

Stamford, Texas.

March 23, 1918.

Dear Mrs. Hart:

I suppose you think I am the most negligent girl in the world and I really am. I am surely busy with my school work now. I have been working on my thesis and it takes quite a bit of work.

Mr. Saunders has resigned. He is going to school all the summer. I really hate to see him leave. He kept the school alive and I don't know what we will do now. For a long time we were scared up about the school term. It was thought that we wouldn't.

Grandma wants you to tell her about your boys, whether Mr. Vernon has, or not.

have enough money to run the nine months but it has all been settled now. Everyone who can now pays \$1.50 each month to help out. Here are my grades for the last two months:

English: 98-93- Physics: 99-100-
History: 96-97- Latin: 97-98.

I haven't taken music for about two months. Miss Drake quit and we never have started in again. I hope you will come back this summer and teach us. When do you think you will come home? We surely do miss Miss Drake, I was crazy about her but Mary Francis didn't like her much.

We have gotten us a class ring and have been looking at invitations all the past week.

I don't feel much like a senior. If it wasn't for the messy old thesis, I would never think it was my senior year.

Mary Francis and Pauline are doing nicely in school. I don't think that either of Mary Francis' teachers has argued her out of any of her views yet. You know she always stood up for her rights.

Mrs. Hart, do you remember the time Mary Francis and I went off to the picture-show and mama telephoned for us while we were gone? We haven't done such a thing since then. I suppose I have settled down more than I was then.

Lucile is still going to the college and likes it fine. Aunt Belle is well ~~but~~ she doesn't see much now.

Isn't everything high now? We surely have a time about getting substitutes, but we try to observe the "less" days as much as possible.

We have been having some spelling matches at school and guess what happened - I spelled the whole N. school down. Grandma thought that was one of the seven wonders of the world. Write to me and tell me what you are doing - Lots of love from Willie Belle.

Willie Belle Wason,
Stamford, Texas.
