A Newsletter to the Faculty and Staff of the TEXAS TECH UNIVERSITY COMPLEX

Published the first and third Wednesdays of each month by the Office of Information Services, 220 Administration Building. Special editions published when required. Items should be submitted before 9 a.m. on the Friday preceding the week of publication.

VOL. 2, NO.1, JUNE 2, 1971

## NIXON ECONOMIST WILL LECTURE AT TEXAS TECH

Dr. Arthur Laffer, chief economist in the federal Office of Management and the Budget (OMB) and architect of the econometric model on which the Nixon Administration's budget is based, will speak at Texas Tech at 10:30 A.M. Friday, June 4, in Room 202 of the Business Administration Building.

Laffer, a former Stanford University student of Dr. Jack Steele who is dean of Texas Tech's College of Business Administration, has indicated the Texas Tech visit is the only one of this kind he expects to make.

His projection of a \$1,065 billion Gross National Product in 1971 is probably the most talked about concept in economics today. The prediction is about \$25 billion higher than any other.

Laffer, an associate professor of economics on leave from the University of Chicago, is top adviser to OMB Director George Shultz and is consultant to President Nixon's Council of Economic Advisers. He is considered responsible to a great degree for a shift in the Administration's economic viewpoint--with the result that government is expected to play a direct role in manipulating the economy.

His unusual model of the U.S. economy ignores tradition and uses only four indicators of the national economy. One is the level of federal spending. Two others are interest rates and stock prices. The fourth is the rate at which the Federal Reserve allows the nation's money supply to expand.

Approximately 200 persons from Texas and surrounding states are expected to attend the lecture.

## FOR SALE

The Department of Geosciences has for sale "as is, where is" one 1959 Dodge Town Wagon, Texas Tech University Inventory Number 69227. This unit may be seen by contacting Dr. W. D. Miller, chairman, Geosciences Department, phone 2-7283. Please send your sealed, identified-on-the-envelope bid to the Purchasing Office no later than June 17.

## CORDRY COLLECTION EXHIBITED AT MUSEUM

Forty-five Mexican Indian costumes from the unique Cordry collection of Texas Tech University are on display at The Museum of Texas Tech for the first time in Lubbock. The exhibit depicts the life of the Indian communities as well as the intricate weaving, embroidery and unusual fashion design.

The collection was acquired in 1969, and a few of the costumes were displayed for the opening of the new museum building in 1970.

The current exhibit, which will run until Sept. 12, represents an ancient way of life which is disappearing in Mexico with the ready availability of cheap fabrics.

The unusual collection was made over a period of 30 years by Donald and Dorothy Cordry who traveled by car, jeep, horseback, oxcart, horse and wagon, boat, dugout, airplane and on foot to acquire a total of 65 complete costumes and 3,500 photographs, 500 of them in color.

## FOUNDATION DEPOSITS

The Office of Development solicits the assistance of campus departments which forward checks for deposit through the Texas Tech University Foundation.

Checks should be made payable to the *Texas Tech University Foundation*. If the check is made payable to the particular name or office other than the Foundation, it must be endorsed in that name and then endorsed: *Pay to Texas Tech University Foundation*. For proper handling, the account name and number should be indicated in the lower left portion of the check or on a note clipped to the check.

## PARTICIPANTS

Dr. S. P. Yang, chairman, and Margarette Harden, instructor, of the Department of Food and Nutrition, will be among 2,000 participants in the Western Hemisphere Nutrition Congress III, Aug. 30-Sept. 2, in Miami Beach, Fla. They were awarded travel grants from the Congress to assure their participation.

## WORKSHOPS, SHORT COURSES, FIELD TRIPS

Workshops, field trips and short courses in area ranging from feedlot management to dance are offered by university departments during both summer terms. Most are listed on pages 18-24 of the Summer Catalog. They include:

Already underway--a short course in Thermal Environmental Engineering, a Workshop in Home and Family Life for School Nurses, an Archaeological Field School in southeastern Colorado and northeastern New Mexico, undergraduate and graduate courses for kindergarten certification, graduate courses for specialization in reading and a short courses in special education to aid children with minimal brain dysfunction in perceptual-motor functioning:

Beginning June 7--three short courses primarily for teachers of agricultural education in feedlot management, agricultural chemicals and meat processing, an Art Education Workshop, an Elementary Music Workshop, a workshop on the Relations between Nutrition and Diseases, and an International Folk Dance Workshop:

Also--beginning June 14, a Piano Workshop and beginning June 21, a School Business Services Workshop, a workshop on Nutrition and the Adolescent, and a special education workshop on psychological, sociological and educational implications of minimal brain dysfunction.

The eighth annual Summer Cheerleading School will begin June 26. On June 28, a workshop on Nutrition and Gerontology begins.

## LECTURE TAPES

University Speakers Series lectures, beginning with the 1970-71 group, will be available for future use in the Texas Tech Library. Col. Haynes Baumgardner, chairman for the 1970-71 series, said that KCBT Radio is cooperating to begin the project to develop a collection of all future lectures. Facilities in the proposed Library addition, he said, are expected to include listening posts which will increase the value of recorded material.

## TICKET SALES MOVING FAST FOR COACHES ALL AMERICA GAME

Some of the best seats in the stadium, plenty of good ones, and lots of end zone seats still are available for the Coaches All America Game to be played June 26 in Jones Stadium.

Ticket sales a month before the kickoff were well over the 1970 sales with 6,304 more sold and \$32,411 more deposited. Proceeds benefit Lions International District 2T-2 through 63 service clubs.

Sales figures are expected to go up today at a report meeting at KoKo Palace at noon. Coach Ben Martin of the U.S. Air Force Academy is billed as the featured speaker, and at future report meetings the Mayor's General Ticket Sales Committee has scheduled as speakers Earl Edwards, president of the American Football Coaches Association and head coach for North Carolina State University, and Charles McClendon, All America Game East Team head coach and coach at Louisiana State University.

The game was played to a sellout crowd of 42,150 fans in 1970, and Athletic Ticket Manager Ruth Sturtz said a packed stadium is in sight for the 1971 game. Particularly good seats are available on the east side of the stadium, she said, and because it is a night game all plays will be equally visible from both east and west sides.

Tickets sell for \$7 for sideline seats, \$3 for the south end zone, \$2.50 for adults in the north end zone and \$1 for children in the north end zone. All but the \$1 tickets can be purchased from the Athletic Ticket Office. Furr's Family Center has purchased all 3,919 tickets for the \$1 seats and will handle those sales.

To write for tickets make checks payable to: All America Game. For mail orders send the money plus 50 cents for handling and mailing to the Athletic Ticket Office, Box 4199, Lubbock, Texas 79409.

**FALL SEMESTER 1971**

AUG. 24 Fall semester begins. Residence halls open 10 a.m.  
 AUG. 25-28 Wednesday-Saturday noon, Registration.  
 AUG. 30 Classes begin, 7:30 a.m.  
 SEPT. 6 Labor Day, day of no classes.  
 OCT. 9 Dad's Day  
 OCT. 30 Homecoming  
 NOV. 24 Classes dismissed for Thanksgiving Holidays, 12:30 p.m.  
 NOV. 29 Classes resume, 7:30 a.m.  
 DEC. 13-20 Final examinations for fall semester.  
 DEC. 21 Residence halls close, 10 a.m. Fall semester ends.  
 DEC. 27 Final grade reports due in the Registrar's Office.

**SPRING SEMESTER 1972**

JAN. 11 Spring semester begins. Residence halls open, 10 a.m.  
 JAN. 12-15 Wednesday-Saturday noon, Registration.

JAN. 17 Classes begin, 7:30 a.m.  
 MAR. 12 All-University Recognition Service  
 MAR. 25 Classes dismissed for Spring Vacation, 12:30 p.m.  
 APR. 3 Classes resume, 7:30 a.m.  
 MAY 1-8 Final examinations for the spring semester.  
 MAY 9 Residence halls close, 10 a.m.  
 MAY 10 Final grade reports due in the Registrar's Office.  
 MAY 13 Commencement exercises, 8 p.m. Spring semester ends.

**SUMMER SESSION 1972**

MAY 29 First summer term begins  
 JULY 8 First summer term ends.  
 JULY 10 Second summer term begins.  
 AUG. 19 Second summer term ends.

**FALL SEMESTER 1972**

AUG. 22 Fall semester begins.

**REPERTORY THEATER  
PRESENTS 3 PLAYS**

Texas Tech University's Summer Repertory Theater will present three plays successively, June 25-July 6, starting with "Oh What a Lovely War." The second play will be "Pygmalion," and the third, "A Thousand Clowns."

The plays will be presented at 8:15 p.m. nightly in the University Theater. Tickets are \$2 for adults and \$1.25 for students with special season tickets selling for \$5 for the general public and \$2.50 for students. Season tickets provide one admission to each of the three plays. Reservations may be made by calling the University Theater Box office, 2-2153.

Dale E. Miller of the Department of Theater, Northwestern University, will direct "Oh What a Lovely War." Dr. William Allin Storrer, chairman of the Department of Theater and Film, Southampton College, Long Island University, will direct "Pygmalion," opening June 26, and Ronald Schulz, director of theater at Texas Tech, will direct "A Thousand Clowns" which opens June 27.

**EXHIBITS**

With this issue, FYI begins a column listing exhibits on campus. All segments of the university are invited to send listings for the column to FYI, Office of Information Services. The title, place and dates of the exhibit should be included.

**CORDRY COLLECTION**, The Museum of Texas Tech University, May 1-Sept. 12. 45 costumes made by Mexican Indians and collected by Donald and Dorothy Cordry.

**ELECTRICAL ENGINEERING  
VISITING PROFESSORS**

Three internationally recognized authorities in plasma research will make professional visits this year to the Department of Electrical Engineering.

Dr. Susumu Takeda, professor in the Department of Electrical Engineering, Nagoya University in Japan, will serve as research professor in the Plasma Laboratory at Texas Tech July 14-Aug. 14. Arriving Aug. 24 for a year-long stay as visiting professor in the department will be Dr. Arndt Eberhagen, senior scientist, Institut fur Plasmaphysik, Garching, Germany. Dr. Charles Watson-Munro, professor in the Wills Plasma Physics Department, School of Physics, University of Sydney in Australia, will hold the position of National Science Foundation Senior Foreign Visiting Scientist in the Plasma Laboratory Sept. 14-May 14.

**CALENDAR**

JUNE 4 Arthur Laffer, lecture, 202 Business Administration Building, 10:30 a.m.  
 "The Bobo," University Center, 8 p.m.  
 JUNE 5 "Puzzle of the Universe," Moody Planetarium, 3 p.m.  
 JUNE 6 "Puzzle of the Universe," Moody Planetarium, 3 p.m.  
 JUNE 7 Art Education Workshop begins (ending June 25) Room 201, Architecture Building, 9 a.m.-12 noon daily  
 International Folk Dance Workshop begins (ending June 11) Women's Gym, 1-5 p.m. daily  
 Elementary Music Workshop begins (ending June 25) Room 1, Music Building, 9 a.m.-3 p.m. daily  
 Relations between Nutrition and Diseases Workshop begins (ending June 18) Room 273, Home Economics Building, 9 a.m.-12 noon daily

Feedlot Management Workshop begins (ending June 25) Room 264, Business Administration Building, 8 a.m.-5 p.m. daily  
 Agricultural Chemicals Workshop begins (ending June 25) Room 115, Plant Sciences, 8 a.m.-5 p.m. daily  
 Meat Processing Workshop, Meat Processing Laboratory, 8 a.m.-5 p.m. daily  
 "Spencer's Mountain," University Center, 8 p.m.  
 JUNE 11 "Puzzle of the Universe," Moody Planetarium, 3 p.m.  
 JUNE 12 "Puzzle of the Universe," Moody Planetarium, 3 p.m.  
 JUNE 13 Piano Workshop begins (ending June 22) X-92D, 9:30 a.m.-3:30 p.m. daily with evening recitals  
 JUNE 14 "I Love You Alice B. Toklas," University Center, 8 p.m.

## 27 BY-LAWS PROPOSED FOR FACULTY COUNCIL CHARTER

An open hearing on 27 proposed by-laws for the present Faculty Council Charter was proposed by the Executive Committee of the Faculty Council at its June 9 meeting. The hearing is to be conducted in the fall.

The Academic Status Committee reported to the Executive Committee that the "present Faculty Council - Executive Committee structure is essentially sound" and that the by-laws would make the existing structure more effective. Dr. Maurice Kirk made the report.

After considerable discussion, Executive Committeemen voted to return the report to the Academic Status Committee for further consideration and with the recommendation that an open hearing be held on the report to give ample opportunity for questions to be answered. The Executive Committee said also that it would like the report returned to it for formal presentation at the 1971 fall Faculty Council meeting.

The Executive Committee also discussed parking problems. Dr. Eric Bolen commended the report of the Traffic and Parking Advisory Committee which was made to Executive Vice President Glenn Barnett, and he reviewed for Executive Committee members some of the recommendations. These included new, self-financing parking facilities, consideration of bicycle pathways and a concern for pedestrian safety in areas near the University Center.

Attending the meeting as guests were committee members who have been elected to serve, starting in September.

## BRIEF LOOK AT TECH, CAMPUS MAPS AVAILABLE

Two useful brochures, "A Brief Look at Texas Tech" and the "Texas Tech University Campus Guide," are available in quantity and free from the Office of Information Services.

The "Brief Look" is a statistical view of the university. The "Campus Guide" includes a fold-out map of approximately 10x22 inches with an indexed locator for buildings. It includes pictures and short paragraphs describing highlights of the campus.

## UNIVERSITY ACQUIRES KIMBLE COUNTY PROPERTY

Texas Tech University gained a new facility last week when Gov. Preston Smith signed legislation transferring a 411-acre tract and facilities from Texas A&M University to the Lubbock institution.

The facility, near Junction, is known as the Texas A&M Adjunct property. It is located on the South Fork of the Llano River. The transfer will become effective Sept. 1.

Inspecting the facility April 29-30, prior to passage of the transfer bill by the 1971 Legislature, were: Dr. Glenn E. Barnett, executive vice president; Dr. S. M. Kennedy, vice president for Academic Affairs; Dr. J. Wayland Bennett, assistant vice president for Academic Affairs; G. C. Gardner, Jr., vice president for Financial Affairs, and Carlton Dodson, legal counsel for the university.

## ENROLLMENT HITS NEW RECORD

An audited enrollment of 8,260 students for the first summer term marked an increase of 388 over the 1970 first summer term enrollment of 7,872.

The enrollment figure was above that of the fall semester in 1956 when 8,055 students registered. That figure, too, was a record for a fall term. The official enrollment for fall, 1970, was 20,008.

## TWAYNE PUBLISHES CISMARU VOLUME

Prof. Alfred Cismaru of the romance languages faculty is the author of a new book, *Marquerite Duras*, included in Twayne's World Author Series by Twayne Publishers, New York. Dr. Cismaru said he has attempted "to connect the two inspirational veins" of the prominent French anti-novelist and playwright. Her earlier books have been compared with American-type fiction of pre- and post-World War II, and her more recent publications contain aspects traditionally linked with the new novel. Cismaru spent two years studying Duras' published and unpublished texts in preparation for writing the book.

## PARK ADMINISTRATION AND AMISTAD RESERVOIR

Amistad Reservoir, just up river on the Rio Grande from Del Rio, is the only reservoir in Texas for which a zoning authority has been established. The responsibility for zoning so that the greatest number of people can enjoy the most benefits from the man-made lake rests with Val Verde County.

As remote as it might appear, Texas Tech University - through its park administration faculty - deserves some credit for the law establishing the authority. The law was passed by the 1971 Legislature.

Working on the project were John M. Gosdin, instructor and research associate in park administration, Asst. Prof. Arthur Glick and graduate student Leonard Winstead. Gosdin was project leader.

They began research last June and established desirable boundaries for the authority they proposed. These are essentially the same as the boundaries written into law.

The team held several meetings in Del Rio, outlining advantages of zoning to land owners, county officials and other interested people. A presentation also was made to legislators when the proposed law was being considered.

Chairman Elo J. Urbanovsky of the Department of Park Administration, Horticulture and Entomology explained that zoning is a mechanism to regulate land use for public health, welfare and compatible utilization. When trouble over land use arises, he explained, the local government is held responsible, and it is only reasonable that zoning authority be granted to prevent later difficulties.

## FOLDERS AVAILABLE

Gold paper folders, embossed with "Texas Tech University," are available at 16 cents each at Tech Press. The folders are for use in packaging materials of the type used in workshops, seminars, symposiums and short courses. The folders can be furnished in quantity within two or three hours of the order.

DON'T FORGET... TICKETS FOR THE COACHES ALL AMERICA FOOTBALL GAME.

## CALENDAR

JUNE 17	Future Homemakers Leadership Conference, University Center, registration, 7 a.m. Lord Bill Barnes Trio, University Center, 8 p.m.	Summer Music Camp (precollege), Orchestra, begins (ending July 9) Room 1, Music Building, 8 a.m.-5 p.m. daily
JUNE 18	"I Love You Alice B. Toklas," University Center, 8 p.m. FHA, University Center, all day	"Oh What a Lovely War," University Theater, 8:15 p.m.
JUNE 19	"Puzzle of the Universe," Moody Planetarium, 3 p.m.	JUNE 29 "Pygmalion," University Theater, 8:15 p.m.
JUNE 20	"Puzzle of the Universe," Moody Planetarium, 3 p.m.	JUNE 30 "A Thousand Clowns," University Theater, 8:15 p.m.
JUNE 21	Nutrition and the Adolescent Workshop begins (ending June 25, Room 272, Home Economics Building, 8 a.m.-12 noon daily Minimal Brain Dysfunction in Children and Youth Short Course begins (ending July 10), Room 317, Administration Building, 1-4 p.m. daily Perceptual Motor Development of Children with Minimal Brain Dysfunction Short Course begins (ending July 10) Room 325, Administration Building, 1-4 p.m. daily Emotionally Disturbed Children and Youth Short Course begins (ending July 10), Room 265 Administration Building, 1-4 p.m. daily	JULY 1 "Oh What a Lovely War," University Theater, 8:15 p.m.
JUNE 22	Tom and Billy, University Center, 7:30 p.m.	JULY 2 "Duffy," University Center, 8 p.m. "Pygmalion," University Theater, 8:15 p.m.
JUNE 23	School Business Services Workshop, University Center, begins 8 a.m.	JULY 3 "Mars, the Red Planet," Moody Planetarium, 3 p.m. "A Thousand Clowns," University Theater, 8:15 p.m.
JUNE 24	School Business Services Workshop, University Center, ends 12 noon	JULY 4 "Mars, the Red Planet," Moody Planetarium, 3 p.m. "Oh What a Lovely War," University Theater, 8:15 p.m.
JUNE 25	"Oh What a Lovely War," University Theater, 8:15 p.m.	JULY 5 World Nutrition Workshop begins (ending July 9), Room 272, Home Economics Building, 1-4 p.m. daily Observation Systems in Home Economics Education Workshop begins (ending July 9), Room 2, Home Economics Building, 9 a.m.-12 noon daily "Pygmalion," University Theater, 8:15 p.m.
JUNE 26	Summer Cheerleading School begins (ending July 1), Intramural Gym, 8-11:30 a.m., 6:30-10 p.m. "Puzzle of the Universe," Moody Planetarium, 3 p.m. "Pygmalion," University Theater, 8:15 p.m.	JULY 6 "A Thousand Clowns," University Theater, 8:15 p.m.
JUNE 27	"Puzzle of the Universe," Moody Planetarium, 3 p.m. "A Thousand Clowns," University Theater, 8:15 p.m.	JULY 7 Beef Cattle Workshop, Meat Processing Laboratory, 8 a.m.-5 p.m.
JUNE 28	Nutrition and Gerontology Workshop begins (ending July 2), Room 272, Home Economics Building, 9 a.m.-12 noon daily	JULY 8 Final Examinations Swine Conference, University Center, 8:30 a.m., Banquet, 7 p.m.
		JULY 9 Final examinations
		JULY 10 First summer term ends Midsummer Meeting, Executive Committee, Dads Association, University Center, 9 a.m. "Mars, the Red Planet," Moody Planetarium, 3 p.m.

## EXHIBITS

**CORDRY COLLECTION,** The Museum of Texas Tech University, May 1 - Sept. 12. 45 costumes made by Mexican Indians and collected by Donald and Dorothy Cordry.

**PATRIOTIC FLAG DAY EXHIBIT,** Library Foyer, through June 21, Flags and patriotic literature.

**STUDENT ART EXHIBIT,** University Center, through July 1. Prints, watercolors and other art executed by Texas Tech University students.

# For Your Information

A Newsletter to the Faculty and Staff of the TEXAS TECH UNIVERSITY COMPLEX

*Published the first and third Wednesdays of each month by the Office of Information Services, 220 Administration Building. Special editions published when required. Items should be submitted before 9 a.m. on the Friday preceding the week of publication.*

VOL. 2, NO. 3, JULY 7, 1971

## LAW SCHOOL DESCRIBED AS "ONE OF BEST"

Prof. Frank E. Maloney, visiting professor in the School of Law during the first summer term, described the Texas Tech facility as "one of the best physical plants of any law school in the nation."

Prof. Maloney, a member of the faculty of the University of Florida and former dean of that institution's law school, said that he had visited many of the nation's best law schools when he served on the planning commission for the Florida law school. The Texas Tech school, he said, has "clearly one of the best designed buildings."

He predicted for the school, also, an academic future equally outstanding. Prof. Maloney taught a course in environmental law during the first summer term.

## FACULTY, INDUSTRIAL SCIENTISTS' OPPORTUNITIES

The National Science Foundation announced June 16 that it will consider favorably requests in research proposals for summer salary support for college faculty members. This is in recognition of the fact that small colleges have faculty with the ability and motivation to conduct scientific research but without research facilities on their own campuses.

The Foundation said it hopes also to increase the number of industrial scientists participating in research projects. Scientists who obtain leave from their companies are eligible to participate in scientific research at academic institutions as post doctoral research associates, the announcement said. The NSF recommends that its funds be augmented by asking the industrial employer to pay part of the salary for these participants.

For additional information write to the Assistant Director of Research, National Science Foundation, Washington, D. C. 20550.

## STUDENT LIFE OFFICE MOVE

Student Life offices have been moved, some within the Administration Building and others to the second floor of West Hall.

Dean Lewis N. Jones, Assistant Dean for Administration George Scott Jr., and Student Life Advisers Fred Janzen, Max Volcansek, Donna Densford and Virginia Duvall have moved temporarily to rooms formerly occupied by the Graduate School on the second floor of the Administration building. These offices are expected to be moved later to permanent quarters on the same floor. Dean Jones' office is Room 204. Other offices are entered through Room 251.

The offices of Assistant Dean of Students for Programs William H. Duvall, Director Robert Burnett of International Student Services, and Adviser for Student Organizations Jane Terry are in West Hall.

Telephone numbers as listed in the campus directory remain the same.

## MAYER-OAKES NAMED TO ANTHROPOLOGY FACULTY

Dr. William J. Mayer-Oakes has been appointed professor of anthropology at Texas Tech University. A request is now before the Coordinating Board, Texas College and University System, to establish a department of anthropology at Texas Tech.

Dr. Mayer-Oakes served from 1962 to 1971 as head of the Department of Anthropology at the University of Manitoba. He recently was elected to a two-year term of office as a member of the 12-man council of the American Quaternary Association.

During May and June of this year, Dr. Mayer-Oakes has been carrying out the initial stages of a major program of quaternary research in the highlands of Ecuador. The first project is excavation of the San Jose site, probably first inhabited as early as 15,000 to 16,000 B.C.

Dr. Mayer-Oakes--as well as the newly named chairmen of the Department of Biology, Dr. Ray C. Jackson, and the chairman of the Department of Government, Dr. Jack Hopkins--is scheduled to begin his duties at Texas Tech at the start of the second summer term.

## FINANCIAL OFFICES MOVE TO NEW AREA

Three departments within the Office of the Comptroller and Treasurer have moved to new quarters in the Administration Building. The Office of Accounts Payable is Room 160; Travel is 158; and Loan and Insufficient Fund Check Collections is Room 156.

Leo Ells said the remaining departments in his office, and the Purchasing and Contracting Office and the purchasing agent will be moved at a later date to quarters now being renovated on the west wing of the first floor of the Administration Building.

## INTERNATIONAL STUDENT HOST FAMILY PROGRAM

Host families for international students enrolled at Texas Tech are needed. The Coordinating Board for International Student Affairs asks that interested faculty and staff contact Mrs. Bill Fisher (799-2684) or Mrs. Tom Kingery (792-8022), co-chairmen of the Host Family Program.

A general orientation will be held on campus in late August to fully acquaint participating families with the program and to bring them together with other families and students.

Director Robert Burnett of International Student Services said that early notice of a willingness to participate is important so that host families can meet students as they arrive in Lubbock and help them become acquainted with their new surroundings.

## TELEPHONE DIRECTORY DEADLINE: LISTS NEEDED

Listings for the 1971-72 campus telephone directory are now being compiled by the Office of Information Services.

In the interest of accuracy, check lists containing the names and telephone numbers of faculty and staff members whose cards had been received have been distributed to deans and department heads for revisions and additions. Whether correct as received or with necessary corrections, these lists are to be returned to Information Services.

The correct list, together with a completed information card for each addition to faculty or staff, should be returned to Room 220, Administration Building, no later than July 15.

## DEADLINE FOR ENTRIES IN SPEAKERS BUREAU

Texas Tech University's Speakers Bureau will renew operations in the fall, reorganized to offer a more effective public service.

A brochure is being prepared. The deadline for entering the names of speakers and the topics on which they will speak is July 9. The names, with topics, should be sent to the Speakers Bureau, Office of Information Services, Campus. Faculty and staff are invited to participate, and topics on which student speakers are available also will be listed in the brochure. The publication will be distributed to several hundred organizations in 68 communities in West Texas and eastern New Mexico.

Requesting organizations will be asked to pay 10 cents per mile for out-of-town travel plus food, lodging or other travel expenses. Arrangements for honorariums, if applicable, will be negotiated directly between the requesting organization and the speaker and must be agreed upon in advance of the engagement.

Participating organizations will be asked to request speakers through the Office of Information Services which will schedule the speaker and confirm the engagement with the speaker and the requesting organization. The organization will be provided a biographical sketch and photograph of the speaker for publicity and introduction purposes. A reminder will be sent to the speaker just prior to the engagement.

## DEADLINE IS AUG. 1 FOR EPDA PROGRAMS

The Graduate School has announced it has available a new booklet with instructions and application forms for higher education personnel training programs for 1972-73.

The booklet provides information on fellowship, institute and short term training programs offered under Part E of the Education Professions Development Act (EPDA).

Application deadline is Aug. 1, 1971.

## EXHIBITS

**CORDRY COLLECTION**, The Museum of Texas Tech University, through Sept. 12. 45 costumes made by Mexican Indians and collected by Donald and Dorothy Cordry.

**STUDENT ART**, University Center, through July 11. Prints, watercolors and other art executed by Texas Tech University students

**COSTUME SKETCHES**, University Center, through July 11, drawings of costumes designed for the university's Summer Repertory Theater

**MODELS OF ARCHITECTURAL THESIS DESIGNS**, Room 101,

Architecture Building, through July 31

**BENEFITS FROM SPACE**, The Museum of Texas Tech University, July 21-Aug. 31, sponsored by the National Aeronautics and Space Administration, emphasizing benefits from space research and including a command module exhibit

**ART STUDENTS' SUMMER WORK**, main hall, Art Building, changing at two week intervals throughout the summer, including classwork performed under the direction of Profs. Paul Hanna, Hugh Gibbons and Robert Fainter

## FOR SALE

The Department of Geosciences has for sale "as is, where is" these two (2) items:

One (1) Saw, Electric  
102N Powercraft 2802,  
Texas Tech Inventory  
No. 96240

One (1) Jointer Atlas  
Electric Saw 015950,  
Texas Tech Inventory  
No. 68927.

These items may be seen by contacting Dr. W. D. Miller, Chairman, Geosciences Department, phone 742-7283. Please send your sealed, identified-on-the-envelope bid to the Purchasing Office no later than July 15, 1971.

## CALENDAR

**JULY 7** Beef Cattle Workshop, Meat Processing Laboratory, 8 a.m.-5 p.m.

**JULY 8** Final Examinations  
Swine Conference, University Center, 8:30 a.m., Banquet, 7 p.m.

**JULY 9** Final examinations

**JULY 10** First summer term ends  
Midsummer Meeting, Executive Committee, Dads Association, University Center, 9 a.m.  
"Mars, the Red Planet," Moody Planetarium, 3 p.m.

**JULY 11** "Mars, the Red Planet," Moody Planetarium, 3 p.m.  
Residence halls open to new occupants, 10 a.m.  
Photojournalism Workshop begins (ending July 16), registration, 2-5 p.m., sessions Photo Laboratory, Journalism Building, 8:30 a.m.-5 p.m. daily  
Summer Music Camp (pre-college) band, begins (ending July 24), registration, 9 a.m.-3 p.m., sessions Music Building, 8 a.m.-5 p.m. daily

**JULY 12** First term final grade reports due in registrar's office  
Registration, Coliseum, 7:30 a.m.-6 p.m.  
Anthropological Institute in Mexico begins (ending Aug. 21), Queretaro, Mex.  
Food Demonstration Workshop begins (ending July 23) Room 167, Home Economics Building, 1-4 p.m. daily  
Cultural Aspects of Food Workshop begins (ending July 30) Room 275, Home Economics Building, 9 a.m.-12 noon daily  
Reaching the Disadvantaged Workshop begins (ending July 16), Room 262, Home Economics Building, 1-4 p.m. daily  
Coordinated Vocational Academic Education Short Course begins (ending July 30), Home Economics Building, Room 272, 9 a.m.-12 noon and Room 105, 1-4 p.m. daily  
Child Development Workshop begins (ending July 30), Room 159, Home Economics Building, 9 a.m.-12 noon daily  
Western Electric Engineering Short Course begins (ending Aug. 6), Room 103, Industrial Engineering, 7:30 a.m.-6 p.m.

**JULY 13** Family Relations Workshop for Nursing Home Personnel begins (ending July 30), Room 201, Home Economics Building 8-11 a.m. daily  
Home Management Workshop begins (ending July 30), Room 105, Home Economics Building, 9 a.m.-12 noon daily  
Classes begin, 7:20 a.m.  
Field Course in Mexico, 1971, registrants depart (course ending Aug. 21), San Luis Potosi, Mexico  
Special Education Short Course - psychological, sociological and educational implications of exceptionality - begins (ending July 27) Room 262, Administration Building, 1-4 p.m. daily

**JULY 14** Advanced Workshop in Secondary Education begins (ending Aug. 4), Room 165, Business Administration Building, 1-4 p.m. daily  
Speech and Hearing Summer Institute begins (ending Aug. 18), Speech and Hearing Clinic and X-51, 9 a.m.-3:30 p.m. daily

**JULY 15** Directing School Speech Activities Workshop begins (ending Aug. 2) Laboratory Theater, Speech Building, 10:30-4 p.m. daily  
Directing School Theater Activities Workshop begins (ending Aug. 2) University Theater, lectures 10:40 a.m. daily, afternoon and evening sessions

**JULY 16** "Whatever Happened to Baby Jane," University Center 8 p.m.  
High School Theater Workshop begins (ending July 29) University Theater, lectures 10:40 a.m. daily, afternoon and evening sessions

**JULY 17** "Mars, the Red Planet," Moody Planetarium, 3 p.m.  
Summer Band Camp Concert, University Center, 4 p.m.

**JULY 18** "Mars, the Red Planet," Moody Planetarium, 3 p.m.  
Photojournalism Workshop begins (ending July 23), registration, 2-5 p.m., sessions Photo Laboratory, Journalism Building, 8:30 a.m.-5 p.m. daily  
High School Forensics Workshop begins (ending July 31) Laboratory Theater, Speech Building, 10:30 a.m.-4 p.m. daily

VOL. 2, NO. 4, JULY 21, 1971

## POSTING OF GRADES POLICY IS CHANGED

The public posting of students' grades at Texas Tech University has been abandoned by a unanimous vote of the Council of Deans which considered two major factors:

1) Recent court decisions make institutions responsible for maintaining the confidentiality of student records. A recent state law re-emphasizes this responsibility. The deans agreed that it was something of a paradox to require the presentation of an ID card and a signature to get grade reports from the Office of the Registrar and then allow the posting of grades indiscriminately on walls and doors.

2) The new college calendar provides ample time between every semester except the two summer terms for students to obtain grades before making final decisions on additional coursework. Instructors have been asked to make a special effort to make a grade available with all reasonable speed if it is an important factor in the student's registration.

Grade report sheets are maintained

## HISTORY NEWSLETTER

The Department of History has issued its 1971 *Newsletter*, the second of the informative eight-page publications. A note of special interest in the current issue relates to Dr. Charles Dudley Eaves, professor emeritus, who was a member of the history faculty from 1925 to August 1959.

Dr. Eaves, now living in El Paso, organized Texas Tech's first course on western civilization. While on the Tech faculty he continued his graduate work at the University of Texas and was awarded his doctoral degree there in 1943. His dissertation topic and the subject for several articles he wrote was a study of the colonization activities of C.W. Post.

Dr. Ernest Wallace, Horn professor of history, is *Newsletter* editor.

## NASA SHOW OPENS AT THE MUSEUM

Transportation safety, new materials, health and medicine, communications and new production methods are some of the "spin-offs" of the American space program which will be emphasized in a new exhibit at The Museum of Texas Tech University.

"Benefits from Space" is an exhibit sponsored by the National Aeronautics and Space Administration. It will continue into the fall. A command module exhibit and a model of an Apollo spacecraft, both one-third scale, are included in the NASA display.

## STENOGRAPHIC BUREAU, ADDRESSOGRAPH MOVE

The new location for the Stenographic Bureau and Addressograph is the east wing of West Hall, south of the post office. The move from the Social Sciences Building was to be accomplished this week. Telephone numbers remain unchanged.

in departmental offices, and students can obtain grades there. Also, instructors' office hours make it possible for students to make direct inquiries. Deans have encouraged instructors to announce to classes that the use of a mailing piece will be handled promptly if the student needs his grade at the earliest possible time.

The council made the decision at its July 6 meeting, after intermittent discussions over a period of several months.

## NO PARKING

Canton Street, between 15th and 16th streets east of the Plant Science Building, has been redesignated a *No Parking* area. *Visitor Parking* signs have been removed, and the street is to remain clear of parked vehicles, according to an announcement from the Office of the Traffic and Parking Counselor.

## TRIP TO "TEXAS" PLANNED BY TEENS

A special chartered bus excursion to see "Texas" in the Palo Duro Canyon amphitheater Friday, July 30, is being sponsored by the Teen Aides of The Museum of Texas Tech University. Participants will take a box lunch and board the bus at 5:15 p.m. at The Museum.

The trip includes round-trip transportation, cold soft drinks, a bus tour of the canyon and a reserved seat for the musical production, now in its sixth season.

The cost for teenagers is \$8; for members of the West Texas Museum Association and guests (limit two per member), \$8.50 each; and for non-members who are not guests of the association, \$10.

## ATHLETES SCORE HIGH IN CLASSROOMS

Texas Tech athletes score high in the classroom as well as on the field. Their overall grade point average last semester was 2.43, and two earned 4.0 GPAs.

Dickie Ingram, Red Raider sophomore kicking specialist and finance major from Amarillo, made a 4.0. Bobby Lewis, Lubbock freshman pre-med major and outfielder on the baseball team, earned a 4.0 both semesters of his freshman year. Student trainer Gregg Blake, also a pre-med major, was another 4.0 student last semester.

Overall average for all teams was 2.43. Making 3.0 or better were 36 football players, 4 baseball and 4 basketball players, 3 golfers, 8 swimmers, 2 tennis players and 2 track men. Eleven made between 3.6 and 3.9.

The tennis team made the highest overall average with 2.51. The football team was second with 2.50 and other team GPA averages were: track, 2.47; swimming, 2.36; baseball and basketball, 2.27.

Athletic Academic Counselor James Riffle compiled the figures.

## FRESHMEN ON CAMPUS FOR ORIENTATION

As many as 3,500 to 4,000 freshmen are expected to pre-register during six two-day summer conferences for academic advisement, orientation and early registration at Texas Tech. There were 688 scheduled for the first orientation conference which began Monday, July 19.

Dr. William H. Duvall, assistant dean of students for programs, said that 3,450 registered early last year, and "it looks as though we'll go well over that number this year." By Friday, (July 16) 3,117 freshmen had signed up to attend the summer conferences.

Parents as well as students are invited to the conferences scheduled for July 19-20, 22-23, 26-27, 29-30 and Aug. 2-3 and 5-6.

## GRADUATE SCHOOL DEAN BEGINS NEW DUTIES

Dr. J. Knox Jones Jr., whose appointment as dean of the Graduate School of Texas Tech was announced last July, has assumed his new duties in the Graduate School offices on the second floor of the old Museum Building.

Dr. Jones formerly was professor of systematics and ecology and associate director of the Museum of Natural History at the University of Kansas. His research interests are in systematics, biogeography and natural history of North American and East Asian mammals.

## ALLEN ATTENDS INSTITUTE

Dr. Archie C. Allen of Tech's biology faculty was one of 30 participants in a June Population Biology Institute at the University of Houston. The conference considered the latest research in population genetics, population ecology and evolution as well as the problem of synthesizing the major concepts of population biology.

## LINGUISTICS PUBLICATION

Dr. William Patterson of the classical and romance languages faculty is the author of an article in *Festschrift Martinet*, a three-volume work dedicated to Dr. Andre Martinet, professor of linguistics at the Sorbonne, on the occasion of his sixtieth birthday. The work deals with general linguistics and romance linguistics. Patterson's article, "On the Genealogical Structure of the Spanish Vocabulary," also has been published in the linguistics journal, *Word*.

## LUCHSINGER APPOINTED

Vincent P. Luchsinger, administrator of Graduate Studies, College of Business Administration, was sworn in June 18 as a member of the U.S. Army Scientific and Management Advisory Committee. A major thrust of the committee, Dr. Luchsinger said, will be "guidance on the organizational and behavioral implications of information systems" for the Army.

## EXHIBITS

**CORDRY COLLECTION**, The museum of Texas Tech University, through Sept. 12, 45 costumes made by Mexican Indians and collected by Donald and Dorothy Cordry

**STUDENT ART**, University Center, prints, watercolors and other art executed by Texas Tech University students

**COSTUME SKETCHES**, University Center, drawings of costumes designed for the university's Summer Repertory Theatre

**MODELS OF ARCHITECTURAL THESIS DESIGNS**, Room 101, Architecture Building, through July 31

**BENEFITS FROM SPACE**, The Museum of Texas Tech University, opening July 21, sponsored by the National Aeronautics and Space Administration, emphasizing benefits from space research and including a command module exhibit

**ART STUDENTS' SUMMER WORK**, main hall, Art Building, changing at two-week intervals throughout the summer and including classwork performed under the direction of Profs. Paul Hanna, Hugh Gibbons and Robert Fainter

## MAIL OFFICES MOVE

The U.S. Post Office for the campus and the Campus Mail Room were moved last weekend from the Administration Building to the east wing of West Hall. Ten-minute parking is provided at the new location between the east and west wings of West Hall. Post office hours are from 8:30 a.m. to 5 p.m. Monday through Friday and from 8 a.m. to 12 noon Saturday. The Campus Mail Room is open 8 a.m. to 12 noon and 1-5 p.m. Monday through Friday.

## WAGES APPOINTED JUDGE

Dr. Jack D. Wages of Texas Tech's Department of English has been appointed a regional judge for the National Council of Teachers of English Achievement Awards Program for 1971. With others on judging committees, he will evaluate the writing skills and literary awareness of high school students in their junior year. Approximately 7,000 students participate annually in the program.

## FELLOWSHIPS SUSPENDED

The Woodrow Wilson National Fellowship Foundation 1971-72 competition, for first-year fellowships to be held in 1972-73, has been cancelled.

Foundation Director H. Ronald Rouse said the decision to suspend the program temporarily was made by the Board of Trustees because the prospects of securing funds for support of a significant number of first-year graduate students in 1972-73 "are too uncertain" to warrant holding a competition.

The 305 winners of the last competition will be supported during 1971-72, however. Wilson Foundation programs to be continued in 1971-72 are the dissertation fellowships, the teaching and administrative internships, the graduate service for black veterans of the Martin Luther King Jr. Fellowships and the national humanities series.

## AUTHORS' NAMES SOUGHT

Friends of the Lubbock Public Library and the South Plains Writers Association, planning a Sept. 19 reception to honor local authors of books, ask writers who have not been invited to call Mrs. James A. Rushing, 795-0780.

The goal is a complete list of authors and of locally written books. Mrs. Rushing said; so it is important to call even if the author cannot attend the reception.

## CALENDAR

JULY 21	"Benefits from Space" NASA Exhibit opens at The Museum of Texas Tech University	AUG. 1	"Stone Henge," Moody Planetarium, 3 p.m.
JULY 22	"Mark Twain Tonight," John Chappell, University Center, 8 p.m. Freshman orientation, Murdough-Stangel Hall, 8 a.m.	AUG. 2	Freshman orientation, Murdough-Stangel Hall, 8 a.m.
JULY 23	"Days of Thrills and Laughter" (silent film clips with narration), University Center, 8 p.m. Summer Band Camp concert, University Center, 4 p.m. Freshman orientation	AUG. 3	Freshman orientation
JULY 24	"Mars, the Red Planet," Moody Planetarium, 3 p.m.	AUG. 5	Freshman orientation, Murdough-Stangel Hall, 8 a.m.
JULY 25	High School Newspaper-Yearbook-Photography Workshop begins (ending July 30) Journalism Building, 8:30 a.m.-5 p.m. daily "Mars, the Red Planet," Moody Planetarium, 3 p.m.	AUG. 6	Freshman orientation
JULY 26	Current Concepts in Food Protection Workshop begins (ending July 30), The Museum of Texas Tech University, all day Freshman orientation, Murdough-Stangel Hall, 8 a.m.	AUG. 7	"The Happening," University Center, 8 p.m.
JULY 27	Freshman orientation	AUG. 8	"Stone Henge," Moody Planetarium, 3 p.m.
JULY 28	Soil Conservation Service Texas Tech Workshop, University Center, 8:30 a.m.-5 p.m.	AUG. 9	Summer Music Camp (pre-college) chorus, begins (ending Aug. 15) Room 1, Music Building, 8 a.m.-5 p.m. daily
JULY 29	Soil Conservation Service Texas Tech Workshop, University Center, 8:30 a.m.-12 noon Freshman orientation, Murdough-Stangel Hall, 8 a.m.	AUG. 13	"Walk Don't Run," University Center, 8 p.m.
JULY 30	Freshman orientation "Texas" excursion bus to Palo Duro Canyon, boarding, The Museum, 5:15 p.m. "The Wrong Box," University Center, 8 p.m.	AUG. 14	"Stone Henge," Moody Planetarium, 3 p.m.

## ENGINEERING EDUCATORS SCHEDULE 1972 MEET AT TEXAS TECH UNIVERSITY

Between 3,500 and 4,000 delegates, and their families, are expected on the Texas Tech campus next summer for the annual meeting of the American Society for Engineering Education. Texas Tech's College of Engineering will host the meeting June 19-22.

Engineering Dean John R. Bradford is honorary chairman. Serving with him on the Executive Committee are General Chairman James H. Lawrence and Vice Chairman William D. Sandel. Planning has been underway for the past several months by committee chairmen, including:

Division A, Promotion and Public Information, Ernst W. Kiesling and with him, Richard A. Dudek, attendance and promotion; Gene H. Linn, publicity and press information, and Paul G. Griffith, publications and printing;

Division B, Registration, Housing, Meals and Parking, Louis J. Powers and with him, Charles L. Burford, registration and ticket sales; George A. Rhodes, housing and meals; George F. Meenaghan, banquets and luncheons; James R. McDonald, information center, and M. M. Ayoub, parking;

Division C, Hospitality and Entertainment, James E. Archer and with him, Lee J. Phillips, hospitality; Dan M. Wells, special visitors; Donald J. Helmers, transportation; Mrs. H. J. MacKenzie, women's program; Mrs. J. D. Jenkins, young people's program; and Darrell Vines, excursions and entertainment;

Division D, Program, Space and Services, Horace J. MacKenzie and with him, Jerry D. Ramsey, program sessions, and Brian K. Lambert, facilities and services;

Division E, Budget, Fiscal and Exhibits, Arnold J. Gully and with him, Duane P. Jordan, budget and finance; Philip A. Johnson, educational exhibits; W. L. Jenkins, paper distribution; Gerald S. Kirby, clerical assistance; John P. Craig, insurance, health and emergency services, and Joseph E. Minor, statistical reports and annual meeting reports.

## NEW OFFICE LOCATIONS

A directory of office locations which have shifted in the Administration Building and West Hall during the summer follows:

ADMINISTRATION BUILDING	ROOM	PHONE
Accounts Payable Section	158	3-3248
Auxiliary and Agency Accounting	162	3-3216
Cashier	166	3-3214
Comptroller and Treasurer	165	2-2196
Contracting and Purchasing	171	2-2126
Dean of Students	204	2-2293
Assistant Dean of Students for Administration	251	2-2291
Director of Accounting and Finance	163	2-2196
Educational and General Accounting	152	3-3296
Fiscal Control Section	167	3-3148
Internal Auditor	169	3-3148
Payroll (West Basement)	42	3-3211
Personnel (West Basement)	42	2-4101
Purchasing	142	2-2221
Research Accounting and Reporting	161	3-3218
Student Loans - Insufficient Check Collections	154	3-3297
Student Life Advisors	253	2-2291
Travel	156	2-5206
WEST HALL	ROOM	PHONE
Assistant Dean of Students for Programs	233	2-4163
Associate Vice President for Academic Affairs	122	2-2156
Campus Mail Room	145	3-3178
Interfraternity Council	233	2-4163
International Student Services	233	2-4163
Panhellenic Council and Student Activities	233	2-4163
Registrar	108	2-2201
Stenographic Bureau	138	2-2225
U.S. Post Office	144	2-2226
Undergraduate Admissions	101	2-6101
Financial Aids	131	2-2215

## FOR SALE:

The Housing Office has two refrigerator and sink units and two gas stoves for sale as is where is. Those interested in bidding on this equipment are asked to contact Richard G. Richards, 2-6211. Sealed bids should be submitted to the Purchasing Agent no later than Thursday, Aug. 13.

## NOTABLE QUOTE

"In this atomic age, values have changed. We have learned that we are the guests of existence... We must discover security within ourselves." Boris Pasternak

(Texas Tech faculty and staff are invited to submit to FYI notable quotes to be shared with others.)

## 71-72 SPEAKERS SERIES LECTURERS ARE NAMED

John Updike, whose most recent works are *Beck: A Book* and *Couples*, will be the first lecturer in the 1971-72 University Speakers Series. Updike will speak Sept. 23.

All Speakers Series lectures will begin at 7:15 p.m. in the Municipal Auditorium.

Other speakers scheduled for the series include: Athelstan Spilhaus, president of the American Association for the Advancement of Science, Oct. 8; Robert Goralski, NBC Washington correspondent, Oct. 14; Rod McKuen, poet, Nov. 3; U.S. Sen. Bob Packwood (R-Ore.), Dec. 2; Arthur Flemming, president of Macalester College and former Secretary of Health, Education and Welfare, Jan. 20; U.S. Rep. Henry B. Gonzalez (D-Tex.), Feb. 11; and H. F. Robinson, plant geneticist and vice chancellor of the University System of Georgia, March 23.

## FOOD AND NUTRITION

Texas Tech representatives at the annual meeting of the Texas Dietetic Association in San Antonio June 22-24 were five faculty members from the Department of Food and Nutrition. They included: Department Chairman S. P. Yang; Dr. Mina Lamb, who is Margaret W. Weeks Professor and chairman of the delegates of the Texas association of the American Dietetic Association; Mrs. Margarette Harden, chairman of the Food Administration Section of the Texas association and president of the Lubbock Dietetic Association; and Mrs. Angela Boren and Mrs. Mary Kate Weems.

## LIBRARY ART EXHIBIT

A new foyer exhibit in the Tech Library provides a broad survey of painting and graphic arts of northern Europe, from the early 15th Century to the present. The best reproductions the library has available are used to show the progression through the centuries. Associate Librarian James E. Platz, who is in charge of Library exhibits, said the display will be changed weekly for the addition of more recent artists.

## TRAVELING TECHSAN

Dr. Idris R. Traylor Jr., of the history faculty, reports after a two-week visit to Russia that gestures of friendship were plentiful; a taxicab driver who refused to take a fare because Traylor was a visiting American; another passenger's gift of a home grown peach "as big as a grapefruit" to finish off an airline meal; a restaurateur who insisted on sharing a bottle of wine with Traylor and two other American guests because they complimented the service; and, when the Tech tourist mistakenly asked for a lift from a man he thought was a cabbie, he got the ride anyway when he said he was American.

## EDITOR NAMED

Paul Mazzacano, assistant professor of percussion and director of the Texas Tech Jazz Ensemble, has been elected vice president of the Texas Chapter of the National Association of Jazz Educators and has been named editor of the NAJE newsletter.

## EXHIBITS

**BENEFITS FROM SPACE**, The Museum of Texas Tech University, sponsored by the National Aeronautics and Space Administration, emphasizing benefits from space research and including a command module exhibit.

**THE ART OF THE NORTH**, Tech Library foyer, general history of the painting and the graphic arts of northern Europe from the 15th Century to the present with exhibits changing each week through early fall.

**CORDRY COLLECTION**, The Museum of Texas Tech University, through Sept. 12 -- 45 costumes made by Mexican Indians and collected by Donald and Dorothy Cordry.

**STUDENT ART**, University Center, prints, watercolors and other art executed by Texas Tech University students.

**ART STUDENTS' SUMMER WORK**, main hall, Art Building, changing at two-week intervals throughout the summer and including classwork performed under the direction of Profs. Paul Hanna, Hugh Gibbons and Robert Fainter.

## ASAE HONORS ULICH

Chairman Willie L. Ulich of the Department of Agricultural Engineering has received special honor from the American Society of Agricultural Engineers which has designated him a "Senior Member."

## CALENDAR

Aug. 5	Freshman orientation, Murdough-Stangel Hall, 8 a.m.	Aug. 21	Board of Regents, Administration Building, 3:30 p.m.
Aug. 6	Freshman orientation	Aug. 21	Commencement, Municipal Auditorium, 7:15 p.m.
Aug. 7	"The Happening," University Center, 8 p.m.		Summer session ends
Aug. 8	"Stone Henge," Moody Planetarium, 3 p.m.	Aug. 22	"Stone Henge," Moody Planetarium, 3 p.m.
Aug. 8	"Stone Henge," Moody Planetarium, 3 p.m.	Aug. 24	"Stone Henge," Moody Planetarium, 3 p.m.
Aug. 9	Summer Music Camp (pre-college) chorus, begins (ending Aug. 15) Room 1, Music Building, 8 a.m.-5 p.m.	Aug. 25	Fall Semester begins
Aug. 13	"Walk Don't Run," University Center, 8 p.m.	Aug. 26	Registration, Coliseum, 8 a.m.-5 p.m.
Aug. 14	"Stone Henge," Moody Planetarium, 3 p.m.	Aug. 26	Registration, Coliseum, 8 a.m.-5 p.m.
Aug. 15	"Stone Henge," Moody Planetarium, 3 p.m.	Aug. 27	Registration, Coliseum, 8 a.m.-5 p.m.
Aug. 17	Final examinations	Aug. 28	Registration, Coliseum, 8 a.m.-12 noon.
Aug. 18	Final examinations		"Stone Henge," Moody Planetarium, 3 p.m.
Aug. 19	Residence halls close, 10 a.m.	Aug. 29	"Stone Henge," Moody Planetarium, 3 p.m.
Aug. 20	Final grade reports due in registrar's office	Aug. 30	Classes begin, 7:30 a.m.
		Sept. 6	Labor Day -- day of no classes
		Sept. 11	Football -- Tulane at New Orleans, 7:30 p.m.

VOL. 2 NO. 6, AUGUST 18, 1971

## GRADUATION CEREMONIES FOR 1,050 SCHEDULED

Dr. Jack K. Williams, president of Texas A&M University, will deliver the principal address at 7:15 p.m. Saturday, Aug. 21, when 1,050 Texas Tech students are expected to receive diplomas. The graduation exercises will be in Municipal Auditorium.

Among those graduating, 750 are scheduled to receive baccalaureate degrees, 250 master's degrees and 50 the doctoral degree.

Dr. Williams became the first commissioner of the Coordinating Board, Texas College and University System, in 1966. He is a member of the executive committee of the Council of the Federation of Regional Accrediting Commissions of Higher Education and a member of the Educational Plans and Policies Advisory Committee for the Southern Regional Education Board.

## GERMAN SCIENTIST IS VISITING PROFESSOR

Dr. Arndt Eberhagen, senior scientist at the Institut fur Plasmaphysik, Garching, Germany, has begun a year-long stay as visiting professor in the Department of Electrical Engineering at Texas Tech. He will teach an undergraduate course in electro-magnetic field theory during the fall semester and a graduate course during the spring semester. He will conduct research and advise graduate students in the department's plasma laboratories.

## REGENTS TO MEET

The Board of Regents of Texas Tech University will meet in regular session at 3:30 p.m. Friday, Aug. 20, in the Board Room of the Administration Building.

## FESTIVAL OF THE ARTS PLANNED BY ICASALS

North, South and Central American contributions to art, architecture and music will be featured during the ICASALS Festival of the Arts Oct. 24 to Nov. 9.

Among major features planned are 10 exhibits, a Symposium of Contemporary Music featuring the music of the American Indian, and a Symposium of the Indian Arts of the Americas.

The Festival will bring to the campus such leading American authorities as: the composer, Louis Ballard; the architect, Paolo Soleri; Dr. Charles C. Di Peso, director of the Amerind Foundation and consulting professor of anthropology at Texas Tech; Dr. J. J. Brody, director of the University of New Mexico Museum; Dr. Peter Furst, Department of Anthropology, New York State University; Dr. Terence Grieder, Department of Art, University of Texas at Austin; Dr. Donald W. Lathrap, Department of Anthropology, University of Illinois, Urbana; Dr. Charles Kelley, anthropologist and coordinator of museum research, Southern Illinois University; and Dr. George Kubler, Department of the History of Art, Yale University.

## JOB OPPORTUNITIES ON CODE-A-PHONE

The Personnel Office of Texas Tech has initiated a new Code-a-phone service, recording employment opportunities with the information available to anyone who dials 742-1111. The recording lists job opportunities, experience required, and pay offered.

Charles B. Strawn, director of personnel, said the recording will be changed as jobs are filled or new opportunities open.

The Personnel Office also has a new telephone number. It is 742-1112.

## TECHSANS GET SPECIAL EDUCATION HONORS

Nine members of Texas Tech's faculty and administrative staff have been named 1971 "Outstanding Educators of America" and will be featured in a national awards volume, *Outstanding Educators of America*. Honored are:

Executive Vice President Glenn E. Barnett;

Vice President for Research and Special Programs Orlo E. Childs;

Welch Professor of Chemistry Charles W. Shoppee;

Horn Professor of History Ernest Wallace;

Management Prof. Carlton J. Whitehead, who is also director of Graduate Studies in the College of Business Administration;

Dr. L. Louise Luchsinger, academic administrator for the area of Marketing in the College of Business Administration;

Maj. James A. Warsinske, assistant professor of aerospace studies at Texas Tech;

Chairman Billy I. Ross of the Department of Mass Communications;

And Dr. David Rodnick, professor of sociology and anthropology.

Also chosen was Col. Haynes M. Baumgardner, former professor of aerospace studies and head of the Air Force Reserve Officer Training Corps at Texas Tech, now assigned as director of operations at Air Force ROTC headquarters at Maxwell Air Force Base, Ala.

Each was honored for "exceptional service, achievements and leadership in the field of education." Nominations, based on civic as well as professional achievements, are made by officials of colleges and universities including presidents, deans and department heads.

## ROTC CEREMONY

Brig. Gen. Frederick C. Krause, assistant division commander of the 1st Armored Division at Fort Hood, will deliver the principal address at a joint commissioning ceremony for two members of the Air Force Reserve Officer Training Corps and nine members of the Army ROTC at Texas Tech. The ceremony will take place at 11 a.m. Saturday, Aug. 21, at the University Theater.

## EXHIBITS

**BENEFITS FROM SPACE,** The Museum of Texas Tech University, sponsored by the National Aeronautics and Space Administration, emphasizing benefits from space research.

**THE ART OF THE NORTH,** Tech Library Foyer, general history of the painting and graphic arts of northern Europe from the 15th Century to the present with exhibits changing each week through early fall.

**CORDRY COLLECTION,** The Museum of Texas Tech University, through Sept. 12 -- 45 costumes made by Mexican Indians and collected by Donald and Dorothy Cordry.

**STUDENT ART,** University Center, prints, watercolors and other art executed by Texas Tech University students.

**ART STUDENTS' SUMMER WORK,** main hall, Art Building, changing at two week intervals throughout the summer and including class work performed under the direction of Profs. Paul Hanna, Hugh Gibbons and Robert Fainter.

## STUDENT MIGRATION DECREASES NATIONALLY

Student migration is decreasing nationally, according to a report circulated July 21 by the National Association of State Universities and Land-Grant Colleges.

The survey reported that the highest percentage of students remaining in their home states live in California, Texas, Utah, Louisiana and Michigan. In both Texas and California, 94 per cent of the students go to home state institutions. The lowest percentage remaining in their home states live in Alaska, New Jersey, Delaware, New Hampshire and the District of Columbia.

The NASULGC report was based on a recently published analysis of fall 1968 student residence and migration statistics issued by the U.S. Office of Education. This report said that 82 per cent of all students enrolled in U.S. institutions of higher education in fall 1968 were studying in institutions in their home states.

The figure -- 2 per cent higher than a comparable figure from the 33-year period between 1930 and 1963 -- "represents a definite break in a pattern that had remained remarkably constant for many years," the report said. Discouraging migration, according to the report, are increased opportunities in home states and higher out-of-state tuition fees.

## STRAIN IS AUTHOR OF EDUCATION BOOK

Dr. John P. Strain of the College of Education is the author of a new book, *Modern Philosophies of Education*, published by Random House. Strain said the book was 15 years in its conception and is a product of intensive study on the nature of the philosophy of education. Strain has been a member of the Southeastern, New England, Middle Atlantic and Southwestern affiliates of the Philosophy of Education Society.

## RESEARCH SUPPORT INFORMATION AVAILABLE

Assistant Dean C. Len Ainsworth of the Graduate School reminds faculty who want to apply for research support in the humanities and social sciences that they can obtain deadline and other information in the Graduate School office. Various grant programs are open, he said, and brief descriptions of these are available upon request.

## NOTABLE QUOTE

"An idealist is one who, upon observing that a rose smells better than cabbage, concludes that it will also make better soup." H. L. Mencken.

(Texas Tech faculty and staff are invited to submit to FYI notable quotes to be shared with others.)

## CALENDAR

AUG. 18 Final examinations  
AUG. 19 Residence halls close, 10 a.m.  
AUG. 20 Final grade reports due in registrar's office  
Board of Regents, Administration Building, 3:30 p.m.  
AUG. 21 Commencement, Municipal Auditorium, 7:15 p.m.  
ROTC Commissioning Ceremony, University Theater, 11 a.m.  
Summer Sessions ends  
"Stone Henge," Moody Planetarium, 3 p.m.  
AUG. 22 "Stone Henge," Moody Planetarium, 3 and 4 p.m.  
AUG. 24 Fall Semester begins  
AUG. 25 Registration, Coliseum, 8 a.m. - 5 p.m.  
AUG. 26 Registration, Coliseum, 8 a.m. - 5 p.m.  
AUG. 27 Registration, Coliseum, 8 a.m. - 5 p.m.  
AUG. 28 Registration, Coliseum, 8 a.m. - 12 noon

"Stone Henge," Moody Planetarium, 3 p.m.  
AUG. 29 "Stone Henge," Moody Planetarium, 3 and 4 p.m.  
AUG. 30 Classes begin, 7:30 a.m.  
SEPT. 4 "Men and Space," Moody Planetarium, 3 p.m.  
SEPT. 5 "Men and Space," Moody Planetarium, 3 p.m.  
SEPT. 6 Labor Day, day of no classes. Offices close.  
SEPT. 9 "America Is Hard To See," film, University Center, 4 and 8 p.m.  
4 and 8 p.m.

"Men and Space," Moody Planetarium, 3 p.m.  
SEPT. 12 "Men and Space," Moody Planetarium, 3 p.m.  
SEPT. 14 Four short animated films from Yugoslavia, University Center, 4 and 8 p.m.

# For Your Information

A Newsletter to the Faculty and Staff of the TEXAS TECH UNIVERSITY COMPLEX

Published the first and third Wednesdays of each month by the Office of Information Services, 220 Administration Building. Special editions published when required. Items should be submitted before 9 a.m. on the Friday preceding the week of publication.

VOL. 2, NO. 6, SEPTEMBER 1, 1971

## FINANCIAL PLAN APPROVED BY BOARD

The Board of Regents Aug. 20 approved the Texas Tech University Complex financial plan subject to wage-price freeze rules and regulations as they are duly determined applicable to state agencies.

The financial plan presented to the regents was in total agreement with the budget approved by them July 20.

All faculty salaries under the wage-price freeze will remain at the rate paid prior to Aug. 15 with the exception that those receiving bonafide promotions or those moving to totally new positions -- with an increased level of responsibility -- will receive the salary in the financial plan approved by the board.

Classified personnel will remain at the rate paid prior to Aug. 15 except that any individual whose job is reclassified in the financial plan will receive the salary approved by the board.

No promotions or reclassifications of individuals not approved prior to the last meeting of the board will be made during the 90 day wage-price freeze.

All prices on campus will be governed by the provisions of the price freeze.

All questions on details relating to the wage-price freeze will be routed to Dr. Monty Davenport, associate vice president in the office of the executive vice president.

## ATHLETIC PROGRAM

Faculty and staff athletic activities, including touch football, recreational swimming, and the faculty fitness program, are open for registration. Edsel Buchanan, director of intramurals, said the variety of independent sports to be offered will depend upon requests.

Recreational swimming for the faculty and staff began Aug. 30. The pool is open for this program from 7 to 9 p.m. Monday through Friday with Tuesday set aside as family night.

To register for sports, visit the Intramural Office in the Intramural Gym or telephone 3-3113. To register for the faculty fitness program -- with an 11:30 a.m. to 12:30 p.m. lunch hour schedule -- call the director, Dr. A. Eugene Coleman, at 3-3160 or the Intramural Office.

## REGENTS APPROVE NEW EMERITUS STATUS POLICY

The Board of Regents Aug. 20 approved a new policy which now makes length of service the basis for emeritus status for faculty who have completed 10 years of service at Texas Tech. Faculty who have served shorter periods of time but who have rendered "very distinguished service" may be given emeritus status with the advice of the Executive Committee of the Faculty Council.

The revised statement applies to members of the faculty with the rank of professor or associate professor and does not extend emeritus status to the two lower ranks of faculty appointments.

The new policy also allows recognition of "emeritus" faculty designations as may be appropriate to be given routinely without regard to possible invitations to serve further.

Administrative officers in major positions, under the new policy, shall at the time of retirement from administrative duties be considered for emeritus status.

Emeritus appointment is honorary and without stipend, and each appointment is subject to the approval by the Board of Regents upon the recommendation of the President.

## NEW REGULATIONS FOR FACULTY TRAVEL

In compliance with a legislative request and at the direction of the State Commissioner of Higher Education all faculty absences must now be approved and recorded in a university-wide procedure approved Aug. 20 by the Board of Regents.

Deans and supervisors designated to approve travel will keep logs of travel requests, and these administrators have the authority to grant requests for travel within the contiguous 48 states.

Travel to Alaska, Hawaii, U.S. possessions, Canada and Mexico must be approved by the President.

The President, the Board of Regents, and the Governor of Texas must approve travel to any other place, prior to the intended departure date.

The regulations apply to official travel with reimbursement from state-appropriated funds, from non-appropriated funds and without reimbursement. Official travel must relate to the professional position of the traveler.

## OCT. 15 DEADLINE FOR IIE COMPETITION

The Institute for International Education has set Oct. 15 as the deadline for applying for 1972-73 grants for graduate study for research abroad and for professional training in the creative and performing arts.

Approximately 600 awards will be available. Under the Fulbright Hays Act, full grants are available to 29 countries and travel grants are available to 12 countries. Grants offered by governments, universities and private donors of 14 countries also are administered by IIE.

Application forms and additional information are available from Dr. David M. Vigness, campus Fulbright program adviser.

## RECEPTION TO HONOR FORMER TECHSANS

Texas Tech University and the Ex-Students Association will host a reception honoring former members of the staff and faculty from 7 to 9 p.m. Tuesday, Sept. 7, at the Ex-Students Association Building on campus.

## WALKER IS NAMED HORN PROFESSOR

Dr. Warren S. Walker was named Paul Whitfield Horn Professor of English by the Texas Tech University Board of Regents Aug. 20. The designation honors national or regional distinction for outstanding teaching, research or other creative achievement. The board cited his "scholarly achievement and outstanding service."

Walker's colleagues described him as a man "who leaves no question as to his professional competency--as a researcher, a perceptive and prolific author and critic and, most important, as a dedicated and inspiring teacher." Walker, who joined the Texas Tech faculty in 1964, has written or edited more than a dozen books and numerous articles and book reviews. His work has appeared in such publications as "Saturday Review," "College English," and "New York History."

He has produced definitive works in American, Turkish and Nigerian folklore. An authority on James Fenimore Cooper, Walker's "James Fenimore Cooper: an Introduction and Interpretation," was published in 1962 and reprinted in 1966. "Leatherstocking and the Critics" was published in 1965. Collaborating with him in some of his work have been his wife, Barbara, and Prof. Ahmet Uysal of the University of Ankara, formerly a member of the Texas Tech English faculty.

President Murray cited Walker as largely instrumental in arranging for an international cooperative affiliation between Texas Tech and the University of Ankara in Turkey.

"Dr. Walker is an outstanding member of the Texas Tech University faculty, and his record as both a scholar and educator more than satisfies all the criteria upon which selection of Horn Professor is based," Dr. Murray said.

## FCEC TO MEET

The Executive Committee of the Faculty Council will meet at 3:30 p.m. Wednesday, Sept. 8, in the Board of Regents room in the Administration Building.

## EXHIBITS

**BENEFITS FROM SPACE**, The Museum of Texas Tech University, sponsored by the National Aeronautics and Space Administration, emphasizing benefits from space research.

**THE ART OF THE NORTH**, Tech Library Foyer, general history of the painting and graphic arts of northern Europe from the 15th Century to the present with exhibits changing each week through early fall.

**CORDRY COLLECTION**, The Museum of Texas Tech University, through Sept. 12 -- 45 costumes made by Mexican Indians and collected by Donald and Dorothy Cordry.

**STUDENT ART**, University Center, prints, watercolors and other art executed by Texas Tech University students.

## HOLIDAY SCHEDULE

The 1971-72 holiday schedule for the Texas Tech University Complex was approved Aug. 20 by the Board of Regents. Offices will be closed: Labor Day, Sept. 6; Thanksgiving Day, Nov. 25, and on Nov. 26; Dec. 24, through Jan 2; the Friday of spring vacation, March 31; and July 3 and 4.

## COMPUTERS SPEED

### TALLY ON 20,707

### ENROLLING STUDENTS

Computerized registration for the 20,707 students who enrolled for the fall semester at Texas Tech before noon, Aug. 28, reaped multiple benefits.

Data verification sheets were key-punched as students registered, and all preliminary class rolls were available by 2 p.m. Sunday. About 60 per cent of the department heads picked them up at this time, and others were delivered by 9 a.m. Monday.

The computer provided a complete list of housing for all students shortly after 7 p.m. Sunday, giving administrators an index for locating students.

All of the Form C cards were computerized and the printed forms were in deans' offices by 10 a.m. Monday.

Billing for each student was mailed to the address provided within 24 hours of his registration. Checks may be mailed to the university or students may pay by using drop boxes in the area of the comptroller's offices in the Administration Building or the Conference Room, 2nd floor, West Hall.

## NOTABLE QUOTE

"The search for what have been called sheepskins to cover our intellectual nakedness, which has been necessary to gain status in an industrial society, has held back learning." -- Robert M. Hutchins

(Texas Tech faculty and staff are invited to submit FYI notable quotes to be shared with others. A campus photo suitable for framing will be sent to the contributor of any quote used.)

## COLLEGE OF BUSINESS PLANS REORGANIZATION

Reorganization of the College of Business Administration was approved August 20 by the Board of Regents, making it possible for the new organizational plan to be submitted for Coordinating Board approval.

In his presentation before the board, Dean Jack Steele explained that the basic difference is the way in which the administrative load is distributed.

In the present structure, this is carried primarily by the Office of the Dean and department chairmen. In the new organization, the administrative responsibility will be spread by function rather than by position.

Steele said the college's role would be served more efficiently and effectively by the change. Under the proposed change the college will have, instead of departmental chairmen, these titles: academic administrator; administrator of undergraduate programs; director of administrative services and budget; administrator of research and special programs; and administrator of graduate programs.

The faculty will be loosely organized into six research and interest groups: accounting; marketing; finance; administration and human resources; information systems and quantitative sciences; and policy and environment. Each of these groups is headed by an academic administrator.

## NEW NAMES

The university's Board of Regents Aug. 20 designated Texas Tech off campus facilities the "Texas Tech University Center at Amarillo"--formerly the Texas Tech Research Center which is at Pantex--and the "Texas Tech University Center at Junction."

## NEW SCHOLARSHIPS, GRANTS ESTABLISHED

The Board of Regents Aug. 20 accepted new scholarship and grant funds for Texas Tech University: The Agricultural Faculty Scholarship Fund, originated by the agricultural sciences faculty; The Earl D. Camp Annual Award, originated by the biology faculty; the Earl D. Camp Scholarship Fund, by the staff of the Department of Biology; the Women's Loan Fund, by the Association of Women Students; and the Norman Lamont Scholarship, originated by the Southwestern Petroleum Short Course.

## JIM CARLEN'S SHOW GOES STATEWIDE

Texas Tech's Head Football Coach Jim Carlen will go on the air statewide this fall with 12 weekly 30-minute television shows appearing on 11 stations.

Within each show, a 60-second film will depict student life at Texas Tech. These film clips were prepared under the direction of the Office of Information Services.

Carlen's comments will be on Southwest Conference football with emphasis on the Red Raiders. The first show will appear Sept. 5 in Lubbock.

Lubbock shows will be on KSEL-TV at times to be announced. Other broadcast areas are Houston, Dallas and Fort Worth, San Antonio, Corpus Christi, Amarillo, Odessa and Midland, Wichita Falls, Beaumont and Port Arthur, Albuquerque and El Paso.

## BLED SOE RENOVATED

Among the actions taken by the Board of Regents Aug. 20 was acceptance of the renovation of Bledsoe Hall at a budgeted cost of \$147,770 and completed by Hammock Brothers Construction Company.

## BOWLING LEAGUE

The Faculty Bowling League invites new and long-term faculty members to attend an organizational meeting at 4 p.m. Thursday, Sept. 2, in the Faculty Club. The League hopes to expand the number of participating teams this year, and single members as well as couples are needed. For more information contact League President Harmon Morgan, 2-7115, or Secretary Beverly Thompson, 799-4483.

## NEW POLICY MADE FOR SURPLUS DISPOSAL

Arrangements for disposition of all Texas Tech University and Texas Tech University School of Medicine surplus equipment and supplies, including such items as scrap metal, tires and batteries, should be made with Property Manager J. E. Crawford, Office of Central Warehouse and Stores (phone 3-3291). The Purchasing Office no longer will be involved. The new policy became effective Sept. 1.

The property manager will use this publication (FYI) or other means to notify all departments of surplus property and where it may be inspected. If no department has any use for the equipment, the property manager will make it available, when feasible, to other state agencies or advertise it for sale and take bids.

## FACULTY CLUB MEMBERSHIPS OPEN

The Faculty Club is using FYI to invite all eligible persons who were not members during the 1970-71 year to join now. Full time faculty, department heads or professional and administrative members of the staff are eligible. Annual dues of \$10 should be paid by Sept. 15. No dues will be accepted after Nov. 1 from persons eligible before that date. Until Sept. 15, all prospective members may use the club. Service will be on a cash basis.

To apply for membership, complete the form below and mail it with a check for \$10 to Raymond Green, Faculty Club, Campus.

## EVENTS CALENDAR

Attached to this copy of FYI is a semester calendar of events. A calendar of events already scheduled for Sept., 1971, through June, 1972, was published on Page 4A of *The University Daily* on Monday, Aug. 30.

The Office of Information Services is using these means to disseminate information of scheduled events. Information Services will not publish a desk calendar this year.

### FALL SEMESTER CALENDAR

#### SEPTEMBER

- SEPT. 4 "Man and Space," Moody Planetarium, 3 p.m.  
 SEPT. 5 "Man and Space," Moody Planetarium, 3, 4 p.m.  
 SEPT. 6 Labor Day, official university holiday  
 SEPT. 9 "America Is Hard To See," (Film), University Center, 4, 8 p.m.  
 SEPT. 11 Football -- Tulane, New Orleans, 7:30 p.m.  
 SEPT. 12 "Man and Space," Moody Planetarium, 3 p.m.  
 SEPT. 12 "Man and Space," Moody Planetarium, 3, 4 p.m.  
 SEPT. 14 4 short animated films from Yugoslavia, University Center, 4, 8 p.m.  
 SEPT. 16 Western Dance, University Center, 8-10 p.m.  
 SEPT. 18 Football -- University of New Mexico, Lubbock, 7:30 p.m.  
 Coffeehouse, "The Colours," University Center, after ballgame  
 Farm and Ranch Law Institute, Law Building, 8:30 a.m. - 3:45 p.m.  
 "Man and Space," Moody Planetarium, 3 p.m.  
 SEPT. 19 "Man and Space," Moody Planetarium, 3, 4 p.m.  
 SEPT. 21 Preservation Hall Jazz Band, University Center, 12 noon  
 SEPT. 22 "Best of Genesis" (film) University Center, 4, 8 p.m.  
 SEPT. 23 Speakers Series -- John Updike, Municipal Auditorium, 7:15 p.m.  
 SEPT. 25 Football -- University of Texas, Austin, 4 p.m.  
 "Man and Space," Moody Planetarium, 3 p.m.  
 SEPT. 26 "Man and Space," Moody Planetarium, 3, 4 p.m.  
 SEPT. 28-30 Human Factors Conference (THEMIS), Harold Hinn Conference Room  
 SEPT. 28 Valucha, vocalist, international folk songs, University Center, 8 p.m.  
 SEPT. 30 Leon Bates, pianist, University Center, 8 p.m.

#### OCTOBER

- OCT. 2 Football -- University of Arizona, Tucson, 1:50 p.m., Regional Television  
 Percussion Clinic, Music Building, 9 a.m. - 2 p.m.  
 "Our Planet Earth," Moody Planetarium, 3 p.m.  
 OCT. 3 "Our Planet Earth," Moody Planetarium, 3, 4 p.m.  
 OCT. 4-8 Ranch Management Short Course, The Museum  
 OCT. 5 Rob Inglis, "Erf," University Center, 8 p.m.  
 OCT. 7 Annual Welch Lecture, Michael Chamberlain, Chemistry Building, 8 p.m.  
 "Shop on Main Street" (Czechoslovakian film) University Center, 4, 8 p.m.  
 OCT. 7-8 Texas Tech Tax Institute, University Center, 8 a.m. - 5 p.m.  
 OCT. 8 Board of Regents, Administration Building, 3:30 p.m.  
 Speakers Series -- Athelstan Spilhaus, Municipal Auditorium, 7:15 p.m.  
 Ranch Management Conference  
 Marat/Sade, University Theater, 8:15 p.m.  
 Tech Orchestra and Tech Singers' concert, Moody Auditorium, LCC, 8:15 p.m.  
 Pre-Dads Day Dance, University Center, 8:30-11:30 p.m.  
 OCT. 9 Football -- Texas A&M University (Dads Day), Lubbock, 7:30 p.m.  
 Texas Tech University Foundation, Lubbock Club, 12 noon  
 2nd annual Ranch Headquarters Association meeting, The Museum and Ranch Headquarters site, 9 a.m. - 3 p.m.

- Marat/Sade, University Theater, 5:30, 8:45 p.m.  
 Coffeehouse, University Center, after ballgame  
 "Our Planet Earth," Moody Planetarium, 3 p.m.  
 OCT. 10 "Our Planet Earth," Moody Planetarium, 3, 4 p.m.  
 Marat/Sade, University Theater, 8:15 p.m.  
 OCT. 11 Marat/Sade, University Theater, 8:15 p.m.  
 OCT. 12 Marat/Sade, University Theater, 8:15 p.m.  
 "Shaw and Women" (film), University Center, 8 p.m.  
 Lubbock Symphony, Municipal Auditorium, 8:15 p.m.  
 OCT. 14 Speakers Series -- Robert Goralski, Municipal Auditorium, 7:15 p.m.  
 OCT. 16 High School Journalism Day, Mass Communications Building, 8 a.m. - 2 p.m.  
 Football -- Boston College, Lubbock, 7:30 p.m.  
 "Our Planet Earth," Moody Planetarium, 3 p.m.  
 OCT. 17 "Our Planet Earth," Moody Planetarium, 3, 4 p.m.  
 OCT. 19 "Dante's Inferno" (film), University Center, 8 p.m.  
 OCT. 21 Western Dance, University Center, 8-10 p.m.  
 OCT. 23 Football -- Southern Methodist University, Dallas, 12:50 p.m., Regional Television  
 "Our Planet Earth," Moody Planetarium, 3 p.m.

Lubbock Symphony Orchestra, Municipal Auditorium, 8:15 p.m.

NOV. 24 Classes Dismissed for Thanksgiving holidays, 12:30 p.m.

NOV. 25-26 Official university holidays

NOV. 29 Classes resume, 7:30 a.m.

NOV. 29 Percussion Ensemble concert, Music Building, 8:15 p.m.

## DECEMBER

DEC. 1 Basketball -- Western Kentucky, Lubbock, 8 p.m.

DEC. 2 President's Retreat, Memorial Circle, 4:30 p.m.  
Speakers Series -- Sen. Bob Packwood, Municipal Auditorium, 7:15 p.m.  
"Nazarin" (film), University Center, 4, 8 p.m.

DEC. 3 Board of Regents, Administration Building, 3:30 p.m.

DEC. 4 Basketball -- South Dakota State, Lubbock, 8 p.m.  
Make It Yourself with Wool Contest, University Center  
"Star of Bethlehem," Moody Planetarium, 3 p.m.

DEC. 5 Tech Orchestra Christmas Concert, Municipal Auditorium, 3 p.m.  
"Star of Bethlehem," Moody Planetarium, 3, 4 p.m.

DEC. 6 Basketball -- Oklahoma Universtiy, Lubbock, 8 p.m.

DEC. 7 Carol of Lights

DEC. 9 Air Force ROTC Awards Ceremony, 1 p.m.

DEC. 10 Basketball -- University of Colorado, Boulder

DEC. 11 Basketball -- University of New Mexico, Albuquerque  
"Star of Bethlehem," Moody Planetarium, 3 p.m.

DEC. 12 "Star of Bethlehem," Moody Planetarium, 3, 4 p.m.

DEC. 13-20 Final examinations, fall semester

DEC. 18 Basketball -- University of Tulsa, Tulsa  
"Star of Bethlehem," Moody Planetarium, 3 p.m.

DEC. 19 "Star of Bethlehem," Moody Planetarium, 3, 4 p.m.

DEC. 21 Fall semester ends  
Joint Armed Forces commissioning ceremony, University Center, 9 a.m.

DEC. 22 Basketball -- Fresno State, Lubbock, 8 p.m.

DEC. 24-  
JAN. 1 Official university holidays

DEC. 27-30 Basketball -- All College Tourney, Oklahoma City

### WILLINGHAMS HONORED

Dr. and Mrs. J. J. Willingham were honored at an informal reception Aug. 31 in the University Center Anniversary Room. Prof. Willingham retired on that date as chairman of the Department of Food Technology. Departmental faculty and staff hosted the reception honoring the Willinghams for "their many years of service to Texas Tech and the College of Agricultural Sciences." Willingham joined the faculty in 1948.

### ENGLISH CHAIRMAN

Dr. Marion C. Michael has assumed his new duties as chairman of the Department of English. He previously was chairman of the Freshman English Committee at Auburn University. Michael's special interests are in the field of the American and English novel from about 1880 to 1920. Textual criticism of the works of Joseph Conrad is a special research interest.

### FYI INVITES NEWS

Faculty and Staff who wish to submit items of interest to university personnel for publication in FYI are invited to send them in writing to: FYI Editor, Information Services, Campus. Items should be received by 9 a.m. on the Friday preceding the publication date. FYI is published on the first and third Wednesdays of each month.

To include events on the Calendar, information also should be sent to the FYI editor, and this should include: the event, the date, the hours, and the location.

### TAN ATTENDS AEJ MEET

Dr. Alex Tan of the mass communications faculty discussed "Communication as Interaction: A Role Theory and Dissonance Analysis" at the 54th annual convention of the Association for Education in Journalism, held the week of Aug. 22 at the University of South Carolina at Columbia.

### NEW POLICY FOR USE OF JONES STADIUM

Use of the Jones Stadium Athletic Complex was limited by Board of Regents action Aug. 20 to intercollegiate and intramural athletic programs, allied non-university athletic activities and official academic events, or events which are consistent with the athletic programs and Texas Tech's official academic programs.

### AUTHOR'S RECEPTION

Friends of the Lubbock Public Library and the South Plains Writers Association will honor local authors of books at a reception Sept. 19. The organizations hope to compile also a complete list of authors and locally written books. Authors who have not yet received an invitation are asked to call Mrs. James A. Rushing, 795-0780 to add their names and works to the list.

# For Your Information

A Newsletter to the Faculty and Staff of the TEXAS TECH UNIVERSITY COMPLEX

*Published the first and third Wednesdays of each month by the Office of Information Services, 220 Administration Building. Special editions published when required. Items should be submitted before 9 a.m. on the Friday preceding the week of publication.*

VOL. 2, NO. 8, SEPTEMBER 21, 1971

## Texas Tech Is In 'Extremely Good Shape'

Texas Tech University, which has enrolled 21,312 students this semester, is "in better shape than it has ever been" and--even with problems--is in "extremely good shape" financially.

Dr. Grover E. Murray, addressing the annual fall meeting of faculty and staff in the University Center Sept. 14, told about 600 who attended that faculty and curriculum development has been particularly gratifying.

While asking the faculty to accept responsibility for making this university as personal as possible and responsibility for active participation in committee assignments, he also commended the faculty.

"I am most pleased with the curriculum development," the President said. "There has been great maturing of the faculty in many areas in the past half decade, particularly in the area of curriculum development. I commend you for this," he said.

He later reminded his listeners that, to reach the goals of the university, "we must recruit, recruit, recruit." He made it clear that this included recruitment of minority people -- "even if that means we must resort to training our own." He said the university has had "complete and dismal failure in the recruitment of minority peoples" for the faculty. He acknowledged that minority faculty are being sought by every educational institution across the nation, but "this does not mean we should not do our share."

In curriculum development, he cited the recent reorganization proposed by the College of Business Administration as extremely heartening and gratifying. He said he had noted a change which has come over the people in this college and found there has been terrific improvement and self-development.

He also called attention to the faculty's engaging in interdisciplinary activities of their own volition and undreamed of a decade ago.

He asked the faculty to assume the responsibility for making life at this university as personal as possible. He pointed out that Texas Tech has avoided problems some other universities have had.

"People are friendly and try to help people go about their daily task," he said, but he asked that faculty and staff put forth an extra effort in the years ahead to see to it that the life here is a personal one and a rewarding one.

He urged the faculty to work toward a close rapport between them and the people who have come here to learn, and he suggested that each of the faculty set the personal goal of getting to know well at least 20 students in the coming year.

Dr. Murray urged courtesy on the part of all faculty and staff. Pointing out that the public is our customer, he said, "let's see if we can't improve our public relations by making courtesy the keynote of all contacts in every office on the campus."

On four occasions during his address, the President emphasized that a university really consists of people, people doing different things, doing different jobs.

He stressed the importance of teaching and suggested that there is a happy balance between research and teaching and both are necessary in a university of the first order.

University committee assignments have been made, Dr. Murray said, and he promised distribution of these listings within a few days. He asked faculty and staff to accept responsibility in committee assignments in the interest of the institution.

"There cannot be participation in governance if responsibility is taken lightly or ignored," he said.

He said that decision-making at the university is often a complex matter with consideration given to the legislature, the public, the regents, administration, faculty, students and ex-students. The faculty, he said, has responsibility for academic programs which have the consideration of the Board of Regents and Coordinating Board, Texas College and University System, before approval. Faculty participate in the decision-making process through the Faculty Council and university committees.

In regard to financial problems of the university, Dr. Murray said that the institution is abiding closely to the national policy but is requesting those permitted exemptions (to the wage-price freeze) granted to those receiving bonafide promotions with increased responsibility.

He said notifications would be sent to faculty and staff regarding their pay status, including any raises granted in August, although some of the pay adjustments may not be put into effect at this time under the existing national policy.

He said that the administration now is considering two recommendations which have university-wide interest--the establishment of an audio-visual center and the naming of a conference director.

The President called attention to the current self-study directed by Dr. Fred D. Rigby, associate vice president for Academic Affairs. He said this massive undertaking will provide an analysis of the university operations in every regard. It is to be completed in 1972 and Texas Tech will have a visitation in 1973 by the

Southern Association of Colleges and Schools. The procedure is followed every 10 years for accreditation, and it requires the cooperation of the entire campus community.

In the matter of registration, Dr. Murray said that as of Sept. 14 the statistics showed enrollment up about 5 per cent over 1970 with 7,840 freshmen, 4,067 sophomores, 3,420 juniors, 3,254 seniors and 2,970 graduate and professional students enrolled.

### NEW CHAIRMEN ARE INTRODUCED

At the annual fall faculty and staff meeting Sept. 14, President Murray introduced new departmental chairmen to the campus community. They are: Mark W. Fowler, interim, agricultural economics; Milton L. Peeples, interim, food technology; Col. Mack E. Baker, aerospace studies; Arthur L. Preisinger, Biblical literature; Raymond C. Jackson, biology; Marion C. Michael, English; William B. Conroy, geography; Jack W. Hopkins, government; John W. Cobb, health, physical education and recreation for men; Henry L. Gray, mathematics; Arnold J. Gully, interim, engineering technology; and Herald W. Winkler, petroleum engineering.

In the recent reorganization of the College of Business Administration, numerous new assignments were made. These include: R. D. Amason, administration services; Carlton J. Whitehead, undergraduate studies; Vincent P. Luchsinger, graduate studies; O. D. Bowlin, research and special programs; administering academic areas -- James Caldwell, accounting; Dee Ezell, administration and human resources; William L. Pasewark, business education; Carl Stem, finance; Thomas F. Lee, information systems and quantitative sciences; and L. Louise Luchsinger, marketing.

In the Texas Tech University School of Medicine, new departmental chairmen introduced are: William G. Seliger, anatomy; Francis J. Behal, biochemistry; John A. Buesseler, health organization management; George S. Tyner, ophthalmology; and J. Theodore Hartman, orthopaedics.

### NOTABLE QUOTE

"The young are insisting that the nameless and faceless authority that has been controlling their lives be unmasked, that this authority come down to them and confront them honestly." -- Jon M. Van Dyke

## MURRAY LOOKS AT FUTURE OF TEXAS TECH

President Grover E. Murray, in discussing his aspirations for the future of Texas Tech University, told the faculty and staff Sept. 14 that he will do what he can to insure that this university is truly a university of the first class.

To accomplish this, he said there is one ringing challenge, and this is to be different -- not to mimic other institutions.

"Universities are made by people," he said, "not by a president, but by people working in concert and unity."

A university achieves greatness and comes to be recognized by the quality of its products. But, said the President, because there is no evaluative system for measuring this immediately, a university achieves greatness and recognition by its actions, its performances and services, and this involves teaching.

He pointed out that there are perhaps 40 prestigious universities in the United States and that the tendency in education has been to imitate these.

"It's awfully tough," he said, "to play catch-up in big league education."

He called attention to Texas Tech University's opportunity to be different through the development of the International Center for Arid and Semi-Arid Land Studies, explaining that only two other universities have similar

concepts. These are the University of Hawaii with its studies of the Pacific and the University of Alaska with its studies of the Arctic.

The International Center allows an across-the-board coordination of university activities. It is a formalization of activities, of things this institution has been doing for the past 45 years.

He emphasized the importance of dedicating the work done at Texas Tech to a solution of problems of the dry lands of the world.

Dr. Murray said he intends to continue pressing for continued development of the faculty and development of the academic environment at Texas Tech to the end that the university will serve the state, the region and the nation.

He pointed to the outreach program of the Texas Tech University School of Medicine which would serve not only the education of the young but also continuing education for professional people throughout West Texas.

The University itself can have a similar outreach. He said that the Western Information Network, when supported by funding, has the facility for assisting in this, making it possible for Texas Tech University "to be an outreach institution for our supporters and our customers."

## STATUS OF BUILDING & PARKING REVIEWED

The status of building and that of parking were reviewed for faculty and staff at the annual fall meeting Sept. 14.

President Murray told the faculty that currently available sources of building funds have been committed for the next 20 to 30 years. Any additional building funds will have to come from such sources as extension of the ad valorem tax, increased fees, etc. He said that although 2,000 added parking spaces are needed, no means have yet been found to finance these.

Pointing out that a substantial number of academic buildings have been completed, the President said funding has been granted for a major addition to the Library, a building which will tie together the University Center and the Music Building, additions to the Psychology Building and the Home Economics Building, and a natural science building related to The Museum.

He said the university has 10,243 parking spaces and more than 12,000 automobiles to park. Money has not been appropriated by the Legislature for parking, he explained, and there are no funds for substantial additions to parking areas.

President Murray acknowledged the importance of the problem. He said the university's Traffic and Parking Advisory Committee is studying the problem and has indicated that no practical solution to the problem has yet been found.

## INSTITUTES DEVELOPED FOR ORGANIZED RESEARCH

The organization of several institutes for Texas Tech University was announced by Dr. Grover E. Murray when he addressed faculty and staff Sept. 14. He explained that the institutes are devices for developing and maintaining a program of organized research in response to legislative intent in this regard.

The President explained that the Legislature at its last session questioned the proper use of organized research funds. Creation of the institutes should allay legislators' doubts in the future.

Already established are: the Institute for Research on the Improvement of Undergraduate Teaching, College of Education; Institute of Museum Research, Graduate School; the Institutes of Biotechnology, of Systems Analysis, and of Instrumentation Development, all in the College of Engineering; and the Institute for New Applications of Physical Sciences and the Institute for Environmental Technology, each without particular college affiliation.

The development of other institutes will occur in the future, Dr. Murray said.

## UNIVERSITY COMPLEX

The structure of the Texas Tech University Complex was reviewed by President Murray at the annual faculty and staff meeting Sept. 14. The Complex includes four institutions that are funded separately by the Texas Legislature. These are Texas Tech University and the Texas Tech University Center at Amarillo, the Texas Tech University School of Medicine, The Museum of Texas Tech University, and the Texas Tech University Center at Junction. The purpose of the complex is efficiency provided by centralization of administrative support services for the various institutions.

## MEDICAL SCHOOL PROGRESS REPORTED

The Texas Tech University School of Medicine should be able to move into a portion of its new quarters on the first floor of Drane Hall possibly within a month and still plans to accept the first two classes in its innovative program of medical education in 1972.

Dr. Grover E. Murray, who serves as president of the Texas Tech University Medical School as well as of Texas Tech University, made the report at the annual fall meeting of faculty and staff Sept. 14.

He pointed out that the emphasis for the Medical School will be in clinical training in contrast to hospital training, although both approaches will be involved.

The Medical School hopefully will produce a new breed of medical doctors interested in general practice. The dearth of physicians in this country is not in the specialties but in the general practice of medicine. This is particularly true in West Texas.

Dr. Murray pointed out that site visitations to the school have been made by two groups recently -- the joint liaison committee representing the American Medical Association and the American Association of Medical Colleges coming for accreditation purposes, and a second group from the National Institute of Health of the Department of Health, Education and Welfare to review the Medical School proposal for consideration of matching funds.

He said the first classes, accepted on the first year and third year level, would number about 20 to 25 students each.

The President said the request for a degree program in veterinary medicine is pending and will receive consideration by the Coordinating Board at its Oct. 15 meeting.

He pointed out that the only school in the United States now offering a veterinary degree program within a school of medicine is Michigan State University. The Texas Tech University School of Medicine proposal, if accepted, would make this the second institution to take such an approach.

If approved, an animal hospital and clinical laboratory would be constructed at West Texas State University in Canyon, he said.

## MUSEUM FEATURED IN QUARTERLY ARTICLE

The Museum of Texas Tech University is featured in the current *Llano Estacado Heritage* quarterly published in Hobbs.

In an eight-page article devoted primarily to an interview with Dr. Orlo Childs, the publication describes both the structure and functions of The Museum. Dr. Childs is vice president for Research and Special Programs at Texas Tech. At the time of the interview he was acting director of The Museum.

In addition to excellent pictures of The Museum interior, the publication includes a drawing of the Ranch Headquarters structures, showing how they will be placed when this outdoor museum is completed.

Reprints of the article are available upon request from The Museum.

(Texas Tech faculty and staff are invited to submit FYI notable quotes to be shared with others. A campus photo suitable for framing will be sent to the contributor of any quote used.)

## EIGHT NEW FACULTY APPOINTMENTS ANNOUNCED BY COLLEGE OF EDUCATION

The appointment of eight new faculty members has been announced by the College of Education, one in the Area of Educational Foundations and Services and seven in the Area of Curriculum and Instruction.

Two appointments for social studies were made. Francis E. Bloomer was granted the doctorate from Ohio State University in August. He is an active member of the Association of American Geographers and has served on the faculties of Ohio State, Urbana College in Ohio, the Training Institute Central Ohio which is a maximum security penal institution, and several junior and senior high schools. Aubry D. Christian, whose doctoral degree was awarded by the University of Texas, Austin, in August, has special interests in history and anthropology. He has taught in Corpus Christi and Austin public schools and served on the faculty of the University of Texas.

There were two appointments also for English education. Thomas C. Gee's doctoral degree was awarded by North Texas State University in 1970. He served

### FOOTE IS ADVISER TO SOUTH VIETNAM

Agricultural Economics Prof. Richard J. Foote spent the month of August in South Vietnam as an adviser to the Vietnamese government on rice price policies. South Vietnam, he said, may this year shift from a rice deficit to self-sufficiency in the important crop.

Foote pointed out that rice is "by far the most important enterprise within Vietnam."

The trip was sponsored by the U.S. Department of Agriculture in cooperation with the Agency for International Development (USAID). Foote said he would return to Vietnam during the Christmas holidays when the harvest is underway.

### EXHIBITS

**COLLECTORS' EXHIBITION**, Art Department Gallery, work collected by faculty and from the permanent collection of the Department of Art, Sept. 15-Oct. 1.

**EARLY WESTERN RANGE PHOTOGRAPHS** by Frank Reeves, The Museum of Texas Tech University, sponsored by Ranch Headquarters Association, Sept. 18-Oct. 10.

**GRAPHIC ARTS AND SCULPTURE** by Bess Hubbard, The Museum of Texas Tech University, sponsored by the Women's Division of the Lubbock Chamber of Commerce and the West Texas Museum Association, Sept. 18-Oct. 17.

**THE ART OF THE NORTH**, Tech Library foyer, general history of the painting and graphic arts of northern Europe from the 15th Century to the present with exhibits changing each week through early fall.

**STUDENT ART**, University Center, prints, watercolors and other art executed by Texas Tech University students.

on the North Texas faculty and has taught in Turkey and Germany. Shamus Mehaffie's doctoral degree was awarded this past summer by the University of Texas, Austin, where he was supervisor of student teachers. He also has served on faculties at Kimball High School in Dallas, El Centro Junior College, Dallas, and the McKinney Job Corps Center.

Myron L. Trang's was the only appointment announced in Foundations and Services. Washington State University at Pullman awarded Trang the doctorate in August. His major was guidance and counseling. As a member of the U.S. Army, he was an instructor in military science at West Texas State University in Canyon for three years.

Ralph M. Carter, completing work for his doctorate at Ohio State University, has a graduate emphasis in foreign language education. He has taught history, Latin and Spanish in high schools and served on the faculties in Spanish at the University of Oregon and Northern Illinois University. He was director of second level Spanish and coordinator of the language laboratory at Northern

### DAN WELLS AWARDED WELLS PROFESSORSHIP

Dan Moody Wells, professor of civil engineering and director of the Texas Tech Water Resources Center, has been named recipient of the Spencer A. Wells Foundation Faculty Award for 1971. Announcement of the award was made by President Murray at the fall faculty and staff meeting Sept. 14.

The award, which includes an honorarium of \$1,000 is sponsored by the Texas Tech Dads Association in recognition of outstanding professional performance. The late Spencer A. Wells was a former chairman of the university's Board of Regents and at one time was president of the Texas Tech University Foundation.

Other recipients of the award have been: the late Keith Marmion, chairman of the Department of Civil Engineering, 1966; Paul Prior, biology, 1967; Ellis Huddleston, entomology, 1968; Idris Traylor, history, 1969; and Paul Woods, history, 1970.

In making the announcement of Dr. Wells' award, President Murray said that the recipients of the Distinguished Teaching Awards, supported by Standard Oil Company of Indiana, would be announced at a later date.

### JONES IS MUSEUM ACTING DIRECTOR

As of Sept. 1, Dr. J. Knox Jones, dean of the Graduate School and coordinator of Museum Studies, will serve as acting director of The Museum of Texas Tech University. In this position, Jones succeeds Dr. Orlo Childs, vice president for Research and Special Programs.

The Office of Research and Special Programs continues to serve as liaison between The Museum and the President's Office, Childs explained, adding that Jones is expected to serve as acting director until a permanent director is named.

Illinois.

Mrs. Eleanor F. Noble, whose speciality is the teaching of reading, is completing work for her doctorate at Arizona State University. She has served as director of the Learning Disabilities Clinic in the Madison District, Phoenix, and for two years was a graduate associate in Arizona State's Reading Clinic.

Marvin R. Platten, lecturer, has a special interest in art education. He has taught in Minnesota and Puerto Rico, and in Japan he was art coordinator for the school system of the U.S. Department of Defense. He has won prizes for jewelry, oils and watercolor and was the only American made an honorary member of the Education through Art Organization of Japan in 1970 and 1971. He is completing the doctoral degree at the University of Minnesota.

### CHEMISTRY DEPARTMENT SCHEDULES SEMINARS

Dr. Charles W. Shoppee, Robert A. Welch Professor of Chemistry at Texas Tech, was the first lecturer in a series of 18 seminars scheduled by the Department of Chemistry for the 1971-72 academic year.

Shoppee, a fellow of England's Royal Society, lectured on "The Peculiar Properties of Some Hexa-1, 5-dienes" Sept. 15 at 4:40 p.m. in Room 5 of the new Chemistry Building. Most of the seminars are scheduled for that hour and location. Coffee will be served in Room 9 at 4 p.m.

Other lecturers scheduled for the first semester are: H. Zollinger, Swiss Federal Institute of Technology, Zurich; Edward F. Hayes, Rice University; Francis J. Behal, Texas Tech University School of Medicine; Emory T. Adams, Texas A&M University; George R. Pettit, Arizona State University; S. D. Worley, National Aeronautics and Space Administration; Alfred Hassner, University of Colorado; and Angelo A. Lamola, Bell Telephone Laboratories.

Spring semester speakers scheduled are: James E. Boggs, University of Texas; Kendall N. Houk, Louisiana State University; Gordon J. Ewing, New Mexico State University; R.F.C. Brown, Monash University, Australia; John G. Albright, Texas Christian University; Melvin W. Hanna, University of Colorado; William H. Glaze, North Texas State University; Michael Eastman, University of Texas at El Paso; and David E. Pennington, Baylor University.

### STATE BEAUTY

Prof. Elo J. Urbanovsky, chairman of the Department of Park Administration, Horticulture and Entomology, is serving as the state chairman of a selection committee for the annual "Lady Bird Johnson Award." The award—a plaque and \$1,500—will be made in the fall to the highway maintenance foreman or maintenance construction supervisor who has done the most to preserve and enhance the unique beauty of Texas roadsides.

## REEVES, HUBBARD EXHIBITS TO OPEN

Two new exhibits open this week at The Museum of Texas Tech University. Frank Reeves' photographs of the western range will be shown in the east gallery Sept. 18-Oct. 10. An exhibition of the works of Bess Hubbard, internationally known Lubbock artist, will be shown in the main gallery Sept. 19-Oct. 17.

The Ranch Headquarters Association is sponsor of the Reeves' exhibit, on loan from the Amon Carter Museum.

The Women's Division of the Lubbock Chamber of Commerce and the West Texas Museum Association have compiled the Hubbard exhibit which announces recent acquisitions of works by the print-maker and sculptor. Nine graphics given to The Museum by Mrs. Helen DeVitt Jones and a piece of sculpture recently added to the Women's Division collection will form the core of the exhibit.

## VALLABHAN ATTENDS MEET

Dr. C.V.G. Vallabhan of the civil engineering faculty was one of more than 100 who took part in the first Specialty Conference on Cold-Formed Steel Structures Aug. 19-20 at the University of Missouri-Rolla. In addition to the university, sponsors of the meeting included the National Science Foundation, the American Iron and Steel Institute and the American Society of Civil Engineers.

## TECH/LUBBOCK WEEK PLANS ARE UNDERWAY

Preliminary plans are underway to designate the week of Oct. 18-22 "Texas Tech/Lubbock Week." During the week identical one-day programs will be presented to advise Lubbock civic leaders of current developments and goals of the university.

"The purpose of these daily programs," President Grover E. Murray said, "is to give these citizens an opportunity to get better acquainted with Tech, to become more familiar with its goals and aspirations, and to hear first hand the future plans for the university, particularly those which will have an impact on our city."

Clyde J. Morganti, special assistant to the President's office, is coordinating plans for the week. During the morning sessions, he said, guests will meet with representatives of the administration, faculty and students. A luncheon with students is being planned, and the afternoon is to be devoted to a tour of the campus and special facilities.

## CALENDAR

SEPT. 21 Preservation Hall Jazz Band, University Center, 12 noon  
SEPT. 22 "Best of Genesis" (film) University Center, 4, 8 p.m.  
SEPT. 23 Speakers Series -- John Updike, Municipal Auditorium, 7:15 p.m.  
SEPT. 25 Football--University of Texas, Austin, 4 p.m.  
SEPT. 26 "Man and Space," Moody Planetarium, 3 p.m.  
SEPT. 26 "Man and Space," Moody Planetarium, 3, 4 p.m.  
SEPT. 28-30 Human Factors Conference (THEMIS), Harold Hinn Conference Room  
SEPT. 28 Valucha, vocalist, international folk songs, University Center, 8 p.m.

SEPT. 30 Leon Bates, pianist, University Center, 8 p.m.

## OCTOBER

OCT. 2 Football--University of Arizona, Tucson, 1:50 p.m., Regional Television  
Percussion Clinic, Music Building, 9 a.m. - 2 p.m.  
"Our Planet Earth," Moody Planetarium, 3 p.m.  
OCT. 3 "Our Planet Earth," Moody Planetarium, 3, 4 p.m.  
OCT. 4-8 Ranch Management Short Course, The Museum  
OCT. 5 Rob Inglis, "Erf," University Center, 8 p.m.

# For Your Information

A Newsletter to the Faculty and Staff of the TEXAS TECH UNIVERSITY COMPLEX

Published the first and third Wednesdays of each month by the Office of Information Services, 220 Administration Building. Special editions published when required. Items should be submitted before 9 a.m. on the Friday preceding the week of publication.

VOL. 2, NO. 9, OCTOBER 6, 1971

## MUSEUM ASSIGNMENTS EMPHASIZE RESEARCH ROLE OF INSTITUTION

Dr. J. Knox Jones, acting director of The Museum of Texas Tech University, this week announced staff assignments for that institution. While some assignments are new, Jones' announcement served principally to clarify The Museum's role as a research and teaching institution.

The Museum has four associate directors: Administration, Charles M. McLaughlin; Exhibit Design, Eugene Kingman; Ranch Headquarters, Jerry Rogers; Research, Robert L. Packard.

Initial curatorial assignments include: biology, Dr. Packard; geosciences, Dr. John P. Brand; anthropology, Dr. Mary Elizabeth King; art, Eugene Kingman; and historical architecture, Willard Robinson. In addition, Mrs. Betty Mills serves as associate curator of historical fashions.

Research associates now have office space in The Museum for themselves and graduate students working under their direction. These are: Dr. F. Alton Wade, geosciences; Dr. William J. Mayer-Oakes, anthropology; Drs. Robert J. Baker, Dillard C. Carter, John S. Mecham and Hugh H. Genoways, biology.

Jones emphasized that these initial assignments underscore The Museum's strong academic research relationships to the university.

"A university-based museum is entirely different from a public museum," he said, "in that research is absolutely essential if the museum is to house significant collections."

Jones said that the role of The Museum is the same as that of the university -- teaching, research and public service.

"The Museum of Texas Tech University is an integral part of the university," Jones said, "and must exercise a significant role in research and teaching."

"At the same time, public service will not only continue, but we are working toward expansion of services in this area," Jones said.

## PROPOSAL PRECEDURE

A revised route sheet for research proposal review and approval has been issued by the Office of Research Services. Copies are available in departmental offices or from Research Services.

## GASOLINE CREDIT CARDS

The current state contract for service station purchase of gasoline and oil is with ARCO. The Purchasing Office asks that every effort be made to locate an ARCO station for these purchases. If ARCO is not available, and a purchase must be made from other stations, the ticket must have written across it the proper account number and the words, "no ARCO available."

## GROUP INSURANCE OPEN ENROLLMENT

Friday, Oct. 8, is the deadline for a special open enrollment period for university group insurance programs. During the period enrollments are accepted in group medical, life term, life permanent and long term disability insurance programs, effective Dec. 1.

Employees who did not enroll in insurance programs when they began their employment at Texas Tech or who enrolled and subsequently dropped their coverage have this opportunity to obtain coverage. They also can convert group term insurance to group permanent insurance. This kind of opportunity will not be offered again until approximately one year from now.

From 9 a.m. to 5 p.m. daily through Oct. 8, Blue Cross-Blue Shield representatives are manning stations to assist employees who want to participate. Stations are in the Personnel-Payroll area of the Administration Building (Room 42) and in the foyer outside the Faculty Club in the University Center.

## RESEARCH SERVICES MOVED

The Office of Research Services has been moved to new quarters in Room 219 in the east wing of the Administration Building.

**FOR SALE -- Surplus Property (for individuals or firms)** As is, where is, 1954 Chevrolet panel Truck, License No. 46955, Motor No. 0183878F54XB. May be seen on Physical Plant Building parking lot. Contact L. F. Kaether or J. E. Crawford, 743-3292. Sealed bids received until 2 p.m. Oct. 15 by Property Manager, Central Receiving and Stores Office, P. O. Box 4119, Lubbock, Tex. 79409. Mark on outside of envelope that it contains bid to be opened at time specified. University reserves the right to reject any or all bids and to waive any formality.

## UNIVERSITY COMMITTEES CHAIRMEN ARE NAMED

The 1971-72 memberships of university committees have been announced. Chairmen named include:

Maurice Kirk, Academic Status; C. L. Ainsworth, Admission and Retention; T. L. Leach, Athletic Council; Arthur Roberts, Budget Advisory; Clyde J. Morganti, Campus Emergency; Haskell Taylor, Campus Planning; W. E. Whittington, Code of Student Affairs; Kline Nall, Commencement; K. W. Davis, Courses and Curricula; M. C. Michaels, English Usage; E. W. Kiesling, Parking and Traffic Advisory; O. D. Bowlin, Parking Violation Appeals; David Howe, Radiation Safety; Bill Ross, Radio-Television Advisory; Bruce Mattson, Recognition; W. J. Cartwright, Registration; Haskell G. Taylor, Retired Faculty and Staff; Maurice Kirk, Solicitations;

Otto Nelson, Student Financial Aids; Mary L. Brewer, Student Organizations; Milton Peeples, Student Orientation; Beatrix Cobb, Student Publications; Katherine Evans, University Appeals; V. P. Luchsinger, University Artists and Speakers; and I. L. Little, University Discipline.

## HOMECOMING PLANS

The Ex-Students Association needs the names and the number of years service of staff and faculty who have retired since Sept. 1 in order to invite these people to the Century Club Dinner planned as a part of Homecoming.

## TECHSANS PARTICIPATE IN HOUSTON MEETINGS

Faculty from the Department of Speech and Theatre Arts will attend the Texas State Speech Communication Convention and Texas State Speech and Hearing Convention meeting simultaneously, Oct. 7-9, in Houston. Three will give papers.

Vernon McGuire is chairman of a nominating committee and is coach of the Texas Tech debate team which will meet a University of Houston team in an exhibition and demonstration debate.

Papers to be delivered include: two by Dr. John Deethardt, "Performance Criteria in Speech Communication for Students and Teachers" and "A Point of View Toward Student Teacher Supervision;" Dr. Merville Larson, "The Radical Left Poets of the Roaring Twenties;" and by Dr. Charles Wise, "The Rhetorical Strategies of John Lindsay."

## FREEMAN IS HONORED

Dr. Kenneth Freeman, director of Texas Tech's Junior College Center for Professional Development, was honored Sept. 13 by the State University College of Arts and Science at Geneseo, N.Y., where he served as acting president from 1952 to 1955.

## SCIENCE/ENGINEERING "IN HOUSE" SEMINAR

Dr. Raymond L. Bisplinghoff, deputy director of the National Science Foundation, will address participants of a Science and Engineering "In House" Seminar at Texas Tech Nov. 5. The two-day seminar, Nov. 4 and 5, was postponed from its originally scheduled dates last spring.

Bisplinghoff's lecture is scheduled to follow a buffet luncheon. The luncheon speaker on Thursday, Nov. 4, will be Dr. J. Knox Jones, dean of the Graduate School, who will discuss the Graduate School's involvement in the research program of the university.

President Grover E. Murray and Dr. Orlo E. Childs, vice president for Research and Special Programs, will address the opening session. Childs will discuss "Research at Texas Tech."

Participating in the seminar will be the College of Engineering departments of agricultural, industrial petroleum, mechanical, civil, chemical and electrical engineering; the College of Arts and Sciences departments of geosciences, biology, chemistry, mathematics and physics and the Textile Research Center, the Water Resources Center and the International Center for Arid and Semi-Arid Land Studies. Each will present a summary of current research, its research capabilities and an outline of special research interests for future development.

## MERIT PAY RAISES

Although the university cannot grant pay raises during the wage freeze, merit salary increase recommendations still are being processed to become effective as soon as national policy permits, according to C. B. Strawn, director of the Personnel Office. This retains for each employee his regular anniversary review date.

Department heads have been asked to advise employees of approved raises even though these cannot be granted at this time.

## GRADUATE FELLOWSHIP COMPETITION OPENS

The National Science Foundation has announced that competition is open for 600 graduate fellowships. Application deadline is Nov. 29. Awards are to be announced March 15.

Stipends have been increased to \$3,600 -- \$300 per month -- for 12 months, regardless of the year of study. Awards will be made for a period of three years -- dependent on the student's satisfactory progress and availability of NSF funds -- to students who have completed one year or less of graduate studies. Awards are made in science -- including the social sciences, mathematics or engineering for full-time study leading to the master's or doctor's degree.

For additional information inquire of the Graduate School. For copies of the announcement and application materials, write the Fellowship Office, National Research Council, 2101 Constitution Avenue, N.W., Washington, D.C. 20418.

## THEATER OPENS SEASON WITH "MARAT/SADE"

The University Theater will open its 1971-72 season at 8:15 p.m. Oct. 8 with Peter Weiss' award-winning drama, "Marat/Sade." The play is based on a fictional, ideological encounter between a French revolutionist and an author of scandalous novels.

Repeat performances are scheduled to begin at 5:30 p.m. and at 8:45 p.m. Saturday, and at 8:15 p.m. Oct. 10 and 11.

Season Tickets at a special price of \$5 will be available to faculty and staff through Oct. 11. This entitles the holder to a reserved seat for the performance of his choice for each of four productions.

In addition to "Marat/Sade," the University Theater will present "Death of a Salesman" on Nov. 19-22, "Troilus and Cressida" on Feb. 25-28, and "Little Murders" on April 14-17.

## EXHIBITS

**TEXAS PRINTMAKERS SOCIETY EXHIBITION**, Art Department Gallery. Texas Tech's Department of Art sponsors the first show by members of this new society, through Oct. 20.

**EARLY WESTERN RANGE PHOTOGRAPHS** by Frank Reeves, The Museum of Texas Tech University, sponsored by Ranch Headquarters Association, through Oct. 10.

**GRAPHIC ARTS AND SCULPTURE** by Bess Hubbard. The Museum of Texas Tech University, sponsored by the Women's Division of the Lubbock Chamber of Commerce and the West Texas Museum Association, through Oct. 17.

**THE ART OF THE NORTH**, Tech Library foyer, general history of the painting and graphic arts of northern Europe from the 15th Century to the present with exhibits changing each week through early fall.

**STUDENT ART**, University Center, prints, watercolors and other art executed by Texas Tech University students.

## FELLOWSHIPS AVAILABLE FOR YOUNGER FACULTY

College teachers who are in the early years of their professional development are invited to apply for National Endowment for the Humanities fellowships paying up to \$1,250 per month for six to nine months or up to \$1,000 per month for summer programs. Deadline for application is Oct. 25.

The fellowships are designed to help young faculty members develop as teachers and extend their contributions. Teachers in the areas of the humanities, the social sciences and jurisprudence are included in the program.

For further information inquire of the Graduate School or write the Division of Fellowships and Stipends, National Endowment for the Humanities, Washington, D.C. 20506.

## SPECIAL EDITION

VOL. 2, NO. 10, OCTOBER 14, 1971

### INTERNATIONAL CENTER SPONSORS ART FESTIVAL

For two weeks, Oct. 24 to Nov. 9, on the Texas Tech University campus the International Center for Arid and Semi-Arid Land Studies will present a Festival of the Arts of the Americas.

Highlights of the festival will include the dedication of the new Architecture facility and the 21st annual Symposium of Contemporary Music. Cooperating with the International Center are the departments of art, architecture, and music, The Museum of Texas Tech University, the University Center and the Texas Tech Library.

International Center Deputy Director Idris R. Traylor, Jr., is chairman of the festival committee. Working with him are: Dr. Wilkes Berry, Department of English; Donald Durland, art; Dr. Gene Hemmle, chairman, Department of Music; Dr. Mary Elizabeth King, anthropology faculty and curator of anthropology for The Museum; Eugene Kingman, associate director for exhibit design and curator of art for The Museum; Mrs. Dorothy Pijan, program director of the University Center; Dr. Elizabeth Sasser, architecture; and Director Ronald Schulz of the University Theatre.

"Because the International Center concerns itself with all aspects of man in arid and semi-arid environments," Dr. Traylor said, "it is of special importance that we study man's deepest emotional responses to the dryland regions he inhabits. His art is the expression of these responses."

Traylor said that even before the festival opening, it has attracted international interest with offers of more exhibits than can properly be displayed.

While the International Center's five-month Focus on the Arts in 1969 included exhibits from arid and semi-arid regions throughout the world, Traylor said the 1971 festival was limited to the Americas in order to provide "more depth for better understanding the dryland regions with which we are most closely associated."

### PRE-COLUMBIAN ART IN LIBRARY EXHIBIT

The Texas Tech Library will participate in the International Center's Festival of the Arts of the Americas with a special exhibit of pre-Columbian pottery and figures from the collection of Joseph Skorepa of the architecture faculty. The exhibit, arranged by the festival committee, will be in the Library foyer and will include representative pieces from the Skorepa group.

### INDIAN FOLK ART SHOW

During the International Center's Festival of the Arts of the Americas, University Center exhibit cases will display a collection of southwestern U.S. Indian handicrafts and folk art.

### MUSEUM PARTICIPATES IN FESTIVAL WITH EXHIBITS, RECITAL, DEMONSTRATION, SYMPOSIUM

The Museum of Texas Tech University will participate in the International Center's Festival of the Arts of the Americas with seven exhibits, a lecture-recital, a lecture-demonstration by potter Po-Po-Vi-Da, and as host for the festival's Symposium on Indian arts of the Americas.

As the final event of the Symposium of Contemporary Music and of the festival, Dr. Thomas Mastroianni will give a lecture-recital on "The Influence of French Impressionism on the Music of Latin America." This will take place at 10:30 a.m. Nov. 9 at The Museum and is a presentation of the Women's Council of the West Texas Museum Association. Mastroianni will illustrate his comments with the works of

Debussy, Ravel, Villa-Lobos, Ginastera and others.

The Symposium, Oct. 29, will explore the Prehistoric Art of Arid America.

Special exhibits arranged by the festival committee for display in The Museum include:

*Latin American Painting and Drawings*, 50 works of primarily contemporary Latin American art from the collection of John and Barbara Duncan, arranged through the International Exhibitions Foundation, Washington, D.C.

*Indian Images*, approximately 150 photographs providing an authentic glimpse of the traditional life and culture of North American Indians, courtesy of

### ARCHITECTURE BUILDING DEDICATION PLANNED, SOLERI TO LECTURE

The Department of Architecture's dedication of its new building will be a three-day affair with a final lecture on Nov. 1 by Paolo Soleri, founder and director of the Cosanti Foundation for the creation of efficient, humane cities.

Soleri's participation in the dedication and an exhibit of his architectural drawings, on loan from the Corcoran Gallery in Washington, D. C., are part of the International Center's Festival of the Arts of the Americas.

Dedication events will begin with a 7:30 a.m. breakfast in the Architecture Building Oct. 30. Guest speaker for this event will be Richard Weldon, graduate of the department who now is associated with the office of I. M. Pei, Denver, Colo.

The breakfast will be followed by the formal dedication of the Architecture Building in the Architecture Courtyard at 9:30 a.m. An open house and tours of the building will take place between 5 and 9 p.m. The open house and tours will be repeated from 3 to 5 p.m. Sunday, Oct. 31.

During the last week in October and the first three weeks of November the exhibit, *Architectural Drawings of Paolo Soleri*, will be on display in the Architecture Gallery, Room 101, of the new building. This is sponsored by the International Center Festival.

Soleri's lecture, which will include slides of his architecture, will take place at 8 p.m. Monday, Nov. 1, in the Business Administration Building. The event is open to the public and is sponsored by the International Center and the Kleinschmidt-Bradshaw Lecture Fund.

Described by one critic as a "prophet of the desert," Soleri has made his American home in Arizona where he established his workshop and classrooms. Although his designs often show concern for the special problems of living in arid and semi-arid regions, Soleri's major contribution is in urban design concepts which have universal application.

the Division of North American Anthropology, Museum of Natural History, Washington, D. C.

*Embroideries by Children of Chijnya, Peru*, gay interpretations of an Andean village by the children who live there, from the Smithsonian Institution.

Collection of *santos* from the Museum of New Mexico.

A collection of Mexican and southwestern United States *retablos* on loan from Dr. Gene Hemmle, chairman of the Texas Tech Department of Music.

Collection of Navajo blankets owned by Mr. and Mrs. Wesley Blankenship of Lubbock who have collected over the past 20 years and whose collection represents the major trading posts of the Navajo Tribe.

## PREMIER OF BALLARD "TRILLOGY" IS PART OF FESTIVAL

Texas Tech University's 21st annual Symposium of Contemporary Music Oct. 24-28 will celebrate the music of the Americas as part of the International Center's Festival of the Arts of the Americas.

Featured performer will be composer Louis W. Ballard whose *Desert Trilogy* was commissioned by the International Center especially for the festival. The premier performance will be Thursday, Oct. 28. Other major works by Ballard will be performed during the week. He will lecture Tuesday, Oct. 26. His wife, Ruth Dore Ballard, will give a lecture-demonstration on Spanish music Oct. 26. Gerald Plain's electronic music concert will take place Oct. 27. Particularly prominent among the works to be performed during student recitals and in concerts are works by the late Igor Stravinsky.

The final concert at 8:15 p.m. in the University Center Ballroom will include *Desert Trilogy*, *Ritmo Indio* and *Cacega Ayuwipi* by Ballard. The Texas Tech University Chamber Orchestra under the direction of Paul Ellsworth will perform Stravinsky's *Concerto in E-flat*. The concert will open with *Music for Brass Quintet* by Gunther Schuller. The Faculty Brass Quintet will perform.

*Desert Trilogy* has three parts, "Sagebrush," "Yucca," and "Saguaro." Of this work, Ballard has said:

"Since this flora is indigenous to this region, it is purely and typically American and constitutes a vital part of our natural landscape. Therefore it symbolizes our American pioneer spirit that can eke out an existence in the most arid and semi-arid lands; in this case, our Southwestern desert."

The opening concert at 3 p.m. Sunday, Oct. 24, in the University Center ballroom will include Katcina Dances by Ballard as well as works by Werner Heider, Halsey Stevens, Charles Ives, Mary Helen McCarty, Gerald Plain and Peter Phillips.

Mrs. Ballard's lecture demonstration will include six Spanish dances by Enrique Granados and a second number by the same composer, *Quejas o Maja y el Ruisenor*. Mrs. Ballard has studied and performed in Spain under a grant from the Cultural Ministry.

Ballard's lecture Tuesday at 8:15 p.m. in Music Building Room 1 will be on "The Need for an American Tradition." Ballard is music curriculum specialist for the Department of the Interior, Bureau of Indian Affairs. His lecture proposes that the American music tradition would embrace Indian, Black, Spanish and Anglo sources of folk music. Ballard is a descendent of American Indian chiefs on both sides of his Quapaw-Cherokee family. His European ancestry is French and Scottish. With his lecture, he will show a film, "Discovering American Indian Music."

A composer's forum will follow the film. On the panel will be Dr. Judson Maynard as moderator and Ballard, Plain, Mary Helen McCarty, Mazzacano and Payne.

The Electronic Music Concert at 8:15 p.m. Wednesday in Music Building Room 1 will feature Plain's work and representative works of the University of Michigan Electronic Music Studio and the Experimental Studio for Electronic Music at the University of Illinois. Plain's "Golden Wedding" and "aCHATA NOOGaCHOO" will be performed.

Stravinsky's *Octet for Wind Instruments* will highlight the student recital at 4:30 p.m. Wednesday in Music Building Room 1. Students performing in the three student recitals are from the classes of Gail Barber, Robert W. Deahl, Georgette Gettel, Jane Ann Henry, Bill Lucas, Keith McCarty, James Barber, Paul Mazzacano, Richard Meek, David Payne, and Marta Pender. These recitals will take place at 4:30 p.m. in Music Building Room 1 on Oct. 25, Oct. 27 and Oct. 28.

## SOUTHWESTERN ARTISTS INVITATIONAL EXHIBIT

Southwest painting other than stylistic regional painting; allow for the purchase of good contemporary work for the departmental collection for future teaching purposes; and offer a stylistic balance of art in the Texas Tech Art Department Teaching Gallery.

The exhibit will open Oct. 24 and be on display through Nov. 14 in the Art Department Gallery.

A Southwest Artists Invitational Exhibition sponsored by the International Center and the Department of Art, as a feature of the Center's Festival of the Arts of the Americas, will achieve a four-fold purpose of the art faculty.

It was arranged to give both students and the community a better understanding of contemporary artists of

## AMERICAN INDIAN ART SYMPOSIUM SCHEDULED

The Prehistoric Arts of Arid America will be the subject of a symposium sponsored by the International Center Oct. 29 at The Museum of Texas Tech University. Sessions will be from 10 a.m. to 12 noon and from 2 to 4:30 p.m. Dr. Charles C. Di Peso, director of the Amerind Foundation and a consulting professor of anthropology at Texas Tech, will chair the symposium.

Subjects will be varied, covering North, Central and South American contributions from the Western Hemisphere's earliest residents. George Kubler of the Department of the History of Art at Yale University, will discuss the classic Maya tablets at Palenque. His paper discusses "an emissary" from a highland climate characterized by costume and iconographic aspects.

Another discussion, by Donald W. Lathrap of the Department of Anthropology at the University of Illinois, Urbana, deals with "The Tropical Forest and the Appearance of the Early Great Art Styles of Nuclear America."

The Gran Chichimeca, the art of ancient Peru, water motifs in *kiva* murals, and shamanism, are other topics for discussion.

Also participating will be Dr. J. J. Brody, a member of the anthropology faculty and director of the Museum, University of New Mexico; Dr. Peter Furst, Department of Art, University of Texas, Austin; and Dr. J. Charles Kelley, a member of the anthropology faculty and coordinator of museum research, Southern Illinois University, Carbondale, Ill.

Dr. M. Elizabeth King of the Texas Tech anthropology faculty and curator of anthropology for The Museum of Texas Tech University, and Dr. Idris R. Traylor, Jr., deputy director of the International Center, have coordinated the program.

the Southwest.

The exhibit will display the works of Loren Mozley, Robert Eugene Tiemann, Barry Buxkamper, Denny Frazee, David Cale, Robert Wade and Harry Geffert.

The gallery is open and staffed on a regular basis from 1 to 5 p.m., Monday through Friday.

## FESTIVAL CALENDAR

OCT. 24 Opening Concert, 21st Symposium of Contemporary Music (SCM), Music faculty and Tech Percussion Ensemble, University Center, 3 p.m.  
OCT. 25 SCM Student Recital, Room 1, Music Building, 4:30 p.m.  
OCT. 26 Ruth Dore Ballard, lecture-demonstration, Room 1, Music Building, 4:30 p.m.  
Louis Ballard, lecture, film -- "Discovering American Indian Music," and Composers Forum, Room 1, Music Building, 8:15 p.m.  
OCT. 27 SCM Student Recital, Room 1, Music Building, 4:30 p.m.  
Electronic Music Concert, Room 1, Music Building, 8:15 p.m.  
OCT. 28 SCM Student Recital, Room 1, Music Building, 4:30 p.m.  
Final Concert of the Symposium of Contemporary

Music with the premier performance of Louis Ballard's *Desert Trilogy* University Center, 8:15 p.m.  
OCT. 29 Symposium on the Prehistoric Art of Arid America, The Museum, sessions beginning at 9:30 a.m. and 2 p.m.  
OCT. 30 Department of Architecture annual Homecoming Breakfast, Architecture Building, 7:30 a.m.  
Dedication of the Architecture Building, Architecture Courtyard, 9 a.m.  
Open House and tours of Architecture Building, 5-9 p.m.  
OCT. 31 Open House and tours of Architecture Building, 3-5 p.m.  
NOV. 1 Paolo Soleri, lecture and slides, Business Administration Building, 8 p.m.  
NOV. 9 Dr. Thomas Mastroianni, lecture-recital, The Museum, 10:30 a.m.

VOL. 2, NO. 11, OCTOBER 20, 1971

## TECH'S UNITED FUND GOAL IS \$25,865

The goal is \$25,865. That's the total considered a "realistic" goal for Texas Tech University's contribution to the Lubbock United Fund. Last year's goal was \$20,862.

The total Lubbock goal is \$838,045 to support agencies which, in return, work to make Lubbock a community that cares about the people who live here.

Co-chairmen for the Texas Tech campaign, kicked off Oct. 13, are Associate Vice President Fred Wehmeyer and Economics Prof. John Wittman who look on the increase and the goal as realistic. They have divided the goal into 20 college or division units based on the budgeted salaries within each unit.

"We are a part of this community," Wehmeyer said. "This is our campaign. The university benefits from the quality of life in Lubbock just as Lubbock is benefited by the university's contribution as its largest industry."

Quarterly or monthly giving are recommended methods, the co-chairmen said, making fair share giving possible for those who don't have the lump sum on hand. A fair share is an hour's wage per month.

"Anyone employed by the university benefits from the services rendered by United Fund agencies," Dr. Wittman said, pointing out that each of these agencies welcomes inquiries and visits.

Agencies combining their fund-raising efforts through the United Fund are:

The Red Cross, the American Social Health Association, Boy Scouts, Boys' Clubs, Camp Fire Girls, Girl Scouts, Christmas Clearance Bureau, Community Clothing Center, Community Planning Council, Family Service Association, Goodwill Industries, Guadalupe Neighborhood Center, Legal Aid Society, Lubbock Day Nurseries, Medical Research Foundation of Texas, Milam Children's Training Center, Parkway Neighborhood Center, Reese Dependent Youth Activities, Air Force Aid, Salvation Army, South Plains Guidance Center, Texas Citizens Committee of the National Council on Crime and Delinquency, United Service Organization (USO), Volunteer Bureau, World Adoption International Fund, Well Baby Clinic, YMCA and YWCA.

## BUSINESS COLLEGE HOSTS DISTINGUISHED VISITORS

Twelve leaders of American business, business education and government will visit the College of Business Administration this year to participate in sessions relating to evaluation and development planning in the college.

The first were Fred Moore, retired president of Mobil Oil Company who came Oct. 11, and Prof. John Buckley of the accounting faculty of the University of California at Los Angeles who visited Oct. 14 and 15.

The program planned for the visitors includes sessions with administrators and faculty and a lecture for faculty and advanced undergraduate and graduate students.

Scheduled to appear are: Ross Perot, Dallas, Oct. 27; Assistant Secretary of Commerce Larry Jobe, Nov. 11-12; Prof. James T. Porterfield, Department of Finance, Stanford University, Nov. 22-23; James Lesch, senior vice president and general manager, Hughes Tool Company, Dec. 6; and Prof. Kenneth B. Eble, Project for College Teaching, Jan. 27-28.

Others expected to visit the college at times to be arranged later are: W. D. Eberle, special delegate to the Organization for European Corporation and Development; Louis Lundborg, retired chairman, Bank of America; Prof. Robert Gagne of the Florida State University psychology faculty; Edward M. Lee, Jr., president, Information Handling Services; and Prof. Edward Learned of the Harvard Business School.

## BOARD OF REGENTS' OCTOBER 8 MEETING

The Board of Regents of Texas Tech University, meeting in regular session Oct. 8, took the following action:

- Authorized the administration to employ a bond attorney and fiscal agent to assist in arranging for the issuance and sale of revenue bonds amounting to \$5 million for the Texas Tech University School of Medicine;

- Authorized the employment of William E. Fox and Associates of San Angelo to prepare specifications for the renovation, air conditioning and repair of facilities at the Texas Tech University Center at Junction;

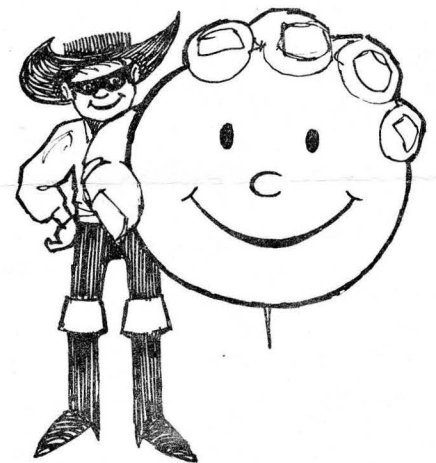

- Commended a report on types of programs that might be undertaken at the Center at Junction and asked that work proceed in planning the center's use;

- Authorized the preparation of plans and specifications and a request for bids on construction for finishing the sub-basement of the Art Building, at a cost not to exceed \$20,000;

- Established a formal policy and procedures for use of space and facilities at Texas Tech, codifying standards already used;

- Passed a special resolution of appreciation for the services of recently retired Dean Willa Vaughn Tinsley of the College of Home Economics.

Following the meeting of the Texas Tech University Board of Regents the Texas Tech University School of Medicine Board of Regents met in regular session.

*Put a Smile on Lubbock!*

## COORDINATING BOARD ACTION IS REPORTED

The Coordinating Board, Texas College and University System, Oct. 15 approved four requests of Texas Tech University and postponed action until its next meeting, Nov. 19, on the university's request for a School of Veterinary Medicine.

Approved were the master of music degree with a major in music history and literature, establishment of a bachelor of arts degree with a major in telecommunications, establishment of a separate Department of Anthropology, and reorganization of the College of Business Administration.

## MUSEUM RECEPTION MARKS FESTIVAL START

Members of the Women's Council of the West Texas Museum Association will be hostesses for a reception at The Museum of Texas Tech University from 2 to 4 p.m. Sunday, Oct. 24, marking the start of the International Center's Festival of the Arts of the Americas. The International Center for Arid and Semi-Arid Land Studies is bringing seven special exhibits to The Museum for the festival, and these open Oct. 24. Museum hours that day are from 1 to 5 p.m.

## PHYSICAL PLANT SUPERVISORS MEETING

Approximately 100 delegates from New Mexico and West Texas are expected to attend the annual Physical Plant Supervisors meeting at Texas Tech Oct. 21 and 22. Sessions will take place in the University Center.

PPS members are physical plant supervisors of institutions of higher education, public schools, hospitals, banks and other organizations which have a large physical plant to maintain.

## ARTS FESTIVAL SPECIAL EXHIBITS

**SOUTHWEST ARTISTS INVITATIONAL EXHIBITION**, Art Department Gallery, 1-5 p.m. daily, Oct. 24-Nov. 14

**ARCHITECTURAL DRAWINGS** by Paolo Soleri, Department of Architecture Gallery, Oct. 24-Nov. 22

**PRE-COLUMBIAN ART**, from Central Mexico and Guatemala, from the collection of Joe L. Skorepa, Tech Library foyer, Oct. 24-Nov. 14

**SOUTHWESTERN INDIAN HANDICRAFTS AND FOLK ART**, University Center, Oct. 24-Nov. 14

**LATIN AMERICAN PAINTINGS AND DRAWINGS**, from the Duncan collection, The Museum, Oct. 24-Nov. 14

**INDIAN IMAGES**, photographs from the Division of North American Anthropology, Museum of Natural History, Washington, The Museum, Oct. 24-Nov. 14

**SANTOS**, collection from the Museum of New Mexico, The Museum, Oct. 24-Nov. 14

**RETABLOS**, from the collection of Dr. Gene Hemmle, The Museum, Oct. 24-Nov. 14

**EMBROIDERIES BY CHILDREN OF CHIJNAYA, PERU**, from the Smithsonian Institution, The Museum, Oct. 24-Nov. 14

**INDIAN BLANKETS**, from the collection of Mr. and Mrs. Wesley Blankenship, The Museum, Oct. 24-Nov. 14

**POTTERY BY MARIA AND PO-PO-VI-DA**, from private collections, The Museum, Oct. 24-Nov. 14

## KAFKA SYMPOSIUM PROCEEDINGS PUBLISHED

Three Texas Tech faculty members are included in a recent publication on "Franz Kafka: His Place in World Literature," Volume IV of the Proceedings of the Comparative Literature Symposium held annually at Texas Tech University.

Dr. Wolodymyr T. Zyla of the Department of Germanic and Slavonic Languages is editor. Associate editors for Volume IV were Dr. Wendell M. Aycock and Dr. Pat Ingle Gillis of the Department of English. Dr. Mary Louise Brewer lectured on "The Chaotic Worlds of Apuleius and Kafka" as a symposium participant. Papers by Dr. Ruth Levinsky of the English Department, "In Search of Kafka -- Summer 1970," and Zyla, "Franz Kafka: Writer for the Twentieth Century," also were included in the publication.

## LECTURE SERIES IN ANTHROPOLOGY

Dr. Fred Wendorf, chairman of the Department of Anthropology at Southern Methodist University, is conducting a series of five lecture-discussions on "African Archeological Strategies" from 3 to 4:30 p.m. in Room 166 of the Business Administration Building on successive Mondays.

The first was Oct. 18. Others will be Oct. 25, Nov. 1, 8 and 15.

Wendorf is a consulting professor in anthropology for Texas Tech, and he served on the Tech faculty from 1956 to 1958. The series is designed for anthropology students and faculty but is open to other interested persons.

## STUDENT PROJECT

Students in advertising art have organized Visual Productions, a non-profit advertising agency which gives them practical experience, serves clients who could not afford a professional agency, and contributes earnings to an educational scholarship fund. Don Durland of the Department of Art is faculty sponsor. Student artists may be reached by telephoning 2-1146 or 2-1147.

## LA VENTANA

The Office of Student Publications has announced that the 1972 *La Ventana* will be offered faculty and staff at a special rate of \$7, delivered to the purchaser's office the latter part of August. Checks should be mailed to *La Ventana*, Texas Tech University, P. O. Box 4080, Lubbock, 79409.

## CALENDAR

OCT. 21	Western Dance, University Center, 8-10 p.m. State convention, Home Economics Student Section (American Home Economics Association), workshop, KoKo Palace, 4-10 p.m. Faculty recital, Larry Frazier, tenor, Room 1, Music Building, 8:15 p.m.	OCT. 27	International Folk Dance Night, Women's Gym, 7-8:30 p.m. SCM Student Recital, Room 1, Music Building, 4:30 p.m. Electronic Music Concert, Room 1, Music Building, 8:15 p.m.

## SPECIAL HOMECOMING EDITION

VOL. 2, NO. 12, OCTOBER 28, 1971

### FOUR DISTINGUISHED ALUMNI TO BE HONORED

Four former Texas Tech students who have achieved outstanding success in the fields of business, medicine and education will be honored as Distinguished Alumni at the fifth annual Distinguished Alumnus Luncheon Friday, Oct. 29.

The 1971 recipients of the Tech Ex-Students Association awards are: Charles B. (Tex) Thornton, chairman of the board of Litton Industries, Inc.; Dr. John R. Bertrand, president of Berry College; C. A. Cash, president of Diamond Shamrock Corp.; and Dr. George W. Burnett, associate dean of the School of Dentistry, Medical College of Georgia.

The luncheon, sponsored jointly by the Ex-Students Association and Texas Tech University, will begin at 12:15 p.m. in the Coronado Room of the University Center. Tickets at \$4 each should be purchased in advance at the Ex-Students Association Office on campus.

Thornton, of Haskell, Tex., entered Texas Tech in 1932, and he studied engineering and business administration. He left in his junior year and went to Washington, D.C., where he worked in the Department of the Interior, continuing his studies at night. He received the bachelor of commercial sciences degree in 1937 from George Washington University. He was vice president and general manager of Hughes Aircraft Co., when he left that company in 1953 to form his own company, Litton Industries, which established itself as one of the fastest growing corporations in U.S. business history.

Bertrand received his bachelor's degree in 1940 and his master's degree in 1941 at Texas Tech. His doctoral degree in rural sociology was earned at Cornell University in 1950. Born in White Deer, Bertrand is a commander, U.S. Navy (Retired). He is president of the Northeast Georgia Council of Boy Scouts of America and a member of the Board of Visitors of the U.S. Naval Academy. In addition to his duties as president of Berry College he serves as secretary to the Board of Trustees of the Berry Schools, Mount Berry, Ga. He is a member of the Century Club at Texas Tech. The distinguished alumnus is a cousin of Dr. Anson Rabb Bertrand, dean of the College of Agricultural Sciences at Texas Tech.

Cash, of McLean, Tex., studied chemical engineering at Texas Tech from 1932 to 1935. He recently was named president and chief operating officer of Diamond Shamrock. He has been serving on the company's Board of Directors as vice chairman and was chairman of the Amarillo-based oil and gas unit of the corporation. Cash has served on the Texas Tech governing board and now is a member of the Texas Tech University Foundation Board of Directors. He has served two terms as a district representative of the Tech Ex-Students Association and is a member of the Texas Tech Century Club.

Burnett, of Young County, received the bachelor's degree in zoology and chemistry from Texas Tech in 1937. His master's degree in physiology was earned at the University of Texas and his D.D.S. degree was awarded by Washington University, St. Louis. He serves as consultant to the director of the National Institute for Dental Research, U.S. Public Health Service. He was director of the Army's dental research institute at Walter Reed Army Medical Center from 1966 to 1968.

### LAMAR HUNT TO SPEAK FOR CENTURY CLUB

Lamar Hunt, Dallas oilman and owner of the Kansas City Chiefs football club, will be the featured speaker at the 11th annual Texas Tech University Century Club dinner at 6:30 p.m. Friday, Oct. 29, at the University Center.

The Century Club is an organization of ex-students and friends of the university. Membership is based upon financial support of at least \$100 per year through the Texas Tech Loyalty Fund. Anyone joining before Homecoming is eligible to attend the dinner, according to J. C. Chambers, 1971 chairman of the organization.

Hunt is a son of H. L. Hunt, one of the world's wealthiest men. An avid sports philanthropist, he is part owner of the Dallas-Fort Worth baseball franchise which has led the minor leagues in attendance. He has part interest in the Chicago Bulls of the National Basketball Association and also is part owner of the Dallas-based World Championship Tennis, a touring troupe of the world's leading

professionals in that sport. He owns the Dallas soccer team, the Tornados, and was a leader in starting professional soccer in the United States five years ago.

The Century Club's honored guests this year will be faculty and staff who retired during the past year.

### EVENT - PACKED WEEKEND MARKS '71 HOMECOMING

Southwest Conference football with the Texas Tech Red Raiders meeting the Rice Owls in Jones Stadium will climax the university's 1971 Homecoming celebration with its reunions, dances, breakfasts, luncheons and dinners, the big parade, and open house hospitality. Even a business meeting or two have been sandwiched into the schedule.

The parade theme is "Texas Tech--Try It--You'll Like It," and the starting time is 10 a.m. Saturday in downtown Lubbock. Kickoff time for the game is 2 p.m., but Jones Stadium festivities begin 15 minutes earlier with presentation of Parade Awards and the Homecoming Queen.

Thousands of ex-students and friends of Texas Tech are expected to "come home" for the celebrations which will end with a homecoming dance at 9 p.m. Saturday at the KoKo Palace. Classes of 1951, 1956, 1961 and 1966 will be honored.

Top events Friday are the Distinguished Alumnus Luncheon beginning at 12:15 p.m. in the Coronado Room at the University Center and the Century Club Dinner at 6:30 p.m. in the Ballroom of the University Center.

All ex-students are invited to a 10 a.m. Ex-Students Association Council meeting in the University Center Ballroom. New officers will be elected. Voting delegates are chapter presidents, district representatives, past presidents of the association and members of the Executive Board.

Something new for homecomers will take place at 2:15 p.m. Friday when President Grover E. Murray and Executive Vice President Glenn E. Barnett will present "Texas Tech--Today and Tomorrow" at the University Theater. A special audio-visual presentation will accompany talks by the administrators. Wayne James, executive director of the Ex-Students Association, described this event as a "must" for those who want to know the "inside" information about Texas Tech.

The big bonfire and pep rally will take place in the field south of the Physical Plant Building, starting at 7 p.m. Friday. The Air Force and Army ROTC are sponsoring the bonfire, and the Saddle Tramps are sponsoring the pep rally.

On Saturday more than 6,000 persons are expected to attend the Ex-Students Luncheon in the Municipal Coliseum, beginning at 11:30 a.m. after the parade and before the game.

Faculty and student events will both precede and follow the game. The College of Agricultural Sciences and the Department of Architecture are planning annual breakfasts. The Department of Art and the Department of Mass Communications are planning open houses. For 20 student organizations there will be special events honoring homecoming exes.

## 1971 HOMECOMING HOUR-BY-HOUR

### Friday, October 29

- 8:30 a.m. Ex-Students Association Board meeting and Loyalty Fund Trustees meeting, Blue Room, University Center
- 9:00 a.m. Ex-Students Association Past Presidents' Coffee, Mesa Room, University Center
- 9:15 a.m. Orientation and coffee for new Association Council members, Ballroom, University Center
- 10:00 a.m. Ex-Students Association Council meeting and election of officers for 1972, Ballroom, University Center
- 12:15 p.m. Distinguished Alumnus Awards Luncheon, Coronado Room, University Center
- 2:15 p.m. Conferences on Texas Tech: Today and Tomorrow, University Theater: in depth program on the future of Texas Tech University, featuring a slide show and presentations by President Grover E. Murray and Executive Vice President Glenn E. Barnett. All Exes are invited
- 6:30 p.m. Century Club Dinner for members and invited guests, Ballroom, University Center

- 7:00 p.m. Bonfire sponsored by Air Force and Army ROTC and giant Pep Rally sponsored by Saddle Tramps, field south of Physical Plant Building
- 9:00 p.m. Classes of 1925-50, reunion and dance, KoKo Palace, 50th and Avenue Q, Mark Anthony and orchestra
- 9:00 p.m. Classes of 1951-71, "Come as you are" Reception, KoKo Palace, 50th and Avenue Q

### Saturday, October 30

- 10:00 a.m. Homecoming Parade, downtown Lubbock
- 11:30 a.m. Ex-Students Luncheon, Municipal Coliseum
- 1:45 p.m. Presentation of Parade Awards and Homecoming Queen, Jones Stadium
- 2:00 p.m. Texas Tech - Rice Homecoming Football Game, Jones Stadium
- 8:00 p.m. Concert, The Association, Municipal Auditorium, students, \$2.50, public, \$3.50
- 9:00 p.m. Ex-Students Homecoming Dance, KoKo Palace, 50th and Avenue Q, March Anthony and Orchestra, sponsored by the Ex-Students Association. All Exes invited

## SPECIAL EVENTS FOR ALUMNI

- COLLEGE OF AGRICULTURAL SCIENCES -- Breakfast for former students of the College, 7:30 a.m., Oct. 30, Livestock Pavilion
- DEPARTMENT OF ARCHITECTURE -- Annual Alumni Breakfast, 7:30 a.m., Oct. 30, Architecture Building; open house and tours of Architecture Building, 5-9 p.m. Oct. 30, 3-5 p.m. Oct. 31
- DEPARTMENT OF ART -- Homecoming coffee, 8:30-10 a.m., Oct. 30, Art Building; Southwest Artists Invitational Exhibition, 1:30-4 p.m. Oct. 29 and 8-11 a.m. Oct. 30, Art Gallery; student art also on exhibit
- DEPARTMENT OF MASS COMMUNICATIONS -- Open house and coffee, 9 a.m.-12 noon, Oct. 30, Conference Room, Journalism Building
- ICASALS -- Festival of the Arts of the Americas' exhibits in The Museum of Texas Tech University, 10 a.m.-5 p.m. Oct. 29-30; other exhibits in the Library, Art and Architecture galleries, University Center
- ALPHA CHI OMEGA -- Brunch, 10 a.m.-12 noon, Oct. 30, Alpha Chi Omega Lodge

- CASA LINDA -- Reception for Exes, 9-11 a.m., Oct. 30, Blue Room, University Center
- CHI OMEGA -- Homecoming reception, Oct. 30, post-game, Chi Omega Lodge, 2613-19th
- CHI RHO -- Homecoming dance, 8:30 p.m. Oct. 30, Holiday Inn Parkway
- CHITWOOD HALL -- Homecoming coffee, 9-11 a.m. Oct. 30, Chitwood Hall Lounge
- DELTA GAMMA -- Post-game party, Delta Gamma Lodge
- GAMMA PHI BETA -- Tea, 11:30 a.m.-12:30 p.m. Oct. 30, Gamma Phi Beta Lodge
- HULEN HALL -- Open house, 1-5 p.m., Oct. 30, Hulen Hall
- KAPPA ALPHA ORDER ALUMNI CHAPTER -- Informal reception for KA alumni, post-game, Oct. 30, 4501-14th
- LOS TERTULIANOS -- Party for Exes, members and dates, 7:30 p.m.-12 midnight, Oct. 30, Wesley Lodge, Buffalo Springs Lake
- MAJOR-MINOR CLUB -- Annual Homecoming Tea honoring alumnae of the Department of Health, Physical Education and Recreation for Women, 8-10 a.m., Oct. 30, Women's Gym

- MORTAR BOARD -- Reception and brunch for alumnae and former sponsors, 9 a.m., Oct. 30, Anniversary Room, University Center
- PHI MU ALPHA SINFONIA -- Reception, post-game, Oct. 30, 1305 Ave. R
- SADDLE TRAMPS EXES -- Reception, 9 a.m.-12 noon, Oct. 30, First Federal Savings and Loan Branch Office, 2220-34th
- SIGMA CHI -- Alumni reception, post-game, Oct. 30, 2801 Peoria
- SIGMA KAPPA -- Reception for alumnae, 9 a.m.-game time, Oct. 30, Sigma Kappa Lodge, 4208-19th
- TEXAS TECH BAND -- Reception honoring band alumni, 5-7 p.m., Oct. 30, Coronado Room, University Center
- TEXAS TECH SOCCER TEAM -- Game between Tech and Midwestern University, 10-11:30 a.m., Oct. 30, Tech Track Field, no charge
- WOMEN'S SERVICE ORGANIZATION -- Homecoming coffee, 9-11 a.m., Oct. 30, Ballroom, University Center
- WOMEN'S VARSITY VOLLEYBALL TEAM -- Game between Tech and Sul Ross, 10:30 a.m., Oct. 30, Room 125, Women's Gym, no charge

## ART, ARCHITECTURE PLAN SPECIAL EVENTS

Events of special interest for any who have not yet toured the new Architecture and Art Building will take place Homecoming weekend while both art and architecture departments are showing special exhibits.

The Department of Architecture also will host a Homecoming Breakfast Oct. 30 at 7:30 a.m. Richard Weldon, graduate of the department who is now associated with the office of I.M. Pei, Denver, will be the guest speaker. Tours of the Architecture Building will be offered from 5 to 9 p.m. Oct. 30 and 3 to 5 p.m. Oct. 31.

The Department of Art will have an open house and coffee from 8:30 to 10 a.m. Oct. 30. Student art will be exhibited in laboratories and in the main corridor.

Tech Ex-Students home on campus.

# For Your Information

A Newsletter to the Faculty and Staff of the TEXAS TECH UNIVERSITY COMPLEX

Published the first and third Wednesdays of each month by the Office of Information Services, 220 Administration Building. Special editions published when required. Items should be submitted before 9 a.m. on the Friday preceding the week of publication.

VOL. 2, NO. 13, NOVEMBER 3, 1971

## SCIENCE/ENGINEERING IN-HOUSE SEMINAR TO BE HELD NOV. 4-5

Dr. Raymond L. Bisplinghoff, deputy director of the National Science Foundation, will speak at Texas Tech Nov. 5 in the closing session of a two-day in-house Science and Engineering Research Seminar designed to give departments on campus an opportunity to exchange information on their current research activities and future prospects.

The seminar will be held in the University Center and is open to students, faculty or any other interested persons. It is sponsored by the Graduate School. The Steering Committee includes Industrial Engineering Prof. Charles L. Burford, Petroleum Engineering Prof. Philip Johnson, Joseph E. Minor, lecturer and research coordinator in the Department of Civil Engineering, and Chemistry Prof. Robert Rekers.

A summary of research in science and engineering has been published for the seminar. Edited by Minor and Profs. David K. Ferry and Arthur L. Draper, it contains reports from the departments of Biology, Chemistry, Geosciences, Mathematics, Physics, and Agricultural, Civil, Electrical, Industrial, Mechanical and Petroleum Engineering, the Textile Research Center, the Water Resources Center and the International Center for Arid and Semi-Arid Land Studies.

Dr. J. Knox Jones, dean of the Graduate School, will speak at the luncheon Nov. 4 in the Ballroom of the University Center. Bisplinghoff's address will follow a buffet Friday at noon and will take place at 1:30 p.m. in the Coronado Room.

Others participating in the program will be President Grover E. Murray, Executive Vice President Glenn E. Barnett, Dr. Orlo E. Childs, vice president for Research and Special Programs, Dr. Lawrence L. Graves of the College of Arts and Sciences;

The chairmen of various departments -- Dr. Willie L. Ulich, agricultural engineering; Dr. William D. Miller, geosciences; Dr. R. C. Jackson, biology; Dr. Richard A. Dudek, industrial engineering; Dr. James E. Archer, engineering analysis and design; Dr. E. W. Kiesling, civil engineering; Dr. Henry J. Shine, chemistry; Dr. Henry L. Gray, mathematics; Dr. Henry C. Thomas, physics;

Representing other departments -- Prof. Duane A. Crawford, petroleum engineering; Drs. Burford, M. M. Ayoub and Brian K. Lambert, industrial engineering; Drs. Duane P. Jordan, James W. Lawrence and M. Ruiz-Urbietta, mechanical engineering; Drs. J. E. Halligan and R. R. Graham, chemical engineering; and Dr. Marion O. Hagler and William M. Portnoy, electrical engineering;

And from other organizations, Harry E. Arthur, associate director of the Textile Research Center; Dr. Dan M. Wells, director, Water Resources Center,

## TECH REACHES 56 PER CENT OF UNITED FUND GOAL

Five of the university's 21 segments given United Fund goals have gone over the top to Put a Smile on Lubbock. But as a whole Texas Tech has met only 56 per cent of its goal.

Those meeting assigned goals by more than 100 per cent are: General College Administration, 115 per cent; General Institutional Expense, 103 per cent; College of Education, 132 per cent; Division of Continuing Education and Educational TV, 118 per cent; and Retired Faculty and Staff, 113 per cent.

The College of Agricultural Sciences and the School of Law and Law Library are close, with 93 per cent of their goals contributed.

Citywide contributions are within 21 per cent of the \$823,045 goal. Texas Tech's share is \$25,865. A fair share is considered an hour's wage per month.

Co-chairmen for the Texas Tech campaign are Associate Vice President Fred Wehmeyer and Economics Prof. John Wittman.

November is Savings Bond Month

## NOVEMBER IS SAVINGS BOND MONTH

There's an old West Texas saying, "I did it to pleasure myself!"

November is U.S. Savings Bond Month at Texas Tech with the opportunity to "pleasure yourself" by signing up for the Payroll Savings Plan or increasing your present allotment. Each department and division on campus has a chairman for the U.S. Savings Bond Payroll Savings Plan, and he will contact the faculty and staff with whom he works.

Texas Tech's committee for the Bond drive is headed by Dr. Harley Oberhelman. Dr. Louise Luchsinger and Larry Templeton are serving with him. They pointed out advantages -- safety, a new bonus interest, extension privilege, tax advantages, convenience, and knowing you have a cash reserve.

Starting January 1, bonds purchased through Payroll Savings will be mailed to purchasers by the Payroll Department.

Payroll Savings is deferred take-home pay that grows. Bonds serve as an emergency fund. If the bills are too heavy now, move forward the effective date of your allotment a month or two. But aim to pay yourself first -- with money invested in bonds.

There are lots of other ways to save, but Savings Bonds are a painless and automatic way. Only they offer the special tax benefits. Only they guarantee the rate to maturity, including a bonus.

Ask about Payroll Savings -- and pleasure yourself!

and Dr. Frank B. Conselman, director, International Center for Arid and Semi-Arid Land Studies.

On the Seminar Committee are Halligan, Portnoy, Rekers and Dr. Billy J. Marshall, physics, and Prof. William A. Stewart, architecture.

## STUDENT LIFE OFFICE

The office for Student Life has moved to a permanent location on the second floor, main corridor, of the Administration Building. Entrance to all offices is through Room 209.

In the Administration Building offices are Dean of Students Lewis N. Jones, Assistant Dean for Administration George Scott Jr. and Student Life Advisers Joy Cox, Donna Densford, Eugene Lake and David Nail.

Remaining in West Hall offices are Assistant Dean for Programs William H. Duvall, Director of International Student Services Robert Burnett and Adviser Jane Terry for Panhellenic Council and Student Activities.

## ART TEACHERS MEETING

Texas Tech's 17th annual Child Art Conference will be held this year in conjunction with the annual state convention of the Texas Art Education Association. The TAEA will meet Nov. 19-21. The Child Art Conference will meet Nov. 20, beginning with registration at KoKo Convention Center at 7:30 a.m. Afternoon sessions will be at Texas Tech.

## EXHIBITS

**AT THE MUSEUM**, through Nov. 14: **LATIN AMERICAN PAINTINGS AND DRAWINGS** from the Duncan Collection; **INDIAN IMAGES**, photographs from the Division of North American Anthropology, Museum of Natural History, Washington; **SANTOS** from the Museum of New Mexico; **RETABLOS** from the Hemmle Collection; **EMBROIDERIES BY CHILDREN OF CHIJNAYA, PERU**, from the Smithsonian Institution; **INDIAN BLANKETS** from the Blankenship Collection; **POTTERY BY MARIA AND PO-PO-VI-DA**, from private collections

**SOUTHWEST ARTISTS INVITATIONAL EXHIBITION**, Art Department Gallery, 1-5 p.m. daily, through Nov. 14

**ARCHITECTURAL DRAWINGS** by Paolo Soleri, Department of Architecture Gallery, through Nov. 22

**PRE-COLUMBIAN ART**, from Central America and Guatemala, from the collection of Joe L. Skorepa, Tech Library Foyer, through Nov. 14

**SOUTHWESTERN INDIAN HANDICRAFTS AND FOLK ART**, University Center, through Nov. 14

## MASTROIANNI CONCERT

Dr. Thomas Mastroianni of the music faculty will give the final performance of the Festival of the Arts of the Americas in a lecture-recital at The Museum of Texas Tech University at 11 a.m. Tuesday, Nov. 9. He will discuss the influence of French impressionism on the piano music of Latin America.

The International Center for Arid and Semi-Arid Land Studies is sponsor of the Festival, and Mastroianni's performance is sponsored by the Women's Council of the West Texas Museum Association.

Mastroianni will illustrate his lecture with the works of Debussy, Ravel, Villa-Lobos, Ginastera and other composers. His performance also is a component of the 21st annual Texas Tech Symposium of Contemporary Music.

## EX-STUDENTS ELECT OFFICERS FOR 1972

T. C. Root, Jr., of Dallas is the 1972 president of the Texas Tech University Ex-Students Association. His election came at the association's annual business meeting Friday, Oct. 29. Root had served as first vice president.

Other officers elected to begin terms Jan. 1 are: Wilmer Smith, New Home, first vice president; Manuel DeBusk, Dallas, second vice president; and directors Dan Howard and Don Furr, both of Lubbock, Bob Brown of Lamesa and W. F. (Pete) Baker of Abilene.

Keith Anderson, Midland, was elected to a two-year term as Athletic Council representative from the association.

## PLAY OF DANIEL

The Texas Tech Music Theatre and Collegium Musicum will perform the 12th Century *Play of Daniel* for the first time in Texas at 8:15 p.m. Thursday, Nov. 18, in the First Christian Church. Admission is free.

## NOTABLE QUOTE

Let your heart feel for the afflictions and distresses of every one and let your hand give in proportion to your purse; remembering always the estimation of the widow's mite, that it is not every one that asketh that deserveth charity; all, however, are worthy of the inquiry, or the deserving may suffer. -- George Washington

Contributed by Dr. C. M. McPherson of the chemistry faculty who will receive from FYI a campus photo suitable for framing.

## DISSERTATION FELLOWSHIPS DEADLINE IS JANUARY 15

Closing date for applications for 200 Dissertation Fellowships offered by the Woodrow Wilson National Fellowship Foundation is Jan. 15. These are for students in the humanities and social sciences. An award is granted to a student only once and may cover a period of up to 15 months. The basic stipend is \$225 per month with allowances of up to \$1,500 for dependent children. Application forms and additional information are available in the office of the Graduate School.

## FOR SALE

**SURPLUS PROPERTY** (available to other departments) Typewriter, Electric IBM, Serial No. 2640876; TTU No. 104455. May be seen at Law School, Room 124; contact Sandy McDonald, 2-6121. If agreement is reached between two departments, the department heads should jointly request transfer of the equipment and transfer of funds. Make request of the Comptroller and Treasurer, with a copy to the manager of the Central Warehouse.

## ARCHITECTS GIVE AWARD FOR MUSEUM

The Museum of Texas Tech University was selected for an Award of Merit presented Oct. 29 at the annual meeting in Dallas of the Texas Society of Architects, the regional organization of the American Institute of Architects.

## CALENDAR

- |          |   |            |   |
|----------|---|------------|---|
| NOV. 4   | "My Uncle" (French film), University Center, 4, 8p.m.   | NOV. 11,12 | Student and South Plains Societies, Society of Petroleum Engineers, KoKo Palace                             |
| NOV. 4,5 | Science and Engineering In-House Seminar, University Center, 9 a.m. - 3:30 p.m. (Nov. 4), 4 p.m. (Nov. 5)   | NOV. 12    | Food Science and Nutrition Seminar, Business Administration Building Auditorium, 2:30 p.m.                  |
| NOV. 5   | "The Time Machine" (film), University Center, 8 p.m.  |            | "The Professionals" (film), University Center, 8 p.m.   |
|          | Tech Chamber Orchestra, Arthur Follows, soloist, Westminster Presbyterian Church, 8:15 p.m.                 | NOV. 13    | Faculty recital, James Walker, flute, Seaman Hall, 8:15 p.m.  |
|          | Lecture, Dr. Raymond L. Bisplinghoff, Science and Engineering Seminar, University Center, 1:30 p.m.         | NOV. 14    | Football -- Baylor, Lubbock 2 p.m.  |
| NOV. 6   | Voter Registration Conference, University Center, all day   |            | Coffeehouse, University Center, after ballgame  |
|          | Football -- Texas Christian, Fort Worth, 2 p.m.   |            | International Affairs Council Dinner, University Center, 6:30 p.m.  |
| NOV. 7   | "Mr. Sun," Moody Planetarium, 3 p.m.  |            | "Mr. Sun," Moody Planetarium, 3, 4 p.m.   |
|          | Artists Series, San Antonio Symphony Orchestra, Municipal Auditorium, 3 p.m.                                | NOV. 15    | Junior recital, Isela Guaderrama, bass clarinet, Randy Stephenson, clarinet, Room 1, Music Building, 3 p.m. |
|          | "Mr. Sun," Moody Planetarium, 3, 4 p.m.   |            | "The Professionals," University Center, 3, 7 p.m.   |
|          | "The Time Machine," University Center, 3, 7 p.m.  | NOV. 16    | Dr. Rollo May, lecture, University Center, 8 p.m.   |
| NOV. 7-9 | Dairy and Food Conference ( Department of Food Technology) Holiday Inn Parkway, ending at 11:30 a.m. Nov. 9 | NOV. 18    | Annual dinner meeting of the West Texas Museum Association, The Museum, 7:30 p.m.                           |
| NOV. 9   | Piano concert, Dr. Thomas Mastroianni, The Museum, 11 a.m.  |            | Junior recital, Lynn Rylander, percussion, Room 1, Music Building, 8 p.m.                                   |
| NOV. 10  | Speakers Series -- Rod McKuen, Municipal Auditorium, 7:15 p.m.  |            | Western Dance, University Center, 8 p.m.  |
| NOV. 11  | Jazz Ensemble Concert, Moody Auditorium, Lubbock Christian College, 8 p.m.                                  |            | <i>The Play of Daniel</i> , First Christian Church, 8:15 p.m.   |

VOL. 2 NO. 14, NOVEMBER 17, 1971

## TECH NOMINATES TWO FOR ACE INTERNSHIPS

Texas Tech University is in the unusual position this year of nominating two persons for the American Council on Education's Academic Administration Internship Program.

President Grover E. Murray said that because two "unusually outstanding" candidates made the choice of one extremely difficult, special permission was requested and granted to make two nominations. Fellowships usually are announced in February.

ACE Fellows are granted a nine-month experience in learning academic administrative organization and process. The program is designed to increase the Fellow's awareness of the diversity of higher education, the role of higher education in society, and his own possible future as an academic administrator. The president or a senior administrative officer of the host institution serves as the Fellow's mentor.

Associate Vice President Monty E. Davenport was Texas Tech's first ACE Fellow. Dr. William R. Johnson of the history faculty, who serves as associate dean of the College of Arts and Sciences, is an ACE Fellow now at the University of North Carolina, serving in the office of President William Friday.

Johnson said he would be in Lubbock to visit Nov. 22 and 23.

## OPEN HOUSE

Dean of Students Lewis B. Jones and the staff in the Office of Student Life invite the campus community to an Open House Nov. 24 in newly remodeled quarters entered through Room 209 of the Administration Building. The open house from 3 to 5 p.m. will give visitors an opportunity to meet the staff and tour the offices.

## JURY DUTY

Texas Tech Resident Counsel Carlton B. Dodson reminds faculty and staff that time off is granted for jury duty. The only acceptable excuses for not serving are for women with children under 10 years of age and for anyone more than 65 years old.

## ACCIDENT REPORTS

Accidents involving Texas Tech property, premises and personnel should be filed with Resident Counsel Carlton B. Dodson, whose office is in the east wing of the Administration Building, and with Contracting and Purchasing Officer John G. Taylor, west wing of the Administration Building.

If there is a question as to whether a report should be filed, call either office for advice.

## ECONOMICS TV PROGRAM

A new KTXT-TV program on current economic issues is sponsored by the Department of Economics. The show is scheduled for 6:30 p.m. on the first Tuesday of each month.

## TECH REACHES 92% OF UF GOAL

Texas Tech's most recent report on its United Fund Goal of \$25,865 showed the university within 8 per cent of the top, with contributions totaling \$23,278.48 for 92 per cent of the goal. Co-chairmen of the Texas Tech campaign are Associate Vice President Fred Wehmeyer and Economics Prof. John Wittman.

## FALL FACULTY COUNCIL MEETING TO BE NOV. 30

The fall meeting of the Faculty Council will be held at 3 p.m. Tuesday, Nov. 30, in the University Center Ballroom. Distinguished Teaching Awards will be announced, and the proposed by-laws of the Council will be presented to the membership.

Other resolutions or proposals to be introduced at the meeting should be sent to reach Chairman Charles E. Dale of the Faculty Council Executive Committee 10 days prior to the meeting. They should be addressed to Prof. Dale, Business Law, Campus.

## EQUIPMENT REQUIREMENT

Before equipment is removed from the campus to field camps and other locations, it must be inventoried and tagged as state or federal property. The reminder comes from Property Manager J.E. Crawford who requests cooperation in meeting this law requirement.

## TECH DESIGNATES 10 PRESTON SMITH SCHOLARS

Texas Tech has awarded the first 10 Preston Smith Merit Scholarships, according to Dr. S. M. Kennedy, vice president for Academic Affairs. Dr. Kennedy said the recipients will be honored at a ceremony later this fall.

Texas Tech University last April became one of 200 institutions which serve as sponsors in the National Merit Scholarship Program. Finalists in this program are eligible for the Preston Smith Merit awards. Financial support for Tech's participation comes from the scholarship fund drive sponsored by the Ex-Students Association.

## TEXAS TECH GAINS NEW NASULGC REPRESENTATION

Vice Presidents S. M. Kennedy and Orlo E. Childs were named to new positions within the National Association of State Universities and Land-Grant Colleges at the 85th annual convention of the NASULGC in New Orleans Nov. 7-10.

Dr. Kennedy, vice president for Academic Affairs, who has been serving on the Executive Committee of the Council for Academic Affairs, was designated a member of the Senate and named a member of the 16-man Executive Committee of the Association. He will be the representative on this committee for the Council for Academic Affairs. He is the first individual from Texas Tech to be named to the NASULGC Executive Committee.

Dr. Childs, vice president for Research and Special Programs, was named to serve on the Executive Committee of the Council on Research Policy and Administration.

President Grover E. Murray serves on the Special Senate Committee on Mineral Resources and on the Commission on Home Economics.

Texas Tech Comptroller and Treasurer Leo E. Ells made a presentation before the Council for Business Affairs at the convention.

Also attending from Texas Tech were Assistant Vice President for Academic Affairs J. Wayland Bennett, Dean Anson R. Bertrand of the College of Agricultural Sciences, Dr. William F. Bennett who is assistant dean of that college, and Chairman Robert L. Rouse of the Department of Economics.

## BUY U.S. SAVINGS BONDS

## FOLK DANCES TAUGHT

This semester's third International Folk Dance night will be held from 7 to 8:30 p.m. Wednesday (Nov. 17) in the University Center Ballroom. Everybody's invited and it's free, according to Director Peggy Williams of the Department of Health, Physical Education and Recreation for Women. Participants are taught the dances before the music starts. As many as 200 have attended previous sessions.

## EXHIBITS

**ARCHITECTURAL DRAWINGS**  
by Paolo Soleri, Department of  
Architecture Gallery, through  
Nov. 22

**ART FACULTY SHOW**, Art  
Building Gallery, Nov. 21, Dec. 8

**SCULPTURE**, students of Prof.  
John Queen, Department of Art,  
Main Gallery, The Museum, Nov.  
21-Dec. 12

**WATERCOLORS**, annual  
exhibition, West Texas Chapter,  
Southwest Watercolor Society,  
The Museum, Nov. 21 - Jan. 2

**HISTORY OF WATER SUPPLIES  
IN THE WEST**, representing  
work in the departments of  
History and Civil Engineering,  
Library foyer, Nov. 15 - Dec. 1

## JONES REPRESENTS TECH AT ANNUAL OTS MEETING

Dean J. Knox Jones of the  
Graduate School represented Texas Tech  
at the Nov. 11-15 annual meeting of the  
Executive Committee and Board of  
Directors of the Organization for Tropical  
Studies (OTS). The meeting was held in  
Costa Rica and included field trips to  
OTS research locations.

Jones and Dean Anson R. Bertrand  
of the College of Agricultural Sciences are  
Texas Tech's representatives on the OTS  
Advisory Council.

## FOR SALE

**SURPLUS PROPERTY** (available  
to other departments) four  
**TYPEWRITERS** and one  
**DUPLICATOR -- TYPEWRITERS:**  
**UNDERWOOD** manual, SN  
7335683 Inventory No. 10845;  
**ROYAL** manual, SN 4639898  
Inventory No. 24455; **ROYAL**  
manual, SN 3061119 Inventory No.  
24456; **SMITH CORONA** manual  
SN 88E4230283 Inventory No.  
57870. Each may be seen at the  
Dairy Barn. Contact L. F. Kaether  
or J. E. Crawford, 3-3292. Also one  
**DUPLICATOR, DITTO** 1965  
Model, SN 10087, Inventory No.  
100944, may be seen in Room 203,  
Social Science Building. Contact  
Jack W. Hopkins, 3-3121. If  
agreement is reached, department  
heads should jointly request  
transfer of equipment and funds, if  
any.

**SURPLUS PROPERTY** (for  
individuals and/or firms, available  
to highest and best bidder) five  
pickups, one dump truck, one  
garbage truck: **PICKUPS -- 1959**  
**FORD**, License No. 162736, Motor  
No. F10C9D28676, Inventory No.  
135006; **1957 CHEVROLET**,  
License No. 162735, Motor No.  
3A57K109566, Inventory No.  
135005; **1950 3/4-ton DODGE**,  
License No. 43516, Motor No.

117286303, Inventory No. 87289;  
**1950 CHEVROLET**, License No.  
144741, Motor No. HBA994156,  
Inventory No. 57550; **1951 FORD**,

A Newsletter to the Faculty and Staff of the TEXAS TECH UNIVERSITY COMPLEX

Published the first and third Wednesdays of each month by the Office of Information Services, 220 Administration Building. Special editions published when required. Items should be submitted before 9 a.m. on the Friday preceding the week of publication.

VOL. 2 NO. 14, DECEMBER 1, 1971

## DENNIS, PATTERSON, PACKARD RECEIVE AWARD

Three Texas Tech faculty members were named recipients of the university's 1971 Distinguished Teaching Awards at the fall meeting of the Faculty Council Tuesday, Nov. 30. They are Dr. Joe Dennis, Dr. William T. Patterson and Dr. Robert L. Packard.

The awards are made for teaching excellence. Each recipient receives a \$1,000 award from the Standard Oil Foundation of Indiana. A campus-wide committee of faculty and students made the selection.

Dennis, a biochemist and chairman of the Department of Chemistry from 1950 to 1969, came to Texas Tech as an instructor in 1938. He was named a fellow of the American Association for the Advancement of Science in 1952 and served as president of the Southwestern and Rocky Mountain Division. He is listed in *Who's Who of America*.

Patterson, a professor in the Department of Classical and Romance Languages, has a major interest in French although his most recent studies have been of the Spanish language with applications in problems of the Mexican-American learning English.

Packard, a mammalogist, has conducted the special seminar for honor students in the College of Arts and Sciences and introduced a new series of behavioral studies with live animals for the freshman honor course in laboratory sciences.

## PAYROLL SAVINGS PLAN

Savings Bond Month has been extended through Dec. 3, and arrangements can be made to purchase bonds through the Payroll Savings Plan through Friday, according to Dr. Harley D. Oberhelman, chairman of the university's committee for the bond drive.

## NEWEST EDITION FOUNDATION DIRECTORY AVAILABLE FOR USE

The fourth edition of the important *Foundation Directory* has been received by Texas Tech's Office of Development and Information Services. Two copies are available for campus use by contacting the development office (2-2129, Room 220, east wing, Administration Building).

The previous edition was published in 1967.

The new edition lists 5,434 foundations with assets of \$500,000 or more, or which made grants of \$25,000 or more, in the year of record. New features include the number of grants made during the year of record and the name of the person to whom communication should be addressed, wherever this is known.

Other information includes: corporate name and address; the date and form of organization; the name of the donor or donors; general purpose and activities as well as special limitations; assets, gifts received, and expenditures; grants for the most recent year; and the names of officers and trustees.

Indices are provided in three areas: foundations, fields of interest, and donors, trustees and administrators.

The directory has been described as the "most comprehensive and meticulous compendium of American foundations that has yet been made."

Copies can be purchased at a discount price of \$13.50 by ordering it through the Office of Development.

## DEPARTMENT OF ENGLISH TO PUBLISH *CONRADIANA*

The Department of English, with the support of the College of Arts and Sciences and the Graduate School, will begin publishing *Conradiana* in January, 1972. Dr. E. A. Borjarski of McMurry College, founder of the journal, will continue as general editor. Dr. Dan Lees of Texas Tech will be managing editor. Department chairman Marion C. Michaels, editor for "News Notes and Queries" since the magazine's founding, will continue in that position.

*Conradiana*, relating to the life and works of Joseph Conrad, has a national editorial board representing the United States and 20 other countries. Subscribers number 650.

## BOARD OF REGENTS

The Texas Tech University Board of Regents will hold a regularly scheduled meeting at 3:30 p.m. Friday, Dec. 3, in the Regents Room, east wing, Administration Building.

Carol of Lights Dec. 7

## VETERINARY SCHOOL APPROVED FOR TECH

A School of Veterinary and Zoological Medicine at Texas Tech University was authorized by the Coordinating Board, Texas College and University System, Nov. 19.

Subject to legislative funding, the school will be developed in conjunction with the Texas Tech University School of Medicine.

The Texas Tech proposal calls for the construction of facilities costing \$5.4 million, including a \$790,000 large animal clinic and diagnostic center on the campus of West Texas State University at Canyon.

As proposed to the Coordinating Board, Texas Tech would build a \$1,800,000 large animal facility and small animal hospital as part of the medical school complex on a 250-acre site at Indiana and 4th Street on the Texas Tech campus.

Operating costs were estimated at \$1.8 million annually from state appropriated funds. When fully operational, the school would be expected to enroll 50 freshmen students each year.

President Grover E. Murray said the first 25 candidates for a degree in veterinary medicine hopefully will be enrolled in the fall of 1973. As proposed, the degree program would be a four-year plan compressed into 36 calendar months.

## CREDIT CARDS

The Texas Tech Bookstore now is accepting either the Bookstore Courtesy Card or a faculty and staff I.D. card as credit reference for purchases. The announcement was made by Larry H. Templeton, general manager of the Bookstore, who said that the decision was made to avoid duplication of effort. The Bookstore will continue to issue charge cards for members of the immediate family of faculty and staff.

## CAROL OF LIGHTS

Texas Tech's annual spectacular, the Carol of Lights, will begin at 6:45 p.m. Tuesday, Dec. 7, with activities centered in the Science Quadrangle. The event is sponsored by the Women's Residence Council with the cooperation of the Department of Music. In addition to carol singing, there will be performances by the Tech Choir under the direction of Prof. Gene Kenney and the Brass Choir directed by Prof. Richard E. Tolley.

The Carol of Lights for 1971 is made possible by contributions of Lubbock merchants and businesses.

## EXHIBITS

**WATERCOLORS**, annual exhibition, West Texas Chapter, Southwest Watercolor Society, The Museum, until Jan. 2

**SCULPTURE**, students of Prof. John Queen, Department of Art, Main Gallery, The Museum, until Dec. 12

**ART FACULTY SHOW**, Art Building Gallery, until Dec. 8

**GRADUATE ART STUDENTS EXHIBIT**, Art Building Gallery, Dec. 12-Jan. 14

**ARCHITECTURAL DRAWINGS AND MODELS**, Yellow House Canyon Lakes Project, by student teams, Room 101, Architecture Building, Dec. 1 - Dec. 23

**HISTORY OF WATER SUPPLIES IN THE WEST**, representing work in the departments of History and Civil Engineering, Library Foyer

*CHEERS -- Lynn Alderson leads a cheer for Tech cagers.*

## PRESIDENT'S RETREAT

The traditional President's Retreat for the fall semester will be held in Memorial Circle at 4:30 p.m. Thursday, Dec. 2. Awards will be presented to Air Force and Army ROTC cadets at the impressive patriotic ceremony.

Participating will be President Grover E. Murray, Col. William L. Hodge, professor of military science, Col. Mack E. Baker, professor of aerospace studies, the entire Corps of Cadets, Angels and Corpsdettes of the Texas Tech University Air Force and Army ROTC units.

The campus community is invited to attend.

**FOR SALE -- 1966 Chevrolet Carryall.** May be seen at Physical Plant parking lot. Contact L. F. Kaether or J. E. Crawford, 3-3293. Sealed bids will be received until 2 p.m. Dec. 15.

VOL. 2 NO. 15, DECEMBER 15, 1971

## BOARD OF REGENTS DECEMBER 3 ACTION

The Texas Tech University Board of Regents meeting Dec. 3 took these actions:

- \* Approved issuance of general tuition revenue bonds totalling \$5 million for medical school use;

- \* Authorized the calling for bids and awarding contracts for expansion of Jones Stadium to add some 4,400 seats on the north end (not to exceed \$75,000), construction of natural sciences research laboratories (not to exceed \$250,000), and, for the Texas Tech University Center at Junction, construction, renovation, air conditioning and repairs (not to exceed \$150,000);

- \* Approved the concept of a Legal Counseling Program for Students and authorized the administration to proceed with plans to inaugurate such a program -- taking cognizance of a court case pending in the 167th District Court and its possible effect on the validity of such a program;

- \* Approved new housing regulations, beginning with the fall 1972 semester, permitting students having 64 hours credit to live off campus if they choose to do so.

The board also heard a report that 3,326 classes, not including laboratories, were meeting at Tech during the fall semester, 1971.

The Board of Regents of the Texas Tech University School of Medicine:

- \* Approved a schedule of fees for medical students;

- \* Heard a report that 19 full time faculty and professional staff members now are associated with the school which has a total of 36 employees.

## NEW ACQUISITION

Ranch Headquarters Director Jerry L. Rogers has announced that preparations are underway to move a half-dugout from the old Matador Ranch to the Ranch Headquarters site at The Museum of Texas Tech University. The half-dugout was given to the Ranch Headquarters by E. E. Moss & Sons who own the land on which it has stood since 1891. The structure is expected to be moved by about Jan. 1.

## NASA DATA AVAILABLE FOR RIO GRANDE STUDY

Director Frank B. Conselman of the International Center for Arid and Semi-Arid Land Studies and Dr. Patrick Odell, coordinator of research for the College of Arts and Sciences, met in Organ, N.M., last week with officials of NASA and the Executive Committee of the Rio Grande Regional Environmental Project.

National Aeronautics and Space Administration officials explained what type of data NASA is collecting which could be of use to the Rio Grande study. Texas Tech and New Mexico State universities are the two lead institutions for the project.

## IF YOU HAVE SOME CHRISTMAS TO SHARE...

Faculty and staff members who would like to share a part of Christmas with international students are invited to inquire of the International Student Affairs office, 2-4163. Director Robert Burnett said that approximately 100 international students at Texas Tech University do not have host families, and some of these would welcome a Christmas invitation.

Merry Christmas!

## TEXAS TECH COMPLEX HOLIDAY SCHEDULES

Texas Tech University offices will close at 5 p.m. Thursday, Dec. 23, for the Christmas holidays. Offices open again at 8 a.m. Monday, Jan. 3.

The Museum will be closed Dec. 24 and 25, open Dec. 26, and closed Monday, Dec. 27. Regular hours will be observed during the remainder of the holiday season, and The Museum will be open Dec. 31 and Jan. 1.

The Museum will have a special evening showing of "The Star of Bethlehem" in Moody Planetarium at 7:30 p.m. Thursday, Dec. 16.

## STUDENTS HONOR 14 FACULTY MEMBERS

The Texas Tech University Junior Panhellenic Association recently awarded certificates to 14 members of the faculty, recognizing them for "outstanding service as faculty members."

Honored were Assistant Dean of Students George Scott, Dean Jack Steele of the College of Business Administration, and: from the Department of English -- Prof. James Allen, Instructor Jeri Tanner, Assistant Prof. Christian J. W. Kloesel, Instructor Ila Jones and Teaching Assistant Mary Lynn Anderson; history -- Prof. Paul J. Woods; art -- Department Chairman Bill Lockhart; home and family life -- Asst. Prof. John S. Phillips and Assoc. Prof. Wildring S. Edwards; entomology -- Prof. Donald Ashdown; speech and theater arts -- Teaching Assistant Jan Markham; and mathematics -- Instructor Ila Mae Carpenter.

## SPRING REGISTRATION BEGINS JANUARY 12

Registrar D. N. Peterson reports that 5,032 students completed early registration, leaving an estimated 15,000 to complete registration after Jan. 12.

It was expected that approximately 9,000 students would register early. Because students qualified to pre-register may register any time they choose between 1 p.m., Jan. 12, and 12 noon on Jan. 15, Peterson said, it is expected that large numbers will be at the Coliseum on the first day of registration.

For this reason, he has asked department chairmen to furnish ample help on Wednesday, Jan. 12, with enough sectionizers on hand to facilitate large numbers of students.

Departmental offices should be open on Saturday, Jan. 15, he said.

Spring semester registration will take place in the Coliseum Jan. 12-14 and move to West Hall for Saturday morning registration Jan. 15.

Hours will begin Wednesday, Jan. 12 at 1 p.m. and Thursday, Friday and Saturday at 8 a.m. Work will continue in the Coliseum on Wednesday, Thursday and Friday until 5 p.m. or until those students admitted have completed registration. Saturday registration will end at 12 noon.

## MEDICAL SCHOOL MOVES TO DRANE

The Texas Tech University School of Medicine moved from temporary quarters in the Business Administration Building into newly remodeled headquarters in Drane Hall Dec. 3.

New telephone numbers are:

General Information, 2-6184;

Dean John A. Buesseler and Associate Dean for Administration George S. Tyner, 2-5273;

Charles R. Freeburg, associate director of Master Planning, 3-3108;

William W. Frye, special consultant for Medical Affairs, George J. Hlousek, executive assistant for Administration, and Paul D. Godwin, office manager, 2-5228;

Dan J. Croy, special consultant for Student Affairs, 2-5215.

## BOOK DRIVE BEGINS FOR OVERSEAS USE

Containers in the Bookstore and the University Center are for a book drive launched by Delta Phi Epsilon and the International Affairs Council. The drive benefits people in underdeveloped countries. It ends Jan. 21.

Drive Chairman Ric Massie said books and other donations will be transferred through UNESCO-recognized organizations. Money for shipping also is needed.

Books should be published later than 1958. Scholarly journals in 10-year runs, commencing in 1946 and later, are much in demand. For books to be picked up, call 2-4163.

## EXHIBITS

**WATERCOLORS**, annual exhibition, West Texas Chapter, Southwest Watercolor Society, The Museum, until Jan. 2

**GRADUATE ART STUDENTS EXHIBIT**, Art Building Gallery, until Jan. 12

**HISTORY OF WATER SUPPLIES IN THE WEST**, representing work in the departments of History and Civil Engineering, Library Foyer

**TEXAS PAINTING AND SCULPTURE: 20TH CENTURY**, from the Pollack Gallery, SMU, The Museum, Jan. 9-March 15

**ARCHITECTURAL DRAWINGS AND MODELS**, Yellow House Canyon Lakes Project, by student teams, Room 101, Architecture Building, until Dec. 23

**SOUTHWESTERN INDIAN HANDICRAFTS AND FOLK ART**, University Center, until Dec. 23

## FACULTY COUNCIL APPROVES BY-LAWS

The Faculty Council, meeting Nov. 30, approved by-laws with amendments for recommendation to the President. President Grover E. Murray also reported acceptance of the Faculty Council Executive Committee's recommendation on the posting of grades.

The new policy leaves the manner of posting up to the individual professor providing that the report of a student's progress is readily identifiable only to himself. A student also may notify an instructor ahead of time as to whether he wishes his academic progress posted.

## SPEED READING

Faculty and staff have been urged by the University Counseling Center to encourage students who need it to enroll for a Speed Reading--Study Improvement Course during the spring semester.

Students who need the course are described as those who are slow readers, failing courses, disorganized in their approach to studying, lacking in test taking skills or not understanding course material.

The non-credit course, also open to faculty and staff, meets five hours a week for seven weeks and costs \$35. Registration is at the Counseling Center, 212 West Hall, or during regular spring registration. There are seven class sections and seven labs offered with opportunities to take the course at night. For more information call 2-4297.

## 20 INSTITUTES ARE ESTABLISHED

Twenty institutes have been established at Texas Tech through the cooperation of the Office of Research and Special Programs and the university's colleges and Graduate School. The institutes carry out research projects using organized and special item research funds. They are within:

**COLLEGE OF AGRICULTURAL SCIENCES** -- Agricultural Operations Research Institute - Phase I, Agricultural Economics Research Institute - Phase I, Institute of Environmental Quality in Agriculture - Phase I, Institute of Vocational Education in Agriculture - Phase I;

**COLLEGES OF AGRICULTURAL SCIENCES AND HOME ECONOMICS** -- Institute of Food Science and Nutrition;

**COLLEGE OF ARTS AND SCIENCES** -- Institute for Human Resources, Institute for Humanistic Studies, Institute for Geo-Environmental Research, Institute of Environmental

## METHODIST HOSPITAL AFFILIATION AGREEMENT

The Texas Tech University School of Medicine, Methodist Hospital at Lubbock and the Lubbock County Hospital District signed agreements Dec. 3 which will expedite the establishment of the medical school.

The affiliation agreement between the hospital and the medical school provides for the hospital to serve as a teaching facility. The Lubbock County Hospital District agreed to pay the hospital most of the additional costs to the hospital resulting from the affiliation until the district builds its own hospital facilities.

Under agreement terms, the medical school will appoint a director of medical and allied health education and up to five associate directors to work in the hospital.

Chemistry and Institute for Ethnic Studies;

**COLLEGE OF BUSINESS ADMINISTRATION** -- Institute of the Study of Entrepreneurship and Management of the Total Enterprise;

**COLLEGE OF EDUCATION** -- Institute for Research on the Improvement of Undergraduate Teaching;

**COLLEGE OF ENGINEERING** -- Institute of Biotechnology, Institute for Systems Analysis, Institute for Instrumentation Development, Institute for New Applications of Physical Science, Institute for Environmental Technology, (these in addition to the Water Resources Center established in 1965);

**COLLEGE OF HOME ECONOMICS** -- Institute for Development of Family Resources;

**OFFICE OF RESEARCH AND SPECIAL PROGRAMS** -- The Institute of Museum Research working through the Graduate School, the ICASALS Institute for Research Projects of Rio Grande Regional Environmental Projects, and Editorial Research Services.

## CALENDAR

DEC. 13-20 Final examinations

DEC. 14 Joseph Veanueva, clarinet recital, Room 1, Music Building, 8:15 p.m.

DEC. 18 Basketball -- Tulsa University, Tulsa

DEC. 21 Fall semester ends  
Joint Armed Forces Commissioning Ceremony, University Center, 9 a.m.

DEC. 22 Basketball -- Fresno State, Lubbock, 8 p.m.

DEC. 27-30 Basketball -- All College Tourney, Oklahoma City

JAN. 1 "Indian Star Legends," Moody Planetarium, 3 p.m.

JAN. 2 "Indian Star Legends," Moody Planetarium, 3, 4 p.m.

JAN. 3 Offices open, 8 a.m.

JAN. 6 Basketball -- Arkansas State, Lubbock, 8 p.m.

## FINAL 1971 ISSUE

This is the final issue of FYI for 1971. The spring semester calendar will be published Jan. 5. Deadline for submitting information for this calendar is 8:30 a.m. Jan. 3. FYI will resume publication with the Jan. 19 issue.

## NOTABLE QUOTE

Intellect distinguishes between the possible and the impossible -- reason distinguishes between the sensible and the senseless -- even the possible can be senseless. -- Max Born, physicist

Contributed by Dr. Hong Y. Lee, Department of Agricultural Economics, who will receive from FYI a campus photo suitable for framing.

VOL. 2 NO. 17, JANUARY 19, 1972

## TECHSANS PARTICIPATE IN GOODWILL JOURNEY

With other Texans making a goodwill trip to Peru Jan. 3-11 were Texas Tech President and Mrs. Grover E. Murray and Dr. and Mrs. Jack D. Steele. Participants represented Texas Partners of the Alliance, an organization supporting the American Alliance for Progress and having a special interest in Peru.

Results of the visit could affect several areas within the Texas Tech University Complex.

Dr. Murray visited with the director of the Museo Nacional de Antropologia y Arqueologia in regard to a possible exchange of collections with The Museum of Texas Tech University. The discussions were important because of a new Peruvian antiquities law regulating the export of national treasures.

The President also conferred with agricultural and textile specialists and these discussions related to ways in which collaboration might prove mutually beneficial to Texas Tech and the Peruvian industries.

In conversations with leaders in education, Dr. Murray discussed a variety of programs of mutual interest, including the possible enrollment of Peruvian students in the university and in the Texas Tech University School of Medicine. With agricultural educators, discussions emphasized common interests in arid land studies.

Dr. Murray also visited with two Texas Tech alumni, Guillermo Perea and Victor Lolos. With them he discussed possible Ex-Students Association activities in Peru.

The possibility of a new relationship for Texas Tech in Lima was established by Steele who, as dean of the College of Business Administration, had several conferences with officials of the Escuela de Administracion de Negocios para Graduados (ESAN).

This graduate school of business in less than a decade has built a reputation attracting scholars from throughout Latin America and Spain.

ESAN administrators told Steele they would welcome a relationship with Texas Tech. This would involve an exchange of faculty, younger ESAN faculty being sent to Texas Tech for study leading to the doctoral degree, and Texas Tech faculty serving as consultants in curricula and program planning.

## ETHICS BILL RULING AFFECTS STATE WORKERS

A January 6 ruling by Texas Attorney General Crawford Martin affects state employees making more than \$11,000 per year, according to Texas Tech Resident Counsel Carlton B. Dodson.

Martin ruled (Opinion M-1039) that House Bill 203 -- the so-called "Ethics Bill" -- passed by the 62nd Legislature is unconstitutional.

"The main effect of this declaration," Dodson said, "is that state employees making more than \$11,000 per year are not required to file the financial statement with the Secretary of State as provided in House Bill 203."

## BENEFITS COVERAGE REQUIRES CLEARANCE

Unemployment Compensation Insurance coverage was extended to all employees in the state-supported institutions of higher education in Texas effective Jan. 1. The program provides that weekly payments will be made to qualified unemployed individuals who previously worked for the university and who are unemployed through no fault of their own.

The extension of unemployment insurance benefits to all Texas Tech University Complex employees makes it important that established clearance procedures be followed with each terminating employee starting at the point when a termination decision is reached. A Notice of Intent to Terminate is jointly prepared by each employee and his department to give official notice of intent to leave the employ of Texas Tech, regardless of reason.

Notice of Intent to Terminate forms are available in the Personnel Office. Instructions on the back of this form include the processing procedures to use for academic, classified, professional and administrative and student assistant employees.

In order to assure that qualified prior employees receive benefits, the office of Institutional Research and the Personnel Office must have complete information regarding circumstances leading up to and resulting in each termination.

Questions regarding Unemployment Compensation should be directed to the Personnel Office.

## LOCATION CHANGES FOR FINANCE OFFICES

The office of Leo E. Ells, Texas Tech University Complex comptroller and treasurer, has been moved to Room 130 in the east wing of the Administration Building. The telephone numbers for this office are 2-2196 or 2-2197. The telephone numbers for the Accounting and Finance Office are changed to 3-3255 or 3-3256. Max Tomlinson is director of Accounting and Finance.

## INTERVIEWS SCHEDULED FOR ACE NOMINEES

Both of Texas Tech University's nominations for the American Council on Education's Academic Administration Internship Program have been accepted for regional interviews to take place Feb. 6 and 7 in Atlanta.

Dr. Samuel E. Curl, associate dean of the College of Agricultural Sciences, and Dr. C. L. Ainsworth, assistant dean of the Graduate School, were nominated by the university this year.

## REGISTRATION TOTALS 19,068

Spring semester student enrollment totaled 19,068 at the close of registration Saturday, Jan. 15. The final registration figure, expected by the Registrar's Office to reach 19,250, will be announced on the 12th day of classes, Feb. 1.

## CAMPUS AERIALS ARE AVAILABLE

An aerial view of the campus, printed in full color and suitable for framing, is now available in the Office of Information Services, Room 220, Administration Building. The cost is 10 cents per copy.

The 9 x 17½-inch prints are excellent for use in recruiting, making applications for financial resources, or display in office or home.

Departments may order in lots of 10 or more on a departmental transfer. Individual sales will be made on a cash basis in the Information Services office.

## COMMITTEES LIST REVISED

A revised list of "University Committees 1971-72" was published Jan. 10 and distributed Jan. 14 by the Office of the President. Anyone needing a committee roster should refer to the list designated "Revised January 10, 1972."

## CORRECTION

FYI on Dec. 15 reported that 14 faculty members had been honored by the Texas Tech University Junior Panhellenic Association. In fact, 15 faculty members were cited for "outstanding service," and Dr. Billy C. Everton of the Department of Art was among them although not named in the Dec. 15 report.

### FOR SALE\*

Four typewriters, all manual -- 1 Underwood, 1 Smith Corona, and 2 Royal. May be seen at Central Warehouse, Physical Plant Building. Contact L. F. Kaether or J. E. Crawford (3-3291). Sealed bids will be received until 2 p.m. Feb. 1.

Two Mowers -- Both are gas, riding, Pennington make. May be seen at Grounds Maintenance Shop. Contact Dewey Shroyer or Henry Burchett (2-4208). Sealed bids will be received until 2 p.m. Feb. 2.

\*Send bids to Property Manager, Central Receiving and Stores Office, P. O. Box 4119, Lubbock 79409

### INTRAMURAL SPORTS STARTS FOR MEN

The Intramural Sports Program for Men is offering competition in basketball, badminton, golf, paddleball, tennis and handball.

Faculty, staff and graduate students are invited to sign up for individual competition or for basketball teams.

Will Holsberry, assistant director of the program, said teams should be formed along departmental lines.

Deadline for signing up for basketball is Jan. 31 with a starting date of Feb. 11. Deadline for signing up for individual competition is Feb. 3 with anticipated starting dates of Feb. 13 for each sport.

For more information contact the Intramural Office, 3-3113.

W. C. Fields -- "Never Give a Sucker an Even Break," University Center, 4, 8 p.m.
- FEB. 2 W. C. Fields -- "You Can't Cheat an Honest Man," University Center, 4, 8 p.m.

### NOTABLE QUOTE

The writer's ultimate purpose is to use his gifts to develop man's awareness of himself so that he, man, can become a better instrument for living together with other men."

-- Jay Saunders Redding, The Negro Writer and His Roots

Contributed by Dr. Walter R. McDonald, Department of English, who will receive from FYI a campus photo suitable for framing.

## WITHHOLDING TAX SYSTEM CHANGED

The Payroll Office now has forms for employees who want to revise their income tax withholding in view of a new law that makes important changes in the system.

Mrs. Virginia Snelling, head, Payroll and Employee Benefits, said that one-job families (including single persons) receive an extra exemption under the new law, provided there is no second job.

Another group which may receive extra exemptions includes those who can predict large deductions for charity, taxes, interest, medical expenses and some other items on their income tax return.

If the employee consistently receives a refund on tax withheld, Mrs. Snelling said, it would be appropriate for him to review his exemptions for possible revision of the amount withheld.

Those who believe they are eligible should go to the Payroll Office (west wing, basement, Administration Building) and fill out a W-4 form.

## COOPERATIVE PROGRAM WITH LOIC IS INITIATED

The Lubbock Opportunities Industrialization Center, Inc., (LOIC) has nominated several of their clerical trainees for job training at Texas Tech, and these people will be available for four hours work per day for three weeks.

The trainees are not paid either by LOIC or by the university. Each trainee who works at Tech will have had previous LOIC training but needs on-the-job experience before seeking a paying job.

In a memorandum Executive Vice President Glenn E. Barnett said that trainees will be available to departments periodically for on-the-job training. They are expected to perform a wide variety of job tasks in their learning experience at the university.

Deans, directors, department chairmen, heads or other administrative officers who want to participate are invited to contact Robert Hudson in the Personnel Office, 2-1112.

## Tech ODK Circle Receives Charter

The formal installation service for the Texas Tech University Circle of Omicron Delta Kappa (ODK), national leadership honor society for men, was held Saturday in the First Christian Church.

The organization is the single most

prestigious national leadership honor society for college men in the nation. Texas Tech University now is one of four institutions of higher education in Texas with ODK Circles. The others are at the University of Houston, Baylor University and the University of Texas at Austin. There are only 130 Circles in the U.S.

The national society "recognizes and encourages the achievement of exemplary character and superior quality in scholarship and leadership."

The charter was presented to Texas Tech President Grover E. Murray by Dr. Karlem Riess of Tulane University, Province VII deputy, who headed an installation team here for the program.

He was assisted in the installation by Dr. Glenn Hilburn of Baylor University, editor of "The Circle," official publication of the national society.

James Jenkins of Baylor, Province VII student deputy, and other student members of the Baylor Circle made up the installation team.

Honorary members of the Texas Tech Circle are Dr. Clifford B. Jones, president emeritus of the university and former member of the Board of Regents, and Dr. Billy Mac Jones, Texas Tech graduate who is president of Southwest Texas State University.

Officers are John Simpson, law student, president; Larry D. Meyers, vice president; Coy L. Ballard, student treasurer; Dr. William H. Duvall, assistant dean of students, faculty secretary; and Dr. Idris R. Traylor Jr., faculty sponsor and adviser.

Faculty members are President Murray, Executive Vice President Glenn E. Barnett, Dr. Harley Oberhelman, chairman of Latin American Area Studies, and Duvall and Traylor.

In addition to officers, student members include Michael A. Anderson, David N. Ammons, William A. Bratton III, Barry Don Brooks, Randell W. Brillhart, James R. Davis, Clayton E. Devin, Marc Eason, David B. Gracy II, Gary W. Harrod, Anthony K. Knopp, William D. Scott, Allen J. Soffar, Samuel E. Stennis, Dennis N. Graham, Rick L. Hurst, Joe J. Parker, and James B. Windler.

## TECH FOUNDATION REPORTS \$1.5 MILLION IN SUPPORT FOR '71

More than \$1.5 million in support of Texas Tech University was handled through the Texas Tech University Foundation in 1971, according to B. K. Beckwith, director of development for the Foundation.

Beckwith told the Foundation Board of Directors at a Jan. 28 meeting, that the most significant increases were in the areas of scholarship funds, endowment funds, institutes and clinics, cost of education funds, and general undesignated gifts.

## ICASALS ANNOUNCES LECTURE SERIES

"Faraway Places" is the title for the 1972 ICASALS Public Lectures to take place at 4 p.m. Thursdays during March at The Museum of Texas Tech University.

The travelogs will be presented by four Texas Tech professors who will show slides taken on trips made in 1971.

Scheduled are: "The Middle East Today," Dr. John C. Gilliam, professor of business education, March 2; "The High Heartlands of Africa and of Europe," Dr. R. Hollis Klett, superintendent of the Texas Tech University Center at Amarillo, March 9; "The Interior of the Soviet Union," Dr. Idris R. Traylor Jr., deputy director of the International Center for Arid and Semi-Arid Land Studies, March 16; and "Botswana, Land of the Kalahari," Dr. Samuel E. Curl, associate dean of the College of Agricultural Sciences, March 23.

International Center Director Frank B. Conselman said the lectures are open to the public at no charge. He said the center hopes to make the series an annual event.

"Say Moo"

## TEILHARD DE CHARDIN IS TOPIC FOR LECTURES

The Cultural Affairs Office announced this week that, in a special addition to the current Speakers Series, the Rev. Michael H. Murray, rector of St. Michael and All Angel's Church in Cuernavaca, Mex., will give four lectures at Texas Tech on the "Thought of Teilhard de Chardin."

The lectures will be March 14 and 15, at 10:30 a.m. and 3:30 p.m. each day in the Coronado Room of the University Center.

Murray is vice president of the American Teilhard de Chardin Association. He was formerly communications officer in the Section for Experimental Ministries of the Episcopal Church Executive Council.

Teilhard, who died in 1955, was an eminent French Jesuit paleontologist and philosopher who explored in his writings the relation between science, history and the Christian faith. Murray states that Teilhard saw them "as complementary ways of understanding the same process of creative evolution from chaotic matter towards the full flowering of spirit and universal community."

In his lectures, Murray will discuss Teilhard's views of "Matter and Spirit," "God and History," "Christ and the Future of Man," and "The Individual and Society Today."

**ART OF ANCIENT ROME** -- Roman art from its beginnings to the Golden Age, Library Foyer, until March 21

## TRAVEL, STUDY ABROAD?

Robert Burnett, director of International Student Services, asks that department heads notify his office of programs within their department -- or of any programs open to Texas Tech students -- providing study or travel abroad. His office, in turn, will make the information available to inquiring students. The International Student Services phone number is 2-4163.

## SOCIAL SECURITY BASE IS CHANGED

The effect of Social Security amendments enacted by Congress last March will result in larger deductions for employees making more than \$7,800 in 1972, according to Director of Personnel Charles B. Strawn.

The percentage rate of employee deduction remains unchanged at 5.2 per cent. The amendments, however, increase the maximum reportable wages on which Social Security contributions are paid by employees from \$7,800 to \$9,000.

Employees earning less than \$7,800 will still pay 5.2 per cent on their total salary. Employees earning more than \$7,800 will pay the 5.2 per cent on all earnings up to \$9,000. After the base of \$9,000 has been reached, no more contributions are required. The maximum Social Security deduction for 1972 is \$468.

For additional information concerning Social Security benefits or contribution amounts contact the Personnel Office or the Social Security Administration office, 1205 Texas Ave. (747-3711).

## GRADUATE PROGRAM REVIEWS STARTED

A Graduate Program Review at Texas Tech University began Jan. 27-28 when Dr. George Mowry, University of North Carolina historian with a specialization in American history, conferred with faculty and students in the Department of History.

The Departments of History and Chemical Engineering volunteered to pilot the review process which has been undertaken by the Graduate School.

The process involves a departmental self-study, a study of each program by an interdisciplinary university faculty committee, a questionnaire completed by graduate students currently enrolled and by former graduate students of each program, and a review performed by outside consultants.

Dr. C. L. Ainsworth, assistant dean of the Graduate School, said that it is anticipated that the review will become a regular procedure repeated at intervals in order to develop and maintain a high level of quality in graduate programs.

Also expected to visit the Department of History is Dr. Robert F. Byrnes, Distinguished Professor of History at Indiana University. A specialist in European history, Byrnes is expected Feb. 10-11.

## BOARD OF REGENTS ACTION OF FEB. 11

The Texas Tech University Board of Regents Feb. 11:

\* Approved a master's degree program with a major in home and family life, the master of art education degree, and reinstatement of the graduate program leading to the master of arts degree with a major in philosophy.

\* Asked that bids be requested and a contract awarded for renovation of three floors on the south wing of Gaston Hall into one-, two- and three-bedroom apartments for women students. The cost is not to exceed \$375,000.

\* Acknowledged Board Chairman Frank Lunell's appointments of Regent Judson F. Williams to the university's Self-Study Committee, Regent Bill E. Collins to the Steering Committee for the university's 50th anniversary observance, and Regent Clint Formby to the Activities Committee for the 50th anniversary observance.

## 14 PHYSICIANS NAMED TO FACULTY OF MEDICAL SCHOOL

Fourteen Lubbock physicians have been named to the faculty of the Texas Tech University School of Medicine, each to serve as an associate clinical professor. Dr. John A. Buesseler, dean of the School of Medicine, said that as voluntary clinical faculty members the physicians would allow students to observe and be involved in actual office care and practice.

Eight named to the faculty in orthopaedic surgery are: Richard Q. Lewis, Royce C. Lewis, James E. Loveless, Gordon W. Mayes, Kenneth C. Scholz, Emmett Shannon, Richard D. Smith, and Donald K. Wheeler.

The six named to the faculty in ophthalmology are: Michael G. Ellsasser, Tracy D. Gage, Maurice J. Healy, John D. Jones, Ennis E. Moss and Grady M. Wallace

## TEXAS TECH DAY HELD FOR VISITORS OF LUBBOCK AREA

Representatives from 20 area towns and cities visited the Texas Tech University campus Feb. 1 "to share ideas and information about higher education and Texas Tech."

The visitors were invited by President Grover E. Murray who welcomed them and delivered a brief presentation to acquaint them with some of the educational objectives at Tech and with goals of higher education in general.

After an informal discussion period with the President, visitors had an opportunity to talk with students, tour the campus, and discuss various university activities and programs.

The day-long event was an extension of the "Tech-Lubbock Week" community relations program last October.

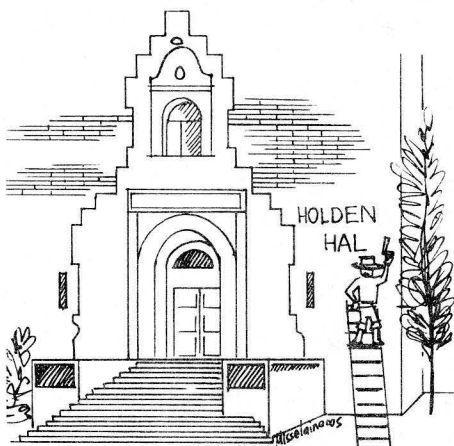

## OLD MUSEUM BUILDING DESIGNATED HOLDEN HALL

The Old Museum Building has a new name -- Holden Hall.

The Board of Regents Feb. 11 changed the name in recognition of more than 30 years of dedicated service rendered Texas Tech by Dr. William Curry Holden. Holden is history professor emeritus, former dean of the Graduate School, former head of the Department of History and former director of the university's Museum.

Holden "has been a primary force in the early development and growth of The Museum," the board's resolution said, and he was "intimately involved" in the development of the Peter Hurd mural project in the building's rotunda.

The designation marks the first time that any campus building, other than a dormitory, has been named for an individual.

## REGENTS CREATE NEW CATEGORY OF UNIVERSITY PROFESSOR

The Board of Regents Feb. 11 created the faculty category of University Professor.

Criteria for the designation are threefold: 1) breadth of training and experience exceeding that usually identified with a single discipline; 2) duties designed to cut across a broad segment of the university's academic activities; and 3) a level of distinction which warrants a chaired designation.

Recipients would: be appointed with tenure if they do not already hold tenure at Texas Tech; be considered for the appointment by the deans of areas in which they would be expected to perform duties; have perquisites commensurate with the distinctive level of their duties.

## COACH OF THE YEAR

Vernon R. McGuire of the speech and theater arts faculty at Texas Tech was named Coach of the Year at a University of Utah debate and forensics tournament in Salt Lake City Jan. 29.

VOL. 2 NO. 19, FEBRUARY 16, 1972

## 40 FACULTY MEMBERS RECEIVE EMERITUS STATUS BY REGENTS

The Board of Regents Feb. 11 conferred emeritus status upon retired professors in three categories. Twenty-five who are retired received the honor; eight received emeritus rank posthumously; and seven who are to retire Aug. 31 will hold the title.

Receiving the designation posthumously were: Ray L. Chappelle, agricultural education; Elmer L. McBride, agricultural economics; James W. Day and Dr. William W. Merrymon, physics; Raymond D. Mack, government; Donald Van Dale Murphy and Mrs. Grace Wellborn, English, and Dr. Richard A. Studhalter, botany.

Of those retiring in 1972, James G. Allen in English has served longest, 45 years. He joined the faculty in 1927. Others who will retire in August with emeritus status are: Archie L. Leonard, agricultural economics; Hugh A. Anderson, economics; Dr. A. Beatrix Cobb, Horn Professor of Psychology; Dr. Scotti Mae Tucker, classical and romance languages; Dr. Bruce Waters, philosophy; and Miss Lola M. Drew, home and family life.

Previously retired faculty who now have emeritus status are: in food technology, Dr. Juddie J. Willingham; Music, Raymond P. Elliott and D. O. Wiley; classical and romance languages, T. Earle Hamilton; applied arts, Miss Martye Poindexter; chemistry, Oscar C. Southall; marketing, Dr. Howard E. Golden; accounting, Dr. Reginald Rushing; education, Dr. Raymond L. Davidson, Dr. Doyle D. Jackson, Dr. George P. Mecham, Dr. Holmes A. Webb and Dr. Olive B. Wheeler; engineering drawing, Mrs. Margaret Brashears Atkinson; civil engineering, Dr. Charles G. Decker; petroleum engineering, William L. Ducker; industrial engineering, Lee C. Lindenmier; chemical engineering, Jules A. Renard; clothing and textiles, Mrs. Edna Walker Buster, Mrs. Lila Allred Kinchen and Dr. Martha Gene Sheldon; child development, Miss Sannie Callan; food and nutrition, Mrs. Gladys K. Holden and Miss Mayme Lucinda Twyford; home economics education, Miss Doris Nesbitt.

## INSTITUTE ACCEPTING RESEARCH PROPOSALS

The Institute for the Development of Family Resources will accept research proposals until April 3. Recommendations for funding will be made after notification of research appropriations for the 1972-73 academic year. The institute encourages comprehensive, interdisciplinary study of family resources. For additional information contact Institute Director June Henton, Department of Home and Family Life, 2-5133.

## EXHIBITS

**TEXAS PAINTING & SCULPTURE: THE 20TH CENTURY** -- Works representing the diversity and character of painting and sculpture in Texas, 1900 to the present, The Museum, until March 5

**DESIGNER-CRAFTSMEN TODAY** -- Invitational, The Museum, Feb. 20-Mar. 19

**TEXAS DESIGNER-CRAFTSMEN** -- Art Building Gallery, Feb. 20-Mar. 19

**EXHIBITION FROM AMON CARTER MUSEUM** -- The Museum, Feb. 22-Mar. 19

**LA VENTANA** -- Issues from 1927 to 1971, University Center

**ART OF ANCIENT ROME** -- Paralleling current Museum art seminars, Library Foyer, until Mar. 21.

## CONSTRUCTION STARTED ON NEW LABORATORY

Construction has started on a natural sciences research laboratory adjacent to The Museum, behind the main gallery and west of the Agricultural Hall.

The structure, not to exceed \$250,000 in cost, will be for university-wide use in graduate level research in the natural sciences, primarily biology and paleontology.

## O. A. ST. CLAIR FUND

The Department of Industrial Engineering has established an O. A. St. Clair Memorial Fund honoring the first head of the department, Prof. Emeritus O. A. St. Clair who died Jan. 13 at his Midland home. Contributors may send gifts directly to the Texas Tech University Foundation, Box 4650, Lubbock 79409.

## UTAH DANCE THEATER HAS BUSY SCHEDULE IN TECH RESIDENCY

The Utah Repertory Dance Theater, in residence at Texas Tech University Feb. 16-18, will have several public appearances.

A reception at 7 p.m. and a lecture-demonstration on "Creative Process in Dance" at 8:30 p.m. will take place Thursday, Feb. 17, in The Museum. There is no charge.

Concert tickets are on sale at \$1.50 for Tech personnel at the University Center. The concert will begin at 8:15 p.m. Friday, Feb. 18, in the Municipal Auditorium.

## RECORD REGISTRATION

Registration figures showed a new spring semester enrollment record for Texas Tech University, a gain of 397 students over the spring 1971 number. In 1971 there were 19,157 students, and this year 19,554 were registered as of the 12th class day.

## CALENDAR

VOL. 2 NO. 20, MARCH 1, 1972

## FIRST PUBLICATION OF GRADUATE SERIES IS NOW AVAILABLE

Graduate School Dean J. Knox Jones, who serves as chairman of the Academic Publications Policy Committee, has announced the first publication of *Graduate Studies, Texas Tech University* - "Comparative Morphology of the Life Stages of *Cryptocellus pelaezi* (Arachnida, Ricinulei)" by Kay Pittard and Robert W. Mitchell.

The *Graduate Studies* series supercedes the Texas Tech Research Bulletin. Copies may be obtained on an exchange basis from, or purchased through, the Exchange Librarian, Texas Tech Library. Copies also have been sent to each dean on campus for perusal by interested faculty.

Dr. Dillard C. Carter, associate dean of the Graduate School, is managing editor for the *Graduate Studies* series as well as for *Occasional Papers, The Museum, Texas Tech University*, published for a more limited audience. Two in this series already have been published.

## MINORITY STUDENTS WORKSHOP PLANNED BY FACULTY GROUP

A workshop for minority students, international students and any faculty interested in minority students or ethnic studies will begin at 9 a.m. Saturday, March 4, in the University Center Blue Room.

Prof. Theodore Taylor, chairman of the Faculty Council's ad hoc Committee on Minority Students and Ethnic Studies said orientation will be followed by workshop sessions in Rooms 208, 209 and the Blue Room.

Student organization representatives or individuals are welcome, he said. For planning purposes, Taylor asked that participants preregister by calling 2-2182.

## ARABIAN NIGHT

An Arabian Night will be offered the Lubbock community March 10, at 6:30 p.m. in the University Center Ballroom. Members of Texas Tech's Arab Students Association will prepare and serve food typical of their homelands. Music, folk dancing and a short film of Old Jerusalem will be part of the entertainment. Souvenirs of Arab lands will be on display. Tickets at \$1.25 each are available in the Office of International Student Services.

## 50th Anniversary Planning Begins

A keynote occasion will take place at Texas Tech University with observance of the Institution's 50th anniversary, and detailed planning began Tuesday, Feb. 29, with the first meeting of the Steering Committee.

Texas Tech was established by the State Legislature in 1923 and opened its doors to students in 1925.

"The anniversary will be an appropriate time to note with pride many significant accomplishments," President Grover E. Murray said. "Additionally, it provides us the opportunity to set our sights on challenging goals for the future. I regard the anniversary observance as a keynote occasion as we begin our next 50 years of progress."

The Steering Committee will establish policies and broad guidelines for the observance. An Activities Committee will plan and organize events and activities that will constitute the Anniversary Program, and its plans will be reviewed periodically by the Steering Committee.

President Murray is chairman of the Steering Committee. Chairman of the Activities Committee is Dr. Charles S. Hardwick with Dr. David M. Vigness and Dr. George F. Meenaghan serving with him as vice chairmen.

Members of the Steering Committee include: C. Lincoln Williston, Austin, chairman, Long-range Planning Committee, Texas Tech Dads Association; Trent C. Root Jr., Dallas, president, Texas Tech Ex-Students Association; Loyd Lanotte, chairman, Texas Tech University Foundation; Bill E. Collins, member, Texas Tech Board of Regents; Charles E. Maedgen Jr., president, Lubbock National Bank; Texas Tech Vice Presidents Glenn E. Barnett, S. M. Kennedy, Orlo E. Childs, Bill J. Parsley and John A. Buesseler; Comptroller and Treasurer Leo Ellis; and Dr. Charles E. Dale and Hardwick, chairman and vice chairman, respectively, of the Faculty Council Executive Committee.

Each dean has been asked to serve in an advisory capacity to the Steering Committee.

Activities Committee members and the segment of the university they represent are: Clint Formby, Hereford, Board of Regents; Dr. Dillard Carter, Graduate School; Dr. Eleanor Woodson, Home Economics; Dr. David Cummins, School of Law; Lee Phillips, Engineering;

Dr. William F. Bennett and Pat D. Taylor, Agricultural Sciences; Dr. Nancy Boze and Dr. John Deethardt, Education; Dr. Donald Haragan, Robert W. Deahl, Charles Post and Miss Margret R. Stuart, Arts and Sciences; Dr. Louise L. Luchsinger, Haskell Taylor and T. J. Patterson, Business Administration; and Dr. Francis Behal, Dr. W. H. Gordon Jr., Dr. George Tyner and Paul Godwin, Texas Tech University School of Medicine;

Ralph Carpenter, Athletic Department; B. K. Beckwith, Development and Information Services; Fredric J. Wehmeyer and Clifford Yoder, Administrative Service; Max Tomlinson, Office of the Comptroller; Dr. Elizabeth King, The Museum; Miss Joy Cox and George Scott, Student Life; Dr. Idris R. Traylor Jr., International Center for Arid and Semi-Arid Land Studies; and students - Randy Cardner, senior, president of the Saddle Tramps; Mike Warden, junior, assistant editor, University Daily; and Mary Beseda, sophomore, Honors Council.

Texas Tech's 10 Horn Professors have been asked to serve in an advisory role to the Activities Committee. They are Ernest Wallace, Carl Hammer, Alton Wade, Elo J. Urbanovsky, Henry J. Shine, Willard F. Williams, Faye L. Bumpass, Beatrix Cobb, Richard A. Dudek and Warren Walker.

## UNIVERSITY RECOGNITION CONVOCATION SET FOR MARCH 12 IN AUDITORIUM

Texas Tech's annual University Recognition Convocation will be held at 2 p.m. Sunday, March 12, in the Municipal Auditorium.

Ceremonies pay tribute to those students who, during the preceding two semesters, have contributed with distinction to the university in the fields of scholarship and leadership.

Students recognized for scholarship recognition the first time received Individual Honors; the second time, Class Honors; the third time, College Honors; and the fourth time, University Honors.

Top ranking students within each college also will be recognized as will those selected to appear in Who's Who Among Students in American Universities and Colleges, for Leadership Recognition and for University Awards Board Recognition. Graduate School and Law School students are included.

The Texas Tech Choir will provide music for the convocation.

The program is coordinated through the office of Dr. William H. Duvall, assistant dean of students for programs.

## EXHIBITS

**TEXAS PAINTING & SCULPTURE: THE 20TH CENTURY** -- Works representing the diversity and character of painting and sculpture in Texas, 1900 to the present, The Museum, until March 5

**DESIGNER-CRAFTSMEN TODAY** -- Invitational, The Museum, until Mar. 19

**EXHIBITION FROM AMON CARTER MUSEUM** -- The Museum, until Mar. 19

**TEXAS DESIGNER-CRAFTSMEN** -- Art Building Gallery, until Mar. 19

**TEXAS FEATHERLITE CONCRETE ASSOCIATION 1971 COMPETITION** -- Projects, The Gallery, Room 101, Architecture Building, 8 a.m. - 4:30 p.m., Monday through Friday, until Mar. 31

**CANYON LAKES PROJECT** -- Design studies, The Gallery, Architecture Building

## ACADEMIC AFFAIRS, OTHER OFFICES ARE MOVED

The Office of the Vice President for Academic Affairs has been moved to Room 104 in the northeast portion of the Administration Building. Consolidated there are offices for the Institutional Self Study and the editor of University Bulletins.

In the new quarters are: Dr. S. M. Kennedy, Dr. Wayland Bennett and Dr. Owen Caskey, phone 2-6214; Dr. Fred D. Rigby, phone 2-7247; and Mrs. Gale Webber, phone changed to 2-5254.

Other moves include: Resident Counsel Carlton B. Dodson to Room 115, Administration Building; Associate Vice President Fredric J. Wehmeyer, Room 117, Administration Building; Registrar D. N. Peterson, Room 122, West Hall; Dean of Admissions Floyd Boze, Room 127, West Hall; Assistant to the Dean of Admissions Berl Huffman, Room 103, West Hall; and Graduate Admissions, Room 101, West Hall. Telephone numbers for all of these offices remain unchanged.

## TECH DADS VOTE TO RAISE \$253,000

The Texas Tech University Dads Association voted at its mid-winter business meeting Feb. 19 to raise \$253,000 for an endowment fund to provide for student scholarships. The Tech Dads designated the fund as the association's contribution to the university's 50th anniversary celebration in 1975.

## ENGINEERING STUDENTS HONOR FACULTY MEMBER

Dr. James R. McDonald, associate professor of civil engineering, is the first engineering faculty member to be selected for "outstanding achievement" by the Engineering Student Council. The council has said that it expects to confer the honor annually.

## CALENDAR

MAR. 13 Junior College Region 5 Basketball Tournament, Municipal Coliseum

MAR. 1 "Simon of the Desert" (Spanish Film), University Center, 4, 8 p.m.

## 900 Students Honored

Texas Tech University paid tribute March 12 to 900 students during the annual University Recognition Service in Lubbock Municipal Auditorium.

Students were honored for academic and leadership performance. To qualify for academic honors students had to be in the upper 3 per cent of their classes during either the spring or fall semester of 1971 and maintain at least a 3.5 grade point average during the other semester.

Certificates of membership were presented students named for inclusion in Who's Who Among Students in American Colleges and Universities."

Groups and individuals recognized for bringing distinction to the university and themselves included: the Agricultural Economics Debate and Public Speaking Team, the Arnold Air Society, Beta Alpha Psi accounting honorary, the Editorial Board of "Studies in History,"

### NSF AWARDS TECH \$17,625 FOR TRAINEES

The National Science Foundation has announced a grant of \$17,625 for graduate traineeships at Texas Tech University.

Assistant Dean C. L. Ainsworth of the Graduate School said the grant will support three trainees for the 1972-73 academic year in an NSF program that is being phased out. The NSF now supports seven graduate trainees at Tech.

Graduate fellowships are expected to continue, he said, but will depend upon individual applications to the National Science Foundation.

### YOUR PARKING STICKER IS WHERE IT SHOULD BE

If the question should arise -- and it has for many at Texas Tech -- the university's parking permits on car windshields are placed in the proper position.

Frank C. Church, traffic and parking counselor, said that the Texas Tech parking permit is located in accordance with Department of Public Safety rules. He offered this quote from Capt. Allan Johnson, chief of vehicle inspection, Department of Public Safety, Lubbock Division.

"The State Inspection Sticker will be placed on the lower left-hand corner of the front windshield. All stickers, advertisements, etc., that interfere will be removed. The Texas Tech parking permit may be installed adjacent to or immediately above the Texas State Vehicle Inspection Sticker."

Church recommended that if a problem arises, request the inspection station personnel call Capt. Johnson at 747-4491 for clarification.

the Free University Program, the Crops Team, the Jazz Ensemble, the Texas Tech soccer team, and Visual Productions within the Department of Art; and Bill C. Brock, engineering; Greg Lowery, for basketball and academic performance; George Spillman, KTXT-FM; and E. Jeffrey Wentworth, as president of the Law Student Division of the American Bar Association and other activities.

### TECH JOINS NEW CONSORTIUM

President Grover E. Murray announced Feb. 15 that Texas Tech has joined the newly organized Eisenhower Consortium for Western Environments Forestry Research, concerned especially with the central and southern Rocky Mountains and the adjacent High Plains regions.

Dean Anson R. Bertrand of the College of Agricultural Sciences, chairman of the consortium's Program and Policy Committee, is Texas Tech's official representative to the consortium.

The U. S. Forest Service will provide funds for the consortium's program. Half of the funds will be for Forest Service in-house research programs and the other half will be allotted as grants to the nine participating universities for studies -- many expected to be interdisciplinary -- selected by the Executive Committee of the consortium.

### SANDEL REPORT IS IN SECOND PRINTING

Industrial Engineering Prof. William D. Sandel has a research report which is now in the second printing, and more than 300 copies have been distributed upon request.

Sandel's 284-page report is "An Industrial Engineering Study of the Operations Through Which Cotton Passes Between the Farm and Mill." He has answered requests from England, Russia, Australia, South America and from each of the cotton producing states. In addition he provided Cotton, Inc., whose Cotton Producer's Institute supported the study, with 200 copies for CPI distribution.

### COORDINATING BOARD

The Coordinating Board, Texas College and University System, has accepted the invitation of Texas Tech University to hold its Sept. 29, 1972, meeting on the campus in Lubbock.

While it is the practice of the Board to meet on the various campuses of state institutions, the date will mark the first time it has met at Texas Tech University.

### FACULTY INVITED TO VOLUNTEER

The Faculty Council Committee on Committees announces that it will be meeting soon to make nominations for 1972-73 assignments.

Faculty members are invited to submit their names to Acting Committee Chairman Magne Kristiansen of the Department of Electrical Engineering if interested in serving on any of the following committees:

Academic Status, Admissions and Retention, Athletic Council, Bookstore, Budget Advisory, Campus Planning, Code of Student Affairs, Commencement, Continuing Education, Courses and Curricula, Graduate Council, International Education, Library, Parking and Traffic Advisory, Parking Violation Appeals, Radio-Television Advisory, Recognition, Registration, Retired Faculty and Staff, Student Organizations, Student Orientation, Student Publications, University Appeals, University Artists and Speakers, and University Benefits.

### OPERATION SENORITA

The 10th annual Operation Seniorita, sponsored by the Junior League of Lubbock, scheduled a visit by the top ranking students for the National Teachers College in Mexico City to the Texas Tech campus Wednesday, March 15. Highlights of the university tour included a visit to The Museum of Texas Tech University and a morning coffee sponsored by the International Center for Arid and Semi-Arid Land Studies and the College of Education.

### JAMES G. ALLEN HONORED BY STUDENTS

Prof. James G. Allen, for 18 years dean of student life at Texas Tech, was honored March 12 by the university's Interfraternity Council and Panhellenic Association. He became dean in 1950 and retired from the post in 1968.

At a reception at the Sigma Nu fraternity lodge students, administrators, faculty and friends honored Allen as the administrator most responsible for bringing Greek fraternities and sororities to the campus. Colonization of fraternities and sororities began in 1953.

Allen is professor of English and executive director of the Texas Tech Dads Association.

## EXHIBITS

**MISSION APOLLO** -- Paintings and drawings commissioned by NASA (Smithsonian), The Museum, Mar. 19-Apr. 16

**AGE OF EXPLORATIONS** -- (South-Central Renaissance Conference) The Museum, Mar. 19-Apr. 30

**MIGRATION OF BIRDS** -- (Cranbrook Institute) The Museum, Apr. 2-30

**DESIGNER-CRAFTSMEN TODAY** -- Invitational, The Museum, until Mar. 19

## TEXAS DESIGNER-CRAFTSMEN

-- Art Building, Gallery, until Mar. 19

**TEXAS FEATHERLITE CONCRETE ASSOCIATION 1971 COMPETITION** -- Room 101, Architecture Building, weekdays 8 a.m.-4:30 p.m. until Mar. 31

**EXHIBITION FROM AMON CARTER MUSEUM** -- The Museum, until Mar. 19

**ART OF ANCIENT ROME** -- Paralleling Museum art seminars, Library Foyer, until Mar. 21

## MINORITY STUDENTS

The Graduate School has an extensive list of minority students -- Blacks, Mexican-Americans, American Indians and Puerto Ricans -- who have applied for Ford Foundation graduate fellowships for the 1972-73 academic year.

The lists includes the students' names, addresses and major interests.

Departments wanting to contact individuals regarding enrollment at Texas Tech University are invited to consult the list in the Graduate School office.

## PHI KAPPA PHI BANQUET

The Texas Tech chapter of Phi Kappa Phi has announced April 21 as the date of its annual initiation banquet. The scholastic honorary fraternity for all disciplines welcomes members who are newcomers to the university and invites them to affiliate with the Texas Tech chapter. For more information call Chester Jaynes, Department of Agronomy, 2-7291.

## NSF INVITES PACKARD

Dr. Robert L. Packard of the biology faculty, is one of 11 U.S. scientists invited by the National Science Foundation to participate in a seminar on rangelands science at the University of Adelaide in Australia April 10-20. The seminar is sponsored jointly by the United States and Australia.

## EX-STUDENTS WIN 16 DISTRICT AWARDS

The Texas Tech Ex-Students Association won 16 awards -- seven of them firsts -- in competition sponsored by the District IV Conference of the American Alumni Council.

## CALENDAR

MAR. 15	"The Thought of Teilhard de Chardin," the Rev. Michael H. Murray, University Center, 10:30 a.m. and 3:30 p.m. Beef Industry Seminar, Texas Tech University Center at Amarillo (Pantex), afternoon		
MAR. 16	Beef Industry Seminar, Texas Tech University Center at Amarillo, morning, Bull Sale, afternoon Craft Seminar, Art Building, 9:30 a.m.-2 p.m. "The Interior of the Soviet Union," ICASALS public lecture, Dr. Idris R. Traylor Jr., The Museum, 4 p.m. "La Traviata," Tech Music Theater, Moody Auditorium, Lubbock Christian College, 8:15 p.m. Aden Meinel, lecture, "Solar Energy," Room 112, Chemistry Building, 4 p.m.	MAR. 23	Politics for Lunch Bunch, University Center, 1:30 p.m. Daniel Stevens, piano recital, Room 1, Music Building, 8:30 p.m. South-Central Renaissance Conference, The Museum, 8 p.m. (Collegium Musicum and Tech dancers, 8:15 p.m.) "Botswana, Land of the Kalahari," ICASALS public lecture, Dr. Samuel E. # For Your Information

A Newsletter to the Faculty and Staff of the TEXAS TECH UNIVERSITY COMPLEX

Published the first and third Wednesdays of each month by the Office of Information Services, 220 Administration Building. Special editions published when required. Items should be submitted before 9 a.m. on the Friday preceding the week of publication.

VOL. 2 NO. 22, APRIL 5, 1972

## History Faculty Honored

Members of the Texas Tech history faculty won four distinguished awards in March. Recognized were Department Chairman David M. Vigness, Dr. Alwyn Barr, Dr. Seymour V. Connor and Prof. Emeritus W. Curry Holden.

Vigness, Barr and Holden were honored by the Texas State Historical Association. The H. Bailey Carroll Award for the best article appearing in the *Southwestern Historical Quarterly* went to Dr. Vigness for "Nuevo Santander in 1795: A Provincial Inspection by Felix Calleja." Barr won the Coral H. Tullis Memorial Award for his book, *Reconstruction to Reform: Texas Politics, 1876-1906*. Holden received an Award of Merit from the Association of State and Local History for his book, *La Espuela Land and Cattle Company*.

### W. L. STANGEL FUND DRIVE IS LAUNCHED

A drive to establish a perpetual scholarship fund has been launched by the Texas Tech College of Agricultural Sciences in the name of W. L. Stangel, dean emeritus of agriculture.

The initial goal would provide 50 individual scholarships on a continuing basis from the accrued interest in a base fund established through cash and property gifts, wills and bequests, and other forms of giving.

Stangel was appointed dean of agriculture at Texas Tech in 1945. In 1951 he was named "Man of the Year in Texas Agriculture." He retired in 1958.

### SUMMER SESSIONS PLANNED AT JUNCTION

The Texas Tech University Center at Junction will offer 29 courses for three different series of 1972 summer sessions, according to Director William Oden.

Twenty-two courses will be offered for undergraduate credit. Three-week courses will be offered for advanced students and for special students not pursuing a degree plan at Texas Tech University.

Participating are areas within the College of Education and 13 departments in other colleges -- English, history, government, mathematics, economics, biology, civil engineering, home and family life, music, art, agronomy, animal science, and range and wildlife management.

The first class will begin May 29.

### NATURALISTS RETURN

The Southwestern Association of Naturalists held their first meeting at Texas Tech University in 1953 and, for the first time since then, members will return April 20-22 to hold their 19th annual meeting.

Prof. Connor was notified by the National Cowboy Hall of Fame that *North America Divided: The Mexican War, 1846-1848* has been selected for the 1972 Wrangler Award as the year's outstanding western non-fiction book. Connor and Odie B. Faulk, a Texas Tech graduate, are co-authors of the book. Dr. Faulk teaches at Oklahoma State University.

H. Bailey Carroll, for many years director of the State Historical Association, was awarded the first master's degree from the Graduate School at Texas Tech.

### COACHES ALL AMERICA GAME TICKETS AVAILABLE

Tickets are now on sale for faculty and staff for the 1972 Coaches All America Game in Jones Stadium. Game time is 7:30 p.m. June 24.

Athletic Ticket Manager Ruth C. Sturtz said that option holders should reserve seats as early as possible, before general sales begin May 1.

Sideline seats are \$7 each. General admission is \$2.50 for adults and \$1 for children.

### GOLF TOURNAMENT FOR TECH FACULTY

Tentative plans are underway for a two-day faculty golf tournament to take place in late April at the Hillcrest Country Club.

Plans call for a \$10 entry fee, tee offs scheduled for mid-afternoon, and trophies for winners. Entries will be limited to 100 men. Faculty interested should call Rae Harris (3-3167 or 799-5849) or D. N. Peterson (2-2204 or 795-7781).

### 1972-73 DIRECTORY

Personnel cards for faculty and staff listings in the 1972-73 Campus Telephone Directory are being mailed this week to deans, department chairmen and campus offices. Information in the Faculty and Staff Division (blue section) of the directory will appear as it is listed on the individual cards.

Completed cards should be returned to the Office of Information Services by April 21.

### FACULTY COUNCIL

The spring meeting of the Faculty Council will be held at 3 p.m. Tuesday, April 11, in the ballroom of the University Center, according to Chairman Charles E. Dale of the Executive Committee.

### RECEPTION TO HONOR NEW MUSEUM DIRECTOR

Dr. Craig C. Black, who will become director of The Museum of Texas Tech University July 1, will be honored at a reception from 4:30 to 6 p.m. today at The Museum.

Dr. Black also will serve as professor of geosciences. He is professor in the Department of Systematics and Ecology at the University of Kansas and, from 1962 to 1970, was curator of vertebrate fossils at the Carnegie Museum in Pittsburgh. He has been associated with the academic program and Museum of Natural History at the University of Kansas.

Dr. J. Knox Jones Jr., dean of the Graduate School, has been serving as acting director of The Museum.

### LISTINGS ASKED FOR SPECIAL SERVICES

Departments that have services available to other university segments have been asked to list the services in the Operating Systems and Procedure Manual soon to be published, according to Steve Wood, coordinator of Systems and Procedures.

The manual will describe the nature of the services offered, information concerning charges, and the individual who should be contacted for such services. Information should be sent to the Office of Systems and Procedures, Room 117, Administration Building.

### ELECTION CERTIFICATION ANNOUNCED BY COMMITTEE

The Faculty Council Committee on Elections has announced certification of the election of 12 faculty members to four committees.

Elected to three-year terms on the Executive Committee were: James Reese, representing the College of Arts and Sciences; Gerald Skoog, College of Education; and at-large committeemen, Peder Christiansen, Jacquelin Collins, Maurice Kirk, Judson Maynard and Kline Nall.

To serve three-year terms on the Faculty Development Leave Committee are: Clara McPherson, Home Economics; W. Reed Quilliam Jr., Law; and John Ryan, Business Administration.

Patrick Odell was elected to a six-year term on the Budget Advisory Committee. Lowell Blaisdell was elected to a five-year term on the Tenure and Privilege Committee.

Runoffs are needed to decide several other elections, the committee reported.

## EXHIBITS

**MISSION APOLLO** -- paintings and drawings commissioned by NASA (Smithsonian), The Museum, until Apr. 16

**THE RENAISSANCE:** Aspects of a great epoch -- selections from Rare Book Collection, Tech Library, at The Museum, until Apr. 30

**ALBRECHT DURER:** An interpretation -- facsimiles of work by 16th Century German master (Goethe Institute), The Museum, until Apr. 30

**MUSICAL INSTRUMENTS** of the Renaissance -- Typical examples

from Dona Lee Cherry collection, The Museum, until Apr. 9

**ENGLISH BRASS RUBBINGS** -- from monumental brasses of 14th-16th centuries (Julie Bailey collection), The Museum, until Apr. 9

**MIGRATION OF BIRDS** -- (Cranbrook Institute), The Museum, until Apr. 30

**COLORPRINT USA** -- Art Building, Art Gallery, Apr. 9-26

**THE BIG THICKET** -- in Harold Nicholas' watercolors, The Museum, until Apr. 30

## COMMENCEMENT SPEAKER

Dr. H. Guyford Stever, newly appointed director of the National Science Foundation, will give the May 13 Commencement address for more than 2,800 Texas Tech University degree candidates. Ceremonies begin at 8 p.m. in Lubbock Municipal Coliseum.

Before becoming NSF director, Stever was president of Carnegie-Mellon University for seven years. He is an internationally known expert in aeronautical engineering and space technology.

## LEGION OF MERIT

Col. William L. Hodge was presented the Legion of Merit for "exceptionally meritorious service as professor of military science" at Texas Tech University from January 1970 to April 1972. President Grover E. Murray made the presentation March 24. Col. Hodge retired April 1 with more than 28 years' service at the conclusion of his Texas Tech assignment.

## LACK OF MONEY AFFECTS ENROLLMENT

Lack of money was cited as the primary reason an "unprecedented" number of students in good standing last spring were missing when classes were resumed in September at the University of Illinois.

The cause was learned when the university sent questionnaires to more than 2,000 absentees. Some students transferred to other colleges and universities. Some said they expected to continue their studies at a later time.

## CALENDAR

APR. 5 Politics for Lunch Bunch, University Center, 1:30 p.m.  
Violoncello recital, Arthur Follows, Seaman Hall, 8:15 p.m.

APR. 6 Tennis -- Southern Methodist at Lubbock, 2 p.m.  
"Forbidden Game," (film) University Center, 4, 8 p.m.  
Midland Lee High School Choir, Room 1, Music Building, 4 p.m.  
Speakers Series -- Stewart Udall, Business Administration Auditorium, 7:15 p.m.  
Trumpet recital, John Parkinson and Randy Marchman, Room 1, Music Building, 8:15 p.m.

APR. 7-8 Track -- Texas Relays at Austin

APR. 7 Board of Regents, Administration Building, 3:30 p.m.  
Baseball -- Southern Methodist at Dallas (2), 1 p.m.  
"They Shoot Horses, Don't They?" (film) University Center, 3, 7 p.m.  
John Denver Concert, Municipal Auditorium, 8 p.m.  
Tech Choir and Singers and Stage Chorus, place to be announced, 8:15 p.m.

APR. 8 University Interscholastic League District 4A literary contests, 8:30 a.m.-12 noon  
Tennis -- Texas Christian at Lubbock, 2 p.m.  
Baseball -- Southern Methodist at Dallas, 2 p.m.  
Piano recital, Shirley Evans' students, Seaman Hall, 4:30 p.m.  
"Astronomy's Hall of Fame," Moody Planetarium, 3 p.m.  
Be-Bop Dance, University Center, 8 p.m.-12 midnight  
Bassoon recital, Richard Meek, Tech Library, 8:15 p.m.

APR. 9 Tech Concert Band, Coronado High School, 3 p.m.  
"Astronomy's Hall of Fame," Moody Planetarium, 3, 4 p.m.  
Reception, Scholarship donors and recipients, University Center, 3-5 p.m.  
"They Shoot Horses, Don't They?" University Center, 3, 7 p.m.  
Piano recital, Susan Blinderman, Seaman Hall, 7 p.m.

APR. 10-12 International Interest - Africa, University Center

APR. 10 Soprano, baritone recitals, Julia Irvin and Bobby Dillard, Room 1, Music Building, 8:15 p.m.

APR. 11 Baseball -- Lubbock Christian College at Tech (2), 1 p.m.  
Women's Estate Planning Seminar, Law School, 2-4 p.m.  
Faculty Council Spring Meeting, University Center, 3 p.m.

Tenor-Baritone recital, David Murphy and Richard Edwards, Seaman Hall, 7 p.m.  
"Sociology, Psychiatry and Civil Rights," lecture, H. Warren Dunham, Business Administration Lecture Hall, 7:30 p.m.

APR. 12-15 Mitchell-Ruff Duo, University Center, 8 p.m.

APR. 13 Golf -- Houston All-American at Houston  
Tech Symphony Orchestra Commencement Concert, University Center, 8:15 p.m.

APR. 14 Distinguished Engineers Luncheon, University Center, 12 noon  
Baseball -- A&M University (2) at Lubbock, 1 p.m.  
"Move," (film) University Center, 8 p.m.  
"Little Murders," University Theater, 8:15 p.m.

APR. 15 Track -- Baylor-New Mexico State-Tech at Lubbock  
Baseball -- A&M University at Lubbock, 2 p.m.  
Tennis -- University of Texas at Lubbock, 2 p.m.  
Mezzo-soprano recital, Ellen Fuller, Room 1, Music Building, 3 p.m.  
"Astronomy's Hall of Fame," Moody Planetarium, 3 p.m.

APR. 15 "Little Murders," University Theater, 5:30, 8:45 p.m.  
University Sing, Municipal Auditorium, 6:30 p.m.  
Coffeehouse, University Center, 8-11 p.m.

APR. 16 Piano recital, Elicia Keele, Seaman Hall, 8:15 p.m.  
"Move," University Center, 3, 7 p.m.  
Keyboard recital (piano and harpsichord) Mary Pendleton, Seaman Hall, 3 p.m.  
"Astronomy's Hall of Fame," Moody Planetarium, 3, 4 p.m.

APR. 17 "Little Murders," University Theater, 8:15 p.m.  
"Little Murders," University Theater, 8:15 p.m.  
Mezzo-soprano recital, Pat Gaddis, Room 1, Music Building, 8:15 p.m.

APR. 18 Artists Series -- "The Cage," Municipal Auditorium, 8:15 p.m.  
Women's Estate Planning Seminar, Law School, 2-4 p.m.  
Bar Keys in Concert, Municipal Auditorium, 8 p.m.

APR. 19 Tuba, Euphonium recitals, Robert Daniel and Mark Crouch, Room 1, Music Building, 8:15 p.m.  
Piano recital, Susan Dennis, Seaman Hall, 8:15 p.m.

APR. 19-21 Artists Series -- Karl Herreshoff, guitarist in residence

APR. 19 Politics for Lunch Bunch, University Center, 1:30 p.m.

## Faculty Council Spring Meeting

VOL. 2 NO. 23, APRIL 19, 1972

President Grover E. Murray told the Texas Tech University faculty April 11 that the institution is moving ahead very substantially and, in comparison with other universities, is in very good shape.

The President's comments were made before the Faculty Council's spring meeting in the University Center.

"The university has increased greatly in stature during the last few years," he said. "The image of the institution has become international as well as national."

The progress of the Texas Tech University School of Medicine is good, he said. He called attention to enrollment plans, plans for clinical accommodations, and the growing number of agreements which have been reached with hospitals in nearby cities. He said that there are plans for an Amarillo campus for the school in the near future.

In regard to legislative matters, Dr. Murray said the university will ask the Texas Legislature for a 6.8 per cent increase in funds over the 1971-72 figure to cover salary increases for faculty, staff and administrators in 1972-73. He said funding would be asked for the Texas Tech University School of Veterinary and Zoological Medicine, and full formula funding would be sought for research.

"The university's academic programs steadily are improving," he said, "and the quality of personnel recruited recently is first rate."

Of the Texas Tech University Center at Junction, President Murray said that progress on renovation goes extremely well.

"I am pleased also with the academic program at Junction developed by Dr. (William) Oden." Dr. Oden is director of the Center at Junction.

The President said that, because questions increasingly are arising relative to the question of tenure, the administration this year has asked that some requests for tenure be reviewed by departments, deans and their committees.

### RETIRED FACULTY

Texas Tech faculty and staff are invited to attend a buffet dinner and program to honor retired faculty and staff at 6:30 p.m. Wednesday, April 26, in the University Center Ballroom. Those who will retire by Aug. 31 also will be honored.

The affair is the first of its kind. Tickets are \$3 each. Reservations are due today (April 19) and may be made by calling Mrs. Carolyn Moss, 742-7275.

### MUSEUMS WORKSHOP

A public regional workshop for museums will be held from 9:15 a.m. to 3 p.m. Friday, April 28, at The Museum of Texas Tech University. Faculty and students are especially invited. Luncheon tickets are \$2.50 and reservations should be made by April 25 by calling Mrs. Eugene Kingman, 792-5427.

The Faculty Council voted to accept new by-laws following a review of them by Law Prof. Maurice Kirk, chairman of the Academic Status Committee. President Murray indicated he would approve the by-laws as they were submitted to the council by the committee.

Economics Prof. Theodore Taylor, chairman of the Faculty Council's ad hoc Committee on Minority Students and Ethnic Studies, gave the council an interim report. He said he hoped a final report from the committee could be made in September.

Taylor said the committee had reached some tentative conclusions, including the belief that freshmen from minority groups feel particularly alienated from the university community. He pointed to an abnormally high rate of attrition among this group, and told the faculty it was up to them to work through their departments in serving minority students. He suggested, for instance, extra laboratory and tutoring sessions. All should engage, too, he said, in the recruiting of minority students which now make up only about 3 per cent of the student body.

The committee meets each Wednesday at 3:30 p.m. in Room 209 of the Administration Building and welcomes visitors, Taylor said.

### FCEC ELECTS OFFICERS

The Executive Committee of the Faculty Council met April 12 and re-elected as chairman Charles Dale of the business law faculty. Other officers elected were Vice Chairman C. Richard Quade of the physics faculty and Secretary Panze Kimmel of the College of Education.

### PRESIDENT'S RETREAT

The traditional President's Retreat for the spring semester will be held at 4:30 p.m. Thursday, April 20 in Memorial Circle.

The entire campus community is invited to attend the ceremony honoring the flag, the nation, and U.S. prisoners of war in Southeast Asia. Meritorious service awards will be presented outstanding Air Force and Army ROTC cadets.

### BOARD OF REGENTS FOR TTU TAKES ACTION

At its April 7 meeting, the Board of Regents of Texas Tech University passed several resolutions regarding proposed new construction, voted to increase the building use fee paid by students, approved several major academic changes and adopted three employee benefit programs. The board:

- Reviewed designs of the University Center-Music facility; approved calling for bids on an addition to the Psychology Building, not to exceed \$250,000 in cost; and passed resolutions asking that work proceed on plans for a Food Sciences facility and additions to the social sciences and mass communications facilities, and new recreational facilities (physical education, recreational and intramural).

- Voted a \$15 per semester increase in the building use fee paid by students taking 12 or more semester hours' credit, and asked that -- in allocating the funds received through this increase -- that a high priority be given to intramural and recreational facilities. (The fee is adjusted downward to a minimum of \$4 per semester for students taking three or fewer hours' credit.)

- Approved for transmittal to the Coordinating Board, Texas College and University System, a doctor of philosophy degree program in fine arts -- including the fields of music, art and theater; transferred the education portion of the business education program from the College of Business Administration to the College of Education.

- Approved for Texas Tech employees a maternity leave policy; authorized the administration to proceed with accepting bids on a high limit accidental death and dismemberment insurance plan for employees; and moved that companies authorized to offer the Optional Retirement Program at Texas Tech also be authorized to offer the Tax Sheltered Annuity to the faculty and staff.

- Approved construction of a new commuter parking lot for 1,000 spaces not to exceed \$100,000 in cost, with the lot situated north of the Law School parking lot; increased the parking fee schedule to \$22.50 for nine months reserved, \$30 for 12 months reserved, \$11.25 for commuter parking for nine months and \$16.85 for residence halls parking for nine months.

### BOARD ACTS TO CREATE FOOD SCIENCES INSTITUTE

The Texas Tech University Board of Regents moved at its April 7 meeting to establish an Institute of Food Sciences.

Administrative responsibility for the Institute was assigned to the Dean of the College of Agricultural Sciences. The consolidation is to become effective with the fall semester of 1972 "or as soon thereafter as official channels have been followed."

## SIX BLACKS APPOINTED TO TEXAS TECH FACULTY

The appointment of five Blacks to the Texas Tech University faculty in 1972 was announced by Dr. Grover E. Murray at the Faculty Council meeting on Tuesday, April 11. In addition, one full time appointment has been announced for Texas Tech University School of Medicine.

Charles E. Henry, a biology teacher at Coronado High School, has been appointed instructor in the Department of Health Communications in Texas Tech University School of Medicine, effective June 1.

A visiting professor, Dr. Abraham Davis, will teach during the 1972 summer session in the Department of Government.

The additional four members will

join the university faculty in August. They are: Asst. Prof. Vivian Davis, English; Asst. Prof. Emory Davis, sociology; Asst. Prof. John W. King, speech; and Assoc. Prof. Carmyn Morrow, clothing and textiles.

## C. W. RATLIFF MEMORIALIZED THROUGH SCHOLARSHIP FUND

A memorial fund for scholarships in mass communications at Texas Tech University has been established in the name of C. W. Ratliff, news director emeritus of KCBD-TV, who died Tuesday, April 11. Ratliff was a member of Texas Tech's first graduating class and the institution's first football team. He was a Lubbock newsman for 47 years.

## SCHOOL OF MEDICINE BOARD OF REGENTS

At its April 7 meeting the Board of Regents of Texas Tech University School of Medicine;

- Called for developing plans to make Thompson Hall useable for interim clinical space;

- Approved for transmittal to the Coordinating Board a program leading to the master of science degree in human biology;

- Reviewed enrollment plans which call for the admission, in the fall of 1972, 35 first year students all from the state of Texas and 25 third year students, 19 of whom will be out-of-state residents.

## CALENDAR

APR. 19 Politics for Lunch Bunch, University Center, 1:30 p.m.  
 APR. 20 Artists Series - Karl Herreshoff, guitar recital, University Center, 8:15 p.m.  
 President's Retreat, Memorial Circle, 4:30 p.m.  
 Tech Rodeo, Municipal Coliseum, 8 p.m.  
 APR. 20-21 Southwestern Petroleum Short Course, University Center  
 APR. 20-22 Southwestern Association of Naturalists, The Museum  
 UIL Region 1, One-act play contest, Class B, A, AAAA  
 UIL Region 1, Conferences AAAA, A and B  
 APR. 21 UIL Region 1 Tennis - women's courts  
 Baseball - Baylor (2) at Lubbock, 1 p.m.  
 Exhibition opening, "Art '72," The Museum, 8 p.m.  
 Violin recital, Patricia Kagan Frazier, Seaman Hall, 8:15 p.m.  
 Tennis - A&M at College Station, 2 p.m.  
 Tech Rodeo, Municipal Coliseum, 8 p.m.  
 Food Science and Nutrition Seminar, Dr. Guillermo Arroyave and Dr. Margaret Kassouny, Business Administration Auditorium, 2:30 p.m.  
 APR. 22 FFA Judging Contest, campuswide, 8 a.m.-4 p.m.  
 AFROTC golf tournament, Pinehills Country Club  
 Baseball - Baylor at Lubbock, 2 p.m.  
 UIL Tennis - women's courts  
 Piano recital, Melinda Erickson, Seaman Hall, 2 p.m.  
 Tech Rodeo, Municipal Coliseum, 8 p.m.  
 Track - West Texas Invitational at Canyon  
 Tennis - Rice University at Houston, 2 p.m.  
 Block and Bridle quarterhorse show, Municipal Coliseum, all day  
 Student composers, Room 1, Music Building, 8:15 p.m.  
 "Astronomy's Hall of Fame," Moody Planetarium, 3 p.m.  
 APR. 23 "No Blade of Grass," University Center, 3, 7 p.m.  
 Piano recital, Lauren Rowell, Seaman Hall, 3 p.m.  
 "Astronomy's Hall of Fame," Moody Planetarium, 3, 4 p.m.  
 Vocal recital, Sara Peek, Room 1, Music Building, 8:15 p.m.  
 APR. 24 Lubbock Symphony Orchestra Pops Concert, Municipal Auditorium, 8:15 p.m.  
 Vocal recital, Susan White, Room 1, Music Building, 7 p.m.  
 APR. 25 Arnold Air Society's Dining Out, Reese AFB, 7 p.m.  
 Women's Estate Planning Seminar, Law School, 2-4 p.m.  
 Red Raider Banquet, Municipal Coliseum, 6:30 p.m.  
 Tech Choir, Singers and Orchestra, Moody Auditorium, Lubbock Christian College, 8:15 p.m.

APR. 26 Violin recital, Evelyn Gullatt, Seaman Hall, 7 p.m.  
 Saxophone recital, Richard Ramey and Tom Francis, Room 1, Music Building, 8:15 p.m.  
 APR. 26-27 Faculty-staff Golf Tournament, Hillcrest Country Club  
 APR. 26-28 Media Workshop in Education for the Deaf, Lubbock State School  
 APR. 27 Army ROTC Awards Ceremony, Agricultural Engineering Auditorium, 1:30, 3 p.m.  
 AFROTC Awards Ceremony, Business Administration Lecture Hall 202, 1:30, 3 p.m.  
 Violin recital, Trisha Faubion, Seaman Hall, 8:15 p.m.  
 Vocal recital, Ben King and Jeff Berta, Room 1, Music Building, 8:15 p.m.  
 APR. 27-28 Technical Writing Institute, University Center  
 APR. 27-29 Tennis - Southwest Conference meet at Fayetteville, Ark.  
 Golf - Southwest Conference meet at Fayetteville, Ark.  
 Varsity Bands, University Center, 8 p.m.  
 "Tell Me That You Love Me Junie Moon," University Center, 8 p.m.  
 Baseball - Rice University at Houston, 2 p.m.  
 Track - Drake Relays at Des Moines, Ia.  
 Texas Museums Workshop, The Museum, 9:15 a.m.-3 p.m.  
 Piano recital, Celine Pil, Seaman Hall, 7 p.m.  
 Vocal recital, Bonnie Victor, Room 1, Music Building, 7 p.m.  
 Bassoon recital, Carol Meek, Room 1, Music Building, 8:30 p.m.  
 APR. 29 "Astronomy's Hall of Fame," Moody Planetarium, 3 p.m.  
 Bass recital, Larry Shields, Seaman Hall, 4 p.m.  
 Piano recital, Micaela Daia, Seaman Hall, 8:15 p.m.  
 Harp recital, Chelcy Jones and Joan Seymour, Room 1, Music Building, 8:15 p.m.  
 APR. 30 "Tell Me That You Love Me Junie Moon," University Center, 3, 7 p.m.  
 "Astronomy's Hall of Fame," Moody Planetarium, 3, 4 p.m.  
 Clarinet recital, Homer Stewart, Seaman Hall, 3 p.m.  
 Clarinet recital, Ted Bartley, Seaman Hall, 4 p.m.  
 Vocal recital, Lisa Cunningham, Room 1, Music Building, 8:15 p.m.  
 MAY 1-8 Final examinations  
 MAY 1 Public lecture, "Understanding the Autistic Child," Dr. Rudolf Ekstein, University Theater, 8 a.m.  
 MAY 3 School Boards Workshop, University Center, 1-6 p.m.

"There is a destiny that makes us brothers -- none goes his way alone." -- Edwin Markham

Contributed by Joy Cox, adviser for students, who will receive from FYI a campus photo suitable for framing.

# For Your Information

A Newsletter to the Faculty and Staff of the TEXAS TECH UNIVERSITY COMPLEX

Published the first and third Wednesdays of each month by the Office of Information Services, 220 Administration Building. Special editions published when required. Items should be submitted before 9 a.m. on the Friday preceding the week of publication.

VOL. 2, NO. 24, MAY 3, 1972

## ASEE Sessions Open to the Public

Faculty and staff of Texas Tech as well as the public are expected to attend some sessions of the 80th Annual Conference of the American Society for Engineering Education concerned with "Engineering Involvement."

"Education for World Development" will be discussed Wednesday, June 21, by Chakravarthi V. Narasimhan, chef de cabinet, Office of the Secretary-General of the United Nations. The ASEE International Division is sponsor for the luncheon meeting at 12 noon in the University Center Ballroom.

Keynote speaker will be Eric A. Walker, vice president, Science and Technology, Aluminum Company of America. He will speak on "National Priorities in Engineering Education" at 9 a.m. Tuesday in Municipal Auditorium. At the same meeting Arthur G. Hansen, president of Purdue University will discuss "New Thrusts in Engineering Education," and C. V. Kirkpatrick, dean of the Cullen College of Engineering, University of Houston, will talk on

"Recent Trends in Accreditation."

Other speakers of special note will be:

James Vollmer, manager, Advanced Technology Laboratories, Radio Corporation of America, speaking on "Graduate Education for Industry;"

Albert French, State University of New York Agricultural and Technical College, "Collective Bargaining for Engineering Educators;"

James E. Roembke, Office of Civil Defense, "Design for Total Disaster Effects;"

Bernard Chadnet, World Bank, "The Engineer's Involvement in Economics;"

And Fred Abernathy, National Science Foundation, "NSF and Engineering Research."

## 1,692 DEGREE CANDIDATES FOR MAY COMMENCEMENT

Dr. H. Guyford Stever, director of the National Science Foundation, will deliver the 46th annual commencement address at Texas Tech University May 13 for an estimated 1,692 degree candidates. Ceremonies begin at 8 p.m. in the Lubbock Municipal Coliseum. There were 1,116 December graduates.

### ASEE BUILDING USE GUIDE

The American Society for Engineering Education will be using almost a score of the permanent buildings on the Texas Tech campus during its 80th annual meeting June 19-22. This building use guide is printed for the convenience of the campus community.

**ASEE PRE-CONFERENCE HEADQUARTERS**-- 4-A Civil and Mechanical Engineering Building, Dr. James Lawrence, general chairman, 2-1285

**ARCHITECTURE**-- ASEE National and Texas Tech conference headquarters, 10th floor; Registration, information and transportation, 1st floor; Women's headquarters, patio level; meetings and seminars throughout the building.

**ART**-- Arts and crafts classes for women and children

**ATHLETIC DINING HALL**-- Welcoming tea, 2-4 p.m. Monday, June 19, Mrs.

Grover E. Murray, hostess; luncheons and banquets

**BUSINESS ADMINISTRATION**-- Meetings and seminars

**CENTRAL FOOD FACILITIES**-- Tours

**CHEMISTRY**-- Room 38, Peter Hurd lecture, 2:30 - 4 p.m. Wednesday, June 21

**DORMITORIES**--Hulen, Clements, Gates, Wall, Chitwood, Coleman and Weymouth, on campus housing and teen centers; Hulen-Clements, lobby and dining areas, educational exhibits; Wiggins and Gates-Wall dining halls for those staying on campus

**FOREIGN LANGUAGES AND MATHEMATICS**-- Limited number of meetings and seminars

**MOODY PLANETARIUM**-- Lectures

**MUNICIPAL AUDITORIUM**-- Plenary and general business sessions

**RANCH HEADQUARTERS**-- Tours and Family Night Barbecue, 6:30 p.m. Monday, June 19

**TEXTILE RESEARCH CENTER**-- Tours and Harold Hinn Conference Center, conferences

**THE MUSEUM**-- Lectures, tours, demonstrations, children's science series

**UNIVERSITY CENTER**-- Luncheons and banquets; game room for teenagers.

### To the Faculty and Staff

Texas Tech University will welcome the American Society for Engineering Education to our campus June 19-22.

The planning for this large conference, for which between 3,500 and 4,000 visitors are expected to register, has been going on for 10 years, with a concentration of effort within the College of Engineering during the past 12 months.

Although the engineering faculty and staff are most directly concerned with this event, it will affect all of the campus, and the image of Texas Tech University taken home by the delegates and their families will reflect upon this institution in the years to come.

A meeting of this magnitude will require the cooperation, support and goodwill of all segments of the Texas Tech community.

Texas Tech has earned a reputation for its friendly and courteous atmosphere. Let's all do everything we can to welcome our guests for the 1972 ASEE Conference and make their visit to our campus a highly enjoyable and memorable occasion.

Grover E. Murray  
President

### BOARD OF REGENTS

The Texas Tech University Board of Regents will hold its next meeting at 3:30 p.m. May 12. The last meeting of the current year will be Aug. 18. Dates set for 1972-73 are: Sept. 29, Dec. 1, Feb. 2, March 23, May 11 and Aug. 17.

### DEPARTMENT HEADS NAMED

Dr. Mark L. Fowler has been named chairman of the Department of Agricultural Economics, and Dr. Bill E. Dahl has been appointed interim chairman of the Department of Range and Wildlife Management. Dean Anson R. Bertrand made the announcement. Both appointments became effective May 1.

Fowler has been serving as interim chairman of Agricultural Economics. Dahl succeeds, on the interim basis, Dr. Joseph L. Schuster who has joined the Texas A&M University faculty.

### WATCH FOR DEARS

Advance estimates indicate the ASEE June conference at Texas Tech may bring as many as 575 children of delegates to the campus. Special programs are planned for all attending, and careful supervision has been organized for the youngest. There can be increased traffic hazards, however, caused by so many who are unfamiliar with the campus. Host engineers ask everyone to *Drive Friendly*, with a special concern for the children.

## EXHIBITS

**THESIS EXHIBIT** -- Work of graduate students in the Department of Art, Art Building Gallery, until May 12  
**ART '72** -- Invitational, The Museum, until May 7  
**ART IN BUSINESS** -- From The Museum collection, The Museum, May 11-14

## INSURANCE PREMIUMS

Employees paid on a nine-month basis must pay insurance premiums by check for the summer months. The Payroll Department explained:

Since insurance premiums are deducted on a 12-month basis, it is necessary for premiums to be paid by check any month in which no payroll deduction is made. If no premium is received your name will be deleted from the billing and your insurance cancelled. Checks made payable to *Texas Tech University* may be brought or mailed to the Payroll Department, Box 4400, Lubbock, Tex. 79409.

## LIBRARY INVITES FACULTY INQUIRIES

The Tech Library automatically receives the bulk of new books published in the U.S. and Great Britain which are of interest to an academic library, with certain categories excluded.

Faculty are invited to examine a continuing file recording the books received in order to determine how this arrangement affects the acquisition of books in their fields of interest. To examine the file ask for the bibliographer, Dolores Maxwell, or Order Librarian Cliff Hicks.

## FACULTY USE INVITED AT JUNCTION CENTER

The first phase of renovation of the Texas Tech University Center at Junction is nearly complete, according to Center Director William E. Oden.

Oden invited the faculty to use the center and to devise uses for the facility to enrich teaching and research.

When the summer session starts May 30, there will be, fully air-conditioned, two academic buildings with six large classrooms, a wet lab for biology, six faculty offices, a library area, a large lecture hall, space for administrative offices and a faculty-seminar building.

Course offerings are tied to the Texas Tech University catalog and each course given at the center is eligible to count as credit and is transferable.

The designation of the facility as a center was chosen, Oden said, to conform with the Southern Accrediting Association's definition of a center as "a non-degree-granting division or unit of an institution, located in a geographical setting separated from the parent institution and established for a stated purpose in relation to the parent institution and to the area served."

"It is hoped that the faculty can make use of facilities in many ways other than credit-carrying courses or courses normally taught on the Lubbock

campus," Oden said. "Because the facility is in a beautiful part of the Hill Country, short course workshops geared to appeal to professional groups might serve as a welcomed change from the city's pace and the demands of the professional world.

"These people need to retool and to be brought abreast of the latest findings in their professional discipline," he said. "Our faculty can perform a great service in a variety of activities, including continuing education."

For more information on the Center at Junction call 3-3129.

## TORNADO SEASON

The tornado season is at hand, and faculty and staff are cautioned to locate now what place of refuge would serve best in case of danger. The sound of the siren means, "Take refuge." The siren is not sounded for a tornado watch, only when a tornado is sighted approaching the university.

## SPORTS PROGRAM

The Texas Tech summer swimming program for faculty and staff family instruction is being expanded in 1972 to include tennis. Courses start May 29 in the newly named Lifetime Sports Instruction Program. The Department of Health, Physical Education and Recreation for Men has planned six two-week swimming sessions with several class divisions each session. Junior lifesaving certification has been added. Seven beginning tennis sessions are scheduled. For more information call 3-3113.

## GAME TICKETS

Athletic Ticket Manager Ruth C. Sturtz asks that faculty and staff pick up tickets for the Coaches All America Game while choice seats still are available.

## CALENDAR

MAY 1-8 Final examinations  
MAY 3 School Boards Workshop, University Center, 1-6 p.m.  
MAY 5 Texas Tech University Foundation Board, The Museum, 4 p.m.  
MAY 5-6 Industrial Advisory Board, Department of Industrial Engineering, Harold Hinn Conference Room, 8:30 a.m.  
MAY 6 4-H Judging Contest, campuswide, all day  
"May Stargazing," Moody Planetarium, 1:30 p.m.  
"The Age of Aquarius," Moody Planetarium, 3 p.m.  
MAY 7 South Plains Archaeological Society, The Museum, 2:30 p.m.  
Astronomy Club, The Museum, 3 p.m.

"The Age of Aquarius," Moody Planetarium, 3, 4 p.m.  
MAY 9 Residence halls close  
MAY 11 "Selections Night," Art-in-Business, The Museum, 7:30-8:30 p.m.  
MAY 12 Board of Regents, Administration Building, 3:30 p.m.  
Joint Armed Forces Commissioning Ceremony, University Center, 11 a.m.  
MAY 13 Commencement Exercises, Municipal Coliseum, 8 p.m.  
"The Age of Aquarius," Moody Planetarium, 3 p.m.  
Reunions, classes of 1932, 1933  
MAY 14 "The Age of Aquarius," Moody Planetarium, 3, 4 p.m.

## Board of Regents Take Action

The Texas Tech University Board of Regents May 12:

- \* Accepted architects' designs for additions to the University Center/Music Building and the Library and authorized the architects to proceed with the design development and contract documents.

- \* Authorized the Administration to prepare contract documents for the Central Heating and Cooling Plant, pointing out that the cooling capacity for 6,000 tons already is producing at 9,000 tons;

- \* Endorsed university support for legislative action which would -- 1) provide a 6.8 per cent increase in salary funds for the current biennium since all state agencies except those in higher education received such a sum last year, 2) restore organized research funds at least to the level included in the 1971-72 portion of the Appropriation Bill, and 3) provide funds to pay \$12.50 per month for health insurance for university employees since the state pays this amount for all Texas public employees except those in higher education;

- \* Authorized a continuation of the current amount in the Student Service Fee and authorized allocation of funds obtained through this fee on the basis of need rather than "head count" in fund allocation;

- \* Noted that Gaston Hall apartments now under construction for women students are already all reserved for the fall semester;

- \* Accepted Halsey, Stuart & Company's bid of 5.3498 per cent on the sale of \$12.5 million in general tuition revenue bonds, funds to be used for construction of permanent facilities for the School of Medicine;

- \* Rescinded its policy which restricted the number of students who could live in fraternity or sorority lodges.

### REGENTS MEMORIALIZE WHYBURN, RATLIFF

The Texas Tech Board of Regents May 12 memorialized by resolution the passing of Dr. William Marvin Whyburn, who had served the university as a faculty member and as president from 1944-1948, and C. W. Ratliff, one of the university's first students, a journalist, active alumnus and friend.

The Board noted that President Emeritus Whyburn continued to demonstrate his concern for and support of Texas Tech up to the last week of his life and exemplified the drive for academic excellence essential to the university.

Regarding Ratliff, the Board noted that he had attended more meetings of the Board of Regents over a longer period of time than any man in the history of Texas Tech.

He was held in high esteem by his colleagues and host of friends in the communication industry, the resolution said, and possessed an exemplary reputation for objective and factual news reporting. He exemplified in his life, the Board said, the best qualities which Texas Tech University has striven to inculcate in its students.

### FOOD SCIENCES INSTITUTE COMMITTEE IS ESTABLISHED

The Texas Tech Board of Regents May 12 reaffirmed its interest in the establishment of an Institute of Food Sciences at Texas Tech and, at the same time, established a special committee to review the proposed institute and make appropriate recommendations to the Administration and Board during the 1972-73 academic year.

The committee is to be appointed by the President with the concurrence of the Board. It will be composed of "knowledgeable representatives of the affected academic divisions of the university and the School of Medicine and eminent outside persons."

### SCHOOL OF MEDICINE BOARD OF REGENTS

The Board of Regents of the Texas Tech University School of Medicine authorized the retention of architects to prepare plans and specifications for a 10,000 square foot vivarium to be located adjacent to the 250-acre site set aside for the medical school.

The Board was advised that the school now has 40 faculty members, 17 department chairmen and has accepted for enrollment 20 students at the junior level and 32 freshmen. Registration will be Aug. 21 and classes begin Aug. 22.

Thompson Hall, which is being renovated for clinical purposes at a cost of \$1.6 million should be ready for occupancy in January, the Board was told.

### To the Faculty and Staff:

Following each meeting of the Texas Tech University Board of Regents and the Texas Tech University School of Medicine Board of Regents, I will set aside space in the next issue of *For Your Information* for an official report of the board's proceedings. I will personally edit and approve the material in order to assure that you will receive all salient information regarding the actions of the board.

Grover E. Murray  
President

### TECH REGENT NAMED OUTSTANDING ALUMNUS

Dr. John J. Hinchey, a member of the Texas Tech University Board of Regents, has been named Baylor College of Medicine's outstanding alumnus for 1972.

A San Antonio orthopedic surgeon, Dr. Hinchey was named to the board in 1971 by Governor Preston Smith.

Dr. Hinchey is a former president of the American Academy of Orthopedic Surgeons. He currently is clinical professor at the University of Texas Medical School at San Antonio and chief of orthopedics at Santa Rosa Medical Center. He is a 1940 graduate of Baylor College of Medicine.

The award was presented May 12 at Baylor's annual alumni dinner at the Menger Hotel in San Antonio.

### MARY DUNN SCHOLARSHIP

A Mary Dunn Music Scholarship fund has been established at Texas Tech as a memorial to the Lubbock teacher of piano who became known nationally as a music educator. She was a sister of the late Myrtle Dunn Short who served on the Texas Tech music faculty for 18 years.

### LITTLE CHANGE EXPECTED IN SUMMER REGISTRATION

Registration for the first summer term at Texas Tech will begin at 2 p.m. May 29 and close at 4:30 p.m. May 30 with "very little change" expected in enrollment numbers compared with the 8,260 who registered for the first summer term in 1971.

More than 2,000 reservations have been confirmed, however, for new students' academic advisement, orientation and early registration sessions this summer. This represents an approximate 33 per cent increase over the number of reservations made at this time last year.

Six two-day sessions have been scheduled for new student orientation during the summer. Sessions will start July 17, 20, 24, 27, 31 and Aug. 3.

## EXHIBITS

**STUDENTS' ART -- Art Building  
Gallery**

**RICHARD BOWMAN -- Roswell  
Museum & Art Center, The  
Museum, May 28-June 25**

## INTERNATIONAL SCHOLARS

Colleges or departments which plan to bring international scholars to Texas Tech University are invited to use the Texas Tech Exchange Visitor Program to expedite procedures. The program is supervised by the Department of State and operates through the Office of International Student Services. It provides no funds but through the program, documents necessary for securing the proper visa are prepared and mailed.

## FULBRIGHT-HAYS AWARDS

Applications are being accepted for senior Fulbright-Hays 1973-74 awards for university lecturing and advanced research in more than 75 countries. The program booklet may be consulted in the office of Faculty Fulbright Adviser David M. Vigness.

July 1 is the deadline for applying for most research awards. These require a doctorate or, in some fields, recognized professional standing.

July 1 is the suggested date for filing applications for lectureships which require college or university teaching experience.

## COMPETITION OPENS FOR STUDY ABROAD

The 1973-74 competition is open for grants for graduate study or research abroad and for professional training in the creative or performing arts. The Institute of International Education said that approximately 550 awards to 37 countries are expected to be available.

Applicants should hold a bachelor's degree or its equivalent before the beginning date of the grant. In only a few cases candidates with the doctoral degree are accepted.

Application forms and information may be obtained from Fulbright Program Adviser David M. Vigness, chairman, Department of History. Deadline for filing applications is Oct. 15.

## CALENDAR

MAY 20 "The Age of Aquarius," Moody Planetarium, 3 p.m.  
MAY 21 "The Age of Aquarius," Moody Planetarium, 3, 4 p.m.  
MAY 22-23 Track -- Southwest Conference Meet, Fayetteville, Ark.  
MAY 22-26 Regional Conference, Partial Differential Equations, 101
