Dear Julia:-

I havnt any news but hope you are well and able to go and enjoy life all along the way. This has been a bright sunny day but we are needing rain, as the cold snap killed every thing that had peep out. This has been a long lonesome day may have many many more. Gospect a good part of the afternoon with me, she looks real well and able to go where ever she cares to. Mildred & husband will be coming by to see me in May they are going to Washington, she keeps very busy but likes it. Lillian & Paul are down on the coast, they like it down there but dont fish much. Laura Hooker told me this afternoon that Tom Fourqurean wasnt doing so well, Sue has had a hard life he never will be better and I wish he could pass on, so she could have a little rest and perhaps pleasure as she has been so closely confined taking care of him and trying to make a living, she is a

good sweet person and never complains.
May Withers & Oliver Farmer are getting
along fine at the Home in Lockhart.
I am not much account anymore, but
thankful I can live alone and do for my
self. Joe went to a funeral in the Pitts
cemetery in Stringtown last week one of
our Henry Hones daughters lost her husband
the Hones continue to live there, but I am
so thankful Bro. Ward bought, carved and
paid for an 8 grave lot in the City Cemetery
in San Marcos and gave it to mamma. He
moved Bro. Sam & Daves bodies from out
there and we have not buried there in many
years. I have a horror of the cemetery ceme-
teries that are soon abandoned and grow up
in weeds. I am so glad you keep well and
can go, keep it up as long as you can -
I hope you and your children and families
keep well and happy. This is a poor letter
but the best I can do. With kindest love
and good wishes to you and yours
off - Anna
