

Amerville. July 16/9 Park St. Grey Ninth
My dear Mrs. Hatch:-
after being in Abilene a
number of weeks we went to San Angelo
and spent ten or a half weeks there.
Capt and I with our sister, arrived to
see your aunt Mrs. Duff. - It
surprised us in the little visit - she
is such a dear charming woman
and was so pleased to hear from her -
We both long to hear her talk - has
such a wonderful spirit.
It was so very warm in Angelo for
we were glad to get away and

came to Annapolis when to so much
more pleasant. Cotton has given up
you of work after this. He is much
worn out now. He breaks out to finish.
We are going west this year. too so
of pressure - but planning on very
little work.

I heard you, John and your mother
were in in Newport this summer.
I wish you all well - are the En-
drews still with you? Give him my
love and say to Ruth I will answer
her letter some time - I presume you
are now in France - I hope to hear from
you in a very pleasant way. With love
to you. Your mother and I are
John & Frances White -
