S. Lee, Inbach & Son, Milwaukee, Wis. Patented September 28th, 1898.

Received from Biggs
Connersville, Ind., 4/17
Rex Buggy Co. 1901
The property described below, in apparent good order, except as noted (contents and condition of contents of packages unknown), marked, consigned and destined as indicated below, which said RAILROAD CO. agrees to carry to the said destination, if on its road, otherwise to deliver to another carrier on the route to said destination.
It is mutually agreed, in consideration of the rate of freight hereinafter named, as to each carrier of all or any of said property, over all or any portion of said route to destination, and as to each party at any time interested in all or any of said property, that every service to be performed hereunder shall be subject to all the conditions, whether printed or written, herein contained, and which are hereby agreed to by the shipper and by him accepted for himself and his assigns as just and reasonable.
Upon all the conditions, whether printed or written, herein contained, it is mutually agreed that the rate of freight from
CONNERSVILLE to 2.4 cts. per 100 lbs.
is to be _____ cts. per 100 lbs.

CONDITIONS.

1. No carrier or party in possession of all or any of the property herein described, shall be liable for any loss thereof or damage thereon, by causes beyond its control, such as floods or by fire from any cause or where occurring; or by loss, seizure or stoppage of labor; or by leakage, breakage, chafing, loss in weight, or changes in weather, heat, frost, wet or decay, or from any cause if it be necessary or is usual to carry such property open cars.
2. No carrier is bound to carry said property by any particular train or vessel, or in time for any particular market, or otherwise than with reasonable dispatch as its general business will permit. Every carrier shall have the right, in case of necessity, to forward this property by any railroad or route between the point of shipment and the point to which the rate is given.
3. No carrier shall be liable for loss or damage not occurring on its own road or its portion of the through route, nor after said property is ready for delivery to the next carrier or to consignee. The amount of any loss or damage for which any carrier becomes liable shall be computed at the value of the property at the place and time of shipment under this bill of lading, unless a lower value has been agreed upon or is determined by the classification upon which the rate is based, in either of which events such lower value shall be the maximum price to govern such compensation. Claims for loss or damage must be made in writing to the agent at point of delivery promptly after the arrival of the property, and if delayed more than thirty days after the delivery of the property, or after due time for the delivery thereof, no carrier hereunder shall be liable in any event.
4. All property at all be subject to necessary coopers and baling at owner's cost. Each carrier over whose route cotton is to be carried hereunder, shall have the privilege, at its own cost, of commencing the same for greater convenience in loading and forwarding, and shall not be held responsible for unavoidable delays in procuring such compression. Grain in bulk consigned to a point where there is an elevator may (unless otherwise expressly agreed) be stored in bulk, and then if it is not promptly unloaded be there delivered, and placed with other grain of same kind, without respect to ownership, and if so delivered shall be subject to a lien for elevator charges in addition to all other charges hereunder. No carrier shall be liable for differences in weight or for shrinkage of any grain or stock carried in bulk.
5. Property not removed by the person or party entitled to receive it within twenty-four hours after its arrival at destination, may be kept in the car, depot or place of delivery of the carrier, at the sole risk of the owner or said property, or may be, at the option of the carrier, removed and stored as stated under the owner's risk and cost and there held subject to lien for all freight and other charges. The delivering carrier may make a reasonable charge per day for the detention of any car and for use of track after the car has been held forty-eight hours for unloading, and may add such charge to all other charges hereunder, and hold said property subject to a lien therefor. Property destined to or taken from a station at which there is no regularly appointed agent, shall be entirely at risk of owner when unloaded from cars, or until loaded into cars; and when received from a delivery on private or other sidings, shall be at owner's risk until the cars are attached to, and after they are detached from, trains.
6. No carrier hereunder will carry, or be liable in any way for, any documents, specie or for any article of extraordinary value not specifically named in the published classifications, unless a special agreement to do so, and a stipulated value of the articles, are endorsed hereon.
7. Every party, whether principal or agent, shipping inflammable, explosive, or dangerous goods, without previous full written disclosure to the carrier of their nature, shall be liable for all loss or damage caused thereby, and such goods may be warehoused at owner's risk and expense or destroyed without compensation.
8. Any alteration, addition, or erasure in this bill of lading which shall be made without the special notation hereon of the agent of the carrier making this bill of lading shall be void.
9. If the word "order" is written hereon immediately before or after the name of the party to whose order the property is consigned, without any condition or limitation other than the name of a party to be notified of the arrival of the property, the surrender of this bill of lading property endorsed shall be required before the delivery of property at destination. If any other than the aforesaid form of consignment is used herein, the said property may, at the option of the carrier, be delivered without requiring the production or surrender of this bill of lading.
10. Owner or consignee shall pay freight at the rate hereon stated, and all other charges accruing on said property, before delivery, and according to weights as ascertained by any carrier hereunder; and if upon inspection it is ascertained that the articles shipped are not those described in this bill of lading, the freight charges must be paid upon the articles actually shipped, and at the rates and under the rules provided for by published classifications.
11. If all or any part of said property is carried by water over any part of said route, such water carriage shall be performed subject to the conditions, whether printed or written, contained in this bill of lading, including the condition that no carrier or party shall be liable for any loss or damage resulting from the perils of the lakes, sea, or other waters; or from explosion, bursting of boilers, breakage of shafts, or any latent defect in hull, machinery or appurtenances, or from collision, stranding or other accidents of navigation; or from the prolongation of the voyage. And any carrier hereunder shall have the right to deviate from the route of the voyage, and to tow and be towed, and to assist in distress, and to deviate for the purpose of saving life or property. And any carrier by water liable on account of loss of or damage to any of said property shall have the full benefit of any insurance that may have been effected upon or on account of said property.

Upon all the conditions whether printed or written, herein contained, it is mutually agreed that the rate of freight

CONTRACT.

AGREEMENT made and entered into this 23 day of Aug. 1900 between the ROCK FALLS MANUFACTURING Co., of Ster-
y their Agent, M. C. E. Bensinger and Messrs. J. W. Moser & Bros.
Texas WITNESSETH: That for and in consideration of Five hundred
DOLLARS (\$500.00) in payments as hereinafter described, the ROCK FALLS MANUFACTURING
liver on board cars in Sterling, Illinois, one Hearse, No 10 Black same as described in their catalogue, with patent clamp,
perfect condition, and warranted as to material and workmanship for twelve months from the date of shipment. And it is
eed and made a part of this contract, that no allowance shall be made under this guaranty for damage to paint on hearse
exposed to the action of ammonia; and that the said ROCK FALLS MANUFACTURING Co., shall not be responsible for any
urred, or loss of business, while the said hearse is being repaired. Track 4 feet 8 inches.

Gaslin Cover = Storm Apron = Door Steps.
ng to be included with this Hearse that is not stated on this contract.
ayments for this Hearse are to be made as follows, with Exchange and a reasonable Attorney's Fee if suit be brought for
same:
upon receipt of Hearse, \$..... Month Note. \$..... Month Note.
or 5% off for all cash on receipt of the hearse.
payable 25.00 per month
payable 20.00 per month.

tes to bear interest at the rate of 6 per cent, per annum, interest payable semi-annually, secured by mortgage on Hearse
policy made payable to the ROCK FALLS MANUFACTURING Co., as their interest may appear.
lure of the purchaser to comply promptly with these terms makes the amount due and payable on demand.
ressly agreed by the makers hereof that the title, ownership and right to possession of said Hearse shall remain in the
LLS MANUFACTURING Co., until these terms are fully complied with.
earse is to be shipped Oct. 1 - 1900 .., or as soon thereafter as possible.
ntract cannot be cancelled, and no verbal agreements with agents will be recognized by the Company.

Falls Manufacturing Company, Signed,

(or to a connecting carrier if destined beyond) on payment of all charges thereon in lots or parts of lots as delivered upon the following terms and conditions, which are assented to and accepted by the owner, viz.:

1. The liability of the Texas & Pacific Railway Company in respect to said property and under this contract is limited to its own line of railway, and will cease and its part of this contract be fully performed upon delivery to its next connecting carrier, of the articles mentioned herein and receipted for hereby; and in case of any loss, detriment or damage done to or sustained by any of the property herein receipted for before its arrival and delivery at its final destination, whereby any legal liability is incurred by any carrier, that carrier alone shall be held liable therefor in whose actual custody the property shall be at the time of such damage, detriment or loss.

2. That the rate of freight for transportation of said property specified in the margin hereon is quoted and guaranteed with the distinct understanding, and only on condition that the class and character of the contents and the weight of the packages hereby receipted for and referred to herein are truly and correctly represented and stated; that the weights and class specified hereon are only approximated, and correct weights and classifications are to be ascertained, and collections of charges made at destination accordingly; that said rate only includes charge for transportation, and the specification of said rate shall not be taken as any guide for construction, or evidence to extend this contract in other respects, or to bind The Texas & Pacific Railway Company to transport or to become in any wise responsible for said property after delivery thereof to its next connecting carrier, but shall only bind said company to protect said rate.

3. That neither The Texas & Pacific Railway Company nor any connecting carrier handling this shipment shall be liable for damage to or destruction of said property by fire, nor for any loss or depreciation in weight or quality thereof, nor for any damage or injury thereto caused by rust, moisture, heat, cold, dust, dirt, nor by chafing or breaking of furniture, breaking of glass, crockery, earthenware, pottery, stoves, machinery and agricultural implements, leaking of casks, barrels and cases, bursting or breaking of packages, boxes, bundles, barrels, cases and bags, nor for natural decay and deterioration, nor for perishable property of any kind caused by delays from any cause, or by weather or exposure, nor for loss or damage of any kind, to property which it is necessary, on account of bulk, to transport on open cars, nor for loss or damage by collision or any of the other dangers of navigation while on seas, gulfs, lakes, rivers and canals.

4. That if the property hereby receipted for, or any part thereof, shall be lost or destroyed by means or under circumstances rendering the Texas & Pacific Railway Company or any connecting carrier liable therefor, the damages recoverable therefor shall be computed at its value at the time and place of shipment as evidenced hereby.

5. That no suit or action against The Texas & Pacific Railway Company on any claim for damages arising from any breach of this contract, or injury to or loss or destruction of the property mentioned and receipted for hereby, shall be sustained in any court unless notice in writing distinctly setting forth the claim shall be given to the nearest or any other convenient local agent of said Railway Company before the expiration of ninety days from the date of accrual of such claim; and in no event shall any suit or action in any court for damages arising from any breach of this contract, or for damage or injury to, or loss or destruction of said property, or any part thereof, be sustained unless the same shall be commenced before the expiration of two years from the date when such breach, injury, loss or destruction occurred; and the lapse of such time shall be conclusive evidence against the validity of such claim and demand.

6. That neither The Texas & Pacific Railway Company nor any connecting line transporting said property shall be liable for wrong carriage or wrong delivery of any of said packages or property that are marked with initials or numbers, or that are imperfectly marked, or that are without marks.

7. That the validity of the provision of this contract restricting the liability of the carriers shall be tested by the rules of the common law relating to the contracts of a similar character, as recognized and followed by the Supreme Court of the United States.

8. That the acceptance of this bill of lading shall be deemed conclusive proof of the assent of the owner of said property to all the terms and conditions written or printed hereon.

IN WITNESS WHEREOF the Agent of The Texas & Pacific Railway hath affirmed to Bill of Lading of this tenor and date, one of which being accomplished, the other to stand void.
