

Tuesday.

Dear Julia:-

I was in Austin yesterday. Beebie, was very uncomfortable, can't retain her food.

The nurses are wonderful to her, and she is charmed with the hospital.

If you want to send her a card its Seton Hospital Room 111 - she will be glad to hear from you -

I am so busy & have so much to look after, it is no help so if you don't hear, know she is the same - Love Don -

Sunday.
Dear Julia:

I was up to see
Beebe, Friday with Clarence
and Alice Malone.

They are giving her radium
and they would only let us
see her a few minutes.

Not that it would hurt
her, but it might hurt
us.

She is awful weak & looks
so pitiful.

Tessie is going to take me up
this P. M. she has asked sister
Alma to go too, but she hasn't
said she would go - she too is
pitiful.

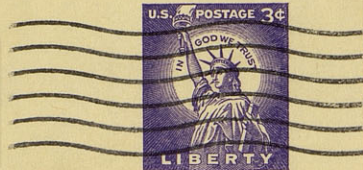

I have two on my hands to look
after, and it's hard on me.

With lots of love -

Joe -

Saturday.

Dear Julia:-

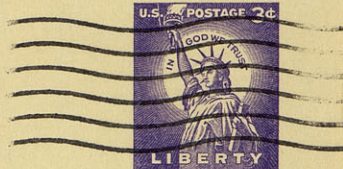

I was in Austin
yesterday afternoon, found
Beebie, suffering terribly -
Her right hand was so
she could not hold herself -
she has had trouble with
that arm and hand
several years -

She is very weak, but is
rational and likes her
letters and cards -

Alice Gracey, and Edna Colburn
come to see her every day
sorely appreciate their
kindness - Alma, is sick
and I'm having a time
Love you -
