

Brussels, August 18th

Dear old "Uncle John:"

For your nice letter
I received some time ago, many
thanks. I was very glad to hear
all the news from you, but I did
not like, that you wrote, you can
not keep up with our home-stand.
That is not right, and you have
to be more careful. I think Miss
Ana Marie Harris, that is to say
if you know her, told you, that
I wrote her to cut that soldier out.

siness out, Did she not? She told
me too, that the "old man with mar-
ble and chalk in the pocket" is en-
joying down real often and that you
have a gay time ^{together} and that you
were kindly enough to speak some-
time of the poor "Kaiser". Is that
not so? I enjoy myself very well
here. Last week I was four days in
Siege, next week I want to go
to Ostend, and it might be later
on to Calais. On the 12th of next
month I have to be in Ulm for

order my uniform and from the 1st
till the 1st I am staying at home.
I am very anxious for the time to
come, when I can enter the army.
Do you not think so? Well if you
do not, you are right about it.
How is horse and buggy getting
along, still going driving as often
as you did before? How is Dr
& Mrs Combs? Walter left for New
York is it not so, how long is
he going to stay there? How is
Willy Suchart? He did stay

some time in San Antonio. —

At this time, it is cold here, and
you have to make a fire, to feel
a little comfortable in the rooms.

How is Mr Harry Baker as mana-
ger getting along. Will you tell
him my regards. —

Well be a good "old man"
and make it once.

Respectfully Yours
Hart Wilson

Greetings on every body.
