My dear Sister Margaret

Your letter with
that of the Bank reached me on Monday as
I have no way pecuniarily of aiding you in the
matter without help to myself. I enclosed the
Bank letter to Mr D - with a request that
he would answer it. he called to day and
said at present he could not help you & I as
I desired but that he had the promise of
some money for 60 days past which if he

precluded in getting he would see to fix
the Bank matter up for us. I am real sorry,
I am so unfortunately situated but at the
present time it is almost impossible to get in
the money I need for day to day. If I can
help I will do so and with pleasure

Very affectionately
Wm. W. W.
