"Dear Anna"

I presume a letter from you is on its way to me now - I left Leadville last Thursday at 3 P.M. rode Horseback 31 miles that afternoon up the next morning, and rode about 18 miles and got here about 10 P.M. pretty good for a green hand - took a good Hot Bath and feel all right. I will stay here until about the 26th or 28th then to Leadville and off again for Denver about July 10th. Did I tell you, that you would need some real summer clothing for Denver I don't know whether I mentioned that particularly - The weather in Denver will be about as warm as in New York expect it will be Hot during our summer.

visit of two weeks in Denver and
as we will want to get around
a good deal you will want one
^{or two} good summer dresses and ^{your traveling suit will probably see you ^{know} around}
you can wear for common ^{besides}
light summer underclothing and
a heavy suit for change. You will
find as much good style and
people in Denver, as anywhere or
in any city. Weather will be
pleasant when we return to Denver
for a month or so - and then it
will be a little cool - Bring ^{along}
just what good dresses you may
have and you can easily wear
them - Denver will be full of people
from the East, and Leadville will be
pretty lively after we return -
With Lots of Love to all
