Dear sir:

I send by to day back a
trial 2 dozen sections of comb
honey as suggested in your
card recd a day or two since

If this lot can be disposed of
in manner satisfactory to
both of us, I have some more
but don't know as yet how much
as I have not removed all from
the hives and bees have not yet
quit work. In fact there is as
good a honey flow now as we
have had this year ~

Next year with ordinary
success, I will have sufficient

surplus to justify shipping, but
I much prefer a home market
and believe one can be made
with little effort. I am
trying to get a good Appear
business started for the benefit
of my wife and four infant
daughters, as I may not be
able to leave them any other
means of livelihood.

If you think a line or two
of locals in your City papers
would be of benefit, have
them inserted at my expense.

I shall leave here for San
Antonio abt Nov 1st - If you meet
with success and can dispose of
more, let me know before then.

Very truly yours

Dear Sir

It is my purpose to call on you again about November 12th with a full line of new crop sugars and molasses. Coffee is firm and the present market shows your judgment in purchasing to have been good. Sugars have rapidly declined and I believe will touch bottom by Novr 10th to 15th. I will post myself fully on the influencing conditions of this market before coming to Eagle Pass and will be able to give you the benefit of an intelligent judgment concerning its future. If anything unsatisfactory on last order, it will be my pleasure to correct it when I see you.
