MR. Sprott -

As a followup to our conversation back in July - I wish to thank you for locating the cemetery in Moody where my Gr-Gr-Grandfather is buried.

I took some time on November 1st to travel up there and visit the cemetery. Everything was just as you described, and the directions were very good.

I have included here a digital photo of my gr.-gr.-grandfather - William A. Meador. My maternal grandfather was a photographer in Alpine, Tx., and he enlarged & colorized a small Tin-type photo of his grandfather. This portrait has been handed down

in my family ever since.

In return for your very generous help with locating his burial site, I would be willing and happy to provide a reproduction of this portrait if the Bell County Historical Society or museum is interested in this. I also transcribed his discharge papers from microfilmed records in Hill College, again if this is of interest to the historical society. (I have also sent a write-up to Civil War Times magazine. I'll wait to see if they use it for publication).

You may contact me by mail, phone or email.
