Dear Mrs. Hetherly:

The Trustees of the Texas Education Fund are pleased to approve your request for sponsorship of the publication of the results of your survey of citizen interest in city services. This is a most interesting project and we are intrigued by it and congratulate you on the results obtained in survey responses!

There are, however, a few questions that we must ask before we forward our check for the project.

- 1) How many copies of the survey do you plan to publish?
- 2) What format will you use? Booklet? Flyer?
- 3) Have you been able to raise further funds or do you wish us to forward the funds you presently have on deposit with us, less the 5% fee, of course?

In connection with the last question, there is no reason to rush -- we will keep the project open as long as you wish.

Mrs. Albert Barstis has been named project supervisor and will be happy to help you in any way she can as you proceed with the project. GOOD LUCK - I hope you raise the rest of the money; you may now tell potential contributors that the project has qualified for deductible money.

Sincerely yours,

Mrs. Maurice H. Brown

Dear Dorothy:

I have received a copy of the manuscript, together with the enclosed check in the amount of \$100.00, from the LWV of Tyler. They plan to publish 250 copies of the survey in spiral-bound booklet form. They do not expect any further contributions toward this project.

The president of the Tyler League was at the SOS meeting held March 27 in Greenville and gave me a completed copy of the survey at that time. I have read the manuscript and find it well within the IRS limitations as observed by the TEF. The survey is well-done and objective in that it sets out the results of the survey in statistical form.

The survey is dated January 1974, and since the project request is dated February 6, 1974, it would appear that it was a fact accomplished prior to the date of submitting the project request.

Re the Houston Project Request: I approve.

Sincerely,

Gladys

Dear Judy:

Thank you for the manuscript of the SURVEY OF CITY SERVICES. I have read it with much interest and find it acceptable to the TEF. In fact, I congratulate the League of Women Voters of Tyler for a worth-while project well done.

I have forwarded the information requested to Mrs. Brown, together with the enclosed check.

Since I approve the content of the manuscript, I would assume that a check in the amount covering the funds ondeposit with the TEF will be forwarded to you in due course of time. Please remember that to conclude the project you are to submit a financial report with copies of receipted bills and three copies of the Survey to the TEF, [REDACTED] [REDACTED] [REDACTED]
