PROJECT DIRECTOR'S REPORT

LWV OF Austin, Texas

VOTers Guide A.I.S.D
PROJECT School Board Election

1. What was the primary accomplishment of the project?

Publication (please describe): Voters Guide - A.I.S.D school board election - inform voters of views of school board candidates

Conference/workshop (please describe)

Other (please describe)

2. How many persons did the project reach? How was this accomplished? 10,000 copies were printed by the Austin League with another 4,000 copies paid for by the Austin Alliance for a smooth transition. Guides were distributed at banks, savings + loan institutions, library branches, some businesses, as well as mailed to members, contributors, and candidates.

3. Was the project successful? (please describe) It was successful. All comments were positive and an informal check of distribution points suggested that more could have been distributed.

4. Please attach copies of publications, invitations, programs, and other printed materials.

Candidates A.I.S.D. School Board Election

Question 1: Austin will be implementing a new desegregation plan in August.

a. As a school board member, how would you perceive your role in the A.I.S.D. school desegregation plan?

b. How can A.I.S.D. monitor academic programs to assure continued quality education?

c. During this time of change in the district, what ideas do you have to improve and enrich our children's education?

(200 word limit for entire question)

Question 2: Rank your first five budgetary priorities for the school district. (100 words)

Question 3: Do you favor a separate board and taxing authority for the Austin Community College? Please explain. (100 words)

Question 4: Are additional programs needed in the area of special education? Please comment. (100 words)

Position 1

JUNE H. BREWER

Occupation: College teacher. *Education:* B.A., Huston-Tillotson College; M.A., Howard Univ.

Ph.D. in Ed. Psy., UT Austin. Other activities: Past SW Reg. Dir., Delta Sigma Theta Public Service Organization; Past Board Mbr., Women's Studies Program, Cornell Univ.; Black Educators' Caucus, International Reading Association. *Address:* 1909 Leona St., #102. *Age:* 54.

Answer — Question 1

As Austin implements the new desegregation plan in August, I envision a role of affirmative leadership. I shall continue to adopt a consistent, positive approach in molding community support and do all that I can to alleviate the tensions caused by desegregation.

I would like to see the District reevaluate its education programs and services as it seeks to provide equal educational opportunity for all students. Since this is the most opportune time to make changes, more emphasis should be placed on multicultural and bilingual education as well as special programs to make the curriculum more responsive to the needs of all students. Above all, I would like for all segments of the school community to work toward maintaining community involvement in the ongoing school desegregation process.

Although the research is inconclusive as to the effects of desegregation on the achievement scores of minority and majority students, some schools have experienced improvement in achievement scores if improvements in educational services and programs accompanied desegregation.

I do hope that the District will move away from its present emphasis on norm-referenced standardized tests and develop more criterion referenced instruments, based on specific objectives and the students' mastery of them. Emphasis should also be placed on a reduced dropout rate and an increased percentage of students seeking higher education.

Answer — Question 2

1. *Instructional materials* should be ranked first; this includes textbooks, supplies, software, etc. Teachers need a variety of materials, easily accessible so that they can provide for individual needs and be innovative in the classroom.

2. *Capital outlay* items receive second rank; this includes television sets, movie projectors, and other hardware.

3. *New facilities* will be needed — gymnasiums and band halls enlarged. This does not preclude maintenance and the upkeep of present facilities.

Brewer—cont'd

4. *Enrichment programs* for both underachievers and the gifted and talented should receive high priority.

5. We must maintain a competitive salary scale so that we can continue to attract competent teaching and administrative staff.

Answer — Question 3

I do favor a separate board and taxing authority for the Austin Community College. Since the college has experienced phenomenal growth, additional funding and more adequate facilities are necessary. I favor the establishment of a new countywide community college district and support the election being held as soon as feasible.

Answer — Question 4

Having talked briefly with several persons involved in special education, I am presently of the opinion that no additional programs are needed in this area. Some specialists, however, do believe that additional personnel is needed, occupational and physical therapists, for example. I do favor continuing to contract out certain services where adequate arrangements can be made. I believe that special emphasis should be placed on minimizing the disruption of the special education programs during the desegregation process. Finally, we should continue to sensitize teachers, students, and the community to the importance of mainstreaming many of our special education students. The District must continue to meet the needs of all students.

Position 1

STEVE M. FERGUSON

Occupation: Staff Services Officer, Travis State School. *Education:* B.A. Social Science, M.Ed. Education. *Other activities:* Capitol Area Tennis Association, Former Board Member CATA, Kappa Alpha Psi Fraternity. *Address:* 6211 Hyside Dr. *Age:* 44.

Answer — Question 1

As a school board member I would perceive my role to be one of moderator, in the A.I.S.D. school desegregation plan. I would seek to change some of the existing inequities in the plan where they exist. I would constantly seek other avenues, rather than forced busing to achieve a unitary system.

A.I.S.D. can monitor academic programs to assure continued quality education by establishing a minimal level of achievement by grade level. Those students who do not maintain this level should be kept in remedial courses or retained.

We can improve and enrich our children's education by striving to get

Ferguson—cont'd

more parental involvement in the education process. Efforts should be made to increase parents' involvement in Parent-Teacher Associations, counseling sessions and all phases of the child's education.

Answer — Question 2

One of my first priorities is to get more resources materials into all schools.

A second priority would be to increase teacher and classified employees salaries where they would be compatible with comparable jobs in the private sector.

A third priority would be to expand health services in the district.

A fourth priority would be to improve the physical facilities of some schools where the need exists.

A fifth priority would be to expand and rechannel the Guidance and counseling function with additional emphasis on vocational counseling.

Answer — Question 3

The Austin Community College was created with the understanding that they could exist and maintain their existence by student fees and other federal and state resources without requiring a separate board and taxing authority. I would not be in favor of altering this understanding at this time.

Answer — Question 4

I am not in favor of any additional programs in the area of special education.

Position 1

HOWARD KING

Occupation: Retired Public School Teacher. *Education:* U.T. Austin, BS (cum laude); UT Graduate

School courses completed. *Other Activities:* President of AFT Local 2048; Texas State and A.I.S.D. Austin Teacher Associations. *Address:* 1720 Fawn Dr. *Age:* 58.

Answer — Question 1

a. The role school board members should play in the Austin school desegregation plan would be to provide the leadership to enable the community to implement this court ordered plan in an equitable and orderly manner. Relief for areas of strain should be accomplished through the political process, not emotional rejection of the judicial. We are a nation of law abiders and we know that an unacceptable judicial interpretation can be changed by constitutional amendment as well as federal and state legislation. Unless the legislative process modifies the judicial, then we must assume the existing law is the desired law and school board

King—cont'd

members, as well as school patrons, should and must support this court ordered plan.

b. The A.I.S.D. must have a competent and independent Office of Research and Evaluation department for testing and evaluation of the educational programs. It must continue its emphasis on competency of teachers and administrators.

c. Because segregation is both legally and morally unacceptable, desegregation can and will be accomplished. But the aim of the District should be integration. I feel that there should continue to be a constantly improving quality education for all Austin children — a program of college bound courses as well as a very comprehensive vocational-technical program. Greater involvement of community leadership would certainly be beneficial.

Answer — Question 2

My first budget priority would be in the elementary grades, as preparatory for secondary — this should include bilingual and migrant education, as well as beginning academic, fine arts, and athletic programs; second, in the secondary — divided into career academic and career vocational-technical; third, the special education and the handicapped, and the gifted and talented; fourth, the athletic and fine arts programs; and fifth, the adjustment of the individual to cope in non-academic involvement in the greater community.

Answer — Question 3

No, I do not favor a separate board and taxing authority for the Austin Community College. The original aim and emphasis for ACC was to stress the vocational-technical and continuing life education programs. The ACC was not intended to be all things to all people — it was incorporated to provide the vocational-technical training that the A.I.S.D. public schools could or would not provide, not to provide a weak liberal associate of arts degree.

Answer — Question 4

Special education in A.I.S.D. seems adequate except in the fields of the physically handicapped and the gifted and talented. I feel that to the extent possible in individual cases, mainstreaming should be accomplished. I support the concept of more individualized instruction and smaller teacher-pupil classes for those able to benefit from it."

Position 2

DeCourcy Kelley

Occupation: Home-maker & Trustee, A.I.S.D. Education: B.A., UT Austin; Secondary School Certificate, Grad. work, UT Austin. Other activities: Past Pres., Assoc. of Tex. Jr. College Board Mbr.; State and Nat'l. School Board Legislative Networks; 2nd V.P. Texas Assn. of Elected Women. Address: 2522 Jarrait Ave., Age: 50.

Answer — Question 1

a. I believe it is vital that school board members take a leading and constructive role as desegregation is implemented. I would work to insure educational excellence in each school through adequate budget support and appropriate policies. Further, I want to encourage active roles for students, teachers, parents and the community at large in helping us all adapt to change. A board member must also recognize that a strong public school system is an integral part of a strong community.

b. Academic quality can be monitored through effective use of A.I.S.D.'s Office of Research and Evaluation and close contact between Central Administration and schools. I would continue to visit schools and work for increased parental involvement.

c. We should emphasize the positive aspects of desegregation so our children can gain an understanding of various cultures, new friendships and a respect for the law. We should improve and expand opportunities for the gifted and talented. Attention to the individual needs of special education students needs to be stressed while promoting communication between the handicapped and non-handicapped. Staff development that helps teachers teach also deserves support.

Answer — Question 2

1. *Desegregation:* Funds are needed for teacher support, programs to encourage participation in extra-curricular activities, programs to familiarize staff and families with new schools, and adaptation of programs such as bilingual education to fit changes in school populations.

2. *Teacher Salaries:* These must be increased because of inflation, the new responsibilities teachers will have under desegregation, and to hold and attract superior teachers.

3. *Special Education:* We must comply with laws on the education of the handicapped. More importantly, local funds should be used to supplement state monies for handicapped as well as regular students.

4. *Gifted and Talented:* Too long neglected, these students, with nurturing, will be tomorrow's leaders.

5. *Renovation* of existing facilities

Kelley—cont'd

and construction of new ones to relieve overcrowding.

Answer — Question 3

Yes. The need for a healthy Community College has been dramatically demonstrated by the explosive growth in enrollment. Without additional resources, ACC cannot maintain its current high quality. Approximately 2,000 students were turned away last spring for lack of facilities. The need is particularly great in the vocational/technical programs.

However, without taxing authority I favor a single board for both institutions to help insure continuing cooperation between A.I.S.D. and the Austin Community College.

Answer — Question 4

Special education needs additional teachers, physical therapists and other staff who have direct contact with handicapped students. Classroom teachers, many of whom have no training in special education, need more help in working with "mainstreamed" children. We must insure building and program access for the handicapped parent as well as the handicapped child.

It is the responsibility of the school district, not only from a legal point of view, but also from a humane and pragmatic perspective, that special education children are given the opportunity to become happy and productive members of society.

Position 2

PETER W. WERNER

Occupation: Physician; Education: B.S., Univ. of Chicago; M.D., Univ. of Chicago. Other activities: American Academy of Neurology; Travis County & Texas Medical Assns.; Austin and Texas Neurological Assns. Address: 7600 Rustling Circle, Age: 42.

NO RESPONSE RECEIVED

Position 3

DENNIS O. BAUERLE

Occupation: Realtor, developer, builder. Education: 2 years UT Austin; Graduated Realtors Institute. Other activities: Dir., Manchaca Optimist Club; Sect. Dir., Pony-Colt Baseball League; Exec. Sect., Austin Chapt., SW Football Officials Assn.; Former instructor, ACC; PTA for 17 years. Address: 11108 Brodie Lane, Age: 41.

Answer — Question 1

a. I would perceive my role as a new Board Member as being to work with the present plan and ultimately modify

Bauerle—cont'd

the plan with court agreement to minimize the number of students being transported. My intention is to prevent white flight which is unhealthy for the school community. There appears to be no reward for school communities that have naturally integrated.

b. The desegregation plan requires monitoring academic programs and assuring the public that the principle role of the school district is quality education. The quality of leadership at all levels will determine the quality of the programs, where you find good administration and teachers, you will find good schools.

c. We tend to think of the school district as an entity that must operate within traditional perimeters. I suggest a cooperative effort between the Austin Community College which has a great vitality and enthusiasm for learning and our public schools in areas of instruction which would involve students in different patterns of learning. Many students at high school level are interested in opportunities for learning, competencies that are demanded by the sophisticated industries moving into our community. Many students would succeed in Austin Community College pilot programs where they fail in public school systems.

Answer — Question 2

My first three priorities are: salaries, construction of new high school south, upgrading and renovating schools so that they can successfully handle current and upcoming enrollment changes. Then study and implement ideas to support teachers and principals, in these changing times.

Answer — Question 3

I'm a strong supporter of the Austin Community College and the programs they offer the citizens of Austin. I feel a separate Board appointed by the AISD Board would have more time to work with the Austin Community College problems, and would allow AISD Trustees more time to work on the problems of our district. I realize that the Austin Community College is one of the fastest growing community colleges in the nation and we must help them with all means possible, however, with the unsettled amount of tax increase for the AISD public schools, and the national economic situation appearing gloomy, I'm not sure our taxpayers would support, at this time, a new taxing district in Travis County.

Answer — Question 4

In my opinion, classroom teachers have been given major responsibilities, many of which they are not professionally prepared for. I would recommend additional training for the

Bauerle—cont'd

teachers in this area. However, until the school district stabilizes under the court order and our special education students have adjusted to the new programs and new school assignments, I would not suggest implementing additional programs. I do believe, to be really effective in special education, we should get the special education students at a pre-school age.

No Photo Available

Position 3

ART BROWN

Occupation: Sales Rep. - Metropolitan. Education: Attended Oxford Univ.; Maryland Univ.; Management

Research Assoc., UT Austin. Other activities: Pres., Austin Neighborhoods Council; Pres., North East Community School Advisory Council; V.P. Community Development Comm.; ESAA District Wide Advisory Board. Address: 6405 Hartwick Place. Age: 49.

Answer — Question 1

a. Provide leadership for a smooth transition so we can continue improving quality education in all our schools.

b. Maintain the present program by improving bilingual, Title I, and special education.

c. I will continue the present program until the opportunity to evaluate the existing plan.

Answer — Question 2

Education, Special Programs, Teachers pay, More teachers to reduce classroom ratio, and enrichment programs.

Answer — Question 3

Yes, with the referendum of the public.

Answer — Question 4

No, until the present programs can be evaluated.

Position 3

C. KENT OLSON

Occupation: Insurance Salesman. Education: B.S. Ed., Southwest Texas State Univ.; Texas Teaching Certificate.

Other activities: Inter-Fraternity Council at SWTSU, TSEA member at SWTSU. Address: 8100 Balcones Dr., #185. Age: 22.

Answer — Question 1

My role in the A.I.S.D. desegregation plan is to see that the plan is carried out as smoothly as possible. I feel that the issue has been put to a lot of tests and I feel that it will work if the people will work together.

Board members, administrators, as well as teachers, could themselves

Olson—cont'd

regularly check classroom procedures. There are numerous ways to do this. The different views and suggestions could be brought up and discussed at a school board meeting. I feel with the mixed views, and have experts come in and suggest, the board could come up with something that could work.

I am standing on a traditionalist platform. The answer would be "back to the basics." Children should be able to read and write. Accelerated programs should be set up for the gifted students.

Answer — Question 2

1. Teacher pay raises.
2. Adequate funds for Special Education.
3. Equal distribution of athletic funds.
4. Funding for support services for the teachers (Teacher aides).
5. More funding for materials for the teachers.

Answer — Question 3

At the present time I do not favor a separate board and taxing authority for Austin Community College. I feel that the board should possibly start considering hearing about possibly another board for A.C.C. within the next two years.

I do not think that right now this is the main priority of the Board of Trustees for the Austin Independent School District. Eventually another board should be established for Austin Community College.

Answer — Question 4

I feel that the funding for the Special Education programs in the A.I.S.D. have been neglected and more funding should be appropriated for these programs. The teachers in Special Education are definitely working in cramped space. The working and teaching conditions are not adequate. This is one area that I will definitely see changed. I feel that the teachers and the students are the cores of the schools.

Position 3

Edward Small

Occupation: Attorney. Education: B.B.A., UT Austin, J.D., UT Austin. Other activities: former director, Travis County Bar; American Bar Association;

State Bar of Texas; Fellow-Texas Bar Foundation; Texas & Southwestern Cattle Raisers Assoc.; Address: 2428 Jarratt. Age: 35.

Answer — Question 1

a. The school desegregation plan will take an immense amount of work on part of all persons involved. The Board of Trustees must give clear policy direction to the superintendent and then be very strong in seeing that it is carried out. The fiscal issues grow-

Small—cont'd

ing out of desegregation must be carefully handled by the Board so that all dollars spent are done so efficiently. The Board must continually monitor progress and closely monitor court decisions that would lessen the burden on the pupils and costs involved.

b. All classroom teachers, principals and instructional coordinators should make progress reports on academic programs periodically with any recommendations they have. The reports from these people should be relayed to the Board with evaluation from the Superintendent. The Board should review all of the reports, the evaluations and recommendations and direct the Superintendent if any change in emphasis is necessary.

c. We should emphasize a greater sharing between schools of the many creative programs that are going on and being planned within the system. A wider sharing of gifted and talented programs, of pilot programs, and of other innovative programs should be encouraged so that all children can gain from these new experiences and ideas.

Answer — Question 2

1. Salaries for all personnel at levels which encourage continued quality work.

Small—cont'd

2. Monies to fully supply each teacher with all materials needed for instruction.

3. Monies for maintenance and renovation of schools to maintain present facilities in good repair.

4. Monies to provide enrichment and special education programs for students.

5. Monies to provide a high level of administrative effectiveness with maximum cost efficiency.

Answer — Question 3

I do not favor another taxing authority for Austin at this time. The desegregation plan will be a hard problem for fiscal policy for the AISD and the taxpayer. The taxpayer should not be subject to any additional burden at this time due to the college.

Answer — Question 4

For several reasons, including the desegregation plan, one of the additional needs for special education appears to be a review of facilities for the special education programs. In order to make the program more cost efficient so that new programs could be available, special education facilities in other areas should be studied and carried out if they can serve the neighborhood and system better and in a more cost efficient way.

PROJECT DIRECTOR'S REPORT

LWV OF Austin, Texas

PROJECT

Southwest Regional Workshop
Conference on Election
Administration

1. What was the primary accomplishment of the project?

Publication (please describe):

Conference/workshop (please describe) informing elections admin-
istrators of the variety of ways elections
procedures are handled throughout the country

Other (please describe)

2. How many persons did the project reach? How was this accomplished? In terms
of the Austin League's participation, I was the
only member attending. I do think I
now have a better understanding of
administrators problems and opportunities
and should be able to work more
effectively in voters service.
3. Was the project successful? (please describe) The conference
was probably most directly useful to
me by describing the varieties of
voter registration drives being conducted
in the U.S.A. and by acquainting me
with general procedures for voter
registration operating in various states.
There were many good ideas that
League's could utilise
4. Please attach copies of publications, invitations, programs, and other
printed materials.

PROJECT DIRECTOR'S REPORT

LWV OF Austin PROJECT Voters Key for Austin and Travis Co.

1. What was the primary accomplishment of the project?

Publication (please describe):

A five panel, four fold brochure, printed in red and blue on white, containing Names, addresses and phone numbers of elected officials at National, State and local levels, information on election and voter registration procedures and an election calendar.

Other (please describe)

2. How many persons did the project reach? How was this accomplished?

It will be distributed throughout the community, free of charge, through public libraries, community centers, newcomer services, and businesses. Copies will be made available to other civic organizations.

3. Was the project successful? (please describe)

Initial reception has been very favorable. Publicity campaign and distribution efforts will begin when 79-80 board takes office.

4. Please attach copies of publications, invitations, programs, and other printed materials.

Apr. 4, 1981—**City Council Elections**
School Board Elections (except AISD)
(Absentee Voting: Mar. 15-Mar. 31)

Special elections may be called at other times.

The LWV of Austin publishes a Citizens Guide to Austin and Travis County which details governmental structure and services.

VOTER REGISTRATION

Texas has a permanent voter registration system. A voter remains registered as long as the information on his/her certificate is accurate. In November of odd numbered years, a new certificate will be mailed automatically to each registered voter. If you have moved, the new certificate *will not* be forwarded and your name will be removed from the voter registration rolls. If you do not receive a renewal certificate, you must re-register. There is no fee to register.

WHEN TO REGISTER

Register as soon as possible after moving into the county. There is no residency period. Your registration becomes valid 30 days after your application is received by the Registrar.

Register at least 30 days before an election in order to be eligible to vote in that election. (It is not necessary to register before each election.)

Register not more than 60 days before your eighteenth birthday.

Registration is on a county-wide system. Once you are registered in your county of residence, you are also registered in all other political subdivisions *in which you reside*.

HOW TO REGISTER

You may register by mail or in person at the office of the County Tax Assessor-Collector (Travis County Court House Annex, 10th and San Antonio, or 6549 Burnet Road, Monday-Friday, 8 a.m. - 5 p.m.) or through any authorized Volunteer Deputy Registrar. Do not leave your application with any volunteer **unless** you get an official receipt.

For information on obtaining a postage-paid, mail-in application, contact the Registrar at 476-7041.

You may register for yourself or an eligible spouse, child, or parent. You *must* supply complete name, residence address in the county, birth date, and place of birth. Social Security number is requested.

You should receive your registration certificate by mail within 3 or 4 weeks after applying. If you do not receive it, notify the Registrar.

CHANGE OF NAME OR ADDRESS

The procedure for changing address, name, or incorrect information is indicated on your registration certificate. The change must be made 30 days before an election in order to vote in a *new* precinct. You may vote in your old precinct for 90 days after moving within the county.

If you move to another county, you must register in that county as a new resident.

LOST CERTIFICATE

A new certificate will be issued only after the voter personally notifies the Registrar in writing (a signature is necessary), or signs an affidavit of loss of certificate at the polling place on election day.

VOTING

You must vote in the precinct of residence as described by the governmental unit calling the election. Your voting precinct number is indicated on your Voter Registration Certificate.

In elections less than county wide, precincts may be combined and polling places changed. Polling places are normally published in local newspapers on election day. You may contact the office of the election authority holding the election (County Clerk, City Clerk, school administration, etc.)

WHO MAY VOTE

To vote in Texas you must be—

1. a citizen of the United States,
2. eighteen years of age on or before election day,
3. registered to vote in your county at least 30 days before an election,
4. a resident of the political subdivision (state, county, city, district, precinct, or school district) holding the election for at least 30 days before the election.

ABSENTEE VOTING

Absentee voting is conducted by either personal appearance or by mail. Qualified voters who may vote absentee are:

1. Persons 65 years of age or older,
2. Persons unable to go to the polls on election day because of illness, physical disability, confinement in jail (except convicted felons), or religious belief,
3. Persons who will be absent from the county on election day (must vote absentee in person) and
4. Persons who will be absent from the county both on election day and during the entire absentee voting period (ballot must be mailed from outside the county).

Absentee Voting by PERSONAL APPEARANCE will be in the office of the County Clerk (or clerk appointed by the governmental unit calling the election) or at designated substations during business hours between 20 and 4 days preceding the election.

To receive an application for an absentee ballot BY MAIL, write or call the County Clerk (477-6188) at the County Court House (or the clerk appointed by the governmental unit calling the election) between 60 and 5 days before the election. After returning the application, you will receive the ballot which must be marked and returned, postmarked no later than midnight of the day preceding the election.

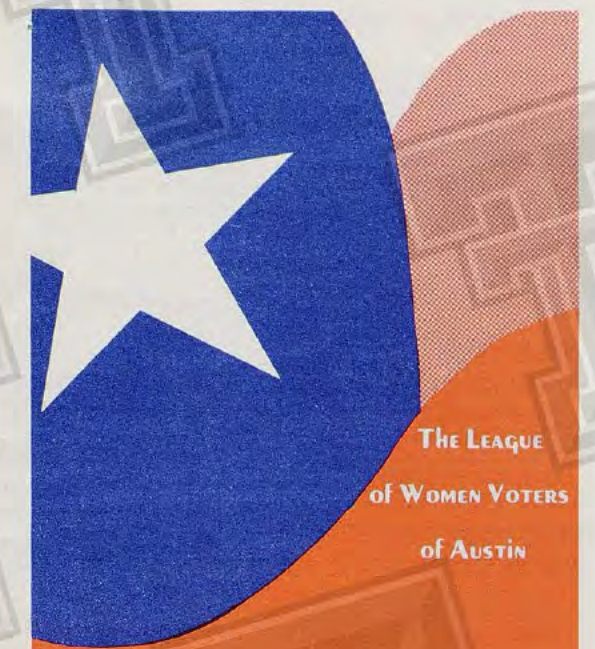

Special absentee voting procedures are available for voters who become too ill to go to the polls after the close of the normal absentee voting period. Contact the County Clerk for details.

The League of Women Voters is a nonpartisan organization which works to promote political responsibility through informed and active participation of all citizens in their government. The League of Women Voters does not support or oppose any political party or candidate, but it does take stands on issues. Membership in the League is open to all citizens of voting age.

NOV 27 1978

Mrs. Sturgis -

Enclosed is a copy of the bill we finally received from the printer for the "Citizens Guides." We deducted the sales tax and sent a copy of the form authorizing the Austin LWV to resell and collect sales tax.

Thank you for expediting the \$500 we needed from the Ed. Fund to pay this bill in full.

Sincerely

Melanie Malewitz

Dear Melanie:

I am sorry you did not receive an official letter approving your Texas Education Fund project. At our April 3rd meeting we approved the verbal request for updating the previously published Citizens Guide to Austin and Travis County. Diana Tilley was designated as project supervisor.

Then I received your project request form on April 25 with the details. I assume that only the LBJ Family Foundation money (\$500) passed through the Education Fund and the other donors contributed directly. If this is in error, let us know, and we will correct the project request form.

I apologize for the inconvenience in not letting you know.

Sincerely,

Betty Anderson, Chair
LWV Texas Education Fund

Mrs. Ethel Sturgis, Treasurer

Dear Mrs. Sturgis,

In April of this year the Austin League applied for a grant of Five Hundred dollars (\$500) from the LWV- Texas Education Fund to help finance our publication, "Citizen's Guide to Austin and Travis County".

We have not heard from the fund and would like to know if you received the request and what the decision of the trustees was.

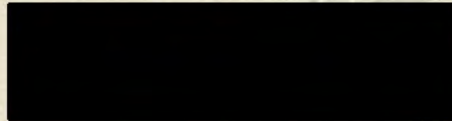

Do you require more information?

Please let me know what has happened to our application as the bills are coming due.

Many thanks.

Sincerely,

Melanie Malewitz

Proposed Project: Revised and updated "Citizen's Guide to Austin and Travis County"

Details of the project to be considered, including plans for execution:

Each chapter is rewritten and updated. New Chapters have been added including a chapter on citizen input.

League members have contacted the various departments and organizations in the city, county, and independent school districts in the area. Proposed manuscripts are sent back to the departments involved for final verification.

Donor(s):

Tracor, Inc. \$300

Motorola 500

Peat, Marwick, Mitchell & Co. \$100

* L.B.J. Family Foundation - \$500 (LWV-T. Ed. Fund)

Lamar Savings Assn. \$500

Texas Instruments \$500

Proposed budget for the use of the grant (include a 5% administration fee in this estimate):

Income

\$2400 grants

1,000 prepaid, pre-orders

90 subscription service

~~25 - Administration Fee - LWV-T. Ed. F.~~

2000 to 3000 in regular sales

Expenditures

\$3450 - estimated cost of printing

30 - estimated cost of producing CG.

50 - approx. cost of promotional

campaign.

25 - Ed. Fund Administration Fee.

Distribution plans for printed material (if such material is part of the project):

- 1/ 300 copies sent to League members on subscription service.
2. 250 promotional letters & order forms sent to prospective buyers.
3. Large orders to be delivered by members. Single pre-orders to be mailed (postage included in preorder cost.)
4. Various book stores have pre-ordered copies for resale. We hope to place copies in some other places too.

PROJECT DIRECTOR'S REPORT

LWV OF Austin PROJECT Local Voters Guide - Layout + Typesetting

1. What was the primary accomplishment of the project?

Publication (please describe): Voters Guide - informed voters on State + Local candidates and Constitutional amendments, for General Election, Nov 7, 1978.

Conference/workshop (please describe)

Other (please describe)

2. How many persons did the project reach? How was this accomplished?

10,000 copies were distributed throughout the community from Austin Public Library branches, banks, community centers, + some businesses

3. Was the project successful? (please describe)

Very successful - LWV Austin had direct contributions from a business to fund our original plan for 6000 copies. A late Sept. contribution to our EdFund account allowed us, ^{funds} to print an additional 4000 copies. Our direct contributions almost exactly covered the printing cost for 10,000, so part of the EdFund money was used for typesetting + layout. We could have distributed more

4. Please attach copies of publications, invitations, programs, and other printed materials. than 10,000 copies.

PROJECT REQUEST FORM

NOV 1 1978

Supervisor: _____

From: LWV of Austin

Date 30 Oct 1978

Proposed project: Layout and typesetting work on local Voters Guide for General Election, Nov. 7, 1978.

(Original plan for Guide did not include Ed. Fund money, since direct contributions for funding were ~~not~~ made to Austin League. LBJ Foundation Grant in late Sept. offered possibility for increasing no. of copies we could print.)

Plans for execution, including distribution of any printed material:

10,000 Copies of Voters Guide incorporating state material + local candidate information, distributed through Austin Public Library, bank, + other business.

Use of Ed Fund grant to cover layout + typesetting cost means that all of local direct contributions could be used for printing of an extra 4000 copies to increase our community distribution from 6000 to 10,000.

Proposed Project:

Voters Guide for Austin Independent School District Trustees election
and City of Austin Charter Amendment election, April 1, 1979

Details of the project to be considered, including plans for execution:

10,000 copies of a 4 page newsprint tabloid containing picture and
responses to LWV questionnaire form all candidates for 2 board positions.
Charter election information will be pro - con statements on each of
propositions. The Guide will be printed in it's entirety in three neigh-
borhood newspapers published by the San Jacinto Press of Austin.

Donor(s):

LBJ Family Foundation grant & other funds currently in our Ed. Fund
account

Proposed budget for the use of the grant (include a 5% administration fee in this
estimate):

Income

Funds currently in Ed Fund

Expenditures

\$ 104.00 (est. for typesetting)
29.33 (postage and copying)
175.00 (est. for printing)
\$ 308.33

Distribution plans for printed material (if such material is part of the project):

Guide will be mailed to members and contributors, and distributed in the
community through the public library branches, banks and some other busi-
nesses. A local group studying desegregation of the Austin school system
has requested copies to be sent to their mailing list of 3000, at their
expense.

LEAGUE OF WOMEN VOTERS OF AUSTIN

1100 West 1st Street
Austin, Texas 78703

Ms. Ethel Sturgis
[REDACTED]

Dear Ethel:

Nancy Bene has asked me to handle your request for a copy of the Project Request for LWV-Austin Voters Guide for the April, 1978, school board election. The reason there is no copy in your files is that no request was submitted. At the time, I was advised by both Diana Tilley and Joann Lovelace that it was not necessary, according to current TEF policy, to submit a request for a Voters Guide project as long as all standards for a Guide were met.

The use of TEF money for that Guide was a last minute decision when expected local direct contributors were unable to provide funds. In addition, our cost for the Guide increased about \$100 over the estimated cost because a member's offer of an in-kind contribution for typesetting did not materialize due to illness. Our Voters Service budget at that point could not have easily covered this extra expense. The point here is that I was consulting with Diana and Joann on how to get access to our TEF money as the Guide was actually being produced.

The Financial Report on the project was submitted on April 25, 1978, and the cost deducted from our account on June 3, 1978, so the assumption was made that there was no problem with the procedure used.

I hope this has clarified the situation for you. I am enclosing a copy of the information which would have been contained on the form had it been submitted. Please let me know if you need further documentation.

Another matter which has been of concern to Nancy and me is the status of local Leagues in claiming sales tax exemptions on projects funded by contributions to our TEF account. My understanding, again from Diana, is that LLs must pay sales tax on our local projects paid for with funds which have been funneled through the TEF to allow a tax break for the contributor. It seems quite unfair that LLs must pay sales tax while LWV-T projects funded through TEF are exempt. Could you please clarify this situation for us.

Very truly yours,

Jeanne Thornhill

REGISTRATION PROCEDURES IN TEXAS

- Texas has a permanent registration system.
- This means that a voter remains registered as long as the information on his certificate is accurate.
- However, in the fall of odd-numbered years, a *new certificate* will be mailed to every registered voter.
- If the voter has moved, the certificate will not be forwarded. However, if the post office has a forwarding address, an *application form* will be sent to the voter's new address.
- The voter *MUST* complete and return this form in order to remain eligible to vote.

PLEASE REMEMBER TO FILL THE APPLICATION IN *COMPLETELY* SO THAT THERE WILL BE NO DELAY IN YOUR BECOMING A REGISTERED VOTER. If you need assistance, call the Tax Assessor-Collector's office (476-7041) or the League of Women Voters (478-5523).

You should receive your registration certificate by mail within 3-4 weeks. If you do NOT receive it, notify the Registrar at the Tax Office (478-7041).

* * * * *

The League of Women Voters is a non-partisan organization which works to promote political responsibility through informed and active participation of all citizens in their government. The League of Women Voters does not support or oppose any political party or candidate. Membership in the League of Women Voters is open to any United States citizen of voting age.

..... WHO CAN VOTE?

To vote in Texas you must be—

1. a citizen of the United States,
2. eighteen years of age on or before election day,
3. a resident of Texas, and
4. registered to vote in the county at least 30 days before an election.

..... HOW TO REGISTER?

Complete and mail the enclosed cards,
or

Register at the office of the County Tax Assessor-Collector in the Court House Annex at 10th and San Antonio or at the Tax branch office at 6549 Burnet Road. Both offices are open Monday-Friday from 8 a.m. until 5 p.m.

You may register for yourself, or for an eligible spouse, child, or parent. You will need complete name, social security number, and place and date of birth with you when you go to one of the offices to register.

..... WHEN TO REGISTER?

Register as soon as possible after moving into the county.

Register at least 30 days before an election in order to be eligible to vote in that election.

Register not more than 60 days before your eighteenth birthday.

ABSENTEE VOTING

..... WHO MAY VOTE ABSENTEE?

Any registered voter who—

1. is 65 years of age or older,
2. will be out of the county on election day,
3. is unable to go to the polls due to illness.

..... ABSENTEE VOTING BY MAIL

To receive an application for an absentee ballot, write or call the County Clerk* at the County Court House (Zip Code 78701) not less than 5 days before the election. After returning the application with your registration certificate, you will receive the ballot which must be marked and returned, postmarked no later than midnight of the day preceding the election.

.... ABSENTEE VOTING BY PERSONAL APPEARANCE

Absentee voting by personal appearance will be in the office of the County Clerk* during business hours beginning 20 days before the election and ending 5 days before the election.

* For City of Austin elections contact the City Clerk at the Municipal Building, 124 W. 8th, Austin, Texas 78701.

For Austin Independent School District elections contact the Administration offices, 6100 Guadalupe, Austin, Texas 78752.

WHAT TO DO IF:

1. YOU MOVE WITHIN TRAVIS COUNTY:

Obtain a change of address form from the Tax Assessor-Collector (call 476-7041 and one will be sent to you), complete it and return it with your registration certificate within 90 days after moving. A new certificate will be sent to you. In order to vote in your new precinct, return this form at least 30 days before an election.

2. YOU MOVE TO ANOTHER COUNTY:

Register in that county by completing the application obtained from the county Tax Assessor-Collector. The Travis County Registrar will be informed of your move and your name will be removed from the Travis County rolls.

3. YOU LOSE YOUR REGISTRATION:

A new certificate will be issued only after you personally notify the Tax Assessor-Collector's office.

4. YOUR NAME CHANGES:

Fill out a registration application just as if you were registering for the first time. Indicate on the application the name (and address, if different) under which you were previously registered.

ELECTION CALENDAR 1977-1978

November 8, 1977

- Constitutional Amendments
 - State Representative, District 37B
 - County bond election
- (Absentee voting: October 19 - November 4)

March 2, 1978

- Filing deadline for AISD Board positions

April 1, 1978

- Austin Independent School Board
- (Absentee voting: March 13 - 28)

May 6, 1978

- Primary Election
 - Precinct Conventions
- (Absentee voting: April 17 - May 2)

June 3, 1978

- Primary Runoff
- (Absentee voting: May 24 - 30)

November 7, 1978

- General Election
- (Absentee voting: October 18 - November 3)

Special elections may be called at other times.

Voter must be registered at least 30 days before an election in order to vote in that election. It is *not* necessary to register before each election.

Barbara Ellis, Treasurer
League of Women Voters of Austin

Dear Barbara:

Enclosed is an up-to-date statement of LWV-Austin's
TEF account showing a balance of \$112.37.

We have received the final financial report on
the Voters Guide project, however there were no
vouchers or receipts attached. Would it be possible
for you to xerox a copy of the printing bill and
send it to us? If not, a signed receipt would be
sufficient, but we do need some sort of supporting
document with the report.

Rec'd

Thank you for your help.

Barbara Ellis, Treasurer
League of Women Voters of Austin

Dear Barbara:

Now that I have brought order out of the chaos I always bring back from board meeting and have spoken with Betty Anderson, I would like to report the following:

The Project Request Form from Mary Huff, LWV-Austin Voters Service Chairman, anticipated an expenditure of \$756 but asked only \$156.00 from the TEF with \$600 being sought from contributors. Our check for \$156 is enclosed.

(before the above check)
Your present balance according to my records is \$273.75, which represents the 6-30-76 balance of \$166.25 plus \$107.50 which has now been transferred as LWV-Austin's share of the Tracor, Inc. contribution to TEF of \$300.00. Carol Shlipak has informed me that that figure was reported to your president and finance chairman.

Now, with regard to our telephone conversation September 15 and the "missing" \$10.00 deposit, I have no record of a deposit from anyone named Byron Smith, but possibly the following deposit record will help us reconcile:

9-13-75	Mr. & Mrs. T. Hardie Bowman	\$3.00
	Rev. John Barclay	5.00
11-15-75	Clinton & Richards	50.00
	Marian B. Davis	25.00
4-29-76	Margaret Hessin	50.00
5-7-76	Futura Press, Inc.	25.00
	Mrs. C. A. Wright	15.00
	Marian Davis	25.00
	W. H. Crain	25.00
5-28-76	Irene Smith, Realtor	10.00
	Mrs. Jarrell Rubinott	5.00
	Beatrice Horton	10.00
6-10-76	R. B. Rylander, Jr.	10.00

It really is a pleasure to work with you; if you have further questions or you wish the balance of your account, don't hesitate to let us know.

WISE COUNTY *Messenger*

UPDATE!

VOL. 1, NO. 172

WEDNESDAY, SEPTEMBER 29, 1976

THE RANKS of Wise County deputy sheriff's are growing thinner all the time. Three deputies have resigned this week leaving only three on the staff and one of those on vacation. "I'll just do what I can with what I have and hope for the best," said Chief Deputy Ronnie Eaves. Most are leaving to seek other jobs before Sheriff Eldon Moyers leaves office in January. Wise County has no civil service laws to protect county employees when new politicians take office.

A BLAZING one-car collision on U.S. 81/287 just north of Rhome late Tuesday took the life of a Wichita Falls dentist, Dr. Allen Wayne Glidewell. Glidewell was trapped in his burning car after hitting a bridge abutment. Rhome fire fighters extinguished the blaze.

THE CHICAGO Rawhide Manufacturing Company has decided not to build a new plant in Bridgeport and will relocate in North Carolina instead of Texas. Disappointed, but undaunted, the Bridgeport Industrial Foundation pledges to try again. The firm would have employed 200 persons with an annual payroll of \$1-million.

GRAND OPENINGS this week in Decatur. The new Mr. Burger restaurant in the Village shopping center and Jim's Men's Specialty Shop on the northwest corner of the courthouse square.

TODAY IN THE MESS -- The pros and cons of Bridgeport's city manager election Saturday...A complete rundown on Decatur High School homecoming activities...complete coverage of last Friday's football games and the true story about all those Army trucks at Hercules Steel. The Messenger will be on sale all over town after 3 p.m.

IF YOU SEE Decatur police chief Herman Conway today wish him Happy Birthday #29.

RODENTCONTROL will be a top priority for the Extension Service in the next few months. Specialists in getting rid of rats, mice, gophers, coyotes and wolves will be working in the county with farmers to help ease the problem. One phase of the training will be use of the M-44 rifle to control coyotes and wolves.

ADMITTED to Decatur Community Hospital: Sarah Tedrow, Bertie Welch, Samuel Nalls and Arnie Deaton of Decatur; Josie Pierce of Bowie; Toni Odell of Bridgeport; Faye Bridges of Boyd; Kim Wiley of Alvord and Toni Carr and her new baby boy from Chico.

Nancy Rene
[REDACTED]

Dear Nancy,

The Board of Trustees of the Texas Education Fund approved the LWV-Austin's request for \$750 to print Voters Guides at its Sept. 15 meeting.

Enclosed are copies of the Financial Report which are to be returned to the state office, along with copies of receipted bills and three copies of the Guide, no later than one month after completion of the project. Please review p. 4 of the Education Fund Handbook, which includes the checklists.

I'm pleased you are printing a fall Guide; I know the Austin voters appreciate it.

Sincerely,

Betty Anderson

Mrs. Materka;

Unfortunately, I am leaving Austin in the middle of the Voter Guide preparation to move to Dallas. I am trying to organize the Voter Guide preparation before the first of September so that my successor will not be totally in the dark and a mess. Some specifics of the grant are not yet known, but Margaret Roach

should have the specifics by the State Board meeting in September.

Thank you for your consideration, and I shall be seeing you in Dallas after the first of October.

Sincerely

PROJECT: To publish a Travis County Voter's Guide for the
General Election, November 2, 1976

PURPOSE: Education of LWV contributors and the general
public on the qualifications for candidates and their
views on specific issues. Instruction on voting
procedures to be included.

DESCRIPTION OF PROJECT:

The questionnaire prepared for our Primary Voter's Guide shall be dispersed to those candidates who have not responded, requesting their answers be in our office by Sept. 15th. The responses of contested Candidates who returned completed forms for the Primary Voter's Guide, and the newly completed forms shall be prepared for publishing. If necessary a minimum of editing shall be done. We intend to publish only the responses of the candidates in contested races. A minimum of information will be printed about the candidates in uncontested races. Our prepared material is to be delivered to the printer by October 1st.

FOLLOW-UP

Letters of congratulations will be sent to those who are victorious.

DISTRIBUTION:

These Voter's Guides are to be distributed on October 15th to the candidates, our members, and contributors. Specified amounts shall be placed in the Austin Public Library, and its branches, business establishments, and various centers of community activity.

Dear Barbara:

Am truly sorry we weren't more prompt in answering your letter of May 23 which I received June 1, too late for your fiscal year statement. TEF fiscal year ends June 30 and I am enclosing your year-end statement. Next year, if you will write me directly, I'll be sure to send you an early statement if you need it.

I thank you for your patience with us. This has been a year of sorting out and exploring new procedures, but hopefully we are building a foundation for consistent efficiency in the future.

Cordially,

Luc
Mrs. Charles Heaberlin
Treasurer

Dear Sue:

Betty Anderson wrote me that our amended application for printing Voters Guides was approved by the LWV-TEF Board on March 29, and that the \$344.85 in our trust fund is available.

We need to pay our printing bill by the end of this month, so please send us the above amount as soon as possible.

It was good to see you at Council.

Dear Susan,

Your amended application for printing Voters Guides was approved by the Board of Trustees March 29. The \$344.85 in your trust fund will be available from LWV-TEF Treasurer, Sue Heaberlin, when you need it. The Lamar Savings contribution was certainly a generous one, and it is within our guidelines to acknowledge credit to the donor on the publication.

I'm pleased that the Austin Citizen printed your school board Voters Guide. Every little bit helps.

It was good seeing you and your large delegation from Austin at Council.

Sincerely,

Betty Anderson
Chairwoman, LWV-TEF

[REDACTED]

SUBJECT: Ammended application for Education Funds on deposit.

The Voters Guide projects approved by the Education Fund Board in September, 1975, remain unchanged in intent and purpose, but there have been some changes in the methods to be used to complete the projects.

SCHOOL BOARD ELECTION: The Austin League originally planned to print and distribute 10,000 Voters Guides for this election. However, the Austin Citizen, a local newspaper, has agreed to publish the Guide in a regular edition. The circulation of the Guide in this manner will enable us to decrease the number the League distributes to 4,000, thus saving money. Guides will be sent to members and contributors and approximately 3,500 will be placed in the public library and its branches. The short time between the filing deadline (March 3) and the election (April 3) allows very little time for publication and distribution of Voter Guides, and we feel that this plan will enable us to reach the largest number of voters in this short time.

PRIMARY ELECTION: Application for funds made in September was only for a local Voters Guide for the Primary. Since we will also be printing the information provided by the State League on statewide candidates, the Guide may need to be larger than the 8 page tabloid originally planned. We would like to have additional Education Funds available to us to cover the additional cost of a larger Guide if it is necessary. The estimates for both an 8 page and a 12 page tabloid are attached. Lamar Savings Association has agreed to contribute approximately \$500.00 for the publication of the Primary Voters Guide. This gift will be acknowledged in the Guide.

AMENDED BUDGET:

SUBJECT: Application for use of funds on deposit.

PROJECT. Publication by League of Women Voters of Austin of Voters Guide for the local school board election on April 8, 1976 and for the Travis County Democratic and Republican primary elections on May 1, 1976.

PURPOSE. Voter education (local League membership, contributors, and the general public) regarding qualifications of candidates and their views on specific issues.

NEED. To help educate the electorate and to encourage responsible voting.

DESCRIPTION OF THE PROJECT.

Development. Questions on candidates' qualifications and on specific issues are to be developed through discussion of Voters Service Committee and other local League members particularly knowledgeable in pertinent areas. These questions will be submitted to the local board for approval.

Information Gathering. Questions approved by the local board will be distributed to candidates by the Voters Service committee and by Certified Mail where necessary. Replies received will be compiled by the Voters Service committee.

Publication. Copy for the school board election will be taken to the printer by March 15, 1976, and the Voters Guide will be ready for distribution on March 22, 1976. Copy for the primary elections will be taken to the printer by April 7, 1976, and the Voters Guide will be ready for distribution on April 19, 1976.

Distribution. Voters Guides for each election will be mailed to individual local League members and contributors. Remaining Voters Guides will be distributed through the Austin Public Library and its branches, local banks, business establishments and various centers of community activity.

Re: Request for funds from the Austin League

Attached are copies of two projects submitted by the LWV of Austin. Please review and return your comments to me.

Concerning the request for the April 5, 1975 Voters Guide, there seems to be some discrepancy in the amount of funds they have already on deposit with the Ed Fund. I have asked Genie Fritz to clarify their record and I will inform them when writing to them about this project.

The other project concerning the publishing of a City-County Survey, states they will solicit contributions from the community and they have budgeted \$500 for mailing and distribution costs.

League of Women Voters of Texas Education Fund
[Redacted]

Re: The Austin City, Travis County Survey

The League of Women Voters of Austin is publishing a City-County Survey this year. The purpose of this project is to educate and inform League members and the public about the Austin City and Travis County governments using the National League publications as guidelines.

The Austin League has not done a city or county survey since 1953. It is our hope that once this initial survey is published, the information can be continually updated without the necessity of starting from the beginning each time.

The survey will be printed in booklet form (8 1/2" x 5 1/2") using a "soft" cover and saddleback assembly.

Nancy Bene is acting as Survey Chairman. She plans to have the data collected by December 1, the editing and fact verification done during December and January, the final draft to the printer at least by March 1, 1975.

The estimate received from the printer totals \$1180. (See attached copy of printer's estimate.) We are actively soliciting contributions from the community to cover the printer's costs. The Austin League has budgeted \$500 for the survey and this money would probably be used for mailing and distribution costs or any typing, art work, office supplies, or other miscellaneous costs. The printer assures me that inflation costs or additional printing costs would probably not exceed 10% of the estimated \$1180.

Thank you for your consideration of this project.

RE: Application for Education Funds on Deposit

PROJECT: Publication by the Austin League of Women Voters of a
Voters Guide for Austin City Council elections to be
held on April 5, 1975.

PURPOSE: To inform League members, contributors and the general
public of the candidates' positions on specific issues.

NEED: Many voters in the Austin community have come to depend
upon the League of Women Voters to provide objective,
non-partisan voter information before an election.

DESCRIPTION OF PROJECT:

Development: Questions on some of the basic issues in the election
will be carefully formulated by the Voter Service Committee
to be submitted to all of the candidates in the city council
election. The local LWV board will review the questions and give final
approval for the questions to be submitted.

Information Gathering: The approved questions will be either
hand-delivered or delivered by Certified Mail to each can-
didate with proper instructions for response in a cover
letter. The candidates responses will be compiled and sent
by the Voter Service Committee.

Publication: Copy for the City Council election will be delivered
to the printer by March 12, 1975, so that the Voters Guide
will be ready for distribution the weekend of March 21, 1975.

Distribution: The City Council Voters Guide will be mailed to
each candidate, to each member, to contributors and advertisers.
The bulk of the Guide will be distributed through local
banks, the Austin Public Library and its branches, businesses,
and various community activity centers.

[REDACTED]

Dear Mrs. Cole:

The Trustees of the League of Women Voters of Texas Education Fund are pleased to approve your request to use the funds on deposit with us for your proposed Voters Guide project. The Trustees were particularly pleased to have your proposal for consideration so far in advance.

We do wonder if you may want to amend your proposed budget later. The Austin League has \$371.50 on deposit (\$390.00 less the 5% TEF administrative fee). We doubt that the amount budgeted for your registered letters, for instance, will be sufficient to cover that cost should you have a large slate of candidates. Do you not also plan to prepare your own Voters Guide for the Primary or will you distribute only the state Voters Guide? And, of course, we assume you mean to include candidates in the Republican Primary!

Mrs. Karl Schmitt, Austin, will serve as the TEF's project supervisor and should be kept informed of your plans and your progress. A copy of the questions you will ask School Board candidates should be submitted to her in advance to be certain they comply with TEF guidelines and maintain the nonpartisanship required for tax deductible projects by the Internal Revenue Service.

Good luck. It is a pleasure to serve you.

Sincerely yours,

Mrs. Maurice H. Brown

Dear Marion,

In reference to your September 12, 1974 request for Education Funds on deposit, your April 5, 1975 Voter's Guide and your City-County Survey projects have been approved by the Education Fund.

However, as you know the local League must raise their own funds and funnel them through the Education Fund for tax deductible projects.

I have enclosed a copy of your Leagues' account with the LWV-Texas. As you can see your sorta in the hole by a \$1.00.

When you get the funding, I will assign you a project director. Until then we shall keep your requests on file.

Good luck--I know you will come up with something.

Fondly,

Mrs. Darwin M. Winick, President
League of Women Voters of Texas

Re: Request for funds from the Austin League

Attached are copies of two projects submitted by the LWV of Austin. Please review and return your comments to me.

Concerning the request for the April 5, 1975 Voters Guide, there seems to be some discrepancy in the amount of funds they have already on deposit with the Ed Fund. I have asked Genie Fritz to clarify their record and I will inform them when writing to them about this project.

The other project concerning the publishing of a City-County Survey, states they will solicit contributions from the community and they have budgeted \$500 for mailing and distribution costs.

RE: Application for Education Funds on deposit

PROJECT: Publication by the Austin League of Women Voters of a
Voters Guide for Austin City Council elections to be
held on April 5, 1975.

PURPOSE: To inform League members, contributors and the general
public of the candidates' positions on specific issues.

NEED: Many voters in the Austin community have come to depend
upon the League of Women Voters to provide objective,
non-partisan voter information before an election.

DESCRIPTION OF PROJECT:

Development: Questions on some of the basic issues in the election
will be carefully formulated by the Voter Service Committee,
to be submitted to all of the candidates in the city council
election. The local LWV board will evaluate and give final
approval for the questions to be submitted.

Information Gathering: The approved questions will be either
hand-delivered or delivered by Certified Mail to each can-
didate with proper instructions for response in a cover
letter. The candidates responses will be compiled unedited
by the Voter Service Committee.

Publication: Copy for the City Council election will be delivered
to the printer by March 12, 1975, so that the Voters Guide
will be ready for distribution the weekend of March 21, 1975.

Distribution: The City Council Voters Guide will be mailed to
each candidate, to each member, to contributors and advertisers.
The bulk of the Guides will be distributed through local
banks, the Austin Public Library and its branches, businesses,
and various community activity centers.

Re: The Austin City, Travis County Survey

The League of Women Voters of Austin is publishing a City-County Survey this year. The purpose of this project is to educate and inform League members and the public about the Austin City and Travis County governments using the National League publications as guidelines.

The Austin League has not done a city or county survey since 1953. It is our hope that once this initial survey is published, the information can be continually up-dated without the necessity of starting from the beginning each time.

The survey will be printed in booklet form (8½" x 5½") using a "soft" cover and saddleback assembly.

Nancy Bené is acting as Survey Chairman. She plans to have the data collected by December 1, the editing and fact verification done during December and January, the final draft to the printer at least by March 1, 1975.

The estimate received from the printer totals \$1180. (See attached copy of printer's estimate.) We are actively soliciting contributions from the community to cover the printer's costs. The Austin League has budgeted \$500 for the survey and this money would probably be used for mailing and distribution costs or any typing, art work, office supplies, or other miscellaneous costs. The printer assures me that inflation costs or additional printing costs would probably not exceed 10% of the estimated \$1180.

Thank you for your consideration of this project.

RE: Application for Education Funds on deposit

In the fall of 1974, the LWV of Austin wrote a request for Ed. Funds based on the plan to publish a Voters Guide for the Spring 1975 City Council Election. As our plans progressed, we had our material published in two local newspapers rather than expending funds to pay a printing firm. We purchased extra copies of the Voters Guide (from the Austin Citizen) which we distributed to local libraries.

I am now requesting the balance of our Ed. Fund account of \$174.80 to partially cover the money expended for 7,000 state Voters Guides in October, 1974 and the \$58.00 expended for extra copies of the City Council Voters Guide in March, 1975.

7,000 Voters Guides @ \$17.00 per 1,000	\$119.00
state sales tax on above state guides	<u>4.75</u>
LWV of Texas invoice #349, Pd. ALWV ch #224	\$123.76

Oct. 15 delivery of State V.G.	
Central Freight Lines, pd. ALWV ch.#216	<u>\$10.78</u>
TOTAL	\$134.54

Reprints of City Coun. V.G.	\$134.54
<u>Austin Citizen</u> invoice inclosed	<u>\$58.00</u>
TOTAL	\$192.54

If you have further questions concerning our request, please let me know right away. Thank you.

Sincerely,

Maurice H. Brown

RE: AMMENDED APPLICATION FOR Education Funds on Deposit

In lieu of the ALWV April 15th request for Ed. Funds, please consider the following as our ammended request:

In the fall of 1974, the LWV of Austin wrote a request for Ed. Funds based on the plan to publish a Voters Guide for the spring 1975 City Council election. Asevents progressed, the city of Austin was surprised with a Special City Council election only one month before the regular City Council election. The Austin League prepared Voters Guide material for both elections. Instead of paying a publisher, we had the material for both Guides published in two local newspapers. By taking this approach, we did not alter the substance of the Guide at all, only the method of publishing was changed from our original plan. We then purchased extra tear sheets of the Voters Guide from one of the newspapers, The Austin Citizen for both elections. These tear sheets were mailed to members, contributors and advertizers, and placed in the public library and its branches in Austin. This arrangement represented a considerable savings for the local League and two satisfactory Voters Guides were the result.

I am requesting funds from our Ed. Fund account to cover the expenses resulting from this altered method of publishing the Voters Guide material.

Itemization on the following page.

LEAGUE OF WOMEN VOTERS OF AUSTIN

P. O. Box 5365
Austin, Texas 78763

PAGE 2

AUSTIN LWV REQUEST FOR ED. FUNDS

ITEMIZATION:

<u>Austin Citizen</u> tear sheets for Special Election	\$26.00
Bulk postage for mailing Special Election V.G. to members, contributors and advertisers	\$27.21
<u>Austin Citizen</u> tear sheets for Regular Election	\$32.00
Bulk postage for regular election V.G. mailed to members, contributors and advertisers	\$30.99
Flyer to inform public where to find V.G. material for both elections	\$42.90
Duplicating expenses in preparation of V.G. material for printing	\$12.00
TOTAL	\$171.10
