

the Kanawha - If you  
do not have this magazine  
will lend it to you.

I have old daguerres-  
types of Dr. Couch + Dr  
Sturtevant which I will  
send you - and when  
you have yours taken  
off, will <sup>you</sup> have one of each  
for me, will be glad to  
pay for them - I will try  
to get you one of Dr. Shaw  
How much time can  
I have for this?  
I will send you data  
+ some facts about Dr. Couch

in a few days -

The oldest doctor that I have  
been in the records is

Dr Spangler, his name  
is in the ledger books  
of the store of "A. & S. M.  
Cullerch" in the year 1877.

Must have been an  
acquaintance of Dr  
Bennetts as he gave  
him a valuable paper,  
a "Declaration of Independence"  
published at his Cheater the  
early date.

You asked about Dr  
Bennetts' papers so far  
as I know there are

more I cared & kept the  
few I have - I will  
let you know later about  
the silver cups - Gen  
Dr Bennetts handsome  
silver has proved up  
& sold for silver (as it has  
been stated) you know  
what chance papers  
would have -

With kind pictures I  
have in a few days.  
I am much obliged  
for the dates & facts  
you gave me about

Dr Bennett they will be  
valuable to put with what  
I have -

Also enjoyed your  
paper on "The Fairfax  
Grant" and appreciate  
your sending it to me  
as its subject I have  
been interested in  
and am the happy  
possession of <sup>a copy of</sup> the survey  
of Thomas Lewis - given me  
at the time that <sup>they</sup> were  
fixing the boundary  
line a few years ago

The original has been  
found by Mr Geo Price of Charleston  
and he gave me the  
copy - Through correspondence  
with other descendants -  
long ago - I had been  
told it had been found  
from them and lost.  
but it has found again.  
perhaps had been kept  
in hiding.

Very cordially  
John A McCalluck

Dr. Joseph L. Miller  
Thomas M. Va

My dear Dr. Miller - Mr. Friend has

handed me your letter of October the  
fifth, relative to the sketch of  
his father, the late Dr. G. W. Friend,  
and requested me to send you  
the desired information. We have  
all the data you desire, with the  
exception of a few years of his  
early school life. I have been trying  
to locate this but if it is not  
received by the end of this week I  
shall forward to you just what  
we have, With best wishes for your  
work, I am very truly yours,  
(Mrs. C. E.) Mabel Bradford Friend.  
[over]

P.S. I wonder if you might-  
have any data of Dr Wm Bradford  
& Dr Henry Bradford who practiced  
medicine in Virginia prior to 1814?  
Dr Wm B. left Va & settled in Ky.  
Dr. Henry left Va, & settled in Penna.  
I have the record of Dr Henry Bradford  
in Penna. but am anxious for that  
of the 'two brothers in Virginia',  
MBTried

Mr Joseph L Miller,  
Thomas W. Va

Williamsburg Va  
Oct-29-1927.

My dear Mr Miller. Enclosed is the promised sketch  
of the life of Mr Geo. Wm. Freed. I am sorry it was  
delayed but I had so hoped to find out the name  
of the private school Mr Freed attended when he was  
only a lad of about twelve. I have heard him tell  
about it many times and Mr Freed says, he thinks  
it was in Beekingham Co, & that his father traveled  
by canal boat to & from school, not being near
