REPLY TO
ATTN OF: SMVV (643-1032)

16 May 1969

SUBJECT: Standard Launch Vehicles Program Office (Combined Atlas Program
Office and Medium Launch Vehicle Program Office)

TO: Headquarters NASA
Attn: SV/Mr. P. Goozh

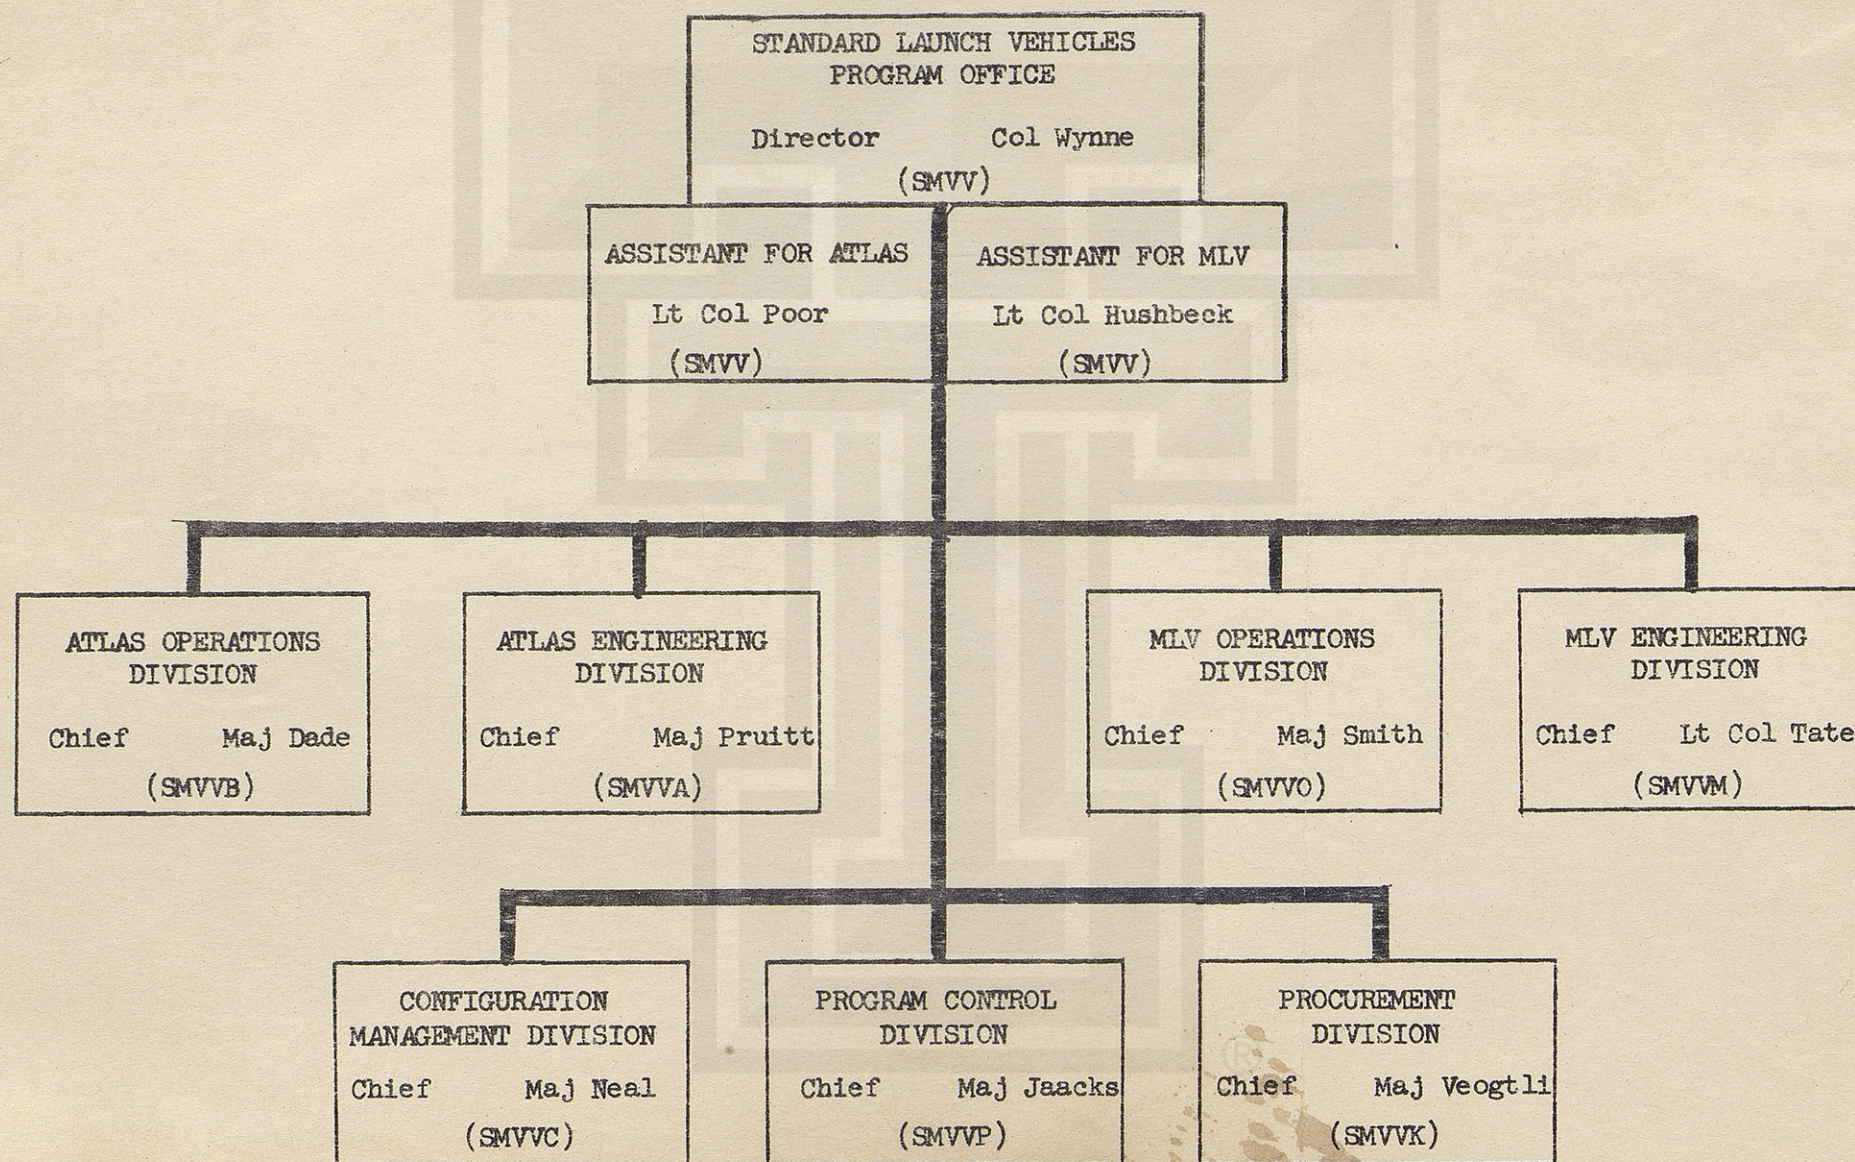

1. Attached is a copy of the new Standard Launch Vehicles Program Office organization (SMVV) effective 1 May 1969. The basic organizational change involves consolidation of the Medium Launch Vehicle and Atlas Program Offices under one Program Director, Colonel Hugh Wynne (SMVV), with two Assistant Directors: Lt Col A. Poor (Manager for Atlas) and Lt Col E. Hushbeck (Manager for MLV). Within the new organization, there are two Engineering Divisions (SMVVA--Atlas Engineering Division, formerly SMVZE; and SMVVM--MLV Operations Division, formerly SMVXO). Other changes involve the consolidation of SMVXC and SMVZC into one Configuration Management Division (SMVVC), SMVXK and SMVZK into one Procurement Division (SMVVK), and SMVXP and SMVZP into one Program Control Division (SMVVP).
2. Col Downhill, formerly Program Director of the Medium Launch Vehicle Program Office (SMVX) and Maj J. Lee, formerly Chief of the Program Control Division (SMVZP) are now located in the Deputy for Launch Vehicles' Office (SMV). Lt Col Smithson, formerly Chief of Procurement Division (SMVXK) has transferred to the AFPRO Office at Northrop.
3. The majority of personnel have remained in their same divisions with only the division symbols changing (i.e., if a person was previously in SMVZK or SMVXK, he will now be in SMVVK).
4. It is suggested that all communications and correspondence from your organization be directed to the appropriate personnel in the Standard Launch Vehicles Program Office. Telephone numbers for each Division Chief should be changed by the 19th of May so that they will have the same numbers they had before. Colonel Wynne's number will remain 643-1032; Col Hushbeck's number will remain 643-0024; and Col Poor's number will be 643-1032 or 643-0447.
5. Should you have any further questions regarding organizational responsibilities, functions or personnel, please feel free to contact this office.

Hugh Wynne
HUGH WYNNE, Colonel, USAF
