HICKEY'S MAGAZINE

The above is the name of a monthly magazine that will be started at Waco, Texas, on November 15, 1917.

February

The managing editor and owner will be T. A. Hickey, for many years editor of The Rebel, published at Hallettsville, Tex.

The policy of the new magazine (which will be in size and appearance like the old RipSaw) will be purely and solely devoted to the settlement of the land question in the South.

The editor believes that if the land question is settled RIGHT in the South the nation, aye the world, will follow in our footsteps. To illustrate: In New York City the children are planting war gardens in cigar boxes while over 100,000,000 acres are held out of cultivation in Texas alone.—Greater folly could not enter the mind of man.

The new magazine will oppose usury in all its forms, will seek to abolish tenantry and advocate use and occupancy as the title to land. In short everything the

old Rebel stood for as to Land will be fought for with the old time vigor and knowledge.

Now then, to secure the second class postoffice privileges I must have a large list of subscribers to begin with. Knowing you as an old time fighter for the freedom of the land I enclose a slip, on which you will, if you please, place your own name and the names of as many friends as you can reach, who are interested in the land question.

The price of the magazine will be 50c a year; 25c for six months or three yearly subs for \$1.

Please fill out this list or send your individual sub at the earliest possible moment.

Address me at general delivery, Waco, Texas, as quickly as possible.

On with the battle for the freedom of the land.

T. A. Hickey.

P. S.—All news of the Non-Partisan League activities in Texas and Oklahoma will be fully handled in each issue.
