Dear Miss Julia:-

We were happy to be able to  
do this little favor for you.  
Ed talked to the florist &  
gave him your check. He assur-  
ed me there would be two  
lovely sprays, on your loved one's  
resting place - & we will see  
that there is.

We are receiving now our good  
crops, but as usual, are wanting

more.

The "old river" got on a "rise" - but did not get over the Cemetery. Lucky got over the north highway, a small distance, between the slough & river. If course the low lands were covered, & lots of damage done to those crops & fences. How ever much good came from it.

My asthma hangs on, but am hoping "our trip" will bring relief. Joe. is so anxious for us to visit him. He plans to go & return with him, in his car. Just hope it will be his last coming back by La.®

Nell Furber Phelan has been here on a visit. She still shows signs of her former beauty. Her widow now sees Joe. live with her. She found her son David dead, in bed, one morning about 2 yrs. ago. She lost

one of the twins, in  
infancy. Still have  
3 boys & 3 grandsons, I believe.  
Poor Kate Martin  
Collins, is so lost  
since Jas. Alf's death.  
Annie's husband died  
in Nov. & Jas. Alf in April.  
Bess & Will still up  
& going.  
Ed & I had a nice little  
visit to La. the first of  
May. Clay & Ethel Knysundall  
were going to Minn. to see  
Laura & invited us to  
ride to Minden La. 80 mi.  
from Marysville. Lots of  
love - Bessie.

NORCROSS

Dear, are you  
saving stamps  
for any-one?

If not when you  
happen on any  
odd or odd or

foreign, will you  
save them for me?

That's my hobby - now  
that I can't read

or do hand-work.  
This glaucoma is  
certainly a handi-  
cap.

Mary Belle little  
Edwin, <sup>Thank</sup> has the  
"fever" <sup>Do</sup> & we  
have fun <sup>you</sup> sending  
each other stamps.  
Don't go to any trouble.  
Thank you — B —

Mrs. Julia Hart  
2142 Grape St  
Abilene,  
Tex.
