Dear Sirs:

Your letter and new catalog arrived
with your usual prompt attention which is
something these days

I have enjoyed the catalog so much
especially page 7 Fitz's picture. He is a
very good friend of mine and I have pur-
chased plenty from him over the counter when
he sold guns at Iver Johnson's Sporting
Goods store at Boston.

My attention rested on the note at the
bottom of the ^{page}, especially the last paragraph
which was exactly what I did in my
former letter. On receiving your letter
in answer it merely said we are send-
ing you our new catalog you may order
from that.

What information I desired was prices
of Officers Belts no 45 finely carved natural
finish 1 1/4 wide instead of 1 1/2, No 47 plain
finish not stamped oiled. New catalog

page 41 price of belt like no 30 suitable weight
stock for dress belt 34 size also is River Belt
no 48 tan or black? oiled or natural?

Now we I am placing the order via
Air Mail for no 40 Officer's Belt finely carved
natural finish 1 1/4" wide size 36 enclosing
check to amt of 4.70 including postage
asking you to fill the order within the
10 day period if possible. If the cost of
this special order is more please advise
will remit the difference promptly

Thanking you again for the catalog
I remain,

Sincerely yours,

J.

Dear Sir:

We have your favor of November 8, relative to prices and time of delivery of two holsters and a belt. Under another cover, we are mailing you our latest catalog which shows all prevailing prices. The time of delivery would be approximately two weeks after receipt of order.

As to the Patridge target sights, will state that in ordering these holsters mention the fact that your gun has this sight, if there is any difference to be made in the construction of holsters, the same will be incorporated in its construction. However, in most cases no change will be necessary at all.

Dear Sir:

We wish to thank you for your order for three of our Holsters. Inasmuch as these are special barrel lengths, we thought before proceeding with order that it would be better to recheck with you on the same. Our holsters are made to order, and are not subject to exchange in case of a mistake on your part.

As we understand your order, you want one holster our #640 for Colt Police Positive 3" barrel. One holster #640 for Colt Official Police 3" barrel and one holster #612 for S & W .38 Special with 3-1/4" barrel. We assume that these barrel lengths are measured from the end of barrel to the cylinder and not to the gun frame.

To avoid any mistake, may we suggest that you trace around your gun and send us for pattern?

TO: Our Advertisers and their Agencies.

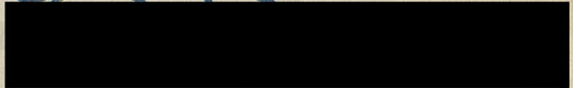

In transmitting the inclosed rate card, may we call your attention to these four important highlights:

1. Mechanical changes made necessary by a slight reduction in overall size of THE AMERICAN RIFLEMAN, effective with the February 1944 issue; to help meet the government's paper cut order.
2. A net increase in circulation made possible by elimination of "returns" from news stand sales -- your advertising in THE AMERICAN RIFLEMAN is now read by 70,000 paid in advance subscribers.
3. A net increase of 17,546 lines during the past year in advertising -- an increase that evidences the proven value of THE AMERICAN RIFLEMAN as an advertising medium.
4. No increase in THE AMERICAN RIFLEMAN advertising rates. (Current rates in effect since January, 1938.)

Standard Rate & Data has been notified of the mechanical changes above referred to. The inclosed rate card is for your information and file.

With appreciation of your friendly interest.

Dear Mr. Myers:

Your letter of July 7th to my Dad, C. L. Doady, certainly made me proud. I have looked forward to riding that saddle when it gets here.

Mr. Myers, you thought it would probably be sixty to ninety days and since you have never had any money on the saddle, I am sending you my check for \$135.00 to cover F.O.B. cost.

I want to thank you in advance for being so nice to oversee the making of my saddle. It is going to be everything I have wished for.

Dear Mr. Myres:

We sincerely appreciated your letter and your personal attention regarding Bill's order.

Please make #302 for Bill. He is now fourteen years old, but a good size sixteen. We think that a 14 inch tree will be large enough for him to use even after he is grown. He thinks he would like a 12 inch swell.

The price of \$135.00 is very agreeable, and since you didn't mention a deposit we will pay when we receive it, or if you bill us earlier. We do appreciate your attention.

Dear Mr. Myres:-

My son, Bill Bradley, has written you regarding a saddle. He has waited sometime until he was able to buy exactly the kind of saddle his grandfather rides... and that happens to be one of yours. It is No. 302 in the catalogue, the one with a blue back. We know that you cannot turn these good saddles out as fast as they are ordered, but we would like to place his order and will be glad to pay half of it down now as deposit.

If this can be done, please let us know the current price of the saddle and how much you would like paid down. W M Stovall is the boy's grandfather and he has bought your saddles for he and his children until they do not think there is any other made.

We thank you for your attention during these rushed times.

your \$10,000 saddle appears I believe
it is about 1940. You made my Grandfather
W. W. Storal one like no. 302 in 15 years
ago and he is still riding it. I have
ridden it some and I like it very much
I would like for you personally to make
me one just like that. I would also like
to have a pair of no. 7 spur leathers.

Dear Mr. Bradley:

We just have your letter, and also a letter from your son Bill, in regard to #302 Saddle. This is the saddle that he has selected and according to the Writer's judgment it is one of the best saddles that we make.

Owing to Government restrictions on leather and other materials, it takes from sixty to ninety days now to get out a saddle, and it is getting worse all the time as material is scarce and so good mechanics, but we will do our very best to get the saddle for Bill but it will take some delay which we hope will be no disappointment for him, as we stated above it is simply hard to get leather, trees and other materials.

The price of #302-Saddle is now and has been for a long time \$135.00. Would you please advise us about what size he is, so we can order a tree that would fit. We have to keep in mind that he will be growing all the time, and the saddle that he has in mind will last him from ten to twenty years.

As soon as we hear from you, we will order the tree and will do our very best to get him a saddle that will please, and the Writer will supervise the work personally.

Let's get down to **FACTS,**
My Friend...

HERE IS WHAT YOU WANT--

You want merchandise to sell — good merchandise at the right prices. Above all, you want a source of supply that you can depend upon to see you thru this emergency period.

And here is what I offer you--

I'm going to be frank with you. I've got the same problems that you have. However, I've been manufacturing leather goods for some 30 years and I've always found some way of meeting emergencies. I'm taking care of my customers now just as I did during the late depression and the first World War. I know how much I will be wanting business after the war, and I know that if I stick by you now you will stick by me then!

When I tell you that I'm taking care of my customers now I don't mean that I'm giving them pre-war service, but I am keeping them supplied and satisfied. You should see some of the letters that I get thanking me for my cooperation. Orders came in faster than we could handle them last fall, so I built an addition to our Towson factory and then established still another Bucheimer factory at

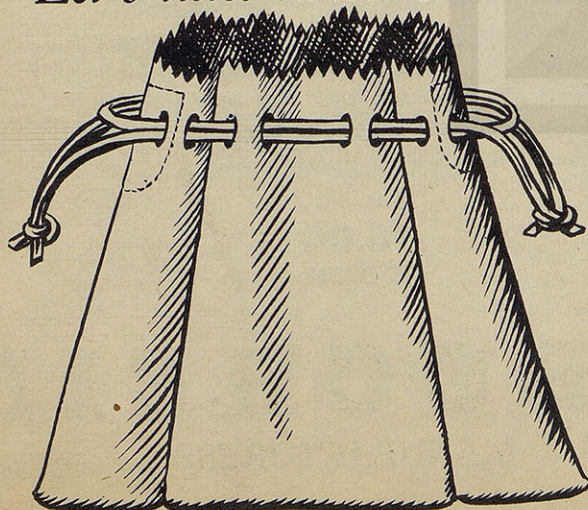

Frederick, Maryland. That's how far I'll go to take care of you!

Now, I realize that my line is just only a few of the many items you stock, but every item is modern streamlined merchandise—not a shelf-warmer in the lot. Every item is a repeater, first because it was made to fill an existing demand, and second because the quality and workmanship as well as the design are all pleasing to the buying public. Above all, we offer you a combination of **GENUINE LEATHER SPECIALTIES** that are not offered by other manufacturers.

There's a good turnover and a good profit in this line. They're good traffic builders and give you plus-sales and plus-profits which you need today to offset some of the things you can't get and sell today. I suggest that you order a pretty complete assortment.

Maurice Bucheimer

Let's take these **GENUINE LEATHER BAGS** *for example--*

Here's a real fast seller—designed right, made right and priced right! Call it whatever you want to—Drawstring Bag—Utility Bag—Casual Bag—and genuine leather! Made in two sizes. The big one is big enough to take lunches—a catch-all for war workers or the housewife—men like them, too. The small size has as many uses—money bags—collector bags. The moment your customer sees them he or she knows what they can be used for!

A New Idea in **LEATHER WATCH CHAINS!**

BUCHEIMER'S "MINUTE MAN" WATCH CHAIN

PATENT PENDING

This leather watch chain represents a victory over war conditions—hence the name "MINUTE MAN!" It is just a fair example of how BUCHEIMER does the impossible to supply the trade with needed merchandise. When metal buckles began to get scarce it looked bad for the leather watch chain business. But the show had to go on—leather watch chains are a "must" to the working man—and after a lot of experimenting and searching for materials we produced this "BUTTON" style chain. Proven so successful—will replace old style buckles—positively will not come open. That's how we take care of our customers!

Attractively displayed one dozen to a card in assorted colors—black, brown and natural.

We wish to thank you for your order for our #998-Holster for Detective Revolver. It is our opinion that this #998 is not suitable for this shorter gun; therefore, we would recommend our #38-Holster.

In reordering, kindly state as to the make of gun, inasmuch as the S & W and Colt Detective pistols are different.

Dear Sir:

We are pleased to advise you that we can make #295 Saddle as shown in the catalog, but the special tree which you want we could not obtain for the present. We are making the #295 Saddle with eight buttons and we are using the regular fenders on this saddle such as used on #195. The price of this saddle is \$125.00 as described in the catalog.

It would take us from sixty to ninety days to fill the order, as we are that far behind. We have at the present time trees and leather to make a saddle of this kind, but could not say how long we will have this stock on hand, as materials are constantly getting scarcer.

Your order would have our very best care and attention.

Dear Mr. Myres:

Would it be possible for you to make a special leather case similar to the Automatic Pistol Case No. 105 in your catalogue? I want it for a shaving kit for my husband who is entering the Navy this month. The size would be approximately 10"x6"x1 1/2", with carving on the top only, or, possibly, the top and sides. Other specifications are a scroll for initials on the top and a plain inside, no lining or fittings, and preferably, just one center buckle or clasp.

Mr. Butler recently purchased a carved belt and holster from you which he has enjoyed immensely and I hope to be able to give him a box of the same excellent quality.

Will you kindly advise me as to whether you can fill this order and if so how much it will cost and the earliest date I may hope to receive it .

Yours very truly,

Dear Sirs

It's a far cry from riding my horse at home but if the good Lord brings this destroyer back I'll be on it. I'm still interested in the western horse I left behind and when I get back I want to buy him some new gear.

I am interested in a new saddle and a good one. Please send me a catalogue showing me your best saddles, bridles and martingales. Could you tell me where I could buy an old Colt six gun. Perhaps that seems silly in this late day but it's just a hobby. If you don't mind, send your catalogue first class mail as I'm not exactly nearby.

Sincerely yours

U. S. MARINE CORPS

Dear Sirs,

I am a Marine stationed here in San Diego California. I have a Marine buddy here that has told me all about your Saddles and other Western outfits.

So I figured I'd write you a line or two, and try to get a Catalog from you.

I'm from Houston, Texas and hope to be back there soon. I have to buy me a whole new outfit and my buddy said you had mighty fine Saddles.

Well hoping to hear from you soon.
