I write today as I may not have time to-morrow. I write one this by the Cabinet. I will write by the Ohio, if she does not go down until her usual day (Wednesday). It may be that she will go down Corner. I think it likely that she will. I was not very well the day after I got home. I am now well as usual. I have nothing more to write. I hope you will write by the Cabinet as she returns. And continue to write until you go home. And after. If it is but a few lines just enough to let me know how Mother is getting along. Show you are.

Tell Mother, I hope she has got rid of her low spirits ere this. And I hope to find her not only improved in health but in spirits.

Remember me kindness to the family.

Your off Son
W. C. Ireland

December 15th 1853.

Dear Father,

Virginia has improved very much, She has taken no medacine since Monday night; Yesterday & today she is up, her appetite is becoming good. Pamelia, is still unwell, but I do not think she is any worse, She sits up nearly all the time; this morning She had a Chill, produced mainly I think, from her feet becoming cold. Her throat is sore, She has had something the matter with her throat for nearly two years. it is sometimes worse, & then again she feels very little of it for some time.

I am well. We will come down as soon as we can feel safe, in going out. I hope to get a letter from you by tomorrows mail, I feel anxious to hear how you all are, & particularly as to Mother. I suppose you have received my letter by last Mail, informing you of Joseph's death, and it is unnecessary for me to say more now, on the painful subject. We bear his likness & will hang it down with ours.

Your Son. W. C. Ireland.

Mr W. C. Tolacco

Clarksburg. Ky. July 5th 1854.

Dear Will

I saw David on last Sunday and he requested me to write to you that he wanted you to come down on Cabin Creek as soon as you can possibly get off from home he thinks you can do him a great deal of good down there. John Bruce wants you to come to Normans Bottom and spend a week there before the Election. but Dave's friends think that it would not be prudent for you to go there but to come down to your fathers and ride around there awhile and it will not create so much talk. The Excitement is very high and still increasing particularly in the race for Judge & Clerk. McKellup and Morgan Thomas are circulating all kinds of false Reports to injure Davids Election and I am in hopes they may both be badly beaten for their trouble. Walbrook is doing Dave good service instead of abusing George Walbert (as he generally does those who he is opposed to) he says every where he goes that George Walbert is a Clever fellow and that he would make a good Clerk. but as he has a profesion that will support him, and two very lucrative offices his modest nature ought to forbid him from imposing upon the good nature of the people by asking for a third and that David Robb is as good a Clerk as there is in the State and that he is strictly honest and without a profesion and that the people ought in Justice and good Conscience to elect him. Lark has gone to Versailles Ky and Expects to travel through a great portion of the western part of Ky doing business for Baker, Jones & Co of Philadelphia the House he is doing business for. they owe him accounts to the amount of $50.000. to collect all in Ky. He will be here during the Election. he and I are going to Philadelphia as soon as the Election is over. Write soon.

Yours Respt.

Rich'd Robb
