O. S. Miller, Esq.,

My Dear Friend:-

Your very welcome
letter received, and let me as-
sure you that I was glad to
hear from you.

Just as I feared have safely
and I am now inhaling the
pure air and imbibing the
pure water of the mountains
of the State of Carolina.

What could be better?
Miller, It seems that
we got completely off
in the contest this
year, but probably

but too much confidence in ourselves, because
we were so victorious last year. When a person will
next themselves much is when they have some fear.
I thought it very probable that Power would win the
medal.

I saw several students as they passed through
Manchester, the place they live now at. I've been here
since I came back, except two or three days I spent
in going up home to see my Maama. Lin Bing in
business here. (Curt is now in business here, the beer
is now my own.) Go up and hear the lawyers talk.
Come if there are any logicians. Over N.S.
Senator of practices in this Court and lines there.
He came in yesterday evening from Washington for
I've done so studying either. I do not do
very much I don't suspect. I shall not do
which of anything. Through the summer or last
- six months he do. When I came home I thought
- (the teacher) a school is school, but they are all
enjoyed. 3 ~~expensive~~ wine my own room when all
and of they ~~don't~~ suit but we can make

other arrangements, and we
won't be out anything for Coal.
For me the prices do
you not? But I trust
we will be very well pleased.

Are you going to teach or
have any study employ-
ment during the summer?

In a short while the
young to begin to look around after
the new boys that are going
from my place next year. I
want to see the Euphorbia in
full bloom.

I must bring this hankering mission
to a close. There is so much fun
here in the office I can't write.
We do better next time. Hoping to hear
from you soon. Yours
ever your friend
J. M. Jones
