March - Thursday 1 1912

- 1 Since the 5th of November 1911 I have not kept a daily account of any events I have been in and out of the hospital at Nucleshore & Amherst and lost all of my desire to keep up my daily writings which I started in March 28, 1911. But I am going to try and pick up my interest in my daily writing of events of each day. We Sallie & I went to Nucleshore on out to the farm. I wanted to see if the wind got the land started to blowing. It was not hurt up to this date. I hope for the boys to come home tomorrow or the next day. W. D. and Gladys Porcher for dinner.
- Tue. We did go off the place today. Harold & Della came in about 3:00 P.M. they looked worn out. Not much back fishing. But all report a good time. That is a long way to go and no fish.
- Wed. We are getting ready to go to Nucleshore this afternoon. The time as of now is 12:10 P.M. We will leave soon. The cold spell killed all the fish & other fruit we had. We decided we would go to the Amherst Co. Op. Hospital to see Hughie Lyle. He has been in the Hospital 8 or 10 days. We visited with him for about 1 hr. He sure got a lot of pleasure out of our visit. He can't hear any thing but he can talk and that helps him a lot.
- Sun 4 Sallie went to church. I thought I would go to church. But I did not feel like it. We went up to Harold & Della's and over to see Mrs. Morrow who is in the West Plains Hospital. She is some better.

Monday March 5 1962.

Mon. 5.

We did intend to go to Lubach, but decided we would not go for a day or two. I am a little afraid to drive there and back in 1/2 day. I do not feel too good in the early morning. But feel better after a while up in the day.

Some times I just wonder if I did really have a heart attack at first on November 5th 1961? How even there was something wrong with me at that time. and I am still bothered with something. Short breath. Chaddy this Am. But no rain yet.

Tues. 6.

Well nothing of note happened today. I felt pretty bad this early Am. But felt better after noon. I went down for the mail. But got nothing but insurance people's "junk" mail, which I deposited in the P.O. went to parcel. It takes a big parcel to take care of such mail, for no one will read it.

Wed. 7.

Another day the same as yesterday. Only we Sallie & I had a call on the Times and Laura Giff which we all seemed to enjoy. They have brought Uncle Squire home from the hospital. He was sure glad to get back home.

Thurs. 8.

W.C. Pozich and

Harold had us over for dominoes game. We had them to me & Sallie. W.C. and Sallie

did not get out in the cold much today. We had several callers. Harold & Sallie came down to see how I or we were getting along. I have been having some pain in the vicinity of my heart. I'll have to go tomorrow for a check up and some more of the Nitroglin tablets. I bet the bottle that I had them in we had a big series of domino games this P.M.

9. we went to the South Plains Hospital
Amherst. I wanted a check up. My Dr.
Chatterell was out of town for a
rest I think. Any way Dr. Bauman
took care of wounds. He took a blood
test and other general check up.
But I will not know the results of
the blood test till Monday, the 12th.
I have a tablet that I have to keep with
me at all times, and the trouble was
I lost the little bottle, and that threw
me out of balance. But I got a new
supply as soon as I got to Hospital.
Mr. Mrs. W. C. Parish come over one day
and we play dominos and have a
good time and enjoy it. Then Sallie & I
go over to their house and play dominos
that way we pass away lots of
lonely hours.

Sat. 10 The wind began to blow from the
South west and west and quite a
sand storm came up about 10.00 AM.
At Noon the wind sand laden. And it was
very disagreeable. No one could hardly see
across the street. We went over to W. C. Parish
home and played dominos near all afternoon.
Quit in time for the Perry Mason program.
which comes on at 6.30 P.M. We have
lots of fun at these domino games. Mrs.
Parish & I beat Mr. P. and Sallie 3 out
of 4 games. Then we traded partners.
Parish & I played the two ladies. The score
played 4 games. Parish & I beat them 3 out
of the 4 games. We had a good time
the weather is getting colder. Time now 9.30
P.M. and the wind is still blowing.

Sunday March 11 1962

Sun 11 I do not know whether the wind stopped blowing all night or not. It was still blowing when I got up at 6:45 A.M. But it calmed down about noon. None of us went to church was too cold and windy for Sallie & Pat to walk. And I did not feel like getting out in the cold wind.

However we had several callers. Fred Meekes came over for an hour chat. Dad & Sda came by to tell us that our Baptist pastor Herbert Austin resigned, as of the present time. Without making any kind of a statement. He called his wife out of the ^{house} ~~house~~ also his two young sons and they left without a word. I do not know just what the score was. I have not attended church since my first heart attack the fifth 5th of November. I am getting so shaky I can't hardly write.

Mon. 12 I was up and ready to go over to the Ambrosia Hospital early. But at that when I got there 12 to 15 patients ahead of me. I did not get my checkup till after 12 noon. According to the Dr I am doing fine. He prescribed a treatment for my Bronchus tubes and it is helping me fine. Dad came by and stayed for dinner. Then we went up to my farm to see if Harold had got his new tractor. He had. And was plowing with it.

Tues 13 I feel better than I have felt in quite a while. Well since I had my first heart attack Nov. 5th. Hope I continue to improve.

Wed 13. The Parish's came over and we had a fine domino game. We all went down to Whites Dairy for the milk. we have to go for it now as Mr. White has quit making deliveries. The cows have all gone dry at once. We get 4 gallons per week. I was

Wed 14. about to forget. I went over to Mr. Dean. all of us have stayed home all day. Mr. Parish came over for us to come and play dominoes. But Sallie was making one of those fancy pillows and could not come at once.

odd nights

We had a 3 handed game and it a real enjoyable after noon. Soaks very much like we will get some rain or snow to night. The weather report is lots of snow from Colorado City to Dallas. From 3 to 5 inches in most places. The snow is worth late to the planters.

Thur 15 an other odd night. But the sun is out warm & bright by noon. We did nothing but stay in doors most of the day.

on ather odd night.

I did not go for the mail Mr. Parish brought my mail. He gave to town in pass and after noon. We just eat sleep and do nothing. Well we did get out and hord the onion patch out or dug up the ground. The sand storm dried out the manure and the ground was getting hard. Our garden is good.

Fri 16 We were at home all fore noon. Went to Little field in after noon. We had all the children home evening for the fish fry. 42 games. Those attending were Harold & wife Willie of Muleshoe Mr & Mrs Orvalis Coe of

Cat fish Bait.

Mix thoroughly 1 lb. old soft limburger cheese and 1 lb. of can of wall paper cleaner (the doughy putty like kind.) Add 20 drops of oil anise. Keep in tight can or jar. The cleaning agent in the wall paper cleaner keeps bait soft. It stays on hooks and it really takes the cat fish.

Friday March 16 1962

Continued from Page 11

Fri, 16. Lubbock also Billy, Mr. Mrs Robert DeLoach of Sudan. and Mrs Dorothy Blackman of the home. After the fish supper, the 4x games were in order till 12 mid nite. all seemed to have a great time. The fish were caught some time back at Falcone dam.

Sat, 17

On ather March 17. In going through my diary, I have made mention of what hapened on March 17 1902 at Vernon Texas. Sallie & I went up to Mulishor this P.m. On out to farm. Harold & Sallie wanted to go to Gloris with me never were off. Dot did not want to go. Sallie bought some Pull down window shades. She is doing away with the vengeance type of blinds. we do not like them. Ardie & Jimmy and Bill left early. They were dur back at their printing office at 8:00 A.m.

Sun 18 Sallie went to church Dot stayed home to fix dinner. we all went down to Littlefield. We went to visit with the Robert Henderson sons. But they were gone to her sisters. She lives at Dumas I think. we came back and visited with the Tom Stanleys balance of the afternoon.

Monday March 19 1962

Mon 19. I went to the Hospital at Amherst early but there was so many ahead of me I did not want to wait my No. So I came on home I may go back tomorrow for a check up. I think I am doing quite a lot better. Sallie & I went for the milk Mr White does not deliver the milk any more. I we have to go for it.

Tues. 20. Nothing doing. Only step in door. I went for the mail and some (2) stove bolts to put my 1962 car plates on car. The No. is 8700 we still have cold nights.

Wed. 21. at home all fore noon till about 3.00 P.M. My brother Bowden (B.M.) and wife Bess came in from Snyder, Tex. There home. we did not know they had come home from the Idaho job that he has been working on for about a year. They will be at home for some time now. They both looked good and healthy. About 4 P.M. we all went up to the farm where Harold & Sallie live. We stopped in Muleshoe for some food. on this day is double stamp day. S. & H. stamps. We had a good long visit before we went to bed.

Thurs 22 We were all up and had breakfast by 8.30 A.M. and then Bowden & Bess took off for home. Mine as of now 9.00 P.M. The Parishes came over for 3 games of dominos W. C. and Sallie beat Mrs Pariah & me the 3 games. But they did not have any thing to bet about. But the four of us have lots of fun playing.

Friday March 23 1967

Fri, 23 I was called by Harold telling me about the Blue Cross & Blue Shield Insurance people's old age plan. I went up to farm to see what it was all about. I think it would be a very good plan for old people. He is watering the land on my place, also the Walker place too. We had a very hard sand storm all day. But was not blowing the land on my place. But the place or farm west of mine it was beginning to blow it when I left to come home. I had to buy some more medicine at Muleshoe. The kind that Dr. Chatursee prescribed for me some time back.

Sat 24 This is Saturday March 24 at 7:45 AM. I got up at 6:00 AM and now the snow is falling. We could have a regular spring snow storm, the way it has started out. But it quit snowing 9:00 AM. Just enough to mess up our car.

Sun. 25 Just as we finished breakfast Ida called and announced that her father Mr. Arthur Grain had passed away at about 6 AM. He died in his sleep. He has had a rough time for several years. George Grain of Longhedge was here soon after he passed one of his wife Ida and one of his sons. A son of Fulton was here soon after his death. None of the Waco. Two sons & one daughter Jack, Gert, and daughter, Callie. Harold & I came down and all of us went over to the Grain home. Mrs. Grain is not doing too good at this time, late P.M.

Mon 26

Tues 27

Wed 28

Thurs 29

Monday March 26 1962

Mon 26 We were here all fore noon. Sallie wanted to go to mulcher for her hair do. We were up there till about 4:00 P.M. Liny Fife came by to see how I was getting along. He is not doing too well him self. There is times I do not feel too good. But maybe it will finally wears off. I have been out now since the 5th of November. The Grain funeral is to be at 2:00 P.M. this afternoon.

I guess all of the kin folks are here. Some had to come as far as Alabama. and some from east Texas. Tue 27. We were at home all fore noon. we went over to see the Grain sons & daughters of the Late Arthur and Mrs Crain two boys and one daughter live in Waco.

Two daughters & one son live here all near by. They had the church services here in 1st Baptist church here in Sudan. Burial at the Sudan Cemetery.

Wed 28. I did not feel too good all fore noon. we went to Littlefield this afternoon. This being the double stamp in the chane store, and that is what gets the yah bone. With the women folks we were back home before nite. I saw get tired just set around and do nothing. But the Dr says take easy.

Thur 29 An other day of sit with folded hands. We went over to the Parish home and played 5 games of dominoes. We beat them 4 to 1. Mrs Forish & I against Mr Forish and Sallie.

Friday March 30 1962

Fri 30 Nothing doing to day. Stay at home all day. I have not been feeling too good lately.

Sat 31 I was real cold this early Am. But was warmed up by noon. We all went up to Meleshor this afternoon. Sallie & Pat visited Mrs Morrow in West Plains Hospital but could not talk to her. She had another heart attack this afternoon and they (the Drs) had her under the oxygen tent. Has been a little cold all day.

Sun 1 Sunday April 1 1962

Chub Morrow came by early. He stated his mother was quite a lot better. He stayed in the hospital all night. As soon as Sallie got out of the church she came home. Then we took off for Harold & Billie.

We had a good dinner. Not lunch. We were back home by 6:00 P.M. We have three cold notes. We had several callers before going to bed.

Mon 2 An other day of do nothing. We had a big domino game this after noon Mr Mrs Porish came over Mr Porish and I beat Mr Porish and Sallie 3 out of 5 games.

Tues 3 An other day about the same as yesterday. Only we did not have any domino game. I got the social security check. The first time on any date except the 4th of the month.

Wed 4 Cloudy & cold all for noon. Sallie & I went up to Meleshor for Groceries this late P.M. We had two insurance men here for a while. They are to come back tomorrow. We may buy a Policy for Sallie.

Thurs. 5

Fri 6

Sat 7

Thursday April 5 1962.

Thurs. 5 We were all at home all day. Some rain fell here to note, about 7.00 P.M. I can't tell just how much rain fell. Some hard rains fell at different towns. Any where from $\frac{1}{4}$ in. up to 3 inches in some places. Sallie & I went down to the Bone elevator and bought a package of the Dandy Lion Killer. It cost \$5.00. + tax. I don't know just how much good it will be. The Insurance bags came back on the dot. But we had made up our minds we would not buy any more insurance. The bags were really set back. But the time to think it over. So that was our decision. We had a nice pleasant game of dominoes over at the Parish home this afternoon. 3 to 2 in favor of Sallie & M. C. Parish Mrs Parish and I did not have our old luck.

Fri 6 We had 1.10" of rain 1 inch. 10 sure did look good this early A.M. to see the water expanding out in the yard. Well the Parish's came over the afternoon game. We played 10 games. The score was 9 to 1 in favor of Mrs Parish & me. That is the worst defeat that they have suffered. We have had lots of fun in the games.

Sat 7 We were at home fore noon. After noon we went up to Mink's for. Sallie & I visited Mrs Morrow she is still in the South Western Hospital. I spent $\frac{1}{2}$ hour visiting Mr Dan Lumpkins. He is also in the same hospital. He is an old timer in the Sudan vicinity. He lived 3 years married we lived South of Sudan. But he has in Graham for the last 30 years or so. He is in bad health

Sunday April 8 1962.

Sun. 8. Lallie went to church. Dad prepared dinner. Harold & Delia came down after dinner we went to Lubbock to go thro the "Home show." I did not stay in the building over 30 or 40 minutes. I could not take it, too many people too many Ramps and stairs to climb and I had to get out. So Harold & I went to the car. After the women came out we drove around in the south & east part of Lubbock for a while, then we went out to Arlie & Jimmys. We stayed maybe 1 1/2 hours. Before coming home. I am not doing any good with this heart trouble. I guess I will have to go back to the Hospital.

Mon. 9 We just fiddled around did a little work in the garden. I cant do much a little lite house work. and I am out and down. All of this trouble that has happened this was caused by me going down to Lubbock Sunday. I started to go thro the Home Show at the Texas Tech. Classroom. That was too much for me. Harold & I did not stay in there over 1/2 hour if that long. I told Harold I would have to get out of there. Too much Hub Bub. and of all too many people. So we went back to the car. Home is the best place for me.

Tues 10 A pretty day. Sun shine, Not to cold.

Young Baby Markham and his mother came in for some black berry plants we gave them all they wanted. We had a fine domino game this P.M. I get lots of pleasure out of dominos.

Wednesday 11 1962

Wed. 11. We went to Littlefield in early A.M.
We talked with W. O. Parish & wife.
They are leaving tomorrow for South
— Bend, South of Graham, Texas.
We decided to go with them or just
go along. We are all loaded up
and ready to pull out in the early
morning of the 12th. I was a little
bit lary about driving that far. But
I think I will be O.K. When we

Tue 12. Went to bed. We began talking about
going to South Bend with the Parishes.
and we decided it was too much of a
risk and that we would not go.

→ We got up at 6:00 o'clock A.M. Sallie
went over and to Mr & Mrs Parish that
we had decided we would not go. So they
took off at 7:10 A.M. I can make short
drive fine. But when 300 mile drive I
am afraid I could not make the grade.
We worked some in the little garden
we have. Has been a very nice warm day.

Wed 13. → as usual in fore noon. The base ball
season started to day with their game of the
week. I watched the game of the week. They
played at Detroit. The New York Yankees
and Detroit Tigers. The Yankees won
by a score 11 to 5. It seems they just
cant beat that N.Y. Yankees. we
went to Mulvhor this p.m. I had to get
another bottle of that hi price medicine.
How ever I think it is doing me a lot
of good.

Fri 13. We worked quite a lot in the yard and
berry patches.

I got these dates all
mixed up

Sunday April 15 1962

Sun 15 I went to church for morning services. The first time since last Sunday in or the 24 of November 1961. I feel a lot better now. I think I can begin to do some of the odd jobs around the house. Sallie & I drove around in town for a while this P.M.

Mon 16 We worked in the front yard killing dandelions. We killed the most of them out. But they will come back. We get some. The Pasid's have been gone near a week. We don't have any one to play dominos with. A very pretty day all day long, 90° reading in some parts. Cold nights and hot days.

Tues 17 I was down in town for a while in the fore noon just shooting the bull with some of the boys in the barber shop. Joe's shop. After I ate dinner I went up to the farm. The little boys had just started to be spreading their manure. But the ground was so dry fixed right so they quit till Harold could prepair the land. I was back home by 5.00 P.M.

Dad went to mule shop to see about a job. She is to go to work after Sunday. I am feeling some better. Dad.

Wed 18 I can breathe better. With longer breath. Was real chilly this early A.M. We Sallie & I went up to mule shop this after noon for the mid work groceries. We did not stay long in town. Back home and did some work in the yard & garden. Sallie did the work I did the Bassing. Some thunder to me.

Thursday April 19 1962

Thur 19 A Mr Stevens a roofing man called by wanted to some repair work on my house roof. I let him put two coats of a compound on the old roof I hope it does the job. It cost me \$85.00 But a new shingle job would \$80.00 or maybe \$20.00. I have not been able to work at it myself and I could not get a man to do the work. Just so it will not leak.

Fri 20 The man came back and put the second coat on the roof. I paid him \$85.00 with a Sudan National Bank check. It is cloudy leaking and has been all day. Time was 1:55 P.M.

Sat 21 At home all day. Only I went up to market for more medicine. Then I watched the ball game N.Y. Yanks and Cleveland Indians New York 5. The Indians 7. I was glad the Yanks got beat. After the ball game we went over to Parish's and a domino game Mrs & Mrs Parish beat 2 games and W. O. Parish & Nellie beat up two games.

Sun 22 After church we ate dinner and went down to Anolis & Jim's. I watched the ball game between the Yanks and Cleveland Indians. Yanks 3 Indians 11. I think that was the score. Harold & Nellie came by just at night. They had been down to Buds. He paid me \$27.50. Cotton rent. He had it mixed up with cotton off the Walker place that he had rented. I had rather he would keep my crop rent separate from crops on other farms.

Monday April 23 1962

- Mon 23 The long drive I made yesterday did not do me any good. I have been under the weather all day. I did not sleep good last night. I had W. O. Patrick over for a game of dominoes. I beat him 2 games and he beat me 2 games. But I enjoyed the game.
- Tues 24 About the same as yesterday. Only no domino games. I have not hardly recovered the long drive I made Sunday. Seems like I can't get back to normal any more. I am out of my fluid medicine.
- Wed 25 A stay at home all fore noon. We went down to Littlefield for the grub box fill up. I had a phone call checked in the main office I could not find out who put in the call, and had it logged to my phone no. But this way I can find out who it was.
- Thur 26 After noon I decided I would go up to farm. Harold has all the corn planted on my farm. and he is talking about planting cotton. He will have to hurry if he gets it planted in April. When I got up to farm Nellie was just fixing to go to Clovis N.M. so I needed some whiskey, and I went with her to get it. I do not know but I think that is about as good medicine for this heart & bronchial trouble as one can take, just so long as one does not abuse it.
- Fri 27 At home all day. We did not have any place to go. Only down town for the mail. That is very little. Only what is termed "dirt mail." That is Insurance & advertising mail. which goes in the waste box.

Sun 29 I took Sallie to church. We were at home the balance of the day. Only we did drive out to Cemetery in the late afternoon. We trimmed up some shrubbery on our lot. I am not liking the family stone we had several years ago. I think I will trade it for a smaller stone.
Mon 30 we worked at different jobs in the yard and garden. Just light jobs. I was down in town for a while this P.M. The Parishes came over and we had 3 games of dominoes. We won 2 to 1.

I watched the Chicago Cubs vs Los Angeles Angles. L.A. won 7 to 5.

Tuesday

Wednesday May 1 1962

Tues 1 at home "taken it easy". That means I do nothing. Only we play a few games of dominoes. Well I do not feel like doing any kind of work. I just can't do it.

Wed 2 We went to Muleshoe in the afternoon. That is the day of double stamps at Pig Wig store & H. Green stamps!

Thurs 3 About the same as yesterday, only we did not go to Muleshoe.

Fri 4 Just another day. Pat went down to Jim's and Carol's. Just a weekend visit. She got tired of just staying here at home when she has nothing to do.

Sat 5 After dinner we went up to Muleshoe. Just for the outing. Harold was with us for most of the afternoon.

Sunday May 2 1962.

Sun. 6 I took Sallie to Church for the morning services. I do not go. On account of my kidney troubles. When they want to act, that means wait for the bath room. Harold & Dillie came down for dinner. After Dillie's church services was over. After the dinner was served and over. We all went over north of Earth to see a fishing lake. But it did not look to be any good. While we were eating our dinner Dorothy came in. She came in on the noon bus. She was in time to go on the Earth trip. A cloud came up in the late afternoon. and we had a little rain. I do not know just how much money so one time.

Mon-7. Nothing done up to noon. In the P.M. Sallie & I went over to Amherst Hospital for a check up. The Dr. surr did check me up. Lung & Ray

	\$10.00
Three different kind medicine	12.75
Dr Fee. I cant keep that	3.00
Kind of exence up lung	\$25.75

Tues. 8. I stayed in near all day. We went over to the parishes and had a very pleasant 5 games of dominoes. Mrs. Jorish & I beat Sallie & W. Q. P. 4 to 1. But we are get a big kick out of the playing time. Harold called up and wanted to know if we would be ready to go up to the Unferger lake. We will leave this after noon. I did not know if I would feel like going. But will go.

Mrs. Luma type sent

Harold called me and wanted to
fishing I told him Ok. So we left
here about 1:30 P.m. We did some
fishing in afternoon. Harold caught
3 small 'fishes'. We had a nice
cabin with 2 beds and cooking
facilities. But they were some
higher than the cabins down at
the lake eight \$ for the four. But
that is not too much for a good
bed. and a nice place to stay.
We fished till about 1:30 or 2:00
P.m. then we decided to check
out. So we loaded up and left
for home. Everything was Ok
when we arrived home. Pat
stayed home she does not care for
fishing. John Barnett's wife was
taken to the hospital at Littlefield
while we were away. I do not
know just what their complaint is.
Early Timie Tife called for me
to go up to Mulvoh with him
I did then we went on out to my
farm just to be going. We fixed
up the air cooler and put it to
work. But came by and helped
us fix it. But we do not need it
too much as of now 10:30 P.m.
We left early for Littlefield. While in
Littlefield called on the John Barnette
He and Alma both are in the Littlefield
Hospital & Clinic. She for a gall stone
operation I think. He has something
wrong with his left shoulder. We
were back home by noon. Ball game this P.m.

Sunday May 13. 1962

Sun. 13 Sallie walked to church. I did not get the car out of the garage. Arolis & Jim Glenda & Bill came up for the Mother's day dinner. Sallie put on the feed none of the rest were here. Wanda & Lee & Wayne Swartz have a new girl baby borned this early Sunday morning. Sallie and our Jimmy went to see them this P.M. They are in the Littlefield Hospital & Clinic and every they have two sons and one daughter. Arolis & Jimmie and Glenda, Bill left for home about 9:00 P.M. We had a Mexican game of Dominoes.

Monday 14 The general run of astury for all day. Parish's had us over for some domino games. As usual Mrs Parish beat them 4 to 1. But we have lots of fun and it takes general Montanus feeling we have when we have nothing to do. The John Burnette are still on the sick list. I think Mrs B. is home now. Don't know but I think so. The two of them were sick. Sallie had a horse race to bathroom. I think she lost by a neck length.

Tue 15 The weather was rough and cold, windy. Harold came down just to get away from home. Nellie had gone to a club meeting. The cloudy weather and south wind ought to put out some rain, but it does not. We played the domino games over at the Parish home.

Wed 16 The same dull grind. Cold, windy, but no rain. The John Burnettes are doing very well. No operations yet. We had the games here to day.

Mr Lafon an old timer
the his 84 year passed
away this A.M. I do not know
the particulars

Cold and drizzle rain fell during the day. Not enough to read in the gauge. An awful looking cloud came south east and extended over to the North West. It was a bad looking baby. I was uneasy, thought hail fell up in the Mule shoe vicinity. About 5.30 or 6.00 o'clock. We called Harold. Nellie answered the phone. 20 of an in was all the rain and no hail. I think in North, N.W. of Sweden they had quite a hail storm. Some said all of the young cotton was lost. We have not heard from Det. Green O.K.

Fri 18 We had breakfast and were reading the A.P. daily paper when Linnae Life walked in. He was on his way to Mule shoe and came by for me to go with him. We were off at once. I just go for the ride. Bud & Mada Run came by on way to Lobbosh. They did not stay long. We had the divorce games over at the Parish home. W. O. P. and Lallie beat Mrs Parish & I over game. The first time that has happened.

Sat, 19. We got up early 6.00 A.M. No reason for getting so early. Just tired of laying in bed. I turned the ball game of the week on at 11.30 A.M. New York and Minnesota. New York won 2 to 1, a fine game. We went up to Mule shoe. So visit Mrs. Marrow in the Hospital. I am not doing much good. Ginner I can't hardly get my breath. With all this medicine I take. They had the Lafon funeral this P.M.

Saturday May 19, 1962.

Sat 19 Sallie went to church. I do not go to church any more. I have no control over my kidneys. "Nuf said." We looked for some of the kids to come in, but they did not. We watched the ball game, New York and Cleveland Indians. Indians 2. Yankees 1. I think is the score. I do not very good.

Sun 20 The same as most days. a little yard and garden work. Then a few domino games. We had some sand blowing to day.

Mon 21 We had dinner on time then we went down to Bud & Ida's, for the after noon. We had a bad sand storm all afternoon and that is what hurts me. To get out in the sand storm and the wind that goes with a sand storm. But we had a very pleasant visit with Bud & Ida. They have decided not to move to town, which I think is a good decision?

Tues 22 We ate breakfast and made ready to go up to our farm to see what the sand & wind had done to the crop. But just as we got ready Harold & Nellie came driving up. So we all had a very good time with one another. Mr. Pope came over this P.M. and we had plenty of wind this fore noon and some in the after noon.

Wed 23 Our door neighbors Mr & Mrs W.D. Parick left this a.m. for South Bend Ind. to fish a while. I do not know just how long they will be gone. We just set around, watered garden and yard grass and sleep. We are having some nice weather now.

These brought

Thursday May 24. 1962.

Thur 24 The same old thing. down in town for the mail. Now since Parish went to South bend, I have no one to play dominos with. that wants to play.

Fri, 25. - was down in town before noon also in the after noon. But all one can hear is Billie Sal Estes mess that is going the rounds for local, county, state and national scandal talk. Some of the big boys are beginning to look around for a tall bearding to jump off the windows or from the top. and it is just started. Some local men are losing their grain, elevators farms, money and reputations they asked for it. The prime idea is "Get something for nothing". Just where it will stop no one knows. However the moon fixers are in the first place now. Dorothy came home this P.M. She did intend to go to Kansas Wichita I think is where Kay lives. But I don't think she is going now. We had a pretty bad sand storm this fore noon from 11 A.M. till about 6 P.M. We all went Remmit to get me some medicine. The wind has almost stopped. 6:30

Sat 26 We were here at home all fore noon and till after the ball game. Detroit Tiger 2 and the N.Y. Yankees 1. A fine hard won game for any club. We went to Littlefield for the "chuck wagon supply". Back home in time for Perry Marion and his show. Nothing has happened in the last few days that concerns us. Every body stays home. Look at N.Y.

Sunday May 27. 1962.

Sun 27 I took Sallie to church. I didn't go to church. I am in no shape from a physical stand point to go to any place where a crowd is gathered. I watched the ball game. St Louis Cardinals vs. Milwaukee Braves. Milwaukee Braves 4, St Louis Red Birds 2. Marshall Martin my nephew + wife Fay. One son Jerry 14. One son the catbox 10. They called for a very pleasant 1st time visit. which we sure did enjoy. The bright young minds of these kids were wonderful. Thanks call again. We stayed in side most of the day. We had a real old time sand storm to move in at or near 9:30 AM. By noon it was a booger. Bud Cawby for a pop ball. He worked out in his field till noon. I thought may be I ought to gup to my place or farm and see what the blaw was doing. There was nothing so far. We found Harold in the Cross Road Cafe. We visited for a while and came on home. There was lots of young cotton blawed out or burnt off at the ground. The Parish's have not come home yet. I miss them. We do not have any fourvhand games of dominos since they left.

Tues, 29 This has been a very pleasant day. Sun out and shining all day. We went nowhere and no one called. Only close door neighbors Meeks + Barnett. Truman Parish. I think the way he talked his Dad + Mom will be home to day.

Wed. 30 Another memorial day. This is a day to honor the dead. and especially the dead that gave their lives for freedom of our

United States of America. We will do what we can for our son Billy that died in action in Barmer for our freedom. The time of our need is, 6:05 A.M. of this date. We went up to Harold's Mill this P.M. as of need the blowing wind has not hurt anything on our place yet. Harold is watering the corn. He has a good stand of cotton and the corn too. We came by Post Office. Had a letter from Jim. She took up some issues that I consider my affairs. It makes me feel bad when I get such letters I am not in shape to take such.

Thur. 31. Chub Morrow went for his mother. She has been in the South Plains Hospital in Muleshoe about 5 months. But is staying with Mrs. Morrow. On other hand storm near all day. These sand storms are sure bad on young crops, that are coming up. and they will cut down cotton and feed crops that are up to a good stand. The parish came in from South Bend to day.

Sat, 2. I have been having a few heart flurys to day. We Sallie & I went to Littlefield for the groceries. We have just got back. I don't know if I am going to vote or not. We will go down & see soon. I don't care much about voting. Don Yorbaugher for Governor, I think he would make a good Governor. There are two Linky in the race for Justice of peace. Shutehworth & Davis. As far as I am concerned I had just as soon have one as the other.

Sun. 3. Well according to local reports Shutehworth beat Davis 18 votes. That is Ok. with me. In the Governor race Dan Yorbaugher & Jon Connelley. It seems vote wise Connelley is the hi man. We were at home all day. No callers. We did not go any place. Dad is looking after Mrs Morrow. And she seems to like the job. Well she is here close to home and is satisfied. We had a big domino game just before Nete. We went back to Littlefield this P.m. Sallie wanted exchange a dress for one a little longer. A cloud came up in South west but did not rain any here. Some rain was reported in Dickens & Guthrie vicinity about the same as yesterday. We the Mr & Mrs W.C. Paavinen Sallie & I. We play Dominos every after noon. We get a big kick out of the games.

Wed 6 I was down in town for the mail. We had a date here at home at 2:30 P.M. with the Social Security field man. (I have forgotten his name) of this district S.S. He came on the date. We wanted to talk to him about Dorothy's application. So we had much time she has patience. Wanda Lee Swartz came by with the new baby girl. I have forgotten her name too.

I had a phone call from my only brother Rawdon DeLoach of Sanger, wanting to know just when I am coming down there. I aim to go just when I think I can make the drive.

I am a little afraid to undertake a long drive like that. About 160 miles. We decided to go to Lubbock for a pap call. We had a card from Jim. She said the cherries were ready to pick, and for us to come and get some of them. We left about 1:00 P.M. we made the trip just fine. I went out to the Circle on the Sahakia road to a package store and bought a 1/5 of whiskey \$4.29. I keep it now as a Medicine Dr's orders. Well it helps my bronchial tube trouble. I take a small today each morning.

Fri 8 we all hands helped pick the cherries. We got 2 gallons, or so. So after dinner we came home. We ran in to a sand storm in the Anton vicinity. But no rain.

Sat 9. We had a (6 tenths) of rain this P.M. I expect it to form. Everything is good.

~~Monday~~ Sunday June 10, 1962

Sun. 10. I had another light flair up in the early morning. Sallie went to church. I did intend to go. We have no pastor at First Baptist Church Sudan. But a preacher was going to preach a trial sermon to the members. I wanted to hear it. But I did not feel like going. I have to be careful about going to crowded places.

Mon 11 We did nothing only just stay in side. A very bad sand storm all day.

Tues 12 about the same as yesterday. Only not so much wind and sand. I went up to Muleshoe for some more medicine. I thought maybe we had some rain upon my place. But when I got to Muleshoe I found out no rain at all.

Wed 13. At home all forenoon. Sallie & I went up to farm North West of Muleshoe 3 miles. No rain but Harold was finishing up with the irrigation on my farm. Every thing is up to a stand. The cotton is up. Only just a little on the S.E. corner where it blew out. We came on home after the food gathering at the Pig-leg, Wipley store. Sallie has a cold and a very hard cough.

Thurs 14. At home all day. Sallie & I cleaned out the garage and cleaned up a lot of junk to be burned. We had a big domino game over at the Parish home. This being Thurs day for the game. Had notice or invitation to a wedding anniversary 50 years for Sister Tom Martin and Reuben.

Fri. 15 We did some yard & garden work. We did not run the lawn mower. For that is work I am forbidden to do. We did talk about going up to Umbarger Lake for the weekend outing but the sand storm got too bad. Dep in that vicinity they are having so much after night tornadoes. We thought it best not to go. So Parrishes came over and we had a very pleasant get-together in dominos and Spanish dominos. I do not see any threatening clouds as of now. Time 8:15 P.M.

Sat 16 We just sit around. Nothing to do that we can do. I can't push the lawn mower and Sallie has a bad cold. Pat is the only one that is working. She is with Mrs Morrow. She makes \$25.00 per week her room & board. She is well pleased with Mrs Morrow and Son Chub. We went to Littlefield this P.M. just to be going some place. We are having some pretty weather now. Oh! some sand blizzards each day.

Sun 17 This darn pen is going hay wire. Too many ball points on the give away list. We went to church for the morning services. The second time I have been to church since I had my first heart fling up. Was not a very big crowd out. We did not go any place today. I thought the boys would come down Dad and Ida any way. But they did not. So we were at home all P.M. I watched the ball game Detroit Tigers vs Boston Red Sox. Tigers 8, BRS 5

Mon 18 I sent word to a young colored man Fri 22

not take him long. About $\frac{3}{4}$ of an hour.
He charged \$1.00 per hour. So Sallie
paid him \$1.00. We were busy all day
watering the garden and lawn.
a cloud came up in the North West Sat. 23.

all in the North N.E. and East.
The weather has been rough on the
farmers this so far.

Tues 19 We called Harold to see what happened
from that storm cloud. They Harold

to Suback. We went with them.
They gave me a fathers day
gift one of these little narrow
brim hats. It is too small. 7 No. 9

Wed. 20 I went up to Muleshoe's Apothecary

was parked in front of the Federal
Land Bank I decided to go in and pay
my land note. \$414.45. Paid on this date.
On home, we played more dominos
Mr + Mrs Parish & wife Sallie and me.

Fri 22. I worked on my car. Some minor jobs I had the oil changed and a water hose fixed. I want it in good shape when we start out for Snyder tomorrow. We had our daily domino game this afternoon. We have lots of spare time for playing the two different kinds of dominoes.

Sat. 23. We were up early. Had supper, things ready. We took off about 7:30 Am. after bidding the parishers a pleasant good bye. Dad stayed here at home last night. We stopped in Littlefield to pick up my hat that I left to have cleaned at the Swins Cleaners. We stopped in Part went to the city park for a rest up. We arrived Bowdens and Bens' home at or near 11:00 Am. There a eldest daughter Floy and her two daughters were there.

Sun. 24. This is there 50th wedding anniversary. My only sister that is living. She Otava DeLoach and Thomas St Martin were married in Jan. of 1912. They did not they did not observe their true wedding date January 12th 1912. The reason, I was sick and not able to attend. Hence the 24 of June 1962. She had a very pleasant get together. I sure did enjoy it. I met so many of people that I knew some 30 to 35 years ago. Mrs Otava Martin of Sweetwater Bowden m. DeLoach. Snyder and I Will G DeLoach & Sudan are all that is left. 3

Monday June 25 1962

- Mon. 25. We put in lots of the day sleeping. We were played ant. too long drive for me with ^{ant} staying to rat. a dead came up but no rain. Just a scag. I would like to see a good 2 inch rain that would fall slow and waterish.
- Tue 26 we had just about the same day about the same active proceedings. Nothing to do only just set and wait for something to turn up.
- Wed 27 We were off for Littlefield about 9.00 AM. Sallie did her groceries trading and we were off for home. We came by the Ankerst Hospital for my medicine. We visited for a little while with Mrs John Burnett in the Littlefield Hospital and Clinic. She is a poor neighbor here in Sudan. It seems she is doing well after her gall stone operation. Finie Fife and brother Hughie called for an hour visit PM.
- Thurs, 28, We did some work out in the back yard and in the little garden we have. We had a little dinner. Then we went up to farm just to see how the crops looked. Harold had a very good prospect on my place, some blow out from sand blasting. The corn could have been better. But well enough under the conditions. They John Burnett, boys talked a bit about bringing Alma Fife wife home from the hospital. But decided to wait till Saturday.

Fri 29. We were at home most of the day.
We had several domino games. Mr. Mrs. Parish that is all the past time we have. The favor of us. Our grand son Robert Budis. I was bag. He came in from Corea yesterday. He was here at mid day dinner time. I don't think he looked as well as he did when he went away. He had lost some weight. We enjoyed his visit. Patie did ^{not} come with him. He reported that she & baby were fine.

Sat 30. I watched the Game of the Week, Base Ball. New York vs. Chicago White Sox. After the game was over we went up to Muleshoe. Dat went with us. A cloud came up, but did not rain.

Sunday July 1 1962

Sun 1 Sallie went to church. I went to the 1st Baptist church. Sallie to the church of Christ. Then I turned the ball game on. I have forgotten the players or the scores. Bud & Ida called by for a short visit this afternoon. No rain yet.

Mon 2 Mr Parish worked on the close line today. I helped some. I went to the Foxworth Galbreth Abr. Co for the needed supplies.

Tues 3 We finished putting up the two past in their concrete. But did not stretch the wires. Out side of the yard & garden work that was all that was done. We will have a good clothes drying system when it is finished. More static with Dat and the neighbors. But it can't be helped.

Wednesday July 4 1962.

Wed 4. I passed the time away just waiting. Just after we ate dinner, we went up to farm. Things look good. The cotton seems to be doing fine, and the corn is good and everything is in good moist or wet ground. We visited with them Peggy & daughter Lameau and her boy friend came in. We left for home about 5.30 P.M. It looks rainy to me.

Thur. 5. The thunder and lightning woke me up at or near 10.0. A.M. was raining some and I got up at 4.10 A.M. The whole face of the earth was covered in water. The rain gauge reading early was 1.50. A fine general rain according to weather reports. Dad wanted to go down to Marshall & Fags farm as we were about to start Harold came up. He had some motor trouble and worst of my old home place. We took some water and a chain and there Friction had cut a hole in his water pipe line and his motor had got hot. We came on here and Harold & Nellie went with us to Marsh and Fags. We stayed for an hr or two and left. We went by Budd & Dad. They had plenty of good rain no hail. And his cotton looks good. On home. Harold & Nellie left at once for home. They live on my Mukahor farm.

We saw some fine crop crops that had not been haled out or blown out by hi wind and sand storms. Any way we enjoyed the outing. I had to get some more medicine. Hence the Demmett trip.

3 Sat 7 at home in forenoon. In afternoon I watched the ball game. Detroit and Chicago Cubbs. I had to shut the game off before it was finished. I do not know what the score was. We went to muleshoe. Lallie wanted a few things from grocery store.

4 Sun 8 To day was a very pretty day, not too hot. We went to church. Lallie to the C of C, me to the Baptist church. Marshall, Fay, and two boys Jerry, Bill. They sure a likeable boys. So nice and polite at all times. After we had all enjoyed the good dinner Lallie had prepared, we watched the ball between the mill wake braves and Detroit Tigers. I do not know which team won and we turned off and went up to the farm. Harold & Dillie's. All a very pleasant visit. We visited for an hour or two. We left at about 5.00 P.M. Just as we finished eating supper Dillie called. Lallie took the message. It was as follows, (Harold talking) Dillie's son Walter Macon was killed about the time we left for home. His plain named bird and killed he and his student pilot. (over

Wed 11 We have not done much only just
put up. Sallie did wash. I cut a lot
of weeds & grass out of the garden.

Thurs 12 After noon we decided to go up to farm.
We drove up in the vicinity of the
late plain wreck that Walter Macken
and Joe Mill ^{was} ~~saw~~ ^{was} ~~in~~ ⁱⁿ but we could not
find the place. A big rain had fallen
and I was afraid to get off of the
paved Hwys. They did not have
any rain up on my place.

Fri 13 This is Sallie's birthday. Fri-13 We
have been at work all day. I cut
a lot weeds out of garden Sallie had
a ironing to do. We need a good rain
here at home. We have not heard any news
of the missing people that went for the funeral
at McKenney.

Sat 14 I watched the ball game. I have forgotten the
teams that played. We went to Littlefield
in the late afternoon. Back home in time
for Perry Mason program.

Sun 15 we all went to our inspection church. We
had a new pastor that preached his first
sermon. I think he did real well for a new
man in and a new congregation. Hoped
he is there will be some that want
like him. That is why people on James.

~~Mon 16~~ we went up to see if the folks had come
in. They came in home about 2 or 3 AM.

Friday. They were all tired out & worn out.

Mon 16 we put up a bunch of apples in for noon
I had to go to Amherst Hospital for some
medicine

Tuesday July 17 1962

Tues 17 Mr W. O. Parish came in from town and told us, that Gus Belamy died early this A.M. He had a heart attack, and died in his pickup. He killed the motor before he ~~stumped~~ ^{stumped} over. He was dead when found by a Mr Chester. He left his widow in very good shape.

Wed 18 This has been a day of doing nothing. Some little jobs out in the yard. But we just have nothing to do.

Wed 19 We had dinner then we went up to see how Peggie & Lamon were getting along. She is some better today some, and she is eating more. Harold & Willie were up there at Peggies as well as. Leonard and Louise, and Vickie, Leonard's daughter by his first wife. I never did know her. She & Leonard separated some time back 4 or 5 years ago. Or maybe 10 years ago. I think would be near the time.

Fri. 20 Leonard, Louise & Vickie came down for the day. We had a good time talking of old times. Back when he ^{Leonard} was a little fellow. We had a good domino game. The Parsonho J. Gaele will have some wild games here. Mrs. Gaele came in from Calif. this P.M. She will be here for the night.

Sat. 21 I was at ease till 11:30 A.M. Then the Ball game. The San Francisco Giants vs. Pittsburgh Pirates.

Sun 22 we all went to our churches. I turned the ball game on at 12:00 Noon

Monday July 23. 1960

Mon 23 I decided after breakfast that I would go up to farm to see how every thing is doing. They had bath Saturday and at night. Also .9. The ground is really wet, and crops are looking good.

~~When~~ when I got up to the farm my farm. I found out that Harold & Leonard had come to Suda to see me. So I started for home. We passed one another on the hi way. They knew my car but I did not recognize their car. But they turned around and caught up with me. Harold wanted me to go see Peggies deep freeze. She is selling out her house whole furniture for just what she can get for it. It will not bring very much. Just at nite Jimmie Kay and two little ones came in for a visit.

Tues 24 We had 1 inch of rain some time in the nite, and from Radio reports a good general rain fell, which is needed in some local vicinities. Leonard & LeWine and Baby & Vicen left this early A.M. Wayne, and Wife and two boys and one daughter came in to Harold and Dillie. They are just now taking their vacation. They will visit for a few days with Harold, Dillie and me. I guess Piggie will be checking out for Pen.

At home all day. We did not go to Mulehorn or Littlefield for oats. I went up to farm and got Harold and Wayne to go Clovis N.M. I bought two new tires from Sears. I needed them on my car. Wayne & Edith, children. Need tires \$53.29. A bad claud at 7:30. Only rain fell No hail.

Thur, 26. We had rain at different times all during the day. Jimmie & daughter Kay and two little ones "Missie" & David left for home this early P.M. We have been having quite a lot of rain in the last few days. I do not have a rain gauge any more. I use the other fellow's. When it rains,

Fri 27 Too wet to work. If we had any thing to do, we had more rain last night. It has been raining for several days & nights. Oh! just shovels. A good season in the fields.

Sat, 28 We were at home all fore noon. I turned in on the Ball game of the week. Yanks vs. Chicago white Sox. Sure was a tight game up to the bottom of the 8th ending 3 to 0 in favor of the white Sox. Then the Yanks came to bat. They loaded the bases with 2 out. But they Yanks put on the Pinch Hitter John Blanchard and hit a grand Salami. Then the score was 4 to 3 favor Yanks.

At the end of the 9th the score was still 4 to 3 favor Yanks. I sure did want to see the White Sox win. But no. We went up to mule shoe store in the late P.M. A bad looking cloud in in N.W. Went out South west. and raining hard. Time 10.20 P.M. to bed.

Sun 29 From all weather reports the bad rain fell all over the South Plains, anywhere from a trace to 2 inches here on our Porriken gauge. I did not go to church. Sallie & I went to C of C. church. We went to United Hospital. We visited several including Fife, Monerob, Pope and several more.

Mon 30 More rain fell Sallie woke me up at or near 10:00 A.M. of this date and rain was falling in sheets. I dressed and went out and closed my car windows. Ever thing is good and wet. We may go up to farm just before noon to see if Harold had rain up there. We went up to the dinner Bell for our lunch at Mule shoe. On acct to farm They had some 3 inches + since Saturday. Note. The ground is sure wet and crops are growing. Also the weeds. Wayne & Edith, Babe and two little girls are still visiting with Harold & Billie. I think they plan on leaving for home in L.A. calif. this coming Thursday, August 2 1962. The last day of this camp.

Tues 31 No to day is the last day of August 1962. Harold Wayne and Peggy came down early. So we took off for the Amberger lake to fish. But we did not fish much. A large crowd all around the water edge fishing. But I never saw any one catch a fish. We came on home, just the outing was all we got out of trip.
~~1st August~~ August 1 1962 Wednesday.

Wed 1 Wayne and family came down and had dinner (yes dinner not lunch.) We had too much to eat to be called "lunch". They all left about 4:00 P.M. They went by Peggy's, Monica's to tell them good bye. They are leaving early, Thur. A.M.

Thur 2 Harold & Billie came by early going to Lubbock. Sallie wanted to change her glasses so we went with them. We ate dinner in cafe.

Friday August 3 1962

~~Fri~~ 3 I am getting to the place where I make errors? I shape when I am writing. I can't help it. We did not have any rain last nite. I think we have had rain every night for the last week. Would like to see some sun shine now. It is hot in mid day. But cool in day time up to about 9 AM. Crops ought to do well now. Plenty of rain water in the ground.

Sat, 4. At home fiddling around in fore noon. Dorothy got ready and caught the 1 P.M. bus to Lubbock. She had to get new glasses. She broke her old ones. We left for Muleshoe about 3 P.M. We went up the Clovis road looking for a fruit and veg. stand but we did not go far enough up the highway. We came back to Harold's. Dillie's looking for nesting ears. We went out in his corn. And found all the nesting ears we wanted. We pulled a couple dozen. That is pretty good corn. On home. Dot did not make it back on the 4:00 P.M. bus. But she had Jim to call and said. She will come home with Stanley & wife tomorrow.

Sun 5. Lacie went to church. The Church of Christ. I to the Baptist church. Stanley, Glenda, Dorothy came in about 12:30. Bud, Ida. Buster, Patty, Ruth and son all were here this P.M. Quite a get to gather. Very hot to day. Nasty, so 100°

Tues 7 After noon Peggie & Samona came by and visited for a while. Peggie is the widow of the late Walter McKen. Samona is a daughter by adoption. They are getting over the tragic death of Walter. He and his student, Joe Miller, were killed a month tomorrow on 8th of July. After they went home, we went to the Anshant Hospital to see Julie Fife. He did not know any of us. He is very lame.

Wed. 8 We were here all day at home. Sallie did some work in her garden and flowers. Everything looks good since the rains put a good rain season in the ground. Uncle Hughie Fife is just alive and expected to pass away at any time. We have not played dominos now in several days.

Thur 9 Another hot day 101°. Now that is hot for the Plains. But we have very pleasant nights. We do not use the air conditioner at home at all. But turn it on all thro the day from say 10 Am till 4 or 5 P.M. The school students of Altamora are at home all day. Down in town for the mail. We picked some grapes and made jelly. Fri 10 The terrible train killing of 7 youths ages from 15 to 19 years old. An awful disaster that hit the car that had 8 young people in it. One escaped by jumping at just the right moment. But he is so dazed that he can't shed much light on just what happened.

Sat 10 Was too hot to be out in the sun much. I watched the ball game of the week New York Yankees vs Detroit Tigers. The Detroit Tigers won from the start. The score Tigers 7 Yankees 1. It was a hot game. Hail the Detroit Tigers, my team. We all went to Meeker in late P.M. On out to my farm. all the crops look good, especially the cotton crop. Harold & Dellie went to Clevis N.M. I needed some more medicine.

Sun 12, The early morning paper gave the account of an other pick up and a butain truck. Quoting New paper, news. "Seven die in ferry crash." a man & his daughter from Hail Center and a family of five from near Abornathy all perished in this caliche mile South East of Hail Center. That is 14 that has died within 8 or 10 miles of each other in the last 3 days. Pat has finished her work for the Chab Morraves. Mrs Morrave is doing fine now. Wed. 15. We were up early 5:30 AM. Dad was ready to go to Bus station. The bus was to depart Sudan at 6:00 o'clock AM. But did not get away ^{til} near 6:30. I came on home and ate a little breakfast. I had a good nap. We heard that Stuigh Fife passed away at or near 9:00 o'clock AM. We do not know the particulars. Only the body will be taken back to his old home in Limestone county. Mr. Fife is taken the body back to Mart Texas for burial. That is where his wife is buried. She died several years ago. She was hurt in a car mishap and never recovered.

Thur 16. I heard that the Fife's left for Mart, Texas with the body of the late wife. I have a light touch of tonsillitis. I do not know just what caused it. My leg cramps are still giving me some trouble. I was up 3 times last night nursing, stopping and rubbing them. We were down to Budd for a while this P.M.

Fri 17. We did nothing this day only stay in house out of the heat. We have been having 90.0+ for several days. In fact it is from 90. to 100. one day was 102. That is real hot for these places. How ever every thing looks good

At that I want

am.

I did intend to go back to see Dr for a check up. But went up to farm instead. I wanted to see how things looked up there. Every thing is O.K. except the corn Harold had to plant on. That is not going to make much weight. I just hope it does not set in to killing weeds.

Tues. 21. We had a very pleasant surprise this early morning. Mrs Mary Will Ford came driving up. They lived Neighbors to us back in the 1930 and 1940. And have been regular callers about once a year since they moved back to Paris, Tex.

Wednesday August 22 1962

Wed 22 We just marked time till in the afternoon, then we went to Littlefield to do the Grocery buying. Dad had to get some material for a dress. We heard Arthur Fraizer died this early a.m. General complications. Enlargement of the main artery to the heart. No salt. Mr. Fraizer died Monday. I just got my dates wrong.

Thurs 23 The Fraizer funeral & burial today. Has been awful hot today. Mrs. Russ turned her car over and killed herself near late a.m. Her husband was murdered back in 1932. It was never cleared up as to who killed him he was shot thru a glass panel door in his home. An account of his death was in May or June of 1932. She is being buried tomorrow at 1:30 P.M.

Fri 24 We all went up to farm this P.M. They are calling the corn on Bill Walker that Harold has rented. They are supposed to start cutting the corn on my place tomorrow Saturday.

We attended to what Harold wanted to see about. We came on back home and went down to Bud's place to see if it had rained any. No rain. Thurs, 30. At home all day. Just before nite a cloud came up in North West and it looked like I might be getting a rain on my place N. W. of Muleshoe. We did not get only just a little shower here at Sudan. I do not know whether it rained down on Buds place or not. Quite a lot of thunder down there.

Fri 31 The paper of to day stated we got a good 1 1/2 in. to 2 in in the Muleshoe vicinity. Some needed it and some did not. If we got a rain like that. Five all were. Dorothy got off to Ray's last nite. Stanley's wife Glenda met her at the bus station and they took off for Wichita Falls from bus station at Lubbock. Dad called this early A.M. They ate breakfast at Ray's home.

Sun 2 I was up at different times during the night. at 4 A.M. a slow rain was falling. I got up at 5.30 A.M. and the whole face of the earth was covered with water. The house leaked in one corner, 8 X 6 ft. over the dining table. I can't do anything about it. For I can't be climbing around up on the roof. No order. We drove down to Buds

The heavy rain had fallen over where we went. we were not off the hard top roads, only in 1 place that was South from Dulah to South West corner of Bude Place. Must have rained 2 or 3 inches all over the Parts. I did not see a rain gauge any where. We did not go to church too rainy. Oh! yes I took Lallie to church in A.M. It was her proachers last sermon.

Mon. 3. I went over to the South Plains Hospital early to get more medicine. But I could not get it. The pharmacist had taken off for the holiday "Labor day." So I came on back home. We went up to check on the cotton. It looks like it is just as good as can be. Harold did not get it of rain. He did not need any. As he had just finished watering.

Tues 4 I went back to S. P. Hospital for my medicine. I did not have to wait a new pharmacist was in the office. I had to go back up to Muleshoe. I had to attend to some business at the Bank. A Coal snap moved in at noon. a little chilly to nite. First day of school.

Wed 5 at home in forenoon we went up to Muleshoe for the double stamp day at the Piggles Wiggles. We did intend to go to Snyder to see Bro. Bowden and Bess. He just returned home from Odessa Hospital. But decided we would not go.

Thurs. 6. About 10.30 A.M. we decided to go to Snyder. So we made ready and were off. We stayed in Past went to the city, ate our lunch and rested for a while and got going.

Then on the last leg to Lubbock in the afternoon. We went out on 17th street to see the house that Jim bought. She said she was determined to buy a house and get away from the place out on North Oak st. It is a very nice buff brick house well located only about 3 blocks from Texas Tech. She has several of the rooms all ready rented to young men students at Tech. She (Bernie) thinks by time the opening date of the college for this term, she will have all of the rental space rented out. We arrived home after dark. We lost some time going out to Stanley and Brenda's trailer house. She had a birth day for her and Stan's son on his 1 year old birth day. They made two (2) sets of pictures. Everything A.K. at home. We did not have any rain here while we were gone.

We failed to leave the good steel prepared food that Bess served us, which will be long remembered.

Sunday September 9 1962

Sun. 9. A real cold wind moved in some time in the Nite. Real cold this Am. Sallie has gone to church. Dat came in from Raup. who lives in Man's Wichita, Kan. She reports a big time. Harold & Bobbie came down for the Sunday visit as they are leaving for California to-morrow.

Mon 10 We went up to farm to get some pieces of roofing. But I could not get it in the car. Lorn Martin and Lora his wife came in just before night. Lora is my youngest sister living and the only girl living we sure did enjoy them.

Tues 11 The folks left at once after we ate breakfast. They went from here to Hobbs N. M. To visit some nieces that live in Hobbs and one that live in Lovington New Mexico.

Wed, 12 We went to the South Plains Hospital for my refill of medicine. On to Littlefield for the letter. On back to the hospital for my medicine.

Thur 13 Linnie Fife came by for me to go up to Muleshoe with him. We were out there very long. We drove out to my farm. we wanted to see how the cotton was doing. Fife said it would make $1\frac{1}{4}$ bales for A. H. H. and Delle have not written yet. I guess they are having big time. On other day of just set around and do nothing. We have nothing to do, but a few weeds.

Fri 14 The same as yesterday. Do nothing. Down to Littlefield to see Billie Hall for Nat. But did not get to see him.

Sat 15

Sun 16

Mon 17

Saturday September 15 1962.

Sat 15, Down in town in the fore noon. We decided to go to Muleshoe in the after noon. We got caught in a rain storm on the road out to farm. The car slipped off in to the borrow ditch and we could not get out. A young man came along and told me he would go home and get a tractor & chain would be back at once. which he did he tied on to car and out he came with car. I tried to pay him. But he would not take any pay. It sure a courteous act on his part. On home a very good shower fell here in Sudan. The revival meeting closed to note. I did not get to go any. My heart is still acting up. My Dr. warned me to keep out of crowds and not go to funerals.

Sun 16 We all went up to school building to take the first of 3 Polio treatments. I think every body in this school district came out for the treatment. That was State Wide. We were down in Littlefield and the same thing there. We visited with the Robert Hendersons for an after noon call. They are grounded. Dr's orders.

Mon 17 when Pat got up this early AM. She complained of her side hurting her. So we ate breakfast and decided to take her to South Plains Hospital Dr Chatursee in charge. After his examination he advised to put her to bed. and make some xray pictures to morrow the 18th. So we came on home, will go over to Hospital in the morning about 9.00 AM.

Tuesday
~~Wednesday~~ September 18, 1962

~~Tues~~ 18 We took Dorothy over to the South Plains Hospital. The Dr Chaturill made the pictures but we have not talked with the Dr. He taken sick and had to go home for a rest up. So we do not know what is Dot's trouble, until the Dr. get back.

Wed 19 We went to Littlefield to get groceries. We went by hospital to see how Dot was doing. She is troubled with her side. Maby so. Gals Stones won't know till they take some pictures.

Thurs 20 We went over to Hospital to see the Dr report. But did not see him he was sick himself.

Fri 21 We went over to hospital Dr Chaturill report is Gall bladder trouble. The Dr that does the surgery work will make a report to day or tomorrow. Then we will know what is wrong.

Sat. 22 We went over to report was very satisfactory. She has a little stomach trouble and some gall bladder trouble. But the Dr think that can be cured with acct surgery. So we brought Dot home. The Hospital bill was \$22.70. The series of pictures sure dose cost Seorn (?) cost me \$20.00. That he way rabby, Marshall & Fay were up here Friday Nite.

Sun 23 I took Sallie to Church. For the morning services. at home all day we had some callers in the after noon. The weather has a little chill in the air early in the morning. It will not be long now for cool snap.

Mon. 24

Tues 25

Wed. 26

Monday September 24 1962.

Mon. 24. I was down town for a while. Got a card from Harold & Nellie. They left home 2 weeks ago today on Monday. We went over to the hospital for the talk with Dr Chaturvedi about Kate's case. She said there was not enough evidence in the pictures for an any surgery. She fixed up some medicine for her to take also put her on a diet? After we came home I drove up to the farm. The cotton is doing fine. Some seeds is coming in if they are just getting bigger they have been there all the time. I found cow tracks in the field. I guess it is Lewis's cows getting in. I don't like that. I never did like for any body's cows to get in my crop. Not even my own.

Tues 25 A real rain fell in the night. I do not know just when. Maybe before 12:00 o'clock. When we got up, we had the same leak we had some week or 10 days ago. The Parrish rain gauge showed 2.7. I know we had a big rain for the streets were washed out clean. I called the Dillon Lumber Co. of Littlefield and ordered 5 squares of shingles. They delivered them at once.

Wed. 26 I saw Joe Balth and he said I ordered the wrong kind. So I called the Dillon Ltr. Co. and told them to bring the T lock shingles, and pick up the ones he delivered yesterday. They had not come at a late hour of this date. Maybe he had an order going some other place.

Thursday Sept. 27 1962

Thurs. 27. I went down to Littlefield to see the Dillon Lumber Co. people. They made the change + took 17 blocks or bales. and picked up the thick butt shingles. This has been a good day for working out side. Clear and pleasant all day.

Fri. 28 we did some work out in the yard and garden this for noon till 10.30 AM. Then Sallie + I went out to cemetery and on down to Christy Budd's watermelon patch. We got 4 Melons from him. Then we went to the Louis Harper farm for some cantaloupes. But they were all too ripe no good. I went over to Hospital at Amherst for a refill of my pink medicine. Dat caught the bus to Lubbock. She wanted to see how Jimmie + Carlos were getting along morning.

Sat. 29. Some rain in the night. I don't think it was a very hard rain. The roofing man may get started on my reroof job today. I hope he does. I am afraid we will have some more rain. After the ball game was over, we went up to the farm. The roads were a little muddy, but we went anyway. On back to Piggly, Wiggles for some of a sort. She did not need anything much. On home. Dat had come in from Lubbock. Everything OK in Lubbock. Jimmie is about some morning.

Sun 30. We each went to church. ^{Big day} They had us down there for ^{the} noon day dinner. Buster and Patten. Mick 1 year old to day. They were honoring his 1st birth day. A fine dinner

Monday October 1 1962

Mon 1 Monday came in clear, but a low of 45°. Now that is hear say. I did not see the roofing any way. I lit a heater and the heat did not feel bad. Well Joe has not come to put the roof on my house yet. I hope he gets here before it rains. This has been the same as any other mondays.

Tue. 2 I am all ready for Joe Hawk to start on my house or roofing job. He put on about 4 sgons I had to go for more shingles. Bud came by and we went over to the Garden farm home where the dusting pistol fell and came near burning to death. We did not go out to the wreck as the field was just too muddy to walk in it. We came on home.

Wed 3 We were off for Littlefield for some more blue of shingles. I got 5 bales. Sallie was looking for some wall paper but could not find any that suited. Pat and I went to the Hospital for a refill of the medicine she is taking. Joe Hawk finished up all but a job of 18 singles. Has been a very nice pleasant day. I paid my shingle bill at the Dillon Lbr. Co \$45.90

Thur 4 We just sat around the house. I had to go for another bale of shingles. and Mr Joe Hawk came in just before night and put them on. I paid him for his work \$28.00. and \$45.90 is \$73.90. I think I got a good job of work done.

Fri 5 Another dull day nothing to do. We had a little rain and a cool snap moved in but it is getting that time of year.

Saturday October 6 / 1962.

Sat. 6. We decided we would go up to Clovis, N.M. We ate our dinner at Texaco, N.M. On to Clovis. Sallie and I did some shopping, but did not buy very few things we came by the farm. They had another rain since I was up there. On home, I had car trouble with my shipping gear. But finally got home. The City of Sudan has paved the street in front of my house. I do not know just what the cost will be. But it looks better.

Sun 7 Sallie went to church, I did not go for I am not doing too well, we did not go any place to day.

Mon 8 another day of do nothing.

Tues 9 at home all fore noon. Dad came by and we went up to my farm N. W. of Muleshoe. Harold & Nellie had not come in home when we left. The cotton crop looks good.

Wed 10 at home till after the 5th game of the world series was over. The N.Y. Yankees won 5 to 3 game. I then bet in Friday game that will be it at 2 games. We went to Littlefield in the late afternoon.

Thur 11 Harold & Nellie came down for dinner. They came in late Sunday P.M. They reported a good time. They went deep sea fishing two times. They also attended one of the world series games that was played in San Francisco Stadium. I passed my Paving job. It was \$80.00.

We were not gone very long. We were back home by 5 P.M. The cotton looks very good. Mr. Jimmie Fife called by to see how I was doing.

Sat. 13 Here at home all day. The ball game was rained out in San Francisco, Calif. We did not go any place today. Maybe the game will be played tomorrow.

Sun, 14 I took Sallie to church. I did not go to church. I was not in a shape to go. We were at home till about 2:00 P.M. Then we went down to see the Mr & Mrs Tom Standeys. They are old friendship neighbors in the Friendship Community in the 1920s up to 1937. They are old friends. We went over to Bud & Ida's home to get some turnips. Maybe we will eat them or some of them. The game between the Yankees and Giants was rained out today. They may get to play tomorrow. If no rain.

Mon 15 I had to go over to South Plains Market for some filled of medicine for Dorothy. No ball game today. They were rained out. It is just trial time and wait for the sixth game of the Yankees & Giants.

Tues 16 The 6th game was won by the Giants that makes 3 out 3 each. The 7th game will be played tomorrow.

Wed 17 Well the Yankees beat the Giants 1 to 0. No comments. Dad had a nervous brake down. Dr. Chaturvedi made a house call.

an other big rain last night. 2.5

Thurs. 18, Lallie stayed over night with Dat in Hospital at Amherst. Harold & Dillie stayed here. Bud & Iida went home for a time last night Dorothy was in a very bad state. But the report from the Hospital when Lallie came home was that she was quite a lot better. Harold and Dillie went over to Hospital. Harold brought his mother home. Dillie stayed with Dat. Harold & I went up the farm. He wanted to get some pills that he left at home I do not know at this time if Dat will be released time now. 4.45 P.M.

Fri 19 Harold Dillie and I were over night. Lallie & Mrs Pope were with Dorothy at the South Plains Hospital. They sat up with her. Harold & Dillie went back to Hospital about 8.30 or 9.00 A.M. The Dr. released Dat and she came home. I think she will be all O.K. now. If she takes her medicine as directed. Harold had his car fixed down at the Repress garage I think he got a good job. Daughter Jimmie came up from Lubbock this P.M. Mr & Mrs Tom Stanley came up for an afternoon visit with us and to see Dorothy. Also Mrs Parrish, Mrs Lonn, ^{Mrs} John Barnett and Mrs Pope. Sat 20 We stayed home all day. Down to the local store for the food Lallie needed to go over to the next double stamp day. Jimmie went home to Lubbock this P.M.

Sun 21

Mon 22

Tue 23

Sunday October 21 1961.

Sun 21 I had quite a heart flutter this early A.M. I liked to have not got my elax on after my bath. Several called to see how the sick were doing. I feel fine after I take the tablets for such attacks. Dot is doing some better. My good neighbor W. D. Parvish and wife came over about supper time he brought me a bottle of whiskey. I will have to for some soon. I use it for today every morning when I get up. A regular whiskey glass taken as a today is a big help for me. Clear but real cold now.

Mon 22 I was up early and lit a stove for the heat up of the house. I had a call from Brother Bawden this fore noon. He and Bess are coming up for a visit. He and I are the only brothers now left. 4 of us left 2 brothers and one girl. Out of the five (5) boys and two (2) girls ~~two~~ One girl and a boy out of the 9 left.

Tues 23 We just stayed at home in the fore noon and visited. We decided to drive around some in the afternoon. We had a flat on my car. But it did not take long for Bawden & Bess to change it. we drove down and around Bads south place. On back to Bads turnip patch we got 3 Bess 14. I like turnips very much. Bawdens dog got sick about 9 P.M. He & Bess took his dog to Vet. at Muleshoe. They did not get back till near 11 P.M. The dog seems to be okay now. They left him at Vet.

Wednesday Oct. 24 1962

Wed 24 we all went up to Vets office for the day. Boudens Bus left for home. I went down had a fill up of Zereck fuel in my car. We went over to the hospital for some more medicine for Dorthey on down to Littlefield for groceries. Out back home

Thur 25 Do nothing all day.

Fri 26 " " " " The boys came in from their fishing trip. They did not catch very much fish. These fishing trips can be very disappointing + the cost of such trips.

Sat 27 We were here at home till after noon, up to Muleshoe for an hour or two. We did not go out to farm.

Sun 28 We went to church. The second time for me in the last 6 weeks. I take medicine that tells me to stay near a rest room.

Mon 29 at home all day. Sallie is getting ready for the Halloween kids when they come on the Halloween night. I was over to the South Plains Hospital for some medicine. The pink kind, I guess I will have to live with it, from here out. But I do not like it.

Tue 30 We Sallie & I went up to the farm. I intended to get Harold to drive for us, to go to Clovis. But he was gone to Lubbock to have a motor put in his pick up. Drellie did the driving. We ate a lunch in Clovis. News 8 P.M. just heard that four Sudan men were in a head on smash up. Mr Parish came over and told

October 30, Wed. continued from page 70, 71

us about it. His eldest son Roland was one of the four. School Super. Prof. Handcock and Reed Markham another. Also Jim Arnold of the bank was the fourth. Don Knudsen had had any of them ever hurt.

Wed. 31 I don't think any of the men involved in the car smashup was hurt to bad. It seems from reports that Roland Parrish was the worst. He had bad glass cuts all over his face. But as of this date no bones broken. Reed Markham was reported two fractured ribs. Also Prof. Handcock with rib fractured. The Hallowsen kids very nice. They did not cause any trouble as of now. 6:45 A.M. of this date November 1 1962.

Thursday November 1 1962

Thurs 1 The day came in a nice sunshiny day. I made ready to go to Littlefield with Ray Wood to the Hi-way Department's right away meeting. Wood is going to ask for \$200.00 for the 4. Acres they will take off of the place I sold Ray Wood. What ever he gets he will have to apply the amount on his notes he owes me. It is up to me as what he is to pay me. I found out that the meeting will not be till tomorrow the 2 of Nov.

Fri 2 we all met the board of adjusters for the Hi-way people. We did not find out just what the settlement will be \$ wise. It is now 11:00 AM. we will be going to the 1 P.M. to Laef. Time now 11:40 AM. We went to Littlefield. Wood asked \$600.00 for A. But the three adjusters set \$450.00.

Saturday November 3 1967

Sat 3. at home in fore noon. We went up to farm in the afternoon. just for a pap call. Bud & Ida came up there in the late P.M. We had coffee and cake on hand

Sun. 4 I took Sallie to church. I did not go. I have to stay close to bath room. Kidney trouble.

Mon. 5 At home and down in town all fore noon. We went to Littlefield in the afternoon. Sallie & Pat they wanted to make a exchange of a sweater at the J.C. Penney of Littlefield.

Tues 6 We were at home getting ready for the election. I think as of now there will be a lot of Republican vote in this election my intent is to vote a straight Republican ticket. I would love to see Jack Cox the Rep. Candidate elected.

Wed 7 We went to the voting place and voted. Mr. Mrs. Loney Eise came by and wanted us to go with them to the voting place with them. We did then they wanted to go to the potato farm N.E. of Anchor. We bought 1 bu. of nice sweet potatoes. Eise bought 2 or 3 bu. We were up till near mid night watching the T.V. Election returns. I am afraid the election all Democratic.

Thurs 8 Ray Wood came by and told me he had decided to take the \$459.00 on the highway. Right of ways. So we went closed the trade.

Friday November 9 1962

Fri 9 I met Mr. Wood down at the bank and \$124.17 Pringeable and \$5.85 Int. total \$1630.02 the 4th land note he owes me. I went with Bud up to my place at Muleshoe, just to see how the cotton was drying out. I think it will be ready to pull in a week or 10 days.

Sat. 10. all dressed up and no place to go. We went up to Muleshoe just before 3:00 o'clock we drove out to farm. But we did not see any of them. Dillie belongs to the "lady's" got it clean. They bring things they don't need down, I hang it, pack and sell it. They sell quite a lot of stuff. Old out dated dresses, suits, pants, shirts. Well just a few things to wear. We got back home before night. Would love to see a little freeze.

Sun. 11. I am not feeling any good today. I did not go to church. I went after Sallie, at her church. There is times when I do not breathe good, and that make me feel bad.

Mon 12 The Post Office, Bank are closed today. Armistice day. On the 11 day of November 1918 was the day the war was closed up, shop.

I went up to farm. Harold was pulling cotton on the Walker farm. He went with me to Clovis, N. M. I wanted a water meter for the kitchen sink. We went to the discount store, out on Air Base street \$7.98. Clovis wholesale Supply. 2108 7th Street. I also bought a automatic washer. Sallie needed one. They will install it today.

The weather man, has promised us a cold blizzard will move in some time this afternoon. Well it did not wait for the afternoon. By 10 A.M. it was freezing hard now. 6:30 P.M. I do not know just what it is out side. But in our sitting room it is or was at the last reading. 32.9. It is snowing now. Just back from Mr Favor and Wick bore and the Rawhide Trail drive.

Friday January 11 1963

Fri 11 The cold spell was not on schedule. It did get here till this early A.M. and we began to think about the water lines. None have frozen up at this late hour. But we have been on the look out for pressure ups. I was down for the mail and back home. This will be a bitter cold night. Now 9.50 P.M.

Sat 12 Well nothing was frozen up. However it was a very cold mite. I have been in the house all day. I did need to go to P.O. and Bank. But I can wait till a more favorable day.

Sun 13 Like yesterday. I have not been out of the house. Too cold. This has been a very cold day. The ground has been covered with snow all day. I don't think the snow is a very wet snow.

I was down to P.O. Friday for mail. But did not stay very long. But was not out of house Saturday or today Sunday.

Mon 14 An rather interesting day, 60 years today. I was not out of the house Friday, Saturday Sunday or today. 4 days in a row and more of the same weather is promised by the weather man. The hot water line was propped up till about 10 A.M. There is some hope of a little warmer tomorrow a few degrees warmer.

Bad & Ida came up for a short visit this P.M. Also W.O. Paresch. They live next door South of our place.

Tues 15 It has cleared up some, and a little warmer. Sure has been a cold spell. Forrest drove me to hospital for a refill of my medicine.

Wednesday 16 1962.

Web. 16 This has been a very pleasant day. The sun is out warm & bright. To day is the day Mr. Joe West drove me to the South Plains Hospital for more medicine. We had a cold water pipe that was popping. We did not know it till this late P.M. when the water began to run. It was out in the wash house. We called Shelby Morris the trouble shooter and had it fixed at once. \$2.50

Thur 17 We were hauled up most of the day. I went for a hair cut this P.M. Bud came by for a pop call. The surgeon man came by to show Sallie some more of the hi points of the surgery she caught of him. I can't think of his name.

Fri 18 We all have been on the go getting ready to go to church wedding of our Grand Daughter Miss Glenda Caward who lives in Lubbock. Harold came by at or near 3 P.M. Picked up Sallie and Dorothy. Jan 19 We have stayed close in all day. Too cold to be out much. I have to in out cold wind, some snow to day. But not much moisture in the snow. But it has been very cold all day. I can't stand too much cold. I have to stay out of wind.

Jan 20 A cold new frost morn in sometime in the early A.M. Sallie went to church. I did not go. I have not been to church in quite a while. My brother-in-law is very bad, and I take the Dr. Medicine all the time. Not much help. Our Grand son, Stanley Crawford and Brenda his wife and son Kevin came to spend the day with us. We all enjoyed them, and especially the little boy Kevin. He is a treat. They went back to Lubbock before night. Had been getting colder all day.

Mon 21 at about 10 A.M. the cold water line to the automatic washer bursted and we had to get busy. All the two plumbers were tied up and it was left up to to fix it. We Sallie and Mr W. O. Sun 22. I borrowed some medicine from a friend of mine here in Sudan, and I wanted to pay him back. Has been cold all day, and very cold to note John Burnett came over for a short visit. He told us about Mr Fife's wife having a smash up Sunday morning when she started to church. Mr & Mrs Tom Stanley called for a very pleasant visit. They also told us about Fife's bad luck.

Wed 23. We had another very cold night. The same pipe in the wash room froze up. Can't do any thing with it until it thaws out. We Sallie Dat & I went to see Mr F. Fife at the Littlefield & Clinic. But we didn't see her. She was asleep and we did not bother her. Mr Fife is not well, I am not either. We can't take this cold weather.

Thurs 24 I have been in house all day. Too cold for me to get out. I want to garage & wanted to go to Post Office for my mail. But my battery was dead. So I did not pack with it. Came on back to the house. Mrs Morris made her first call on a telephone. She called Sallie. She said that was the first Phone call she ever put over a phone line.

Fri 25. Has been a little more sunshiny to day and some warmer. But another cold blizzard is due here to night. Sallie & I went down to see Grace. Jimmy Fife was doing. He is just under the weather. His wife Louie is about the same.

Saturday Jan. 26 1963

Sat 26 Has been cold all day. I said cold, I mean around 0. We went up to mulehoe this P.M. Sallie & Nat wanted to do some shopping. Which was not necessary? Ah! well just for the cutting. However just the cutting is what we wanted. This is now 11:30 P.M. I think maybe I can sleep at this late hour.

Sun 27 We had a very cold nite. We had 3 storms going on Sallie says. Or maybe we will "smell" the patching when we get the Jan. statements. We have had the longest green and cold spell in a long time.

Mon 28 We had some chatter about eating in the night. Harold & Nellie came down for the day. Also Bud. Harold & Bud went to a sale over south of Spring Lake a farm sale. But they did not buy any thing. It is not as cold as we have been at this time of day 9:30 P.M. Hope we do not have any more these severe cold nites.

Tues 29 This has been a fine spring day. I have been in doors all day. We went over to the Parish for a few game of dominoes. about the time we got started good Mrs Kemath Allen came in and gave us a talk about the funeral and burial of an old timer that lived here 34 years ago. His name was Allen Seegins. At this time they were living at or near Pic town N.M. We sure do hate to hear of his death as the old timers are passing away.

Wednesday January 30 1963

Wed 30 Not so cold today. we expected another cold. North easter some time today. But it has not moved in yet. Time as of noon 9:00 P.M. We went to Little field this afternoon. We did have quite a sand storm at different times today. But all gone today.

Thur 31 The last day of January 1963. I had to go up to Muleshoe this early A.M. I got Traci Fife to go with me. I do not like to drive by myself. Has been a very pleasant day. a little sand moved about in the early afternoon but did no damage.

Friday February 1 1963

Fri 1 We had another windy day. Some sand was blowing by 11 A.M. an other birthday my 83rd one Bud & Ida put on the fish fry. Plenty of very fine fish for all. and they were well cooked, served. Harold & Nellie came by for the 3 of us. Lallie & Dat and me.

Sat 2 (2) We all went up to Muleshoe this P.M. My Gam. also went. she did a job of buying some garden tools. She will soon be moving in to her new home. On North Temple St. we are having some warmer weather now. Little cold early A.M. We may not have any more colds like the first 2 weeks of January.

Sun 3 When Lallie came ^{from church} and Dat. Lallie said let's go up to Harold & Nellie's for dinner. So we made ready and pulled out. Nellie had a very good spread. we all enjoyed it. we were back home by 6 P.M.

Monday February 4 1962

Mon. 4. We were here at home and down to Bank & Post Office for the mail. We ate very light lunch. Then took off for Littlefield. We visited with Mrs Fife for a while she is in for quite a stay in the Littlefield Hospital and Clinic. She was injured in a car miss hap. some two weeks ago. But I think she is doing fine now. Lallie & Dot also visit a while with Mr Bleakney Mrs Alma Barnett father.

Tues 5 The day came in a very pleasant day. I wanted have the crystal put back on my watch. So we were off early for mule shop. Lallie wanted to go to Piggy Wiggles for some cake mix. She told Mrs Fife yesterday she Lallie would bake a cake for Mr Fife & I. W.

Wed 6 P. M. for a few domino games. This P. M. Harold & Lallie came down for a call. Harold went down to Marshall ^{Martins} for some pipe. Some old pipe to fix something about his tractor tools. I took the cake down to Fife's house. No one at home. I left the cake on dining table. As we drove down to Marshall Martins place South West of Littlefield 5 miles.

Thur 7 We did not get up very early. Harold came in and surprised us him being out so early. He came down to tell us about Monah Wagoner trading dead with a heart attack last night at 7:00 P. M. We did think about going to funeral. But did not.

Friday February 8 1963.

Fri 8 We thought it might be best not to go to the Wagon Furnace. I went to the field to get my new plates for my car. No BR. 554. Date Registered 2-8-63.

Sat 9 I was here at home and down to Joe's Barber Shop. We went up to Mukeshoe about 3:30 P.M. Back home by 6:00 P.M. Sallie & I went over to Mr. Mrs. Parish and played five games of dominoes. Parish and Sallie beat Mrs. Parish & I beat 5 games. They played very well to note.

Sun. 10 The day came in a little blustery & cold. Cloudy and some mist early. Near night a light rain started falling at 9:45 P.M. I went to the door for a look out. The ground was covered with snow.

I do not think it is very cold or of snow. Mon 11 I was up at 6:05 A.M. Everything is covered with snow. I did not put my car in garage, and it is almost covered up wind shield and right hand side. This snow will put a good plowing season in the ground I think. We can't do anything outside. So we will have to stay in. and play dominoes.

Tues. 12 Another stay in. I have not moved my car. I don't want to get out in this cold wind. The snow is got every thing covered up. We had a snow fall from 4 to 6 inches.

Wed 13 The same as yesterday. I called Connie Rudd to come and do a little job for me. He came and raked all the snow off the North side of my house. I was afraid to get up on the roof. He did not want to take pay. I paid him \$3.00.

Thursday February, 14 1963

Thur. 14 I called the Dillion Lumber Co of Littlefield and ordered a pattern of shingles for the north side of my house (home). I went down to Littlefield to see when they would deliver shingles. I told him this after noon. or Friday morning.

I think Mr Hawk will ready to put them on roof by then. Lellie & I made a run north of Sudan this P.M.

Fri 15 The shingles have not been delivered yet. Time 12:10 P.M. and it looks like rain. I would like to get them on house before another rain or snow. Maby he will get the shingles here this after noon. The shingle man came in about mid after noon. It looks a little like rain or snow now.

Sat 16 We had an early noon meal. The wife drove up to Muleshoe for the rats. It has been cold all day. we were not long in Muleshoe. we had some rain maby 1/2 inch. I do not have my rain gauge up for Hawk the roofing man has not got to me yet. Soon tho.

Sun 17 Real cold this early a.m. Lellie went to church. We went down this P.M. to see Mrs Fife. She is now at home we drove on down to Duda & Ida's for a pop call.

Mon 18 Nothing doing only the same old fine up. The carpenter for Hawk must be sick. He is due here to shingle my north side of our house.

Tuesday February 19 1963.

Sun 19 At home all day. Mr Blackman & Mrs John Burnett father fell and broke his hip after they put him in the old peoples rest home. I don't think he is doing too well. The Burnetts sure have been loyal to Mr Blackman.

Wed. 20 Down in town in forenoon for the mail. We went up to farm this p.m. They have lots of snow on the places where it drifted. The weather man promised an other cold snarkie spell will move in some time tonite. I guess my roofing man is sick he has not showed up.

Thurs 21st The new snow storm and cold spell hit here about 5 or 6 o'clock this morning. and it is snowing like the devil now time now 12:45 A.M. 8.00 P.M. Every thing is covered with snow. I think the snow has about quit falling at this time. But it has dropped from a trace to as high as 8 inches. We have on a livel from 4 to 6 inches.

Fri 22 Now 9 A.M. The sun is shining now. But the snow is not melting any at this time. It melted some in the night. as we had icicles hanging on the roofs. I think we have a fine season.

Sat 23 Every cloud was gone by 8 A.M. I went to see for talk the roofing man. I found him down with the flu. I told him when he got well and felt like it he could finish my roofing job. We went up to Melashoe this after noon. we did not see any one that we knew. Dull place. We did not go out to farm.

Sunday Feb. 24 1963.

Sun, 24. Sallie was all that went to church to day. We had quite an after noon callers. Including Bud or Robert and son and wife Ida Bean. Then son Robert, Jr. and wife Patty Ruth and Mike their baby son. All had a good visit to gather. Harold our eldest son and wife Bellie should have come but they did not come. I guess they had company.

Mon 25. I went down for the mail. Had none. Nothing only box full of track mail. We Sallie & I went over to Parrish's for our dayly domino game. We pass away lots of other wise dull hours and we have lots of fun.

Tues 26 About like yesterday. Monday. for The weather is good we will start shingling to morrow. I took 1 1/4 inch nails back and got 1 1/2 in nails. Sallie could not find the kind of dress she was looking for. She looked in 2 or 3 different Dry Goods stores.

Wed-27 After we ate dinner we decided to go up to farm. We picked up Harold & Sallie and they went with us on up to farm. I needed some whiskey. I use a little good grade of whiskey in my medicine a today each day early in the AM. It helps me wonderfully. We were back home just at night.

Thur 28. We had some rain & snow. early this morning. Joe & Jack has not put the shingles on house yet. He has the old time fever. and that is real bad. He told me when he got to feeling better he would come.

Friday March 1, 1963

Fri 1 The weather is still cool nights and warm in middle of the day. We had a good domino game Mr and Mrs W. O. Parrish came over for the game. About 5:00 P.M. our daughter Jimmie Cass and her son Stanley came in for the visit of the month I got Stan to drive me over to the South Plains Hospital for some medicine that I was sent off. They left for home near 10 A.M. Stanley has a new station wagon, an "Olds" I think. Anyway it is a nice car. This afternoon we went up to Muleshoe for a few cats. We were out there very long. Came home by 5 P.M.

Sat 2
Jimmie and Stan
Left for home in the
about 10 A.M.

Sun 3 We had several callers. Harold and Nellie, Bud and Ida all in the afternoon, about 3:00 P.M. my only brother living Bowden DeLoach and wife Bess Cameron. They were on their way to Wyoming or Montana I don't remember which state. Anyway it is where he has worked before. They stayed over night. They work up there in the summer time.

Mon 4 Another cold blustry day. A little rain & some snow. But I have to stay in side all the time. I go down for the mail.

Tues 5 about the same as yesterday. I don't know just what is the matter with my shingle now. He must be sick. He is supposed to come and put this roof on.

Wednesday March 6 1963

Wed 6 Mr. Mrs W O Parish left their early A.M. for Graham Texas Or rather the Stoval boat well near Graham. W.O. is taking a series of photos. I don't think that they will do any fishing much. It is too cold in early day time

Thur 7 The day came in clear and nice only a little cold early. I walked down to Post Office for the mail. It has been so long since I have walked down there or any place that I came near cooking out.

Fri. 8. at home all day. An old friend and neighbor of the late 1920s and early 30s. Came by to see us this forenoon. She is the widow of the late Allen Scoggins that passed away some 5 weeks ago. His body was buried at the "Cave Tower" of Glaramore Cemetery. That place is a "ghost town". The former County Seat of Kent County. Mrs. Kenneth Allen son of Sudan brought Mrs. Scoggins by to see. Such a pleasant visit from one that had not been in our home in 30 years just at near nite. My old sister and husband Mr and Mrs Tom Martin of Sweetwater came in for a over nite visit. So nice to have them call. We did not go to bed till near mid nite.

Sat. 9.

Sun 10

Saturday March, 9. 1962.

Sat. 9. After we ate Breakfast we decided we would go as far as the old Emma Cemetery to South of Ralls Texas, 5 miles where some of our kinfolk and many number of old settlers and friends of ours are buried there. The first person that was buried there to start the graveyard was a son of a Widow Jones that he & 5 or 6 boys. This son pulled a shot gun the wrong way and it went off and killed ^{the} young man. Hence the starting of the old Cemetery that was in year of 1892.

Some of my people moved there in 1891. Some in 1895 and some in 1898. I W & D Lash moved to the little town of Emma in June 1899. I was 19 years old. We looked over thing over. Every thing is changed so. Very few people live in the country now. All the fine grazing land now is in farms, where the great cotton farm of the U.S. in cotton. I saw no one that I knew. We ate dinner in Ralls But I did not see a human I knew. And in the years from ~~1899~~ 1899 to 1917 I knew all the old timers on back home. Reah Lenson since the W.C. Parrish's near neighbors are gone. Gimmie ^{five} came out at 4 P.M.

Sun 10 Lallie & Dot to church. Dot at the 8:00 P.M. service. Had been drary day. Lallie & I played some dominoes down at Mrs Lannishome. She has every thing in nice order and other she is in very satisfactory condition

Monday March 11 1963

- Mon 11 I saw Joe Haeck. He is sick. he said and did not say any thing about when he intended to do this shingling job for me. I sure would love for him to get it done, before the spring rains get started. But if he is sick he can't do the job. Barber Jones's journal to day.
- Tue 12. The same thing only. Now 4:35 we have a very pleasant afternoon. The sun shining weather is so nice. But we have real coal early mornings. I did intend to go up to my farm. But just did not get off. Timmie Fife came by. He was on his way to muleshoe, to see a well driller, and I went along. I did not go out to my farm place. I know Harold would be at work in in the field. Another cold spell moving in.
- Wed. 13 Cold all day. I talked to Joe Haeck about the work he is supposed to do for me. He said he could not do it now. I don't think he aims to do it. He can't do the work. But he can play domineer. But that is his "Being".
- Thur 14. The same as yesterday. Nothing doing. I will have to get some one else to do my shingling. Can't depend on Haeck.
- Wed. 20. The last report of Mr Blackman's condition. Quite. He is no better. We have not talked with any of them to day.
- Fri. 15. at home all day. Except I made a run up to Demmit. I needed some tonic. Was not gone long. all long. Now is ready for the long looked for rain. Haeck on a good 2 in rain would be fine on the Dry land men.

Coal spell moving
in some time in
the night.
