May 3-16

Dear Julia:-

I was happy to receive your card and hear you had such a nice time on your trip, and saw so many of your relatives.

It does us all good to get away from home, see new people, new country and eat other peoples food - still, when we return, we feel there is no place like home.

I've had a siege the past three weeks my land lady, had a stroke and had to be in the hospital, I took over her two dogs, a cat, eleven chickens, many pot plants and a yard to water - it was a job - but she was so wonderful to me, when I was sick, I was glad to help any way I could.

She is home now, and doing nicely,
she has a good colored woman to stay
with her.

Seems every whered move, I get into a
jack pot.

Mildred, sister Alma's daughter from
Oregon, was here for four days, she
was on her way home from the D. A. R.
Convention in Washington. she spent
two days in S. M. and she took her mother
with her to S. A. for the other two days.
Sister A. was like a different person,
her trip and seeing her girl did her
a world of good. the girls gave her
a permanent while she was there.

Beebie, had a good time doing as
she pleased while A. was away.
We had an inch and a half of rain

Tues. night. the biggest rain we have

Mrs. Zora M. Talbot

San Marcos, Texas

had in many months, things look
brighter now.

We are having an election Sat. to try
and get beer in this county, we have
been dry 67 years, and please pray
with me that we will keep it dry
for 67 more years, we don't need
it here, with all the schools we
have.

I want to get this in the box be-
fore the post man comes, so must
close

With lots of love
Zora
