstanding medical center of this area, having every type of medical service.

The 1,260,034,426 barrels of oil produced in the Permian Basin up to January 1, 1940, exceeds by more than 12% the total production of 969,255,883 barrels in Pennsylvania, the state in which oil was discovered in 1859.

There were 2,393 wells drilled in the Permian Basin in 1939 at an estimated cost of \$80,000,000.00.

The Permian Basin still boasts the world's largest well initially, which is Marathon No. 30 Yates. In September, 1929, this well rated 204,681 barrels daily. It is only 1,070 feet deep.

Although the principal production comes from the Permian stratum, production is also found in the Pennsylvanian and Ordovician strata. The production is found at various depths, ranging from the very shallow production in the Yates field to the Ellenberger pay of the Ordovician at 9,000 feet in the Big Lake Field.

A metropolitan air characterizes the buildings of Midland, the skyline being one of the most impressive of any city of similar size in the nation. The magnificent million-dollar Petroleum Building of 12 stories, the new and completely air-conditioned First National Bank Building of eight stories and the six-story Thomas Building were erected especially for oil offices. These and other office buildings afford excellent facilities for housing offices of oil companies and independent operators. More than 100 oil concerns operating in the Permian Basin maintain headquarters or divisional offices in Midland, making of Midland the business headquarters center of the vast Permian Basin area.

With two first class hotels, Midland is fortunate in having ample and excellent hotel facilities. Hotel Scharbauer is favorably known as one of the outstanding hostelries of the Southwest. Its six stories contain 250 rooms and 250 baths, a coffee shop known far and wide and a spacious garage. The new 100-room Crawford Hotel of four stories, with coffee shop in connection, is one of the finest in West Texas. The Midland, Haley and other hotels give Midland more than 400 hotel rooms. Excellent tourist camp facilities are also available.

Midland is proud of its churches and schools, its beautiful homes and of its civic life. The Midland schools rank high in Texas, Midland high school having 53 units of affiliation with the University of Texas. Seven modern and fully equipped buildings house the school system. All leading church denominations are represented in Midland.

The \$60,000 plant of Midland Fair, Inc., is recognized over the entire Southwest as one of Texas' most outstanding entertainment and exhibition plants. This plant consists of a steel grandstand with a seating capacity of 5,500, a three-quarter-mile race track, rodeo arena, polo field, cattle show barn and auction ring, and exhibit buildings. It is here that the far-famed Midland Rodeo is staged each Labor Day week-end.

Other recreational facilities are a country club and golf course with grass greens, three large theatres with first-run pictures, tennis courts, swimming pool, lighted football field, city parks, gymnasium, Class D professional baseball, basketball and other seasonal sports.

The Midland area is served by The Reporter-Telegram, a daily newspaper giving first coverage of oil developments in the Permian Basin and which is a member of the Associated Press for world-wide news, and by a 100-watt radio station, KRLH.

The new Midland Municipal Airport, with paved runways, spacious hangars and excellent lighting system, is one of the best and most popular landing fields in the Southwest. An army airways station, full crews of meteorologists and radio operators are on duty at all times at Midland airport. Planes for commercial use are always obtainable.

Midland has three modern and fully equipped hospitals which make this the outstanding medical center of this area, having every type of medical service.

The 1,260,034,426 barrels of oil produced in the Permian Basin up to January 1, 1940, exceeds by more than 12% the total production of 969,255,883 barrels in Pennsylvania, the state in which oil was discovered in 1859.

There were 2,393 wells drilled in the Permian Basin in 1939 at an estimated cost of \$80,000,000.00.

The Permian Basin still boasts the world's largest well initially, which is Marathon No. 30 Yates. In September, 1929, this well rated 204,681 barrels daily. It is only 1,070 feet deep.

Although the principal production comes from the Permian stratum, production is also found in the Pennsylvanian and Ordovician strata. The production is found at various depths, ranging from the very shallow production in the Yates field to the Ellenberger pay of the Ordovician at 9,000 feet in the Big Lake Field.

The permanency of production in the Permian Basin is an established fact. Due to its large size and the great thickness of its sedimentary strata, it will take years for complete exploration of the area shown on the map. Competent geologists forecast a long life of activity in this area. Proration has been adhered to in the Permian Basin and this intelligent conservation means much to its future.

or descent and the Court being of the opinion that having due regard to the rights of each party, a division of said property in the following described manner will be just, right and equitable.

It is therefore ORDERED, ADJUDGED and DECREED that the Plaintiff, GEORGIA CAROTHERS, shall take the following described property as her separate property and estate:
