COMMON BUSINESS LAWS.

If a note is lost or stolen it does not release the maker; he must pay it if the consideration for which it was given and the amount can be proven.

Notes bear interest only when so stated.

Principals are responsible for the acts of their agents.

Each individual in a partnership is responsible for the whole amount of the debts of the firm, except in cases of a special partnership. The word "limited" in connection with a firm name, indicates that a limitation of responsibility for each member is fixed.

Ignorance of the law excuses no one.

An agreement without consideration of value is void.

A note made on Sunday is void, also one dated ahead of its issue. It may be dated back at pleasure.

Contracts made on Sunday cannot be enforced.

A note by a minor is void in some States, and in others it is voidable on judicial decision.

A contract made with a minor, or lunatic, is void.

A note obtained by fraud or from a person in a state of intoxication cannot be collected. It is a fraud to conceal a fraud. Signatures made with a lead pencil are good in law. The acts of one partner bind the rest.

"Value received" is usually written in a note, and should be, but it is not necessary. If not written it is presumed by the law or may be supplied by proof.

The maker of an "accommodation" bill or note (one for which he had received no consideration) having lent his name or credit for the benefit of the holder, is not bound to the person accommodated, but is bound to all other parties, precisely as if there was a good consideration.

No consideration is sufficient in law if it be illegal in its nature.

Checks or drafts must be presented for payment without unreasonable delay.

An indorsee has a right of action against all whose names were on the bill when he received it.

If the letter containing a protest of non-payment be put into the postoffice, any miscarriage does not affect the party giving notice.

Notes of protest may be sent either to the place of business or residence of the party notified.

HOW TO OBTAIN PATENT

Send model, drawing or photo of invention with description. We will then make a thorough search in the U. S. Patent Office and advise if patentable or not **FREE OF CHARGE.**

If we report invention patentable, we will back our judgment by our work, and keep an attorney's fee unless we obtain patent.

USUAL CHARGES:

First Government Fee	\$15
Patent Office Expenses	5
Final Government Fee	20
Attorney's Fee	25
	\$65

When patent issues, it will be published with drawing in the Patent Office Gazette, the largest patent publication in the world.
