League of Women Voters of Texas
1212 Guadalupe Suite 109 • Austin, Texas 78701 • Tel. 512/472-1100

September 14, 1982

Dear Local League President,

The Texas League will again be working with ABC-TV to report the November election returns. There are 90 key precincts across the state which local Leagues are asked to report the governor and senate races election night. This year, we've also been asked to cover five congressional races. Tentatively, this adds 62 more precincts to election night coverage. These are not definite, and I do not yet have the numbers of the precincts.

Your League is requested to report on _____precincts for governor and senator, and tentatively_____precints for governor, senator, and congressman. You will need to select a coordinator who will in turn select a reporter for each precinct. (The coordinator may also serve as a reporter.) Please send the name, address, and telephone number of your coordinator to me by September 24, 1982. I will be acting as state coordinator on this project.

The League members who have participated in this project in the past have found the work most interesting. It also gives the local League an opportunity for some good publicity.

Enclosed is a letter and information for your local coordinator. If either of you have any problems or questions feel free to call me. Temporarily, I can be reached by dialing - 0-817-294-1363. When the operator comes on the line, say this is credit card 212-787-4131-6746. Very shortly I will have a phone that you may call me collect on.

Some of the other TV stations have possibly called you to recruit workers for them. The contract with ABC requires that the first calls be made to ABC. It is therefore advisable that anyone working on this project work exclusively on this project. The State League is being well paid and this helps keep your per member payment lower. Others in your League might wish to work for the other station, and there is nothing prohibiting them from doing so.

Thank you for giving this your immediate attention.

Very truly yours,

Myrtle S. McMahan

Dear Local League Coordinator,

The League of Women Voters of Texas again has been asked by ABC-TV to report the results of the governor's, senator's and tentatively some congressional races in the November election. Key precincts have been chosen across the state, and as coordinator, you will be responsible for selecting individual reporters for each key precinct assigned to your League. You may serve as a reporter if you wish.

Each reporter will be required to make one call to the precinct judge prior to the election to introduce themself and explain the project. They also must go to the polling place well ahead of election night in order to obtain the phone number of the closest telephone and obtain permission to use it. If there is no phone available, the reporter must get permission from the person in charge of the building so that a special ABC telephone can be installed upon request.

Reporters will make one trial phone call to New Jersey at a designated time on October 27. This phone call need not be made from the actual phone used on election night, but it is very important so that we can tell whether all systems are working properly. On November 2, each reporter will go to the assigned polling place, obtain the final count on the selected races, and phone immediately to the ABC computer center in New Jersey. In most cases, this will be within half an hour after the polls close. Since time is of such importance, it is necessary that the reporteres be very dependable people. A reporter may wish to select a teammate to go with them on election night, especially if the polling place is very far from home.

The reporter's expenses will be paid by ABC (mileage, childcare). If the precinct is such a distance that it conflicts with the dinner hour, the reporter and her team-mate may eat out as part of the incurred expenses. We only ask that you eat a modest meal because we do not wish to abuse this benefit. An expense voucher will be sent in the reporter's handbook. If the reporter does not wish reimbursement for expenses, we encourage them to submit them as a donation to the LWV-Texas.

Attached is a copy of the selected key precincts for your League. Will you please, as soon as possible, send me the name, address, and phone number of the League reporter for each precinct. For those Leagues covering Congressional races, I will have to send you the precinct numbers as soon as I have them. Please send your first list no later than October 4.

If you have any questions please call me. Temporarily, I can be reached by dialing 0 - 817-294-1363. When the operator comes on the line, say this is credit card 212-787-4131-6746. Very shortly I will have a phone that you may call me collect on. Thank you for your prompt attention to this.

Dear Coordinator,

Please call the County and get the addresses for the precincts listed below. My apologies for not having them, but ABC is running behind schedule with all of the redistricting that has occured this year.

You are to cover the following precincts for Governor and Senate:

Rough draft of letter of Nina McCall cc to Diana Clark

Most of what is included in this report, I have already relayed verball to each of you. This has been a most interesting challenge, to say the least. There was a time or two that I would have liked to say "the hell with it." But, all of a sudden everything seemed to fall in place, and what seemed like an impossible task, became a doable one. There are a few areas I would like to address.

REPORTER"s Experience: Nineteen local leagues were involved this year as volunteer reporters. One local league was paid to cover some out of the way places. Two members-at-large were used to cover one tabulation center, and eighteen non leaguers were recruited (some paid, somenot) to cover precincts were we had no members living. Only one hired individual fell down on the job. In all, the LWV Texas paid out $340 to cover the precincts where we had no leagues. Arranging for reporters in ares where we had no leagues proved to be the most difficult portion of my job. I spent more time and worried more about this. Election eve, I found myself having to find one last reporter to cover a precinct where the person I had secured two weeks prior backed out. Nina, you suggested getting State Board to cover the precincts where we had no leagues. The geographic make up of our Board is such that the distances they would have had to travel (if they were even willing to do) would have cost ABC in expenses considerably more than those submitted by the individuals we hired. The Board asked that I relay to you their opinion that we should be reimbursed the $340 we paid out. The reporters mostly had good experiences. Only three have said they would not participate again. Many have voiced reservations about reporting during a presidential year if the same procedures are used as last presidential election. Thjis is something that both ABC andthe LWV needs to be aware of. Many reporters found resentment by the election judges. Also, many reporrters , especially those reporting from small rural precincts, questioned the use of that particular polling place. Maybe, a better explanation of how the samplings are determined and the whole process of what ABC is doing might be in order. I think it would be helpful if the reporters were aware that the person they are giving their information to is a LWVer ~~might be helpful~~.

CALENDAR: It would have been most helpful to me, if I had a calenar listing what would be sent to me, and when, what dates were deadlines for sending out various materials. Most of the foul ups were due to miscommunication or non communication. For example, I received the box of supplies, with a list of what theywere -- with a batch of things crossed off, and what turned out to be an incomplete list. The list said nothing about postcards of rehearsal date reminder. There were none, and therefore, I sent out a letter of my own. (I had ~~duplicate~~ two sets of cards for telephone number reports). The phone was ordered to beinstalled in my home, but I was not notified when it was comming, therefore I missed the original installation date. I then spent three daysat home waiting for a workable phone to be installed. Frustrating to say the least. The same thing almost happened with the computer list with the dummy information. You mailed it with return receipt requested on it, and I was not home when it arrived. It was taken back to the post office and I luckily was able to get them to find it late Friday afternoon as it was a holiday weekend with the postoffice not open Saturdayor Monday. The directons for filling out the dummy information in the kits were not given (to the best of my knowledge) and not having information on some of the congressional races, I assumed you would not be covering them. This was not so, and it meant going back through all the kits which were already assembled, and correcting information. A number of kits turned out to be not totally corrected, and election night a number of the reporters did not cover the congressional races due to my mistake.

If a calendar listing the dates such as when to expect your telephone, when to expected your list of information necessary to complete your kits, dates to have reporters by, and dates when kits should be in the mail, would be most helpful. I did hire my daughter to help assemble the kits.

COORDINATOR'S JOB: If ABC covers congressional races and chooses as many precincts as were covered this year, additional money shoud be made available to provided some clerical assistance for the coordinator. I found myself totally exhausted the final two weeks. I work three mornings a week. On those days, I came home by two, was on the phone till almost ten (off and on) and totally envolved the other two days. I called each and every reporter to make sure they had received their kit, called every reporter that had not sent in their telephone card, and every reporter that fouled up reharsal night. With 157 precincts, that's a lot of calls. In addition, I had to call halfof the local league president's who were contacted to find out who their local coordinator was as they didn't pay any attention to the deadline given them and send in the self addressed and stamped post card tome. I then wound up calling the local coordinators -(some four and five times) because they were delinquent in sending back the forms listing the precinct locations and reporters. I'll not go into the phone calls to secure the non leaguers. I talked to more county election offices to secure leads. I'm sure the phone bill was enormous, but with the time frame, there was no other way.

CONCLUSION: My husband asked me if I would be willing to do this again. It certainly would be much easier repeating. A month after the hard work, I am still working to finish up the task. I probably would be willing to do it again, but you'd have to pay more. I tried keeping track of the time I spent on this job, but soon gave up. I do know that Nana Rylander determined that her pay came to $10.00 per hour. I know that I spent at least twice the number of hours working that she did, as the workload increased from 90 to 157 precincts. And, the number of non-leaguers I had to secure, and which took hours of time, increased tremendously.

I really enjoyed working with you, Nina, and with Susan. Only one reporter fell totally down on the job. Some of the others apparently did not report either fully or acurately.

Dear Diana,

This will confirm our understanding that the League of Women Voters of Texas and individuals associated with it will furnish us with coverage of key voting precincts in the State of Texas on General Election evening, November 2, 1982. It is understood that you will furnish us with the exclusive services of a State Coordinator and the services of the persons selected by you to cover such key precincts and report the results of designated races (of which we will advise you in advance) for inclusion in radio and/or television programs produced in connection therewith.

The ABC News Political Unit will make available to you at the earliest possible time the precinct lists with addresses and will offer all cooperation and assistance possible in the organizing of this project. The State Coordinator will organize the League effort and will be responsible for distribution of all information and materials transmitted to you by the Political Unit to all individuals working for you on the project.

We shall determine after prior consultation with you the exact patterns and methods of coverage, and methods of transmission of election returns. All information gathered and supplied by you may be used by us for any and all purposes as we may elect.

You agree that the individuals supplied by you will be available to us on General Election evening as well as at mutually agreeable practice sessions and surveys prior to such date.

In full consideration for all the materials and services supplied by you (including those of the individuals supplied by you) we agree to pay you at the rates of Twenty Dollars ($20.00) per key precinct actually reported from a tabulation center source for two or more keys and Thirty Dollars ($30.00) per key precinct actually reported from an individual source. We also agree to pay you as an organizing and coordinating fee the flat sum of Twelve Hundred Fifty Dollars ($1250.00). In addition, we agree to reimburse you for such expenses as are incurred by you in connection with your services for us, provided, however, that such expenses are incurred with our prior approval. Reimbursement will be made upon presentation to us of a statement of expenses plus appropriate receipts.

precinct

$700 stipend

You hereby grant us the option to similarly engage your services in connection with key precinct coverage of the 1982 Primary Election in your state. In the event such option is exercised, the additional services rendered by you shall be subject to the same terms and conditions as are contained herein.

It is our intention, on our elections coverage programming, to credit the participation of League of Women Voters groups throughout the country in our key precinct reporting system. In this connection, you agree that we may use your name and the names, voices and/or likenesses of personnel supplied by you for the purposes of broadcasting, advertising and publicizing the election coverage programs. We agree that the usage shall not be in such a manner as to constitute an endorsement directly or indirectly of any product, party or candidate.

If the foregoing is in accordance with your understanding, kindly indicate your consent by signing and returning the duplicate of this letter.

Very truly yours,

John H. Thompson

Delegates Determine LWV Direction

It is at the state convention that delegates determine state program for the coming two years, based upon new or continuing study/action items suggested during local program-choosing meetings earlier in the year.

For new program, 1983-85, the state board recommends continued study of Women Under Texas Law, with emphasis on domestic violence, child support enforcement, and intestacy laws. This decision is based upon the interest shown in these topics on both the consensus forms last summer and the program recommendations.

Local Leagues indicated strong interest in doing a new study, but no one issue had a significant amount of support;
therefore, the state board is recommending the adoption of one other study, topic to be determined by convention delegates.

Nine Leagues suggested textbook selection, but the board hesitated to recommend it for two reasons: 1) we can already act under our principles in favor of greater citizen participation in the selection process, and 2) the public participation question may be resolved by convention time.*

Here are local League suggestions. Instruct your representatives to come to convention and persuade two-thirds of the delegates to vote for the item you want!

Textbook selection: Abilene, Beaumont, Dallas, Denton, El Paso, Houston, Lubbock, Richardson, Wichita Falls

Railroad Commission: Arlington, Brazos Co., Dallas, Denton, Orange

Public Utility Commission: Abilene, Denton

Public Library Funding: Baytown, Brazos Co., San Antonio, Tyler, Victoria

Redistricting: Arlington, Austin, Baytown

DWI Laws: Brazos Co., Dallas

Health Care for the Indigent: Lubbock, Wichita Falls

Other suggestions include the following: Utility Regulatory Agencies, Texas Constitutional Revision, Juvenile Justice Agencies, Grand Juries, Transportation and State Highway Funds, Education (program to retain math and science teachers). **— Lois Carpenter**

*See text book article, p. 4.

Speakers, Workshops Highlight Business

The Dallas League's plans for the 19th LWV-T Convention will let you enjoy doing the business at hand and take in sights and sounds of Dallas.

Dot Ridings, president of the LWVUS, will address the delegates. Ridings has been a national board member since 1976, serving as housing and education chair, coordinator of human resources and first vice-president. Our Saturday noon luncheon will also have a featured speaker to challenge us.

Dot Ridings
LWVUS Pres.

Workshops are on the agenda: "Community Access to Cable TV," with Penelope Brush and Susan Harrell, who will share the how-to; "Guide to Local Program through Consensus" with Lois Carpenter; a training session for treasurers and budget directors with Jeanette Vanderwater, plus more!

Tours will also be available to delegates. There will be an opportunity to look at Dallas Friday morning, with stops at City Hall and the new Central Library. Saturday evening's plans include dinner and "Advice to Women," a humorous hour by Theater Three.

North Park Inn, on Central Expressway, will be convention headquarters. The first plenary session convenes at 1:00 p.m., Friday, April 15 and convention closes at 12:30 p.m. Sunday, April 17. **— Eleanor Sutherland**

Not All LWV Members in Local Leagues

LWV-T now has 178 members-at-large, with 35 "isolated" and the rest in state units. Everyone does voter service and receives periodic mailings on state and national issues.

The state units often study state and national program. Members attend regional workshops and are welcome as observers at Convention and Council.

Provisional leagues are a level of membership which helps all the members gain confidence in the workings of the League of Women Voters — doing increased voter service and local program takes dedication and time.

The Organization Department takes pride in these members who often do League work without the support of a large, nearby organization.

— Eleanor Sutherland

State Officials To Address League Members

Legislative Day is Tuesday, March 8, at the Texas Law Center, in Austin. This biennial occasion is scheduled so that League members can visit Austin, learn about current League issues and lobby their legislators on our concerns.

Gov. Mark White will welcome LWV-T members at 10:00 a.m. He will be followed by our state program directors, who will brief us on the status of LWV priorities in the legislature.

Former Senator Max Sherman, Gov. White's legislative liaison, will be the featured speaker at 11:00, and will discuss the governor's legislative program. After a question period, there will be a lunch break, which members can take on their own with their legislators.

The majority of the afternoon has been unscheduled so people may visit with representatives and observe the sessions. At 4:30 p.m., there will be a reception for League members and legislators. This will be over at 6:00 p.m., giving travelers plenty of time to get home.

— Evelyn Bonavita

District Judges Now Included in LWV-T Position

LWV members concurred overwhelmingly to expand our judicial selection position. Over 90% supported the inclusion of *district* judges in the merit selection process. That statement now reads:

> The League of Women Voters of Texas supports a plan for selection of district and appellate judges that combines nomination by nonpartisan commission, initial executive appointment, and nonpartisan, non-competitive elections.

We expect some action in this legislative session toward change in the method of judicial selection. LWV-T will work to ensure the selection of judges of high qualifications and character, and to eliminate the need to spend great amounts of time and money campaigning for election for judicial positions.

— Lavora Arizaga

Member Contributions Grow

A special "thank you" to all those who responded to the October VOTER insert requesting contributions to LWV-T and TEF. The number of contributions from members across the state reinforces your support of the League and its programs. Such financial, as well as moral support is vital.

League members involved in estate planning may want to consider adding the League to their list of beneficiaries. Contact Nancy Price, Development Director, for information on planned giving. LWVUS has some excellent publications on this important topic.

— Nancy Price

League Does Not Support AFDC Policy Changes

The Department of Human Resources (DHR) is considering several types of employment programs for *applicants* and recipients of Aid to Families of Dependent Children. The revised federally-funded Work Incentive Program (WIN) is also being expanded to cover the entire state.

DHR's new focus is Job Search, which will be tested for six months in 13 Texas counties. Open to all AFDC applicants and recipients who volunteer, it will be required for those who do not qualify for exemptions.

Private employment agencies may be used by the person seeking a job, and DHR will pay small fees for up to three interviews and client costs. The key incentive to agencies is that DHR will pay a competitive fee for successful placements. AFDC funds saved by placing potential recipients into jobs would pay for this program.

Although the League favors a full-employment policy, it is difficult for us to support either program, state or federal. Our position states that counseling and realistic training for actual jobs should be the link between jobs programs and income assistance. In the past, we have supported WIN because of the jobs skills taught; the revised WIN no longer funds any job training, although WIN counselors do try to spend time on job preparation. Job Search meets neither of our criteria. It may help some of the symptoms but does not cure the basic malady of non-skilled disadvantaged persons trying to compete in the work force.

ABC Election Night Reporting Expands LWV Visibility, Coffers

Volunteers did a wonderful job of covering the November 2 election for ABC. Involved were 19 local Leagues, two members-at-large, and 18 non-League people who covered precincts where no League exists.

This year ABC expanded its coverage to include congressional, senatorial and gubernatorial races. Texas coverage was expanded from 90 to 157 precincts scattered across the state. Included were big city, small rural, liberal and conservative precincts. Each report was as valuable as any other to ABC because each precinct was chosen for a special reason, and when combined, made up an accurate sampling of the state.

We appreciate each volunteer. There were some problems, but not with our reporting. ABC and LWV-T will review all comments from each reporter.

LWV-T received $4,650 plus a coordinator's fee and reimbursement for all expenses. Our state budget was enhanced to the equivalent of $1.35 per member.

LWV Helps To Open Textbook Selections Process

As most of you are aware, there has been growing debate over the textbook selection process and the extent to which citizens may participate.

At the January State Board meeting, acting upon our position supporting full participation by all citizens, the following statement was adopted:

> Because one of the principles of the League of Women Voters is a belief that democratic government depends upon informed and active participation of its citizens, the League of Women Voters of Texas supports changes in state textbook adoption procedures to permit a full range of public comment — positive as well as negative.

This statement was sent to the State Board of Education with the request that it be made a part of the permanent record.

As a result of our action, and that of many concerned citizens and groups, the State Board of Education on February 12 agreed unanimously to allow both positive and negative statements during public hearings regarding textbook selection.

— Jan Albers

President's Message

A recent Dallas newspaper article attributed the secret of that city's success to the quality of its volunteer efforts. This means to me that volunteer efforts anywhere are the secrets of many kinds of successes. Words such as "involvement, community, participation, civic responsibility" — all are words and deeds League members embrace every day.

But at the same time, I am reminded that the renewal of organizations as well as the renewal of societies depends on people *continuing* to care. Apathy and lowered motivation characterized not only the gradual disintegration of organizations dependent on volunteer commitment, but civilization on a downward path. Those who believe in nothing, accomplish nothing, change nothing.

Do I see this happening in the League? Certainly not. But somehow February is a time for me when tasks which once were fun become more difficult. The excitement of election time becomes the hard work of putting into practice the easy promises of November.

February, fortunately, leads to spring — a time of renewal. It is a time to look when we gear up once again for local elections and all our oh-so-needed voter service.

Spring is also a time to look forward to renewing our organizational selves with lively debate on issues to tackle, goals to set, friends to make.

Join us in Dallas April 15-17 for a reaffirmation of our community of effort and goals.

Spotlight: Leagues and Members in the News

FRANCES EMERY of San Marcos has been elected to the Board of Directors of the Edwards Underground Water District.

ARLINGTON LWV has established a lending library of League publications for members.

DENTON LWV is having great success with a part-time president's "assistant."

BRAZOS COUNTY LWV increased its membership by one-third.

LUBBOCK LWV has been successful with monthly forums geared to special topics and community individuals.

DALLAS LWV put its Voters Guide on cable tv.

TARRANT COUNTY LWV taped its Voters Guide in Spanish and made it available to libraries and Spanish radio stations.

AUSTIN LWV has established its own education fund and is expanding the area represented by the local league.

KERRVILLE has applied to become a provisional league.

RESPONSIBILITIES OF THE STATE COORDINATOR

The Coordinator organizes and supervises the key precinct reporting system in each state. You will soon receive a list of the key precincts (election districts in some states) which have been selected in your state. This list gives the name or number and the address of each key precinct, and has space for the name, address and phone number of the reporter assigned to it.

Your first job is to recruit League members as reporters. This is usually done by contacting local League Presidents or Members-at-Large, to get the names of potential reporters. In states with many Leagues, recruiting may be delegated, but the complete list must be kept by you, and final responsibility for managing the project is yours.

In counties or cities with many key precincts, especially metropolitan areas, reporters must be supplied with the name of the official in charge of each key, because it is impractical for county boards or commissioners to give out this information to numerous individuals. You or a deputy should get the required names and phone numbers in a single visit, and distribute them to the reporters. This eliminates much friction with public officials.

Early in September, you will receive a package containing the literature and forms for the reporters' kits. You will also receive dummy figures to be used in the computer systems test and test night reminder postcards. The kit materials include: Be sure to check to make sure everything is there.

1. Key Precinct Handbooks
2. Letters to reporters explaining operation
3. Letters of introduction to local election official
4. Reporter badges (2 in each kit)
5. Telephone order forms and mailing envelopes
6. Stamped postcards to inform Coordinator of reporter's Election Night telephone number
7. Expense forms
8. Stamped, addressed 9½ x 6½ envelopes for returning handbooks and expense forms to Coordinator

The Key Precinct Handbook contains instructions on reporting procedures. Read it over carefully. Its cover provides spaces for the identity of each precinct, its address, code number, etc., plus spaces for the name, address and phone number of the reporter and teammate. These blanks are to be filled in by you from the information on the key precinct list. Elsewhere in the handbook are Computer Test instructions, including spaces in which the dummy figures are to be entered and a tally page where the code and check must also be inserted by you.

There are different handbooks for precincts such as Houston where all the precincts report to one place. They look almost identical but the insides are different.

ABC will provide each Coordinator with a telephone credit card number early in the project, to simplify record keeping.

This is your card number for the current year: **212-787-4131-6746.** It may be used from any phone, anywhere. ABC will install a special telephone in your home, so that the family phone will not be tied up with election business, and also to eliminate operator assisted calling.

We have learned that it is best for the Coordinator or a reliable deputy to personally telephone each reporter shortly after the kits have been mailed out. This will assure that the kits have been received and have been opened, and that the need for early preparation is understood. This is especially important for keys in which an ABC telephone is to be installed.

As the election approaches, it is necessary to follow up on the telephone number postcards to see that they are all returned. Check those missing by phone. Then, during the last few days before the election, a final call should be made to each reporter. This will help smooth out last minute kinks and assure reporter readiness.

Immediately after the election, the reporters will mail their handbooks and expense vouchers to you as Coordinator. If a reporter returns a handbook with important blanks unfilled, such as the final results, please telephone the reporter and get the missing information. Add up the expenses, including your own, and send ABC News a covering statement. Enclose two copies of the reporter vouchers with receipts and the reporters' handbooks. ABC will send you a single check for all expenses.

Write a brief report about how the project went. Tell us about any problems you or your reporters encountered, and let us have your suggestions. The operation has become increasingly efficient over the years as a result of your reports and comments.

WE WANT TO HEAR FROM YOU DURING THE PRE-ELECTION WEEKS IF ANYTHING UNEXPECTED HAPPENS (SUCH AS CHANGE OF A POLLING PLACE, SPLIT OF A PRECINCT), OR IF YOU HAVE ANY QUESTIONS.

Dear Myrtle,

Enclosed is a check for $1,176.60 to cover $826.60 in expenses incurred for election night reporting plus an extra $350.00 for the extra work entailed in covering the additional CD precincts. It was a difficult job organizing Texas this year, and you did it with "flying colors." Thank you again for a super effort.

Best wishes to you and yours for the holiday season.

Dear Election Reporter,

Election day is drawing near! I'm contacting as many of you as I can by telephone, but since I'll probably miss some of you, I want to clarify our procedures in writing.

By now, you should have:

1. Received (and read) your reporter's kit.
2. October 27 - called in your practise call.
3. Visited your precinct's polling place and located a telephone to use on election night.
4. Returned the postcard (in your kit) telling me the number of the telephone you will use election night.
5. Contacted the election judge at your precinct to make sure there will be no problems about your getting the results on election night -- and also to verify the polling place site.

Now here's a recap of the procedure for reporting both on October 27 and November 2, 1982:

Just as soon as you get the results, call the ABC Election Headquarters toll free number (800-526-0150). Say "This is code #_____, and Check #_____. Then report the resulsts for the Senate, Democrat_____, Senate Republican_____. Governor, Democrat_____, Governor, Republican_____. US House, Democrat_____. Republican or Libertarian (as indicated on your form)_____.

If you get partial results and there is going to be any kind of a wait for the rest, go ahead and call those in, stating that you are giving partial results. Then call in the others as you get them. This is where a partner comes in handy.

Remember, minutes count with ABC. They immediately feed your figures into their computer which helps them predict the election.

The day after the election, you will need to fold and return the election handbook to me in the envelope provided. Also return the expense voucher listing any expenses, including mileage, child care, and if you need to eat out, ABC will pay for a modest meal for you and your partner. Please return this promptly, because we have to wait till all are in before ABC will reimburse us.

ABC is paying the League of Women Voters of Texas for this service, so you deserve a big thank you in advance for helping earn these funds. Finding reporters to cover 157 precincts, 60 more than in any previous year, was no easy task, but thanks to all of you who said yes. I'm depending on you to do your best on election night. If you have any problems, please call me collect at 817 - 292-7230.

Yours truly,

Myrtle McMahan

October 5, 1982

Dear League Member-at-large,

The Texas League will again be working with ABC-TV to report the November election returns. There are 156 key precincts across the state which local Leagues are asked to report the governor, senate, and congressional races election night.

A number of these key precincts are in areas in which we have no leagues, but in which members-at-large live. We are asking you to cover _____ which voted at the following address last year_____.

The League members who have participated in this project in the past have found the work most interesting. As a reporter you will be required to make one call to the precinct judge prior to the election to introduce yourself and explain the project. You must go to the polling place well ahead of election night in order to obtain the phone number of the closest telephone and obtain permission to use it. If there is no phone available, the reporter must get permission from the person in charge of the building so that a SPECIAL ABC telephone can be installed upon request.

Reporters will make one trial phone call to New Jersey at a designated time on October 27. This phone call need not be made from the actual phone used on election night, but it is very important so that we can tell whether all systems are working properly. On November 2, each reporter will go to the assigned polling place, obtain the final count on the selected races, and phone immediately to the ABC computer center. In most cases, this will be within half an hour after the polls close. Since time is of such importance, it is necessary that the reporters be very dependable people. You may wish to select a teammate to go with you on election night.

Your expenses will be paid by ABC (mileage, childcare). If the precinct is such a distance that it conflicts with the dinner hour, the reporter and team-mate may eat out as part of the incurred expenses. We only ask that you eat a modest meal because we do not wish to abuse this benefit. An expense voucher will be sent in the reporter's handbook. If you do not wish reimbursement for expenses, we encourage you to submit them as a donation to the LWV-Texas.

The LWV-Texas will be paid for this project, and by your participating you will indirectly be making a contribution to the League. I will be calling you within the next day or two to check with you on your willingness to participate. I hope you will say yes.

Dear League Member-at-large,

The Texas League will again be working with ABC-TV to report the November election returns. There are 156 key precincts across the state which local Leagues are asked to report the governor, senate, and congressional races election night.

A number of these key precincts are in areas in which we have no leagues, but in which members-at-large live. We are asking you to cover _____ which voted at the following address last year _____.

The League members who have participated in this project in the past have found the work most interesting. As a reporter you will be required to make one call to the precinct judge prior to the election to introduce yourself and explain the project. You must go to the polling place well ahead of election night in order to obtain the phone number of the closest telephone and obtain permission to use it. If there is no phone available, the reporter must get permission from the person in charge of the building so that a SPECIAL ABC telephone can be installed upon request.

Reporters will make one trial phone call to New Jersey at a designated time on October 27. This phone call need not be made from the actual phone used on election night, but it is very important so that we can tell whether all systems are working properly. On November 2, each reporter will go to the assigned polling place, obtain the final count on the selected races, and phone immediately to the ABC computer center. In most cases, this will be within half an hour after the polls close. Since time is of such importance, it is necessary that the reporters be very dependable people. You may wish to select a teammate to go with you on election night.

Your expenses will be paid by ABC (mileage, childcare). If the precinct is such a distance that it conflicts with the dinner hour, the reporter and team-mate may eat out as part of the incurred expenses. We only ask that you eat a modest meal because we do not wish to abuse this benefit. An expense voucher will be sent in the reporter's handbook. If you do not wish reimbursement for expenses, we encourage you to submit them as a donation to the LWV-Texas.

The LWV-Texas will be paid for this project, and by your participating you will indirectly be making a contribution to the League. I will be calling you within the next day or two to check with you on your willingness to participate. I hope you will say yes.

Dear Jeanette,

Enclosed are vouchers to pay ~~47~~ 46 individuals and one league for election night reporting. They total ~~$874~~ 862.97, of which $534.97 will be reimbursed by ABC. I have expenses totalling almost $200, which also will be reimbursed by ABC. I still have 15 kits to collect, and having contacted all of these people last night, I hope to be able to wind things up on Monday, and bundle everything up that needs to go back to ABC and get them in the mail before turning in my own voucher.

ABC will reimburse us for expenses after I get everything back to them, so it will probably be two or three weeks till we get that. The two women I worked with are on vacation for two weeks, and I imagine they will have to OK the check.

I included the few vouchers that have minimal expenses. Why don't you pay them in stamps? I also included enough stamps to pay for the mailing of the reimbursements, as well as labels to mail them with. There are two notes that need to be enclosed. As you can see, one lady could not add, the other tried to charge us for her teammate. I have enough stationary left to offset the cost of any envelopes you use. Joanne has given me a voucher for this reimbursement by ABC.

Look forward to seeing you in Denton. Hope you can write the checks and mail those that say expedite on them. They are our hired reporters. This has been an interesting experience, to say the least.

Fondly,

Myrtle

Dear Diana,

We are beginning to prepare for the 1982 election coverage and part of the process is putting together the key precinct sample for each state. The location of precincts is based partially on the location of League members. In the past we have used the "List of Local Leagues by State" put out by the national office of the League. We would rather have a list from your office of the town, their counties, and the number of members in each location. It would also be helpful to list separately, towns where Members at Large and ex-members live if you think they would be interested in reporting. A little caveat--I am asking for locations, not names of members (knowing how sensitive the Leaguers are about that).

For years some of the League reporters have commented in their kits that we have picked the most remote precinct in the state! Sometimes we absolutely have to have a remote location but more often we can make an alternate choice. With your help I think we can make the League reporter's job easier while opening options for us.

Something else to mull over during the long, hot summer--there is a possibility we will expand our coverage into Congressional races which will involve an increased number of reporters. At this point we are still in the planning stage and will not be set on this until mid 1982. We'll keep you informed.

Sincerely,

Nina McCall

Dear Nina,

Thank you for your letter of July 8th alerting us to the possibility of including congressional races in the 1982 election. Depending on which races you pick, we should not have too many problems if we are given a good long lead time. In fact such a long lead time might help us in the present list of races you usually cover.

With the help of Joann Lovelace, keystone of our Austin office, I am enclosing a list of local leagues in Texas by county with the number of members added. Also included is a list of towms where we have members at large. Unfortunately we have lost two leagues this year - Temple and Brownsville. We hope we will eventually retain some of their members as MAL's but have no results from our solicitation letters to that effect so far.

Do you have any plans for League reporting in the Texas primary, February, 1982? If so, we need to know ASAP.

Sincerely,

Diana S. Clark

Dear Myrtle,

I would suggest that next time, the coordinator (you) be allowed to set up her own bank account, apart from LWV-T account like we do for convention.

I hate to complain, but I found all those checks and reconciling bankkeeping a bit much.

Merry Christmas

Jeanette
