ATTN: Farm Editors

LUBBOCK --- Climatic conditions and farming methods causing a food and grain shortage in Egypt were studied by Dr. J. Wayland Bennett of Texas Tech during his 23-day mission to Egypt.

Dr. Bennett, an agricultural economist, has just returned from Cairo and vicinity where he conducted a survey of the market potential for grain sorghum.

The survey-study trip was sponsored by the U. S. Feed Grain Council, a private agency; Grain Sorghum Producers Assn., a member of the Council with headquarters in Amarillo; and the USDA's Foreign Agriculture Service.

Bennett left the United States on April 6 and returned April 30. He spent last June and July on a similar mission to Nigeria, Liberia and Sierra Leone in West Africa.

Dr. Bennett said that the survey was made in accordance with Public Law 480, which provides that agricultural products may be made available to underdeveloped nations, whereby they pay for the products in their own money.

Up to 75 percent of the country's money (in this case, Egypt's) can be returned to her at a low rate of interest to be used by that nation in development projects related to the utilization of food grain.

"In visiting with the government officials in the Ministry of Agriculture and Supply, they each stressed an interest in developing their agriculture to raise their population above the subsistence level of consumption," Dr. Bennett said.

(More)

Egypt survey--add 1

"More people are engaged in agriculture and small trades than in any other fields," he said.

The Egyptian government has requested the privilege to purchase up to 500,000 tons of feed grain from the U. S. during the current fiscal year.

In addition to Egypt's request for feed grains for their livestock industry, they have been granted under the famine-relief clause of Title II of Public Law 480 an additional 200,000 tons of yellow corn for human consumption.

"Egypt has a livestock industry that is undernourished and particularly nutrition-deficient in feed grains," Dr. Bennett said.

"It would be an understatement to say that Egypt does not need the amount of grain they have requested from our country," he said.

"They have adequate feed in the winter months, from December through May, from heavy plantings of berseem clover." During summer months the livestock is fed on an improperly balanced ration of cottonseed cake, wheat bran, rice bran and molasses."

During the summer when they plant corn for winter use, the farmers strip the lower leaves of the corn stalks to feed the livestock. In addition, they scrounge for weeds along the canals and graze their goats along the roads.

"It's a real struggle for them to keep their livestock alive 12 months a year--when they barely have an adequate supply for six months," Dr. Bennett said.

(More)

Dr. Bennett, along with R. W. Kohlmeyer of Chicago, grain merchant with Cargill Inc. (feed and grain corporation), surveyed the handling and storage facilities, feed manufacturing capacity, transportation distribution system, distribution methods and the potential utilization of feeds.

Bennett reported that Egypt's facilities were inadequate to load and distribute the grain. Most of the grain is unloaded by hand at the port of Alexandria.

Because of a lack of modern storage and handling facilities, the grain is stored in sacks in open warehouses or on the ground.

The only way we can tell if the grain importation has been economically feasible will be to check back in December. If the production has been maintained at a high level and the livestock is well nourished, we can say the project has been worthwhile from our nation's standpoint, Dr. Bennett said.

Since the importation began in January, the Egyptians have blended the grain into their rations, thus improving the production of milk, meat and produce.

"We hope to see them move into the dollar market for surplus agricultural productions rather than accept their own money under Public Law 480. The ultimate goal of this aid program is to develop a cash market for our surplus products," Dr. Bennett said.

The cow and the buffalo are the major work animals, which consume the most feed. In 1960 there were 1,588,000 cows and 1,525,000 water buffaloes in Egypt. Other animals requiring feed include sheep, goats, camels, horses, donkeys, mules, swine and poultry.

He said his conclusions on the market potential for U. S. feed grains in Egypt will be reported to the U. S. Feed Grains Council, a report he is in the process of completing.

The Texas Tech Symphony Orchestra will present its annual Commencement Concert at 8:15 p.m. today (May 8) in the Music Building Recital Hall.

Paul Ellsworth will conduct the 70-member group in its last appearance of the year.

The concert is designed to allow senior students an opportunity to solo with the orchestra and to act as conductors, to honor them as seniors and to give them additional experience before graduating.

Brahms' Overture to the "Academic Festival" will open the concert. Beethoven's "Allegro con brio" from his Concerto No. 3 will feature Jane Ann Henry, Lubbock senior, at the piano, and Dwight Pounds, Levelland graduate student, conducting.

The orchestra will play Granados' "Intermezzo" and Presto from Mozart's "Sinfonia Concertante," with Carol Lewis and Billie Ruth Latch, both from Lubbock, sharing the violinist and violist solos, respectively.

Mrs. Alice Cooke of the music faculty will play the oboe solo in Barlow's "The Winter Past." Martin Jones of Lubbock will be the featured trumpeter in Latham's "Suite for Trumpet and Strings." Phil Anthony of Amarillo will conduct.

Miss Henry will conduct the orchestra in Dittersdorf's "Concerto in E-flat," with John Biffle, Lubbock, as string bassist. The concert will close with Rossini's "William Tell Overture."

Dorcas Ann Turner of Jacksboro was recognized as the senior English major with the highest scholastic average at the annual Texas Tech English department banquet Monday night in the Tech union,

J.D. Thomas, Rice University English professor, spoke on "Welcome to the Republic." He is a former president of the Texas Conference of College Teachers of English.

Others recognized at the banquet were Stephen Magee of Lubbock, who wrote the best freshman essay, and Mrs. Maxine Everett, who wrote the best Master's thesis.

Sigma Tau Delta, honorary English fraternity, sponsored the banquet. Award-winning contributors to the Harbinger, Tech literary magazine, were presented.

###

Miss Doris Nesbitt, associate professor in Texas Tech's home economics education department, is participating in a Family Life Conference at the Merrill-Palmer Institute Monday through Wednesday (May 7-9) in Detroit, Mich.

The presentations at the conference include preparation, approaches, research and problems in teaching family life courses in high school and college.

LUBBOCK --- The Interfraternity Council (IFC) of Texas Tech recently elected officers for 1962-63.

Elected to serve as president was Pete Feather, senior retailing major from 5110 Longmont, Houston.

Other officers elected were: John Farrell, Lubbock, vice president; and Johnny Ayres, Pampa, secretary.

Feather, a Sigma Chi, has served this past year as the IFC vice president.

The IFC is an organization of Tech's 11 social fraternities whose aims are to promote scholarship, better fraternity relations, encourage new fraternities, and to develop existing chapters and individuals in the fraternity system.

LUBBOCK, --An electronic computer for engineering research has been donated to Texas Tech by Humble Oil & Refining Company.

The gift was presented by Douglas Ragland of Houston, Humble's production engineer, to Dr. R.C. Goodwin, Tech president.

Originally valued at \$85,000, the Bendix G-15 computer will be added to Tech's data processing center.

The facility will be of use to faculty members with minimum previous computer experience. They can learn to operate the G-15 with four hours of instruction.

Ragland said the computer had enabled researchers in Humble's production department to perform many studies that would have been impossible otherwise.

Dr. John R. Bradford, Tech engineering dean, said the new computer "will greatly enhance our research capabilities and will provide added impetus to many engineering studies."

The basic G-15 installation is a complete operating computer system. It includes an internal magnetic drum memory of more than 2,000 words, special typewriter, a paper-tape punch and a unique photo-electric tape reader. It has two magnetic tape drives for additional memory.

Tech's new computer utilizes the Algo international algebraic language to allow engineers to state their problems in natural mathematical terms. The machine adds, subtracts, multiplies or divides in a fraction of a second.

LUBBOCK --Thirty-four outstanding Texas Tech students have been selected for the annual Tech Salutes, which will appear in the 1962 La Ventana yearbook.

The honorees were selected by a special committee and approved by Dean of Student Life James G. Allen.

Receiving recognition in their individual fields are:

Roger Henning, Mathis, basketball; Mac Percival, Vernon, basketball; Harold Hudgens, Ballinger, basketball; Dell Ray Mounts, Perryton, basketball; Richard Sharpe, Plainview, agriculture; Edd Workman, Olton, rodeo; Janice Aboud, El Paso, 1600 North Kansas, Women's Service Organization; Glenda Johnson, Dallas, 3351 Dartmoor, Women's Residence Council; Ralph W. Carpenter, Stamford, Toreador; and Charles Richards, Jayton, Toreador.

Others include Charlie Aycock, Tulia, Saddle Tramps; Beth O'Quinn, San Antonio, 506 Weizmann, cheerleader; Jim Isham, Lubbock, cheerleader; Don Roper, Lubbock, Student Union; Marjorie Baird, Lubbock, Student Union; Charles Harrison, Lubbock, athletic leadership; and Ouida Daughtery, Grand Prairie, Assn. of Women Students.

Also receiving the honor are Mary Jo McClain, Lubbock, Mortar Board; Carlyle Smith, Grand Prairie, Student Assn.; Gerald Hodges, Dallas, 3719 Doroty, Student Assn.; Peggy Maloy, Waco, 1920 Algonquin, Student Assn.; Wayne Underwood, Fort Worth, 7133 Jackboro, Student Assn.; Kenny Abraham, Canadian, engineering show; and Don Competon, Red Spring, engineering show.

(More)

Tech Salutes -- add 1

Joining the roster are Nickie Woelfel, Bovina, home economics; Johnny Woody, Crane, La Ventana; Marjie Sanders, Houston, 10811 Sagamore, La Ventana; Jerry Rogers, Vega, Supreme Court; Rowena Williams, Lubbock, Junior Council; and Bobby Switzer, Monahans, ROTC.

Completing the list are Bill Riley, Lubbock, homecoming; Joe Passmore, Odessa, 1304 East Century, Alpha Phi Omega, men's service organization; Karen Fickert, Richardson, organization of new women's dormitory; and Mike Denton, Lovington, N.M., Interfraternity Council.

Adrian Vaughan, Director

LUBBOCK --- Texas Tech's Junior Council, honorary service organization for junior women, have elected officers for next year.

Those elected to serve were: Mary Gaskin, 1011 S. Kentucky, Roswell, N. M., president; Carolyn Kelley, 1610 Ventura, Midland, vice president; Karla Dickson, Lubbock, secretary; and Betty McFarren, Cleburne, treasurer.

Others elected were: Hazael Hale, 2030 Cloudcroft, Dallas, projects chairman; Annette Inmon, 1622 Lansford, Dallas, reporter; Linda Hill, Cleburne, Assn. of Women Students representative; Anita Queen, 1710 Northrup, Midland, Board of Student Organizations representative; and Arminta Kemp, Roby, senior advisor.

##

5.9.62

LUBBOCK --Twenty of Texas Tech's top engineering students have received scholarships for 1962-63, Engineering Dean John R. Bradford announced.

Winners of the Southwestern Public Service Co. Scholarships, valued at \$750 each, are Hubbard E. Ferrell, Lubbock, and Phillip Ray Korff, Robstown.

Hubbard is a senior mechanical engineering major and Korff is a junior electrical engineering major.

The \$1,000 Sun Oil Co. Scholarship was awarded to James Elwyn Crutcher of Kilgore. He is a senior mechanical engineering major.

The four R.C. Baker Foundation Scholarships, worth \$750 each, have been awarded to Terry C. de la Moriniere of Pasadena; Gerald Ray Farney, Dallas, 7618 Morton; Alton Rex Jasper Jr., Lubbock and Lynn Steven Nored, Nocona.

Farney, de la Moriniere and Jasper are mechanical engineering majors and Nored is an electrical engineering major.

Gerald Alan Galbraith, junior electrical engineering major from Abilene, 309 Elm Cove, has received the \$750 Texas Electric Service Co. Scholarship.

The two Howell Instruments, Inc. Scholarships will pay \$500 each to Ralph N. White, sophomore electrical engineering major from Dallas, 6815 Pemberton, and Larry Debbs Pope, junior mechanical engineering major from Pasadena.

Pat D. McCarroll of Bellaire is recipient of the \$400 Western Electric Fund Scholarship. He is a sophomore majoring in electrical engineering.

(More)

engineering awards -- add 1

Ronnie J. Kuhler, sophomore electrical engineering major from Littlefield, received the \$300 West Texas-New Mexico Chapter of National Electrical Contractors Assn. Scholarship.

Louis W. Joe, junior electrical engineering major from Fort Worth, 5104 Cantrell, was awarded the \$500 Schlumberger Collegiate Award, while Paul Sidney Breedlove, junior electrical engineering major from Henderson, received the \$250 Rowan Companies Scholarship.

The South Plains Chapter of the American Petroleum Institute awarded \$500 scholarships to William Henry McCulloch Jr. of Lamesa and James Frank Potts, Lubbock.

McCulloch is a junior engineering physics major and Potts is a junior mechanical engineering major.

The Cabot Corp. Scholarship will provide \$400 plus tuition to Elmer Lee Turner Jr., sophomore chemical engineering major from Abilene, 2108 Parramore, and Richard Dee Williams, junior chemical engineering major from Farwell.

Dow Chemical Co. Scholarships, worth \$250 each, have been awarded to John A. Hoiberg of Montville, N.J., Valhalla Rd., and Antonio Masso of Lubbock.

Both are sophomore chemical engineering majors.

LUBBOCK --Texas Tech's textile engineering department will sponsor its annual cotton classing short course June 4-15 at the U.S.D.A. Agricultural Marketing Service classing rooms.

The course is open to ginnermen, merchants, farmers, students and others interested in grading, stapling and cotton quality evaluation by laboratory methods.

It is being sponsored through Tech's extension division and the U.S.D.A. Agricultural Marketing Service. Tuition for the two-week course is \$25.

The program will include daily grading and stapling of a wide range of cotton samples, with instruction by W.K. Palmer of the Lubbock U.S.D.A. office.

Classes will be arranged for both beginners and advanced students, along with special lectures and side trips for the participants.

Interested persons should send in their name to insure a place in case of limited enrollment, although advanced registration is not required, L.F. Parsons, Tech textile engineering professor, said.

Registration will be held from 8-9 a.m. June 4 at the classing office, 610-23rd St. in Lubbock. Tuition checks should be made payable to the Extension Service, Texas Tech.

###

5.9.62

Texas Tech students will have an opportunity to pursue graduate study or research in 46 countries during 1963-64 through scholarships made available under the Fulbright-Hays Act of 1961, Dr. David Vigness of Tech announced.

Applications for the more than 800 available scholarships will be accepted until Oct. 15, 1962, on the Tech campus by Dr. Vigness, history department head and Fulbright Program adviser.

General eligibility requirements include U. S. citizenship at the time of application, a bachelor's degree or its equivalent before the beginning day of the grant, language proficiency sufficient to carry out the proposed study and to communicate with the people of the host country, and good health.

In addition, the candidate must have a good academic record and a demonstrated capacity for independent study.

The grants, administered by the Institute of International Education for the Department of State, include three types. A full U. S. Government Grant provides round-trip transportation, maintenance, tuition and books for study in 34 countries.

A Joint U. S.-Other Government Grant provides a travel award from the U. S. Government, in conjunction with foreign government grants which provide tuition and full or partial maintenance in 17 countries.

The third type of award, the Travel-Only Grant, supplements a scholarship received from a foreign government, university or private donor for study in seven countries.

LUBBOCK --Three Texas Tech journalism majors have been selected for Texas Daily Newspaper Assn. internships this summer.

Two students will work on the editorial side of newspapers and one will work in advertising.

Jeannie Bookout, Hartley junior, will work for the Odessa American, while Charles Richards, Jayton junior, will report for the Fort Worth Press.

Miss Bookout is news editor for next year's Toreador, campus newspaper, and Richards is managing editor.

Wayne Schmitt, junior advertising major, will work for the Midland Reporter-Telegram. He is from Muenster.

Tech is one of nine schools in Texas participating in the TDNA program. The students receive three hours of college credit, in addition to a salary.

LUBBOCK --- Demonstrations of the Agriculture Department's new dual grading system for livestock will highlight Texas Tech's annual Livestock and Meat Producers Day May 26.

The dual grading of livestock will go into effect on an optional basis in July.

Another feature will be dedication of the new beef cattle facilities on the Tech Farm here.

The one-day program will begin at 9:15 a.m. in the Tech Union Building with seven reports on meats studies.

Topics will include effect of feeding on carcass conformation and grade, effect of time in feedlot on percent of boneless primal cuts, and relationship of age, time in feedlot, tenderness and grade.

Other reports will be on sex differences in performance and carcass merit, tenderness relationships between muscles of the same animal, studies on marbling, and comparison of streamlined hindquarter with current Producers Registry International measurements.

Dr. R. C. Goodwin, Tech president, will welcome guests at the close of the morning session.

Demonstration of dual grading will follow lunch in the Livestock Pavilion.

Reports on silage studies, swine feeding research, and future research at Tech will be heard in a session beginning at 1:10 p.m. in the Union Building.

Dedication of Tech's new beef cattle facilities will conclude the program. Visitors will tour the facilities.

A total of 880 registered for Livestock and Meat Producers Day last year.

LUBBOCK --- Dr. William K. Ickes, director of the Des Moines, Ia. Hearing and Speech Center, will become director of Texas Tech's Speech and Hearing Clinics June 1.

Dr. Ickes has been executive director of research and supervisor of clinical services for the Des Moines Center for the past eight years.

"I think we have one of the best men available in audiology," Dr. P. Merville Larson, speech department head, said.

"He is a very competent scholar and administrator as evidenced by his leadership at Des Moines. I look forward to continued development and strengthening of our program under his guidance," he said.

Dr. Ickes was audiologist at the Detroit Hearing Center from 1950-52 and at the Michigan Assn. for Better Hearing from 1952-54.

He received the B.S. degree in speech pathology and the M.S. in audiology from the University of Utah. He received the Ph.D. in speech pathology and audiology from Southern Illinois University.

Dr. Ickes has served as president of both the Iowa and Polk County Hearing Assns., vice president of the Iowa Rehabilitation Assn. and chairman of the American Hearing Assn. Executive Committee.

He is married and has four children. They will reside at 3107 43rd St. in Lubbock.

5-9-62

LUBBOCK --- Dr. Martha Gene Shelden, clothing and textiles department head at Texas Tech, will leave here Tuesday (May 15) for Dunedin, New Zealand, where she will lecture two terms at the University of Otago.

She will be in New Zealand eight and one-half months lecturing on a Fulbright Fellowship in clothing and textiles. She will return to Tech in February, 1963.

The University of Otago is the only university in New Zealand that has a School of Home Science and the only one in the southern hemisphere to offer a degree in home economics.

During her stay at Otago, she will lecture two semesters and will then lecture for a home economics short course throughout the country beginning in January, 1963.

Dr. Shelden will join a Texas Tech alumna, Miss Patricia Coleman, who will become dean of the School of Home Economics and head of the clothing and textiles department at the university in the 1962 school year.

Texas Tech's Air Force and Army ROTC units will conduct a joint final review at 4 p.m. today (May 10) to present awards to the outstanding cadets.

The review and presentation will be held on the band practice field on Boston Avenue, across from the Tech Music Building and Women's Gymnasium.

Highlight of the ceremony will be the presentation of the President's Award to the outstanding senior Army and Air Force cadet.

The award is given to the two cadets in Tech's ROTC programs who have maintained a high scholastic average and have contributed to Tech's student life and the ROTC program.

The Air Force will present five top awards and the Army will honor seven cadets during the ceremonies. The Angel Flight, women's auxiliary to the AFROTC, will stage a drill demonstration.

##

5.10.62

LUBBOCK --Texas Tech's Army and Air Force ROTC units presented President's Awards to their outstanding senior cadets in a joint review and presentation ceremony Thursday (May 10).

Mickey Morse of Killeen received the Army's engraved silver tray, and Carl W. McKinzie of Lubbock received the Air Force trophy.

Dr. William M. Pearce, Tech academic vice president, represented President R.C. Goodwin in the presentation of awards. The review was held on the band practice field, with the Angel Flight, women's auxiliary to the AFROTC, staging a drill demonstration.

The two awards are presented annually to the outstanding cadets, who have a high academic standing and have contributed to both campus life and the ROTC program at Tech.

The Air Force announced recipients of four more awards. They include the Professor of Air Science Award to Robert W. Meyer of San Antonio for outstanding senior leadership within the corps and the Reserve Officer Assn. Award to Joseph C. Giles of Lubbock for the outstanding third-year Air Science cadet.

Another AFROTC award went to J.C. McClure of Dallas, 6401 Shannon Lane, who received the Sons of the American Revolution Award given to the freshman cadet scoring the highest on a competitive exam.

Gerald R. Farney of Dallas, 7618 Morton, received the Convair Award for the outstanding second-year cadet.

(More)

Recipients of the Army ROTC awards include Gerald Brown of Fort Worth, 5413 El Campo, the Assn. of United States Army Award for outstanding junior leadership in the corps and John Hanst of Lockney, the Reserve Officers Assn. Award for outstanding senior leadership.

Bob Taylor of Lubbock received the Ordnance Assn. Award, given to the top man at Tech being commissioned into the ordnance corps this spring.

Lee Pfluger of Eden and Bobby Switzer of Monahans received the National Defense Supply and Transportation Assn. Awards, respectively. The awards are presented to the top 15 cadets in the nation in both supply and transportation.

The Armed Forces Communications and Electronics Assn. Award went to Larry Schmidt of Wellsburg, Ia., the top electrical engineering major in the Army ROTC program. He also received the Texas Society of the Sons of American Revolution Award given to the highest scoring first-year cadet on a competitive exam.

Cadet Colonel McKinzie, winner of the AFROTC top award, is a finance major in the School of Business Administration. He is a member of Sigma Chi social fraternity; Phi Kappa Phi, national honorary scholastic society; Saddle Tramps, men's spirit organization; and Arnold Air Society, AFROTC organization.

Morse, who is the Army ROTC Corps Commander, is a history major in the School of Arts and Sciences. He is a member of Phi Gamma Delta social fraternity and Scabbard and Blade, Army ROTC departmental organization.

LUBBOCK --- Texas Tech's seven men's dormitories have elected new officers for 1962-63.

Those elected to serve in Bledsoe Hall are: Wendell Newman, Brownfield, president; Bill Dunn, Sanderson, vice president; Mark Wheless, Sherman, secretary-treasurer; and Joe Duncan, Roscoe, Men's Residence Council representative.

Officers for Carpenter Hall include: Bob White, 2707 W. Beauregard, San Angelo, president; Jimmy Armstrong, Angleton, vice president; Kirk Whiteside, Midkiff, treasurer; Erving Glaspy, Ennis, secretary; and Walter Kennon, Cleburne, MRC representative.

Elected as officers of Gaston Hall are: Juan Ramos, Tulia, president; Steve Self, 11223 Snow White, Dallas, vice president; Joe McMillan, Yorktown, secretary-treasurer; and Pat Markham, Sherman, MRC representative.

Representing Gordon Hall next year will be: Frank Finch, Dalhart, president; Dick Soloman, 3006 Harrison, Amarillo, vice president; Ted Daws, Plainview, treasurer; George Stanley, Memphis, secretary; and Tom Claiborne, Slaton, MRC representative.

Wells Hall officers include: Max King, Muleshoe, president; David Dean, Lamesa, vice president; David Burnett, Brownwood, secretary-treasurer; and Bill Shrader, 6123 E. University, Dallas, MRC representative.

(More)

dorm officers--add 1

Officers elected for Sneed Hall are: Delbert Horton, 2714 Carrolton, Houston, president; Tom Gregory, Tyler, vice president; and Jerry Benniger, Mesquite, treasurer.

Elected to serve in Thompson Hall are: Wesley Johnston, 65 Bayview Ave., New Rochelle, N. Y., president; Mike Hartgraves, Hamilton, vice president; William Moore, Atmore, Ala., secretary-treasurer; and John Miller, Pecos, MRC representative.

##

5.10.62

LUBBOCK --- Texas Tech's chapter of Phi Kappa Phi honor society recently initiated 128 students from the six schools at its annual spring banquet.

Phi Kappa Phi is a national honorary scholastic society which includes the top 12 percent of the junior and senior classes, in addition to graduate students and faculty members.

Candidates from the senior class in the School of Agriculture are: William Marion Adams, Seagraves; Gary Lynn Barker, Lockney; David Lee Brumley, Hereford; James Archie Dwyer, McLean; William Doyce Graham Jr., Clarendon; Wendell Loy Kent, Sweetwater; Jimmy Mabry, Lubbock.

James Melton, Honey Grove; ~~Garland Wayne Moore, Kelton~~; John Roy Quinby, Chillicothe; Milton Roy Reid, Tulia; Laval M. Verhalen, Knox City; James William Walker, Brownfield; Gerald Eldon Wilde, San Angelo; and Elaine Asher Woodson, Gatesville.

Juniors from Arts and Sciences include: John Maurice Haschke, Harwood; Helen Cruce Howell, Lubbock; Harry Norman Kinzy, 2036 Wilshire, Fort Worth; Karolyn Ennis Kirby, College Station; E. James Murphy, Slaton; Beatrice Kay Young, Andrews; and Evangeline L. Young, Lubbock.

The seniors in Arts and Sciences initiated are: Ted Wayne Allen, Lubbock; William Gerald Ambrose, 4509 Athens, Waco; Robert W. Bashe II, Charleston, W. Va.; Beverly Louise Biggs, Lubbock; Dorothy Ann Bowles, Ira; Beverly Bradberry, 609 W. Kansas, Midland; Curtis D. Bradford, Lubbock; Grant Feral Carruth, Tulia; William Earl Clark, Slaton; Michael Jesse DeSha, 3500 Morales, San Antonio; Betty Daisy Davis, Lubbock; David Augustus Demic, Harlingen; Mary Anne Fowler, Lampasas.

(More)

Others include: Tommy Dale George, Robstown; Carolyn Patricia Grau, Taylor; Betty Louise Gray, 2034 Greenbriar, Abilene; Mary Ann Gregory, Spur; Jane Ann Henry, Lubbock; Nancy LaNell Jones, Stephenville; Judith Kay Kinney, Lubbock; Lenise Latch, Lubbock; Sherry Ann McGee, Lubbock; Elizabeth Rowe Mabry, Lubbock; Nancy Jo Mankins, Dundee; Elbert Magee Marcom, Levelland; Jane Merritt, Colorado City; Jo Ellen Murphy, Mineral Wells; Carla Jean Newsom, Lubbock.

Robert Bitts Palmer, Stephenville; Miriam Barbara Parkinson, 204 W. Kansas, Midland; Rosemary Patterson, Lubbock; Frank Michael Perniciaro, 903 McCulley, Fort Worth; Cecilia Kay Porter, Jacksboro; Nolan Porterfield, Lubbock; Emily Puckett, Fort Stockton; Anna Gayle Ryan, Lubbock; Jimmie Sue Shewmake, Brownfield; David Randolph Stanley, Levelland; Judy M. Stewart, Lubbock; Ben A. Tefertiller Jr., 406 W. Parker, Midland; Dorcas Ann Pettigrew Turner, Jacksboro; Ray Reed Vinson Jr., Muleshoe; Lonnie Howard Wheeler Jr., Brownfield; and Sharon Sue Wilkerson, Denver City.

The two juniors in the School of Business Administration are James Frank Deen, Borger, and Addison Lee Pflunger, Eden; and the seniors are: Mary Kathryn Cole, Pampa; Gary M. Cunningham, Lubbock; Betty Gayle Davis, Throckmorton; Nancy Hatton, 1821 Carolina, Amarillo; Reuben Taft Lambert Jr., Idalou; Burnice Keith May, Sudan; Melville Earl Mefford, Borger; Terry Luke Morris, White Deer.

David Lee Patton, Lubbock; Roma Pinkston, Lubbock; Arley Leroy Richardson, Lubbock; James Lowell Short, Post; Jerry Dane Sides, Lubbock; David G. Swaringin, Rotan; and William Hicks Walton, Lubbock.

Engineering candidates in the junior class are: Wayne Kirby Hillin, 3201 Hanover, Dallas; Joe Mack Holmes, Lockney; and William Henry McCulloch Jr., Lamesa.

(More)

Seniors making the society in the Engineering senior class include: James Elwyn Crutcher, Kilgore; Jon L. Davis, 1007 Mesita, El Paso; Gerald Alan Galbraith, 309 Elm Cove, Abilene; William Lee Harrod, Lovington, N. M.; Russell R. Hibbs Jr., Lubbock; Phillip Korff, Robstown; James Wilbert Moeller, San Angelo; Thomas E. Morris, Big Spring; Lynn Steven Nored, Necona.

Clarence Don Peck, Colorado City; James Frank Potts, Floydada; Thomas William Sigmon, 1412 Cloverdale Dr., Fort Worth; Fred Ray Szenasi, 1305 Parker, Odessa; David Edwin Visser, Colorado City; E. Joe Wallis, Lubbock; Richard Dee Williams, Farwell; and Jerry Leroy Yoes, 601 Powell, San Angelo.

Home Economics juniors inducted into membership are: Judith Ann Cowger, Stamford; and Olivia June Dvoracek, West.

The seniors in Home Economics include: Charlyne Marie Brown, Lockney; Sylvia LaRue Elliott, Lubbock; Priscilla Ann Gibson, Bay City; Jane Ann Stephens, Garland; Sharon Leah Stremmel, 4611 Waring, Houston; and Carolyn Bernice Vines, Albany.

Graduate students initiated into the honor society are: Joe R. Baulch, Lamesa; Edwina H. Burkhalter, Lubbock; William Peyton Cooke Jr., 5510 Andrews, Amarillo; Kara Sam Dunn, Lubbock; Jane Tuttle Durham, Lubbock; Ronnie C. Golden, Lubbock; C. G. Gray, Lubbock; Joseph N. Hilton Jr., Lubbock; Melvin Reed Roberts, Seminole, Okla.; Betty Jeffers Sandlin, Detroit; Charles Ray Saunders, Roscoe; Bob Gene Smith, Plainview; Welborn K. Willingham, Tulia; and George Arthur Young, Lubbock.

The three faculty members recognized for honorary membership are Dr. Lester S. Levy, economics; Dr. Fred W. Norwood, accounting; and Jules Alexander Renard, chemical engineering.

LUBBOCK --Two Texas Tech management majors have received \$75 scholarships from the Panhandle Purchasing Agents Assn.

They are Jesse Holloway of 332 Fairlane, Amarillo, and Melville Mefford, Borger. Two other scholarships were awarded to West Texas State College marketing majors.

The annual scholarships were presented at a banquet in Amarillo, attended by the two Tech students and Burl Hubbard, assistant professor of management.

Mefford is president of Sigma Iota Epsilon, honorary management fraternity, and is a member of Phi Kappa Phi, national honorary scholastic fraternity. Holloway is vice president of SIE.

Both are candidates for membership in Beta Gamma Sigma, national honorary business fraternity.

###

Trent Root, vice-president in charge of finance at Southern Methodist University, will be guest lecturer Friday (May 11) at Texas Tech.

Root will address School of Business Administration students in a convocation at 10 a.m. in Aggie Memorial Auditorium. He will discuss investments.

FOR RADIO-TV RELEASE AT 10 P.M. SATURDAY
FOR SUNDAY A.M. PAPERS

LUBBOCK, --A Texas Tech graduate who has become one of the nation's top oil executives will return to address the institution's spring commencement May 28.

He is Fred H. Moore, now a director and vice-president of Socony Mobil Oil Company Inc. and president of Mobil Oil Company.

More than 700 students are candidates for degrees during the ceremony, scheduled at 8 p.m. in Lubbock Municipal Coliseum on the Tech campus.

Moore was graduated from Tech in 1930 with a bachelor of arts degree. He received a master of arts degree from the University of Virginia in 1931. He did further graduate study at Yale and later at Harvard.

Moore now presides over thousands of miles of Socony-Mobil pipelines spread over the U.S. and Canada. He's also responsible for the petroleum that flows through them from the exploration for it right through its production, processing and marketing.

He's been a Mobil man all the way, starting as a geologist in 1935. He worked in the oil fields of Oklahoma, Texas, New Mexico, Kansas, Ohio and Illinois before becoming a staff geologist for Magnolia in Dallas in 1949. By 1951 he was assistant to the president.

He moved to Calgary, Alberta, for one year in 1956. From then on he ricocheted between New York City and Dallas amidst mergers and growth of Socony Mobil. He and Mrs. Moore, the former Ella Mae Rudd of Bucklin, Kan., now reside at 45 East 72nd Street, New York City.

He returned to Tech officially in 1953 as a member of its Board of directors, serving from February 19 of that year thru March 5, 1956.

5.10.62

LUBBOCK --- Texas Tech has awarded the annual Avalanche Journal Journalism scholarships to two of the city's top high school students who plan careers in the newspaper field, Prof. W. E. Garets, Tech journalism department head, has announced.

Winners of the \$150 awards are Frankie Stogner of Monterey High School and Cecil Green of Lubbock High School.

Miss Stogner is news editor of the Monterey Mirror Newspaper this year. She handles news assignments, copyreads, edits, proofreads, makes up pages, writes headlines and tackles photography assignments in her position.

She was editor of the Smylie Wilson Junior High School Wanderer and has written the teen-page column on Monterey in the Avalanche Journal for two years.

The scholarship recipient was a runner-up in the National Merit Scholarship Contest, was named outstanding student from Monterey High for the Lubbock Scholastic Press Assn. and was honored as a Monterey Headliner by Theta Sigma Phi, woman's journalism fraternity.

"I would like to enter the field of journalism, because I enjoy writing," Miss Stogner said. "I also enjoy the informal work atmosphere and the association with people."

Green is editor of the Lubbock High Westerner World, which has won its fifth straight All-American rating from the National Scholastic Press Assn. under his editorship.

More

A-J scholarships--add 1

In his three years on the Westerner World staff, he has won numerous honors in news, editorial, column, feature and sports writing in area, state and national contests.

The high school journalist has won a fourth place award in news writing at the Texas High School Press Assn. this year, a first place at the Panhandle High School Press Assn. and a national award in the 1962 National Quill and Scroll news writing contest.

Last weekend Green placed first in copy reading and feature writing and third in editorial writing to rank third high individual in journalism competition at the Texas Interscholastic State Meet in Austin. The Lubbock paper was judged sweepstakes winner by the IL Press Conference and received the top award of distinguished merit.

This year he has spoken at the NSPA convention in Chicago and also at the convention of the THSPA, PHSPA and West Texas High School Press Assn. He has attended the Texas Tech summer journalism workshops for two summers.

He recently appeared on a national youth forum in New York City where he discussed "How Is the Press Meeting Its Responsibility?" on a coast-to-coast television show.

"I want to enter the journalism field, because I like the thrill of meeting and interviewing all types of people," Green said. "I even like the excitement and pressures of organizing and printing a paper."

Both will major in journalism this fall at Tech, with Green minoring in history.

5.11.62

West Texas school administrators, physical education teachers and coaches will meet today (May 12) at Texas Tech to discuss recommendations to public schools from President Kennedy's Council on Youth Fitness.

The West Texas School Study Council is sponsoring the conference from 9:30 a.m. to 3 p.m. in the Union Building.

Some ways to put the recommendations into effect will be described in the opening address at 10 a.m. by Ted Hucklebridge, consultant in physical education, recreation and safety for Sonoma County Schools, Santa Rosa, Calif.

William Stanley of the Fayetteville, Ark., public schools will report the physical fitness activities in his system.

Following lunch, Dr. John Cobb of Tech will discuss physiological readiness factors in physical fitness programs for elementary and junior high students.

The conference will end with a panel discussion of youth fitness programs for schools in the West Texas School Study Council.

Panelists will include Stanley, Cobb and physical education personnel, coaches and administrators from schools in the Council.

Dr. B.J. Fallon of Tech is in charge of conference arrangements.

5.11.62

Prof. Thomas F. Wiesen of Texas Tech is sporting a new camera, a scrapbook of his 22 years at Tech and many treasured memories this morning (May 12).

They are the result of a surprise dinner given for him Friday evening in the Tech Union Building by more than 70 friends in the School of Business Administration.

Wiesen previously has announced his retirement from the Tech economics faculty, effective May 31. The Tech Board of Directors has conferred the rank of professor emeritus on him.

Tribute was paid to Wiesen by Trent Root, vice-president in charge of finance at Southern Methodist University and former business administration dean at Tech.

"Persons who usually accomplish the most do so by acting in a precise and orderly manner," Root said. "This philosophy typifies the life of Tom Wiesen."

Harry Walker was master of ceremonies at the dinner.

Wiesen came to Tech in 1940 as a member of the economics faculty. He served from 1942-58 as economics department head.

###

5.12.62

LUBBOCK, --If recommendations of a physical fitness speaker at Texas Tech are followed, all the reasonably healthy students in West Texas public schools will be undergoing conditioning similar to that of varsity athletes.

"A sports program in interscholastic play and physical education classes isn't enough to make American youth physically fit," Ted Hucklebridge of Santa Rosa, Calif. told more than 100 public school administrators, coaches and PE teachers meeting Saturday (May 12) at Tech.

Hucklebridge is consultant in physical education to Sonoma County schools and is a member of the California committee which has made recommendations to President Kennedy's Council of Youth Fitness.

Sports in physical educational classes should be supplemented by vigorous gymnastics and similar activities, Hucklebridge said.

He cautioned that such a program must be preceded by careful measurement of individual student capacities and by informing each student and set of parents of that student's status in the program.

The one-day conference on youth fitness was called by the West Texas School Study Council, which has headquarters at Tech.

In other talks at sessions in the Tech Union Building, William Stanley of the Fayetteville, Ark., Public Schools, described the elementary-school physical fitness program there. Dr. John Cobb of Tech spoke on physiological readiness factors to be considered in planning physical fitness programs for elementary and junior high school students.

LUBBOCK --- The ninth annual Texas Tech Union Awards Banquet recently recognized outstanding committee members, chairmen, assistant chairmen and executives for 1962.

Don Roper, Union president, received the W. B. Rushing Award, the highest award given by Tech Union.

Roper, senior industrial engineering major from Lubbock, has been active in Union work for four years.

Life pass awards based on outstanding service were presented to Carlyn Grau, Taylor; Marjorie Baird, Lubbock; and Roper.

The engraved pass entitles the honorees to attend all Union events and take advantage of Union facilities without charge for the rest of their lives. Miss Grau served as treasurer and Miss Baird was vice president of the Union this year.

Three trophies for service were presented by James G. Allen, dean of student life, to Virginia Young, Post; Jack Shisler, Lubbock; and Pat Crouch, Lufkin.

Linda Eberly, Lubbock, assistant chairman of ideas and issues, received the Spirit Award.

Receiving the new awards for the outstanding committee chairman and assistant chairman were Sara Tubbs, Lubbock, hospitality chairman; and James Peery, Lubbock, assistant dance chairman, respectively.

Keys went to Jane Batson, Irving; Carol Bray, 4127 Meadowdale, Dallas; Sandra Edwards, Sweetwater; Catherine Gordon, 125 Rainbow, Ft. Benning, Ga.; Jan Hemphill, 5151 Boca Raton, Dallas; Ann Orrick, 3201 Peckham, Wichita Falls; Susan Rogers, Coleman; Judy Stewart, Margaret Henry, Patricia Molt, all of Lubbock; Miss Tubbs; Perry; and Miss Eberly.

5.14.62

LUBBOCK --- The only percussion workshop in the Southwest will feature the nation's top percussionists and clinicians June 7-12 at Texas Tech.

The workshop will be open to students in junior high and senior high schools, college students and band directors. It is being sponsored by the Tech music department, with coordination by Dean Killion, Tech band director.

"The New Concept in Percussion Betterment" will offer workshops in concert band, rudimental work, combo and big dance band drumming, tuned percussion, field and street percussion and ensembles.

Heading the list of eight percussion authorities participating on the staff will be Joe Morello, nationally famous jazz drum artist appearing with the Dave Brubeck Quartet.

Others include Frank Arsenault, national rudimental drum champion; George Gaber, percussion instructor at Indiana University and the Music Associates of Aspen; Haskell Harr, educational advisor from Chicago; and J. Durward Morsch, noted music educator and arranger.

Completing the list will be Dick Schory, tympanist from Chicago; Jim Sewrey, percussion clinic editor for the School Musician magazine; and Bob Winslow, West Coast percussion authority.

Tuition for the six-day workshop will be \$30 and only 120 participants will be accepted. Students enrolled in Tech's Senior High School Summer Music Camp from June 4-15 may participate in the percussion workshop for an additional \$15.

(More)

percussion workshop--add 1

Complete information regarding the workshop is available by writing Killion, Tech music department, Lubbock.

"This workshop is dedicated to the improvement of percussion performance and the uplifting of its position in music organization," Killion said.

"By bringing to the field of music education, clinics, workshops and concerts in every phase of percussion performance, this organized group fulfills a long-existing need in percussion pedagogy," he concluded.

##

5.14.62

LUBBOCK --- Stanley E. Anderson, associate professor of animal husbandry at Texas Tech, has resigned to accept a position with the American Angus Assn. at St. Joseph, Mo., effective Aug. 10.

While at Tech, Anderson has compiled an outstanding record as a livestock show judge, teacher and coach of winning livestock and meats judging teams.

Since 1959 he has been a judge in the Chicago International Livestock Expositions, one of two U. S. citizens selected for such a position since the Expositions were founded in 1900.

"After teaching animal husbandry at Texas Technological College for 14 years, it is with much reserve that I resign to accept a position with the American Angus Assn.," Anderson said.

"I shall work in the Technical Department with the Production Testing Programs. This presents to me the opportunity to specialize in all phases of beef production.

"The goal of such a program is to identify and to promote the breeding of such beef cattle within the Angus breed that will make the most net profit for all phases of the beef industry--the farm and ranch producers, feedlot operators, and packers.

"My family and I will miss Lubbock, Texas Tech, the Southwest and our many friends that we have known through these 14 years. I want to express our great appreciation to the many people in this area for the influence they have had on our life, past--present and future."

(More)

Anderson resigns--add 1

Commenting on Anderson's resignation, Dr. Gerald Thomas, Tech agriculture dean, said, "It is with sincere regret that we accept the resignation of Prof. Stanley Anderson. Stanley has made many contributions to Texas Tech. His activities as a beef cattle judge at the Chicago International, his outstanding services as a coach and teacher, have helped the beef cattle industry and our college.

"We have done everything possible to retain Stanley on our staff, but we can understand why he feels his new position is an opportunity which he and his family cannot afford to turn down."

Dr. R. C. Goodwin, Tech president, said, "We thank Prof. Anderson for his many services and offer him and his family our best wishes."

Anderson spent his early life on an Iowa stock farm. After he was graduated from Villisca, Iowa, High School, he went to Iowa State College at Ames, Iowa, where he was on the 1947 first place team of the American Royal at Kansas City and the International Intercollegiate Livestock judging champion at Chicago, Ill.

Anderson was born July 8, 1922, at Villisca. He was active in 4-H Club work and Future Farmers of America while in high school. He received his B.S. in Agriculture from Iowa State and the master's degree from Texas Tech in 1951. After graduation from Iowa in 1948 he worked for a time with the Iowa State Extension Service and the Bureau of Agricultural Economics of the United States Department of Agriculture.

(More)

Anderson resigns--add 2

Anderson has judged livestock at the Iowa State Fair at Des Moines in 1957-58, at the American Royal in Kansas City in 1958 and at state fairs in Oklahoma, Tennessee, Louisiana, New Mexico and Texas.

Like most other men his age, he took time out from 1942 to 1946 to serve in the Army. Anderson saw action in the European Theatre, and was discharged in November, 1946, as a captain. He is currently a major in the Army Reserve.

He is married to the former Elizabeth Daley of Minneapolis, Minn., a University of Kansas graduate. They have four children -- Jimmy, Joyce, Jerry and Julie.

Students in Texas Tech's retail internship course will honor representatives from two Lubbock business establishments who have cooperated with Tech in offering the course this year.

Bill Hurmence and Bill Hart of Furr's and Culver Hill and Newt Robson of Hemphill Wells will attend today's luncheon as guests of the students in the course.

Also invited are Dean George Heather of Tech's School of Business Administration and Dr. John Ryan, marketing department head.

Following the luncheon to be held in the Anniversary Room of the Tech Union, a tour of the new library will be given by Ray Janeway, Tech library director.

Students enrolled in the course this semester are Sue Brine, Joalyn Sims, Mike Ellington, Tim Ritter and Jim Gardner.

The students worked in the business establishments for six hours each week and attended one weekly class. The time spent in the retail store is an organized work program, whereby each student is taken through most of the different divisions of the store.

Mrs. Vincent Luchsinger of the marketing department is coordinator of the intern course.

###

5.15.62

LUBBOCK, --The Rev. John William Lancaster of Houston will deliver the baccalaureate sermon for Texas Tech's annual spring commencement, Dr. R.C. Goodwin, Tech president, announced.

Lancaster, pastor of the First Presbyterian Church, will speak at 8 p.m. Sunday, May 27, in Lubbock Municipal Coliseum.

Commencement exercises for more than 600 degree candidates will be at 8 p.m. Monday, May 28, in the Coliseum, with Fred H. Moore of New York City as speaker. Moore is Mobil Oil Co. president, a Tech graduate and former member of the Tech Board of Directors.

Lancaster held pastorates at Bay City and Austin before moving to Houston in 1961.

He is a member of the board of Austin Presbyterian Theological Seminary, the Church extension committee of the Brazos Presbytery, and the Board of the Houston Presbyterian Campus Christian Life.

A native of Dallas, the 38-year-old minister attended North Dallas High School. He holds a bachelor of arts degree from Austin College, bachelor of divinity degree from Union Theological Seminary, and master of theology degree from Austin Presbyterian Theological Seminary.

Austin College conferred an honorary doctor of divinity degree on him in 1960.

During World War II, Lancaster served in the U.S. Submarine Force.

5.15.62

LUBBOCK, --Texas Tech and Lubbock High School will be host Oct. 20 for an English teachers' conference.

More than 300 teachers in secondary schools and colleges will be invited to the one-day workshop from the 17 South Plains counties comprising District 13 of the Texas State Teachers Assn.

Principal speaker will be Dean Kenneth L. Knickerbocker of the University of Tennessee's College of Liberal Arts. At a luncheon in the Tech Union Building, he will speak on "Dimensions of Great Teaching."

Morning sessions will be held in Lubbock High School, with exhibits, speeches and discussions. Conference theme will be "New Directions in the Teaching of English."

Kenneth Davis of the Tech English faculty is general chairman. Mrs. Dee Hancock of Lubbock High School is program chairman; Miss Nell Marie Wiley, Lubbock Monterey High School, publicity chairman; Mrs. Lee Comer, New Deal High School, recording secretary; Miss Katherine Royalty, Lubbock Atkins Junior High School, corresponding secretary; and Brooks Terry, Lubbock Christian College, treasurer.

###

Olan Ray Downing, chairman of Texas Tech's physical plant directors, is attending the convention of the National Assn. of Physical Plant Directors this week (May 13-19) in Hamilton, Ontario, Canada.

Downing was one of the Sunday speakers at the convention. He is superintendent of Tech's utilities department.

5.16.62

LUBBOCK --Ten Texas Tech seniors have completed a National Life Insurance Internship Program, held here during the Spring Semester.

The internships were inaugurated this academic year at Tech to give students practical experience in insurance work before they complete degree requirements.

Finishing the 15-week internships this spring are Richard Murphy, 1312 N. Golder, Odessa; Jim Parks, Jayton; Pat O'Quinn, 506 Weizmann, San Antonio, and James Goddard and Dusty Audel Ham, both of Lubbock.

Others completing the training are Mike Nichols, Le Flores; Mike Flahie, 1200 S. Webster, Midland; Robert Sokol, Slaton; George Matson, Kilgore; and Mike Musgrove, Big Spring.

Burl M. Abel, associate professor of finance at Tech, coordinated the program, sponsored by the General Agency Managers Assn. of Lubbock.

Abel said 10 senior insurance majors also completed the internship program last fall. Of that number, two are in full-time selling and one in part-time selling. Five are in the armed forces and two have gone into other work.

Oscar Power, president of the General Agency Managers Assn., said the internship program has been well received.

LUBBOCK --The list of degree candidates has soared past 1,000 as Texas Tech prepares for its annual spring commencement May 28.

The list will change some before the final deadline of 3 p.m. Friday but the total should remain somewhere near 1,000, Tech officials report.

Two days of commencement activities will be climaxed with the conferring of degrees at 8 p.m. May 28 in Lubbock Municipal Coliseum.

Principal speaker at the commencement exercises will be Fred H. Moore of New York City, a Tech graduate and president of Mobil Oil Co. An honorary doctorate will be conferred on Cong. George Mahon.

Opening event will be a reception held by Tech president and Mrs. R.C. Goodwin for graduating students and their families 3-4:30 p.m. May 27 in the Tech Union Building.

The Rev. John William Lancaster, pastor of Houston's First Presbyterian Church, will preach the baccalaureate sermon at 8 p.m. May 27 in Lubbock Municipal Coliseum.

The Army ROTC is scheduled to have 17 cadets commissioned as second lieutenants in ceremonies at 10 a.m. May 28 in the Union Building. The Rev. Dudley Strain, pastor of First Christian Church, Lubbock, will be principal speaker.

Thirteen Air Force ROTC cadets are scheduled to receive commissions in ceremonies at 10:30 a.m. May 28, also in the Union Building. Principal speaker will be Col. Walter Kerbel, formerly commander of the maintenance and supply group at Reese Air Force Base.

Should as many as 1,000 students complete requirements for a degree, the spring commencement will be another milestone in Tech's rapid growth. A total of 921 students were graduated in corresponding ceremonies last spring. That's the largest total recorded so far.

The entire student body currently is in the midst of spring semester's final examinations, which will be held through Wednesday.

LUBBOCK, --Texas Tech has more than 1,000 candidates for degrees at its annual spring commencement May 28.

Principal speaker for the ceremony at 8 p.m. in Lubbock Coliseum will be Fred H. Moore of New York City, Mobil Oil Co. president and a Tech graduate. An honorary doctorate will be conferred on Cong. George Mahon.

The Rev. John William Lancaster of Houston's First Presbyterian Church will deliver the baccalaureate sermon at 8 p.m. May 27 in the Coliseum.

Tech officials said the degree candidate total will vary until final deadline for approval of candidacy at 3 p.m. Friday. However, the total is expected to remain near 1,000.

Tech is the second largest state-supported college or university in Texas. Fall enrollment was 10,212.

###

5.18.62

LUBBOCK --Thirteen Texas Tech Air Force ROTC cadets will receive their commissions as second lieutenants and their bars during ceremonies Monday, May 28, at Tech.

Col. Walter Kerbel, commander of the 3700 maintenance and supply group at Lackland Air Force Base, San Antonio, will be the guest speaker at the 10:30 a.m. ceremony in the second floor ballroom of the Tech Union.

Colonel Kerbel was formerly stationed at Reese Air Force Base, Lubbock, in 1950-1953 as commander of the maintenance and supply group.

The commissioning exercises, to be attended by the cadets' parents and friends, will be prior to commencement at 8 p.m. in the Lubbock Municipal Coliseum. Most of the cadets will receive their academic degrees at that time.

Those to be commissioned as second lieutenants in the Air Force Reserves are as follows:

BIG SPRING--Jerry R. McMahan, son of Mr. and Mrs. Ray McMahan, 1304 Johnson. An industrial management major, he will be assigned to the Military Air Transport Service as Transportation Officer, reporting this July.

ELECTRA--Thomas Nash, son of Mr. and Mrs. Kenraid Nash, 501 E.

Glisson. He has been designated a Distinguished AFROTC graduate--the highest honor in reserves. A mathematics major, he will serve as a mathematician with the Air Force Systems Command, beginning in July.

(More)

AFROTC -- add 1

FORT WORTH--James A. Grimshaw Jr., son of Mr. and Mrs. James A.

Grimshaw Sr. of 3425 Hill Top. An English major, he has been granted an educational delay to obtain his Master's degree at Texas Tech. He will enter pilot training after graduate school.

Richard C. Johnson, son of Mr. and Mrs. Fred W. Johnson, 3616 Stadium Drive. A mathematics major, he will enter navigation training at James Connally Air Force Base, Waco, on July 15.

HEREFORD--Anthony N. Benson, son of H.N. Benson of 116 Centre, Hereford, and Mrs. Jane Barnes, 409 West, Alameda, N.M. A petroleum engineering major, he will enter Pilot Training on Oct. 4.

HILLSBORO--Thomas M. Hickey, son of Mr. and Mrs. Thomas H. Hickey, 808 E. Franklin. A mathematics major, he will report to the Air Defense Command during July and will serve as electronic data processing officer.

KILLEEN--John E. Little, son of Mr. and Mrs. John E. Little, 501 Dean. He has been granted an educational delay to work on his master's degree in history at Texas Tech.

LUBBOCK--Carl W. McKinzie, son of Mr. and Mrs. Clyde McKinzie, 3515 29th St. A finance major, he has been granted an educational delay to attend the University of Texas Law School.

Leonard D. Williams, son of Mr. and Mrs. W.V. Manly, 3019 45th St. A traffic management major, he also has been granted an educational delay to attend law school at the University of Texas.

(More)

MIDLAND--David F. Albrecht, son of Mr. and Mrs. A.F. Albrecht, 1911 Ward. A marketing major, he will enter pilot training Oct. 4.

SAN ANGELO--Billy E. Boyd, son of Mr. and Mrs. E.J. Boyd, 2846 Twohig. A government major, he will report to 2860th Electronics Engineering Installations Squadron June 25 at Robins AFB, Ga. He will be assigned as communications officer and have 19 weeks temporary duty from Aug. 6-Dec. 18 at Keesler AFB, Miss., to attend a communications officer course.

SAN ANTONIO--Waldemar K. Kerbel, son of Col. and Mrs. Walter Kerbel of 3500th Maintenance and Supply Group, Lackland AFB. He has been designated a Distinguished AFROTC Graduate, which is the highest reserve honor. A finance major, he will attend pilot training July 13 at Reese AFB, Lubbock. Robert W. Meyer, son of Mr. and Mrs. Benno Meyer, 120 Cliffside Drive. A finance major, he has been designated a Distinguished AFROTC Cadet. He will report to 3505th School Squadron July 24 to attend Personnel Officers' School at Greenville AFB, Miss., prior to his permanent assignment at Keesler Technical Training Center as personnel officer. He served as AFROTC cadet corps commander this semester at Tech.

LUBBOCK --Texas Tech's Army ROTC will commission 18 cadets as second lieutenants in ceremonies Monday, May 27, at Tech.

The commissioning exercises, to be attended by relatives and friends of the cadets, will be held at 10 a.m. in the Tech Union Building.

The Rev. Dudley Strain, pastor of Lubbock's First Christian Church, will speak.

Monday morning's ceremony will be one of the activities held in conjunction with commencement, which is scheduled for 8 p.m. that day in the Lubbock Municipal Coliseum. Most of the cadets will receive their academic degrees at that time.

The cadets and their assignments are as follows:

ANAHEIM, CAL.--Daniel G. Elliston, 609 W. Center, electrical engineering major. He has been assigned to the artillery branch this May at Fort Sill, Okla.

ARLINGTON--Edward L. Wills, civil engineering major. He has been assigned to the ordnance branch April 23, 1963, at Aberdeen Proving Grounds, Md. He is one of the three Distinguished Military Graduates.

BROWNFIELD--James W. Walker, park management major. He has been assigned July 11 to the transportation school at Fort Eustis, Va.

COOKVILLE--George H. Leonberger, secondary education major. He has been assigned Oct. 17 to the transportation branch at Fort Eustis, Va.

DALLAS--William R. Skeeters, 3108 Bryn Mawr, economics. He has been assigned Sept. 24 to Army Intelligence at Fort Benning, Ga.

Lance C. Williamson, 6320 Monticello, chemical engineering. He has been assigned Nov. 12 to the signal corps branch at Fort Monmouth, N.J.

(More)

Army ROTC -- add 1

FORT WORTH--William M. Frawley, 7201 Richlynn Terrace, mathematics. He has been assigned Jan. 23, 1963, to the artillery branch at Fort Sill, Okla.

GALVESTON--Duane H. Lowe, 1302 Bayou Shore Drive, chemical engineering. He has been assigned April 15, 1963, to the signal corps branch at Fort Monmouth, N.J.

HEREFORD--Norman D. Bookout, mathematics major. He has been assigned Jan. 9, 1963, to the artillery branch at Fort Sill, Okla.

LAWTON, OKLA.--Volney E. Hamm, personnel management. He has been assigned Jan. 23, 1963, to the artillery branch at Fort Sill, Okla.

LUBBOCK--Frank W. Bray, mathematics major. He has been assigned to the artillery branch May 1, 1963, at Fort Sill, Okla. He is one of the three Distinguished Military Graduates.

Albert J. Roberts, government. He has been assigned to the medical service corps.

Robert L. Taylor, journalism major. He has been assigned to the Army Intelligence Corps Oct. 22 at Fort Benning, Ga.

LITTLEFIELD--Gregory L. Wilemon, finance major. He has been assigned Oct. 22 to the signal corps branch at Fort Monmouth, N.J.

MONAHANS--Bobby C. Switzer, finance and banking major. He has been assigned to the armor branch Sept. 24 at Fort Benning, Ga. He is one of three Distinguished Military Graduates.

PRIDDY--Charles R. Hohertz, agricultural education. He has been assigned to the infantry branch April 1, 1963, at Fort Benning, Ga.

TOHOKA--James D. Adams, engineering physics major. He has been assigned to the artillery branch May 22, 1963, at Fort Bliss, Texas

YOAKUM--Anthony Gustwick, industrial management major. He has been assigned to the medical service corps April 10, 1963, at Brooke Medical Center.

###

5.18.62

LUBBOCK, --Texas Tech's Army ROTC has received several special commendations in addition to a satisfactory rating by a Fourth Army inspection team.

The formal inspection for 1962 was held April 19, with Col. Thomas R. Davis in charge.

The inspection report cites Tech for the "excellent support of the program by the administration."

It also said "Appearance and general military knowledge was superior " and "appearance of weapons was exceptional."

Tech currently has 541 cadets in its Army ROTC. Col William M. Brown is professor of military science and directs the Tech Army ROTC program.

Other members of the Fourth Army team inspecting Tech are Lt. Col. Homer A. Stuverud, Maj. James C. Grosser, and Maj. Michael Olijar.

###

LUBBOCK, --Miss Nickie Woelfel of Bovina will receive the 1962-63 Mary W. Doak scholarship at Texas Tech.

Next fall, Miss Woelfel will be a senior majoring in clothing and textiles and home economics education. The Tech chapter of Delta Kappa Gamma, professional society for women in education, provides the grant to help recruit promising young women for the teaching profession.

Miss Woelfel is the daughter of Mr. and Mrs. Ernest Woelfel, Star Route, Bovina.

LUBBOCK --- Miss Michele Gainey of 1018 River Glyn Drive, Houston, was recently selected for membership in Sigma Delta Pi, the national Spanish honorary at Texas Tech.

Miss Gainey was also named Miss Top Flight. She has been on the Dean's List for her outstanding grades. She is also president of the Campus Christian Science Organization, a member of the dorm advisory board, and a member of the Board of Student Organizations.

Her sorority is Kappa Kappa Gamma, of which she has been Efficiency Chairman and Corresponding Secretary.

###

Texas Technological College
Department of Public Information
Adrian Vaughan, Director

LUBBOCK --- Pam White, a junior from Richardson at Texas Tech, was recently chosen junior class favorite.

Miss White is an industrial engineering major and is the only woman member of Alpha Pi Mu, industrial engineering honorary.

She is also president of the Little Sisters of Minerva, a Tech majorette, an Air Force ROTC Sweetheart, member of the Tech Concert Band, member of Tau Beta Sigma, member of the American Institute of Industrial Engineers, member of the Student Council and of Kappa Kappa Gamma Social Sorority.

##

Texas Technological College
Department of Public Information
Adrian Vaughan, Director

LUBBOCK --- Mrs. Wendell Kent, the former Sydney Edwards, was recently named as Most Outstanding Member of Phi Gamma Nu, national business honorary, at Texas Tech.

Mrs. Kent has served as secretary of the honorary. She is also a member of Junior Council, Mortar Board, and Phi Kappa Phi.

Her sorority is Kappa Kappa Gamma, of which she has been scholarship chairman and recording secretary.

##

Texas Technological College
Department of Public Information
Adrian Vaughan, Director

LUBBOCK --- Miss Donna Aigner of 11511 Sonnet Drive, Dallas, was recently elected vice president of Kappa Dormitory at Texas Tech.

Miss Aigner is also a member of the French Club, the Little Sisters of Minerva, and the Tech Union Entertainment Committee. Her sorority is Kappa Kappa Gamma.

##

Texas Technological College
Department of Public Information
Adrian Vaughan, Director

LOBBOCK --- Miss Judy Richerson of 2333 Mt. Carmel Drive, Waco, has been elected secretary of Alpha Lambda Delta, freshman women's scholastic honorary, at Texas Tech.

Miss Richerson was also a finalist in the La Ventana yearbook beauty contest. She was recently recognized in an All-College Recognition Service for her outstanding grades. Miss Richerson will serve as assistant treasurer of Kappa Kappa Gamma social sorority next year.

##

**Texas Technological College
Department of Public Information
Adrian Vaughan, Director**

LUBBOCK --- Miss Mary Behrends, of Route 4, Dimmitt, has been elected as an officer of Knapp Hall at Texas Tech for the coming year.

She will serve as representative to the Association of Women Students. Miss Behrends is also a member of the Tech band, secretary of the Tech Union Ideas and Issues Committee, and a committee chairman in the Wesley Foundation.

Her sorority is Kappa Kappa Gamma.

##

**Texas Technological College
Department of Public Information
Adrian Vaughan, Director**

LUBBOCK --- Nan Taylor of 1302 W. Henderson, Cleburne, was recently named one of the La Ventana beauties at Texas Tech.

She is one of eight to be featured in the 1961-62 yearbook. Miss Taylor is also a member of Kappa Kappa Gamma social sorority.

##

**Texas Technological College
Department of Public Information
Adrian Vaughan, Director**

LUBBOCK --- Miss Diana Harbert, daughter of Mr. and Mrs. Tom Harbert of Dumas, has been elected cheerleader at Texas Tech.

This year Miss Harbert has served as president of Drane Hall, secretary of the Board of Student Organizations, a member of the Tech Singers, a rodeo queen finalist, and a member of the Panhellenic Council.

Miss Harbert is a member of Kappa Kappa Gamma Sorority, of which she has served as assistant pledge trainer, Panhellenic delegate, and pledge class president.

##

[illegible]

5-21-62

LUBBOCK --Forty-six high school Spanish teachers from 21 states have been selected to attend Texas Tech's Summer Language Institute June 11-Aug. 4 in Tucuman, Argentina.

The participants were chosen from more than 270 applicants who had previously attended a first-level summer language institute in this country.

The eight-week institute is being sponsored in cooperation with the United States Office of Education Language Development Program and is being supported by the National Defense Education Act.

Of the 46 participants, Texas and California have five each, with four each coming from Illinois and Ohio. Three each have been accepted from Colorado, Arizona and Oregon.

Other states represented in the institute will be Nebraska, South Carolina, Indiana, Missouri, Connecticut, New York, Montana, Florida, Utah, New Mexico, Minnesota, Georgia, Tennessee and Iowa.

Prof. Alfred B. Strehli of Tech's foreign language department is the institute director. Other members on the staff are Dr. and Mrs. Harley D. Oberhelman of the foreign language department; Dr. Sam Schulman of the sociology department; and Mrs. Susan Ubal, visiting instructor of Spanish from Uruguay.

Two Tech students will serve on the institute's secretarial staff. They are Olivia Alvarado of Midland, who will receive the B.A. degree in Spanish Monday, and Rosemary Patterson, Amarillo junior.

Purpose of the institute is to give secondary school teachers of Spanish an opportunity to perfect their command of the spoken language in a native environment, to become familiar with the culture of the Argentine people and to study the latest developments in methods and materials of instruction.

Texas Technological College
Department of Public Information
Adrian Vaughan, Director

5.21.62

LUBBOCK --A Texas Tech student from Eden is one of ten Army ROTC Cadets in the United States to be presented with the National Defense Supply Assn. Award for 1962.

Addision Lee Pfluger, a junior in the School of Business Administration, was presented the award Monday afternoon (May 21) by President R.C. Goodwin, president of Texas Tech.

Pfluger, who is the son of Mr. and Mrs. Carl Pfluger of Eden, was nominated for the award by the Tech ROTC unit in recognition of his outstanding military and academic record.

He finished basic ROTC in the upper ten percent of his class and at present time, is ranked in the top three percent of the advanced ROTC program.

Pfluger was also picked as the outstanding Military Science Student in the junior class at Tech this year and was given the Superior Cadet Award.

Col. William M. Brown, professor of Military Science, was present with Pfluger when he was presented his award by Goodwin.

5. 23. 62

LUPROCK, --Jack Pearce, formerly a reporter with the Roswell (N.M.) Daily Record, has joined Texas Tech's public information staff.

Pearce received two New Mexico Press Assn. awards for photo-journalism. His picture story of a crazed killer won second place in statewide competition in 1958.

He won first place in the association's 1961 spot news division with a photo entitled "Fire." It depicted a spectacular grain elevator blaze.

A graduate of Oklahoma State, Pearce began his career as a photographer with the Daily Oklahoman, working out of the Oklahoma City newspaper's Stillwater Bureau.

He was a reporter for the Santa Fe New Mexican before joining the Roswell paper.

Pearce is a native of Seminole, Okla. and was graduated from high school there. He is married to the former Yvonne Mahoney of Seminole. They have two children--Terri, five, and Nikki, three.

Before taking his degree at OSU, Pearce attended Cameron College, Lawton, Okla.

Pearce is a member of Sigma Delta Chi journalism fraternity and served as vice-president and president of the student chapter at OSU. He also is a member of the Junior Chamber of Commerce.

Pearce is the son of Mrs. F.B. Pearce, 904 McKinley, Seminole. An Oklahoma University graduate, Mrs. Yvonne Pearce is the daughter of Mr. and Mrs. Z.H. Mahoney, ranchers near Clayton, Okla.

SUITABLE FOR TIME COPY

LUBBOCK --- Leading the way in the Southwest toward the goal of better education in public schools is the West Texas School Study Council, a five-year-old cooperative organization headquartered at Texas Tech.

The West Texas Council is one of the first such groups to organize in the Southwest and recently was called "probably the number one organization in the state of Texas in the field of leadership to administrators in public schools." This statement was made by Irby Carruth, president of the American Association of School Administrators.

Twenty-two area public school districts comprise the council. In practice, they compile studies of school programs, receive comprehensive studies from other councils throughout the nation and invite prominent educators to serve as consultants at Council meetings.

Since its beginning in 1957, the West Texas School Study Council has joined similar groups, primarily in the North and the East, in speeding up the dissemination of better teaching practices through America's school systems.

According to Dr. Berlie Fallon, executive secretary of the council, a study in 1940 showed that complete diffusion of a good school practice to all schools in a single state took 50 years. A similar study 11 years later indicated that 70 per cent diffusion throughout the nation requires 35 years.

(More)

study council--add 1

"The school study councils greatly speed up this diffusion, as each school pools and shares the information," Fallon said.

As studies are compiled, whether in West Texas or New England, they are distributed "hot off the presses" to member schools and other study councils through an exchange program or on request.

The most popular report developed by the West Texas Council is a pamphlet titled "200 Tips to Students on How to Study," prepared by a Texas Tech doctoral student under the supervision of Dr. Fallon.

This handbook was primarily prepared for use by students in the West Texas Council schools, but it has grown so in popularity that it is now distributed nationally.

A teachers' version of the pamphlet includes the 200 tips plus 41 tips to teachers on motivation of students and techniques in supervision of study.

Also recently released by the West Texas Council was the "Best School Practices Yearbook," a compilation of the most outstanding operations of 56 Texas schools. In the study are reports ranging from the academic awards program at Denison, a plan for reducing truancy at San Antonio, to an orientation program for first graders and parents at Petersburg.

Studies recently received by the West Texas Council were compiled by the Metropolitan School Study Council in New York City, the American Association of School Administrators, the Council of Chief State School Officers and the National Association of Secondary School Principals.

(More)

study council--add 2

In January, Miss Dorothy Prince of Odessa, instruction supervisor for the Ector County Independent School District, addressed 85 members of the West Texas Council on the topic of "An Effective Reading Program, Grades 1 through 12."

Also this year, 42 members of the council met at Tech to plan research to increase the powers of the school in combating the drop-out problem. Principal consultant was Dr. Bernice Moore, of the University of Texas Hogg Foundation.

Studies received by the Council are catalogued in a loan library service, which now contains approximately 500 studies available to all members of the Council.

"The main benefit of membership in the council is the cooperative effort," Dr. Fallon said. No one school would have the time or possibly the money to make such comprehensive studies on its own. "And it cost no more to bring in a noted authority for a joint meeting of all schools than it would for a single school to sponsor the speaker," he added.

The Council is a cooperative effort between Texas Tech and the 22 public schools. All studies are coordinated by Dr. Fallon, who is provided by Tech to oversee the Council's operations. Tech also supplies office space, and several graduate students have both contributed to the research and profited from their experience.

Superintendents of all member schools comprise the Council board of directors. The executive committee is made up of six superintendents and a Tech representative, Dr. Morris Wallace.

(More)

study council--add 3

Member schools are Abernathy, Andrews, Big Spring, Brownfield, Denver City, Hale Center, Hereford, Kermit, Lamesa, Levelland, Littlefield, Lubbock, Monahans, Morton, Olton, Petersburg, Plainview, Post, Seminole, Shallowater, Slaton and Snyder.

The operating budget, more than \$8,000 last year, comes from membership fees. In the 1960-61 fiscal year alone, these fees financed six studies by the West Texas Council staff, and 16 studies and surveys by graduate students for the council.

Also financed was distribution of 14 studies received from other study councils and research groups in an exchange program, and eight council meetings, including two three-week workshops for junior high and high school principals.

For release Sunday a.m.

LUBBOCK --- The first results of experiments being carried on at Texas Tech to test a new dual grading system established for beef cattle carcasses were announced Saturday, May 26, during Tech's Livestock and Meats Day program.

Dr. Ralph M. Durham, professor of Animal Husbandry, said the new system is a definite step in the right direction and will make it possible for meat buyers and housewives to purchase beef with an established grade of tenderness and flavor all over the United States.

It will make possible production of choice quality beef with less waste fat than now is the case, he said.

After killing 100 head of heifers and steers fed in the test program, Prof. Dale Zinn and his co-workers have found that sex is a definite factor affecting the amount of meat in a beef carcass. Ten heifers and 10 steers have been slaughtered every 30 days since the program started in December and tests indicate steers gain faster in the feed lot and produce a higher percentage of boneless prime meat while heifers grade out with a higher carcass rating under the present grading system.

Also being tested by Tech is a technique designed to give a rapid check on the retail prime meat in a carcass. In this test, the weight of closely trimmed round and loin is calculated as a percentage of the total carcass. In addition to determining the

(More)

beef experiment--add 1

amount of meat in a carcass, the test can be used to measure cattle in a sire evaluation test.

A large crowd turned out for the Livestock and Meats Day program and the dedication of Tech's new beef cattle feed pens. Dr. Gerald W. Thomas, dean of agriculture, presided at the ceremony.

The new pens have been constructed on the west side of the college land and feature feed pens with concrete floors for 1000 cattle, and a new type of automatic watering system.

Papers were also presented on silages for cattle and a study on feed values for growing hogs.

In studies with various silages, Tech researchers have found a lot of difference in production of beef per acre, Dr. Durham said.

The studies are based on the yield of a crop and production of cattle on a crop. Production ranged from 400 pounds of beef per acre to 600 pounds per acre, Durham said.

Prof. Stanley Anderson reported on a study of feed values for growing hogs. No significant differences were found in the feeding of white grain sorghum, red sorghum or yellow-endosperm sorghum, he said.

The college field day was held in conjunction with the annual meeting of the West Texas Chamber of Commerce.

LUBBOCK --- A large crowd is expected at Texas Tech Saturday during its annual Livestock and Meat Producers Day.

The dedication of new beef cattle facilities on the Tech Farm and a demonstration of the Agriculture Department's new dual grading system for livestock will highlight the event.

The one day program will begin at 9:15 a.m. in the Tech Union Building with seven reports on meats studies.

Guests to the event being held in conjunction with the annual meeting of the West Texas Chamber of Commerce will be welcomed by Dr. R. C. Goodwin, Tech president.

##

5.23.62

Thirty-one Texas Tech Army and Air Force cadets will receive commissions as second lieutenants in separate ceremonies Monday (May 28). "

The commissioning exercises, to be attended by the cadets' relatives and friends, will be held in conjunction with spring commencement.

Most of the cadets will receive their academic degrees at the commencement at 8 p.m. Monday in the Lubbock Municipal Coliseum.

The Rev. Dudley Strain, pastor of Lubbock's First Christian Church, will be the principal speaker at the Army ROTC ceremony. Eighteen cadets will receive their bars at 10 a.m. in the Tech Union Building.

Thirteen Air Force ROTC cadets will hear Col. Walter Kerbel, commander of the 3700 maintenance and supply group at Lackland Air Force Base, San Antonio. He was formerly stationed at Reese Air Force Base in 1950-53 in the same capacity.

The AFROTC ceremony will be at 10:30 a.m. in the second floor ballroom of the Tech Union.

To be recognized as Army Distinguished Military Graduates will be Edward L. Wills of Arlington; Frank W. Bray, Lubbock; and Bobby C. Switzer, Monahans.

The Distinguished AFROTC graduates are Thomas Nash, Electra; Waldemar K. Kerbel and Robert W. Meyer, both of San Antonio.

(More)

commissioning--add 1

Other Army cadets to be commissioned include Daniel G. Elliston, Anaheim, Calif.; James W. Walker, Brownfield; George H. Leonberger, Cookville; William R. Skeeters and Lance C. Williamson, Dallas; William M. Frawley, Fort Worth; Duane H. Lowe, Galveston; and Norman D. Bookout, Hereford.

Others are Volney E. Hamm, Lawton, Okla.; Albert J. Roberts and Robert L. Taylor, Lubbock; Gregory L. Wilemon, Littlefield; Charles R. Hohertz, Priddy; James D. Adams, Tahoka; and Anthony Gustwick, Yoakum.

Receiving AFROTC commissions will be Jerry R. McMahan, Big Spring; James A. Grimshaw Jr. and Richard C. Johnson, Fort Worth; Anthony N. Benson, Hereford; Thomas M. Hickey, Hillsboro; and John V. Little, Killeen.

Others are Carl W. McKinzie and Leonard D. Williams, Lubbock; David F. Albrecht, Midland; and Billy E. Boyd, San Angelo.

Dr. Winfred G. Steglich, head of Texas tech's sociology department, has been elected president of the Southwestern Sociological Society.

He served as the society's 1961-62 vice president and program chairman.

The southwest region is composed of five active states and other states in the West. This region is one of six in the national society.

Dr. Steglich will preside over the annual meeting held in conjunction with the Southwestern Social Science Assn. convention during the Easter holidays in Dallas.

Department of Public Information
Adrian Vaughan, Director

Philip Folsom, 1961 Texas Tech graduate, has been named tabulating supervisor in the Lubbock accounting department of Southwestern Bell Telephone Co.

L. C. Carothers, division accounting manager, announced Folsom's appointment.

An industrial management major, Folsom served in the U.S. Army for six months following his graduation. He was employed by the Dallas division in September and entered the company's staff assistant program for training.

He is the son of Mr. and Mrs. Haskell Folsom, 2408 2nd Pl., Lubbock. He is a member of Sigma Alpha Epsilon social fraternity.

##

5,25.62

LUBBOCK --- Texas Tech will confer 58 masters' degrees and two doctorates at spring commencement exercises Monday (May 28) in the Lubbock Municipal Coliseum.

In addition to the graduate degrees, an honorary doctorate will be conferred on Cong. George Mahon. Ceremonies are scheduled at 8 p.m. with Fred H. Moore of New York City, Mobil Oil Co. president and a Tech graduate, as principal speaker.

Approximately 1000 students are candidates for undergraduate degrees, the largest number in Tech's history.

The Doctor of Philosophy degree in chemistry will be conferred on William J. Heilman of 611 Noydica Dr., Pittsburgh, Pa.

Robert L. Clinton Jr. of Snyder will receive the Doctor of Education degree.

Receiving Master of Arts degrees will be Eloy Castillo, psychology, Eagle Pass; Avonlee Fentress English, history, Lubbock; James Patrick Forrestal, psychology, 3708 Nashville, El Paso; William Charles Martin, psychology, Denver City; Laura Rentfro Neck, psychology, 36 Rentfro Blvd., Brownsville; and Elmore Smith Payne, psychology, Lubbock.

Others include Floyd Edmond Riebold, psychology, Springfield, Mo.; Nancy Benita Franklin Stennett, English, O'Donnell; and Joe Allen Steph, psychology, 1758 Jeanette, Abilene.

Master of Business Administration degrees will be awarded to Frank Marion Burke Jr., accounting, 1523 Magnolia, Tyler; Shunung Wu Fung, accounting, Taipei, Taiwan, China; and Zelmer Zack Tannery, accounting, Lubbock.

(More)

graduation degrees--add 1

Recipients of Master of Education degrees will be Helen Robin Burns, Lubbock; Billie Jean Towry Carlyle, Post; Roy Bunyan Carnes Jr., Lubbock; Ray Davis, Levelland; Jane Tuttle Durham, Lubbock; Chesley Doyle Gammill, Lubbock; Hazel Smith Harding, Lubbock; Calvin E. Horn, agricultural education, Olton; Hazel Elizabeth Howell Morris, Lubbock; Madeleine Robison Stanford, Crosbyton; and Billy Joe Williams, Lubbock.

Master of Science degrees will be conferred on Max Lee Bowen in physics, Eunice, N.M.; James C. Currie, mathematics, Lubbock; Earle Cale Davis Jr., physics, Brownfield; Jerry Dane Gann, physics, Lubbock; Donald Lee Hardcastle, physics, 1213 Florida, Amarillo; and Gerald Lange Holm, mathematics, 4837 Willow Bend, Houston.

Other M.S. candidates are Jimmy Curt Humphreys, physics, Lubbock; Hossein Karimi, chemistry, Lubbock; Dan R. McGregor, geology, Lubbock; Donal Richard Myrick, mathematics, Lubbock; James Lee Parrish, mathematics, Pampa; Eugene Christian Pendery III, geology, 2411 Terrace, Midland; Merritt Daniel Price, mathematics, Lubbock; Thaddeus Risinger Jr., physics, Brownfield; William Robert Robinson, chemistry, Lubbock; and Thomas Eugene Sanders, mathematics, 900 W. 23rd St., Odessa.

Others on the M.S. list are Charles Ray Saunders, zoology, Roscoe; David Dell Shoemaker, mathematics, 2105 Louisiana, Midland; Frederick Charles Thatcher Slauson Jr., mathematics, Corsicana; William Lawrece Smith, mathematics, Lubbock; and John Scott Turner, mathematics, 2513 Daisy Lane, Fort Worth.

(More)

graduation degrees--add 2

Receiving Master of Science degrees in Agriculture will be Stanley Ray Johnson, agricultural economics, Route 1, Biggsville, Ill.; Robert Lee McDonald III, dairy industry, Box 243, McAllen; Wesley Will Masters, agronomy, Cotton Center; Lynn Moore, agricultural economics, Pearl, Ill.; Charles Albert O'Dell, agricultural economics, Lancaster; and Charles Walter Stenholm, agricultural education, Stamford.

Master of Science in Civil Engineering degrees will go to Robert William Anderson, 2531 Prentiss Ave., Quincy, Ill.; and Hugh Richard Fewin, Burkburnett.

Receiving Master of Science in Electrical Engineering degrees will be Leonard Lee Grigsby, Lubbock; Arleigh Don Jacobs, Grandview; and John Steven Latta Jr., 969 Center, Beaumont.

Master of Science in Mechanical Engineering degrees will be conferred on Charles Lawrence Burton Jr., 7311 Fillmore, Dallas; Albert W. Johnson, Farwell; and Jerry Lynn Pirtle, Athens.

5.26.62

Texas Tech's largest graduating class--995 strong--will be honored with two days of activities as the institution observes its 36th annual spring commencement.

Dr. John W. Lancaster, pastor of Houston's First Presbyterian Church, will preach the baccalaureate sermon at 8 p.m. today (May 27) in Lubbock Municipal Coliseum on the Tech campus.

Principal address at commencement exercises at 8 p.m. Monday in the Coliseum will be delivered by Fred H. Moore of New York City, Mobil Oil Co. president and a Tech graduate.

An honorary Doctor of Laws degree will be conferred on Cong. George Mahon at the ceremonies.

The Class of '62 came within a whisker of reaching the historic milestone of 1,000 graduates for a single commencement. A total of 1,052 filed as candidates for degrees but final exams and emergencies shaved the list five shy of that milestone.

Commencement activities will begin with a reception by Tech President and Mrs. R.C. Goodwin honoring graduates and their families from 3 to 4:30 p.m. today (May 27) in the Tech Union Building.

The baccalaureate service at 8 p.m. will include a procession by the graduating class and faculty and special music by the Tech Choir.

Thirty one Tech Army and Air Force cadets will receive commissions as second lieutenants in separate ceremonies Monday.

(More)

Tech commencement - add 1

The Rev. Dudley Strain of Lubbock's First Christian Church will be main speaker at the Army ceremonies at 10 a.m. in the Union Building. Eighteen cadets will receive their bars.

Thirteen Air Force cadets will hear Col. Walter Kerbel, of Lackland AFB bring the principal address at their commissioning, scheduled at 10:30 a.m. in the Union Building. Col. Kerbel formerly was stationed at Reese AFB here.

Two students will receive doctorates in the commencement ceremonies Monday night.

The doctor of philosophy degree in chemistry will be conferred on William J. Heilman of Pittsburgh, Pa. Robert L. Clinton Jr. of Snyder will receive the doctor of education degree.

Fifty-eight students will be awarded masters' degrees during the ceremonies.

The Tech Board of Directors will meet Monday in conjunction with commencement. The meeting will begin at 9:30 a.m. in the President's Office, located in the east wing of the Administration building.

Included on the directors' agenda are consideration of budget requests to the Legislature for the 1963-65 biennium, plans for a new speech-psychology building, and the possibility of building new dormitories.

Dr. Gerald Thomas, agriculture dean, will make a special report to the board.

FOR RELEASE AT 8 P.M. MONDAY, MAY 28, AND THERE AFTER

LUBBOCK, --A leading oil executive urged 995 Texas Tech graduates Monday (May 28) to "want tomorrow."

Fred H. Moore challenged the graduates to adapt to change, expand their capacities and broaden their intellectual horizons.

He spoke at Tech's 36th annual spring commencement, held in Lubbock Municipal Coliseum.

An honorary doctor of laws degree was conferred on Cong. George Mahon of Lubbock and Colorado City during the ceremonies.

"Many Americans, including many young people, seem convinced the world is falling into ruin and chaos," said Moore, who is Mobil Oil Co. president.

The New York City oilman observed that he and his fellow classmates felt similar uncertainty when they were graduated from Texas Tech at the start of the great depression in 1930.

"Many economists of that time believed the nation was doomed to permanent economic stagnation," Moore said. "Yet during the intervening three decades, we have achieved technological, economic, social and political advances few dreamed possible."

"These advances took place," he said. "Because some men were willing to make difficult decisions and to take positive action to resolve their problems. These were the men who wanted tomorrow."

The Mobil Oil President offered young people suggestions for helping bring about similar progress in years ahead.

(More)

Tech commencement - add 1

The first was that they not try to ignore change or to resist it but adapt to it.

"This is not the easiest course of action, but it is certainly the most rewarding," he said.

Moore's second observation was that capacity as well as brains determines the individual's future and that, of the two, "capacity is the more important because it involves hard human effort, not merely something that comes from nature."

Himself a geology graduate, Moore further urged the graduating students to avoid the dangers of overspecialization and instead direct themselves toward a balance of interests.

"Complete reliance on technology can give a man a false idea of reality," he pointed out. "It can make a machine of society--and cogs and gears of free men. All of these effects are clearly evident in the communist societies, but traces of them can be found in our own society."

Finally the oilman advised young people to avoid an obsession with security.

"You may not realize it," he said, "But you possess real security now in your youth and in the education which you have struggled to achieve.

"You can afford to be as bold as you want, following the spirit of adventure wherever it may lead. This is the way our country was built. This is the only way we will retain our leadership."

###

5-28-62

LUBBOCK --- A Texas Tech geologist who was formerly a chief scientist of Admiral Richard Byrd's 1939-40 trip to Antarctica will return there this fall on a National Science Foundation grant.

Dr. Franklin Alton Wade, geology department head since 1954, will be accompanied by a Tech geology instructor and a graduate student to investigate a key geological region in the central section of the great Antarctic Horst.

Purpose of the trip is to compile data on how the Antarctic fits into the structure of the world and to study the history and climate of the continent.

The party will spend 8-10 weeks on the Shackleton Glacier of the Queen Maud Range conducting scientific research beginning around the last of October.

The important glacier cuts through the range of mountains which are from 10,000 to 16,000-feet high. The 16,000-feet high mountain is named Wade Mountain in honor of the Tech geologist.

Dr. Wade has made two trips to Washington, D.C. this spring, conferring with the Antarctic branch of the NSF on the grant. The \$41,500 grant was approved in mid-May.

Accompanying Wade will be Vestal L. Yeats, Tech geology instructor, and David W. Greenley, geology graduate student from Midland.

(More)

Antarctic trip--add 1

The Tech crew will spend four days in orientation sessions at Shenandoah National Park in Virginia, beginning Sept. 17. They will leave Travis Air Force Base, San Francisco, around Oct. 1 for Hawaii and Christchurch, New Zealand, where they will pick up supplies and equipment.

The Navy will fly them to the main base at McMurdo Sound in Antarctica where they will complete their supplies. From there they will be flown to their work area on the glacier.

"The detailed information which we hope to compile will be helpful since much of the research in that area has been of a reconnaissance nature until a few years ago," Dr. Wade said.

The Universities of Michigan, Wisconsin and Minnesota and Ohio State University also have been working to compile information in West Antarctica.

"Antarctica has been in the Ice Age for the last million years and the ice has retreated four times," he said. "It is just now coming out of the age and the temperatures are much milder.

"Learning about the weather there will be of agricultural interest to the Southern hemisphere," Dr. Wade pointed out.

Dr. Wade described Antarctica as "a little United Nations" due to the many countries with bases there. In 1957-58 there were 17 nations, including Russia, represented.

He said there were no prejudices and everyone worked together compiling information for the World Data Center.

Dr. Wade spotted the Shackleton Glacier in 1940 when he accompanied Byrd on his third expedition. He was also a member of his second expedition to Little America in 1933-35.

(More)

Antarctic trip--add 2

The three Tech geologists will traverse the glacier, moving from the east to the west side where faulting has developed. Navy helicopters will transport them across the glacier.

Dr. Wade noted that there were coal beds buried in some areas of the glacier, which were formed in the Permian.

They will keep in daily contact with the military through radio transmitters.

Two toboggans with 10-horsepower motors will carry their supplies through the snow-covered area.

They will be working and living in temperatures ranging from 40-below to 20-above F.

Dr. Wade holds two special congressional medals for his work with Admiral Byrd. In World War II he served as a major in the Air Force and was stationed in Greenland, where he helped explore an inland ice area for possible use by the U.S.

In early June Dr. Wade will be awarded an honorary doctorate by Kenyon College, where he received both the B.S. and M.A. degrees. He received the Ph.D. from Johns Hopkins University.

LUBBOCK --- Twenty-five Texas Tech business majors and two faculty members were initiated into Tech's Beta Gamma Sigma, national honorary business fraternity, Monday (May 28).

Beta Gamma Sigma includes the top 20 percent of graduate students, the upper 10 percent of the graduating seniors and the top 4 percent of the junior class in the School of Business Administration, who were invited to join.

J. Anne Whittenburg, an accounting major from Amarillo, is the new vice president. She automatically received the office as the junior business major with the highest grade point average. Her average is 2.96 out of a possible 3.0.

Other officers includes Haskel G. Taylor, accounting professor, president, and C. Burl Hubbard, assistant professor of management, secretary-treasurer.

New faculty members include Charles E. Dale, associate professor of finance, and Sam Chisholm, associate professor of accounting.

The six graduate students are Gregorio T. Eleosida, Sampaloc, Manila, Philippines; Ira Rexford Hulse, Refugio; Kenneth F. Reimer, 615 Marquette, South Bend, Ind.; Frederick Norman Harrell, Robstown; Robert Don Morris, Mount Vernon; and Lt. Col. William W. Wilson, Rose Bud, Ark.

(More)

business fraternity--add 1

The new senior initiates include John William Coates Jr., 5525 Floyd, Amarillo; Betty Gayle Davis, Throckmorton; Jesse W. Holloway, 332 Fairlane, Amarillo; Carl W. McKinzie, Lubbock; Terry L. Morris, White Deer; Arley Leroy Richardson, Wolfforth; and Jerry D. Sides, Lubbock.

Other seniors in the fraternity are Gary M. Cunningham, Lubbock; Virginia Sue Harper, 1805 Elmwood Blvd., Dallas; Reuben T. Lambert Jr., Idalou; Melville E. Mefford, Borger; Glenda Kay Rawls, Abernathy; Sandra Shadden, 7505 Buena Vista, Houston; and David G. Swaringin, Rotan.

The three juniors are James F. Deen, Borger; Anne Whittenburg, 220 W. 6th St., Amarillo; and Addison Lee Pflunger, Eden.

5-28-62

A long-time Air Force colonel and a Lubbock minister challenged Texas Tech's 31 ROTC cadets in separate commissioning ceremonies Monday morning (May 28) in Tech's Union Building.

Col. Walter Kerbel, former commander of the 3700 maintenance and supply group at Reese Air Force Base, spoke to the 13 Air Force ROTC cadets, and the Rev. Dudley Strain, pastor of Lubbock's First Christian Church, addressed the 18 Army lieutenants.

Colonel Kerbel, presently at Lackland Air Force Base, San Antonio, stressed four characteristics for good Air Force leadership.

"If each officer will develop his patriotism, valor, duty and ability, he will not only be a good soldier, but a diplomat in uniform," he said.

"He will realize his value as a true leader when he has the devotion of man, the thanks of his county, and self-satisfaction for a 'job well done'," Kerbel said.

Rev. Strain challenged the cadets "to measure themselves against the background of something big."

"A man is really not big until he is able to stretch his mental and spiritual capacities to the limit of his ability and is able to take the offensive for the cause he believes in most," Dr. Strain said.

Two Air Force cadets received the Distinguished Military Graduate rank. They were Waldemar K. Kerbel of San Antonio, whose father addressed the group, and Thomas Nash of Electra.

(More)

commissioning--add 1

The Army ROTC recognized Edward L. Wills of Arlington; Frank W. Bray, Lubbock; and Bobby C. Switzer, Monahans, as Distinguished Military Graduates.

Relatives and friends of the cadets pinned the second lieutenant bars on them following the formal ceremony. Each of the groups honored the attendants at a reception.

##

5.29.62

An overwhelming 72.6 percent of the Texas Tech student body participated in one or more of the 21 sports offered in the 1961-62 men's intramural program, the annual participation report reveals.

A total of 7,012 male students in five schools boosted this year's participation to an all-time high, Edsel Buchanan, director of the men's intramural program, said.

"The growth of intramurals at Tech has been most gratifying," he said. "During the past two years we have moved into an expanded program which should result in continued growth on a larger scale."

Lubbock's popular sport of basketball led in the number of participants with 737, followed closely by 736 in touch football. The next highest sport was softball with 682 participants.

Other sports in the program included swimming, track, volleyball, basketball free throw, league bowling, bowling, golf, table tennis, tug-o-war, tennis, badminton, wrestling, weightlifting, fencing, handball, trampoline, boxing and horseshoes.

The Arts and Sciences School had 715 students cooperating in the program, followed by 638 in Engineering, 492 in Business Administration, 215 in Agriculture and 7 in Graduate School.

Buchanan estimated the average cost per participant was \$1.70 this past year, a decrease of \$.52 from last year.

The report shows the total spectator attendance for the program was 26,125, an increase of more than 4,500 this year. Students participated in four classes--fraternity, dormitory, and independent leagues and open play.

LUBBOCK --- Dean Killion, director of bands at Texas Tech, will return to his alma mater this weekend (June 1-2) as the University of Nebraska hosts the Nebraska Band Masters' Assn. band clinic.

Killion will conduct the marching band sessions at the clinic. He will join Frank Piersall, famed band director at Iowa State University, who will conduct the concert band sessions.

The Tech director will use audio-visual demonstrations of the Tech band, along with area high school bands, to show marching techniques.

Killion was graduated with distinction from the University of Nebraska in 1950 with a bachelor of music education degree and received his master's there the following year.

In September 1955, he was instructor of brass instruments and assistant director of bands at Nebraska, where he taught, trained the marching band, arranged band shows and directed performances.

He will return to Tech Monday (June 3) to direct the band division of the Senior High School Summer Music Camp, which begins Tuesday.

LUBBOCK --- Oscar Clarence Southall, assistant professor of chemistry and chemical engineering at Texas Tech, is retiring after 18 years of teaching here.

His retirement will become effective Friday (June 1), Dr. R. C. Goodwin, Tech president, said.

Southall came to Tech in 1944 after years of administrative duties in West Texas high schools and teaching in Tech's pre-cadet training program.

"It has been a very pleasant 18 years spent here in the chemistry department," Southall said. "I plan to do a little fishing and traveling now."

Southall received the B.A. degree from Hardin-Simmons University and the M.A. from Tech. He has done additional graduate work at the University of Texas.

A native of McKinney, Southall is married to the former Natha McCoy. They have three children--Culver McCoy Southall of Lamesa and Roger Lewis Southall and Mrs. Howard Bransom, both of Lubbock.

He served as secretary of the Texas Certified Seed Growers' Assn. in 1954.

LUBBOCK --- Joe Morello, jazz drum artist with the Dave Brubeck Quartet, will be one of eight percussion authorities staffing Texas Tech's percussion workshop June 7-12.

The only know percussion workshop in the Southwest will be open to junior high, senior high and college students, as well as band directors.

Only a limited number of places are available for the six-day workshop, which is \$30. Students enrolled in Tech's Senior High School Summer Music Camp from June 4-15 may participate in the percussion workshop for an additional \$15. Room and board in Tech's dormitories will be \$36.

Members of the staff include Frank Arsenault, national rudimental drum champion; George Gaber, percussion instructor at Indiana University and the Music Associates of Aspen; Haskell Harr, educational advisor from Chicago; and J. Durward Morsch, noted music educator and arranger.

Completing the list will be Dick Schory, RCA Victor recording artist from Chicago; Jim Sewrey, percussion clinic editor for the School Musician magazine; and Bob Winslow, West Coast percussion authority.

"The New Concept in Percussion Betterment" will offer sessions in concert band, rudimental work, combo and big dance band drumming, tuned percussion, field and street percussion, and ensembles.

Dean Killion, director of bands at Tech, is director of the workshop. Information on the workshop is available by writing Killion, Tech music department, Lubbock.

LUBBOCK --- Dr. John C. Dowling, head of Texas Tech's foreign language department, leaves Lubbock today (May 30) to do research at the National Library in Paris, France.

Dr. Dowling will continue his research in the library's manuscript section, which he began two years ago as a Guggenheim Fellow.

His work will center around Spanish literature in the early 19th century, mainly life and literature during the reign of Fernando VII.

He will return to Tech for the second term of summer school. His research is being financed by a Tech research grant.

LUBBOCK --Chemists and chemical engineers from 15 South Plains counties will form a new sectional unit of the American Chemical Society, Dr. Arthur Draper of Texas Tech has announced.

Dr. Draper heads a committee seeking names of members and prospective members in the area.

Formation of a local section will make outstanding speakers in chemistry and chemical engineering available in the area, Dr. Draper pointed out.

A local section also will provide exchange of information among its members and give them a voice in national affairs affecting their profession, he added.

Prospective members include chemists and chemical engineers in area soil labs, cotton oil mills, gasoline plants, petroleum core labs, hospitals and schools.

Interested persons are invited to write or call Dr. Draper at the chemistry department, Texas Tech.

Counties in the local section will include Bailey, Cochran, Yoakum, Gaines, Dawson, Borden, Kent, Garza, Lynn, Terry, Hockley, Lubbock, Crosby, Dickens and Motley.

LUBBOCK, --More than 4,000 students are expected for Texas Tech's first summer term June 1-July 13.

The term will begin Friday (June 1) with the convening of entering freshmen at 8 a.m. in Chemistry Building 101.

Registration will be held 8 a.m.-12 noon and 1:30-5 p.m. Friday and 8 a.m.-12 noon Saturday.

Classes, which begin at 7:20 a.m. Monday, will be in 90 minute sessions, meeting each day Monday through Friday. Saturday, June 23, will be a special day of instruction in all classes. Wednesday, July 4, will be the only holiday of the summer session.

Final exams for the first term will be held July 12-13. The second term will be held July 16-Aug. 23. Summer Commencement will be on Aug. 25.

A first term attendance record was set last summer, when 4,152 students registered. Second term enrollment totaled 2,772.

More than 600 teachers and students will be attending summer institutes, workshops, short courses and field trips at Texas Tech, beginning the first week of summer school.

There will be special classes in biology, teaching of science, mathematics, music, cotton classing and archaeology.

Sixty-four high school teachers will be attending the nine-weeks' Biology Teachers Institute, sponsored by a National Science Foundation grant.

Dr. Earl D. Camp, biology department head, is director of the institute, which will include lectures, demonstrations and field trips.

A two-week workshop in the teaching of elementary school science will be conducted by Milo Blecha, associate professor of education at the University of Arizona.

The course, sponsored by the education department, is limited to 60 elementary school teachers.

The National Science Foundation is sponsoring an institute for junior and senior high school teachers of mathematics June 1-Aug 3. It is being sponsored in conjunction with Tech's mathematics department and is directed by Dr. Charles L. Riggs.

A summer music camp for senior high division students will be held in band, chorus and orchestra. The band has 320 students enrolled, with 57 in chorus and 60 in orchestra.

Workshops in choral and instrumental music will be held June 1-22. They are designed for directors of public school music and church choirs.

(More.)

summer workshops--add 1

The annual two-week cotton classing short course begins Monday, sponsored through Tech's extension division and the U.S.D.A. Agricultural Marketing Service.

Eleven students will spend the first summer term at the Bar-J Ranch near Beeville in a southwestern archaeology field course. Dr. David H. Kelley, associate professor of anthropology, will conduct the excavations in the later Pleistocene deposits of the Berclair Terrace.

5-31-62

LUBBOCK --- The massive job of installing and hooking up 2,100 miles of wire for Texas Tech's new dial telephone system is expected to be completed the first part of September.

The centralized dial network will provide 2,400 telephones in dormitory rooms and 500 telephones for administration offices. It also does away with the 60 telephone listings for Tech in the Lubbock telephone directory and 15 separate switchboards now being operated on the Tech campus.

The equipment for the new system is being installed by Western Electric and Southwestern Bell Telephone employees. It will feature 90 outside lines leading to a central switching equipment located in Doak Hall where a six position switchboard will handle all incoming calls.

B. L. Moser, Southwestern Bell Telephone Co., said Bell and Western Electric will have approximately 50 men working on the campus during peak construction.

"The job of changing the phone setup on the Tech campus will be equal to the problems our companies would face if they moved into a small city of 11,000 persons and begin setting up a new system from scratch," he said.

The Tech administration and students will be able to call any other campus telephone by dialing a four digit number. The administration phone system will be placed in operation Sept. 8 and the students system by Sept. 17, according to Moser.

The new system will give privacy for students and instructors since the switching or routing of calls will be handled by automatic equipment.

(More)

telephone--add one

After the new system is installed, our greatest job will be making the students, faculty, and other interested persons aware of the proper method of operating the telephones, Moser said.

A new telephone number will be assigned to Tech and then each telephone on the campus will be shown in a campus telephone directory to be published the first part of September.

The new system is also expected to speed up the completion of emergency calls made by parents of Tech students. In the past, considerable delay has been experienced in completing the calls but with the new system, the Tech operator will be able to connect the call into the rooms of students living on campus at any hour of the day or night.

Moser said Southwestern Bell Telephone Co. is investing over \$400,000 in the new system.

LUBBOCK --Four years of study at Texas Tech is providing the background for a recent graduate, who'll be leaving for a Peace Corps assignment in Liberia this month.

He is John Parrish of Kaufman, a government major who has wanted to enter the Peace Corps since its approval. He received notification of his assignment May 4.

Parrish is one of three known Techsans chosen for the corps' training program this spring. Larry Caskey of Bryson, a horticulture major, is going to India and Bobby Brick of Dallas, a secondary education major, is scheduled for an assignment on the Samoa Islands.

After finishing the rigorous physical training program and the orientation course, Parrish will teach basic social science courses in Liberia's secondary schools.

"I feel the real value of my being chosen, besides the traveling aspect, is the broadening of my outlook towards life and humanity," Parrish said.

"With Africa and the other continents coming closer together today, there is a lack of knowledge on Africa in our country. I hope to use this experience to implement a provincial mind," he said.

After receiving the Bachelor of Arts degree Monday night in government and history, he returned to Kaufman in East Texas until June 16. He then leaves Dallas for Puerto Rico. He will undergo three weeks of strenuous physical training and community development there.

(more)

peace corps--add 1

In mid-July he returns to the United States to receive teaching preparations at an Eastern university, which could be Rutgers, New York or Harvard University.

He will study both American and African history, language, culture, geography and methodology.

About 50 corpsmen have been chosen for the Liberia training program. One-half will be sent to Monrovia and the other half will be scattered along the coast, Parrish said.

When Parrish returns to the U.S. in September, 1964, he plans to work on the M.A. degree in government or sociology at Tech, with visions of working on a Ph.D. after that.

The 22-year-old government enthusiast gave credit to four Tech professors for motivating his interest and desire in entering the Peace Corps.

He expressed gratitude to Dr. Sterling Fuller of the government department for whom he has worked this year; Drs. Winfred G. Steglich and Sam Schulman of the sociology department; and Dr. Paul Woods in history.

In addition to working for Dr. Fuller, he was an assistant to Dr. Ernest Wallace of the history department last year.

Parrish is a member of Pi Sigma Alpha, honorary government fraternity; and Phi Alpha Theta, honorary history fraternity. He also represented Tech at the Student Conference on National Affairs at Texas A&M last fall.

LUBBOCK --A high school journalism coed from as far away as Pulaski, Wisc., is one of 125 students who have indicated they will attend Texas Tech's High School Newspaper-Yearbook-Photography workshop slated Aug. 12-16 on campus.

Prof. W.E. Garets, Tech journalism department head and workshop coordinator, said high school students from as far west as Grants, N.M., and as far east as Oklahoma City have pre-registered for the four-day session.

Advanced registration indicates this year's figure will surpass 172 of last year--the largest of the four workshops.

"Pre-registration is already ahead of last year at this time by 60," Garets said.

Purpose of the workshop is two-fold: to help high school students improve their newspaper and yearbook publications and to encourage interest in journalism as a career.

The West Texas High School Press Assn. is co-sponsor of the fifth annual workshop.

Garets will direct the newspaper sessions, while Ralph Sellmeyer, assistant professor of journalism at Tech, will direct the photography section. Phil Orman, director of student publications, will be in charge of the yearbook section.

(More)

journalism workshop--add 1

High school writers with school paper experience will work on a special 20-page edition of the Toreador, Tech campus newspaper, while beginning students will receive an intensive short course in news writing and editing.

"A session on high school newspaper and yearbook advertising has been implemented this year," Garets said.

The photography section has been limited to 20 students and high school teachers who want to learn basic camera and photo-processing techniques.

The photo students will work with yearbook section students who will produce a 16-page publication utilizing yearbook-type photographs and layout. Taylor Publishing Co. of Dallas, publishers of Tech's La Ventana yearbook, and Intercollegiate Publishing Co. of Kansas City will assist in the workshop.

Information concerning the workshop is available by writing Garets, journalism department, Texas Tech, Lubbock.

6.1.62

Any Texas Tech exes from the early '40's would have thought fall registration was underway if they happened on campus Friday (June 1).

More than 3,000 students passed through registration lines during the day as enrollment for the first term of the summer session opened.

More than 4,000 registration packets already had been issued by 5 p.m., when the first day of registration ended.

Regular registration for the first term of the summer session will continue until noon today (June 2). Classes will begin Monday. The term will end July 13.

A new record for a summer session term was set last year when 4,152 students signed up for the "first round." By comparison, Tech's regular fall enrollment was 3,797 in 1940 and 3,549 in 1941.

More than 200 freshmen who just couldn't wait until fall to start their college careers were on hand Friday for orientation and placement tests before enrolling for the first summer term.

Many of them had been graduated from area high schools only a few days--and in some cases only hours--before arrival on campus. Many were Lubbock High seniors who weren't officially graduated until Friday night.

Although predicting final enrollments is akin to forecasting outcomes of political races, many connected with registration began anticipating a new summer term enrollment record as they saw the number of persons going through procedures.

Tuesday will be the final day for completing enrollment or changing classes for the first summer term.

LUBBOCK --- The highest ranking graduates in Texas Tech's five undergraduate schools were recognized at the commencement exercises Monday night (May 28).

The honor graduates represented the 995 seniors receiving degrees in the largest class in Tech's history.

Recognized during the ceremonies were:

BAY CITY--Priscilla Ann Gibson, School of Home Economics. Clothing and Textiles major. Daughter of Mr. and Mrs. E. A. Gibson, 2415 Auburn. Member of Phi Kappa Phi, national honor society for upperclassmen.

GREENVILLE--Ronald Collins Hyatt, School of Engineering. Bachelor of Science in Electrical Engineering. Son of Mr. and Mrs. E. G. Hyatt, 1006 Commerce. Member of Phi Eta Sigma, freshman honor society; Phi Kappa Phi, national honor society for upperclassmen; Tau Beta Pi, honorary engineering fraternity; and president of Eta Kappa Nu, honorary electrical engineering fraternity.

JACKSBORO--Dorcas Ann Pettigrew Turner, School of Arts and Sciences. English major. Daughter of Mr. and Mrs. L. C. Pettigrew, Box 697. Member of Phi Kappa Phi, national honor society for upperclassmen; Gamma Phi Beta social sorority; and winner of German Award.

LUBBOCK---David Lee Patton, School of Business Administration.

WEATHERFORD--Richard Terry Sharpe, School of Agriculture. Animal Husbandry major. Son of Mr. and Mrs. Roy T. Sharpe, 112 Houston. President of Agriculture Council, president of Block and Bridle; member of Student Council; Who's Who in American Colleges and Universities, All-College Recognition, Sigma Delta Chi (journalistic fraternity) Recognition Award. Phi Kappa Phi, national honor society for upperclassmen.
